1. Overview

1.1. Purpose of this Guide

The purpose of this document is to provide guidance on how to process the Year End for 2023/24 and prepare for the 2024/25 tax year. This document covers the following:

- The legislative rate changes as outlined in the Budget.
- The software changes introduced as part of the *UK Year End Software Release*.
- The tasks to complete before your Year End Cleardown task.
- The tasks to complete after your Year End Cleardown task.
- The steps required to configure your Payroll System correctly for the 2024/25 tax year.

1.2. What is Year End?

At the end of the tax year, after the final Payrolls have been processed, you are required to:

- Submit a Final EPS to HMRC.
- Complete the Pre Year End Checks.
- Run the Year End Cleardown task.
- Complete your Post Year End Tasks.
- Issue Employees with a P60.

The Year End Cleardown task in Payroll completes the following tasks:

- Closes out the old tax year and moves the Payroll Company into a new tax year.
- Resets the Employees' cumulative figures.
- Moves the Employees' cumulative figures from the completed tax year to the '*End of Year*' table.
- Generates the Payroll Company Calendar for the next two years.

The *UK Year End Software Release* provides our customers with the following:

- The preloaded rate changes as outlined by HMRC for the new tax year.
- The software updates required to process the legislative changes set out by HMRC.

2. 2024/25 Rates

2.1. Rates – Preloaded

The following rates are preloaded as part of the *UK Year End Software Release*. For a detailed breakdown, see section [6.4. Rate Changes – Preloaded](#).

- [NI Earnings Limit](#)
- [NI Employee Rates](#)
- [NI Employer Rates](#)
- [PAYE Codes/Rates](#)
- [SRIT PAYE Codes/Rates](#)
- [Welsh PAYE Codes/Rates](#)
- [SSP Rates](#)
- [Auto Enrolment Rates](#)

2.2. Rates – Customer Configuration Required

The following rates are not preloaded as part of the *UK Year End Software Release*. See section [6.5. Rates Changes – Customer Configuration Required](#) for steps on how to update.

- [Apprentice Levy Rates](#)
- [Employment Allowance](#)
- [Current Year Statutory Rate, Previous Year Statutory Rate and Emergency Tax Code](#)
- [Student Loan Plan 1](#)
- [Student Loan Plan 2](#)
- [Scottish Student Loan Plan 4](#)
- [Postgraduate Loans](#)
- [Council Tax Rates](#)
- [DEA / DEO Pay Codes](#)
- [Scottish Arrestment Order Rates](#)
- [Max Redundancy Rates](#)
- [Auto Enrolment LEL / UEL Thresholds](#)
- [Employee Global Update of Tax Codes](#)
- [Minimum Wage Increases](#)
- [NHS Pension Schemes](#)

3. Software Changes

The following software changes have been loaded as part of the year *UK Year End Software Release*.

3.1. P60

3.1.1. New Template

A new template has been introduced by HMRC for the 2023/24 tax year P60. This new template is automatically preloaded and available within the system. The *Paper P60* is covered in section [7.1 – Print P60's](#) and the *Portal P60* in section [7.2 – Generate P60's to Portal](#) of this guide.

Source: <https://www.gov.uk/government/publications/payee-draft-forms-p60-2023-to-2024>

3.2. Real Time Information

3.2.1. FPS Schema

The RTI FPS Schema has been updated to reflect the 2024/25 changes. These Schema updates are automatically linked to the tax year the payroll company is in, so no user action is required.

The other FPS changes which may impact on user processes and configuration are covered in more detail in section [3.3 Other RTI FPS Changes](#).

3.3. Other RTI FPS Changes

3.3.1. Maternity Pay

A HMRC validation rule change means that from April 2024/25 SMP will now be possible to record and return against an employee with gender of 'Male'.

An 'Allow SMP for Male Employee' parameter has been introduced at employee level. This will need to be enabled on a 'Male' employees record for SMP timesheets to be recorded for them. If this is not enabled validation will prevent the timesheets being recorded.

Note:

The 'Allow SMP for Male Employee' parameter is available in Portal only.

To enable the parameter on an employees record:

1. On the **Payroll Dashboard** click the **Employees** tab.
2. Search for the employee and click **View**.
3. Click the **Sundry Profile** tab.
4. Click the **UK Parameters** tab.
5. Enable the **SMP for Male Employees** toggle.
6. Click **Save**.

The screenshot shows the 'UK Parameters' tab for employee John Marston. The 'Allow SMP for Male Employee' toggle is highlighted with a red box. Other parameters visible include 'RTI Normal Hours Worked' and 'Occupational Pension Bereaved Spouse/Civil Partner'.

Once the parameter is enabled it will be possible to record an SMP timesheet for the employee in the following areas in Portal:

- *Payroll Dashboard > Employee > Timesheet Current Period*
- *Payroll Dashboard > Employee > Maintain Statutory*
- *Payroll Dashboard > Uploads > External Timesheet Takeon*
- *Payroll Dashboard > Manage Payroll > Input > General > Issue Manual Payments*

3.3.2. Paternity Pay

An employed father will now be able to take Paternity Paid Leave in 2 non-consecutive periods of 1 week or a 2-week block within 52 weeks of the birth of the child or placement for adoption.

To pay paternity in 2 non-consecutive blocks:

1. On the **Payroll Dashboard** click the **Employee** tab.
2. Search for the employee and click **View**.

3. Click the **Maintain Statutory Absence** tab.
4. Click **Add**.
5. Select **SPP** from the *Type* drop-down list.
6. Fill in the details for the SPP record.
7. Fill in the **SPP weeks to be paid**:
 - a. 1 – two records will need to be created for each week of leave.
 - b. 2 – only one record is needed as 2 consecutive weeks will be paid.

3.3.3. Investment Zones

Four new Investment Zone NIC category letters will be available from 6th April 2024:

- N - standard category letter.
- E - married women and widows entitled to pay reduced NICs.
- K - employees over the state pension age.
- D - employees who can defer paying 12% NICs and pay only 2% because they are already paying it in another job.

These new NIC letters are automatically preloaded into the system as part of the year end update.

3.3.4. Hash Tag Removal

From April 2024, the BACS Hash Code will no longer output on the RTI FPS file format as HMRC have removed the field from the RTI schema.

3.4. P11d

3.4.1. Schema

The P11d Schema has been updated to reflect the 2023/24 changes. These schema updates linked to the tax year are automatically handled within the system, so no user action is required.

The changes introduced are:

Section F

- Change to sentence up to 50 times removed
- Data item 38. Change to Minimum value from £1000.00 to £1.00
- Data item 38. Correction to x path to read
/IRenvelope/ExpensesAndBenefits/P11D/Cars/Car/List
- Data Item 46. Change to date in title from 2022/23 to 2023/24
- Data Item 47. Change to date in title from 2022/23 to 2023/24

Section H

- Change to sentence up to 10 times removed
- Data Item 53 Change to Maximum field length to 10 from 9999999:99 to 99999999:99
- Data Item 53. Change to date in title from 5 April 2022 to 5 April 2023
- Data Item 54 Change to Maximum field length to 10 from 9999999:99 to 99999999:99
- Data Item 54. Change to date in title from 5 April 2023 to 5 April 2024
- Data Item 55 Change to Maximum field length to 10 from 9999999:99 to 99999999:99
- Data Item 55. Change to dates in title and business rules from 5 April 2022 and 5 April 2023 to 5 April 2023 and 5 April 2024
- Data Item 56 Change to Maximum field length to 10 from 9999999:99 to 99999999:99
- Date item 56. Change to dates in title from 5 April 2022 and 5 April 2023 to 5 April 2023 and 5 April 2024
- Data Item 57. Change to date in title from 2022/23 to 2022/24
- Data Item 58. Change to date in title from 2022/23 to 2023/24

- Data Item 59 Change to Maximum field length to 10 from 99999999:99 to 999999999:99

3.4.2. P11D(B)

- Data Item 111 Change to the Class 1a NIC rate to 13.80%
- Data Item 112 Change to the Class 1a NIC rate to 13.80%
- Data Item 119 Change to the Class 1a NIC rate to 13.80%

3.4.3. P11d - Class 1A NIC Rate

The Class 1A NIC rate has been updated to 13.80%. This rate has to be updated by users after the yearend clear down.

