1. Introduction

1.1. Purpose of this Guide

The purpose of this document is to provide guidance on how to use the new *OneView* screen in Payroll.

1.2. The Purpose of the OneView Screen

The purpose of the *OneView* screen is to provide a one-stop-shop which:

- Reduces the requirement to access multiple screens.
- Reduces the time it takes to check and correct payroll.
- Makes it easier to investigate errors by improving transparency.
- Allows you to review and action an employee's *Payroll Messages*.
- Compares the current payroll period's pay elements to the previous payroll period's pay elements and displays the percentage change.
- Allows you to immediately review an employee's pay elements once payroll is calculated.

1.3. Overview of the OneView Screen

The new *OneView* screen is available to access from the *Employee Dashboard* in Payroll. The *OneView* screen contains a payroll period drop-down menu, allowing you to switch between the current payroll period and previous payroll periods.

The *OneView* screen displays the following information:

- The *Payroll Messages* window which allows you to review and action *Payroll Messages* for the current payroll period and review *Payroll Messages* for previous payroll periods.
- The *Period Summary* window which displays the total Gross Pay, total Deductions and Nett Pay for the payroll period, along with the percentage change from the previous payroll period.
- The *Year to Date* window which displays the payroll figures accumulated up to and including the current payroll period, mirroring the details on the employee's payslip.
- The *Pay Details* window which breaks down the payroll period's Earnings and Deductions pay elements by pay code, with an option to breakdown the pay codes by appointment.

2. OneView Screen

2.1. Menu Options Required

The following menu profile has been created for users to be assigned on XD Portal. This includes all appropriate menu options.

Menu Profile	Description
OneView_User	This grants access to all menu options linked to the OneView screen.

To access the *OneView* screen, the user requires the following menu options:

Menu Option	Description	System
EMPLOYEE DASH - ONE VIEW READ ONLY	MAIN MENU - EMPLOYEE DASH > EMPLOYEE DASH - ONE VIEW READ ONLY	CorePortal Pay
Get details deductions	Payslip > Get details deductions	Webservices
Get details deductions Proxy (Pay Access)	Payslip > Get details deductions Proxy (Pay Access)	Webservices
Get details cumulatives	Payslip > Get details cumulatives	Webservices
Get details cumulatives Proxy (Pay Access)	Payslip > Get details cumulatives Proxy (Pay Access)	Webservices
Get details totals	Payslip > Get details totals	Webservices
Get details totals Proxy (Pay Access)	Payslip > Get details totals Proxy (Pay Access)	Webservices
Get details earnings	Payslip > Get details earnings	Webservices
Get details earnings Proxy (Pay Access)	Payslip > Get details earnings Proxy (Pay Access)	Webservices
Get payments periods	Payroll > Get payments periods	Webservices
Get payments periods Proxy (Pay Access)	Payroll > Get payments periods Proxy (Pay Access)	Webservices
Get periods	Payroll > Get periods	Webservices

2.2. Access the OneView Screen

To access the *OneView* screen:

1. Go to *Payroll Dashboard > Employee > View* or
Payroll Dashboard > Manage Payroll > Inputs > Manage Payroll Employees.
2. Select *OneView*.

The screenshot shows the 'Manage Payroll Employees' interface for Rafael Maguire. The left sidebar contains a search bar and a list of categories: Current Period, Additional, Deductions, Pension, Benefit in Kind, Allowances, Cost Allocations, Temporary Reinstatement, Statutory and Absences, and Absence Summary. The 'OneView' option is highlighted under 'Current Period'. The main content area displays employee details (Rafael Maguire, Employee Reference No 000247, PPS Number 627057JM), payroll period (202044, 01-Oct-20 - 31-Oct-20), and a 'Payroll Messages' section with four messages: Key (Value timesheet 2000 contains no value), Warning (Current PRSI class B1 different to previous periods class A1), Notification (Employee is on emergency tax basis), and System (1 Employee(s) processed). To the right, there are two summary tables: 'Period Summary' and 'Year to Date'. The 'Period Summary' table shows Gross Pay (2939.59), Deductions (1503.25), and Net Pay (1436.34). The 'Year to Date' table shows Gross Earnings (6000.00), Taxable Pay (5879.17), Pre Tax Deductions (120.83), and Paye (1763.76). At the bottom, there is a 'Pay Details' table with columns for Type, Pay Code, Appointment, Hours, Rate, YTD Value, Current Value, Previous Value, and % Change. The table shows Earnings for Budget Analyst 1000 and Deductions for Budget Analyst 502247-103.

