1. Overview

1.1. Purpose of the Guide

The purpose of this document is to provide guidance on the HMRC Notifications App. The HMRC Notifications App allows for communication with the HMRC gateway and download of notifications emitted by HMRC so that they can be uploaded and processed in Payroll XD. Types of notifications available are:

- P6
- P9
- Student Loan 1
- Student Loan 2
- Postgraduate Loan 1
- Postgraduate Loan 2

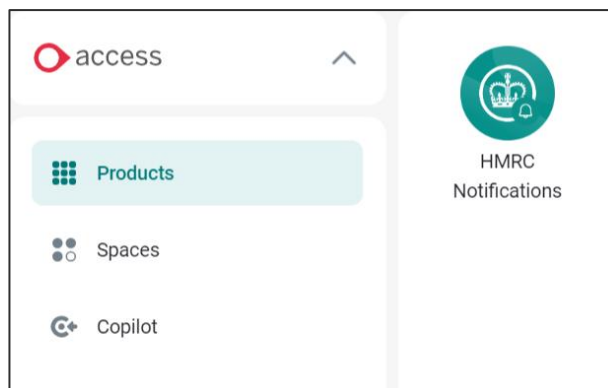

Note:

The generic notifications are not available in this version of the product. They can be retrieved directly from the HMRC gateway.

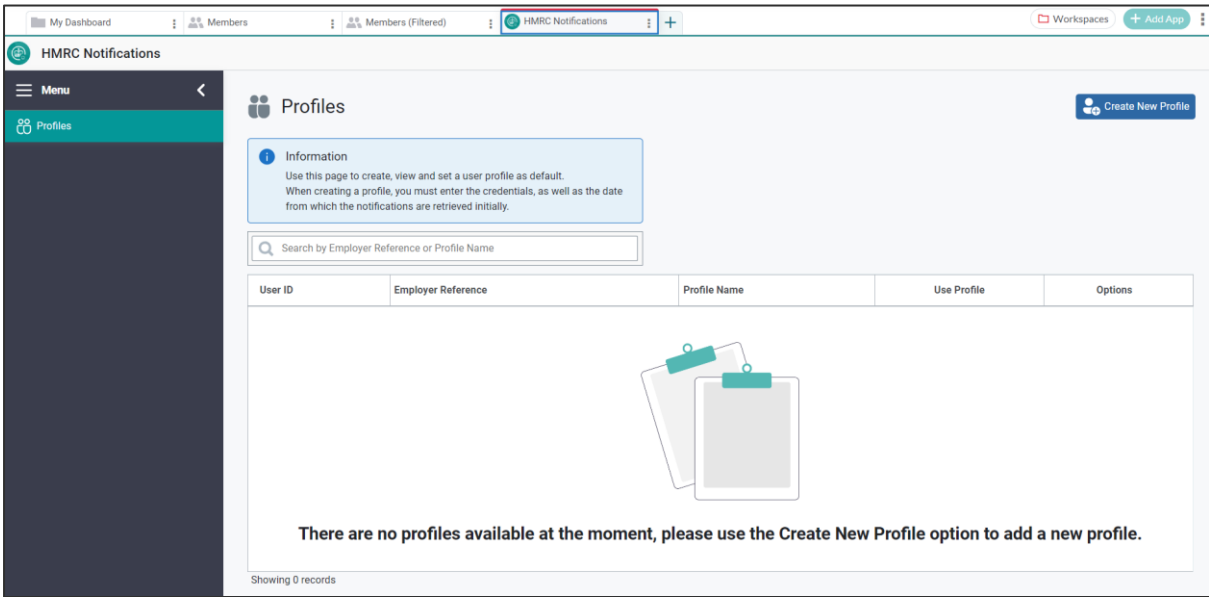

1.2. Accessing the App

The HMRC Notifications App can be found in the Access Button:

1. Click the **Access Button**.
2. Click the **HMRC Notifications App icon**.

This will launch a tab for the HMRC Notifications APP on the Profiles tab. There are two available tabs from the side menu, Profiles and HMRC Notifications, the second of which will be available after the first Profile is created.

