1. Introduction

1.1. Purpose of this Guide

The purpose of this document is to provide guidance on how to use the new Joiners and Rejoiners feature in PeopleXD Payroll including:

- How to view and process salary approvals
- How to join employees into Payroll individually and in bulk.
- How to rejoin employees into Payroll individually and in bulk.
- Increased transparency on how to action rejoiners in Payroll.

1.2. What is the Enhanced Process?

1. Salary Approvals

- Provides improved visibility of outstanding salary approvals.

2. Joiners

- Allows you to efficiently bulk join employees into Payroll after set up in People Management.
- Gives you the ability to select default values for all mandatory fields required to add employees into Payroll.
- Where required you can still use the *Tax Details* screen for joining employees.

3. Rejoiners

- Allows you to efficiently bulk rejoin employees into Payroll after set up in People Management.
- Allows you to change a rejoiner's Pay Group before rejoining them into Payroll.
- Provides full transparency around rejoiners processed within People Management.
- Action is required to process rejoiners on Payroll for the current payroll run.

Note: Inclusion of rejoiners in the enhanced process is based on the configuration of the *Synchronisation of Joiner and Rejoiner Process* indicator in People Management. For further details see article: [Process joiners and rejoiners](#).

1.3. Configuration Required

The following parameter needs to be enabled use the enhanced process:

Parameter Code	Description
enhanced_jml_enable	Setting this parameter to Y means that the client is using enhanced JML.

To enable the parameter:

1. Navigate to the **Administrator Dashboard**.
2. On the **Site Manager** widget open the **Admin Settings** option.
3. Search for **enhanced_jml_enable**.
4. Click **Edit**.
5. Update the value to **Y**.

2. Salary Approvals

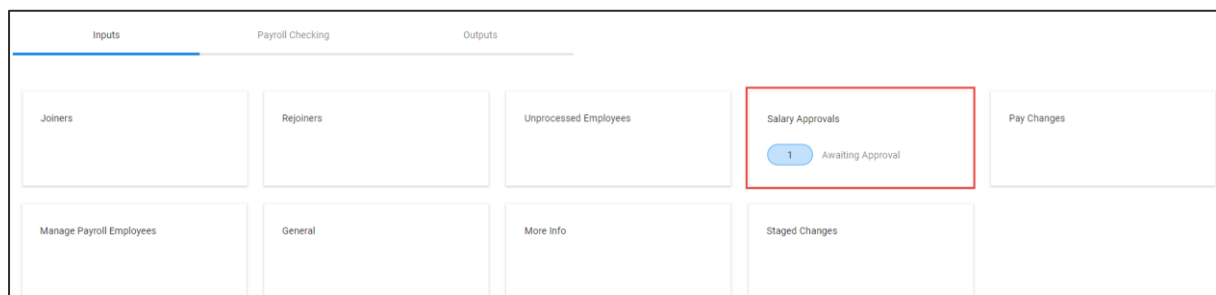

2.1. Salaries Awaiting Approval

Salary approvals are linked to the salary approvals configuration in People Management. If salary approvals have not been configured salaries will not need to be approved using this process.

Note: Further details on salary approvals in People Management can be found here:

- [Salary Approval Configuration - User Guide](#)
- [Salary Approvals - User Guide](#)

The total number of new or amended salaries, which have been set in People Management, will display on the Salary Approvals tile in the Inputs tab on the Payroll Dashboard.

Note: You can only view and action outstanding salary approvals if you have been provided the required approval access i.e.

- HR Post Access
- Pay Groups Access
- Organisational role

2.2. The Awaiting Approval Screen

To access the *Awaiting Approval* screen, follow the below steps:

1. On the **Payroll Dashboard** click the **Manage Payroll** tab.
2. Select a **Pay Group**.
3. Click the **Inputs** tab.
4. Click **Salary Approvals**.

The screen comprises of 4 separate tabs, listed across the top of the screen, each displaying salary approval items based on different rules.