The Class 1A NIC rate can be updated in the following locations:

- **Portal:** *Payroll Dashboard > Settings > General > System Configuration > General > P11D Section.*
- **Back Office:** *CorePay > Update > Utilities > System Configuration > General > P11D Section.*

4. Pre Year End Cleardown

4.1. Pre Year End Cleardown Checklist

Note:

The following Checklist can be printed and used when completing the Year End Cleardown tasks.

Task	Action	Completed Y/N
1	Complete your Payroll for all the Pay Groups in your Company.	
2	Ensure all Full Payment Submission (FPS) files are successfully transferred to HMRC.	
3	Generate and submit a Final EPS, ensuring it is successfully transferred to HMRC. See section Final Employer Payment Summary (EPS) .	
4	Run the <i>Pre Year End Data Check Report</i> , reconcile it with the <i>Employee Cumulative (All) Report</i> and the <i>Payroll Final Control (PAY355CT) Report</i> from your last Payroll Run. See section Pre Year End Data Check .	
5	Run the Year End Cleardown; see section Year End Cleardown .	
6	Generate and check the <i>Year End Control Reports</i> ; see section Year End Control Reports .	

4.2. Final Employer Payment Summary (EPS)

4.2.1. Overview

At the end of the tax year, in addition to your final FPS, a Final Employer Payment Summary (EPS) submission is required. This informs HMRC that you have completed all submissions for the tax year.

4.2.2. Generate the Final EPS

To generate a Final EPS:

1. Go to *Manage Payroll > Outputs*.

2. Click the **RTI** tile.
3. Click the **Generate File** button.
4. Select **EPS** from the *File Type* drop-down menu.
5. Select **Final** from the *EPS Type* drop-down menu.

GENERATE

6. Select the **Company** from the drop-down menu.
7. Enter the **tax year** to which the Final EPS relates in the *Year* field.
8. Select a **Tax Month**.
9. Click **Generate**.

The *EPS Report* and *XML file* generate to the *Report Centre*.

4.2.3. Transfer the Final EPS

1. Once generated, go to *Manage Payroll > Outputs > RTI*.
2. Click **Transfer**.

4.3. Pre Year End Data Check

4.3.1. Overview

The purpose of the Pre Year End Data Check is to ensure that your Payroll System is in good order before completing the Year End Cleardown task.

Run the *Pre Year End Data Check Report*, reconcile it with the *Employee Cumulatives (All) Report* and the *Payroll Final Control (PAY355CT) Report* from your last Payroll Run.

4.3.2. Generate the Payroll Final Control Report

To generate the *Payroll Complete Update Report (PAY355CT)* from your last Payroll Run.

1. Go to *Manage Payroll > Outputs*.
2. Click the **Reports** tile.
3. Click **Final Control Report**.

An information message appears “*Final Control Report sent to Reports Centre*”.

4.3.3. Generate the Employee Cumulatives (All) Report

To generate the *Employee Cumulatives (All) (PAYB084B) Report*:

1. Go to the **Predefined Reports** tab.
2. Click the **Employee Data** tile.
3. Select **Employee Cumulative (ALL)** from the *Report Name* drop-down menu.
4. Select the **Pay Group** from the drop-down menu.

The screenshot shows the 'Employee Data' configuration page. At the top, there's a breadcrumb 'Payroll Dashboard > Employee Data'. The main section is titled 'Employee Data'. It contains several dropdown menus and toggle switches. The 'Report Name' dropdown is set to 'EMPLOYEE CUMULATIVES (ALL)'. The 'Pay Group(s)' dropdown is set to '2113 - UK Year End Monthly'. To the right of these dropdowns are four toggle switches, all of which are currently turned off. The first toggle is labeled 'All', the second 'All', the third 'All', and the fourth 'All'. Below the dropdowns, there are input fields for 'Employee(s)', 'Pay Codes(s)', and 'Parameter date(s)', each followed by a toggle switch labeled 'All'.

5. Click **Run Report**.

The report generates to the *Report Centre*, where it can be downloaded in a PDF format.

4.3.4. Generate the Pre Year End Cleardown Data Check Report

To generate the *Pre Year End Cleardown Data Check Report*:

1. Go to the **Year End** tab.
2. Click the **Manage** button next to the relevant company.

Year End

6. Click **OK**.

The PDF and CSV Report generates to the *Report Centre*.

7. Repeat the above steps, selecting the *Other Statutory All Employment* and *Other Statutory Current Employment* reports.

Pre Yearend Cleardown Data Check

NOTE: This report will only contain data relating to pay groups you have access to

Report

Company

Period

OK Cancel

Note:

These reports only provide details for Employees to which you have access.

The table below summarises the three reports generated:

Report Option	Outline	Purpose
PAY, PAYE, NIC Cumulative	This report lists the Employees' Cumulative: - PAY - PAYE - NIC This report splits PAY and PAYE into - Current Employment - Previous This Employer - Previous P45	Use for the usual end of year balancing, i.e., P60. It can be used for RTI FPS returns in terms of Pay, PAYE, and NI (See RTI User Guide).
Other Statutory All Employments	This report lists all <i>Statutory</i> and <i>Student Loan</i> details paid by <i>Employees</i> for the tax year.	It can be used for year to date totals of all statutory employment payments.
Other Statutory Current Employment	This report lists all <i>Statutory</i> and <i>Student Loan</i> details paid by <i>Employees</i> for their latest period of employment, i.e., rejoiners figures will only show the latest period of employment.	It is useful for end of year reconciling in terms of P60. It can be used going forward for RTI NORMAL FPS return.

4.3.5. Reconciling the Pre Year End Reports

Reconcile the *Pre Year End Data Check Report* back to the following reports:

- Employee Cumulatives (All) (PAY084B)
- Final Control Report (PAY355CT)

The *Pre Year End Data Check Report* needs to be reconciled with the *Final Control Report* for each Pay Group in the Company:

1. "Current Taxable" plus "Previous P45 Taxable" on the *Pre Year End Date Check Report* should equal "Taxable Pay" less "Pension" on the *Final Control Report*.

Note:

The Taxable Pay figures on the *Pre Year End Data Check Report* are net of Pension. This is because year end returns such as P35s and P60s are always net of Pension.

2. "Current PAYE" plus "Previous P45 Taxable" on the *Pre Year End Data Check Report* should equal PAYE on the *Final Control Report*.

Note:

The *Pre-Year End Data Check Report* splits the Taxable Pay and PAYE figures into current and previous employment. In contrast, the *Employee Cumulative (All) Report* and *Final Control Report* combine the two figures.

3. "NIC EE All Employment" on the *Pre Year End Data Check Report* should equal the "NI Employee" on the *Final Control Report*.
4. "NIC ER All Employment" on the *Pre Year End Data Check Report* should equal the "NI Employer" on the *Final Control Report*.

Note:

The *Pre Year End Data Check Report* can be checked at any point during the year. Some clients do this every few months as a health check.

