Version	Date	Author	Details
1.0	19 th Nov 2019	Brian O'Keeffe	Published to Access LMS.
1.1	13 th Oct 2020	Brian O'Keeffe	Update to section 2.1. Report Centre .

1. Introduction

1.1. Purpose of this Guide

This document provides guidance for managing payroll reports using Payroll.

This includes:

- Managing reports using the *Report Centre*.
- Generating predefined reports

Note:

For details on how to use the new Report Centre introduced in Sep 2020, see the [Report Centre](#) user guide.

2. Overview

There are two tabs on the *Payroll Dashboard* which are used to maintain reports:

- *The Report Centre*. This is a centralised location where reports and files, when generated, are sent and stored. From here, reports can be viewed, downloaded, and shared as required.
- *Predefined Reports*. This tab consists of a widget which holds a repository of predefined reports, which the user can run as required.

2.1. Report Centre

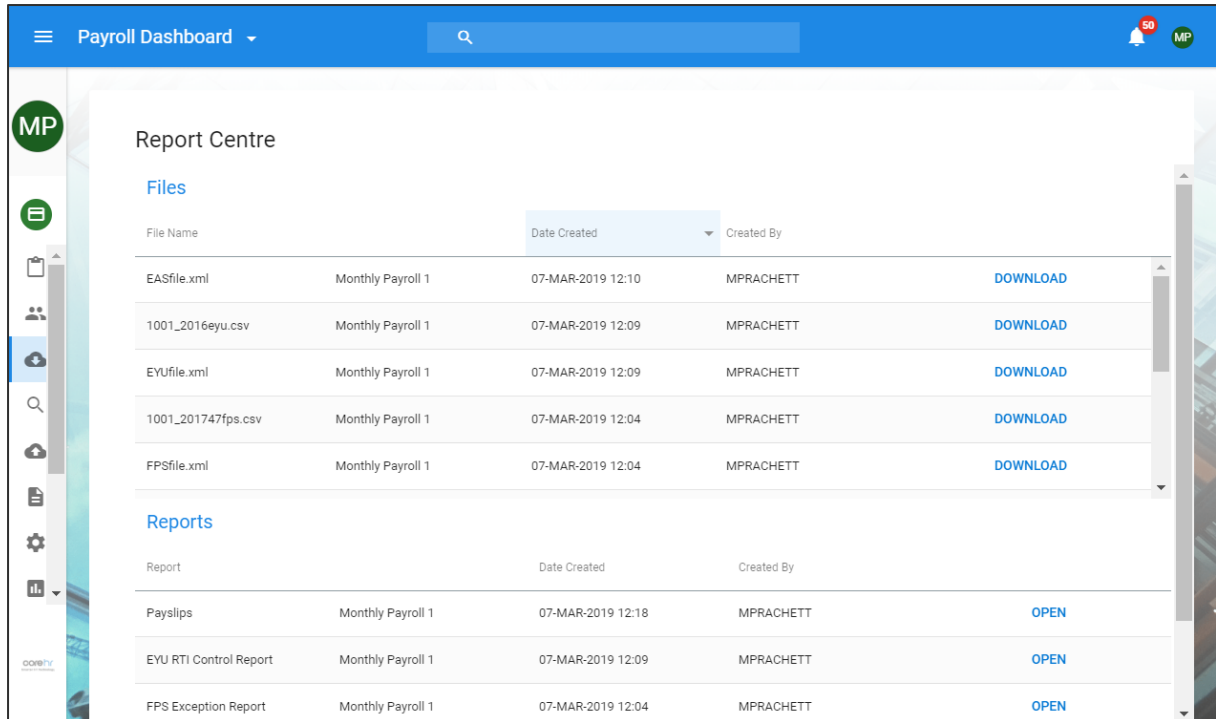

Note:

For details on how to use the new Report Centre introduced in Sep 2020, see the [Report Centre](#) user guide.

CoreHR provides a built-in *Report Centre*. This is a central location where reports and certain files, when generated, are sent and stored. You can view and download these reports or files as required.

