1. Introduction

1.1. Purpose of this Guide

This document provides guidance on using the *Enquiries* tab on the *Payroll Dashboard*.

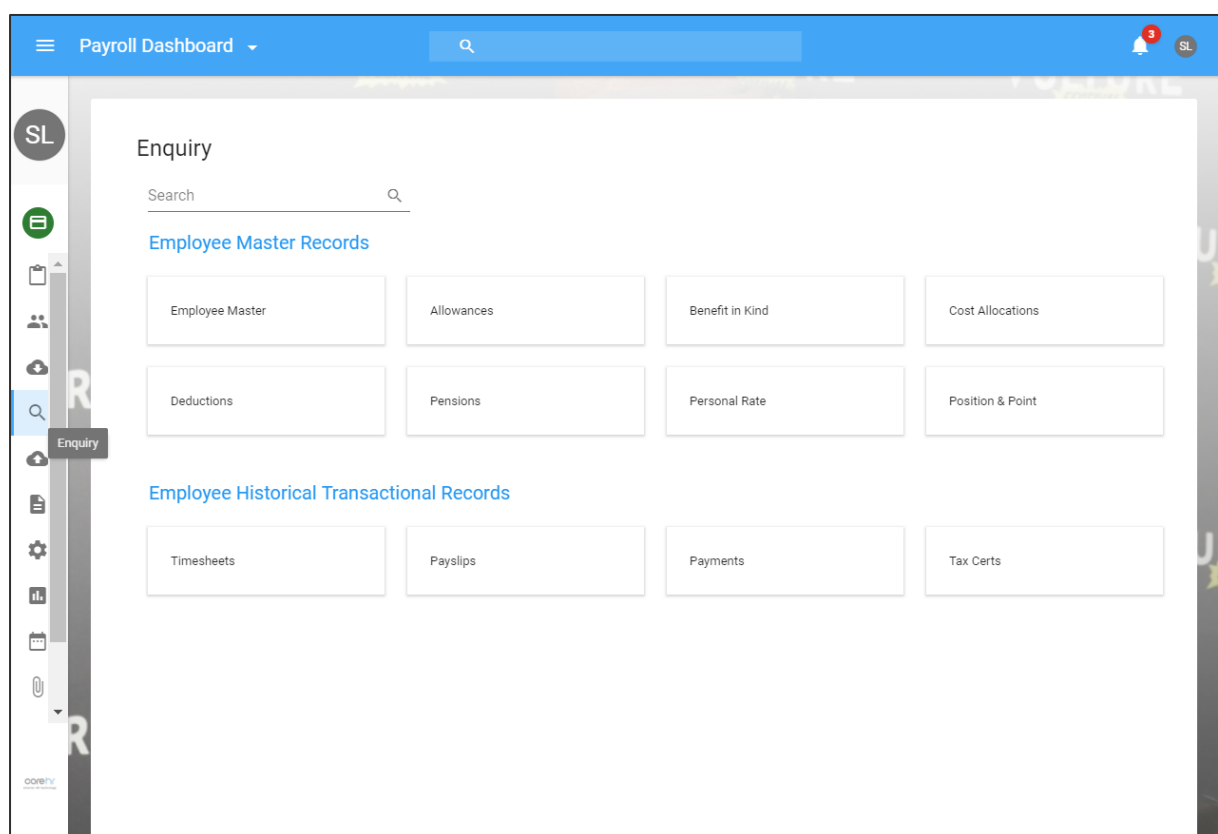

1.2. Overview

The *Enquires* tab is the same as the *More Info* screen (*Manage Payrolls > Inputs > More Info*). The difference is:

- More Info – You can query employees at a pay group level.
- Enquiries Tab – You can query all employees to which you have access.

The *Enquiries* widget consists of two sections:

- Employee Master Records.
- Employee Historical Transactional Records.

