1. Overview

1.1. Purpose of the Guide

The purpose of this document is to provide guidance on how to configure and manage Additional Superannuation Contributions (ASC) in Payroll.

1.2. What is Additional Superannuation Contribution (ASC)?

Additional Superannuation Contribution (ASC) came into effect on 01st January 2019, replacing the Pension Related Deduction (PRD).

The ASC is a deduction from the remuneration of public servants to fund existing pension benefits. No additional pension benefit accrues from this deduction. While PRD was a temporary measure, ASC is a permanent contribution.

Unlike PRD, ASC is only chargeable on pensionable remuneration. Pensionable remuneration includes:

- Basic Pay (excluding non-pensionable overtime) due to the public servant in respect of that period, and
- Allowances, emoluments, and premium pay (or its equivalent) which are treated as pensionable pay.

1.3. Who is Liable to pay ASC?

ASC is a deduction from the pensionable pay of a public servant employed by a public service employer.

ASC applies to individuals who receive pensionable pay and meet any of the following criteria:

- is a member of a public service pension scheme.
- receives a payment in lieu of membership in such a scheme.
- is entitled to an ex-gratia retirement gratuity (annual or lump sum) on retirement.

Note:

Employees who are retained in a non-pensionable position under Department of Public Expenditure and Reform Circular 21/2017 etc. are not liable for ASC.

1.4. ASC Rates

ASC is charged at different rates, with different threshold bands, depending on the pension scheme a person is a member of and the pension terms applying to such membership.

Note:

An individual must be correctly identified on the system in respect of the relevant pension scheme membership and the related terms.

The rates and thresholds for 2021 are provided below for all staff.

All Staff - 2021

Covered PS – 2020 Standard Accrual Group	Covered PS – 2020 Fast Accrual Group	Covered PS – 2020 Single Scheme Group
First €34,500 @ 0%	First €28,750 @ 0%	First €34,500 @ 0%
Next €25,500 @ 10%	Next €31,250 @ 10%	Next €25,500 @ 3.3%
Balance @ 10.5%	Balance @ 10.5%	Balance @ 3.5%

Note:

From 2021, the legislation no longer provides for "non-covered" public servants.

1.4.1. View ASC Rates

These rates apply to all public servants from 2021 onwards. To check the ASC rates loaded as part of the year end software delivery:

1. Go to *CorePay > Reference > PRSI Rates*.

The *Maintain PRSI Rates* screen opens.

2. Click on **ASC** the button.
3. Add an *ASC Status*, to do this click the  button and select an *ASC Status* from the LOVs.

4. Enter 2021 in the *Year Number* field and hit Enter/Tab.

The screenshot shows the 'Maintain PRSI Rates' application window. In the 'PRSI Rate Details' section, the 'Year Number' is 2021. A red arrow points to the 'ASC' button. The 'ASC Related Deduction' window is open, showing 'ASC Status' as 'VER_FAST' and 'Covered Fast Accrual Pension'.

5. Check the rates displayed:

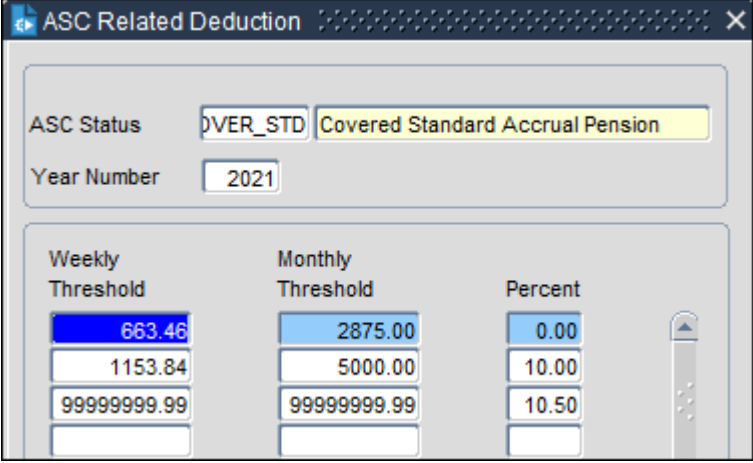

A. Fast Accrual Pension

Weekly Threshold	Monthly Threshold	Percent
552.88	2395.83	0.00
1153.84	5000.00	10.00
9999999.99	9999999.99	10.50

B. Single Scheme

Weekly Threshold	Monthly Threshold	Percent
663.46	2875.00	0.00
1153.84	5000.00	3.33
9999999.99	9999999.99	3.50

C. Standard Accrual Pension

ASC Related Deduction

ASC Status: Covered Standard Accrual Pension

Year Number:

Weekly Threshold	Monthly Threshold	Percent
663.46	2875.00	0.00
1153.84	5000.00	10.00
9999999.99	9999999.99	10.50

1.5. Calculating ASC

1.5.1. When is ASC Calculated?

ASC is calculated and deducted from the gross pay before calculating income tax. ASC is a statutory deduction and takes priority over any non-statutory or voluntary deductions.

Gross Pensionable Remuneration:

- ASC only applies to pensionable remuneration. This means that non-pensionable allowances and non-pensionable overtime are not subject to ASC.
- ASC applies to all pensionable remuneration, whether taxable or otherwise. Therefore, non-taxable, pensionable allowances and payments are liable for ASC.

The following are not liable for ASC:

- Benefits in Kind.
- Non-pensionable payments, such as the reimbursement of expenses.
- Statutory Redundancy.
- Termination payments, whether taxable or non-taxable.

Salary Sacrifice

Salary sacrifices, such as travel pass or bike to work, can be deducted from pensionable pay before calculating ASC.

Enable the ASCable indicator on salary sacrifice pay codes to ensure ASC calculates on the reduced payment value.

Multiple Employments:

Where an employee has multiple public-sector employments, pensionable remuneration is calculated as the combined pensionable remuneration from each employment

1.5.2. How is ASC Calculated?

ASC is calculated on all pensionable payments. Including, wages or salary, arrears, pensionable allowances, holiday pay, maternity pay, paternity pay, occupational sick pay, etc.

ASC is calculated on an employee's pensionable pay as reduced by any approved salary sacrifice but before deductions for pension contributions, AVCs, PAYE, PRSI and USC.

Tax relief is allowed on ASC at the employee's marginal rate, i.e., ASC is deducted from an employee's gross pay before calculating Income Tax. ASC does not qualify for employee PRSI or USC relief but qualifies for full employer PRSI relief.

Note:

ASC is always calculated on a when paid basis. All ASCable payments are grouped into the current period calculation, regardless of transaction/worked date.

Example Calculation:

An employee is a member of a single pension scheme for their main employment, and the monthly pay group is being processed for January 2021.

Pay Code	ASC Indicator	Transaction Date	Value
Salary	Y	31 st January 2021	€2,000
Extra Worked Hours	Y	15 th December 2020	€250
Salary Arrears	Y	31 st December 2020	€1,800
Total ASCable			€4,050

The table below shows the monthly threshold/rates for a Single Scheme:

Member of a Single Scheme		
Annual Threshold	Monthly Threshold	Rate
€0 - €34,500	€2,875	0%
€34,500 - €60,000	€2,125	3.33%

ASC Calculation:

1. €2,875 @ 0% = 0
2. €4,050 – 2,875 = 1,175 * 3.33% = 39.1275

ASC Deducted = **€39.13**

1.5.3. Supplementary ASC

Where a *Payment After Leaving* is made to an employee, the *Complete Update Task* updates the *Supplementary ASC* fields on the cumulative screen.

Example:

When an employee leaves, the *Employee Cumulatives* screen displays the ASC Earnings.

Go to *CorePay > Employee > Cumulatives > Amend Cumulative Pay Details*.

The employee is then temporary reinstated and is given €2,000 ASCable earnings as a *Payment After Leaving*. When payroll is processed, and the *Complete Update Task* is run, the *Supplementary ASC* fields are updated. The value of any supplementary ASC is included in the regular *ASC Cumulatives* fields.

2. How to Use

2.1. Summary of ASC Screens

In *Payroll*, the following screens accommodate ASC:

- *Maintain Employee Detail*
- *Sundry Profile*
- *View Gross to Nett*
- *Maintain Current Employment Cumulatives*
- *Amend Employee Pay Group*
- *View Employee Detail*

Note:

These ASC fields require configuration and only show on the software when the company is identified as a *Public Sector Company*, see section [Set Public Sector Company Status](#).

2.2. Setting an Employee's ASC Status

The following employee *ASC Statuses* can be added or edited in the *Maintain Employee Detail* screen:

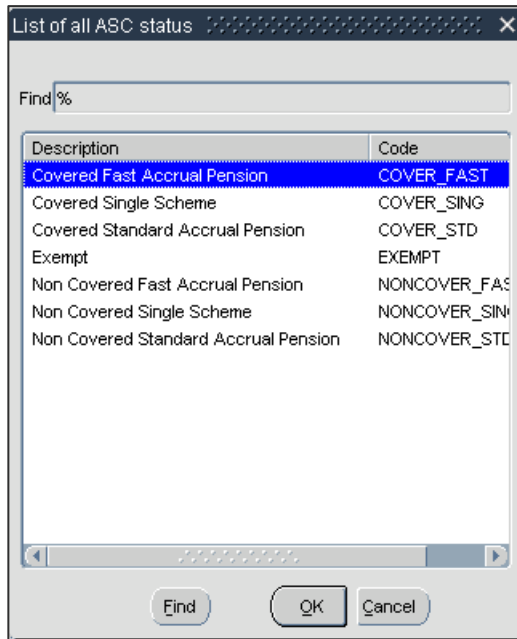

- ASC Status
- ASC Week One

2.2.1. Add/Edit ASC Status

When bringing a new employee into payroll, you can assign the employee an ASC Status. To do this, go to:

1. Go to *CorePay > Employee > Maintain Employee Details*.
2. Click the *ASC Status* field.

3. Click the  button.
4. Select the relevant ASC Status from the LOVs.

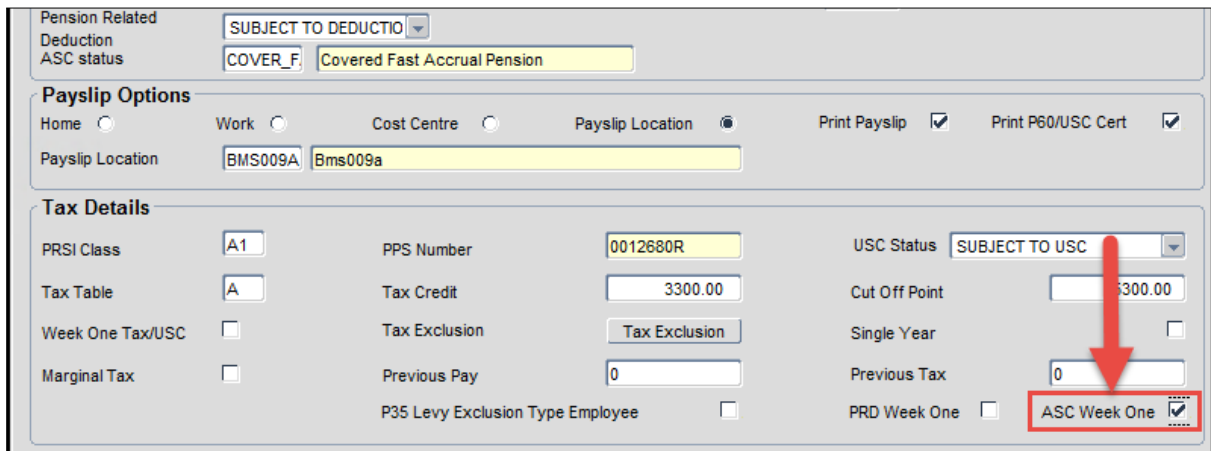

Description	Code
Covered Fast Accrual Pension	COVER_FAST
Covered Single Scheme	COVER_SING
Covered Standard Accrual Pension	COVER_STD
Exempt	EXEMPT
Non Covered Fast Accrual Pension	NONCOVER_FAS
Non Covered Single Scheme	NONCOVER_SIN
Non Covered Standard Accrual Pension	NONCOVER_STC

5. Click **OK**.
6. The new *ASC Status* appears.
7. Click  **Save**.

2.2.2. Set ASC to Week One:

To set an employee to an ASC Week One basis:

1. Go to *CorePay > Employee > Maintain Employee Details*.
2. Enable the **ASC Week One** indicator.

Pension Related Deduction: **SUBJECT TO DEDUCTION**

ASC status: **COVER_F** Covered Fast Accrual Pension

2.3. Managing Employment Type

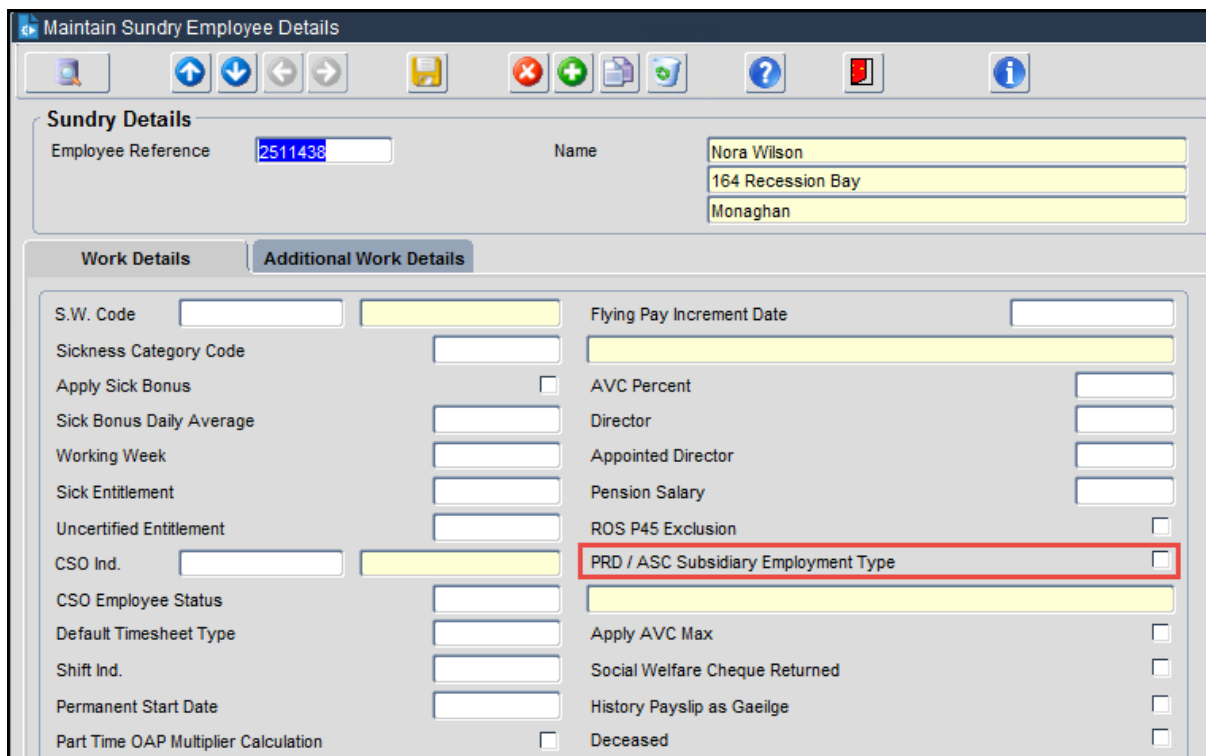

There are two key ASC elements on the *Sundry Profile* screen to accommodate the following tasks:

- Setting Subsidiary Employment
- Tracking Leavers

2.3.1. Setting Subsidiary Employment

Follow these steps to identify an employee on subsidiary employment:

1. Go to *CorePay > Employee > Maintain Employee Details > Sundry Profile*.
2. Enter an *Employee Reference* or click the  button to select an *Employee* from the LOVs.
3. Enable the *PRD/ASC Subsidiary Employment Type* indicator.

Maintain Sundry Employee Details

4. Click **Save** .

2.3.2. Tracking Leavers

For employees leaving the company, but who are not moving to another public sector company, the existing *Leaving Public Sector Status* indicator is used to track their leaving status.

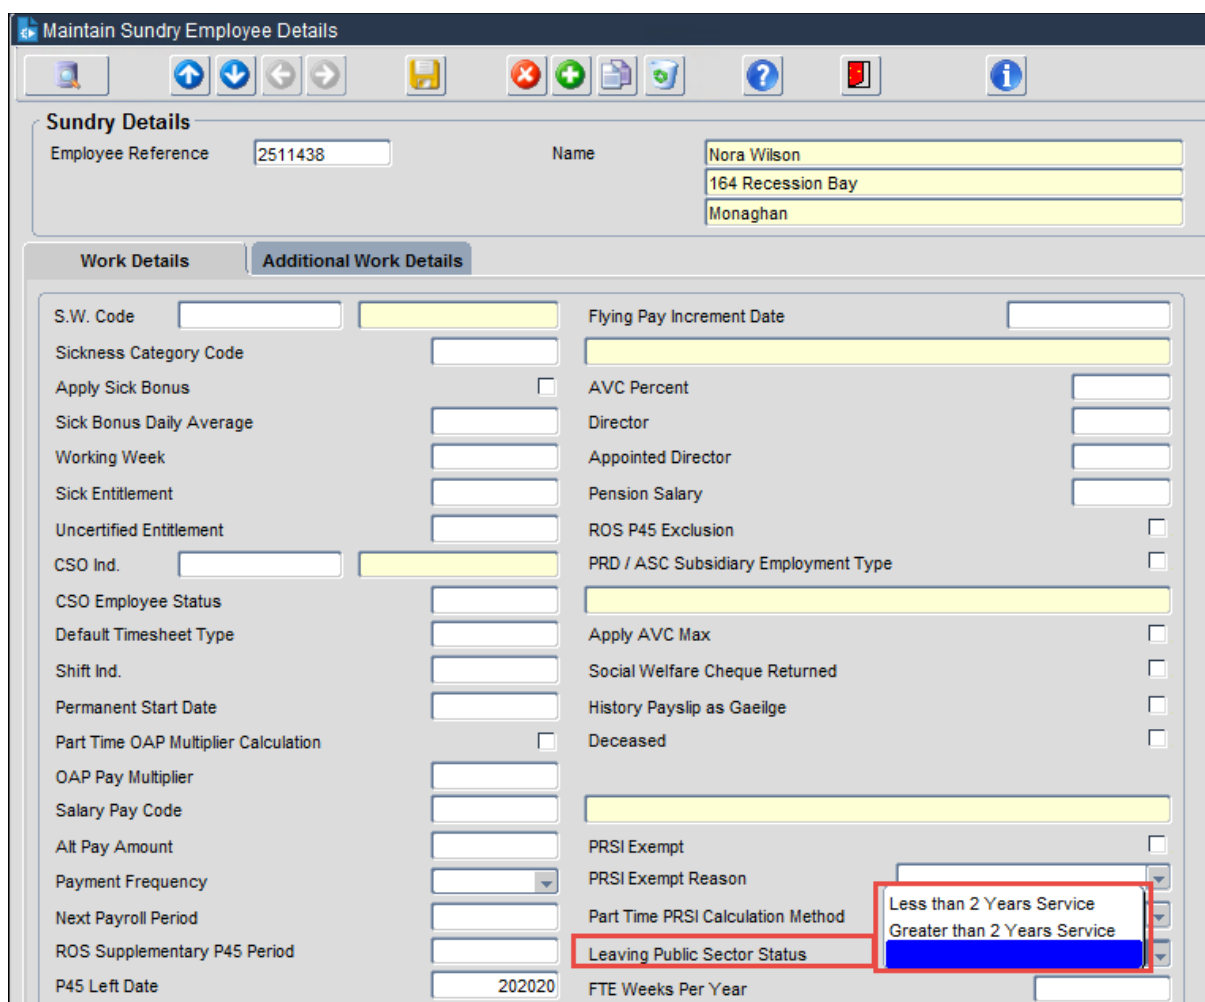

Follow these steps to enable the *Leaving Public Sector Status* indicator for an employee.

1. Go to *CorePay > Employee > Maintain Employee Details > Sundry Profile*.
2. Enter an *Employee Reference* or click the  button to select an *Employee* from the LOVs.
3. Select an option from the *Leaving Public Sector Status* drop-down menu:
 - a. Less than 2 years' service.
 - b. Greater than 2 years' service.

Note:

If less than 2 years' service is selected, this triggers a refund of the ASC contributions to date.