Employee Cumulatives (All)													
Employee Reference	Name	Taxable to Date	Pension to Date	Non Tax to Date	Sun Deds to Date	PAYE to Date	NIC EE .to Date	USC to Date	PRSI Wks	Nett Pay to Date	NIC ER to Date

4	"NI Employer"	13,530.52	"NIC ER All Employment"	13,530.52

4.3.6. Reconciling the Pre Year End Statutory Pay Report

Compare the *Other Statutory All Employments Report* to the equivalent figures on the *Detailed Observation Report* for the relevant Pay Codes.

You should have a copy of the *Detailed Observation Report* from your last Payroll Run for each Pay Group.

STATUTORY PAYMENTS EMPLOYEE LISTING BASED ON PAY HISTORY										
Employee	Name	NI Number	Latest Start Date	Period Rejoined	SSP	SMP	SAP	SPP	ShPP	Student Loan

4.3.7. Troubleshooting: Common Reasons why the Reports Don't Match

#	Reason	Description
1	Employee Moving Company	If during the tax year, one or more Employees transferred to another Company in your Payroll.  Issue: If an Employee moves from “Company A” to “Company B” during the year; their cumulatives are not included in the <i>Employee Cumulatives (All) Report</i> or the <i>Final Control Report</i> for the old Pay Group. However, their cumulatives are still be included in the <i>Pre Year End Data Check Report</i> for the original Company, similar to what would happen on the old P35.
2	Manual or Cancel Payments processed.	Processing Cancel or Manual Payments after the Final Payroll Run is processed, and the <i>Final Control Report</i> has been generated, can cause reports not to balance.  Issue: The <i>Complete Update Report</i> reflects the Employees’ Cumulatives before the Cancel or Manual Payments were processed, where the <i>Pre Year End Data Check Report</i> reflects the Employees’ Current Cumulatives.
3	Manually Adjusting Cumulative s	Adjusting the Employees’ Cumulatives after the Final Payroll Run, and the <i>Final Control Report</i> has been generated can cause reports not to balance.  Issue: - The <i>Complete Update Report</i> reflects the Employees’ cumulatives before the Employees’ cumulatives were adjusted. - The <i>Pre Year End Data Check Report</i> reflects the Employees’ current cumulatives.

#	Reason	Description
4	Checking the reports in the middle of a payroll run	Checking the reports in the middle of a Payroll Run can cause the reports not to balance. ! Issue: This check should be done at the end of a Payroll Run and before you start the next payroll run.

4.3.8. Pre Year End Taxable Pay Vs Post Year End Tax Taxable Pay

The *PAY, PAYE, NIC Report* lists all Employees who have net taxable pay for this tax year, with overall totals for current PAYE, NI, and Taxable Pay.

! Note:

'Taxable Pay' on *Post Year End Reports*, including P60s, is always a whole number, i.e., no pence, see the table below.

Employee Reference	Pre-Year End Taxable Pay	Post Year End Taxable Pay	P60
001 – Joe Bloggs	10,000.78	10,000.00	10,000.00
002 – John Smith	10,000.25	10,000.00	10,000.00
003 – John Doe	10,000.40	10,000.00	10,000.00

! Note:

Allowances must be made for this when reconciling total pay figures on *Pre Year End* and *Post Year End Reports*.

5. Year End Cleardown

5.1. What is the Year End Cleardown?

The Year End Cleardown task in Payroll completes the following tasks:

- Closes out the old tax year and moves the Payroll Company into a new tax year.
- Resets the Employees' cumulative figures.
- Moves the Employees' cumulative figures from the completed tax year to the 'End of Year' table.
- Generates the Payroll Company Calendar for the next two years.

5.2. Running the Year End Cleardown

Do not run your Year End Cleardown until:

- All your Company's Pay Groups are completed for the current tax year.
- The RTI Files for the current tax year are successfully transferred to HMRC, including the Final EPS.
- The totals from the *Pre Year End Data Check Report* are balanced.
- All Statutory Payments Pay Codes are assigned as such.

To run the Year End Cleardown:

1. Go to the **Year End** tab.
2. Click the **Manage** button next to the relevant Company.

Year End				
Companies				
Enter search text...				
Company	Tax year	Pay groups ready to clear down	Total completion %	Last cleared
2113 UK Year End	2021	0	0	
				Ready To Run MANAGE

3. Click the **Year End Cleardown** tile.
4. Select the **Company** from the *Company Reference* drop-down menu.

All the Company's Pay Groups are displayed, along with their Pay Frequency and last completed Payroll Period.

5. Ensure all Pay Groups are completed for the current tax year.

Yearend Cleardown
Payroll Dashboard > Year End > Yearend Cleardown

Company Reference: 2113 UK Year End Payroll Period: 202352

ENSURE THAT PAYROLLS HAVE BEEN COMPLETED FOR ALL LISTED PAY GROUPS AND THAT YOUR DATABASE HAS BEEN EXPORTED BEFORE SELECTING THIS OPTION AS ALL YEAR TO DATE VALUES WILL BE CLEARED DOWN

Pay Group	Status	Frequency	Period
2113 - UK Year End Monthly	PAY290	M	202352

OK Cancel

6. Click **OK**.

The following message displays:

Note:

All Pay Groups in the selected Company are processed regardless of whether the user has access to the Pay Group.

5.3. Year End Control Reports

Go to *Year End > Manage*. The following three reports are available in the *Post Cleardown Activities* section after the Year End Cleardown task completes:

- Control Reports
- Cumulative Report by Employee
- NIC Control Report

5.3.1. Generate the Employee Year End Pay Listing Report

The *Print Year End Control Report* can only be run after your Year End Cleardown completes. It provides an end of year pay listing for each Employee.

Note:

- If you have made amendments to an Employee's cumulative pay details, then the Employee's new cumulative pay figures will be reflected in this report.
- The information on this report is the basis for each Employee's P60.
- Only Employees to which you have access are included in the report.

To generate the *Cumulatives Report by Employee*:

1. Go to *Year End > Manage*.
2. Click the **Cumulative Report by Employee** tile.

3. Select a **Company** from the drop-down *Company* menu.
4. Enter the **tax year**.
5. Click **OK**.

The *Cumulatives Report by Employee Report* generates to the *Report Centre*.

5.3.2. Amend Employee's Cumulative Pay Details after the Year End Cleardown

To amend an Employee's Cumulative Pay Details after *the Year End Cleardown*:

1. Go to *Year End > Manage*.
2. Click the **Maintain Cumulatives** tile.

The screenshot shows the 'Maintain Cumulatives' interface. At the top, there's a breadcrumb trail: 'Payroll Dashboard > Year End > Maintain Cumulatives'. The main section is titled 'Maintain Year End Cumulative Details' and contains several input fields: 'Employee Reference' (a dropdown menu), 'Address' (a text box), 'Pay Group' (a text box), 'Company' (a text box), 'Year' (a text box), and 'NI Number' (a text box). Below these fields are 'Previous', '- of -', and 'Next' buttons. The second section is titled 'Cumulative Employment Details' and features a table with three columns: 'Previous This Employer', 'Current', and 'Previous (P45)'. The rows in the table are 'Taxable To Date', 'PAYE', 'Pension To Date', and 'Pre Tax Deductions', each with corresponding input boxes. The 'access PeopleXD' logo is visible at the bottom right of the form.

3. Make the required amendments.
4. Click **Save**.

Note:

- Amendments made here after the Year End Cleardown are reflected in the Employee's P60.
- Use the Cancel or Manual Payment option, to include amendments on the EYU or Previous Year FPS.

5.3.3. Generate the Year End Control Reports

To generate the *Year End Control Report*:

1. Go to *Year End > Manage*.
2. Click the **Control Reports** tile.

Control Reports
Payroll Dashboard > Year End > Control Reports

Control Reports

NOTE: This report contains data for ALL pay groups

Company Year

3. Select a **Company** from the drop-down menu.
4. Enter the **tax year**.
5. Click **OK**.

The *Control Reports* generate to the *Report Centre*.