Payroll: Maintain Reports

The screenshot shows the 'Report Centre' section of the 'Payroll Dashboard'. It is divided into two main parts: 'Files' and 'Reports'. The 'Files' section contains a table with columns for File Name, Date Created, and Created By. The 'Reports' section contains a table with columns for Report, Date Created, and Created By. Both tables list items created by 'MPRACHETT' on '07-MAR-2019'.

File Name	Date Created	Created By
EASfile.xml	07-MAR-2019 12:10	MPRACHETT
1001_2016eyu.csv	07-MAR-2019 12:09	MPRACHETT
EYUfile.xml	07-MAR-2019 12:09	MPRACHETT
1001_201747fps.csv	07-MAR-2019 12:04	MPRACHETT
FPSfile.xml	07-MAR-2019 12:04	MPRACHETT

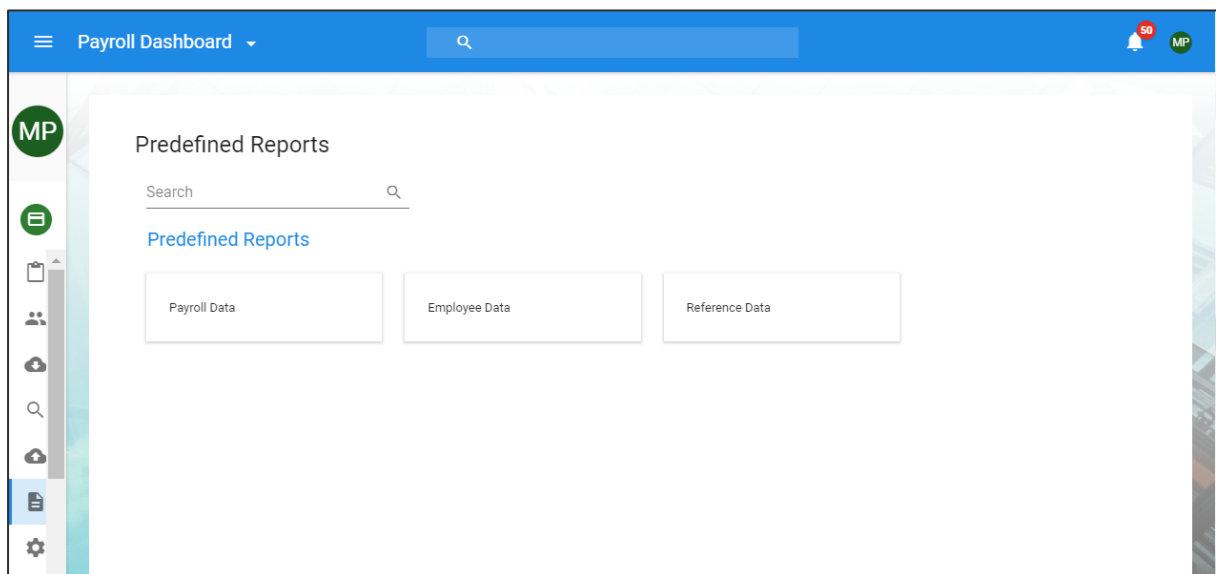

Report	Date Created	Created By
Payslips	07-MAR-2019 12:18	MPRACHETT
EYU RTI Control Report	07-MAR-2019 12:09	MPRACHETT
FPS Exception Report	07-MAR-2019 12:04	MPRACHETT

! **Note 1:** Only the user who created the report can open and download it.

! **Note 2:** The data that sits on the *Report Centre* is not encrypted.

2.2. Maintain Predefined Reports

The *Predefined Reports* tab gives you access to a series of predefined reports from which to run.

These include multiple report options for the following:

- *Payroll Data*: These include reports on Employees, Deductions, PAYE, Timesheets etc.
- *Employee Data*: These include reports on Employees, Rates, NI/PRSI, Cumulatives, Allowance Listing etc
- *Reference Data*: These include reports on Pay users and Pay Codes listings.

3. Using the Report Centre

3.1. Generating a Report

Files/reports can be generated from different screens in the *Payroll Dashboard*.

