1. Overview

1.1. Purpose of the Guide

The purpose of this document is to provide guidance on processing the P11D for Employees' expenses and benefits. This includes:

- Loading P11D data.
- Compiling P11D data.
- Create and Maintain P11D data.
- Producing P11Ds and P11D(B)s – paper-based and XML file.
- P11Ds on Portal.

1.2. What is a P11D?

A P11D is a statutory form sent to HMRC by UK employers outlining the following:

- The Cash Equivalent Value of any Taxable Benefits Employees received over the tax year – a P11D may include benefits paid for through a salary sacrifice arrangement.
- Expenses paid for by an Employee which are reimbursed by the Company – exclude Exempt Expenses.

Note:

HMRC amend *Employees' Tax Codes* to account for the *Income Tax* due and issue updated coding notices.

1.2.1. Expenses Covered by an Exemption

You don't have to report certain Business Expenses, which are:

- Wholly, exclusively, and necessarily incurred by Employees in the performance of their duties – the Employee must incur a cost and keep receipts.
- Calculated and paid in an approved way (actual or scale rate).

There must be a system in place for checking the Expenses incurred.

Examples of some Expenses that may not have to be included on a P11D are:

- Business travel.
- Phone bills.
- Business entertainment.
- Uniform and tools for work.

To qualify for an exemption, you must be either:

- Paying a flat rate to your Employee as part of their earnings – this must be either a benchmark rate or a special ('bespoke') rate approved by HMRC.
- Paying back the Employees' actual costs.

Note:

You must deduct and pay tax and NI on all other *Expenses* you give to your *Employees*, and report them to HMRC as normal.

1.2.2. Deadline for filing P11D's

A P11D should be submitted to HMRC and provided to your Employees by 06th July following the end of the tax year – if you choose not to provide a P11D to your Employees, they should be made aware of what information was returned.

P11D Internet submissions drop-dead timestamp is 06 July 23:59:59 as defined by the HMRC gateway. There is no deviation from this.

1.3. **What is a P11D(B)?**

This form tells HMRC the number of Taxable Benefits and the amount of Class 1A National Insurance due. Note the following:

- If a benefit is subject to PAYE, Class 1A National Insurance is payable.
- Class 1A National Insurance is an employer only liability.
- If no tax is due on a benefit, Class 1A National Insurance is not payable.
- Class 1A National Insurance is set percentage of your taxable benefit total.

Types of benefits that attract Class 1A National Insurance include:

- Private medical insurance provided to an Employee.
- Assets transferred to an Employee.
- Company cars.
- Beneficial loans.
- Relocation expenses.

1.3.1. Deadline for filing P11D(B)s

P11D(B)s needs to be submitted to HMRC by 22nd July following the end of the tax year.

1.4. PeopleXD Solution

Expense and Benefits information can be loaded, compiled, and created for Employees through various methods. Data management methods for P11D compliance are:

1. Manually upload external data via a CSV file.
2. Compilation of existing data from Expense and Payroll.
3. Creating and amending individual records through the [Create/Maintain P11D Details](#) screen.

Once P11D data is stored in the database, a P11D report can be generated and submitted to HMRC, via a paper-based or an XML Internet Submission.

1.5. Prerequisites

You must be familiar with the HMRC P11D return form and associated concepts:

- You must know your data.
- You must be familiar with the calculation methods used in completing a P11D.
- You are aware of the concept of CSV files, how to open them, and how to construct them.

2. Creating a P11D

2.1. Data Load

The purpose of the data load option is to facilitate bulk changes to Employees' P11D details. This is carried out by populating a predefined format CSV file with your information and uploading it.

Note:

- Section A through to N are loadable. The following files are available to download from the customer success portal:
 - [P11D_2020_sample_file.csv](#)
 - [P11D_2020_with_header_row.csv](#)
- Ensure your computer is configured to use a Comma (,) as a List Delimiter.

2.1.3. Loading P11D CSV Details

Note:

- When populating the CSV file, populate the sections column for every entry, i.e. section letter/number, e.g. B7.
- When uploading a single car for an employee, the *Car Number Column (32 AF)* should contain the number 1. This column cannot be left blank. A second car for the same Employee should contain 2, and so on in sequential order.
- Paper-based reports requires cars to be numbered in the final column. In the paper/portal P11d, odd number cars display in the *Car1 Column* and even numbers under *Car2 Column*.
- Descriptions should be included in sections A, B, L, M, or N.

To load the CSV files for P11D purposes.

1. Go to *Input > P11D > Load P11D Details*.

! Load Rules:

CSV files may be uploaded multiple times. Note the following:

- Each time you upload a company file, it overwrites the previously uploaded company file.
- Corrections can be made to the CSV file, and the upload process repeated.
- All data is held in the system by year, i.e. uploading a 2020 data file will not delete 2019's CSV data.

Data Rules:

- When populating G2 or G3 on the CSV file, use cash equivalent field in column 6.
- Cash equivalent for van and cash equivalent van fuel should be separate records.

Section M valid XML transfer values are:

- Class 1A items: 'M4','M5','M6','M7','M8','M9'
- Non-qualifying Class 1A items: 'M10','M11','M12','M13','M14','M15'
- But if these do not exist then 'M3' **Tax Paid is mandatory** (this is the same field for the existing paper solution).

The data in these files are created based on the following HMRC Test Information:

[PAYE internet submissions, expenses and benefits: schema 2020 to 2021](#)

2.2. Compiling Payroll and Expense P11D Data

Relevant data can be pulled from Payroll and Expense for P11D purposes by mapping pay codes and expense codes to the P11D sections.

Examples:

- Section A – Assets Transferred - Compiled from Payroll.
- Section F – Cars and Car Fuel - Compiled from the Car Administration Centre.
- Section N – Expenses Payments made to or on behalf of the Employee - Compile from Expense.

Note:

For details on which expenses and benefits can be compiled from Expense and Payroll, see section [7. Upload, Create/Maintain, and Compile Matrix](#).