2. Manage Enquiries

2.1. Employee Master Records

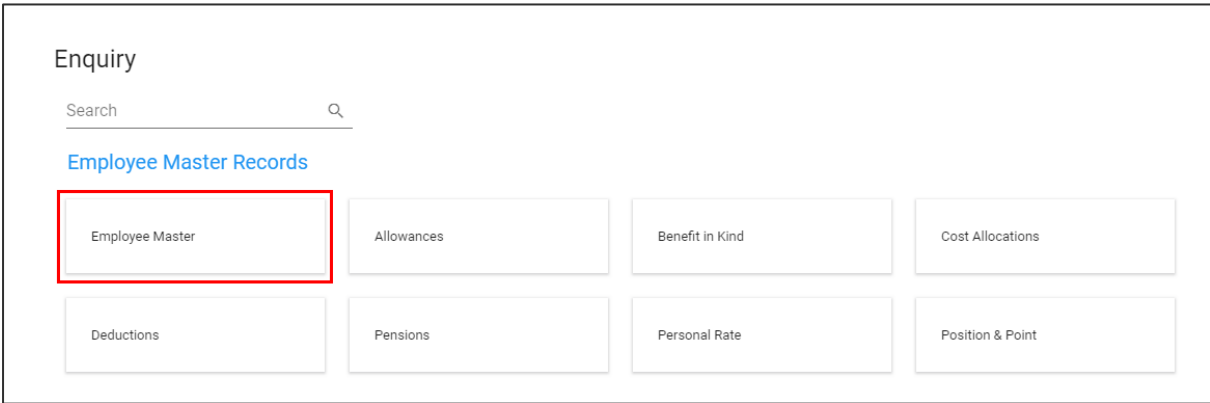

The Employee Master Records section allows you to perform the following queries:

- Employee Master
- Allowances
- Benefit in Kind
- Cost Allocations
- Deduction
- Pensions
- Personal Rate
- Position & Point

2.1.1. Query Employee Master

To query a master employee record:

1. Click **Employee Master**.

The screenshot shows a web interface titled 'Enquiry'. Below the title is a search bar with the placeholder text 'Search' and a magnifying glass icon. Underneath the search bar, the text 'Employee Master Records' is displayed in blue. Below this text is a grid of eight buttons. The first button in the top row, labeled 'Employee Master', is highlighted with a red rectangular border. The other buttons are labeled 'Allowances', 'Benefit in Kind', 'Cost Allocations', 'Deductions', 'Pensions', 'Personal Rate', and 'Position & Point'.

This opens the *Employee Master* screen. This is a read-only version on the *Employee* widget on the *Employees* tab.