4. Click **Save** .

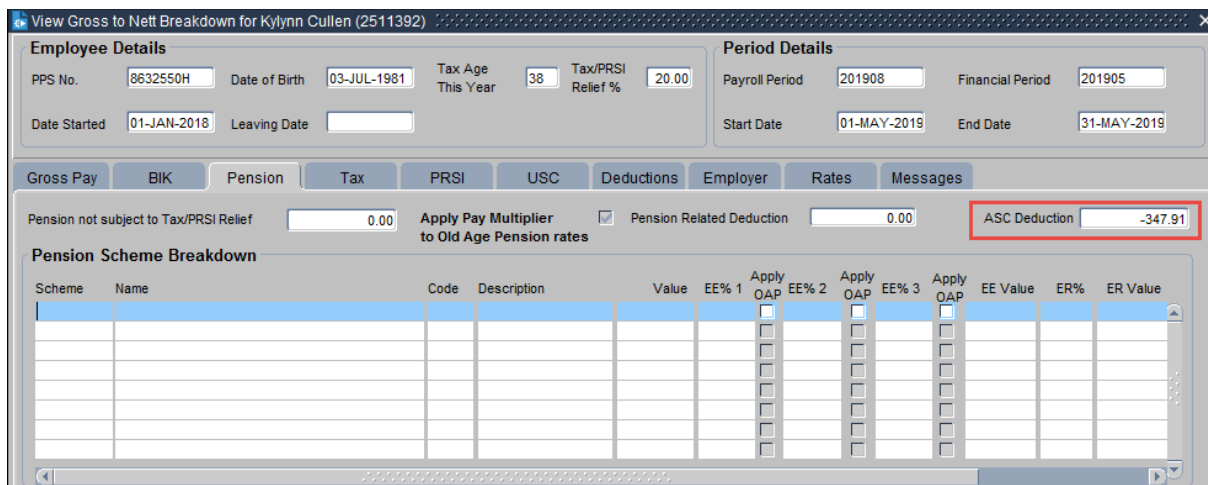

2.4. Viewing ASC on the View Gross to Nett Screen

The ASC calculation happens as part of the *Payroll Validation* task. The calculated ASC value has been added to the *View Gross to Nett* screen.

Follow these steps, to view the calculated ASC on the *View Gross to Nett* screen:

1. Go to *CorePay > Update > View Gross to Nett*.
2. Enter a *Pay Group* or click the  button to select a *Pay Group* from the LOVs.
3. Select **Gross to Nett Output**.
4. Double click the on the relevant *Employee* to drill down into their record.
5. Select the *Pension* tab.

The calculated ASC deduction for the employee displays in the *ASC Deduction* field.

Previous Employment Details (P45)

3. ASC cumulatives display at the bottom right of the screen in the *Additional Superannuation Contribution* section.

Note:

There are separate cumulative fields for a week 53 payroll vs normal year payroll. The reason for this is that ASC is applied on a *Week One* basis where a 53-week payroll applies.

2.5.2. Recording Previous Employment Details

Where an employee provides an employer with an ASC45, their previous ASC details can be recorded under the *Previous Employment Details (P45)*.

Follow these steps to record previous employment details.

1. Go to *CorePay > Employee > Cumulatives > Amend Cumulative Pay Details*.
2. Click the **Previous Employment Details (P45)** button.

The screenshot shows the 'Maintain Current Employment Cumulatives' window. The top section contains employee information: Employee Reference (2511438), Name (Nora Wilson), and Address (164 Recession Bay, Monaghan). Below this are several input fields for various details. The 'Previous Employment Details (P45)' button is located at the bottom left of the form.

3. Enter the ASC details in the required fields (all prefixed with "ASC").

The screenshot shows the 'Previous Employment Details (P45)' window. It contains two columns of input fields. The left column includes fields for Previous Gross, Previous PRS/NI, Previous PAYE, Previous Taxable, Previous PRS/NI Weeks, Previous PRS/NI (EE), and Previous PRS/NI (ER). The right column includes fields for Previous USC Earnings, Previous USC, PRD Previous Employment Earnings, PRD Previous Employment Deductions, PRD Previous Employment Earnings Wk53, PRD Previous Employment Deductions Wk53, PRD Commencement Date, ASC Previous Employment Earnings, ASC Previous Employment Deductions, ASC Previous Employment Earnings Wk53, ASC Previous Employment Deductions Wk53, and ASC Commencement Date.

4. Close the window.
5. Click **Save** .

2.5.3. Multiple Periods of Employment

When an employee leaves and rejoins the same payroll company, their "*Previous ASCable This Employer*" and "*Previous ASC Deducted This Employer*" figures are held on the *CorePay > Employee > Cumulatives > Amend Cumulative Pay Details* screen.

Previous Employment Details (P45)																																							

Once rejoined, the cumulative ASC calculation includes the "*Previous ASCable This Employer*" and "*Previous ASC Deducted This Employer*" figures, as well as their current "*ASCable Earnings*" and "*ASC Deducted*" figures.

Pre-Tax Deductions			Additional Superannuation Contribution	ASC Earnings	801.22
Pre-Tax No Limit				ASC To Date	32.68
LPT			ASC Week 53		
LPT Current Employment			ASC Deducted Week 53		
LPT Previous This Employer			Supplementary ASC Earnings		
			Supplementary ASC		
			Previous ASCable This Employer	3204.88	
Previous Emolvment Details (P45)			Previous ASC Deducted This Employer	171.81	

 Note:

- Where an employee worked elsewhere in the intervening period, populate the *Previous Employment Details (P45)* screen with details from the ASC45. Where populated, the system uses these figures, as well as the current ASC figures, in the cumulative ASC calculation.
- Where an employee is on a *Week One* ASC basis, the calculation remains on a *Week One* basis, i.e., it only includes items in the current period.

2.5.4. Viewing Inter-Company Transfer ASC Cumulatives

The *Amend Employee Pay Group* screen has been amended so that when an employee moves tax registered companies, the cumulatives are stored for the old company in the *Inter-Company Transfers* screen and reset for the new company.

Follow these steps to view a snapshot of their cumulatives before the move.

1. Go to *CorePay > Employee > Cumulatives > Amend Cumulative Pay Details*.
2. Enter an *Employee Reference* or click the  button to select an Employee from the LOVs.
3. Click the **Inter-Company Transfer** button.

 Note:

- The **Inter-Company Transfer** button only displays where an employee has moved company.
- Remember that when moving an employee between tax registered companies, you must first process them as a leaver in the old company, before setting them up as a rejoinder in the new company.

2.5.5. Supplementary Cancel and Manual Payments

The cancel and manual payment processes have been updated to accommodate ASC. There are no additional screen changes. However, processing a cancel or manual payment now automatically updates the ASC cumulatives as required.

After clicking **OK**, the ASC section of the *Cumulatives* screen automatically updates.

Note:

- The value of any supplementary ASC paid, displays in the *Supplementary ASC Earnings* field.
- It also populates the *ASC Earnings* field to show a total ASC earnings figure.

Example:

The user processes a cancel payment after an employee was paid £2,000 ASC earnings in a period after leaving.

1. Cumulatives before the cancel payment is processed:

Note:

The Supplementary ASC Earnings previously paid are removed.

2.5.6. View Employee Detail Screen

The *View Employee Detail* screen displays both *ASC Status* and *ASC Cumulatives*.

Follow these steps to view ASC Status.

1. Go to *CorePay > Employee > View Employee Detail*.
2. Enter an *Employee Reference* or click the button to select an Employee from the LOVs.
3. Click **Search**.
4. Double click the employee record to drill down further.
5. *ASC Status* is displayed.

The screenshot shows the 'View Employee Selection' window. It contains several sections:

- Personal Details:** Employee Reference (0022675), Name (FORENAME SURNAME-0022675), Address (1 SOME STREET, SOME TOWN, SOME COUNTY).
- General:** Hold Increment (checkbox), Print Payslip (checkbox), Job Sharer (checkbox), Positive Input (checkbox), Withholding Tax (checkbox), Employment Status (S), Holiday Periods Outstanding (0), PRD Week One (checkbox), ASC Week One (checkbox), Pension Related Deduction (Subject To Deduction), **ASC status (Covered Standard Accrual Pension)**, Email Address (N/A).
- Current Rate of Pay:** Position Code (99), Scale Point (9999), Standard Hours/Days (39.00), Pay Multiplier (.410256), ANNUAL SALARY (29405.25), \$5.00.
- Analysis Details:** Pay Group (500), Input Location (1), Location (3034), Cost Centre (EV50935), Project, Expense, Employee Status (P), Sub Status (PA), Category, Sub Category (0003), RETAIL - ROI, STANDARD DEFAULT INPUT LOCATION, DUBLIN, EV50935 Evans, PERMANENT, PART TIME, RETAIL SALES.

Follow these steps to view ASC cumulatives.

1. On the *View Employee Details* screen, select **Cumulative Details** from the menu of options.
2. ASC cumulatives display under *ASC* and *ASC Earnings*.

2.6. Generating ASC Reports

2.6.1. ASC30

The ASC30 monthly report can be generated from Payroll.

1. Go to *CorePay > Reports > Payroll Reports Selection Criteria*.
2. Select the *ASC MONTHLY REPORT* from the drop-down *Report Name* menu.
3. Enter a *Payroll Period* or click the  button, to search for and select a payroll period.
4. Enter a *Company Reference* or click the  button, to search for and select a company.

5. Click .

The report generates in a PDF format:

PAYBASC30 Version : 29.0.0.02		CorePay 29.0.0 gain ASC MONTHLY REPORT		User : BOKEEFFE Date : 06-NOV-2020 14:16:27	Page : 1 Of 1

End of Report						

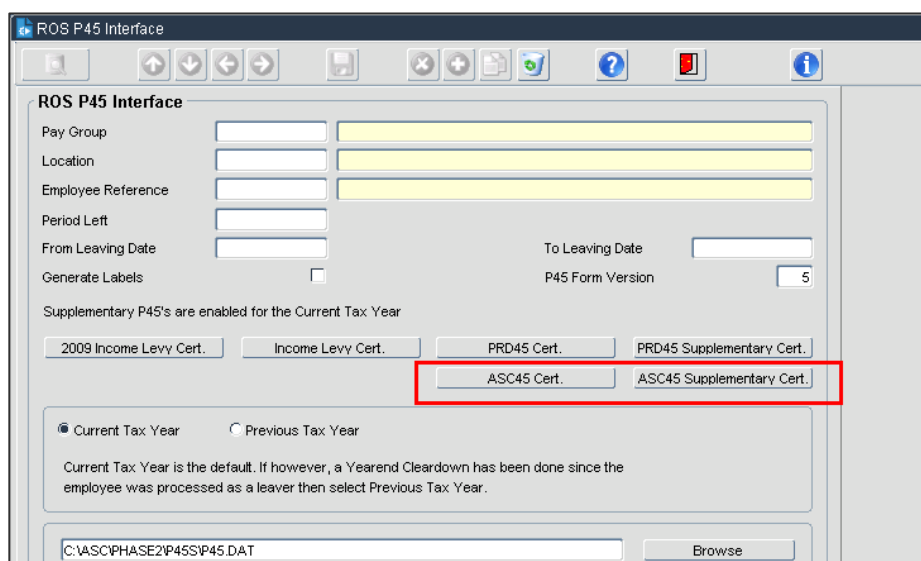

2.6.2. ASC Annual Report – ASC35

The AS35 can be generated as part of the year end process. See section [ASC Annual Report – ASC35](#).