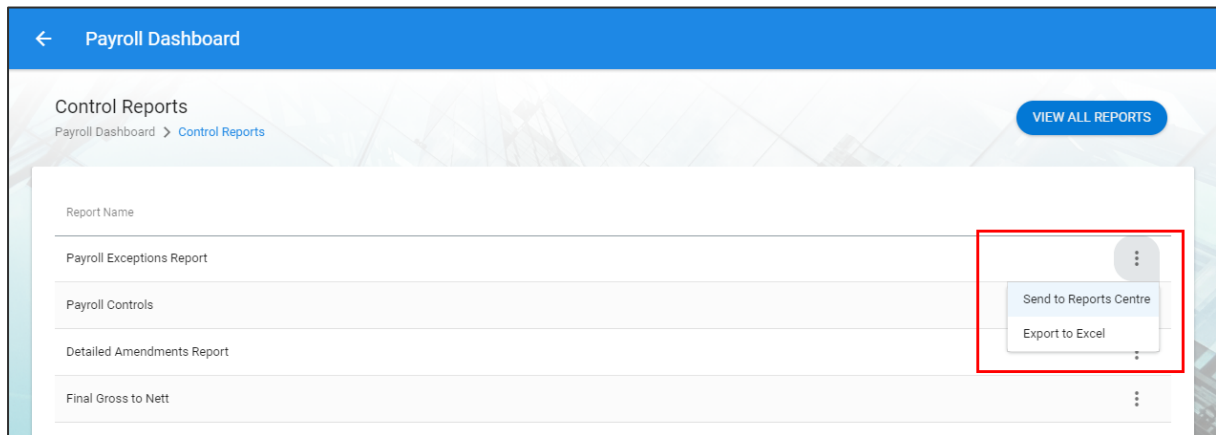

Note:

For details on how to use the new Report Centre introduced in Sep 2020, see the [Report Centre](#) user guide.

Payroll: Maintain Reports

For example, to generate the *Payroll Exceptions Report*:

1. Go to *Manage Payrolls > Payroll Checking > Control Reports*.
2. Click **Send to Reports Centre**.

3.2. Viewing the Reports Centre widget

To access the *Report Centre*, go to *Payroll Dashboard > Report Centre*.

The *Report Centre* widget consists of two sections:

- Files
- Reports

Payroll: Maintain Reports

The screenshot shows the 'Payroll Dashboard' with a 'Report Centre' section. The 'Files' section lists five files, and the 'Reports' section lists five reports. Both sections are highlighted with red boxes.

File Name		Date Created	Created By	
EASfile.xml	Monthly Payroll 1	07-MAR-2019 12:10	MPRACHETT	DOWNLOAD
1001_2016eyu.csv	Monthly Payroll 1	07-MAR-2019 12:09	MPRACHETT	DOWNLOAD
EYUfile.xml	Monthly Payroll 1	07-MAR-2019 12:09	MPRACHETT	DOWNLOAD
1001_201747fps.csv	Monthly Payroll 1	07-MAR-2019 12:04	MPRACHETT	DOWNLOAD
FPSfile.xml	Monthly Payroll 1	07-MAR-2019 12:04	MPRACHETT	DOWNLOAD

Report		Date Created	Created By	
Payroll Exceptions Report	Monthly Payroll 1	07-MAR-2019 14:17	MPRACHETT	OPEN
Payslips	Monthly Payroll 1	07-MAR-2019 12:18	MPRACHETT	OPEN
EYU RTI Control Report	Monthly Payroll 1	07-MAR-2019 12:09	MPRACHETT	OPEN
FPS Exception Report	Monthly Payroll 1	07-MAR-2019 12:04	MPRACHETT	OPEN
FPS RTI Control Report	Monthly Payroll 1	07-MAR-2019 12:04	MPRACHETT	OPEN

3.2.1. Files

The *Files* section contains a list of all files you have generated, i.e. Bank Files, RTI Files etc.

This is a close-up of the 'Files' section within the 'Report Centre'. It shows a table with five rows of file information. The first column, 'File Name', is highlighted with a red box.

