1. Overview

1.1. Purpose of this Guide

The purpose of this document is to provide guidance on how to configure and manage Additional Superannuation Contributions (ASC) in Payroll.

1.2. What is Additional Superannuation Contribution (ASC)?

Additional Superannuation Contribution (ASC) came into effect on 01st January 2019, replacing the Pension Related Deduction (PRD).

The ASC is a deduction from the remuneration of public servants to fund existing pension benefits. No additional pension benefit accrues from this deduction. While PRD was a temporary measure, ASC is a permanent contribution.

Unlike PRD, ASC is only chargeable on pensionable remuneration. Pensionable remuneration includes:

- Basic Pay (excluding non-pensionable overtime) due to the public servant in respect of that period, and
- Allowances, emoluments and premium pay (or its equivalent) which are treated as pensionable pay.

1.3. Who is Liable to pay ASC?

ASC is a deduction from the pensionable pay of a public servant employed by a public service employer.

ASC applies to individuals who receive pensionable pay and meet any of the following criteria:

- is a member of a public service pension scheme.
- receives a payment in lieu of membership in such a scheme.
- is entitled to an ex-gratia retirement gratuity (annual or lump sum) on retirement.

Note:

Employees who are retained in a non-pensionable position under Department of Public Expenditure and Reform Circular 21/2017 etc. are not be liable for ASC.

1.4. ASC Rates

ASC is charged at different rates, with different threshold bands, depending on the pension scheme a person is a member of and the pension terms applying to such membership.

Note:

An individual must be correctly identified on the system in respect of the relevant pension scheme membership and the related terms.

The rates and thresholds for 2021 are provided below for all staff.

All Staff - 2021

Covered PS – 2020 Standard Accrual Group	Covered PS – 2020 Fast Accrual Group	Covered PS – 2020 Single Scheme Group
First €34,500 @ 0%	First €28,750 @ 0%	First €34,500 @ 0%
Next €25,500 @ 10%	Next €31,250 @ 10%	Next €25,500 @ 3.3%
Balance @ 10.5%	Balance @ 10.5%	Balance @ 3.5%

Note:

From 2021, the legislation no longer provides for "non-covered" public servants.

1.4.1. View ASC Rates

These rates apply to all public servants from 2021 onwards. To check the ASC rates loaded as part of the year end software delivery:

1. Go to *Payroll Dashboard > Settings > PRSI Rates*.
2. Click the **ASC** button.
3. Enter 2021 in the *Year Number* field and hit Enter/Tab.
4. Check the rates displayed.

99999999.99	99999999.99	10.50	...

1.5. Calculating ASC

1.5.1. When is ASC Calculated?

ASC is calculated and deducted from the gross pay before calculating income tax. ASC is a statutory deduction and takes priority over any non-statutory or voluntary deductions.

Gross Pensionable Remuneration:

- ASC only applies to pensionable remuneration. This means that non-pensionable allowances and non-pensionable overtime are not subject to ASC.
- ASC applies to all pensionable remuneration, whether taxable or otherwise. Therefore, non-taxable, pensionable allowances and payments are liable for ASC.

The following are not liable for ASC:

- Benefits in Kind.
- Non-pensionable payments, such as the reimbursement of expenses.
- Statutory Redundancy.
- Termination payments, whether taxable or non-taxable.

Salary Sacrifice

Salary sacrifices, such as travel pass or bike to work, can be deducted from pensionable pay before calculating ASC.

Enable the ASCable indicator on salary sacrifice pay codes to ensure ASC calculates on the reduced payment value.

Multiple Employments:

Where an employee has multiple public-sector employments, pensionable remuneration is calculated as the combined pensionable remuneration from each employment

1.5.2. How is ASC Calculated?

ASC is calculated on all pensionable payments. Including, wages or salary, arrears, pensionable allowances, holiday pay, maternity pay, paternity pay, occupational sick pay, etc.

ASC is calculated on an employee's pensionable pay as reduced by any approved salary sacrifice but before deductions for pension contributions, AVCs, PAYE, PRSI and USC.

Tax relief is allowed on ASC at the employee's marginal rate, i.e. ASC is deducted from an employee's gross pay before calculating Income Tax. ASC does not qualify for employee PRSI or USC relief but qualifies for full employer PRSI relief.

Note:

ASC is always calculated on a when paid basis. All ASCable payments are grouped into the current period calculation, regardless of transaction/worked date.

Example Calculation:

An employee is a member of a single pension scheme for their main employment, and the monthly pay group is being processed for January 2021.