1.3. HMRC Notification Roles

There are two roles available for the HMRC Notifications App. The roles are defined by the members area and each assign access to different functionality within the app. Roles and Functionality include:

Functionality	Role
Set up profiles	Administrator
Switch profiles	Administrator/User
Retrieve notifications	Administrator/User
Export notifications	Administrator/User
Archive Notifications	Administrator/User

Roles can be applied to a user by a Workspace Administrator from the Members tab.

The screenshot shows a modal window titled "Manage roles: Chris Jones". It contains two main sections: "Organisation" and "Products". In the "Organisation" section, there is a dropdown menu for "Organisation Role" currently set to "User". In the "Products" section, there is a dropdown menu for "HMRC Notifications" which is open, showing three options: "User" (highlighted), "No Access", and "Administrator". At the bottom of the modal, there are two buttons: "Cancel" and "Save Changes".

2. Profiles

2.1. Overview

The Profiles tab allows Administrators to enter the credentials to communicate with the HMRC gateway. This tab is where Profiles are created edit by Administrators. Multiple Profiles can be created for each PAYE reference for which notifications need to be retrieved.

2.2. Create a Profile

To begin using the HMRC Notifications App, Administrators will need to create a Profile. When a Profile has been created Users will be able to access this profile in their instance of the app.

To create a Profile open the HMRC Notifications App from the Access Button:

1. Click **Create New Profile**.

2. Enter the following details:

Field	Description
User Id	The User Id provided by HMRC.
Password	The Password Provided by HMRC
Employer Reference	Example of the format: 123/AB456.
Profile Name	Add a preferred name for the profile.
Retrieve from date	Choose the data from which the notifications are initially retrieved. Format: DD/MM/YYYY.

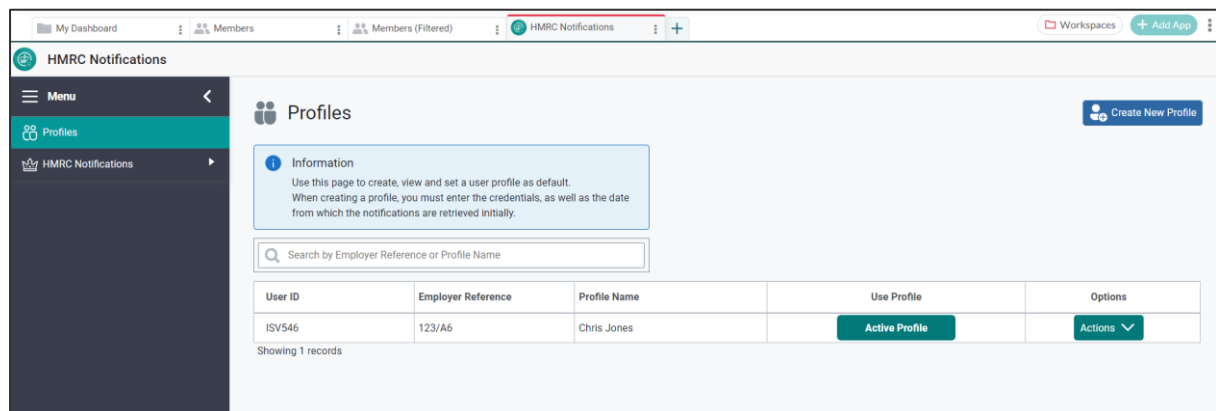

Field	Description
	Note: The "Retrieve from date" cannot be edited at a later stage.
Use as default	For the first profile, the option is enabled to create an active profile.

3. Once finished, click **Save**.

Note:

For possible error messages that could appear when filling in the form, please see section: [2.5. Error Messages when creating or editing a Profile](#).

Once the form is filled in and validated, the profile appears on the Profiles table with the status "Active".

