1. Overview

1.1. Purpose of the Guide

The Purpose of this document is to provide guidance on how to use the Pay Code Category functionality in Payroll.

This includes:

- Create a Pay Code Category
- Edit a Pay Code Category
- Rename a Pay Code Category
- Delete a Pay Code Category

1.2. What is a Pay Code Category

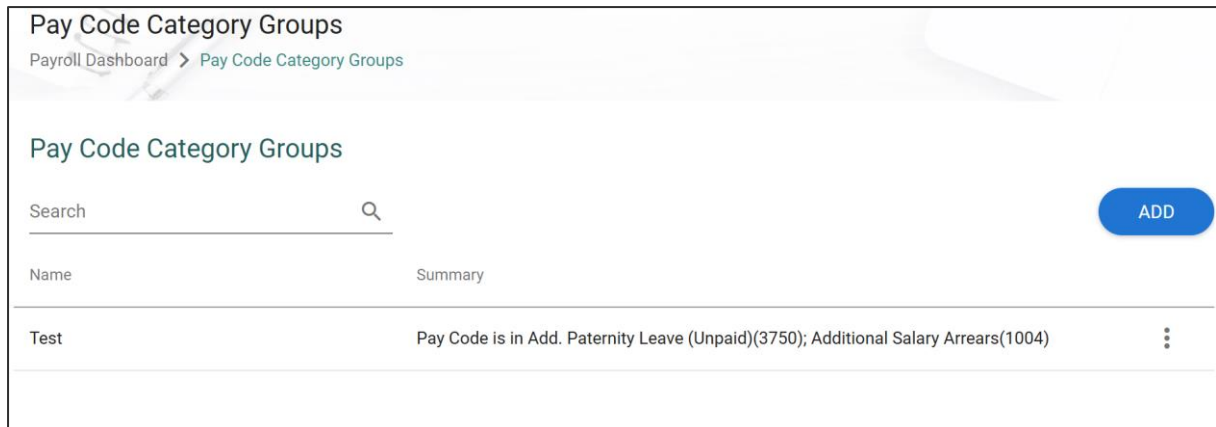

Pay Code Category allows you to group together a collection of Pay Codes making it easier to input and maintain payroll report definitions in an insight report setup screen.

2. Configuring Pay Code Categories

2.1. The Pay Code Categories Screen

Pay Code Categories can be configured and maintained from the Payroll Dashboard.

1. Go to the **Settings Tab**.
2. Click the **Pay Code Categories tile**.

Pay Code Category Groups

Payroll Dashboard > Pay Code Category Groups

Pay Code Category Groups

Search 

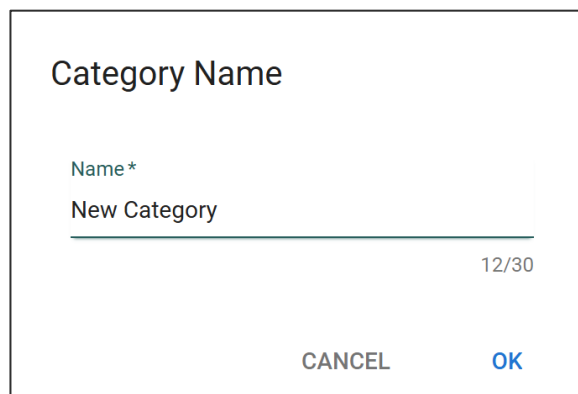

Name	Summary
Test	Pay Code is in Add. Paternity Leave (Unpaid)(3750); Additional Salary Arrears(1004) 

The Pay Code Category Screen will display all existing Pay Code Categories that have already been created.

2.2. Adding a Pay Code Category

To add a Pay Code Category got to the Pay Code Category Screen:

1. Click **ADD**.
2. Enter a Name for your Pay Code Category.

Category Name

Name*

New Category

12/30

3. Click **OK**.

Edit Pay Code Category - New Category

Payroll Dashboard > Pay Code Category Groups > Edit Pay Code Category - New Category

Available

Search Allowance/Payment

☐	Add. Paternity Leave (Unpaid) Code 3750
☐	Additional Salary Arrears Code 1004
☐	Adhoc Value Allowance Code 3010

0 rows selected.

