1. Overview

1.1. Purpose of the Guide

The purpose of this document is to provide guidance on how to configure Payslip Locations.

Items covered include:

- How to add a Payslip Location.
- How to edit a Payslip Location.
- How to delete a Payslip Location.

1.2. What are Payslip Locations

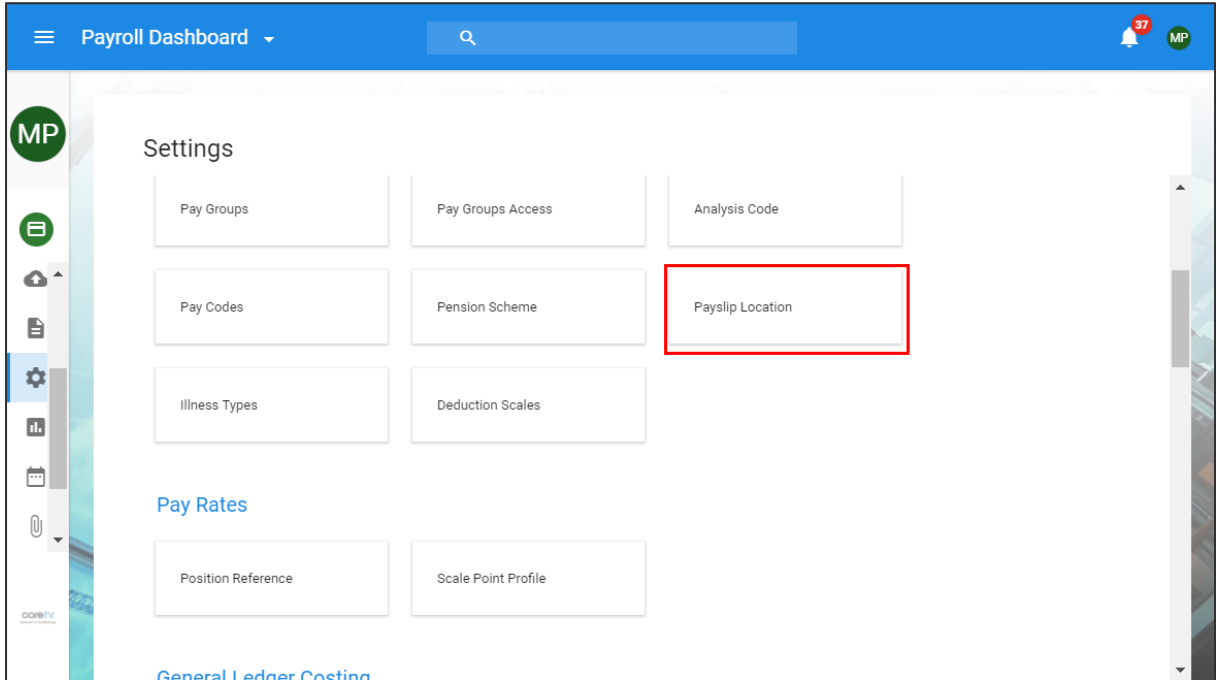

For employers with employees in different locations, payslip locations allow the employer to generate payslips by location. This removes the need to sort payslip manually after printing.

The employee's payslips can be distributed to their home address, work location, cost centre or a defined list of payslip locations. The defined list of payslip locations needs to be first defined in the Payroll system.

2. Maintain Payslip Locations

To add, edit, or delete a Payslip Location: Go to:

Settings > Codes > Payslip Location

The Payslip Location screen displays all currently configured locations which can be added to, edited or deleted. Each location consists of:

- Location Code
- Description
- Address Line 1
- Address Line 2
- Address Line 3

Pay Locations					
Location Code	Description	Address Line 1	Address Line 2	Address Line 3	
1	DEFAULT PAYSIP LOCATION 2	LINE 1	LINE 2	LINE3	...
2	NON DEFAULT PAYSIP LOCA...	LINE 4		LINE 5	...
3	HOME LOCATION 2	10 HIGH STREET	EDGEBASTON		...

2.1. Add a Payslip Location

To add a new Payslip Location:

1. Go to: *Settings > Codes > Payslip Location*.
2. Click the blue **Add** button. This opens a new blank row.
3. Enter a unique Location Code (Maximum 8 digits).
4. Add a description of the new code in the *Description* field. (Maximum of 30 characters).
5. Add address details in *Address Line 1*, *Address Line 2* and *Address Line 3*.