2.2.1. Payroll – Back Office – Configuration Required

To create a P11D report with data from both the Expense and Pay modules, set the *P11D/P11Db* from indicator to “Both Payroll and Expense Site” in system parameters.

Note:

By default, this indicator is set to *“Both Payroll and Expense Site.”*

To update the *Run P11D/P11Db* indicator:

1. Go to *CorePay > Update > Utilities > System Configuration > General*.
2. Select **Both Payroll and Expense Site** from the *Run P11D/P11Db* drop-down menu.

The screenshot shows the 'GENERAL' configuration window. On the left, there is a list of configuration options with checkboxes. On the right, there are sections for 'P60', 'Paypath', 'Pay Group Level Bank Details', and 'P11D/P11Db'. The 'P11D/P11Db' section is highlighted with a red box, showing the 'Run P11D/P11Db from' dropdown set to 'Both Payroll and Expense Site' and the 'Class 1A NICs Rate' set to 13.80.

3. Click **Save**.

2.2.2. Payroll – Modern UI – Configuration Required

To create a P11D report with data from both the Expense and Pay modules, set the *P11D/P11Db from* indicator to *“Both Payroll and Expense Site”* in system parameters.

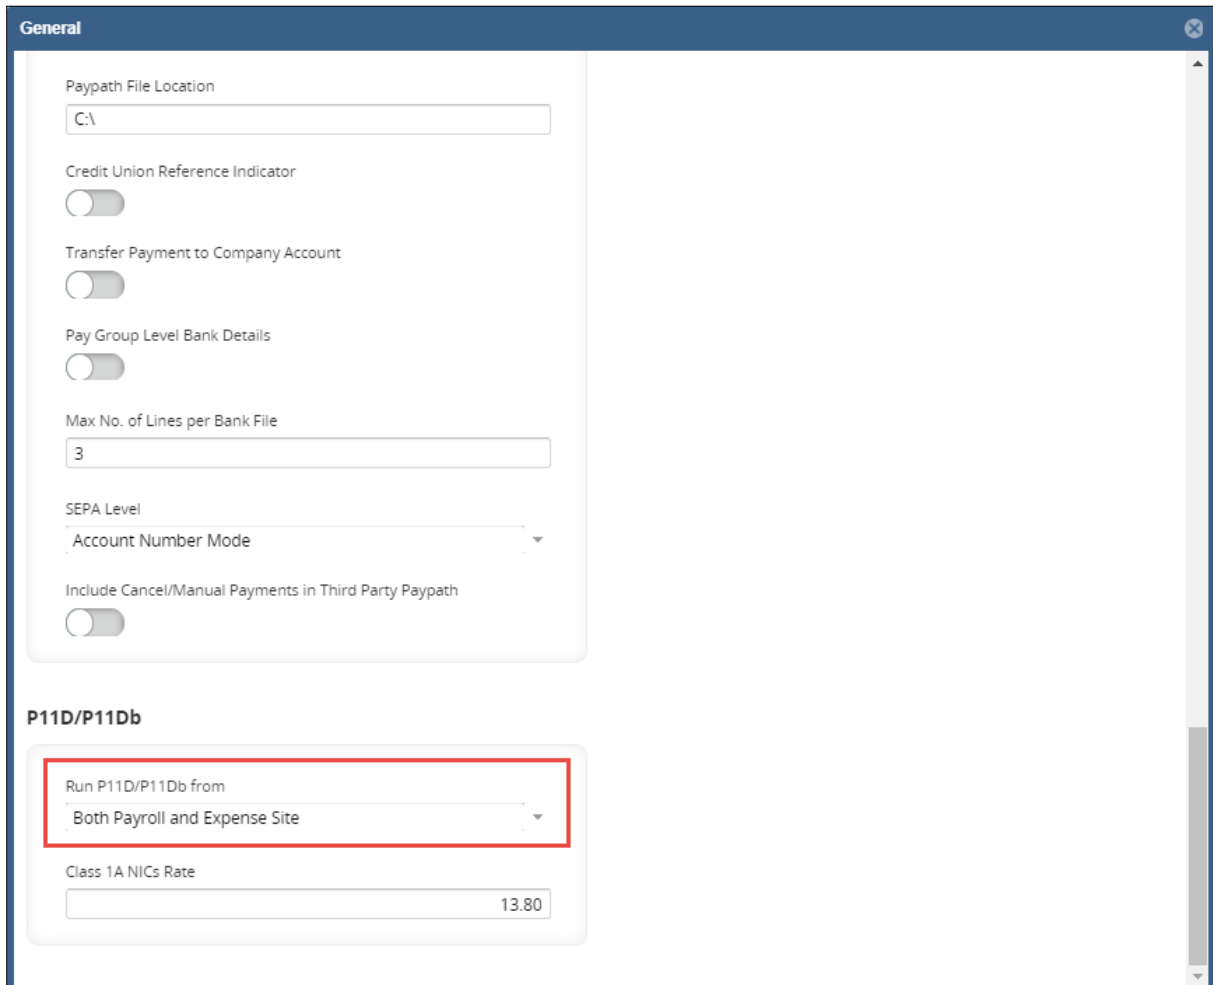

Note:

By default, this indicator is set to *“Expense Site Only.”*

To update the *Run P11D/P11D(B)* indicator:

1. Go to *Payroll Dashboard > Settings > System Configuration > General*.
2. Select **Both Payroll and Expense Site** from the *Run P11D/P11Db* drop-down menu.

The screenshot shows a 'General' configuration window. The 'P11D/P11Db' section is highlighted with a red box. It contains a dropdown menu for 'Run P11D/P11Db from' with the selected option 'Both Payroll and Expense Site'. Below this is a text field for 'Class 1A NICs Rate' with the value '13.80'.

3. Click **Save**.

2.2.3. Mapping the P11D Section of Pay Codes – Back Office

To compile P11D benefit details from Payroll, map the P11D section on the relevant pay codes. To do this:

1. Go to *CorePay > Reference > Pay Codes*.
2. Enter the **Pay Code Number** in the *Pay Code* field or click  to select from the LOVs.
3. Click  to execute the query.
4. Enter the **P11D Letter** in the *P11D Section* field or click  to select from the LOVs.