Awaiting Approval								
Payroll Dashboard > Awaiting Approval								
My Approval Items All Outstanding Items All Rejected Items All Approval Items								
Search								
Employee Reference	Name	App. ID	Job Title	Effective Date	Type	Pay Group	Reason	
000120	Barry Smith	502209-9	Recruitment Consultant	15-Mar-2019	Salary	2	Redeployment	VIEW
000204	Trevor Hemmings	502218-4	Budget Manager	09-Jun-2021	Salary	2	Pay Rate Change	VIEW

1 - 2 of 2

Tab	Description
My Approval Items	This displays all of the salary or allowance amendments that are assigned to you for approval. Click View to open the <i>Salary Request Details</i> screen, which provides more information about the request and allows you to approve or reject it.
All Outstanding Items	This screen provides a view of all salary amendments that are currently in a status of "Outstanding" and you have access to. This includes amendments that are with you to approve but also items that are with others to approve. Click View to open the <i>Salary Approval History</i> screen.
All Rejected Items	This screen provides a view of all salary amendments that have a status of "Rejected" and you have access to. This includes salaries that you have rejected and salaries that have been rejected by your colleagues. Click View to open the <i>Salary Approval History</i> screen.

Tab	Description
All Approval Items	This screen provides a view of all salary amendments that have a status of “Approved” and you have access to. This includes salaries that you have approved and salaries that have been approved by your colleagues. Click View to open the <i>Salary Approval History</i> screen.

2.3. Approve or Reject Salaries and Allowances

To approve or reject a salary or allowance:

1. Navigate to the **Awaiting Approval** screen
2. Click the **My Approvals Items** tab.
3. Search for the salary/allowance you want to action.
4. Click **View**

REJECT **APPROVE**

5. Review the request details:
 - a. Current Salary and New Salary
 - b. Current Allowances and New Allowances
 - c. Expand the **Actions** menu to review
 - i. Cost Allocations
 - ii. Contract details
6. Click **Approve** or **Reject**.
7. Enter a **Comment**.
8. Click **OK**.

3. Joiners

3.1. Joiners Awaiting Processing

Once new employees are onboarded in People Management and their salary is approved, the total number of unprocessed joiners displays on the *Joiners* tile within the Pay Groups Inputs tab.

3.2. The Joiners Screen

To access the Joiners screen, follow the below steps:

1. On the **Payroll Dashboard** click the **Manage Payroll** tab.
2. Select a Pay Group and click the **Inputs** tab.
3. Click **Joiners**.

Joiners													
Payroll Dashboard > Joiners													
New Joiners for pay period Jun-2022													
Search	Q	Current											ACTIONS
Date Input	Start Date	Employee Reference	Name	Age	PPS Number	Input Loc...	Pay Slip Loca...	USC Stat...	PRSI Class	Paid by TL...	Week One	Emergency	Selected
20-Oct-2022	07-Jun-2022	001578	Alice Jones	24	04-Apr-1998								After Cutoff
19-Oct-2022	15-Jun-2022	001596	Greg Charles	57	01-Jan-1965								Before Cutoff

The table below details the fields on the Joiners screen:

Item	Mandatory	Description
Date Input	Prepopulated	The date the joiner was processed in People Management.
Start Date	Prepopulated	The employee's start date.
Employee Reference	Prepopulated	The employee's reference number.
Name	Prepopulated	The employee's name.
Age	Prepopulated	The employee's age and date of birth.

Item	Mandatory	Description
PPS Number	N	The employee's PPS Number completed for the new employee in People Management.
Input Location	Y	Select the employee's input location from the drop-down menu.
Payslip Location	Y	Select the employee's payslip location from the drop-down menu.
USC Status	Y	Select the employee's USC Status from the drop-down menu, i.e. • Subject to USC. • Exempt.
PRSI Class	Y	Select the employee's PRSI Code from the drop-down menu.
Paid by Timesheets	N	Enable this indicator if an employee is to be paid by timesheets (positive input).
Week One	N	Enable this indicator if this employee's income tax is to be calculated on a week one basis.
Emergency	N	Enable this indicator if this employee's income tax is to be calculated on an emergency base.
Status	N/A	This status informs you if the new joiner was processed in People Management: • Before the Payroll Cutoff • After the Payroll Cutoff This will only show in conjunction with the Payroll Cutoff Feature
Selected	N/A	This indicator is used to select or deselect employees to join into Payroll. An employee can only be selected once their details have been populated and they are ready to be joined.