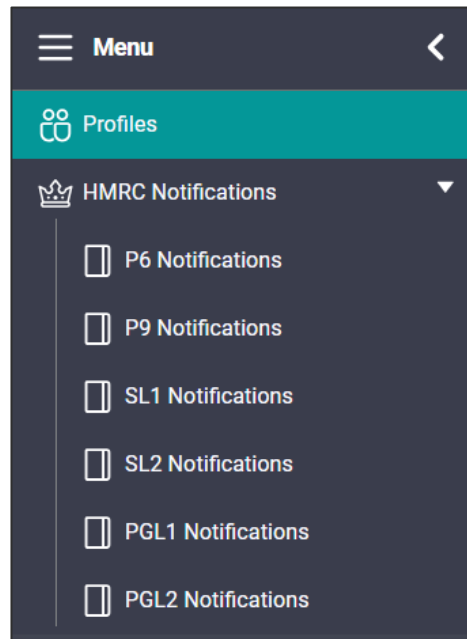

The screenshot shows the HMRC Notifications app interface. The top navigation bar includes links to My Dashboard, Members, Members (Filtered), HMRC Notifications, and Workspaces. The left sidebar has a menu with Profiles and HMRC Notifications. The main content area is titled "Profiles" and includes a "Create New Profile" button. Below this is an information box stating: "Use this page to create, view and set a user profile as default. When creating a profile, you must enter the credentials, as well as the date from which the notifications are retrieved initially." A search bar is present with the placeholder text "Search by Employer Reference or Profile Name". Below the search bar is a table with the following data:

User ID	Employer Reference	Profile Name	Use Profile	Options
ISV546	123/A6	Chris Jones	Active Profile	Actions

Below the table, it says "Showing 1 records".

After a Profile has been created the HMRC Notifications tab will become available in the side menu. All notifications will be related to the profile that is set up as Active. This is reflected also in the title of each Notifications page.

2.3. Edit a Profile

A Profile can be edited from the Profile Tab. To do this:

1. Click the **Actions drop down** on the relevant profile.

Profiles Create New Profile

Information
Use this page to create, view and set a user profile as default.
When creating a profile, you must enter the credentials, as well as the date from which the notifications are retrieved initially.

Search by Employer Reference or Profile Name

User ID	Employer Reference	Profile Name	Use Profile	Options
ISV546	123/A6	Chris Jones	<button>Active Profile</button>	<button>Actions ^</button>

Showing 1 records

Edit profile

2. Click **Edit**.

Edit Profile

User Id *

Password *

Employer Reference *

Profile Name *

Retrieve from date *

Cancel Save

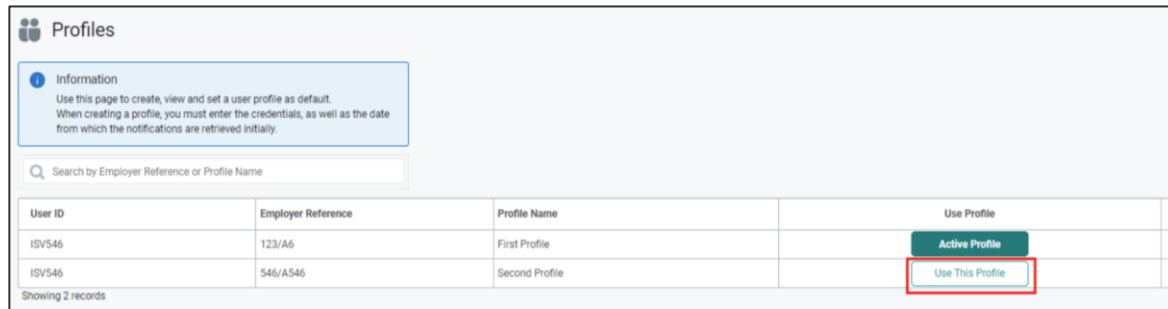

3. Amend the details as required.
4. Click **Save**.

Note:

For possible error messages that could appear when filling in the form, please see section: xxxxxxxx section

2.4. Switching Profiles

If there are multiple profiles, the Administrator and User can switch between these profiles to retrieve/export/archive the corresponding notifications. For this, they can go to the Profiles tab and click **Use This Profile** to make it the Active Profile.

The HMRC Notifications tab will refresh to reflect the Active Profile.

Note:

If there are multiple profiles available, newly created Administrators and Users will first need to select an Active Profile to see the HMRC Notifications Tab.