The screenshot shows the 'P11D' configuration window with several tabs: General, Allowances/Payments, Deductions, CSO, Client Specific Allowances, and Client Specific Deductions. The 'General' tab is active, showing fields for Taxable, Hours/Value/Days/Units, Pay Code Type, Pensionable EE, Disable for Allowances/Deductions, Maximum Value, and Salary Sacrifice. A 'Payroll Analysis' section includes Analysis Code, Payslip Pay Code, and Labour Cost Group. A 'Ledger' section includes GL Posting Override, Project, and checkboxes for 'Do not Include in Employer Costings', 'Calculate Employer Savings', and 'Post To Employee Cost Centre'. A 'P11D Sections' dialog box is open, displaying a list of P11D sections with their descriptions. The 'P11D' section at the bottom has fields for 'P11D Section' and 'Cost To You' (with a checkbox), and 'Amount Made Good' (with a checkbox). The 'Client Specific' button is at the bottom right.

5. Tick the *Cost to You* indicator if the Employer incurred the cost of the benefit.
6. Tick the *Amount Made Good* indicator if the Employee incurred the cost of the benefit.
7. Click **Save**.

2.2.4. Mapping the P11D Section of Pay Codes – Modern UI

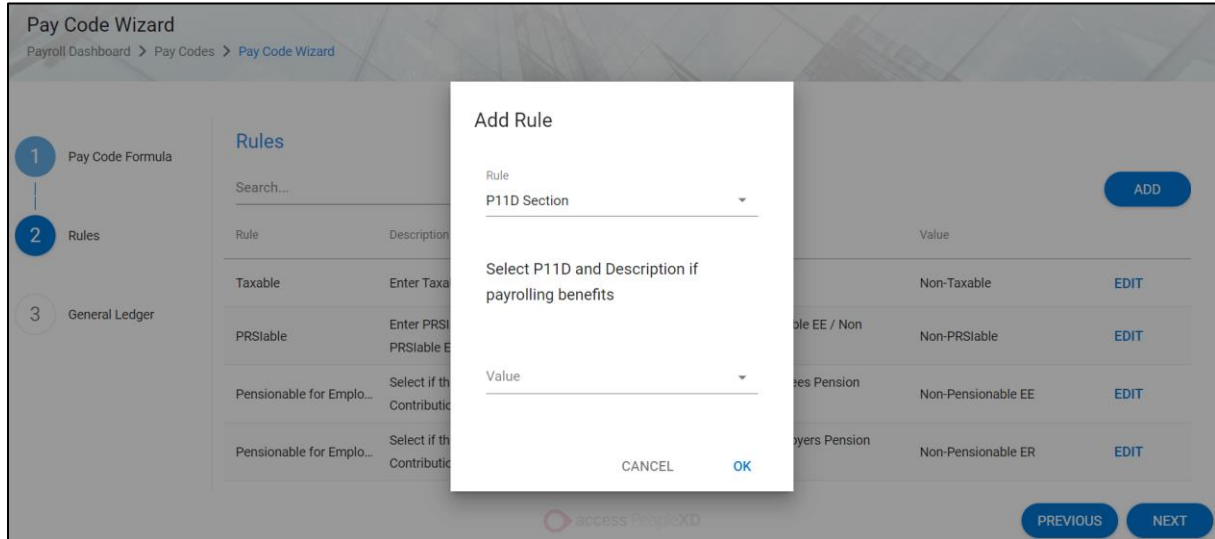

To compile P11D benefit details from Payroll, map the P11D section on the relevant pay codes. To do this:

1. Go to *Payroll Dashboard > Settings > Pay Codes*.
2. Search for the relevant Pay Code.
3. From the 3-dot menu click **Edit**.

The screenshot shows the 'Pay Codes' interface with a 'Pay Code Library' table. The table has columns for Pay Code, Description, Type, Subset Type, Summary, and Last Edited. A search bar is at the top left. A 'CREATE NEW PAY CODE' button is at the top right. The table contains one entry with Pay Code 4002, Description EXPENSE REIMBURSEMENT, Type Allowance, Subset Type Standard Value, and Summary The Allowance, 4002 - EXPENSE REIMBURSEMENT is ... 4. Click step **2 Rules**.
5. Add the P11D Letter Rule:
 - a. Click **Add**.
 - b. Select **P11D Section** from the *Rule* drop-down menu.
 - c. Select the P11D Letter from the *Value* drop-down menu.

