1. Introduction

1.1. Purpose of this Guide

This document provides guidance on how to process the following employee scenarios:

- Joiners
- Rejoiners
- Leavers
- Temporary Reinstatements

Scenario	Overview
Joiners	New joiners to the company, added via <i>People Management</i> , need to be brought into <i>Payroll</i> to be processed.
Rejoiners	These are previous employees who have left the company and have a status of 'Dormant', returning to a new position with the company. These employees will be processed as <i>Rejoiners</i> in <i>People Management</i> , and need to be brought into <i>Payroll</i> to be processed.
Leavers	The initial leavers' process starts in <i>People Management</i> , where the leave date will be recorded for the employee. Payroll is notified that the employee is leaving this period. No action is required.
Temporary Reinstatements	This returns a dormant employee to active on a temporary basis (usually for the current payroll period). This allows you to submit timesheets and make a payment to an employee whose leave date has elapsed.

2. Processing Joiners

New joiners to the company, need to be brought into payroll to be processed. A new joiner to a pay group must be approved (dependent on configuration). Only when the approval has been processed, will that employee be added to the payroll and have their payment processed.

Note:

If your organisation is using Salary Approvals, then the employee's salary needs to be approved in *People Management* prior to joining them in *Payroll*. Go to *People Management > Command Centre > Salary Approvals*.

Joiners are identified by a count on the pay groups widget.

2.1. Bring a New Hire into Payroll

All new joiners who have been added in *People Management* will appear in *Payroll* as an approval. These employees need to be approved by the payroll administrator.

To do this:

1. Go to *Payroll Dashboard > Manage Payroll*.
2. Select a **Pay Group** and click the **Inputs** tab.
 - The **Approvals** tile displays a number if there are approvals pending. These are only for employees in the selected pay group.

The screenshot shows the 'Manage Payroll' interface. At the top, there's a table with columns: Pay Groups, Key Observations, Stage, Payroll Completion, Joiners, Leavers, Rejoiners, and Mode. The table lists three pay groups: '2 - Monthly (Uk)', '3 - Weekly (Uk)', and '4 - Monthly (Ire)'. Below the table, there are three tabs: 'Inputs', 'Payroll Checking', and 'Outputs'. The 'Inputs' tab is selected. In the 'Inputs' section, there are four tiles: 'Approvals', 'Pay Changes', 'Manage Payroll Employees', and 'General'. The 'Approvals' tile is highlighted with a red box and shows a count of '1' with the text 'Awaiting Approval'.

Note:

Where an employee has been added with future start date, the new employee will not appear in the approvals until that pay period.

3. Click **Approvals**.

Payslip Options

This dashboard is pre-populated with the following details entered on People Management:

- Start Date
- Pay Group
- Position
- Point
- Rate
- Multiplier
- NI Number

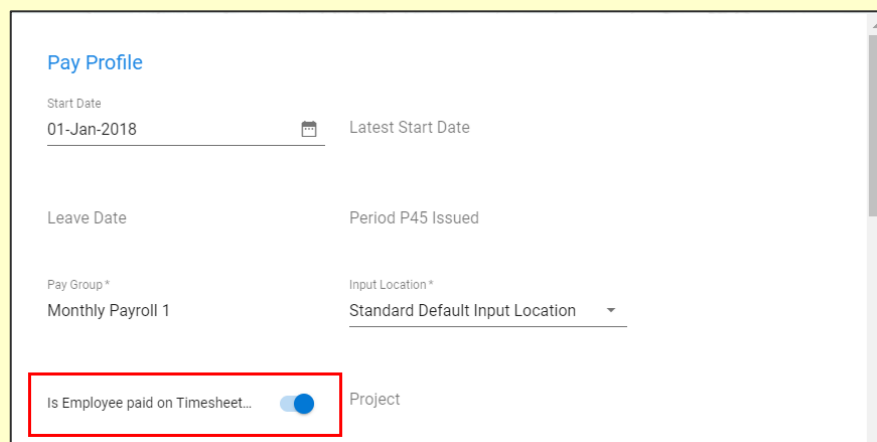

The following fields are mandatory and must be updated:

Field	Description
Input Location	Select an input location from the drop-down menu.
Payslip Option	Select Payslip Location from the <i>Payslip Options</i> drop-down menu and then select a payslip location from the <i>Payslip Location</i> drop-down menu.
NI Letter	Enter a relevant NI Letter for the employee, e.g. "A".
Tax Code	Enter a relevant NI Letter for the employee, e.g. "100L".
Starter Declaration	Select a starter declaration option from the drop-down menu.