File Name		Date Created	Created By	
EASfile.xml	Monthly Payroll 1	07-MAR-2019 12:10	MPRACHETT	DOWNLOAD
1001_2016eyu.csv	Monthly Payroll 1	07-MAR-2019 12:09	MPRACHETT	DOWNLOAD
EYUfile.xml	Monthly Payroll 1	07-MAR-2019 12:09	MPRACHETT	DOWNLOAD
1001_201747fps.csv	Monthly Payroll 1	07-MAR-2019 12:04	MPRACHETT	DOWNLOAD
FPSfile.xml	Monthly Payroll 1	07-MAR-2019 12:04	MPRACHETT	DOWNLOAD

The files section displays the following four details for each file generated:

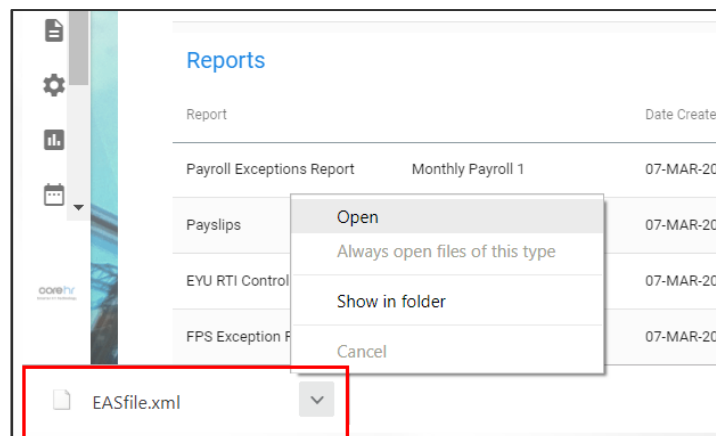

Column	Description
File Name	The name of the file generated
No Column Title	This is intentionally blank. This will display either a company or a pay group for which the file was generated.
Date Created	This stores the date the file was generated.
Created By	The username of the user who generated the file.

Note:

Each file generated will stay indefinitely in the *Report Centre*.

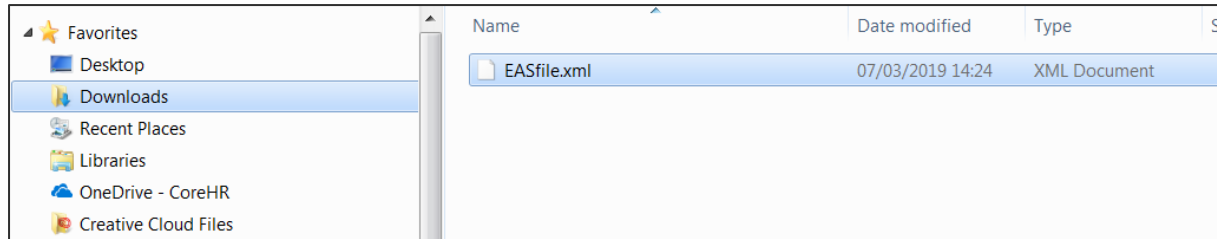

To view / download a file:

1. Click the **Download** button. The file downloads as per your browser settings, e.g. you may access it at the bottom left of your screen.

Alternatively, it is available in your downloads folder.

Payroll: Maintain Reports

3.2.2. Reports

The *Reports* section contains a list of all reports you have generated, i.e. Control Reports, Payslips, FPS Reports, P45s etc.

Reports				
Report		Date Created	Created By	
Payroll Exceptions Report	Monthly Payroll 1	07-MAR-2019 14:17	MPRACHETT	OPEN
Payslips	Monthly Payroll 1	07-MAR-2019 12:18	MPRACHETT	OPEN
EYU RTI Control Report	Monthly Payroll 1	07-MAR-2019 12:09	MPRACHETT	OPEN
FPS Exception Report	Monthly Payroll 1	07-MAR-2019 12:04	MPRACHETT	OPEN
FPS RTI Control Report	Monthly Payroll 1	07-MAR-2019 12:04	MPRACHETT	OPEN

The *Reports* section displays the following four details for each report generated:

Column	Description
Report	The name of the file generated.
No Column Title	This is intentionally blank. This will display either a company or a pay group for which the report was generated.
Date Created	This stores the date the report was generated.
Created By	The username of the user who generated the report.