2.3. Information Displayed on the OneView Screen

The *OneView* screen consists of the following four windows:

1. Payroll Messages
2. Period Summary
3. Year to Date
4. Pay Details

This screenshot is identical to the one above, but with numbered callouts (1, 2, 3, 4) highlighting the four main sections of the OneView screen: 1. Payroll Messages, 2. Period Summary, 3. Year to Date, and 4. Pay Details.

2.3.1. Payroll Messages

Payroll Messages replace the current process of checking *Observation Messages*. *Payroll Messages*, once generated, detail all errors, warnings and notifications for the current payroll period.

The status of *Payroll Messages*, for the current payroll period, can be reviewed and actioned by payroll users through the *Payroll Messages* window.

The status of *Payroll Messages*, generated in [Previous Payroll Periods](#), are carried forward and can be reviewed by payroll users through the *Payroll Messages* window.

Note:

For further details on *Payroll Messages*, including how to action *Payroll Messages*, see the [Enhanced Payroll Messages and Unprocessed Employees](#) user guide.

Payroll Messages		
Key	Value timesheet 2000 contains no value	⋮
Warning	Current PRSI class B1 different to previous periods class A1	⋮
Notification	Employee is on emergency tax basis	⋮
System	1 Employee(s) processed	⋮

2.3.2. Period Summary

The *Period Summary* window displays the total Gross Pay, total Deductions and Nett Pay for the payroll period, along with the percentage change from the previous payroll period.

Period Summary		
Gross Pay	4916.67	0%
Deductions	2325.57	+4%
Net Pay	2591.10	-3%

**Note:**

Where a percentage change exists, review the employee's pay details for the current payroll period.

Before Payroll is calculated for the current payroll period, no data will show.

2.3.3. Year to Date

The *Year to Date* window displays the payroll figures accumulated for the tax year up to and including the current payroll period, mirroring the details on the employee's payslip.

Year to Date	
Gross Earnings	14750.01
Taxable Pay	14750.01
Pre Tax Deductions	0
Paye	5900.00

**Note:**

- The Year to Date cumulative figures displayed are for 'This Employment Only'.
- The employee and employer pension details display when viewing previous payroll periods.

The *Year to Date* window displays the following values:

- Gross Earnings to date.
- Taxable pay to date.
- Pre-tax deductions to date.
- PAYE to date.
- The employee's tax cut off.
- The employee's tax credit.
- The employee's tax basis.
- USC to date.

- LPT to date.
- The employee's PRSI class.
- The employee's PRSI weeks to date.
- Employee PRSI to date.
- Employer PRSI to date.
- The employee pension to date (only displays when viewing previous payroll periods).
- The employer pension to date (only displays when viewing previous payroll periods).

2.3.4. Pay Details

The *Pay Details* window which breaks down the payroll period's Earnings and Deductions pay elements by pay code, with an option to breakdown the pay codes by appointment.

Pay Details								
Type	Pay Code	Appointment	Hours	Rate	YTD Value	Current Value	Previous Value	% Change
▼ Earnings								
	Accountant 1000	Accountant 502216-23			9833.34	4916.67	4916.67	0%
▼ Deductions								
	EMPLOYEE PRSI 6500	Accountant 502216-23			393.34	196.67	196.67	0%
	PAYE 6000	Accountant 502216-23			3933.33	1966.66	1966.67	0%
	USC 6017	Accountant 502216-23			244.23	162.24	81.99	+98%

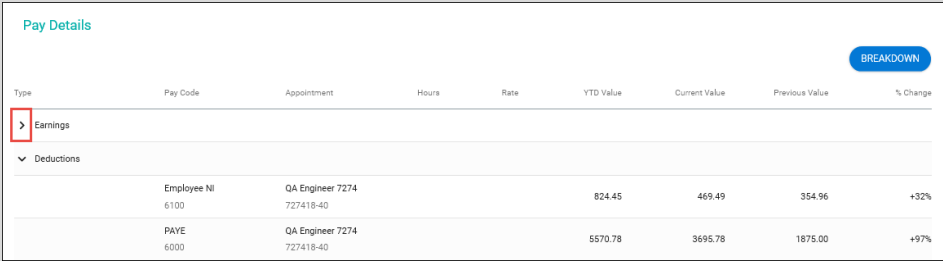

Note:

- The *Pay Details* window populates once payroll is calculated. To calculate payroll, run the following task:
 - 5-Step Payroll: Generate the *Payroll Validation* task.
 - 3-Step Payroll: Generate the *Calculate Payroll* task.
 - Single employee: Generate a *Trial Payroll* task.
- The *Pay Details* window remains blank until payroll is calculated.