2.6.3. ASC45 and ASC45 Supplementary

The ASC45 can be generated for leavers. The ASC45 produced is either a main or subsidiary ASC45 depending on employment type of the Employee. Follow these steps to generate the relevant form.

1. Go to *Employee > ROS Interfaces > P45s*.
2. Enter a *Pay Group* or click the  button, to search for and select a pay group.
3. Enter an *Employee Reference* or click the  button, to search for and select an employee reference.
4. Click the either **ASC45 Cert** or **ASC45 Supplementary Cert**.

To generate an ASC45 or ASC45 Supplementary as Gaelige:

1. Go to *CorePay > Update > Advanced Update Features > Year End Update > Generate P60's*.
2. Select *Template*.

3. Enable the *Print P60's as Gaelige* indicator.

4. Go to *Employee > ROS Interfaces > P45s*.
5. Enter a *Pay Group*.
6. Enter an *Employee Reference*.
7. Click the either **ASC45 Cert** or **ASC45 Supplementary Cert**.

Example of an ASC45 as Gaelige.

2.6.4. ASC60

The ASC60 can be generated as part of the year end process. More information is available in section [ASC60](#).

2.6.5. ASC60A

The ASC60A can be generated as part of the year end process. More information is available in section [ASC60A](#).

2.7. Frequently Asked Questions

2.7.1. Change of ASC Status Mid-Year

As ASC is a cumulative calculation, a change of status mid-year results in a recalculation. Where this occurs, the recommended guidance from DPER is that the Employee is put on a *Week One* basis. To do this, see [Setting ASC to Week 1](#).

2.7.2. Part-Time PRSI & Irregular Claims

Part-Time PRSI and Irregular Claims software cater to ASC. The key change is that, as ASC is on a when paid basis, the ASC calculation is always for the current period.

2.7.3. Grossing Up

When a grossing up payment is processed, *Payroll* calculates the correct amount to gross up.

3. ASC Updates to the Year End Process

The ASC Year End Process requires actions in the following areas:

- [Pre-Year End Data Check.](#)
- Year End Cumulatives.
 - Subsidiary Details
 - Recalculate ASC
- [Generate ASC60s](#) and [Generate ASC60As.](#)
- [ASC Annual Report – ASC35.](#)

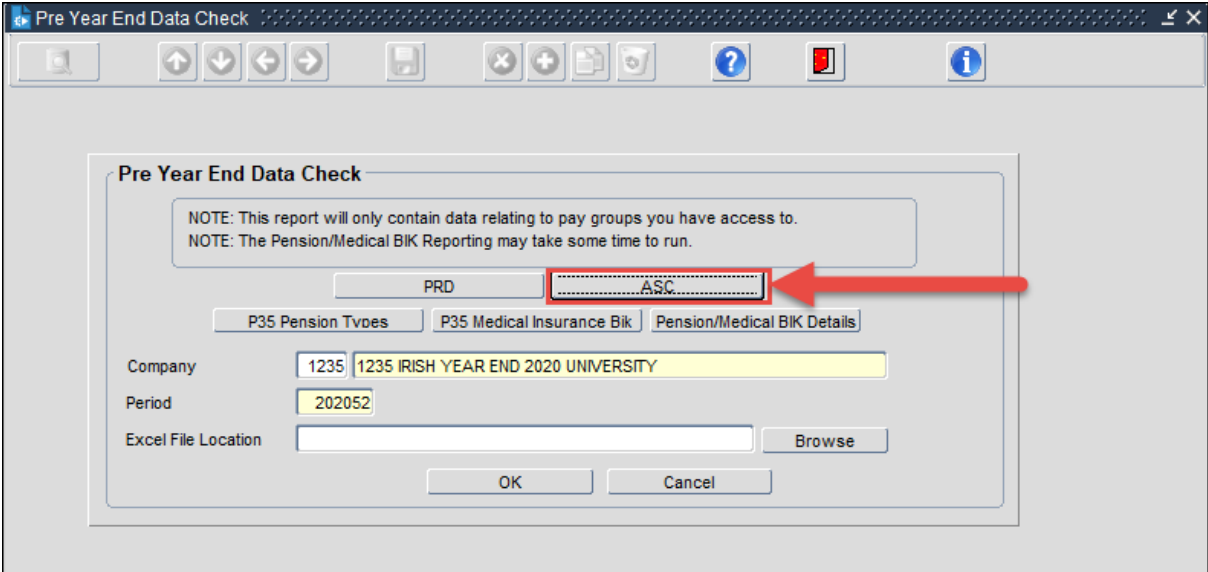

3.1. ASC – Pre Year End Data Check Report

Note:

The *ASC – Pre Year End Data Check Report* allows you to check the employees' *ASCable Pay* and *ASC Paid* for their current and previous employments.

Run the *Pre Year End ASC Listing Report* from the *Pre Year End Data Check Listings* screen.

1. Go to *CorePay > Update > Advanced Update Features > Year End Update > Pre-Year End Data Check.*
2. Enter a *Company Reference* or click the  button, to search for and select a company.
3. Click **ASC**.

3.2. ASC Annual Report – ASC35

Generated ASC35's include all employees with *ASCable Pay* and *ASC Deducted*.

Use these steps to generate/print the ASC35s:

1. Go to *CorePay > Update > Advanced Update Features > Year End Update > Generate P35*.
2. Enter a *Company Reference* or click the  button, to search for and select a company.
3. Enter a pay group code (leave it blank to generate for all pay groups).

4. Enter a location (work location, NOT input location). Leave this field blank for all locations.
The tax year automatically populates.

Generate P35s

NOTE:
The P35 will only contain data relating to pay groups you have access to.

3.3. Generate ASC60s

For the tax year 2020, you can produce the following certs:

- ASC60 Cert
- ASC60 Amended Cert

To generate ASC60s:

1. Go to *CorePay > Update > Advanced Update Features > Year End Update > Generate P60s*.
2. Enter a company code in the *Company* field or click the  button to search for a company.
3. Enter a pay group code (leave blank to retrieve all pay groups).
4. Enter a location (work location, NOT input location). Leave this field blank for all locations.
5. Enter the employee reference code or click the  button to search for an employee.
Leave the field blank to retrieve ASC60s for all employees.

Generate P60's

8. It is recommended you use the default template.

The screenshot shows a window titled "P60 Print Order". Inside, there is a section labeled "P60 Print Order" containing several fields and options. The "Order" section has four dropdown menus, with the first two showing "INPUT LOCATION" and "PAY GROUP". Below this is a "Paper Type" section with radio buttons for "A4" and "Duplex" (selected). To the right is a "Copies" section with radio buttons for "1" (selected) and "2". Below these are two rows of checkboxes: "Print P60's as Gaelge" (unchecked), "Print Home Address" (checked), "Exclude Exempt Employees" (unchecked), and "Left Align Address" (unchecked). At the bottom, there is an "Additional Address Information" section with two dropdown menus showing "PAY GROUP" and "COST CENTRE". Below this are two more checkboxes: "Print Descriptions" (checked) and "Print Zero Paid P60'S" (checked).

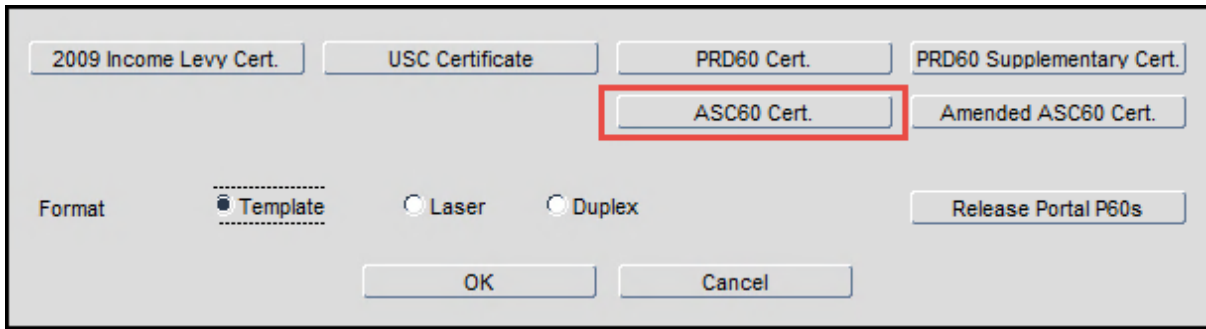

9. Select a maximum of 5 items to determine the print order for the ASC60 from the following list:

- Category
- Cost Centre
- Employee Reference
- Forename
- Input Location
- Location
- Pay Group
- Pay Method
- Payslip Location
- Surname

10. Check the **Print P60s as Gaelge** indicator if you require the ASC60 form is in Irish.

11. Close Template window

12. Click **ASC60 Cert** to generate ASC60s.

A screenshot of a software dialog box for generating ASC60 certificates. The dialog has a light gray background and a dark border. At the top, there are five buttons: '2009 Income Levy Cert.', 'USC Certificate', 'PRD60 Cert.', 'PRD60 Supplementary Cert.', and 'ASC60 Cert.'. The 'ASC60 Cert.' button is highlighted with a red rectangular border. Below these buttons, there is a 'Format' section with a dashed box around the 'Template' radio button, which is selected. Next to it are 'Laser' and 'Duplex' radio buttons, both unselected. To the right of the 'Format' section is a 'Release Portal P60s' button. At the bottom of the dialog are 'OK' and 'Cancel' buttons.