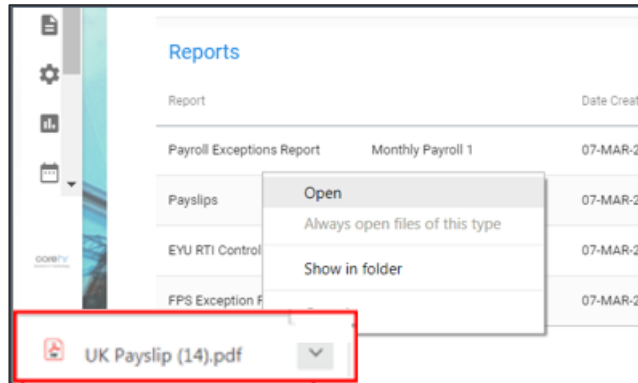

Note:

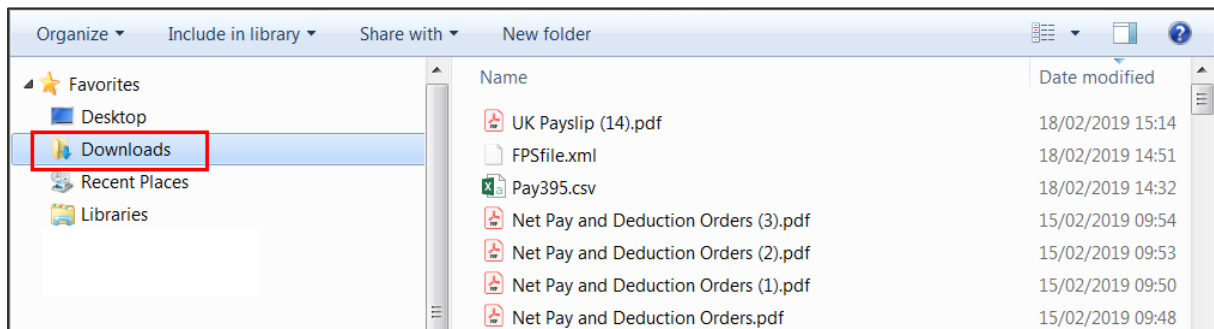

Each report generated will stay indefinitely in the *Report Centre*.

To view / download a file:

1. Click the **Open** button. The report downloads per your browser settings, e.g. you may be able to access it at the bottom left of your screen.

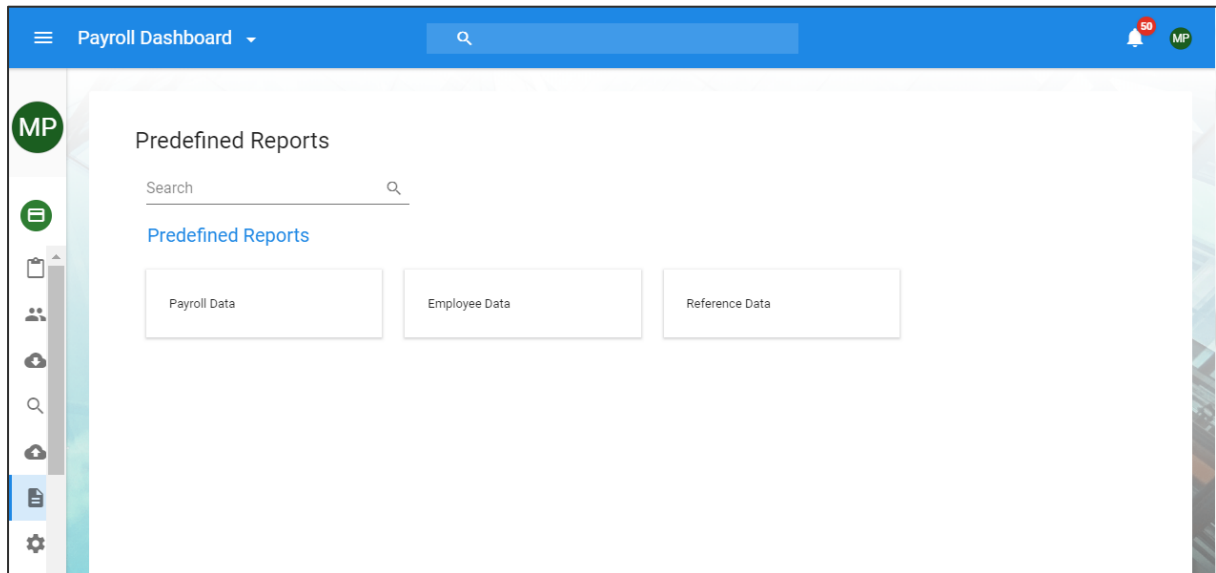

Alternatively, it is available in your downloads folder.