2.5. Error messages when creating or editing a Profile

There is the potential that each field of the Profile creation could error depending on the details entered. The table below lists the possible errors and their corresponding fields:

Field	Error Message	Description
User Id/Password	There was a communication error when attempting to authenticate with the HMRC services. Please try again.	An Incorrect User Id or Password has been used.
Employer Reference	Invalid Employer Reference. Example: 123/AB456.	An Invalid Employer Reference has been used.
Employer Reference	Employer reference is already used on another profile.	Employee reference is already in use.
Retrieve From Date	date cannot be in the future.	The Retrieve Date cannot be a future date.
Profile Name	Profile Name already in use.	The Profile Name already exists.

3. HMRC Notification Tab

3.1. Overview

The HMRC Notifications section appears once a profile (with HMRC credentials) is created. There are tabs for each type of notifications retrieved from the HMRC gateway:

- P6
- P9
- Student Loan 1
- Student Loan 2
- Postgraduate Loan 1
- Postgraduate Loan 2

Notifications can be then retrieved, exported and archived in the following formats:

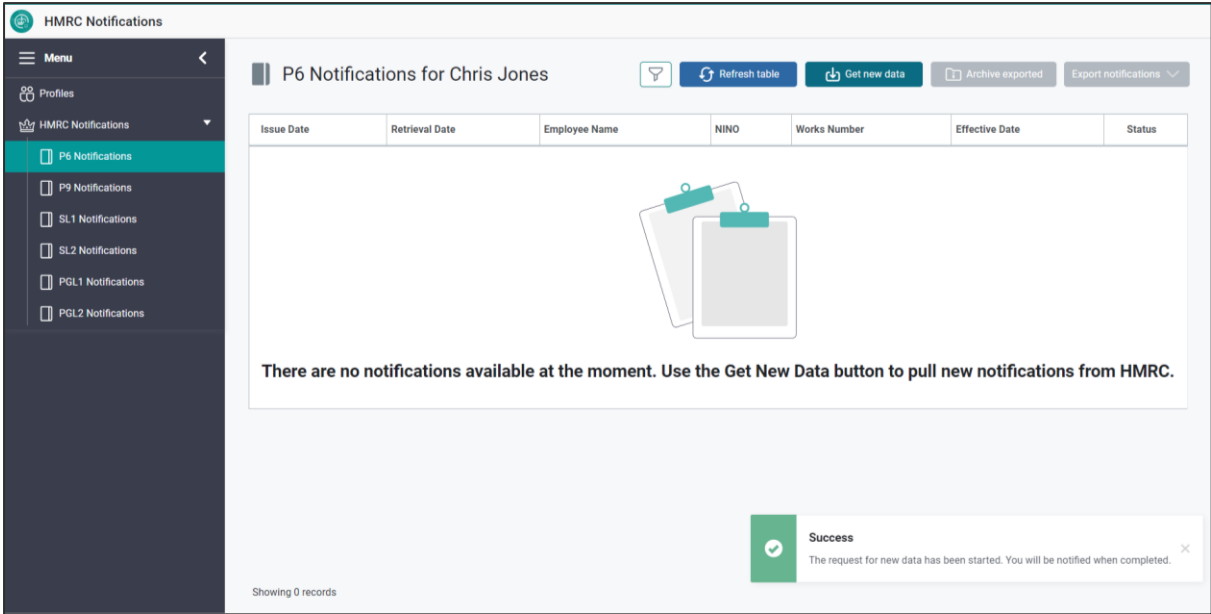

- .xml format, to be uploaded in Payroll XD (as per the current upload process)
- .csv format for tracking purposes

The notifications table in the specific notification tabs, partially reflect the information emitted by HMRC. The notifications downloaded in the .xml or .csv formats contain all the details emitted by HMRC.