Note:

There is an optional field which does require review. If the employee is to be paid based on Timesheet Input, the following indicator needs to be enabled:

- **Is Employee paid based on Timesheet input?:**

The screenshot shows a 'Pay Profile' form with the following fields:

- Start Date: 01-Jan-2018
- Latest Start Date
- Leave Date
- Period P45 Issued
- Pay Group *: Monthly Payroll 1
- Input Location *: Standard Default Input Location
- Is Employee paid on Timesheet...: ☒ (This field is highlighted with a red box in the image)
- Project

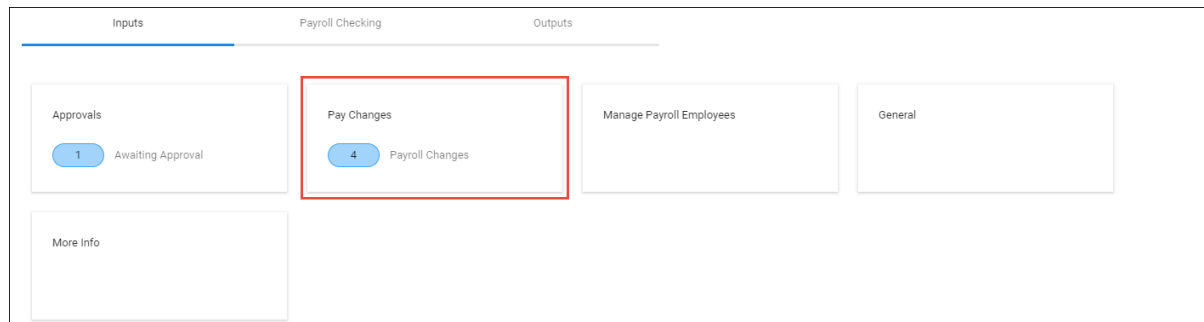

When the indicator is on Timesheets must be entered for this employee to be paid.

5. Click **Save**. The employee is now joined and is ready for payroll processing.

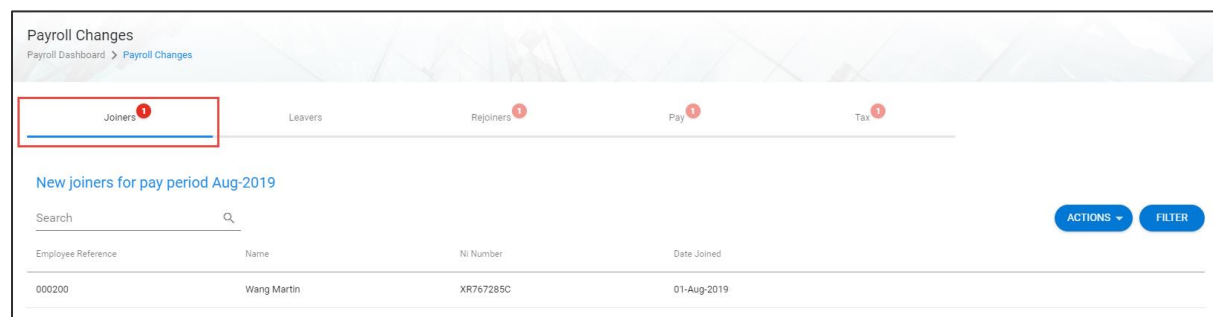

2.2. Review Pay Changes (Read-Only)

The **Pay Changes** tile on the *Inputs* tab indicates that there are pay-related changes for the payroll period. These are read-only identifiers for the employee recently joined. To view these:

1. Click **Pay Changes**.

2. Click **Joiners**. Review any joiners for the payroll period.

3. Processing Rejoiners

Rejoiners are previous employees who have left the company and have a status of 'Dormant' but are returning to a new position with the company. Like new joiners, rejoiners will need to be approved and added to payroll so they can be processed. These employees will be processed as rejoiners in *People Management* but require approval in *Payroll*.

Note:

If your company uses Salary Approvals, then the rejoiners salary needs to be approved this can be done before or after processing them as a rejoiner.).

Re-joiners are identified by a count on the pay groups widget.

3.1. Processing a Rejoiner

1. Go to *Payroll Dashboard > Manage Payroll*.
2. Select a **Pay Group** and click the **Inputs** tab.
3. Click **Approvals**.
4. Click the **Rejoiners** tab.

5. Click **Join**.
6. Review the Tax Details screen. This will hold details from their previous employment.
7. Click **Save**.
8. The employee is now re-joined, and the following are updated:
 - Status is updated to Active
 - Latest Start Date is updated to reflect the new re-join date.