Note:

- The ASC60s generate and automatically open on the screen in a PDF format, allowing you to print the document.
- The ASC60s are released to the Employee Self Service Portal and made available to view and download in the PRD Certs widget.
- The PRD60 Cert widget contains, as well as the newly issued ASC60, all of the employees' old PRD60 certs generated on CoreHR.
- Use the Language pack if you wish to update the name of the PRD60 Certs widget, e.g., update the name to ASC60 Certs. See section [Employee Self Service ASC60 & ASC60As](#).

Below is an example of an ASC60 Cert opened from the PRD60 Certs widget. Note how the Employee has the option to view the ASC60 Cert in Irish.

3.4. Amend an Employee's ASC Cumulatives

If there is a subsequent change to the figures provided to an employee on an ASC60, then provide an ASC60A.

Firstly, update the cumulative figures for the year to which the change relates.

1. Go to *CorePay > Update > Advanced Update Features > Year End Update > Maintain Year End Cumulative Details*.
2. Enter an employee number in the *Employee Reference* field or click the  button to search for an employee.
3. Click the  to execute the query.
4. Populate the *ASC Form Type* field to "A" for *Amended*.
5. Click and the **ASC** button.

Maintain Year End Cumulative Details

ROS P35 Pension Details
 PRD **ASC**

The *ASC Details* window opens.

6. Update the cumulative figures to reflect the change.

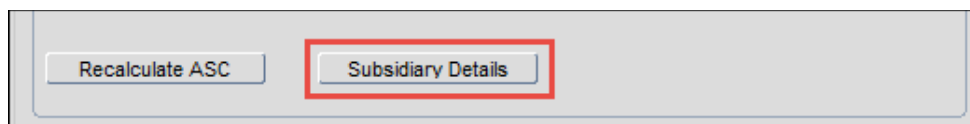

The screenshot shows the 'ASC Details' window with the title 'Additional Superannuation Contribution'. It contains the following fields and values:

Field	Value
ASC Earnings To Date	49314.86
ASC To Date	2156.51
ASC Employment Type	[Dropdown]
ASC Category	COVER_FAST
ASC Commencement Date	[Empty]
Previous ASC Earnings	.00
Previous ASC	.00
ASC Earnings Week 53	.00
ASC Deducted Week 53	.00
Previous ASC Earnings Week 53	.00
Previous ASC Deducted Week 53	.00
ASC Week One	☐
Supplementary ASC Earnings	.00
Supplementary ASC	.00
Prev ASC Earnings This Employer	.00
Prev ASC Deducted This Employer	.00

Buttons at the bottom: Recalculate ASC, Subsidiary Details. A tooltip for 'COVER_FAST' shows 'Covered Fast Accrual Pension'.

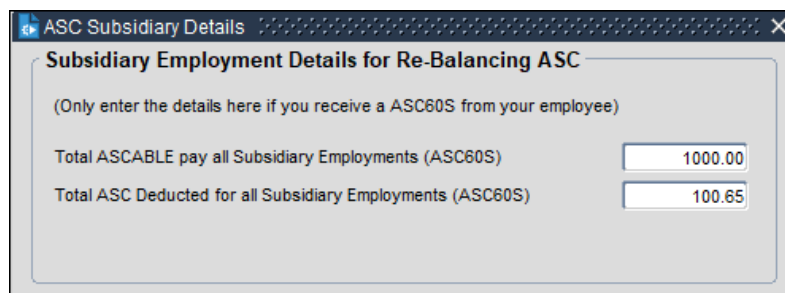

If a Subsidiary Employment ASC60 has been received.

7. Click on **Subsidiary Details**.

The image shows a close-up of the bottom of the window with two buttons: 'Recalculate ASC' and 'Subsidiary Details'. The 'Subsidiary Details' button is highlighted with a red rectangular box.

The ASC Subsidiary Details screen opens.

The screenshot shows the 'ASC Subsidiary Details' window with the title 'Subsidiary Employment Details for Re-Balancing ASC'. It includes the instruction: '(Only enter the details here if you receive a ASC60S from your employee)'. The fields and values are:

Field	Value
Total ASCABLE pay all Subsidiary Employments (ASC60S)	1000.00
Total ASC Deducted for all Subsidiary Employments (ASC60S)	100.65

8. Enter the figures from the Subsidiary Employment ASC60 and close the screen.
9. Click **Save**.

Note:

Until further clarification is received from DPER, any ASC amendments require a manual calculation.

3.5. Generate ASC60As

To generate an ASC60A:

1. Follow steps 1 to 5 in section [Generate ASC60s](#).
2. Click on the **Amended ASC60 Cert** button to produce an ASC60A cert for the employee.

The ASC60A form opens in a pdf format.

Note:

- The ASC60As generate and automatically open on the screen in a PDF format, allowing you to print the document.
- The ASC60As are released to the Employee Self Service Portal and made available to view and download in the PRD60 Certs widget.
- The ASC60A replaces the ASC60 for the year to which it relates in the PRD60 Certs widget.
- The PRD60 Cert widget contains, as well as the newly issued ASC60A, all the employees' PRD60s produced on CoreXD.

Below is an example of an ASC60A cert opened from the PRD60 Certs widget.

Note:

There is an option for the employee to view the ASC60A cert in Irish.

ASC60 amended R Revised 2020
Additional Superannuation Contribution Certificate
Amended End-of-Year Balancing Statement

Employee Details

Surname of Employee	Commencement Date for Additional Superannuation Contribution
O'Keeffe	N/A
First Name	Payroll/Works Number
Maddison	2517477
Address	PPS Number
120 Slew Bay Skerries	5255865H

Additional Superannuation Contribution Details

Below are the details of the Additional Superannuation Contribution made in previous employments and in this employment during the year as amended

Gross Pensionable Income for Additional Superannuation Contribution for Previous Employments in this year	Gross Pensionable Income for Additional Superannuation Contribution for this Employment in this year
€ 0.00	€ 49,314.86
Amount of Additional Superannuation Contribution made for previous employments in this year	Amount of Additional Superannuation Contribution made for this employment
€ 0.00	€ 2,156.51

Please insert total of all gross pensionable incomes and Additional Superannuation Contribution made in all previous employments in this year in the first column. Where an employee had more than one period of employment with the same employer in the year, please insert the **gross pensionable income** and Additional Superannuation Contribution figures for the latest period of employment **only** in the second column.

3.6. Employee Self Service ASC60 & ASC60As

The ASC60 & ASC60A forms are available via the Employee Self Service using the existing PRD60 widget. If you have the PRD60 widget already configured, there is no requirement to reconfigure the *Employee Dashboard* in CorePortal.

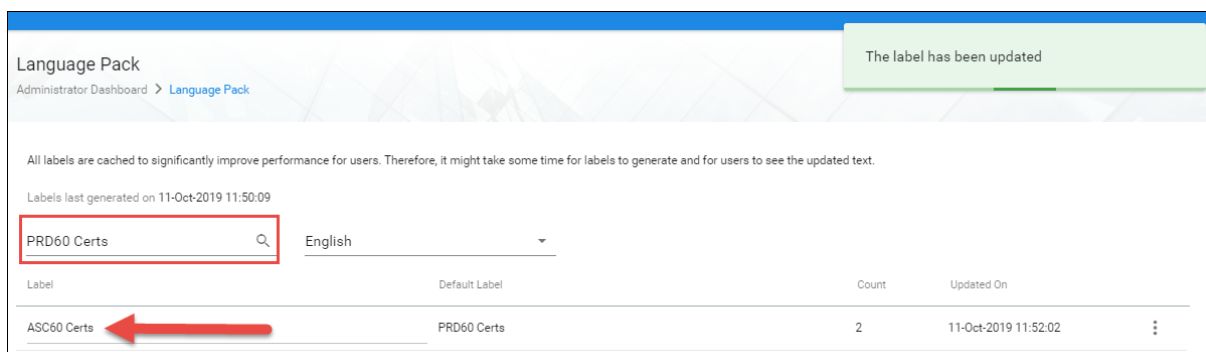

Use the Language pack if you wish to update the name of the PRD60 Certs widget, e.g., update the name to ASC60 Certs.

To access the CoreHR language pack:

1. Quick Jump to the *Site Manager Widget*.
2. Click **Open** on the *Language Pack* option.

3. Search for PRD60 Certs.
4. Update the Label to ASC60 Certs.

The PRD60 Certs widget now updates to ASC60 Certs:

ASC60 Certs	
2020	VIEW
2019	VIEW

Note:

For details on how to add the PRD60 Cert Widget to the Employee Dashboard, see the [CorePortal Payroll Employee Self Service Widgets](#) user guide.

4. How to Configure

4.1. Suggested Pre-Payroll Processes

Before configuring the software for ASC, there are three processes to review:

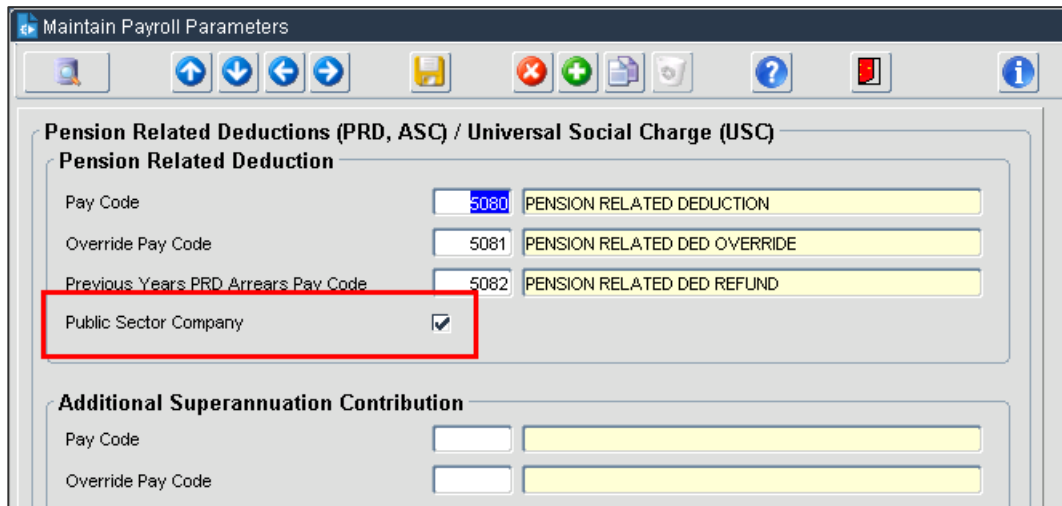

- [Set Public Sector Company Status.](#)
- [Identify ASC Pay Codes.](#)
- [Verify ASC Rates.](#)

4.1.1. Set Public Sector Company Status

For the ASC fields to become available, enable the company as a *Public Sector Company*.