Year End Control Report								
1 Title: Year End Control Report								
No. of Emps	Current Taxable Pay	Previous Taxable Pay	Total Pay	Current PAYE	Previous PAYE	Total PAYE	EE NI	Total NI
5	215874	111500	327374	51121.76	7000.00	58121.76	20143.82	46974.25
2 Title: CONTROLS FOR CHECKING P60s								
No. of Emps	Current Taxable Pay	Previous Taxable Pay	Total Pay	Current PAYE	Previous PAYE	Total PAYE	EE NI	Total NI
5	215874	111500	327374	51121.76	7000.00	58121.76	20143.82	46974.25
3 Title: CONTROLS FOR CHECKING P35s								
No. of Emps	Taxable Pay		PAYE		EE NI		Total NI	
5	215874		51121.76		20143.82		46974.25	
4 Title: LIST OF EMPLOYEES WITH NEGATIVE OR ZERO EARNINGS								
Employee Reference			Name		PPS Number		P35	P60
Total number of employees:			0					
5 Title: THE FOLLOWING EMPLOYEES LEFT DURING THE YEAR AND ARE NOT ENTITLED TO A P60								
Employee Reference			Name		PPS Number		Date Leaving	
Total employees Not Entitled a P60:			0					
----- End Report -----								

The *Year End Control Report* consists of the following sections:

Section	Description
Year End Control Report	This section shows the total cumulative pay details for all Employees in the Company.
Controls for Checking P60s	This section shows the total P60 cumulatives for all Employees in the Company. The totals on this report should agree with the control totals at the end of your P60 run.

Section	Description
Controls for Checking P35's	This section shows the total P35 cumulative for all Employees in the Company.
List of Employees with Negative or Zero Earnings	This section lists all Employees who have zero or negative taxable earnings. This is for informational purposes only.
List of Employees who Left During the Tax Year	This section gives a list of Employees who left during the tax year.

Note:

Employees' earnings are not shown for confidentiality reasons but can be viewed by going to the [Maintain Year End Cumulative Details](#) screen.

5.3.4. Generate the Year End NI Control Report

The *Year End NI Control Report* shows all necessary NI details.

To generate the *Year End NI Control Report*:

1. Go to the *Year End > Manage*.
2. Click the **NIC Control Report** tile.

3. Select a **Company** from the drop-down menu.
4. (Optional) Select a **Pay Group** from the drop-down menu.
5. (Optional) Enter an **Employee Reference**.
6. Enter the **tax year**.
7. Click **OK**.

The *NI Control Report* generates to the *Report Centre*.

5.3.5. Amend the Employees’ NI details

If amendments to employees’ NI details are required:

- 1. Go to the *Year End > Manage*.
- 2. Click the **Maintain NI Letter Details** tile.

6. Post Year End Cleardown Tasks

6.1. Overview

This section outlines the following:

- The Post Year End Cleardown tasks to complete.
- The preloaded rate changes for the new tax year 2024/25.
- The rate changes that require configuration for the new tax year 2024/25.
- How to generate/print Employee P60s.

6.2. Post Year End Cleardown Checklist

Complete the following tasks after your Year End Cleardown, and before running the first Payroll of the new tax year:

Task	Action	Completed Y/N
1	Review the Payroll Company Calendar.	
2	Review the RTI Changes for the new tax year	
3	Review the NI Earnings Limits for 2024/25	
4	Review the NI Rates EE for 2024/25	
5	Review the NI Rates ER for 2024/25	
6	Review UK / SRIT / Welsh PAYE Codes for the new tax year.	
7	Review the UK /SRIT / Welsh PAYE Code Overrides.	
8	Review the UK / SRIT / Welsh PAYE Rates for 2024/25	
9	Review the new weekly rate for SSP.	
10	Review the Auto Enrolment Rates.	
11	Review the Pension Scheme Auto Enrolment rates for 2024/25	
12	Review the Apprentice Levy Rates and configuration	
13	Review your Company's eligibility for the Employment Allowance. If required, update the Company's Employment Allowance parameters.	
14	Enter the Current and Previous Year Statutory Rate / Emergency tax code.	
15	Review the Student Loan Plan Type 1,2 and 4 thresholds.	
16	Review the Post Graduate Loan thresholds.	

Task	Action	Completed Y/N
17	Update the Council Tax Pay Code thresholds.	
18	Update the DEA / DEO Pay Code thresholds.	
19	Update the Scottish Arrestment Order Pay Code thresholds.	
20	Update the Class 1A NIC Rate	
21	Review the Max Redundancy Rate.	
22	Load / Update Employee Tax Codes (Including Global EE Update).	
23	Review the Minimum / Living Wage increases.	
24	If applicable, review the Payrolling of Car Benefits.	
25	Review the RTI payment Pay Codes.	
26	Print P60s.	
27	Run your Payroll for the new tax year.	

6.3. Review the Company Calendar

Once the Year End Cleardown has completed, check the Company Payroll Calendar and the Offset Days on the Pay Groups linked to that Company. If a 53rd week is required, then the Company Calendar may need to be realigned.

To check the Payroll Calendar:

1. Go to *Settings > Calendars*.
2. Select a **Company** from the drop-down menu.
3. Review the week end date on the calendar and the other key fields, such as the tax period and monthly indicator.
 - a. It is critical for RTI that any tax year return relates to a payment made in that tax year. Review the week end date on the calendar (considering offset days if applicable) to ensure the calendar is correct.
 - b. Monthly payrolls always pay the calendar month regardless of the week end date.
4. Add a 53rd, 54th, or 56th week if required – See section [6.3.2. How do I Insert Week 53 into the Payroll Calendar?](#) You can do this at any stage during the year.

6.3.1. Check Offset Pay Days

Once the Year End Cleardown is complete, review your Pay Group offset days. Use Offset Days to adjust a Pay Group's week end date if it differs from the week end date on the Company Payroll Calendar. The Offset Days may need to change if you add a week 53, 54, or 56 to the Company Payroll Calendar.

To check Offset Days:

1. Go to *Settings > Pay Groups*.
2. Select a **Pay Group** from the drop-down menu to view the details.
3. Click **Next Page**.
4. If required, update the *Offset Days* field.

The screenshot shows a web form for Pay Group settings. The 'Offset Days' field is highlighted with a red rectangle. Other fields include Account No, User Id, Output File Location, Payment Calendar Link, Extract Code, Civil Service Overtime Parameters (Max Claims Allowed, Weekend Day, Night Duty Days), Payslip (Group Payslips / Letters and Cheques, Payslip Address Sort), Offset Month Ind, and Print Pay Method.

6.3.2. How do I Insert Week 53 into the Payroll Calendar?

1. Go to *Setting > Calendar*.
2. Select a **Company** from the drop-down menu.
3. Click **Add**.
4. On the new line enter the **week number**, in the format 202353.
5. On the same line enter the **Tax Period** and **Calendar Period**, in the format YYYY12.
6. Enter the week end date of the payroll period.
7. *Production Week* should be the same as *Week Number*.
8. Set the monthly indicator against week 52, not against week 53.
9. To correct the dates for 2024, click **Build/Rebuild year**. The base year should be 2023.