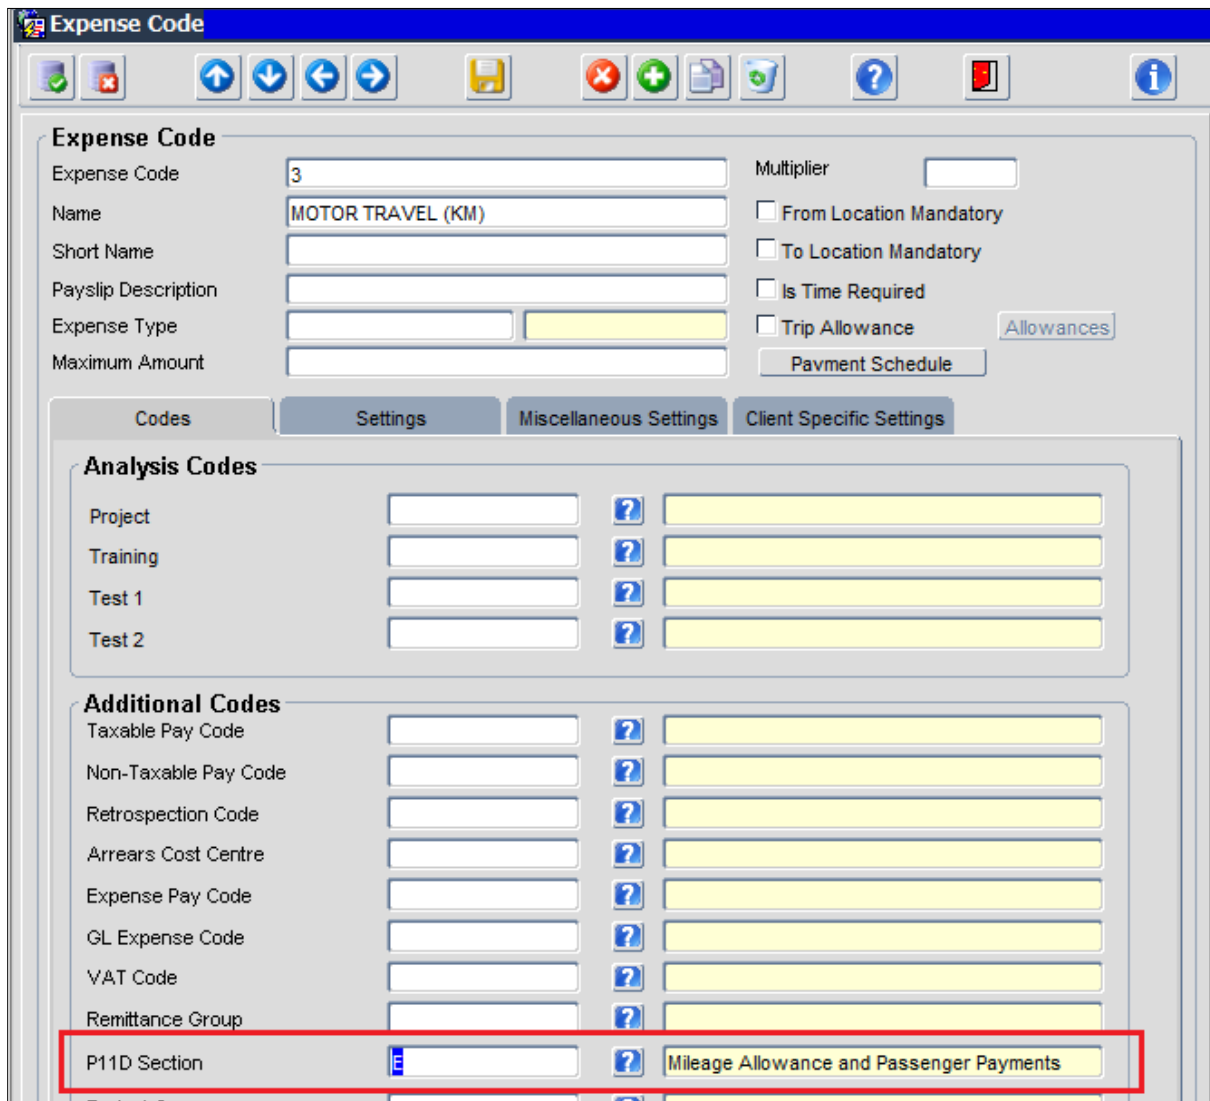

6. Add the *Cost to You* rule if the Employer incurred the cost of the benefit.
7. Add the *Amount Made Good* if the Employee incurred the cost of the benefit.
8. Click **Next** then **Save**.

2.2.5. Mapping the P11D Section – Expense Codes

To compile P11D expense details from Expense, map the P11D section on the Expense codes. To do this:

1. Go to *CoreExpense > Reference > Reference D-L > Expense Code*.
2. Enter the **Expense Code** or click  to select from the LOVs.
3. Click  to execute the query.

4. Enter the **P11D Letter** in the *P11D Section* field or click  to select from the LOVs.

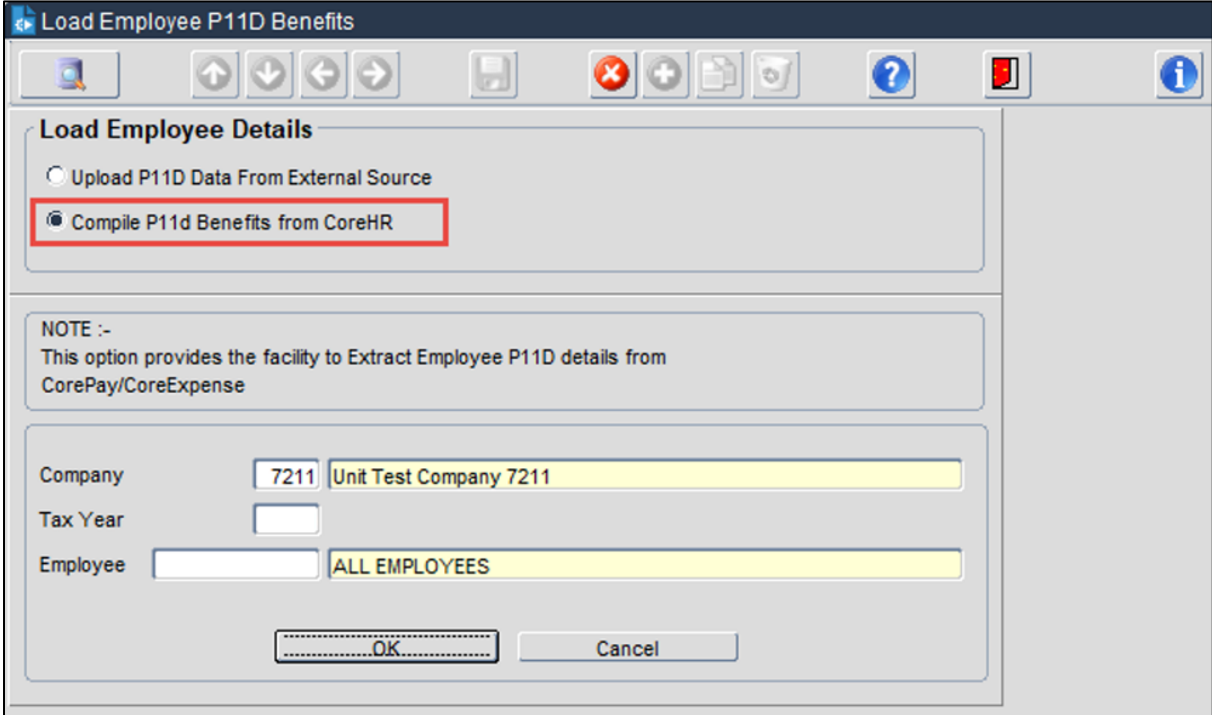

2.2.6. Extracting Benefits From PeopleXD

Once the relevant Pay Codes in Payroll and Expense Codes in Expense are mapped correctly, you can extract the expense/benefit details. Note the following:

- This procedure runs per Company and populates data into the P11d_Employee_Details table.
- This procedure extracts the following benefits:
 - a. Expenses with a status of 'PAID' in Expense and the P11D Section Letter mapped, see section [2.2.5. Mapping the P11D Section – Expense Codes.](#)
 - b. Payroll benefits from the Employees' pay history in Payroll for any Pay Codes mapped to a P11D section Letter, see section [2.2.3. Mapping the P11D Section of Pay Codes.](#)

To extract Expenses/Benefits from PeopleXD:

1. Go to *CoreExpense > Input > P11d > Load p11d Details*.
2. Select the *Compile P11D Benefits from CoreHR* option.
3. Enter a **Company** number or click  to select from the LOVs.
4. Enter a **Tax Year**, e.g. for 2021/2022 enter 2021.
5. Enter an **Employee** number or click  to select from the LOVs.

3.1.1. **General Rules**

Note the following:

- If multiple occurrences of events happen within a section, then multiple P11D's generate to cater to each event in that section. This can occur for section A, B, L, and M.
- If an Employee works under multiple tax numbers each year, then multiple records generate in the relevant areas, e.g. multiple paper p11Ds are made available per tax number, multiple transmissions to HMRC per tax number.
- The Employee is validated and filed to HMRC against the company code (tax number) they worked under for that tax year.

3 Notes for employer

You should give each employee or director a copy of their P11D information and send the completed forms P11D and P11D(b) to your HM Revenue & Customs office by **6 July**.

Pay Class 1A NICs shown on the Return to the Accounts Office. Details on how to pay can be found on our website, go to www.hmrc.gov.uk/payinghmrc/class1anics.htm You should pay by:

- **19 July** if the payment is by post or cash, **or**
- **22 July** if the payment is by an approved electronic method.

Where **22 July** falls on a weekend or bank holiday, your payment should reach our bank account no later than the last bank working day before **22 July**. Interest is chargeable on payments paid late. If your Return is not received by 19 July, penalties will be charged automatically. You may also be penalised or prosecuted if you make false statements.

Please note if you have already indicated on your form P35 that forms P11D and P11D(b) are not due, there is no need to send this Return.

Class 1A National Insurance contributions (NICs) due

Employers pay Class 1A NICs on benefits which have to be returned on forms P11D except where Class 1 NICs or Class 1B NICs are due. To help you identify the benefits where Class 1A NICs are due, the boxes on the form P11D are brown and are marked 1A. Before completing the forms P11D and this Return, read the P11D(Guide) and booklet CWG5(2010) *Class 1A National Insurance contributions on benefits in kind. A guide for employers*.

Forms P11D

As an employer you must complete a Return of expenses payments and benefits, form P11D, for each employee paid at a rate of £8,500 or more a year and for each director if:

- you have provided them with expenses or benefits which are not covered by a dispensation or PAYE Settlement Agreement
- you have arranged for expenses or benefits to be provided by a third party.

Send this declaration with the completed forms P11D to your HM Revenue & Customs office. If you choose to send the forms P11D in batches, send the declaration with the final batch.

References in this Return to forms P11D and HM Revenue & Customs office should be read as including the return of expenses payments and benefits by magnetic media to Shipley Data Centre.

3.2.2. Configuring the Class 1A NIC Rate – Portal

The Class 1A NIC rate can be set at the following location:

- Go to *Payroll Dashboard > Settings > General > System Configuration > General > P11D Section*.

The screenshot shows a 'General' configuration window. On the left, there are several toggle switches: 'Enable ROS Supplementary P45s' (on), 'Interface to CoreBank' (off), 'Disk Exchange Reference Field' (off), 'Negative Retrospection on Government Overtime' (off), 'Enable Discipline on Cost Centre' (off), and 'Enable Active Indicator on Other References' (on). On the right, there is a 'SEPA Level' dropdown set to 'Dual Mode' and a toggle for 'Include Cancel/Manual Payments in Third Party Paypath' (off). A red box highlights the 'P11D/P11Db' section, which contains a dropdown for 'Run P11D/P11Db from' set to 'Both Payroll and Expense Site' and a slider for 'Class 1A NICs Rate'.

3.2.3. Configuring the Class 1A NIC Rate – Back Office

The Class 1A NIC rate can be set at the following location:

- Go to *CorePay > Update > Utilities > System Configuration > General > P11D Section*.

The screenshot shows a 'GENERAL' configuration window. On the left, there is a list of settings with checkboxes: 'Client Code' (PACKAGE), 'Duplicate PPS Numbers', 'Country' (IR), 'Currency Code', 'Organisation Hierarchy Type E, C or K', 'Default Adjustment Indicator', 'Hide PRS/NI Totals', 'End Date D/A/P for Leaver', 'Scaled Deduction Holiday', 'Dormant Employees on Tax Certs', 'Irregular Claims/Part Time PRSI Week by Week Recalculation', 'Multiple Periods of Employment' (checked), 'Enable ROS Supplementary P45's' (checked), 'Interface to CoreBank', 'Disk Exchange Reference Field', 'Negative Retrospection on Government Overtime', 'Enable Discipline on Cost Centre', 'Enable Active Indicator on Other References' (checked), 'Enable Pay On Demand', 'Display HR Email' (checked), 'Enable Payroll End Date', 'Enable Increment Deferral', and 'Disable Browse File'. On the right, there is a 'P60' section with checkboxes for 'P60 Address' and 'ESS P60s/Income Levy Certs.'. Below that is a 'Paypath' section with fields for 'BOI Online - Max No. of Lines', 'Paypath Reference', 'Disable Browse Button', 'Paypath File Location', 'Credit Union Reference Indicator', 'Transfer Payment to Company Account', and 'Pay Group Level Bank Details'. The 'SEPA Level' dropdown is set to 'Dual Mode' and the 'Include Cancel/Manual Payments in Third Party Paypath' checkbox is off. A red box highlights the 'P11D/P11Db' section, which contains a dropdown for 'Run P11D/P11Db from' set to 'Both Payroll and Expense Site' and a slider for 'Class 1A NICs Rate'.

