1. Introduction

1.1. Purpose of this Guide

This document provides guidance on how to maintain pensions at employee level in Payroll. The document will explore in more detail the following tasks:

- View Pensions for the employee.
- Add a Pension for the employee.
- Edit a Pension for the employee.

Note: This is not applicable if your organisation is using a 'Pension by Appointment' setup. If that is the case, please refer to the People Management user guides for training on that feature.

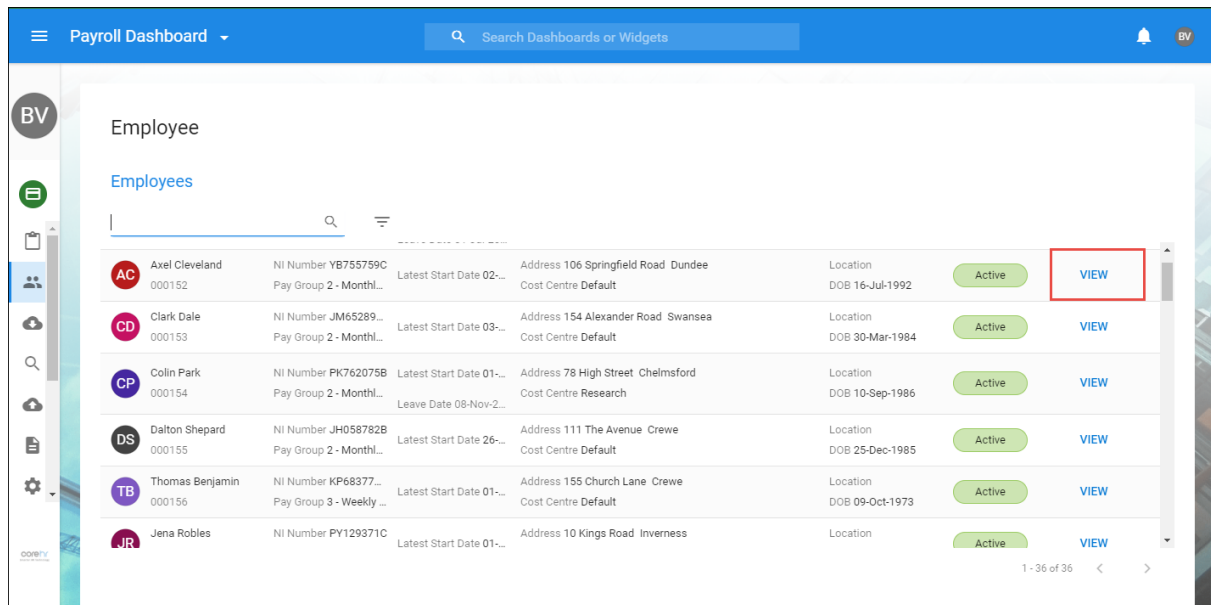

- **Pension by Person:** CoreHR is configured to attach pension schemes to employees' records in payroll.
- **Pension by Appointment:** CoreHR is configured to attach pension schemes to employees' posts or contracts in HR.