Calendars

Company
2113

2113 UK Year End

Amend Dates

Build / Rebuild Year

10. Review the calendar again, making sure the week end dates are correct for the next year.

6.3.3. Review the Company Settings

If additional weeks have been added to your calendar, you may need to amend your Company settings. The Company Pay Periods should always match the pay periods in the calendar. To do this:

1. Go to *Settings > General Settings*

General Settings
Payroll Dashboard > General Settings

Next Page

General Settings

Company Code Payroll Period Pay Periods *

Previous - of - Next Query

Pay Codes

PAYE PAYE Override

NI EE NI EE Override

2. Update the **Payroll Period** and **Pay Periods** if required to match the Calendar.

6.4. Rate Changes – Preloaded

6.4.1. NI Earning Limits

Note:

The government has decided to maintain the current freeze on employers' national insurance (NI) contribution thresholds for a further two years.

To view the new NI Earning Limits:

1. Go to *Year End > System Legislation Rates*.
2. Click the **NI Earning Limits** tile.

The screenshot shows the 'NIC Earnings Limits' form. At the top, there is a breadcrumb trail: 'Payroll Dashboard > System legislative rates > NIC Earnings Limits'. Below this, the form title 'NIC Earnings Limits' is displayed. A 'Year Number' field with a red asterisk is present. Below the field is a table with 10 columns: Frequency, Lower Earnings Limit, Primary Threshold, Secondary Threshold, Upper Earnings Limit, Freeports Upper Secondary Threshold, Upper Secondary Threshold, Apprentice Upper Secondary Threshold, Veterans Upper Secondary Threshold, and an empty column. The table is currently empty. At the bottom left is a 'Cancel' button. At the bottom right are three buttons: 'Copy Year ...', 'Add', and 'Save'. The PeopleXD logo is at the bottom center.

3. Enter *2024* in the *Tax Year* field.
4. Press **Tab/Enter**.

6.4.2. NI Employee Rates

To view the new NI Employee Rates:

1. Go to *Year End > System Legislation Rates*.
2. Click the **NIC Rates Employee** tile.

The screenshot shows the 'NIC Rates Employee' form. At the top, there is a breadcrumb trail: 'Payroll Dashboard > System legislative rates > NIC Rates Employee'. Below this, the form title 'NIC Rates Employee' is displayed. A 'Year Number' field with a red asterisk is present. Below the field is a table with 9 columns: NI Letter, Upper Limit Weekly, Upper Limit Monthly, Upper Limit Annual, Rate LEL To PT, Rate PT To ST, Rate ST To UEL, Rate UEL to UST/AUST, and Rate above UST/AUST. The table is currently empty. At the bottom left is a 'Cancel' button. At the bottom right are three buttons: 'Copy Year ...', 'Add', and 'Save'. The PeopleXD logo is at the bottom center.

3. Enter *2024* in the *Tax Year* field.
4. Press **Tab/Enter**.

6.4.3. NIC Rates Employer

To view the new NI Rates Employer:

1. Go to *Year End > System Legislation Rates*.
2. Click the **NIC Rates Employer** tile.

3. Enter *2024* in the *Year Number* field.
4. Press **Tab/Enter**.

6.4.4. PAYE Codes/Rates

England & Northern Ireland – 2024/25 rates to be used from 6th April 2024:

Rate	Percentage	Threshold
Basic Rate	20	37,700
Higher Rate	40	125,140
Additional Rate	45	125,141

To view the new PAYE Codes:

1. Go to *Year End > System Legislation Rates*.
2. Click the **PAYE Codes** tile.

The screenshot shows the 'PAYE Codes' screen. At the top, there's a breadcrumb trail: 'Payroll Dashboard > System legislative rates > PAYE Codes'. Below this, there are three tabs: 'UK PAYE Codes' (selected), 'Scottish PAYE Codes', and 'Welsh PAYE Codes'. Under the 'UK PAYE Codes' tab, there's a 'Year Number' field with a red asterisk and a 'PAYE Override Codes' button. Below this is a table with columns: 'Suffix/Prefix', 'PAYE Letter', 'PAYE Code', 'Zero Free Pay', 'Free/Additional', 'Week One', 'Refund Allowed', and 'Regulatory Limit'. The table is currently empty, showing 'No data to display'. At the bottom, there are 'Cancel', 'Copy Year', 'Add', and 'Save' buttons. The 'access PeopleXD' logo is at the bottom right.

3. Enter 2024 in the *Year Number* field.
4. Press **Tab/Enter**.

To view the new PAYE Rates:

1. Go to *Year End > System Legislation Rates*.
2. Click the **PAYE Rates** tile.

The screenshot shows the 'PAYE Rates' screen. At the top, there's a breadcrumb trail: 'Payroll Dashboard > System legislative rates > PAYE Rates'. Below this, there are three tabs: 'PAYE Rates' (selected), 'Scottish PAYE Rates', and 'Welsh PAYE Rates'. Under the 'PAYE Rates' tab, there's a 'Year Number' field with a red asterisk. Below this is a table with columns: 'PAYE Code', 'PAYE Rate', and 'Upper Limit'. The table is currently empty. At the bottom, there are 'Cancel', 'Copy Year ...', 'Add', and 'Save' buttons. The 'access PeopleXD' logo is at the bottom right.

3. Enter 2024 in the *Year Number* field.
4. Press **Tab/Enter**.

6.4.5. SRIT PAYE Codes/Rates

Scottish – 2024/25 rates

Rate	Percentage	Threshold

6.4.8. Auto Enrolment Rates

To view the new Auto Enrolment Rates:

1. Go to *Settings > General*.
2. Click **Auto Enrolment**.

The screenshot shows a 'Redundancy' settings panel. At the top, there are three input fields: 'Max Redundancy Rate' with the value 538, 'Max Redundancy Weeks' with the value 20, and 'Max Redundancy Years' with the value 20. Below these fields is a row of seven buttons: 'Average Pay/Pay Days', 'Redundancy', 'Statutory Recovery', 'Auto Enrolment' (which is highlighted with a red rectangular box), 'RTI', and 'Other'.

3. Select **05 – Earnings Parameters** from the *Options* drop-down menu.
4. Review the rates for 2024.

6.5. Rate Changes – Customer Configuration Required

The following rates are not preloaded as part of the Year End Software Delivery. These rates should be updated manually.

Note:

Do not change these rates until you have finished processing all Payrolls for the current tax year. The following rates must be configured **BEFORE** processing the first Payroll of the new tax year.

6.5.1. Apprentice Levy Rates

Note:

For details on how to configure your Payroll System to cater for the Apprentice Levy, at either *System Level* or *Employee Level*, see section [8.2. Apprentice Levy – Review](#).

To update the new Apprentice Levy Rates:

1. Go to *Settings > General*.
2. Click **Other**.

4. Click **Save**.

6.5.2. Employment Allowance

The Employment Allowance (EA) allows businesses and charities to reduce their Employer's Class 1 NIC liability by up to £5,000 per tax year.

The EA is only available to businesses and charities with an Employer's Class 1 NIC liability of below £100,000 in the preceding tax year.

The EA is considered a form of de minimis state aid. There is a ceiling on how much state aid any Organisation can receive under the de minimis rules. For most businesses, this ceiling will be £200,000 over a three-year rolling period (different levels apply to agriculture, fisheries, road transport, and industrial sectors).

 Note:

If claiming the EA, it is your responsibility to check:

- Your Secondary Class 1 NICs liability for the previous tax year was less than £100,000.
- You have space to accommodate the full £5,000 within your relevant three-year ceiling, regardless of how much EA you claim each year, if you receive any other form of de minimis state aid.

You are restricted from claiming the EA if:

1. You are the Director and the only Employee paid above the 'Secondary Threshold'.
2. You employ someone for personal, household, or domestic work – unless they are a care or support worker.
3. You are a public body or business doing more than half your work in the public sector – unless you are a charity.
4. You are a Service Company working under 'IR35 rules' and your only income is the Intermediary's earnings (such as your Personal Service Company, Limited Company, or Partnership).