3.3. Generate P11D/P11D(B) XML File

To generate a P11D/P11D(B) File:

1. Go to *Expense > Update > Generate P11D*.

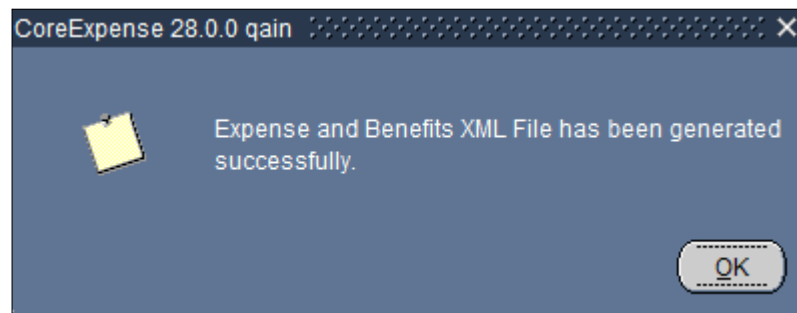

Note:

If you are a Payroll only site, access can be given to the Expense menu by updating the users Menu Profile.

The screenshot shows the 'Generate Expenses and Benefits' dialog box. The 'P11D Details' section contains a 'Generate/Transfer' dropdown menu set to 'Generate EXB Files' and a 'File Type' dropdown menu set to 'EXB'. The 'Live/Test Run' section has two radio buttons: 'Live' (selected) and 'Test'. Below this, the 'Company' field is set to '1240' with a dropdown arrow, and the 'P11D Year' field is empty. The 'Employee Ref' field is set to 'ALL EMPLOYEES'. The 'P11D(B) Adjustments' section has a 'Browse...' button. The file path 'C:\Users\brian.o'keeffe\OneDrive - CoreHR\Desktop\P11D - Brian\P11D1240.xml' is displayed in the text area. The 'OK' and 'Cancel' buttons are at the bottom.

2. Select **Generate EXB Files** from the *Generate/Transfer* drop-down menu.
3. *File Type* should be **EXB**.
4. Select the **Live** or **Test** option.
5. Enter the **Company** number or click  to select from the LOVs.
6. Enter the **P11D Year** (i.e. Start Year – For 2021/2022, enter '2021').
7. Enter an **Employee** number in the *Employee Ref* field or click  to select from the LOVs – Leave blank to select All Employees.
8. Click **Browse** and select a location to save the file.
9. Click **OK**.

The following message appears.

Note:

- Any data issues are produced on the EXB_exception_report.pdf.
- Resolve all data issues before attempting to transmit the file to HMRC.

See below screenshot of example exception report for illustration purposes.

2513054	Loans	H,1, 58. Date loan was discharged must be within the tax year for which the return is being made	7860
————— End of Report —————			

See below for some sample issues and resolution.

Issues	Resolutions
Fuel type must be A, D, or F	Data has been entered erroneously on the data load file. HMRC only expect a single character of either 'A', 'D', or 'F'. Incorrect values exist on the load file which include space(s), i.e. ,D , or ,D , instead of ,D, Action: Remove space and regenerate the file.
Middle name contains a space.	There is no provision for HMRC to accept two names for an employee's middle name. For example, the middle name "Anthony Patrick".

	Action: Enter hyphen or remove space and regenerate the file.
Section I Cash Equivalent needs to equal the Cost Amount less the Amount Made Good.	The basic cash equivalent formula is: – Cost to the Employer of providing the benefit (inc. VAT) Less Amount made good by the employee (Out of their net pay) Equals the Cash Equivalent Action: Enter the correct values and regenerate the file.
List Price must be less than £1000	Some issues may not have a direct visual resolution. In this case, a blank record was created with no accompanying data leading to a data issue. Action: Delete record and regenerate the file.

3.3.1. P11D(B) Adjustments

Once you generate your P11D/P11D(B) XML file, see section [3.3. Generate P11D/P11D\(B\) XML File](#), you can review your P11D(B) Class 1A NICs figure and make any necessary adjustments.

To review the P11D(B) Class 1A NICs figure:

1. Complete steps 1 to 9 from section [3.3. Generate P11D/P11D\(B\) XML File](#).

- Once the P11D/P11D(B) XML file is generated, click **P11D(B) Adjustments**.

The *Adjustments to Class 1A NICs* screen opens

To adjust your P11D(B) Class 1A NICs figure:

- Using the boxes B and C provided, enter any adjustment to the figure in Box A.
- Close the *P11D(B)* screen.

5. Regenerate your P11D/P11D(B) XML file, see section [3.3. Generate P11D/P11D\(B\) XML File](#).

**Note:**

- Exiting the *Generate P11D* screen clears any adjustments to your P11D(B) Class 1A NICs figure entered in box B and C. If regenerating the P11D/P11D(B) XML file after exiting the *Generate P11D* screen, repeat all the above steps.
- The Class 1A NIC rate is preloaded as part of the year end release. This rate may be overwritten if required.

3.4. Transfer P11D/P11D(B) XML File

3.4.1. Prerequisites to Transferring a P11D/P11D(B) XML File

The prerequisites to transferring a P11D/P11D(B) XML File to HMRC are the same as the prerequisites to transferring your payroll RTI submissions. Therefore, if you are already transmitting payroll RTI returns, no further action is required.