3.3. Filtering the Joiners Screen

3.3.1. Search

Use the search field to search the Joiners screen by:

- Employee Name (Surname or Forename)
- Employee Reference Number
- PPS Number

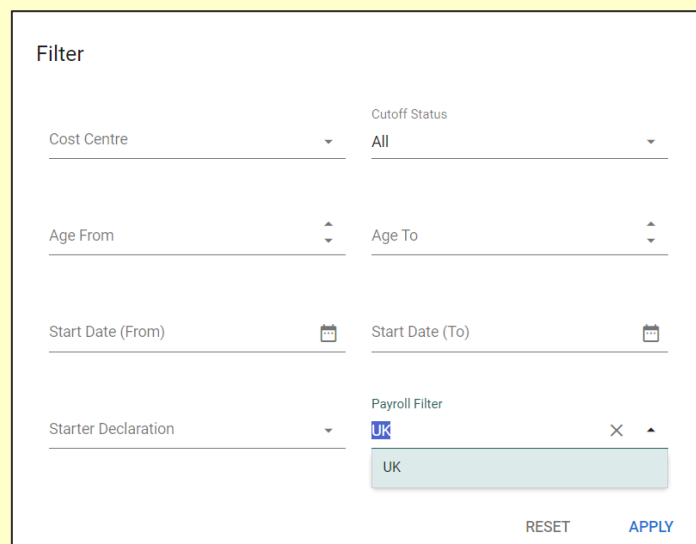

3.3.2. Period Filter

Use the drop-down menu to filter by:

- Current Period - this includes unprocessed joiners from previous periods.
- Future Periods.
- All – current and future periods.

3.3.3. Filtered Search

Note: The Joiners and Rejoiners screen may already have filters applied if you are using a Default Payroll Filter.

The screenshot shows a 'Filter' dialog box with the following fields and options:

- Cost Centre:** A dropdown menu.
- Cutoff Status:** A dropdown menu currently set to 'All'.
- Age From:** A date input field with a calendar icon.
- Age To:** A date input field with a calendar icon.
- Start Date (From):** A date input field with a calendar icon.
- Start Date (To):** A date input field with a calendar icon.
- Starter Declaration:** A dropdown menu.
- Payroll Filter:** A dropdown menu currently set to 'UK', with a search bar showing 'UK' and a list of options below it.

At the bottom right of the dialog box are two buttons: 'RESET' and 'APPLY'.

Click the filter icon to filter the screen by:

- Cost Centre
- Cut Off Status
 - All

- Before Cut Off
 - After Cut Off
- Age From
- Age To
- Start Date (from)
- Start Date (to)
- Payroll Filter

3.4. Actions Menu

3.4.1. Export Joiners List to Excel

The new joiner list for the payroll period can be exported to excel. This will download all joiners for the Pay Group set up in People Management but not yet brought into Payroll.

To export to excel:

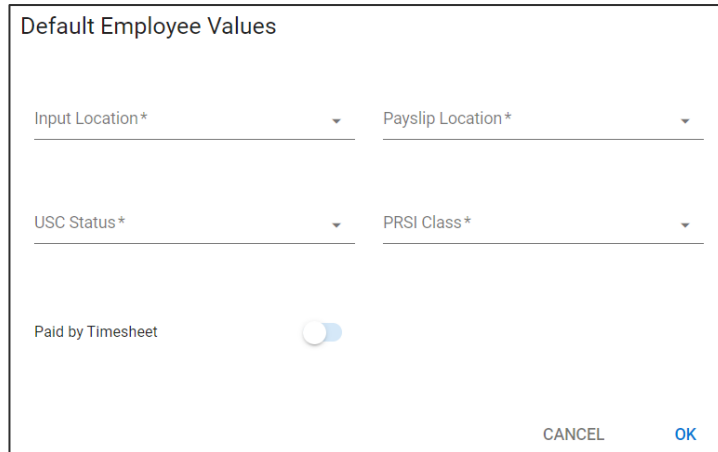

1. Expand the **Actions** menu.
2. Click **Download Joiners**.
3. The excel will download to your desktop.

3.4.2. Default Values

Default values can be applied to all of the mandatory fields for the employees in the Joiners screen.

To apply default values:

1. Expand the **Actions** menu.
2. Click **Default Values**.

Default Employee Values

Input Location* Payslip Location*

USC Status* PRSI Class*

Paid by Timesheet ☒

CANCEL OK

3. Select the Default Values to apply to all employees.
4. Click **OK**.
5. The Default Values are now entered for all employees on the screen. These can be reviewed and amended as required.