To check the Public Sector Company status, go to:

1. Go to *CorePay > Reference > Payroll Parameters*.
2. Enter a *Companycode* or click the  button to select the company from the LOVs.
3. Click the  to move to page 4.
4. The *Public Sector Company* indicator is an existing indicator which controls the visibility of the ASC fields.

The screenshot shows a software window titled "Maintain Payroll Parameters". It contains a section for "Pension Related Deductions (PRD, ASC) / Universal Social Charge (USC)". Within this section, there is a sub-section for "Pension Related Deduction" with three rows of input fields: "Pay Code" (5080), "Override Pay Code" (5081), and "Previous Years PRD Arrears Pay Code" (5082). Each row has a corresponding label field. Below these is a checkbox labeled "Public Sector Company" which is checked. A red rectangle highlights this checkbox. Below the "Pension Related Deduction" section is another section for "Additional Superannuation Contribution" with two rows of input fields for "Pay Code" and "Override Pay Code".

4.1.2. Identify ASC Pay Codes

Review all pay codes to identify which payments to calculate ASC.

Note:

Salary Sacrifice is not subject to ASC. Enable the ASCable indicator on salary sacrifice pay codes to ensure ASC calculates on the reduced payment value.

Follow these steps to review and update all required Pay Codes.

1. Go to *CorePay > Reference > Pay Codes*.
2. Enter a *Pay Code* or click the button to select a *Pay Code* from the LOVs.

3. If the *Pay Code* is subject to ASC, select the new *Additional Superannuation Contribution* indicator.
4. Click **Save** .

Note:

Repeat the above step for all *Pay Codes* that are subject to ASC.

Verify ASC Rates

ASC rates for each ASC type are preloaded as part of the year end software delivery.

Note:

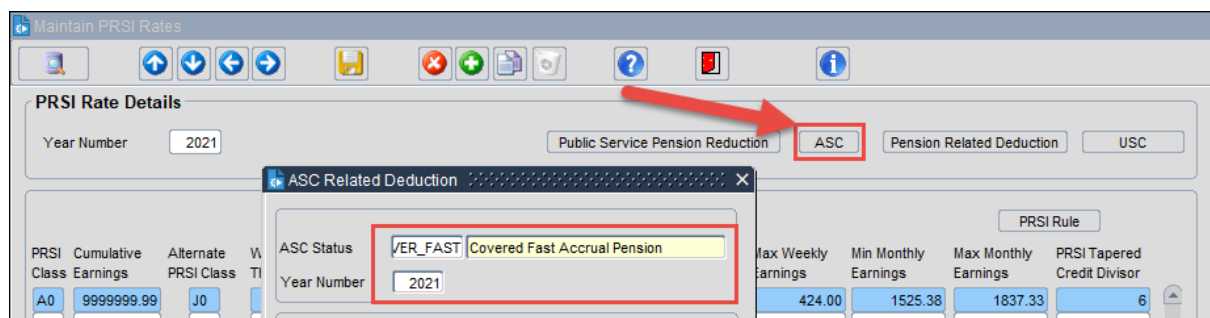

It is the customer's responsibility to ensure and validate that all rates and associated data are correct and compliant.

These rates apply to all public servants from 2021 onwards. To check the ASC rates loaded as part of the year end software delivery:

1. Go to *CorePay > Reference > PRSI Rates*.

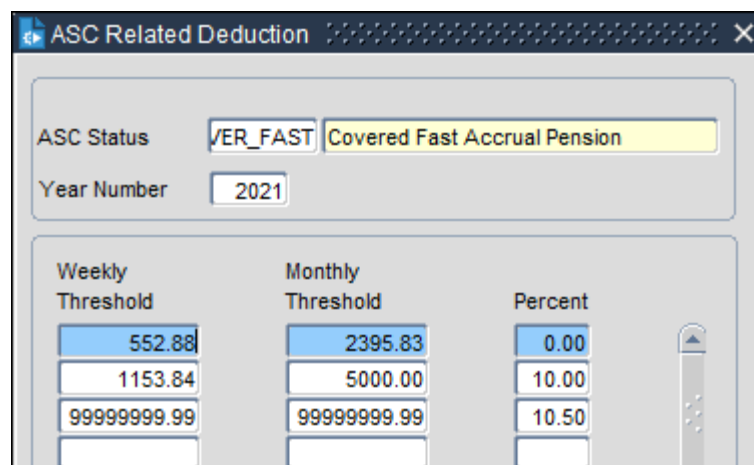

The *Maintain PRSI Rates* screen opens.

2. Click on **ASC** the button.
3. Add an *ASC Status*, to do this click the  button and select an *ASC Status* from the LOVs.
4. Enter 2021 in the *Year Number* field and hit Enter/Tab.

5. Check the rates displayed:

- A. Fast Accrual Pension

B. Single Scheme

4.2. Bulk Update ASC Status for Existing Employees

Payroll provides a load facility to allow you to set the default ASC status in bulk for existing employees.

4.2.1. Create the ASC Status Load File

To create the file, the file format is *Employee, ASC Code*:

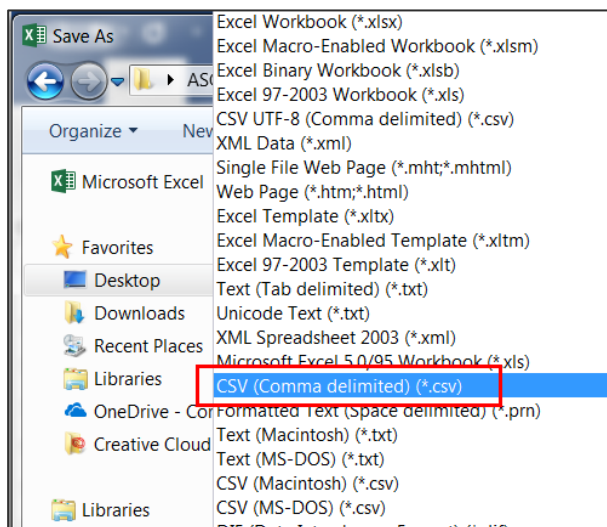

1. Open a new workbook in Excel.
2. Add a column for "Employee Reference".
3. Add a column for "ASC Code".
 - The following are the ASC codes to be used for each type:

ASC Code	Description
COVER_STD	Covered Standard Accrual Pension
COVER_FAST	Covered Fast Accrual Pension
COVER_SING	Covered Single Scheme
EXEMPT	Exempt

	A	B	C	D	E	F
1	11236451	COVER_STD				
2	11235641	COVER_FAST				
3	11235987	COVER_SING				
4	11235741	NONCOVER_STD				
5	11235521	NONCOVER_FAST				
6	11235567	NONCOVER_SING				
7	11235492	EXEMPT				
8						
9						

4. Click *File > Save As*.

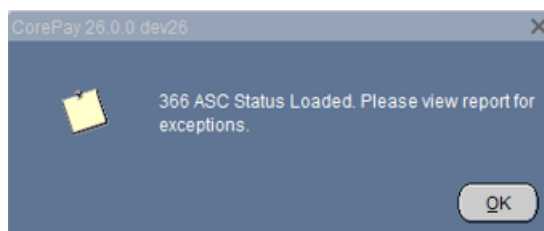

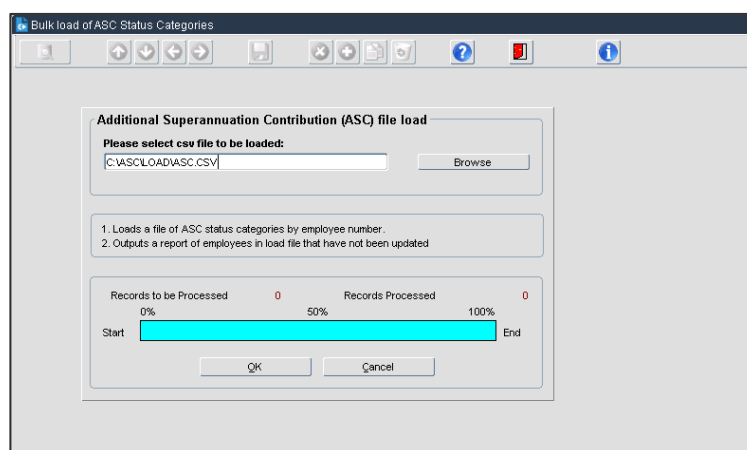

Select file type of CSV (Comma Delimited) (*.csv).

4.2.2. Load the Bulk ASC Status File

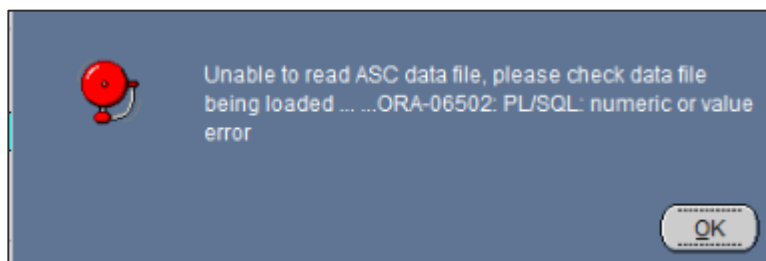

Follow these steps to load the .CSV file to *Payroll* and update the employee records.

1. Go to *CorePay > Update > Advanced Update Features > Load ASC Status*.
2. Click **Browse** and select the relevant *ASC Status* file.
3. Click **OK**.

To review an employee's ASC Status, go to *CorePay > Employee > Maintain Employee Details*.