3.2. Retrieve Notifications

The process for retrieving Notifications can be followed on each of the Notification types tabs. To retrieve Notifications:

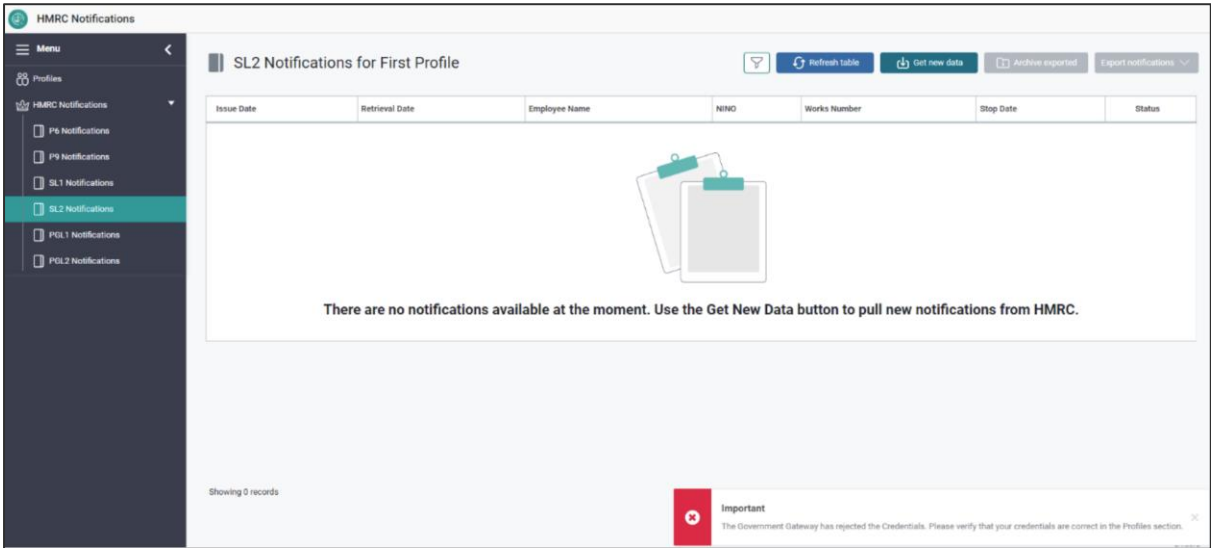

1. Click the Tab for the types of notifications you want to receive.
2. Click **Get New Data**.
 - a. You will be notified when the request to the HMRC gateway started. A message appears on the bottom right corner of the screen.

The notifications table is automatically updated once the information is retrieved from the HMRC gateway. A message with the number of retrieved records appears on the bottom right corner of the screen. The initial status of the notifications on the table is New. If there are no new notifications retrieved, a message appears on the bottom right corner of the screen.

3.2.1. Error Messages when Retrieving Notifications

Possible errors when retrieving HMRC Notifications will be highlighted with a message in the bottom left hand of the screen.

The table outlines the possible errors:

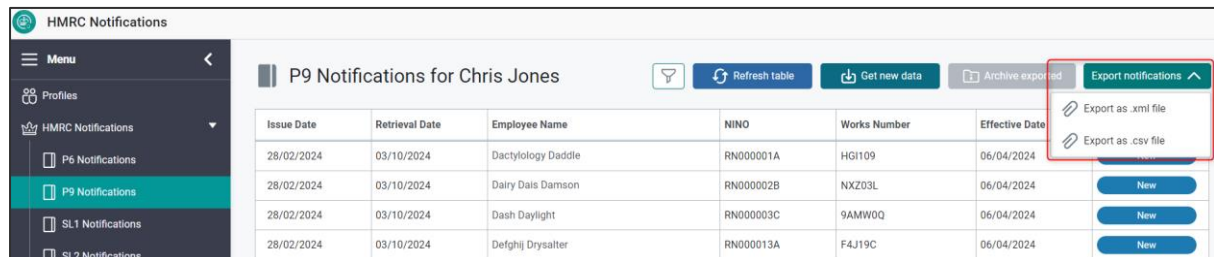

Error Type	Error Message
Wrong User ID/Password	The Government Gateway has rejected the Credentials. Please verify that your credentials are correct in the Profiles section.
Communication issue	There was a communication error when attempting to authenticate with the HMRC services. Please try again.
Communication issue	A timeout occurred when attempting to authenticate with the HMRC Data Provisioning Service. Please try again.