Note: When defaulting values this will only be applied to the employees on the first page of the screen. The screen displays a maximum of 50 employees.

3.5. Process a Joiner

3.5.1. Process an Individual Joiner

To process an individual Joiner:

1. Navigate to the **Joiners** screen
2. Populate the mandatory fields.
 - The *Selected* indicator will automatically enable for an employee once all mandatory fields have been populated.
3. Enable the relevant indicators for the employee.
4. Click **Join Selected Employees**.

JOIN SELECTED EMPLOYEES

5. The employee is now joined and can be viewed and managed on the Payroll Dashboard.

The joiners count for the Pay Group will increase to reflect the change and can be viewed on the Manage Payroll Tab.

3.5.2. Process Joiners in Bulk

To bulk join employees:

1. Navigate to the **Joiners** screen
2. Populate the mandatory fields. To do this in bulk:
 - a. Expand the **Actions** menu.
 - b. Click **Default Values**.
 - c. Select the Default Values to apply to all employees.
 - d. Click **OK**. This will populate all employees with the default values selected.
 - e. Amend any required values.
3. The *Selected* indicator will automatically enable for employees once all mandatory fields have been populated.
4. Enable the relevant indicators for the employees.
5. Turn off the *Selected* indicator for any employees you do not wish to join.

JOIN SELECTED EMPLOYEES

6. Click **Join Selected Employees**.
7. The employees are now joined and can be viewed and managed on the Payroll Dashboard.

The joiners count for the Pay Group will increase to reflect the change and can be viewed on the Manage Payroll Tab.

 **Note:** When defaulting values and bulk joining employees this will only be applied to the employees on the first page of the screen. The screen displays a maximum of 50 employees.

-  **Note:**
- When using 3 Step Payroll: Calculate Payroll task must be re-run to include this joiner in the current payroll run.
 - When using 5 Step Payroll: Salaries & Allowances and Payroll Validation tasks must be re-run to include this joiner in the current payroll run.

3.6. View Tax Details

You can access the Tax Details screen from the Joiners screen. This can be useful to review the tax details entered for the employee in People Management. And update additional fields not on the Joiners screen.

To access the employee Tax Details screen from the Joiners screen:

1. Navigate to the **Joiners** screen
2. Expand the 3-dot menu next to the relevant employee.
3. Click **View Tax Details**.

XD Payroll: Enhanced Joiners and Rejoiners Payroll Processing

The screenshot shows the 'Tax details' screen in the XD Payroll system. The breadcrumb trail is 'Payroll Dashboard > Joiners > Tax details'. The employee information at the top includes 'Employee name: Alice Jones', 'Employee reference no: 000278', and 'PPS number'. Below this is the 'Pay Profile' section with fields for 'Start Date' (07-Jun-2022), 'Latest Start Date', 'Leave Date', 'Period P45 Issued', and 'Pay Group' (30). A note says 'Please Enter the Payroll Start Date applicable to th...'. The 'Pay Group Description' is '30 - Monthly Payroll'. There is an 'Input Location*' dropdown menu with the instruction 'Enter a valid Input Location or choose from list of ...'. A toggle for 'Paid from Timesheet Input' is shown. The 'Pay Details' section includes 'Position' (Grade 1), 'Point' (9999), 'Rate' (30000), and 'Multiplier' (1). The 'Payslip Options' section has a 'Payslip Options*' dropdown, a 'Print Payslip' toggle, and a 'Print P60' toggle. At the bottom, there is an 'access PeopleXD' logo and two buttons: 'USC THRESHOLDS' and 'SAVE'.

3.6.1. Irish Tax Details Screen

This screen is pre-populated with the following details entered on People Management:

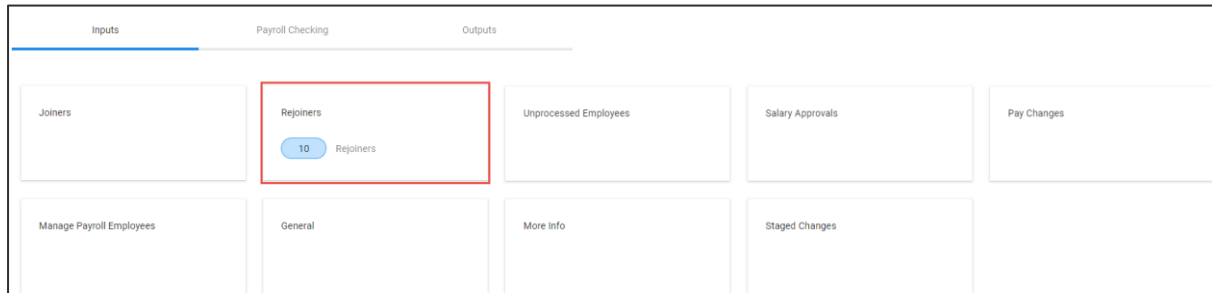

- Start Date
- Pay Group
- Position
- Point
- Rate
- Multiplier
- PPS Number

Further fields are available and can be amended as needed.

4. Rejoiners

4.1. Rejoiners Awaiting Processing

A rejoiner is an employee who has left and has a status of Dormant on PeopleXD. Once a dormant employee has been rehired in People Management and their salary is approved, the total number of unprocessed rejoiners displays on the Rejoiners tile within the Inputs tab on the Payroll Dashboard.

4.2. The Rejoiners Screen

To access the Rejoiners screen, follow the below steps:

1. On the **Payroll Dashboard** click the **Manage Payroll** tab.
2. Select a **Pay Group**.
3. Click the **Inputs** tab.
4. Click **Rejoiners**.

Rejoiners													
Payroll Dashboard > Rejoiners													
Rejoiners for pay period Oct-2021													
Search													ACTIONS
Date Input	Original Start Date	New Start Date	Employee R...	Name	Age	PPS Number	Input Locati...	Payslip Loc...	USC Status	PRSI Class	Paid by TL...	Week One	Emergency
07-Aug-2...	01-May-20...	02-Feb-20...	72130000...	Ann Simps...	49	1234567T	STANDAR...	Work		A1			After Cutoff
07-Aug-2...	01-May-20...	01-Jan-20...	72130000...	John Ryan	49	1234567T	STANDAR...	Work		A1			Before Cutoff

Note: Inclusion of rejoiners in the enhanced process is based on the configuration of the *Synchronisation of Joiner and Rejoiner Process* indicator in People Management. This indicator needs to be enabled for rejoiners to be processed using the enhanced feature. To do this:

1. Navigate to **People Management Dashboard > Data Centre > System Parameters Advanced**
2. Enable the **Synchronisation of Joiner and Rejoiner Process** toggle
3. Click **Save**

The majority of fields on the Rejoiners screen are the same as those on the Joiners screen. See section [4.2. The Joiners Screen](#) for more details.

The table below details the additional fields on the Rejoiners screen:

Field	Description
Original Start Date	The date the employee originally started.
New Start Date	The new start date for the employee rejoining.

4.3. Filters, Actions Menu and View Tax Details

Option	Description
Filters	The filters available are the same as those on the Joiners screen. See section Filtering the Joiners Screen for more details.
Actions Menu	The actions available are the same as those on the Joiners screen. See section Actions Menu for more details.
View Tax Details	This is the same process as on the Joiners screen. See section View Tax Details for more details.