2. Maintain Pensions

2.1. Add a Pension

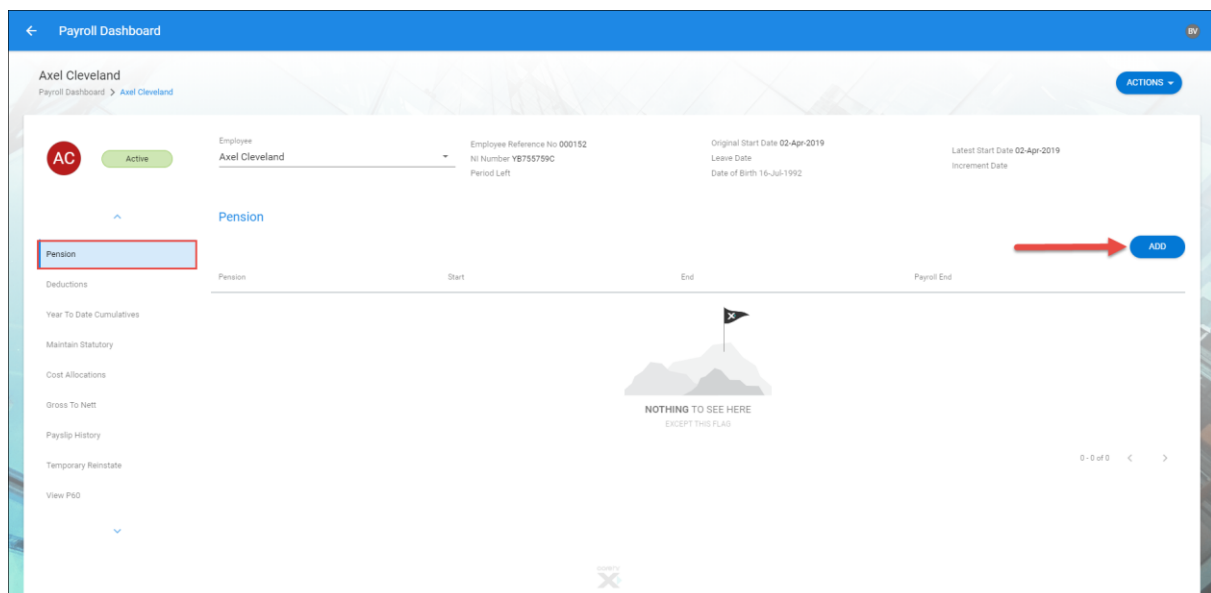

To add a pension to the employee record:

1. Go to *Payroll Dashboard > Employee > Employee Dashboard*.
2. Select an employee and click **View**.

The Employee Dashboard opens.

3. Select **Pension** from the left-hand menu.

Payroll: Maintain Pension by Employee

Note: Any existing pensions allocated to the employee record will appear here.

4. Click the **Add** button.

The screenshot shows the 'Thomas Benjamin' employee record in a payroll system. The 'Pension' section is active, and the 'ADD' button is highlighted with a red box. The employee's details include: Employee Reference No 000156, NI Number KP683779C, Original Start Date 01-Mar-2019, Leave Date, Latest Start Date 01-Mar-2019, Date of Birth 09-Oct-1973, and Increment Date. The 'Pension' table is empty, and a message 'NOTHING TO SEE HERE EXCEPT THIS FLAG' is displayed.

5. Complete the *Create Pension* screen by filling in the relevant pension fields.

The screenshot shows the 'Add Pension' screen for Thomas Benjamin. The form includes fields for 'Select Scheme', 'Select Appointment', 'Start Date*', 'End Date', and 'Payroll End Date'. Below these are sections for 'Employee Contributions' and 'Employer Contributions'. The 'Employee Contributions' section has fields for 'Percentage One', 'Percentage Two', 'Percentage Three', and 'Employer Contribution Multiplier'. The 'Employer Contributions' section has fields for 'Percentage' and 'Value Contribution'. The 'SUBMIT' button is highlighted with a green box.

6. Select a pension scheme from the *Select Scheme* drop-down menu. E.g. Standard Defined Contribution Scheme.
7. Select the relevant appointment the scheme is to be allocated to.
8. Enter a start date and if applicable and end date for the pension scheme.

Payroll: Maintain Pension by Employee

9. Add a Payroll End Date. This applies to Post Management clients only where the user may require the ended % pensions and allowances to be processed.

10. Add the *Employee Contribution* details.

Note: These fields auto populate with the details from the Pension Scheme set up in *Settings > Pension Schemes*. If necessary, you can overwrite these values. Any values entered here will be specific to this employee.

11. Click **Submit**.

Employee Contributions

Field	Description
Percentage One Override	This is the fixed employee contribution value to the pension.
Percentage Two & Three Override	These fields are only required if the employee percentage contribution calculation needs to be considered in three parts. For example, this is a requirement for certain Irish schemes where the OAP rate is to be deducted from the pensionable pay before applying the first 3.5% but is not to be deducted from the pensionable pay before applying the second 1.5%.
Override	This field allows a deduction to be changed at the individual employee level for this pension scheme. This can also be applied to all 3 deductions.
Employer Contribution Multiplier	If populated, the employer contribution is calculated as employee contribution (Deduction Percentage (EE) 1 + 2 + 3) multiplied by the value entered in this field.
Value Contribution	Enter the Employee Pension deduction value to override the Pension Schemes deduction value.

Employer Contributions

Field	Description
Percentage (s)	Override the employer's percentage contribution on behalf of the employee.
Value	Override the employer's value contribution on behalf of the employee.