3.1.1. Approve a Rejoiners Salary

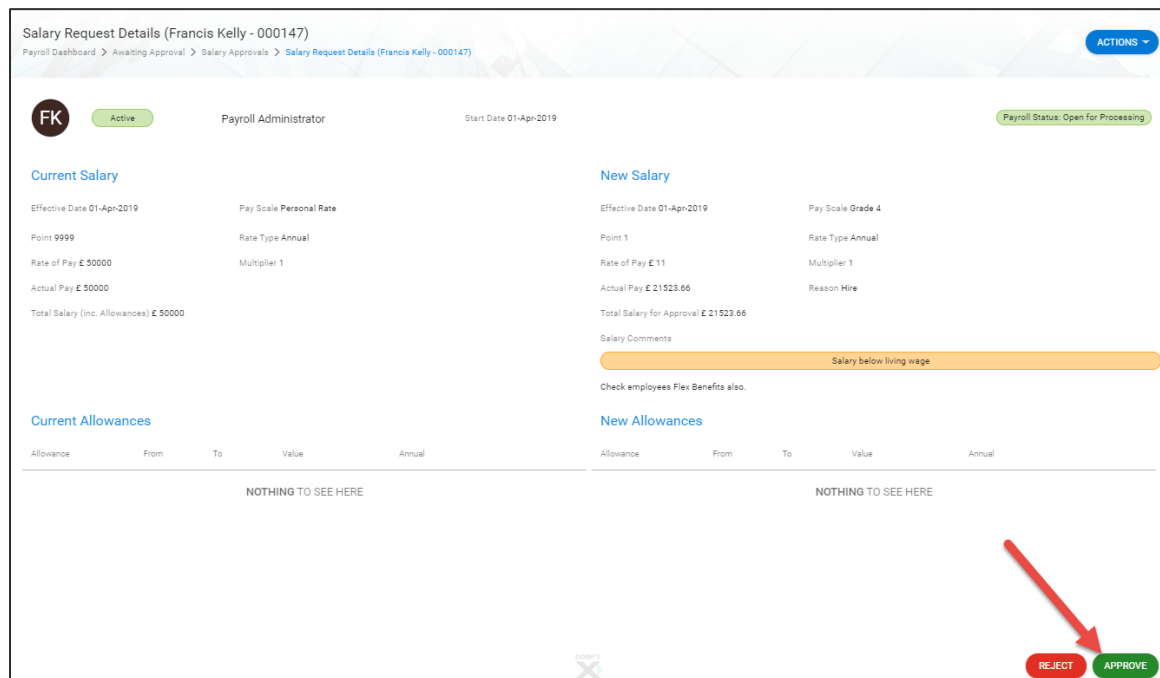

To approve a rejoiners salary:

1. Go to *Manage Payroll > Inputs > Approvals > Rejoiners*.
2. Click **Salary Approvals**.
3. Search for the rejoiner and click **View**

Employee Reference	Name	App. ID	Job Title	Effective Date	Type	Pay Group

3.2. Review Pay Changes (Read-Only)

The **Pay Changes** tile on the *Inputs* tab indicates that there are pay-related changes for the payroll period. These are read-only identifiers for the employee recently re-joined. To view these:

1. Click **Pay Changes**.

2. Click the **Rejoiners** tab.
3. Review any rejoiners for the payroll period.

4. Leavers in Payroll

4.1. Process Leavers

The leaver process begins in *People Management*, where the HR administrator records the leave date for the employee. The leave date only appears to the payroll administrator for the payroll period in which it falls. For example, if it is currently Sept 2019, and the employee is leaving on the 10th Oct 2019, they will not appear to the payroll administrator until the Oct 2019 payroll period is being processed for their pay group.

Leavers are identified by a count on the pay groups widget.

Pay Group	Key Observations	Stage	Payroll Completion	Joiners	Leavers	Rejoiners	Mode
1 - Monthly Payroll (UK) Current Period: Apr-2019	4	Last Step Payroll Validation Date run: 20/11/19 09:43		6	0	0	PROCESS PAYROLL
2 - Monthly (UK) Current Period: Jul-2019	9	Ready to run Salaries & Allowances		2	1	0	PROCESS PAYROLL
3 - Weekly (UK) Current Period: 201904	2	Last Step Payroll Validation Date run: 25/11/19 09:05		0	1	0	PROCESS PAYROLL

Note:

For leavers, no approval or action is required in *Payroll*. The number of leavers for the current payroll period is displayed on the pay group widget and *Payroll* displays a read only list of leavers on the *Pay Changes* screen. These are observations that show changes to the pay group which impact payroll for the current period.

4.2. Review Pay Changes (Read-Only)

To view leaver details for the current payroll period:

1. Go to *Payroll Dashboard > Manage Payroll*.
2. Select a **Pay Group** and click the **Inputs** tab.
3. Click **Pay Changes**.
4. Click the **Leavers** tab.

VIEW

! **Note:**

Payroll holds the dormant employee's record. This is useful where potential future payroll events are required for the employee i.e. Rejoin or Temporary Reinstatement.

5. Temporarily Reinstate a Dormant Employee

To submit a timesheet and make a payment to an employee after they have left the company, you can reinstate an employee on a temporary basis. This returns the dormant employee to an active status for the current payroll period only.

Note:

This can only be completed for employees whose records currently show them as 'Dormant'.

5.1. Temporary Reinstate

To do this:

1. Go to the *Payroll Dashboard* and click the **Employee** tab.
2. Filter the screen to show Dormant employees.

Filter Employees

Status Dormant	PPS Number
Employee Reference	Pay Group

3. Search for the employee and click **View**.
4. Click the **Temporary Reinstate** tab.