If the following error generates, then follow the steps provided below:

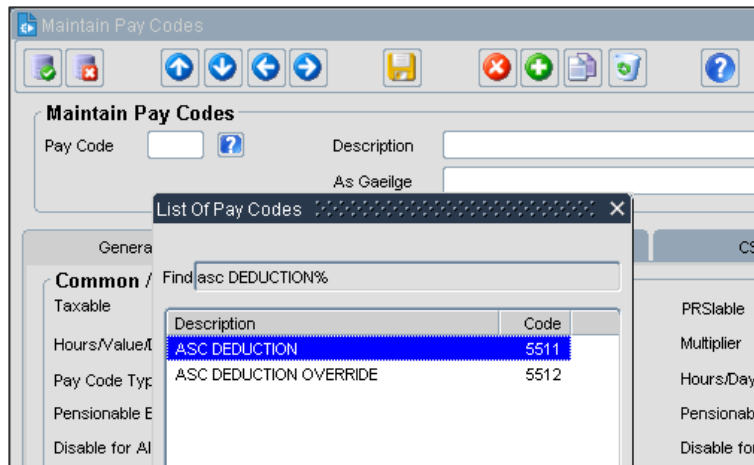

1. Open the file in Notepad.
2. Scroll to the bottom.

3. Remove any blank lines.
4. Save the file as a .CSV file.
5. Reload the file.

4.3. Set up ASC Pay Codes

There are two new pay codes required for ASC:

- ASC Deduction
- ASC Deduction Override

Note:

- Users can also set up a new pay code for “Previous Year ASC Refund” to use where ASC refunds are required for the previous tax year, i.e., no impact on the calculation in 2021.
- Refunds are processed via a manual timesheet; this pay code is not held in a parameter.

Follow these steps to configure these new pay codes.

1. Go to *CorePay > Reference > Pay Codes*.
2. Add a new pay code.

Configure each of the new pay codes so that the following applies:

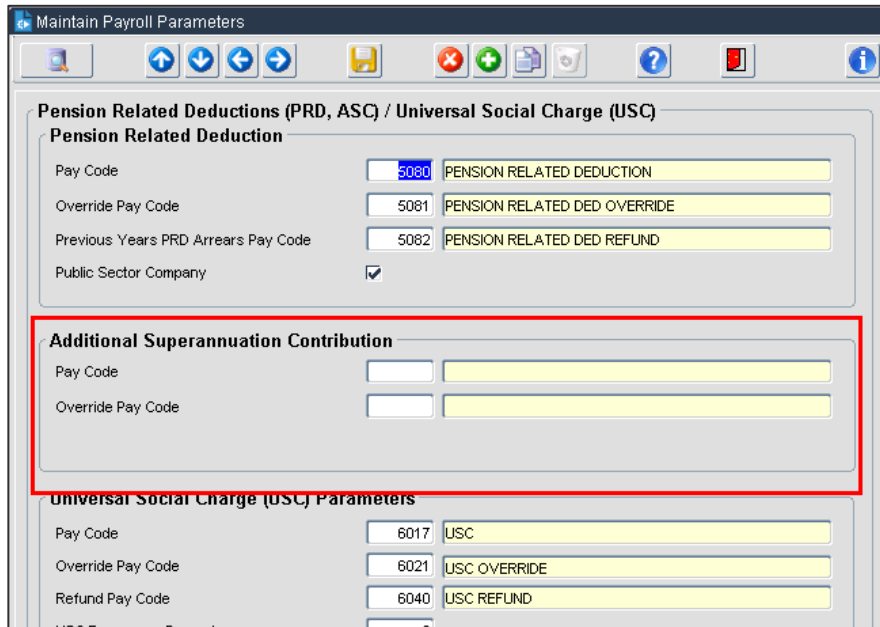

- There is Employer PRSI relief in respect to ASC. However, it does not qualify for employee PRSI relief. To do this select *No EE PRSI Relief, Full ER PRSI Relief* from the PRSlable drop-down menu.
- ASC does not qualify for USC relief.
- ASC does qualify for tax relief.
- ASC is not included in calculating age-related tax relief thresholds.
- ASC contributions have no impact on the calculation of referable amounts under the *Single Scheme*.
- Salary sacrifices, such as travel pass or bike to work, can be deducted from pensionable pay before calculating ASC. Enable the ASCable indicator on salary sacrifice pay codes to ensure ASC calculates on the reduced payment value.

4.3.1. Assign New ASC Pay Codes to Company

The two new ASC pay codes must be assigned to all companies. Follow these steps to assign the codes.

1. Go to *CorePay > Reference > Payroll Parameters*.

2. Enter a *Company Code* or click the  button to select the *Company* from the LOVs.
3. Press the  button to display the company record.
4. Press the  to move across three pages.

Maintain Payroll Parameters

Pension Related Deductions (PRD, ASC) / Universal Social Charge (USC)

Pension Related Deduction

Pay Code	5080	PENSION RELATED DEDUCTION
Override Pay Code	5081	PENSION RELATED DED OVERRIDE
Previous Years PRD Arrears Pay Code	5082	PENSION RELATED DED REFUND
Public Sector Company	☒	

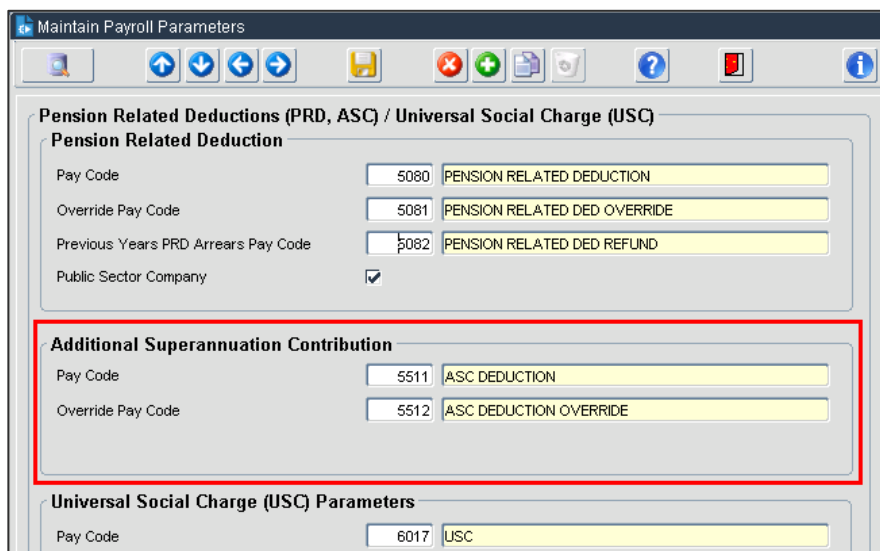

Additional Superannuation Contribution

Pay Code	6017	USC
----------	------	-----

7. Click **Save** 

Note:

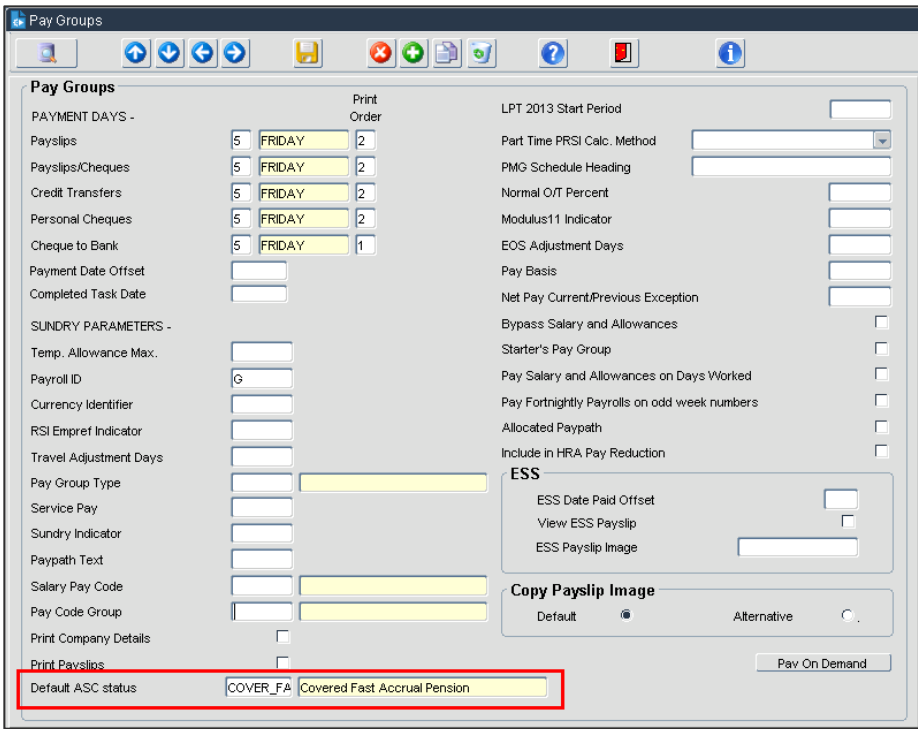

The ASC pay codes must be assigned to all relevant companies. Customers can decide to set up separate ASC pay codes for each company if they wish.

4.4. Set Default ASC Status at Pay Group Level

Set a default value for ASC status at the *Pay Group* level. The default value selected is used where no ASC status is found on an employee's record when running payroll.

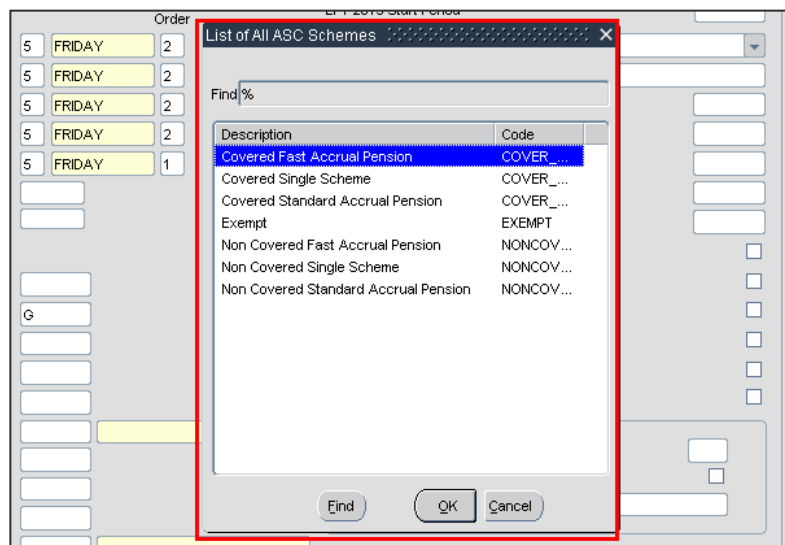

Follow these steps to set a default ASC status at pay group level.

1. Go to *CorePay > Reference > Pay Groups*.
2. Enter a *Pay Group* or click the  button to select a *Pay Group* from the LOVs.
3. Press the  button.
4. Press the  to move across two pages.