 User Action 1:

Review your Organisation's eligibility for claiming the EA and update the System Parameter.

Review and update the EA entitlement indicator in Payroll, to ensure HMRC are accurately informed regarding the claim:

1. Go to *Settings > General*.
2. Click **RTI**.

Cancel
Save

User Action 2:

- If claiming the EA, you must confirm if your organisation is competing in one of the outlined '*Employer Sectors for State Aid Rules*'.
- HMRC require this as de minimis State aid rules apply if you are involved in economic activity, which means you are putting goods or services on the market. The EA is classed as de minimis state aid, and therefore, you must provide the employer sector, if these rules apply to you.

6. Select one of the following employment sectors, if applicable, from *the Employer Sector for State Aid Rule* drop-down menu.

- The employer is in the Agriculture Sector.
- The employer is in the Fisheries and Aquaculture Sector.
- The employer is in the Road Transport Sector.
- The employer is in the Industrial/Other Sector.
- State Aid Rules Do Not Apply.

7. Click **Save**.

6.5.3. Current Year Statutory Rate, Previous Year Statutory Rate and Emergency Tax Code

Note:

The weekly rate for all parental payments increases from £172.48 to £184.03.

To update the new Current and Previous Year Statutory Rates:

1. Go to *Settings > General*.
2. Go to the *General* section.

access PeopleXD

2. Select the Council Tax **Pay Code** from the drop-down menu.
3. Update the rates as per your local council tax rates for the new tax year.
4. Click **Save**.

6.5.9. DEA / DEO Pay Codes

Customers must review any DEA / DEO Pay Codes and set up the required Rates for 2024/25 against them.

Note:

It is the customer's responsibility to confirm and configure the correct rates for the new tax year for each DEA / DEO pay code used.

To do this:

1. Go to *Settings > Pay Codes*.
2. Search for the DEA / DEO Pay Code (example, Direct Earnings Attachment Pay Code).
3. From the relevant 3 dot menu click **Edit**.
4. Click step **2 Payment Orders**.

5. Enable the **Nett Earnings** indicator.

The screenshot shows the 'Pay Code Wizard' interface with the 'Payment Orders' step selected. On the left, a sidebar shows steps 1 to 4. The main area has a 'Payment Orders' section with fields for 'Court / Voluntary' (set to 'Court Order'), 'Admin Charge' (set to '1'), and 'Admin Code and Description' (set to 'Admin Fee'). Below these is the 'Nett Earnings' toggle, which is highlighted with a red box and is turned on. To its right are the 'AEO Code' and 'Scottish Arrestment Order' toggles, both of which are turned off. At the bottom, there is a 'Nett Deduction Rates' table with columns for 'Nett Earnings', 'Lower Band', 'Percent Lower', 'Lower Value', 'Balance', and 'The Sum'. An 'ADD' button is to the right of the table. At the bottom right, there are 'PREVIOUS' and 'NEXT' buttons.

6. Update the rates as required for the new tax year.
7. Click **Next** twice then **Save**.

Note:

When enabled, the *Nett Earnings* indicator will calculate as Council Tax which will always exclude Non-Taxable Earnings. The indicator will need to be disabled after the new rates are saved.

8. **Edit** the DEA/DEO Pay Code and click step **2 Payment Orders**.
9. Disable the **Nett Earnings** indicator.
10. Click **Next** twice then **Save**.

6.5.10. Scottish Arrestment Order Rates

Customers are required to review any Scottish Arrestment Order Pay Codes on the system and set up the required rates for 2024/25 against them.

Note:

It is the customer's responsibility to confirm and configure the correct rates for the new tax year for each Scottish Arrestment Order Pay Code used.

To do this:

1. Go to *Settings > Pay Codes*.
2. Search for the Scottish Arrestment Order Pay Code.

3. From the relevant 3 dot menu click **Edit**.
4. Click step **2 Payment Orders**.
5. Update the rates as required for the new tax year.
6. Click **Next** twice then **Save**.

Note:

6.5.13. Employee Global Update of Tax Codes

Use a global update of tax codes to increment tax codes across the system.

Note:

- Perform this update before loading tax certs from HMRC. Doing this after loading tax certs would result in increasing the tax certs received by HMRC.
- Ensure you complete this step, as it's possible not all Employees will be included on P9 files.

Before doing this:

1. Go to *Settings > System Configuration > General*.
2. Review the **Dormant Employee on Tax Certs** indicator.

Indicator Status	Description
On	Dormant employees will have their tax details updated.
Off	Dormant employees will not have their tax details updated.

Once you have reviewed the *Dormant Employee on Tax Certs* indicator, you can now update the tax certificates globally for Employees on the Payroll System. A global update applies to all Employees.

Review and update based on the following for 2024/25 tax code changes.

<u>Tax Codes</u>	<u>Adjustment</u>
Emergency Tax Code	1257L
L Suffix Uplift	N/A due to no change in the Personal Allowance
M Suffix Uplift	N/A due to no change in the Personal Allowance
N Suffix Uplift	N/A due to no change in the Personal Allowance

To perform a global update of tax codes:

1. Go to *Year End > Manage*.
2. Click the **Tax Code Employee Uplift** tile.

3. Select a **Company** from the drop-down menu.
4. Enter the **Tax Code Letter** for which you want to uplift, i.e., Add 'L' in the *Letter* field for 'L' suffix updates.
5. Enter 'S' to uplift a suffix or enter 'P' to uplift a prefix.
 - As Tax Code Letter 'L' is a suffix, enter 'S'.
6. The *Update Employee Tax Codes* field defaults to 'A' for all employees.

Note:

To update Employee Tax Codes based on region:

1. Select an option from the drop-down *Update Employee Tax Codes* menu. i.e.
 - a. 'S' = Scottish only
 - b. 'C' = Welsh only
 - c. 'E' = English only

7. Enter the **Adjustment** value for the 'L' suffix adjustment.
8. Select a **Date Effective**.
9. Click **OK**.

The *Employees Updated with New Tax Codes* pdf report generates to the *Report Centre*.

PAY3445				
Pay Group	Employee Reference	Name	Old Tax Code	New Tax Code
1249	2517908	Daisy Barber	1250L	1257L
No. of Employees:	1			

10. Repeat for both 'M' and 'N' suffixes.

6.5.14. Minimum Wage Increases

From April 2024, National Minimum and Living Wage is increasing.

	21 and over	18 to 21	Under 18	Apprentice
April 2024	£11.44	£8.60	£6.40	£6.40

Note:

It is the customer's responsibility to review and update the affected Pay Scales/Personal Rates.

Note:

The national Living wage will be £12.00. The London Living Wage will be £13.15 from April 2024. Only one living wage can be set on the system so where the London Living Wage is to be applied in checks this is the rate that should be added by users.

6.5.15. HR Admin Wage Warning

For customers using the *HR Admin Wage Warning* or the *Payroll Minimum Wage Validation* report, you should update the Wage Warning Setup to include the new rates.

To do this:

1. Go to *People Management Dashboard > Data Centre*.
2. Click **View All**.

3. Search for and click on the **Wage Warning Setup** tile.

The screenshot shows the 'Wage Warning Setup' page. At the top, there's a breadcrumb trail: 'People Management > View All > Wage Warning Setup'. Below this, there are three tabs: 'Minimum Wage' (selected), 'Living Wage', and 'Apprentice Wage'. Under the 'Minimum Wage' tab, there's a section for 'National Minimum Wage Warning' with a green 'Active' button. Below this is a search bar with a magnifying glass icon. Further down, there are four columns: 'Date Effective', 'Age From', 'Hourly Rate', and 'Country Code'. The main content area is empty, displaying a message: 'NOTHING TO SEE HERE EXCEPT THIS FLAG' with an illustration of a flag on a mountain. At the bottom right, there's a blue 'ADD' button. The footer of the interface shows the 'access PeopleXD' logo.