3.3. Export Notifications

3.3.1. .xml Format

Notifications retrieved in the HMRC Notifications App can be exported and uploaded into PeopleXD Payroll. The exported files will need to be in the .xml format. Exporting Notifications for each of the HMRC Notification types follows the same process. To export Notifications:

1. Click the Notification Type tab to export in the side menu.
2. Click the **Export Notifications** drop down.

3. Click the format type you want to export the Notification to.

Export notifications as .xml file

You are about to export an .xml file that can be manually uploaded into your payroll system.

☐ Archive the notifications?
This will hide them from this view of the table. You can check them by using the Filter option on the screen.

CancelExport

4. Click the Archive the notifications? Check box if you want the Notifications to be Archived after exporting.
 - a. Archiving the Notifications is optional. Archiving the Notifications will remove them from the table; however, they can be searched for using the filter button.

Note:

Notifications can no longer be exported once they have been Archived.

- b. Not archiving the Notifications will keep them in the table and update their status to Exported. Notifications can be Exported as many times as needed.

5. Click **Export**. The .xml file will be downloaded in your browser.

Showing 15 records

3.3.2. .csv Format

Notifications can be exported in the .csv format for tracking purposes; however, the file cannot be used in Payroll XD as this format is not compatible with the Payroll XD functionality. Notifications are downloaded in a .csv file and the status remain New. A Success popup can be seen in the bottom left-hand corner when the Notifications are exported.

The screenshot displays the 'HMRC Notifications' app interface. On the left is a dark sidebar menu with options: 'Menu', 'Profiles', 'HMRC Notifications' (expanded), 'P6 Notifications', 'P9 Notifications' (selected), 'SL1 Notifications', 'SL2 Notifications', 'PGL1 Notifications', and 'PGL2 Notifications'. The main area is titled 'P9 Notifications for Chris Jones' and includes buttons for 'Refresh table', 'Get new data', 'Archive exported', and 'Export notifications'. Below the title is a table with columns: 'Issue Date', 'Retrieval Date', 'Employee Name', 'NINO', 'Works Number', 'Effective Date', and 'Status'. The table lists 15 notifications, all with a status of 'Exported'. A green success popup is visible at the bottom right, stating 'Success' and 'Download of file ExportedP9Notifications.csv was successful.' The bottom left of the screen shows 'Showing 15 records'.

4. Archiving Notifications

Exported Notifications can be archived in two ways:

- Manually archived.
- Automatically archived.

Once Notifications are archived, they can no longer be exported. They can be seen in the HMRC Notification app by using the Filter option to Show Archived Records.

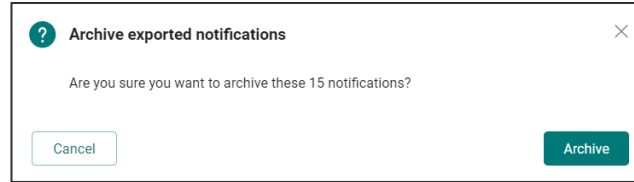

The screenshot shows the 'P9 Notifications for Chris Jones' interface. At the top, there is a header bar with a filter icon (highlighted with a red box), 'Refresh table', 'Get new data', 'Archive exported', and 'Export notifications' buttons. Below the header is a table with columns: Issue Date, Retrieval Date, Employee Name, NINO, Works Number, Effective Date, and Status. The table contains 12 rows of data, all with a status of 'Exported'. A 'Notification filter' dialog box is open in the center, featuring a toggle switch for 'Show Archived Records' (highlighted with a red box), a 'Cancel' button, and an 'Apply filter' button.

Issue Date	Retrieval Date	Employee Name	NINO	Works Number	Effective Date	Status
28/02/2024	03/10/2024	Dactylogy Daddie	RN000001A	HG1109	06/04/2024	Exported
28/02/2024	03/10/2024	Dairy Dais Damson	RN000002B	NXZ03L	06/04/2024	Exported

28/02/2024	03/10/2024	Diminish Dismissory	RN000008D	JD02G3	06/04/2024	Exported
28/02/2024	03/10/2024	Diptych Direct	RN000009A	333P49	06/04/2024	Exported

4.1. Manually Archiving Notifications

Notifications with the Export status can be Manually Archived, to do this:

1. Click **Archive Exported**.

2. A confirmation box will pop up, confirming the number of Notifications that will be Archived. Click **Archive**.