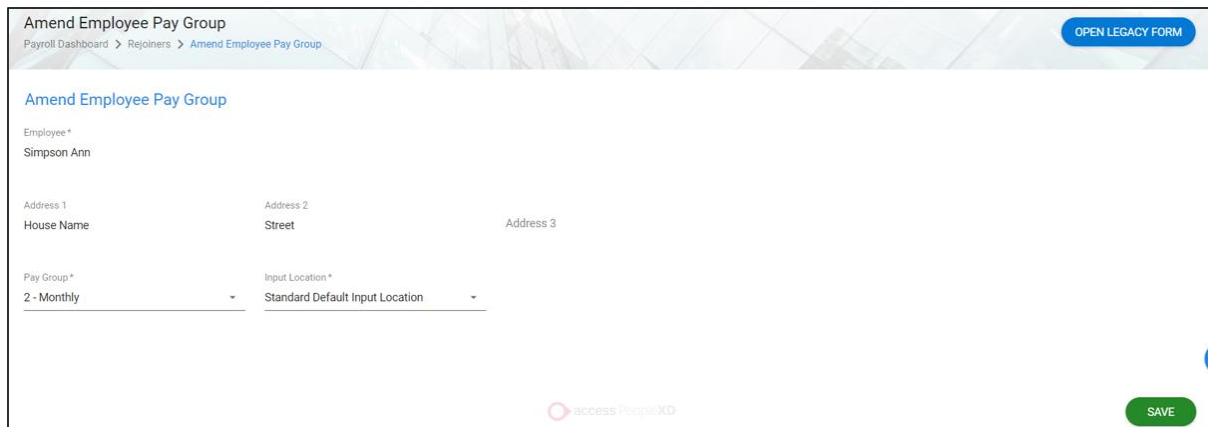

4.4. Amend Pay Group

Before rejoining an employee into Payroll, their Pay Group can be amended using the Rejoiners screen.

To amend a rejoiner's Pay Group.

1. Navigate to the **Rejoiners** screen
2. Expand the 3-dot menu next to the relevant employee.

3. Click **Amend Pay Group**.

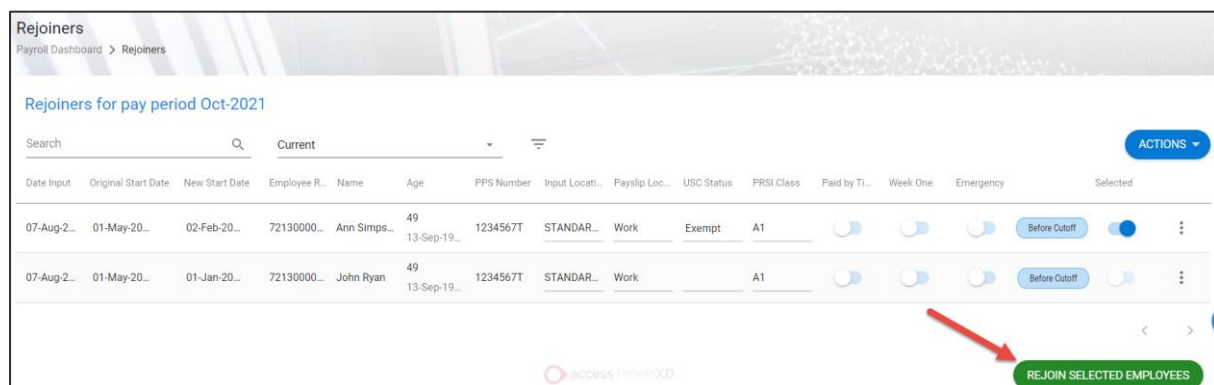

4. Select the new **Pay Group** from the *Pay Group* drop-down list.
5. Click **Save**.

4.5. Process a Rejoiner

4.5.1. Process an Individual Rejoiner

To process an individual rejoiner:

1. Navigate to the **Rejoiners** screen
2. Populate the mandatory fields.
 - The *Selected* indicator will automatically enable for an employee once all mandatory fields have been populated.
3. Enable the relevant indicators for the employee.
4. Click **Rejoin Selected Employees**.

Date Input	Original Start Date	New Start Date	Employee R...	Name	Age	PPS Number	Input Locati...	Payslip Loc...	USC Status	PRSI Class	Paid by TI...	Week One	Emergency	Selected
07-Aug-2...	01-May-20...	02-Feb-20...	72130000...	Ann Simps...	49	1234567T	STANDAR...	Work	Exempt	A1	☐	☐	☐	☒
07-Aug-2...	01-May-20...	01-Jan-20...	72130000...	John Ryan	49	1234567T	STANDAR...	Work		A1	☐	☐	☐	☐

5. The employee is now rejoined and can be viewed and managed on the Payroll Dashboard.

The rejoiners count for the Pay Group will increase to reflect the change and can be viewed on the Manage Payroll Tab.

4.5.2. Process Rejoiners in Bulk

To bulk rejoin employees:

1. Navigate to the **Rejoiners** screen
2. Populate the mandatory fields. To do this in bulk:
 - a. Expand the **Actions** menu.
 - b. Click **Default Values**.
 - c. Select the Default Values to apply to all employees.
 - d. Click **OK**. This will populate all employees with the default values selected.
 - e. Amend any required values.
3. The *Selected* Indicator will automatically enable for employees once all mandatory fields have been populated.
4. Enable the relevant indicators for the employees.
5. Turn off the *Selected* indicator for any employees you do not wish to rejoin.