Pay Details Window Columns

The *Pay Details* window displays the following information:

Column	Description
Type	This column displays the Earnings and Deductions in a tree structure, with an option to expand and collapse the groupings. To expand/collapse the earnings or deductions grouping: - Select  to expand a grouping.  - Click  to re-collapse the grouping.
Pay Code	This column displays the pay code reference and the pay code description. Note: Where a Pay Code has the Rule "Payslip Override Description" configured, the pay code column will display the value configured in the Pay Code.
Appointment	This column displays the appointment to which the pay code is associated; Where an employee has more than one appointment, the substantive appointment displays.
Hours	This column displays the hours associated with the pay code, where the pay code has a value type of 'Hours.'
Rate	The column displays the rate at which the hours are paid, i.e. the current value divided by the number of hours.

Column	Description
	Note: Where an employee has more than one appointment, more than one rate may exist for the hourly pay code. In this case, the sum of the current values is divided by the sum of the hours, effectively giving an average hourly rate, see section 2.3.5 Pay Details Breakdown.
YTD Value	This column displays the 'Year to Date' value of the pay code.
Current Value	This column displays the current value of the pay code, i.e. this payroll period.
Previous Value	This column displays the previous value of the pay code, i.e. the value before this payroll period.
% Change	This column displays the percentage change from the previous payroll period to the current payroll period. Note: Where no previous value exists, as in the case of a new starter or where a pay code is used for the first time, the percentage change will be blank.

Adjust Column Widths

You can adjust the width of any column in the *Pay Details* Window.

To adjust the width of a column:

1. Place the cursor between two columns until the crosshair arrow appears.
2. Click and drag to adjust the column width.

Pay Details

GROUP BY

Type	Pay Code	Appointment	Hours	Rate	YTD Value	Current Value	Previous Value	% Change
▼ Earnings								
	Budget Manager 1000	Budget Manager 502218-6			17333.32	4333.33	4333.33	0%
▼ Deductions								
	Employee Nil 6100	Budget Manager 502218-6			1633.32	408.33	408.33	0%

Note:

Column widths reset to the original layout once you close the *Report Centre*.

Reorder Columns

Follow these steps to **reorder** a column:

1. Click the column header and hold.
2. Drag to a new position, using the green arrows as a guide.

Pay Details

Type	Pay Code	Appointment	Hours	Rate	YTD Value	Current Value	Previous Value	YTD Value	% Change

! Note:

Reordered columns reset to the original layout once you close the *Report Centre*.

2.3.5. Pay Details Breakdown

By default, Earnings and Deductions pay elements are broken down by pay code, to breakdown the pay codes by appointment:

1. Select the **Breakdown**.

Pay Details

Type	Pay Code	Appointment	Hours	Rate	YTD Value	Current Value	Previous Value	% Change
▼ Earnings								
	Overtime @ 1.00 2001	QA Engineer 7274 727418-40	75	20.78	1558.22	1558.22		
	QA Engineer 7274 1001	QA Engineer 7274 727418-41			3333.33	2083.33	1250.00	+67%
	SALARY 1000	QA Engineer 7274 727418-40			5000.00	2500.00	2500.00	0%
	Salary 7500	QA Engineer 7274 727418-40			1250.00	1250.00		

The *Breakdown* window opens.

Breakdown

Displaying by pay code only

Appointment ID ☐

CANCEL OK

2. Enable the *Appointment ID* indicator to breakdown the pay codes by appointment.
3. Click **OK**.

Pay Details								
Type	Pay Code	Appointment	Hours	Rate	YTD Value	Current Value	Previous Value	% Change
▼ Earnings								
	Overtime @ 1.00 2001	QA Engineer 7274 727418-40	25	14.38	1558.22	359.59		
	Overtime @ 1.00 2001	QA Engineer 7274 727418-41	50	23.97	1558.22	1198.63		
	QA Engineer 7274 1001	QA Engineer 7274 727418-41			3333.33	2083.33	1250.00	+67%
	SALARY 1000	QA Engineer 7274 727418-40			5000.00	2500.00	2500.00	0%
	Salary 7500	QA Engineer 7274 727418-40			1250.00	500.00		
	Salary 7500	QA Engineer 7274 727418-41			1250.00	750.00		

Note:

- The pay codes are now broken down by appointment.
- The current value for each appointment displays.
- The YTD value displays the total YTD value for the pay code, i.e. the YTD value is not broken down by appointment.

2.4. How to View Previous Payroll Periods

The *OneView* screen contains a *Payroll Period* drop-down menu, allowing you to switch between the current payroll period and previous payroll periods.