4. Predefined Reports

The *Payroll Dashboard* contains the *Predefined Reports* tab. This provides you with a list of predefined report templates which you can generate as required. To access the widget, go to *Payroll Dashboard > Redefined Reports*.

The widget categorises the reports into the following:

- *Payroll Data*: These include reports on Employees, Deductions, PAYE, Timesheets etc.
- *Employee Data*: These include reports on Employees, Rates, NI / PRSI, Cumulatives, Allowance Listing etc
- *Reference Data*: These include reports on Pay users and Pay Codes listings.

4.1. Generate a Report

Example: To generate the *Employee Summary Listing* report:

1. Click **Payroll Data**.

Payroll: Maintain Reports

Predefined Reports

Search 

[Predefined Reports](#)

Payroll Data

Employee Data

Reference Data

2. Select the **Employee Summary Listing** report from the *Report Name* drop-down menu.

Payroll Data

Report Name

Employee Summary Listing

Deductions Listing By Location
PAY364L

Deductions Listing By Pay Code
PAY364

Employee Summary Listing
PAY366

Paye/Prsi Analysis Listing
PAY585

Timesheet Listing
PAY095

All

☐

All

☐

All

☐

Note:

Each report can be filtered to generate by different data. For example, the “Employee Summary Listing” report can be generated by:

- Pay Group
- Employee
- Period

Payroll Data

Report Name	Employee Summary Listing	
Pay Group(s)		All ☐
Employee(s)		All ☐
Pay Code(s)		All ☐
Period(s)		All ☐
Location(s)		All ☐
Analysis Code(s)		All ☐
Report Number(s)		All ☐

3. Scroll to the bottom of the screen.

**Note:**

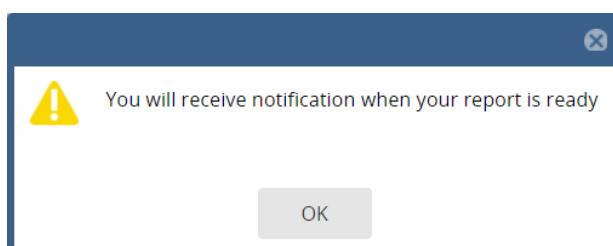

The *Report Options* section has been designed with future reports in mind. This will allow you to define the amount of detail you wish to generate in the report. Current predefined reports do not allow this, but if new reports are added in the future, users will be able to choose a **Summary** or **Detailed** report for each report type.

The screenshot shows a web interface with a section titled "Report Options". Inside this section, there are two radio buttons: "Detail" (selected) and "Summary". Below these is a text input field with the placeholder text "Enter selection criteria parameters and/or parameter ranges separated by commas." and an example: "For example :- A001, A002, A005-A010, >=A020,!A19". To the right of the input field is a blue button labeled "Run Report". A red rectangular box highlights the entire "Report Options" section, including the radio buttons, the text input field, and the "Run Report" button.