Assigned

Search

0 rows selected.

4. Use the drop down to select the Pay Code type.
 - a. You can only group pay codes of the same type. For example, Allowances can not be grouped with Deductions.
5. Use the check boxes to select the Pay Codes to add to the Category.
6. Click the Right Pointing Arrow Icon to assign the selected Pay Codes to the Pay Code Category.
 - a. Changes are Saved Automatically.

Edit Pay Code Category - New Category

Payroll Dashboard > Pay Code Category Groups > Edit Pay Code Category - New Category

Available

Search Allowance/Payment

☐	Adoption Leave Code 3730
☐	Advance Pay - System Code Code 4999
☐	Annual Leave Code 3700

0 rows selected.

Assigned

Search

☐	Add. Paternity Leave (Unpaid) code 3750
☐	Additional Salary Arrears code 1004
☐	Adhoc Value Allowance code 3010

0 rows selected.

7. Once Finished return to the Pay Code Category Screen by clicking on the left arrow or the previous menu title.
 - a. The new Pay Code Category will be available on the Pay Code Category Screen.

Pay Code Category Groups

Payroll Dashboard > Pay Code Category Groups

Search 

ADD

Name	Summary	
New Category	Pay Code is in Add. Paternity Leave (Unpaid)(3750); Additional Salary Arrears(1004); Adhoc...	
Test	Pay Code is in Add. Paternity Leave (Unpaid)(3750); Additional Salary Arrears(1004)	

2.3. Edit a Pay Code Category

A Pay Code Category can be edited from the Pay Code Category Screen, to do this:

1. Expand the **3-dot menu** on the Pay Code Category.
2. Click **Edit**.
3. Click the **Arrow Icons** to add or remove Pay Codes from the Category.
 - a. Changes are saved automatically.

Edit Pay Code Category - New Category

Payroll Dashboard > Pay Code Category Groups > Edit Pay Code Category - New Category

RENAME

Available

Search  Allowance/Payment

- ☐ Adoption Leave
Code 3730
- ☐ Advance Pay - System Code
Code 4999
- ☐ Annual Leave
Code 3700

0 rows selected.