1. Ensure your RTI credentials are input correctly:

Field Name	Description
RTI Username	The username provided by HMRC for your organisation.
RTI Password	The username provided by HMRC for your organisation.
RTI Sender Type	• This should be set as Employer where you process your own payroll. • This should be set as Bureau for all clients whose payroll is processed by a Bureau.
Corp Tax Ref:	This is the corporate tax number (if applicable); for example, if you are a limited company.

Back Office:

Go to *CorePay > Reference > Corporate Menu > Organisations*.

Sender ID	IBV546
RTI Username	IBV546
RTI Password	*****
RTI Sender Type	Employer EmployerBureau
Corp Tax Reference	9846095000

Portal:

Go to *Payroll Dashboard > Settings > Company Parameters > Organisations*.

Submitter No 	Sender ID IBV546	RTI Username IBV546
RTI Password *****	RTI Sender Type Employer Employer Bureau	Corp Tax Reference 9846095000

2. Ensure HMRC Gateway Web Address URL is entered.

Back Office:

Go to *CorePay > Reference > Maintain Statutory Pay Parameters > RTI*.

Live URL	https://transaction-engine.tax.service.gov.uk/submission
Test URL	https://transaction-engine.tax.service.gov.uk/submission

Portal:

Go to *Payroll Dashboard > Settings > UK Tax Rates > General > RTI*.

Live RTI URL	https://transaction-engine.tax.service.gov.uk
Test RTI URL	https://transaction-engine.tax.service.gov.uk

3.4.2. Transferring a P11D/P11D(B) File

To transfer a P11D File:

1. Go to *Expense > Update > Generate P11D*.
2. Select **Transfer EXB Files** from the *Generate/Transfer* drop-down menu.
3. *File Type* should be **EXB**.
4. Select the **Live** or **Test** run option.
5. Tick the **Transferred** indicator next to the company you want to transfer.
6. Click **Browse** and select the XML file from the saved location.
7. Click **Transfer**.

The screenshot shows the 'Generate Expenses and Benefits' window. The 'P11D Details' section at the top contains two red boxes: one on the left for 'Generate/Transfer' (set to 'Transfer EXB Files') and 'File Type' (set to 'EXB'), and one on the right for 'Live/Test Run' (with 'Live' selected). Below this is a table with columns: Company, Description, Year, Mode, Transferred, HMRC Accepted, HMRC Rejected, and Accepted. The first row shows Company '1240', Description '1240 University UK', Year (empty), Mode 'Live', and the 'Transferred' checkbox is checked. Below the table is a 'Transfer' button. At the bottom, there is a file path text box and a 'Browse' button. The file path is 'C:\Users\brian.okeeffe\OneDrive - CoreHR\Desktop\P11D\New Folder\'. The 'Browse' button is highlighted with a red box.

4. P11D on Portal

The purpose of the section is to outline the functionality provided to the Employee and Administrator for viewing and publishing P11D data.

Note:

The P11D Widget enables Employees to view and download their P11D statements via Portal.

4.1. Adding the P11D Widget to the Employee Dashboard

The P11D widget enables Employees to view and download their P11D statements within Portal.

To update the Dashboard tab configuration:

1. Navigate to *Dashboard Configuration*.
2. Select **Employee Dashboard** from the *Select Dashboard* drop-down menu.

The screen lists the current Dashboard Tabs and available Tab Widgets.

6. Enter the **Position** the widget is to appear on the tab.

The P11D Widget now appears on the *Employee Dashboard* in the selected tab.

The screenshot shows the Employee Dashboard interface. On the left is a sidebar with a menu including Onboarding, Talent, Objectives, Time, Pay, Expenses (highlighted with a red box), Training, Employee Requests, Extra Shifts, and Flex Ben. The main content area has a teal header with a search bar and a user profile. Below the header, there are three widgets: 'My Primary Car' (showing a Ford Mondeo), 'My Bank Accounts' (showing Expense and Pay status), and 'P11d Documents' (highlighted with a red box). The 'P11d Documents' widget displays a table with two rows of document data.

4.1.1. Data Access

The data access is per payroll data security rules, i.e. by Pay Group and Input Location. The administrator must ensure they have access to the relevant Pay Groups and Input locations before they release the P11D.

4.2. Releasing P11D's to Employees

To release P11Ds to employees:

1. Go to *People Management* > *Data Centre*
2. Click **View All**.
3. Search for and click on the **Release P11D** tile.

The screenshot shows a web interface titled "Release P11d". At the top, there is a breadcrumb trail: "People Management > View All > Release P11d". Below this, there are three dropdown menus. The first is labeled "Company*" with the placeholder text "Select by company". The second is labeled "Employee" with the placeholder text "Select by Name or Employee No". The third is labeled "Year*" with the placeholder text "Select by Year". At the bottom right of the form, there is a blue button labeled "RELEASE".

4. Enter the following:
 - a) Company
 - b) (Optional) Employee – Leave blank for all employees.
 - c) Year

Note:

All options are drop-downs and the data contained within will be dependent on the data on your environment. If you have only previously generated P11Ds in 2019 in the PeopleXD system, 2019 will be the only year available in the "Year" drop-down.