4. Click **Run Report** at the bottom of the screen.

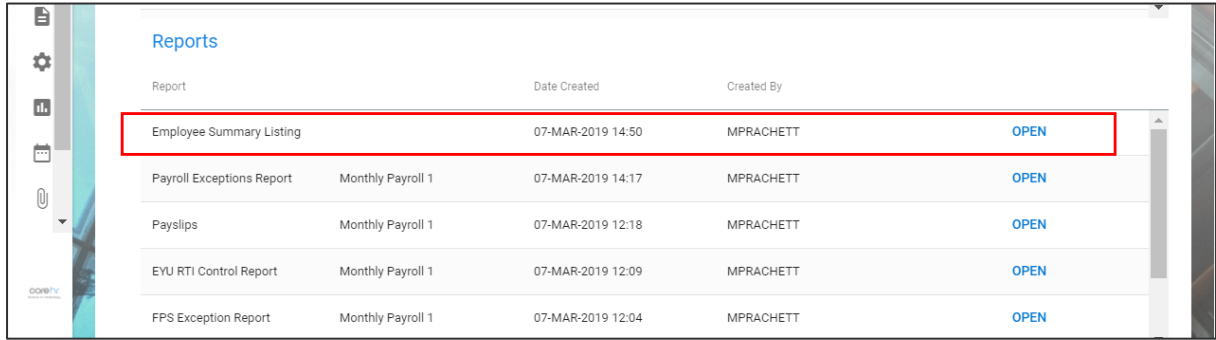

This screenshot is similar to the previous one, showing the "Report Options" section. However, the red rectangular box now only highlights the blue "Run Report" button, indicating the next step in the process.

5. Wait for notification that the report has been generated.

Payroll: Maintain Reports

6. Once notified, go to the *Report Centre*.

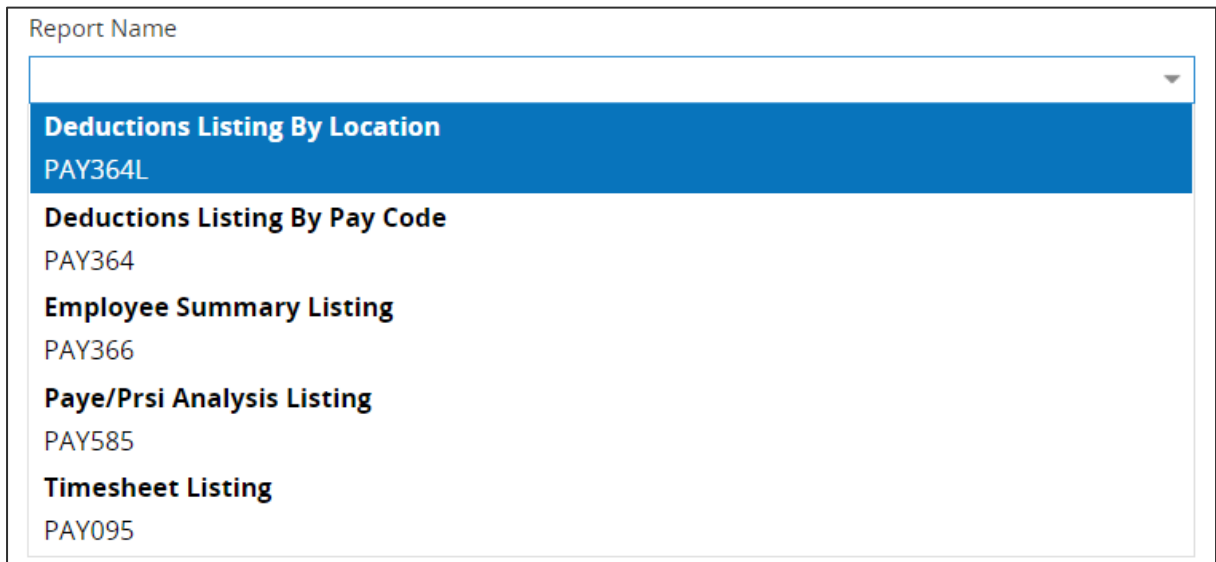

Report	Date Created	Created By	
Employee Summary Listing	07-MAR-2019 14:50	MPRACHETT	OPEN
Payroll Exceptions Report	Monthly Payroll 1	07-MAR-2019 14:17	MPRACHETT OPEN
Payslips	Monthly Payroll 1	07-MAR-2019 12:18	MPRACHETT OPEN
EYU RTI Control Report	Monthly Payroll 1	07-MAR-2019 12:09	MPRACHETT OPEN
FPS Exception Report	Monthly Payroll 1	07-MAR-2019 12:04	MPRACHETT OPEN

4.2. Reports

4.2.1. Payroll Data

There are 5 reports available to generate from the Payroll Data menu:

Report Name
Deductions Listing By Location PAY364L
Deductions Listing By Pay Code PAY364
Employee Summary Listing PAY366
Paye/Prsi Analysis Listing PAY585
Timesheet Listing PAY095