Assigned

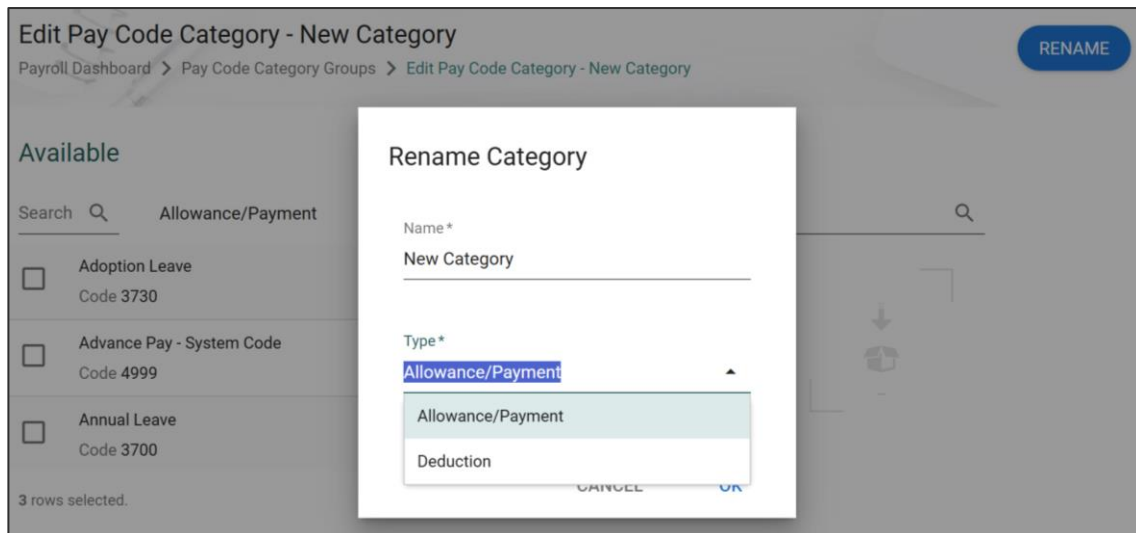

Search 

- ☐ Additional Salary Arrears
code 1004
- ☐ Adhoc Value Allowance
code 3010
- ☐ Add. Paternity Leave (Unpaid)
code 3750

0 rows selected.

4. Click **Rename** to edit the category name and Type.
 - a. If no Pay Codes have been assigned the Type can be changed between Allowance and Deduction

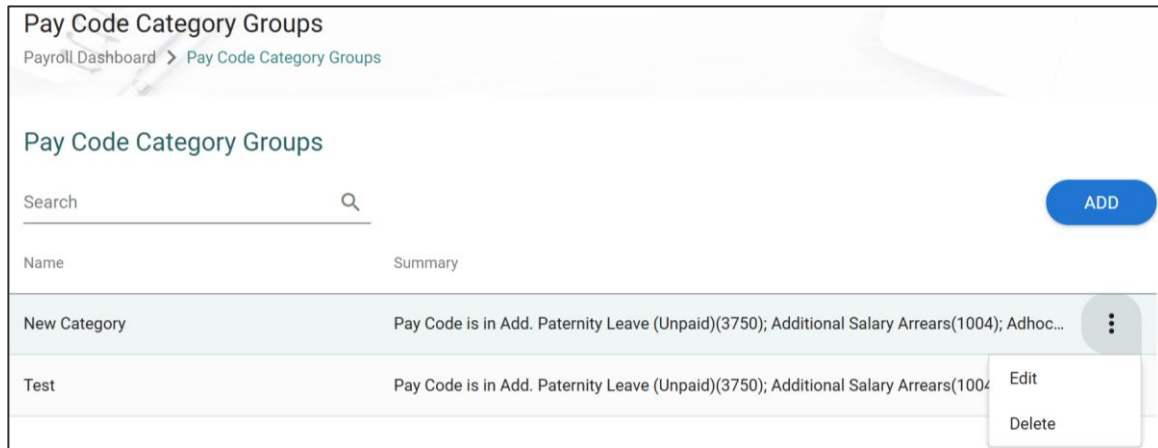

5. Click **OK**.
6. Once Finished return to the Pay Code Category Screen by clicking on the left arrow or the previous menu title.

2.4. Delete a Pay Code Category

Pay Code Categories can be deleted from the Pay Code Category Screen, to do this:

1. Expand the **3-dot menu** on the Pay Code Category.

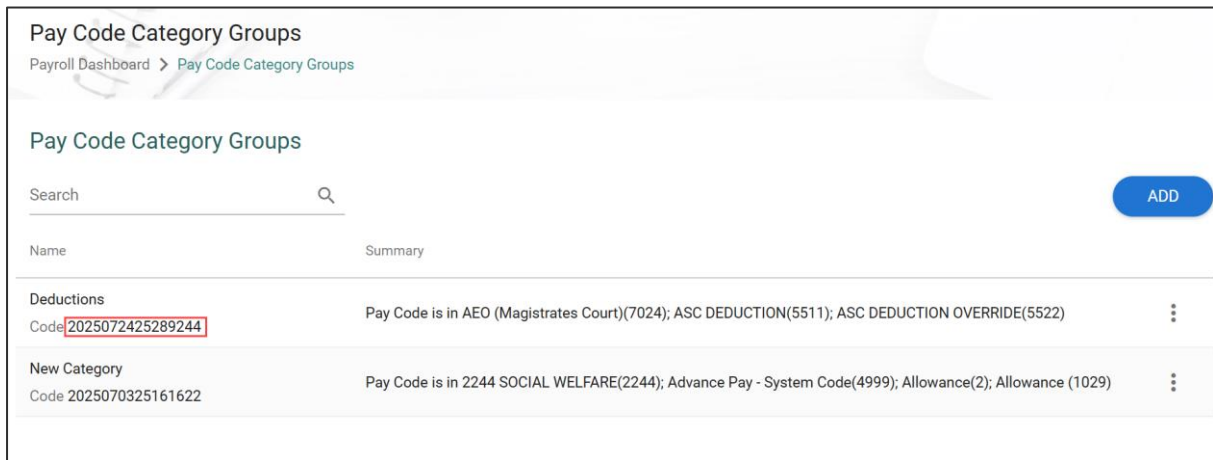

2. Click **Delete**.

3. Insight Reporting

Pay Code Categories can be utilised in Insight reports, making it easier and quicker to create and manage reports that include multiple Pay Codes.

3.1. Adding Pay Code Categories to Insight Reports

An Insight report using a Pay Code Category filter will update automatically when the Pay Code Category is amended. To use a Pay Code Category in an Insight Report, it is important to note the Pay Code Category Code.

Pay Code Category Groups	
Payroll Dashboard > Pay Code Category Groups	
Pay Code Category Groups	
Search	Q
Name	Summary
Deductions Code 2025072425289244	Pay Code is in AEO (Magistrates Court)(7024); ASC DEDUCTION(5511); ASC DEDUCTION OVERRIDE(5522)
New Category Code 2025070325161622	Pay Code is in 2244 SOCIAL WELFARE(2244); Advance Pay - System Code(4999); Allowance(2); Allowance (1029)

To Add a Pay Code Category:

1. Go to the Insight Dashboard
2. Create a new report or edit an existing report. The report will need to have a pay code column.
3. Select **Filters** from the **Select a setting drop down**.

New Report	
Insight > New Report	
REFRESH DATA ACTIONS	
Auto refresh on all changes	
Select a setting	Let's get started!
Filters	Add a column to begin
ADD	

4. Click **Add**.
5. Select **Pay Code** in the **Report Column**.
6. Select **Exists** in the **Operator**.

7. Select **Pay Code Category** in **List of Views**.

3.2. Calculation Examples

3.2.1. Gender Pay or Pension Reports

In instances where a sum of all pay codes between two dates was required, the calculation me was as follows:

- PABI_GET_APPT_PAYCODE_YTD_VAL2(PRCI_HR_PERSON_MASTER.PERSON_REFERENCE,N
ULL,:CALC(Start Period);,:CALC(End
Period);,'1006,1005,1001,1004,1000,1011,1002,2513,3600,3015,3000,1018,3024,3020,302
1,3022,1012,1013,3047,1015,2516,3700,3754,1008,3790,1009,1010,2520,2521,3063,3710,
3720,3730,3740,3752,3753,3755,3756,3758,3760,3762,3764,2512,2500,2501,2502,2503,1
003,2504,2507,2508,2509,2510,3719,3792,3606,3041,3051,3050,3040,3042,3043,3044,30
45,3046,1020,1021,1029,3023,3051,3064,3504,3601,3604,3613,3701,3702,3767,3804,380
5,3806,3049,7500,7558')

The individual Pay Codes can be removed from the calculation, and the following can be added to enable the software to use Pay Code Categories:

- `PABI_GET_CATEGORY_PAYCODES(P_CATEGORY_IDS=> '2025052361888559, 1324568')`

The new calculation is as follows:

- `PABI_GET_APPT_PAYCODE_YTD_VAL2(PRCI_HR_PERSON_MASTER.PERSON_REFERENCE, NULL, :CALC(Start Period );, :CALC(End Period);, PABI_GET_CATEGORY_PAYCODES(P_CATEGORY_IDS=> '2025052361888559, 1324568'))`