The screenshot shows the OneView interface for employee Hasad Byrne. The 'Payroll Period' dropdown menu is highlighted with a red box and an arrow, showing the current period '01-Sep-20 - 30-Sep-20'. The interface includes sections for Payroll Messages, Pay Details, and a Historical Period Summary table.

Type	Pay Code	Appointment	Hours	Rate	YTD Value	Current Value	Previous Value	% Change
Earnings	Budget Analyst 1000	Budget Analyst 502247-93			18666.64	2333.33	2333.33	0%

! Note:

- Once a previous payroll period is selected; the *Payroll Messages*, *Pay Summary*, *Year to Date* and *Pay Details* windows display messages, values and percentage changes relevant to that payroll period.
- The title of the *Pay Summary* window now displays as *Historical Period Summary*.

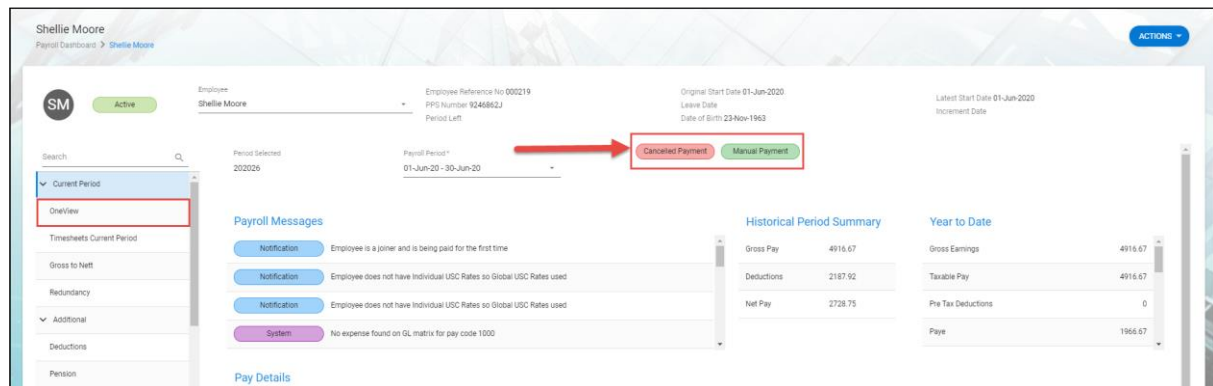

Historical Period Summary		
Gross Pay	4246.66	0%
Deductions	1151.60	0%
Net Pay	3181.73	0%

- Where an employee transfers pay group, the previous period pay details will not be available to view in the *OneView* screen.
 - This applies to transfers within a payroll company, and to a separate payroll company.
 - This applies even when the user has access to the pay group from which the employee was transferred.

2.5. Cancel and Manual Payments

2.5.1. OneView Screen

When a previous period is selected from the *payroll period* drop-down menu, a notification chip displays on the screen if a payment has been cancelled or a manual payment has been issued.

2.5.2. Period Summary and Pay Details

Where a previous payroll period has been cancelled, or a manual payment has been issued for a previous payroll period, the pay elements displayed reflect the original pay details.

Note:

To view the original payslip transactions where a previous payroll period has been cancelled, or a manual payment has been issued for a previous payroll period:

Go to *Payroll Dashboard > Enquiry > Payslips*.

2.5.3. Historical Period Summary

The *Historical Period Summary* window does not update to reflect the cancelled or manual payment but continues to display the original pay details processed for the payroll period.

2.5.4. Year to Date

Where a previous payroll period has been cancelled, or a manual payment has been issued for a previous payroll period, the cumulatives update once the *Complete Update* task is processed for the current period.

Therefore, the cumulatives figures displayed in the *Year to Date* window do not reflect the cancelled or manual payment for both:

- The payroll period for which cancelled or manual payment was issued.
- The payroll periods between the period for which the cancelled or manual payment was issued, and the current payroll period.

Note:

The cumulatives figures displayed in the *Year to Date* window reflect the cumulative figures displayed on the original payslip.

3. Frequently Asked Questions

3.1. Supplementary Runs

Supplementary Run pay details are not displayed on the *OneView* screen. Where a supplementary run has been processed, use one of the following screens to review:

- *Enquiries > Timesheets.*
- *Enquiries > Payslips.*
- *Enquiries > Payments.*

3.2. Pay Group Changes

Where an employee transfers pay group, the previous period pay details will not be available to view in the *OneView* screen.

Note:

- This applies to transfers within a payroll company, and to a separate payroll company.
- This applies even when the user has access to the pay group from which the employee was transferred.