Report	Description
Deductions Listing by Location	This report is broken into sections. Each section displays employee and deduction details based on a specified location and pay group for a pay period. You can determine the criteria before the report is generated. These details are noted at the top of each page.
Deduction by Pay Code	This report is broken into sections. Each section displays employee and deduction details based on a specified Pay Code and Pay Group

Report	Description
	for a pay period determined you before the report is generated. These details are noted at the top of each page.
Employee Summary Listing	This report displays a detailed summary of each of the employees within a specific period. For each employee, a list of the Pay Codes used as part of that pay period is displayed along with the hours, days and value.
PAYE/PRSI Analysis Report	This report is also broken into sections, and each page shows a set of tax details paid within a specified pay period for a company and respective Pay Group.
Detailed Timesheet Listing	This report will show all the Pay Codes details on a timesheet for all employees in a selected Pay Group.

Example: *Detailed Timesheet Listing* report.

PAYB095D

Pay Group	1002	MONTHLY PAYROLL					Period	201752			
-----------	------	-----------------	--	--	--	--	--------	--------	--	--	--

Employee Reference	Name	Pay Code	Description	Day Hours	Value	Units	Input Location	Cost Centre	Posn	Scale Point	Hol Pers
000098	Mary Keyne	1000	SALARY	0	3333.33	0	1	1	GR2	1	0
		3500	COMPANY CAR	0	23000.00	0	1	1			
				0.00	26333.33	0.00					
000099	Stephen Fowler	1000	SALARY	0	2625.00	0	1	1	1	9999	0
					0.00	2625.00	0.00				
					0.00	28958.33	0.00				

-----End of Report-----

4.2.2. Employee Data

There are 8 employee data reports the user can generate:

Employee Data

Report Name

Employee Cumulatives (Current)

PAY084A

Employee Prsi Report (K1 To M, Over 70)

PAY155PN

Personal Rates Listing

PAY067

Employee Rate Listing

PAY9092

Employee Cumulatives (All)

PAY084B

Employee Profile Listing

PAY085

Allowance Listing By Pay Code

Scheme Code(s)

Report	Description
Employee Cumulatives (Current)	This displays the current cumulatives (Tax, Pension, Nett Pay) for all employees within a selected Pay Group.
Employee PRSI Report (K1 to M, Over 70)	This report details employees who are over 70 years and who are in a PRSI class from K1 to M.
Personal Rates Listing	This report details the employees within a Pay Group who are on a personal rate and details the rate and effective date.
Employee Cumulatives (All)	This displays all cumulatives (tax, pensionable and net pay to date) for all employees within a selected Pay Group.
Employee Rate Listing	This report details the employees in a selected Pay Group who are on a scale rate.
Employee Profile Listing	This report details the employee and their general tax and pay details.
Allowance Listing by Pay Code	This report details all allowance Pay Codes, including the start date end date and value for a specified Pay Group.
Employee Cumulatives (Previous)	This displays previous cumulatives for all employees within a selected Pay Group.

Payroll: Maintain Reports

Example: Personal Rates Listing report.

PAY067								
Pay Group	1001	MONTHLY PAYROLL 1	Rate Type	PERSONAL	Period	201826		
Employee Reference	Name	Effective Date	Input Date	Rate Seq. No.	Hourly Rate	Daily Rate	Annual Salary	Weekly Basic
000041	Green Richard	03-MAR-13	12-FEB-19	1			68000.00	
----- End of Report -----								

4.2.3. Reference Data

There are 2 reference data reports the user can generate:

Reference Reports Selection Criteria

Report Name

Payusers Listing

Pay Codes Listing

All

☐

Year(s)

All

Report	Description
Pay Users Listing	This report details the Pay Groups and input locations that each employee has access to under payroll. The report displays the employee number and then all the pay groups and the input locations to which the employee has access. This report is based on the Pay Groups Access screen where a user can allow employee access to view and work on a Pay Group.
Pay Codes Listing	This report displays all Pay Codes on the system and is grouped based on the analysis code that each is connected to. The report displays a selection of indicators as well as noting whether the Pay Code is allowance or deduction.

Example: Pay Users Listing report:

Payroll: Maintain Reports

PAYB083

Name	Pay Group	Description	Input Location	Description