4. Add new rates to the relevant tabs:
 - a. Minimum Wage
 - b. Living Wage
 - c. Apprentice Wage
5. Click **Save**.

6.5.16. NHS Pension Scheme

The following has been confirmed in relation to EE and ER contributions for NHS Pension schemes. Please ensure to review, where operating NHS Pension schemes, to ensure that the correct employee and employer rates are applied to the pension scheme for the 1st April 2024.

- The following changes to contributions have been confirmed by DHSC. The contribution amount many members pay will stay the same, and some will pay less. For members who will pay higher contributions, the maximum increase from 1 April 2024 is 0.8%, which means the difference to contribution amounts is likely to be small.

Pensionable Salary Range	Contribution Rates from 1 st April, based on actual annual pensionable pay
Up to £13,259	5.2%
£13,260 to £26,831	6.5%
£26,832 to £32,691	8.3%
£32,692 to £49,078	9.8%
£49,079 to £62,924	10.7%
£62,925 and above	12.5%

- From 1 April 2024, the amount employers pay towards members' pensions will go up from 20.6% to 23.7% of pensionable pay. The transitional approach that has operated since 2019/20 for employer contributions will continue in 2024/25. This means that from 1 April 2024 an employer rate of 23.7% (23.78% inclusive of the administration charge) will apply. However, we will continue to collect 14.38% from you under your normal monthly payment process to the NHS Pension Scheme. You should ensure to continue to apply an employer contribution rate of 14.38% for 2024/25.
- For NHS organisations, employers should carry on paying pension payments as normal:
 - NHS will continue to collect 14.38% from employers and organisations should plan on this basis.
 - Central payments will be made by NHS England for the remaining 9.4%.

In addition, it was also announced that the following changes to the NHS Pension scheme come in to force from 1st April 2024 which may impact on some members. Members should review the impact of these changes may have on their existing NHS scheme.

- Overtime is pensionable for part-time workers except where a member has recently taken partial retirement.
 - Overtime/additional hours for part-time members counts as pensionable pay up to their full-time equivalent pay, unless they have taken partial retirement in the previous 12 months. For these members, any additional hours worked above their contractual hours won't count towards pensionable pay during the 12-month period after partial retirement.
- 'Abatement' rules will be removed for good.
 - The rules for how a pension might be reduced for Special Class and Mental Health Officer (MHO) members who retire on age grounds but return to work before age 60, have been suspended since March 2020. These rules will be removed permanently. So, from age 55, Special Class and MHO members can take up to 100% of their pension benefits, stay in work, and continue to build up

pension benefits in the 2015 Scheme – without having their pension reduced or stopped.

- 1995 Section members with maximum service will be able to apply for partial retirement.
 - The existing regulations do not let members of the 1995 Section take partial retirement if they have reached their maximum service limit. These members can now apply for partial retirement from 1 April 2024, if they have the support of their employer.
- Lifetime allowance (LTA) charges will no longer apply.
 - HM Treasury announced in March 2023 that the LTA would be removed. DHSC has confirmed updates to the relevant Scheme regulations which will make sure these rules continue to work as intended once the LTA is removed on 6 April 2024.
- Carer's leave will count towards pensionable service.
 - In line with the Carer's Act 2023, members who take carer's leave will continue to build up pension benefits during this time away from work. Employers will continue to pay contributions based on their pensionable pay, and members will pay any contributions they owe when they return to work.

To Review a Pension scheme:

1. Go to *Settings > Codes > Pension Scheme*

The screenshot shows the 'Pension Scheme' management page. At the top, there's a breadcrumb trail: 'Payroll Dashboard > Pension Scheme'. A 'Next Page' button is in the top right. Below this is a form with three fields: 'Pension Code' (a dropdown menu), 'Description *' (a text input), and 'Company *' (a text input). Below these fields are navigation buttons: 'Previous', '1 of 1', and 'Next'. To the right of these are four action buttons: 'Add' (blue), 'Query' (grey), 'Delete' (red), and 'Duplicate' (blue). Below the form is a section titled 'Pension Schemes'. Inside this section is another form with several fields: 'Pension Scheme Type' (a dropdown menu with 'Choose' selected), 'Renewal Period (Tax Week) *' (a text input), 'Deduction Value (EE)' (a text input), 'Deduction Percent (EE) 1' (a text input), 'Deduction Percent (EE) 2' (a text input), 'Deduction Percent (EE) 3' (a text input), 'Deduction Percent (ER)' (a text input), and 'Reckonable Days' (a text input).

2. Select the **NHS pension scheme** from the Pension Code Drop down.
3. Amend the relevant fields as required.
4. Click **Save**.

6.6. RTI Payment Pay Codes

There is a requirement within RTI to be able to report on certain types of payments.

To ensure the correct reporting requirements:

1. Go to *Settings > General > RTI*.

2. Select **Payment Pay Codes** from the drop-down *Select Detail* menu.
3. Use the indicators to identify which Pay Code(s) you use for each type of payments, if applicable.

Pay Code	Description	Taxable	Non Taxable	BIK Car Pay Code	Trivial comm... lump sum (TCLS)	Other lump sum (pers... occup...)	Other lump sum (occu... service)	Serious Ill Health Lump sum	Stude... Loan Plan 1	Stude... Loan Plan 2

7. P60s

7.1. Print P60s

This section explains how you print paper P60s. For sites using the Portal P60s, see section [7.2 Generate P60s to Portal](#).

Note:

You must have Time New Roman installed on your computer to print P60s with the correct alignment.

1. Go to *Year End > Manage*.
2. Click the **Print P60s** tile.

The *Print P60s* screen opens.

Field / Indicator	Description
Company	Select a Company from the drop-down menu.
Pay Group (Optional)	Select a Pay Group from the drop-down menu to print at Pay Group level only.
Employee Reference (Optional)	Select an Employee from the drop-down <i>Employee Reference</i> menu to print for one Employee only.
Location (Optional)	Select a Location from the drop-down menu to print P60s by location.
Year	Enter the year. The tax year defaults to the previous tax year.
Extra Pay Days (Optional)	Enable the <i>Extra Pay Days</i> indicator, if there was an extra pay period in the previous tax year, i.e., 53 weeks rather than 52. If selected an 'X' will print in the 'Extra Pay Days' box on the P60.
Generate Labels (Optional)	Enable the <i>Generate Labels</i> indicator to print labels for the P60s.
Release to Employees	Click to release the online P60s to the Employee Dashboard on Portal – For customers using the ESS portal P60s.

3. Click **P60 Print Options**.

To define the print order of the P60s:

Field / Indicator	Description
Order	This option allows you to control the print order. There are five levels of printing available with each level consisting of 11 options as follows: • Category • Cost Centre • Department • Employee Reference • Forename • Input Location • Location • Pay Group • Pay Method • Payslip Location • Surname
Paper Type	Select from: • A4 • Duplex

Field / Indicator	Description
Additional Address Information	Select an option from the drop-down menu to print one or two extra lines of print detail. These extra lines are printed underneath the Employee's home address on the P60. Select from: • Cost Centre • Employee Reference • Input Location • Location • Pay Group • Payslip Location
Print Descriptions	If you select an option from the <i>Additional Address Information</i> fields: • Enable the indicator to display both the code and the additional print detail line description. • Disable to only display the code for the additional print detail line.
Print Home Address	Enable the indicator to print the Home Address on the P60.
Print Zero Paid Employees	Enable the indicator to print P60s for all employees, including those who have not been paid during the tax year.