Pay Code	ASC Indicator	Transaction Date	Value
Salary	Y	31 st January 2021	€2,000
Extra Worked Hours	Y	15 th December 2020	€250
Salary Arrears	Y	31 st December 2020	€1,800
Total ASCable			€4,050

The table below shows the monthly threshold/rates for a Single Scheme:

Member of a Single Scheme		
Annual Threshold	Monthly Threshold	Rate
€0 - €34,500	€2,875	0%
€34,500 - €60,000	€2,125	3.33%

ASC Calculation:

1. €2,875 @ 0% = 0
 2. €4,050 - 2,875 = 1,175 * 3.33% = 39.1275
- ASC Deducted = **€39.13**

1.5.3. Supplementary ASC

Where a *Payment After Leaving* is made to an employee, the *Complete Update Task* updates the *Supplementary ASC* fields on the cumulative screen.

Example:

When an employee leaves, the *Employee Cumulatives* screen displays the ASC Earnings.

Go to *Payroll Dashboard > Employee > View > Year to Date Cumulatives*.

The screenshot shows the 'Manage Payroll Employees' portal for April Duffy. The 'Year to Date Cumulatives' section is highlighted in the left sidebar. The main content area displays the following cumulative data:

Additional Superannuation Contribution					
ASC Earnings	2580.65	ASC Previous Employment Earnings	18.48	ASC Previous Employment Deductions	0
ASC Deducted Week 53	0	Supplementary ASC Earnings	Supplementary ASC	Previous ASCable This Employer	Previous ASC Deducted This Employer
ASC Previous Employment Earnings ...	ASC Previous Employment Deds. Wk53	ASC Commencement Date			

Pension Related Deduction					
PRD Earnings	0	PRD Previous Employment Earnings	0	PRD to Date	PRD Previous Employment Deductions
Supplementary PRD	0	PRD Previous Employment Earnings ...	PRD Commencement Date	PRD to Date Week 53	PRD Deducted Week 53
PRD Previous Employment Deds. Wk53					

The employee is then temporary reinstated and is given €2,000 ASCable earnings as a *Payment After Leaving*. When payroll is processed, and the *Complete Update Task* is run, the *Supplementary ASC* fields are updated. The value of any supplementary ASC is included in the regular *ASC Cumulatives* fields.

USC THRESHOLDS PRSI BREAKDOWN SAVE

The ASC45S form can then be generated for the employee, see section [ASC45](#) and [ASC45 Supplementary](#).

2. How to Use

2.1. Summary of ASC Screens

In *Payroll*, the following screens accommodate ASC:

- *Maintain Employee Detail*
- *Sundry Profile*
- *View Gross to Nett*
- *Maintain Current Employment Cumulatives*
- *Amend Employee Pay Group*
- *View Employee Detail*

Note:

These ASC fields require configuration and only show on the software when the company is identified as a *Public Sector Company*, see section [Set Public Sector Company Status](#).

2.2. Setting an Employee's ASC Status

The following employee *ASC Statuses* can be added or edited in the *Maintain Employee Detail* screen:

- ASC Status
- ASC Week One

2.2.1. Add/Edit ASC Status

When bringing a new employee into payroll, you can assign the employee an ASC Status. To do this, go to:

1. Go to *Payroll Dashboard > Employee > View > Tax Details*.

2. Select an *ASC Status* from the *ASC Status* drop-down menu.

The screenshot shows the 'Tax Details' section of the portal. The 'ASC Status' dropdown menu is highlighted with a red box, showing 'Covered Fast Accrual Pension' and 'ASC Week One' as options. The 'ASC Week One' option is selected. The form includes sections for Universal Social Charge (Emergency Basis), ASC Related Deduction, and Pension Related Deduction. A 'SAVE' button is visible at the bottom right.

3. Click **Save**.

2.2.2. Set ASC to Week One:

To set an employee to an ASC Week One basis:

1. Go to *Payroll Dashboard > Employee > View > Tax Details*.
2. Enable the *ASC Week One* indicator.

The screenshot shows the 'Tax Details' section of the portal. The 'ASC Week One' indicator is highlighted with a red box and is turned on. The form includes sections for Universal Social Charge (Emergency Basis), ASC Related Deduction, and Pension Related Deduction. A 'SAVE' button is visible at the bottom right.

3. Click **Save**.

2.3. Managing Employment Type

There are two key ASC elements on the *Sundry Profile* screen to accommodate the following tasks:

- Setting Subsidiary Employment
- Tracking Leavers

2.3.1. Setting Subsidiary Employment

Follow these steps to identify an employee on subsidiary employment:

1. Go to *Payroll Dashboard > Employee > View > Sundry Profile*.
2. Enable the *PRD/ASC Subsidiary Employment* indicator.