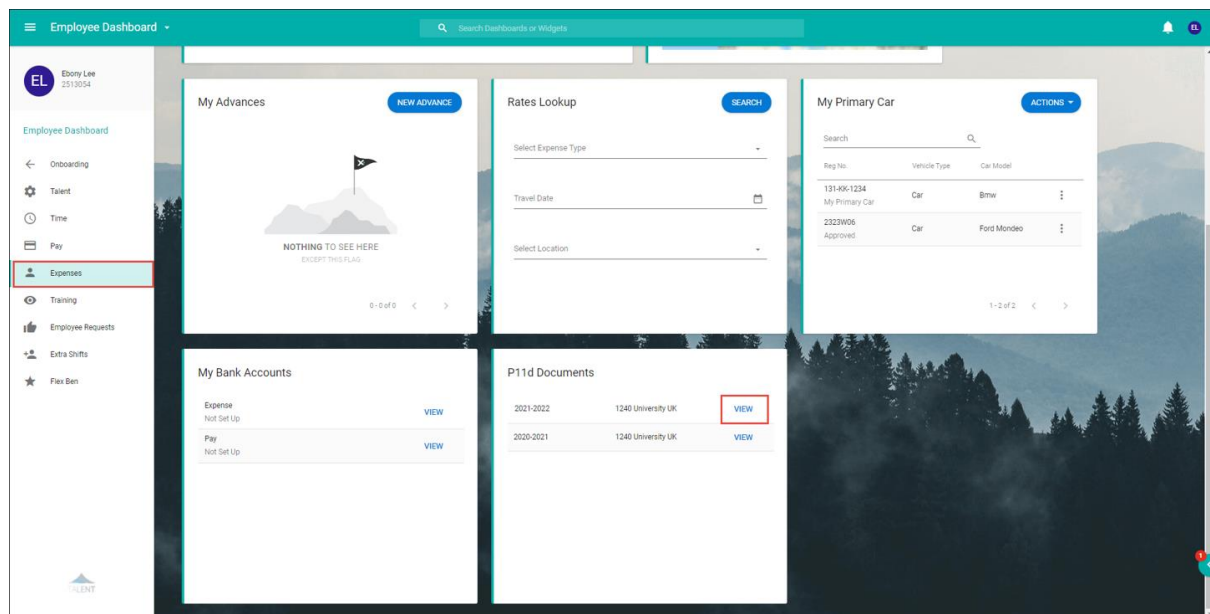

5. Click **Release**.

A message displays '*P11ds Successfully Released*'.

4.2.1. Employee - Viewing P11D

An employee can view their P11D Documents by accessing the P11D Widget.

1. Go to the *P11D Documents* Widget.
2. Click View next to the P11D year, e.g. 2021-2022.

P11D - Configuration and User Guide

The P11D opens in a PDF format. This is an example.

P11D Expenses and benefits 2021 to 2022

Note to employer
Fill in this return for a director or employee for the year to 5 April 2021. Send all your P11Ds and one P11D(b) by 6 July 2021 to the address on the back of this form. If you registered online for payroll before 6 April 2020, do not include payrolled benefits on the P11D. For more information, go to www.gov.uk/guidance/paying-your-employees-expenses-and-benefits-through-your-payroll

Note to employee
Keep this form in a safe place. You'll need it to complete your 2020 to 2021 tax return if you get one. The box numberings on this form are the same as on the 'Employment' page of the tax return.

P11D(B)

- Data Item 111 Change to the Class 1a NIC rate to 14.53%

- Data Item 112 Change to the Class 1a NIC rate to 14.53%
- Data Item 119 Change to the Class 1a NIC rate to 14.53%

5.1.1. Class 1A NIC Rate Increase

The Class 1a NIC rate has been updated to 14.53%. This rate has been preloaded into the system, so no user action is required.

The Class 1A NIC rate can be viewed in the following locations:

- **Portal:** *Payroll Dashboard > Settings > General > System Configuration > General > P11D Section.*
- **Back Office:** *CorePay > Update > Utilities > System Configuration > General > P11D Section.*

Note:

Users should not update the Class 1A NIC system rate until after they have completed the 2021/22 P11d.

6. Payrolling Benefits

6.1. What is Payrolling Benefits?

Payrolling Benefits allow employers to account for the tax on benefits provided to Employees through the PAYE system, by adding notional pay to the Employees' taxable income.

Note the following:

- Payrolled benefits are often referred to as Benefits in Kind (BIK).
- If intending to Payroll Benefits (including Vehicle BIK), then you must register your intention to do so with HMRC **before** the start of the new tax year.
- You must also give your Employees a letter explaining that you're Payrolling Benefits, and what it means for them.
- Payrolling Benefits and Expenses remove the need submit a form P11D.
- You are still required to work out the Class 1A National Insurance contributions on the cash equivalent (notional value) and return a form P11D(b).
- If you choose to payroll company car benefits, you do not need to submit a form P46(Car). The PeopleXD system does not currently support the production of a P46 Car return.

Note 1:

You can payroll all benefits except:

- Employer provided living accommodation.
- Interest-free and low-interest (beneficial) loans.

You must still report these benefits on a P11D, even if you're payrolling other benefits for the same employees.

Note 2:

For further details on how to Payroll Benefits, see the [Benefit Management](#) user guide on Customer Success Portal.

8. FAQ's

8.1. Corrections

Question: Can incorrect data be amended easily?

Answer: Yes. A [Create/Maintain P11Details](#) section has been developed to facilitate changes. Updates can also be carried out via the CSV file.

Question: I have submitted P11Ds to HMRC – what can I do to amend my P11D return?

Answer: If you have completed your submission to HMRC and you realise that there were errors or omissions in the data that has been sent, you will need to submit a revised version of the form(s) in which the error(s) occurred.

 Note 1:

HMRC require all amendments be submitted in paper form.

 Note 2:

If you're correcting a P11D form include all the benefits and expenses for the tax year, not just the ones you want to change.

For example, if a P11D had data in Section F and Section I, and the correction is only to Section I, submit a P11D that includes Section F and Section I, not just the modified Section I.

 Note 3:

The amended form needs to clearly show that it is an amendment (traditionally handled by writing the word "Amendment" across the form) and must show the tax year to which it relates.

8.2. Regenerate Employee Portal P11D Statements

Question: Can Employee Portal P11D Statements be regenerated once corrections are made?

Answer: Yes. Make corrections via the [Create/Maintain P11Details](#) screen, regenerate the employee(s) P11D – [3.3. Generate P11D/P11D\(B\) XML File](#), and release the employee(s) P11D, see section [4.2. Releasing P11D's to Employees](#).

8.3. CSV Uploads

Question: Can uploads be carried out for multiple employees, companies and sections?

Answer: Yes. A definition of this CSV file is contained in this document

Question: If I upload the CSV file multiple times, will all previous CSV data uploads be overwritten?

Answer: Yes, for the same tax year. The CSV upload feature is intended to be used once per year. Corrections to data can be made on the CSV file itself. All data will be held in the system by year – Uploading a 2019 data file will not delete 2018s CSV data.