4. Click **Save**.
5. Click **OK**.

The P60s generate to the *Report Centre*.

Note:

The printed P60 is only available in portrait, which is the HMRC standard. The P60 produced is "V fold" to cater for duplex printing, and to allow the name and address to print in the relevant box on the back.

7.1.1. Print Zero Paid Employees

You can print P60s for active employees who have not been paid during the tax year.

To do this ensure the following parameter is enabled:

1. Go to *Year End > Manage > Print P60s*.
2. Click **P60 Print Options**.
3. Enable the **Print Zero Paid Employees** indicator.

Indicator Status	Description
On	P60s generate for all employees, including those who have not been paid during the tax year.
Off	P60s will only generate for those employees who have been paid during the tax year.

Example of Printed P60

Note:

The screenshot below is for illustrative purposes only.

7.2. Generate P60s to Portal

1. Go to *Year End > Manage > Print P60s*
2. Click **Release to Employees**.

The image shows a software dialog box titled "Release Portal P60s". Inside the dialog, there is a section titled "Release P60". This section contains three input fields: "Company" (a drop-down menu), "Employee" (a drop-down menu), and "Year" (a text input field). Below these fields are two blue buttons: "OK" and "Cancel".

3. Select a **Company** from the drop-down menu.
4. Enter the **Tax Year**, i.e., 2022.
5. Click **OK**.

8. Key Reminders

8.1. Payrolling Car Benefits

Note:

If intending to Payroll Benefits (including Car BIK), then you must register your intention to do so with HMRC **prior** to the start of the new tax year.

The following configuration steps are required if you intend to Payroll Car Benefits for the first time.

8.1.1. Configure RTI Parameters

By default, car details are **NOT** returned via Payroll. If you do intend to Payroll Car Benefits, you must enable the *Return Car Details From Payroll* indicator.

To do this:

1. Go to *Settings > General*.
2. Click **RTI**.

3. Enable the **Return Car Details from Payroll** indicator if you want to return the Car BIK details via Payroll.

4. Enter a **Car Audit Start Date**. This defaults to the start of the tax year but may be overwritten. Any changes to the Car BIK on or after this date is reported to HMRC via the RTI FPS.
5. Enable the **Car Portal Admin Centre On** indicator if you use the *Car Portal Admin Centre* for Payrolling car benefits.
6. Click **Save**.
7. Confirm the BIK pay codes used for Payroll Benefits. To do this:
 - a. Go to *Settings > General > RTI*.
 - b. Select **Payment Pay Codes** from the *Select Detail* drop-down menu.
 - c. Enable the **BIK Car Pay Code** indicator to identify the BIK Car Pay Codes.
 - d. Click **Save**.

8.2. Apprentice Levy – Review

The following Levy Rates are installed as part of the 2023/24 software year end release:

- Apprentice Rate of 0.5%
- Company Salary Threshold of £3,000,000.

8.2.1. Review Company Parameters

1. Go to *Settings > General*.
2. Click **Other**.

3. Select **Apprentice Levy** from the *Select Detail* drop-down menu.
4. Select a **Year** from the drop-down menu.
5. Select **Company Parameters** from the *Select* drop-down menu.
6. Here you can set the *Apprentice Levy Threshold* and *Apprentice Levy Pay Code* for each Company in your Organisation.

Company		Override Apprentice Levy Rate	Apprentice Levy Threshold	Apprentice Levy Pay Code	
1602	1600 UK			9905	Apprentice Levy
1604	1600 UK			9905	Apprentice Levy
1606	1600 UK			9905	Apprentice Levy
1611	1611 UK			9905	Apprentice Levy
1612	5050 UK		15000	9905	Apprentice Levy
1613	1613 UK			9905	Apprentice Levy

Cancel Save

Parameter	Description
Override Apprentice Levy Rates	This field is a rate different from the system level rate (currently 0.5%) to be used at a Company Level. For the 2023/24 tax year, this can be left null.
Apprentice Levy Thresholds (e.g. £15,000)	This field is the threshold that you wish to allocate to that individual Company. - This is a manual process. In the case of connected companies, you may have to split the threshold. - Once you decide how you wish to allocate the threshold, update these fields.
Apprentice Levy Pay code	This is an Apprentice Levy Output Pay Code – null by default. If populated with a Pay Code, the system will cost the Apprentice Levy during the Payroll Validation task and output against this Pay Code. Note: If populated with a Pay Code, then the system applies the Apprentice Levy at an Employee Level during each pay run and outputs against this Pay Code.

Parameter	Description
	There is no statutory basis on which to calculate the Apprentice Levy at an Employee Level. If you decide to enable this option, you need to review the sections below.

8.2.2. Review GL Matrix

Review and update your GL Matrix if you intend to payroll the apprentice levy at employee level. The set up required differs depending on the classification that you use in your matrix.

Note:

For further information on how to configure your GL Matrix, see user guide [Integration with the Financial Management System](#).

To review your GL Matrix:

1. Go to *Settings > General Rules & Settings*.

8.2.3. Set Up a New Analysis Code for Apprentice Levy

To set up a new Analysis Code:

1. Go to *Settings > Analysis Codes*.
2. Click **Add Analysis Code**.
3. Enter a new **Analysis Code** and **Analysis Code Description**. Any free analysis code can be used, e.g., 6200.
4. *AL* must be selected as the **Analysis Type**.
5. Click **OK**.

8.2.4. Set Up a New Pay Code for Apprentice Levy

To set up a new pay code:

1. Go to *Setting > Pay Codes*.
2. Search for the *Employer NI Pay Code*.
3. From the 3-dot menu click **Clone**.
4. Enter a new **Pay Code** (use a pay code number that is free) and **Description**.
5. Click **OK**.
6. From the 3-dot menu click **Edit**.
7. In step 1 *Pay Code Formula* update the **Analysis Code** to the *Apprentice Levy* code set up in the previous step.
8. Click **Next** twice then **Save**.

Note:

Ensure to check the following indicators on the new Apprentice Levy Pay Code.

- The Inland Revenue pay path indicator should **NOT** be checked for this Apprentice NI Pay Code.
 - (*Settings > Pay Codes > Edit > Rules*)
- This Apprentice levy pay code should **NOT** be marked as an RTI statutory payment.
 - (*Settings > Pay Code > Edit > Rules*).

8.2.5. Record the New Pay Code for Apprenticeship Levy Against the Relevant Company

To assign a Pay Code against the Company:

1. Go to *Settings > General*.
2. Click **Other**.
3. Select **Apprenticeship Levy** from the *Select Detail* drop-down menu.
4. Select a **Year** from the drop-down menu.
5. Select **Company Parameters** from the *Select* drop-down menu.

Note:

This is optional and only required if you want the Apprenticeship Levy to cost per Employee in the Payroll Run.

8.2.6. Update the Company Costing Elements for Apprenticeship Levy

To do this:

1. Go to *Settings > General Settings*.
2. Select a **Company** from the *Company Code* drop-down menu.
3. Click **Next Page** twice to go to page 3.
4. Scroll down to the *Apprenticeship Levy* section.

Apprenticeship Levy

5. Add the following as required:
 - a. Cost Centre
 - b. Location
 - c. Expense
 - d. Project
6. If required enable the *Exclude From Apprenticeship Levy* indicator. If enabled, this means no apprenticeship levy calculation is performed for this company.
7. Click **Save**.

8.2.7. Exclude Pay Groups from Apprenticeship Levy

To exclude Pay Groups from Apprenticeship Levy calculations:

1. Go to *Settings > General*.
2. Click **Other**.
3. Select **Apprenticeship Levy** from the *Select Detail* drop-down menu.
4. Select **Pay Groups Parameters** from the *Select* drop-down menu.