The screenshot shows the 'Pay Groups' configuration window. At the bottom, the 'Default ASC status' field is highlighted with a red rectangle and contains the text 'COVER_FA Covered Fast Accrual Pension'. The window includes various other fields for configuring pay group parameters, such as 'Payment Days', 'Sundry Parameters', and 'ESS' (Employee Self-Service) settings.

5. Enter a valid *ASC Status* code or click the  button to search.

6. Click **OK**.
7. Click **Save** .

4.5. Review the ASC Pay Codes impact on the General Ledger Matrix

A review of your *General Ledger Matrix* is recommended to assess the impact of the new ASC pay codes. Follow these steps to review the General Ledger Matrix:

1. Go to *CorePay > Reference > Advance Reference Features > Reference D-J > GL Parameters*.

Pay Code	Sub Category	Expense
1005	BASIC HOURS	40290
1005	BASIC HOURS	40290
1005	BASIC HOURS	40290
1005	BASIC HOURS	40290
1005	BASIC HOURS	40290
1006	BASIC HOURS ARREARS	40290
1006	BASIC HOURS ARREARS	40290
1006	BASIC HOURS ARREARS	40290
1006	BASIC HOURS ARREARS	40290
1006	BASIC HOURS ARREARS	40290

Note:

If using a custom GL matrix, ensure that this is updated as required.

2. Review and update as required.

5. ASC Updates for CorePension

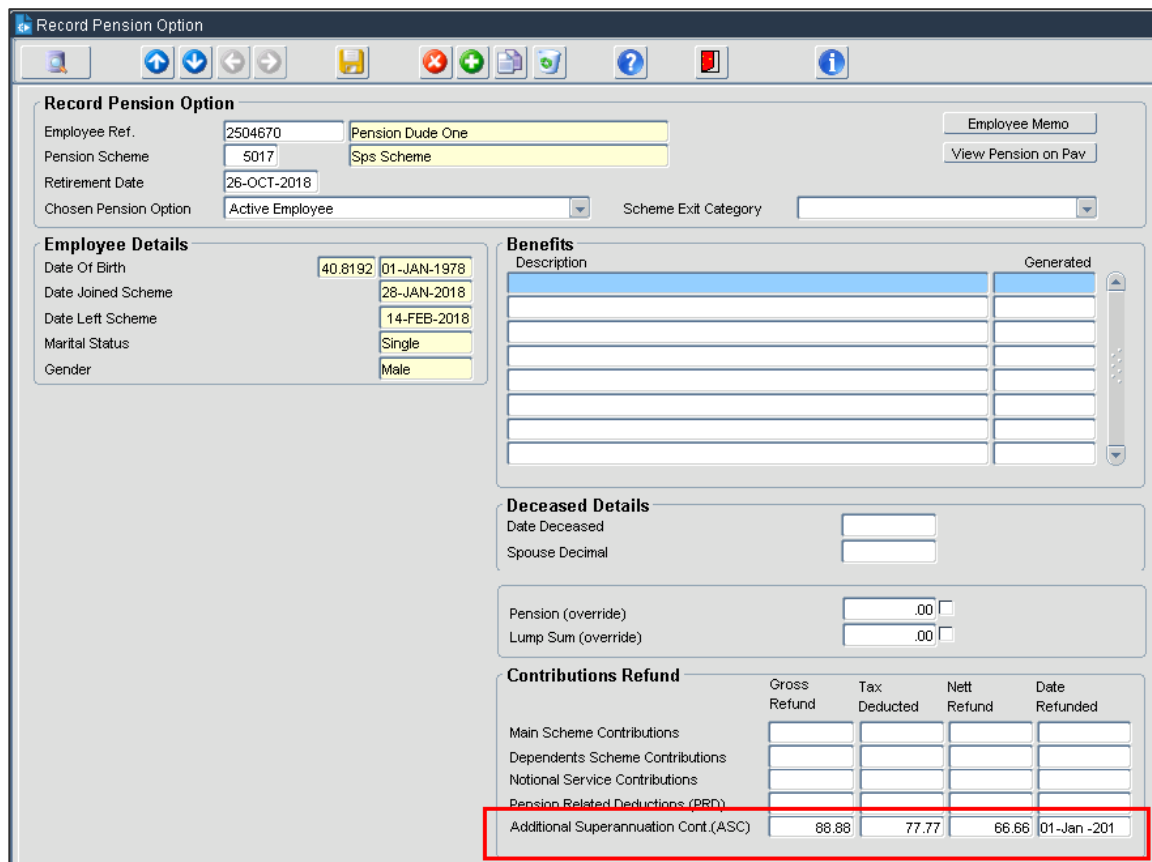

This section guides the changes made to *CorePension* to accommodate the introduction of ASC.

5.1. Add ASC Refund

The *Record Pension Option* screen allows the user to add values for an ASC refund.

Follow these steps to add values for an ASC refund:

1. Go to *CorePension > Maintenance > Record Pension Options*.
2. Enter an *Employee Reference* or click the  button to select an *Employee* from the LOVs.
3. Enter a *Pension Scheme* or click the  button to select a *Pension Scheme* from the LOVs.
4. The following refund values can be added manually for ASC:
 - a. Gross Refund
 - b. Tax Deducted
 - c. Nett Refund
 - d. Date Refunded

Refund History

The *Refund History* screen holds an audit record of historic refunds, where multiple amendments on the *Record Pension Option* screen may have occurred.

Follow these steps to review ASC refund history:

1. Go to *CorePension > Maintenance > Refund History*.
2. Drill down to each record and view the *Contribution Refund* values for ASC.

The screenshot shows the 'Refund History' screen with a table of refund records. A pop-up window titled 'Contributions Refund' is displayed over the table, showing detailed refund information for a specific record.

5.2. Calculate ASC Values

As part of the pension benefit details, it may be useful to view or calculate ASC contributions (YTD and Total). Follow these steps to calculate and view ASC values.

1. Go to *CorePension > Maintenance > Generate Employee Pension Benefits*.
2. Enter an *Employee Reference* or click the button to select an *Employee* from the LOVs.
3. Enter a *Pension Scheme* or click the button to select a *Pension Scheme* from the LOVs.
4. Click **OK**.

☒ Benefit Details

☐ Pension Contributions

5. Click **Benefit Details**.

Once generated, the relevant ASC data is taken from history to build the following ASC values:

- ASC Year to Date
- Total ASC

[illegible]

Note:

The *Total ASC* field calculates the total ASC contributions for all years, i.e., from when ASC started in 2019.

5.3. Updating the Pension Benefit Statement for ASC

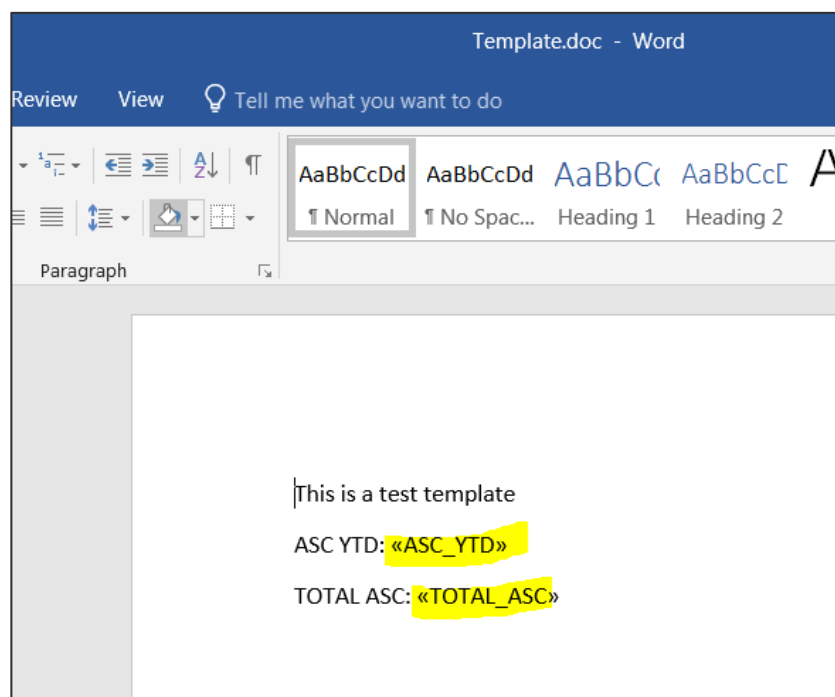

5.3.1. Updating the Pension Benefit Statement Template

The data source PEN_PENSION_PERSON_MERGE which used to *Generate Pension Benefits Statements* via the CoreLetters module includes two new merge fields:

- ASC_YTD
- TOTAL_ASC

Update the mail merge templates used for this process, to include these fields from the data source, see the [Pension Benefit Statement Letters – Mail Merge](#) user guide.

Example:

7. Summary of the ASC Process

1. ASC End of Year Process

The *Year End Cleardown* on Payroll was amended to ensure all ASC values reset to zero on the *Maintain Employee Cumulative Detail* screen, apart from the *ASC Status* and *ASC Commencement Date*. The ASC Cumulatives, as with all other cumulatives, move to the *Maintain Year End Cumulative Details* screen.

2. Generate ASC60s

On the P60 Screen, the button ASC60 calls the ASC Template for the relevant tax year. For detailed steps on how to generate and print ASC60s or ASC60As, see section [3.3. Generate ASC60.](#)

3. ASC60A

For full details on how to generate ASC60As, see section [3.5. Generate ASC60As](#)

4. ASC60s and ASC60As on the Portal Employee Self Service

Portal ASC60 Documents are available to view and download from the PRD widget. For detailed steps on how employees' access ASC60s and ASC60As, see section [3.6. Employee Self Service ASC60 and ASC60As.](#)

5. ASC60 and ASC60A forms are available in English and As Gaeilge

ASC60 and ASC60A are controlled via the *Print Options* on the P60 screen where you can select to print "As Gaeilge". For detailed steps on how to print ASC60s "As Gaeilge" see section [3.3. Generate ASC60.](#)

6. The *ASC Week One* indicator resets before the start of the tax year

The *ASC Week One* indicator now clears down as part of the year end clear down task.

7. Pay Codes Listing Report - amended to add ASC indicators

An ASC indicator has been added to the Pay Code Listing Report to identify ASCable Pay Codes.

To access to the *Pay Code Listing Report*:

Go to *CorePay > Reports > Reference reports selection criteria > Pay Code Listing*.