 **Note:** To force the screen to return all records, leave the filter screen blank. Then click **Filter**.

2.2. Employee Historical Transactional Records

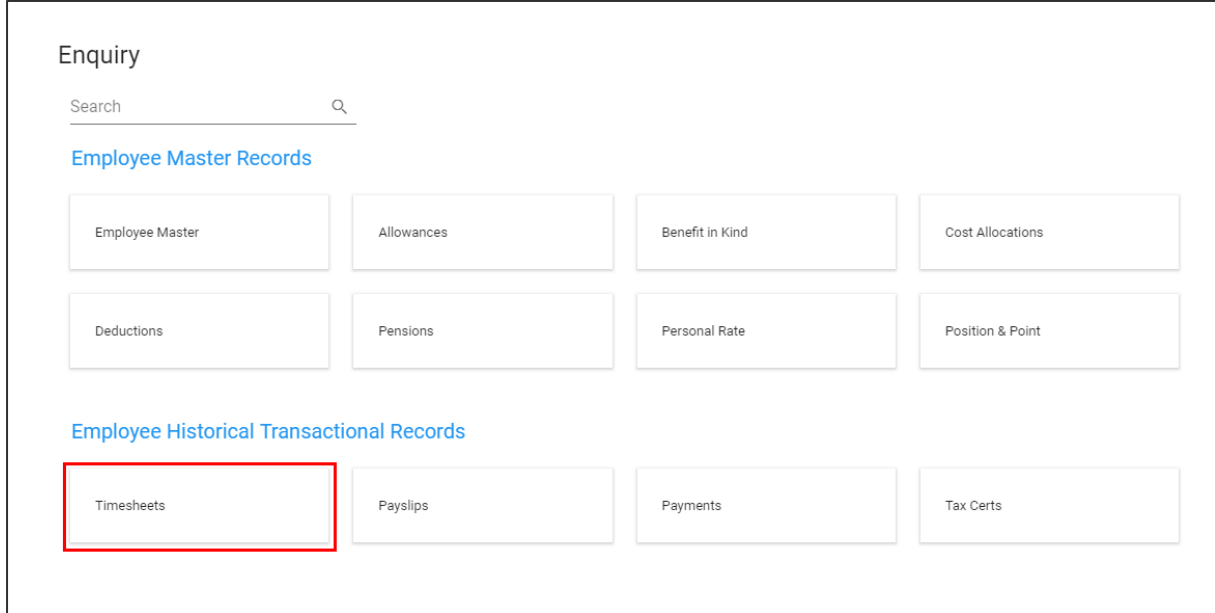

The *Employee Historical Transactional Records* section allows the user to perform the following queries:

- Timesheets
- Payslips
- Payments
- Tax Certs

2.2.1. Query Timesheets

The *Timesheets* screen allows you to query all manual and system generated timesheet entries for all employees you have access to. To do this:

1. Click **Timesheets**.

The screenshot shows the 'Enquiry' screen with a search bar at the top. Below the search bar, there are two sections: 'Employee Master Records' and 'Employee Historical Transactional Records'. The 'Employee Master Records' section contains buttons for 'Employee Master', 'Allowances', 'Benefit in Kind', 'Cost Allocations', 'Deductions', 'Pensions', 'Personal Rate', and 'Position & Point'. The 'Employee Historical Transactional Records' section contains buttons for 'Timesheets', 'Payslips', 'Payments', and 'Tax Certs'. The 'Timesheets' button is highlighted with a red border.

Note: As retrieving large numbers of records may take some time, you are required to perform a filter to query a specific set of records.

2. To filter the search, click the  button.
3. Enter the filter criteria.

Filter	Description
Employee Reference	This will return all timesheet entries for the selected employee reference only.

Note:

To force the screen to return all records, leave the filter screen blank. Then click **Filter**.

2.2.3. Query Payments

The *Payments* screen allows you to query/view all payments made to all employees you have access to. To do this:

1. Click **Payments**.

The screenshot shows the 'Enquiry' screen with a search bar at the top. Below the search bar, there are two sections: 'Employee Master Records' and 'Employee Historical Transactional Records'. The 'Employee Master Records' section contains eight buttons: 'Employee Master', 'Allowances', 'Benefit in Kind', 'Cost Allocations', 'Deductions', 'Pensions', 'Personal Rate', and 'Position & Point'. The 'Employee Historical Transactional Records' section contains four buttons: 'Timesheets', 'Payslips', 'Payments', and 'Tax Certs'. The 'Payments' button is highlighted with a red border.

Note: As retrieving large numbers of records may take some time, you are required to perform a filter to query a specific set of records.

2. To filter the search, click the  button.
3. Enter the filter criteria.

Filter	Description
Employee Reference	This will return all payment entries for the selected employee reference only.
Employee Name	This will return all payment entries with a matching name.
Payroll Period	Select a payroll period. This will return all payments made to employees the user has access to, during the selected payroll period.
Run No	Enter a run number. For supplementary payroll payments, this will return all payslips which have a matching run number.

Filter	Description
Pay Method	Select a pay method. This will return all payment entries which were paid using the selected pay method.
Cheque No.	Enter a cheque number. This will return all payment entries with a matching cheque number.
BIC	Enter a BIC number. This will return all payment entries with a matching BIC.
IBAN	Enter an IBAN number. This will return all payment entries with a matching IBAN.
Sort Code	Enter a sort code. This will return all payment entries with a matching sort code.
Account Number	Enter an account number. This will return all payment entries with a matching account number.
Paid	Enter a value for the amount paid. This will return all payments matching that value.
Cancelled	Turn on the cancelled indicator. This will return all payment entries where the payment was cancelled.

Example: Search for payments for a specific payroll period.