The screenshot shows the 'Sundry Profile' screen for Rafael Maguire. The left sidebar contains a list of tabs: 'Maintain Statutory', 'Statutory Detail', 'SSP Detail', 'Occupational Detail', 'Sundry Profile' (highlighted with a red box), 'Absence Rate Override', 'History / Year to Date', 'Salary History', 'Payroll History', 'View Payment Details', 'Appointment History', 'Legislative', and 'View P80'. The main content area displays various employee details and settings. The 'PRD/ASC Subsidiary Employment' toggle is highlighted with a red box. Other visible toggles include 'Apply AVC Max', 'Deceased', and 'Exempt from HRA Pay Reduction'. The bottom right corner has a green 'SAVE' button.

3. Click **Save**.

2.3.2. Tracking Leavers

For employees leaving the company, but who are not moving to another public sector company, the existing *Leaving Public Sector Status* indicator is used to track their leaving status.

Follow these steps to enable the *Leaving Public Sector Status* indicator for an employee.

1. Go to *Payroll Dashboard > Employee > View > Sundry Profile*.
2. Select an option from the *Leaving Public Sector Status* drop-down menu:
 - a. Less than 2 years' service.
 - b. Greater than 2 years' service.

Note:

If less than 2 years' service is selected, this triggers a refund of the ASC contributions to date.

2.4. Viewing ASC on the View Gross to Nett Screen

The ASC calculation happens as part of the *Payroll Validation* task. The calculated ASC value has been added to the *View Gross to Nett* screen.

Follow these steps, to view the calculated ASC on the *View Gross to Nett* screen:

1. Go to *Payroll Dashboard > Manage Payroll > Payroll Checking > View Gross to Nett*.
2. Select *View Gross to Nett Output*.
3. Click the Further Options  button next to an employee.
4. Select the *Pension* tab.

The calculated ASC deduction for the employee displays in the *ASC Deduction* field.

2.5. Employee Cumulatives

2.5.1. View Employee Cumulatives

After the *Complete Update* task, the employees' ASC Cumulatives update. Follow these steps to view the Employee ASC Cumulatives:

Go to *Payroll Dashboard > Employee > View > Year to Date Cumulatives*.

The screenshot shows the 'Manage Payroll Employees' portal for Rafael Maguire. The 'Year to Date Cumulatives' section is highlighted with a red box. It contains the following fields:

Additional Superannuation Contribution					
ASC Earnings	ASC Previous Employment Earnings	ASC to Date	ASC Previous Employment Deductions	ASC to Date Week 53	
3000		60.42	0		
ASC Deducted Week 53	Supplementary ASC Earnings	Supplementary ASC	Previous ASCable This Employer	Previous ASC Deducted This Employer	
0					
ASC Previous Employment Earnings	ASC Previous Employment Deds. Wk53	ASC Commencement Date			

Pension Related Deduction					
PRD Earnings	PRD Previous Employment Earnings	Supplementary PRD Earnings	PRD to Date	PRD Previous Employment Deductions	
0		0	0		
Supplementary PRD	PRD Previous Employment Earnings	PRD Commencement Date	PRD to Date Week 53	PRD Deducted Week 53	
0			0	0	

Note:

There are separate cumulative fields for a week 53 payroll vs normal year payroll. The reason for this is that ASC is applied on a *Week One* basis where a 53 week payroll applies.

2.5.2. Recording Previous Employment Details

Where an employee provides an employer with an ASC45, their previous ASC details can be recorded.

Follow these steps to record previous employment details.

1. Go to *Payroll Dashboard > Employee > View > Year to Date Cumulatives*.
2. Enter the ASC details in *Previous Employment* fields.

3. Click **Save**.

2.5.3. Multiple Periods of Employment

When an employee leaves and rejoins the same payroll company, their "*Previous ASCable This Employer*" and "*Previous ASC Deducted This Employer*" figures are held on the *Payroll Dashboard > Employee > View > Year to Date Cumulatives* screen.

Once rejoined, the cumulative ASC calculation includes the "*Previous ASCable This Employer*" and "*Previous ASC Deducted This Employer*" figures, as well as their current "*ASCable Earnings*" and "*ASC Deducted*" figures.

Additional Superannuation Contribution					
ASC Earnings 801.22	ASC Previous Employment Earnings	ASC to Date 32.68	ASC Previous Employment Deductions	ASC to Date Week 53 0	
ASC Deducted Week 53 0	Supplementary ASC Earnings	Supplementary ASC	Previous ASCable This Employer 3204.88	Previous ASC Deducted This Employer 171.81	
ASC Previous Employment Earnings ...	ASC Previous Employment Deds. Wk53	ASC Commencement Date			

Note:

- Where an employee worked elsewhere in the intervening period, the *Previous Employment Details (P45)* screen populates with details from the ASC45. Where populated, the system uses these figures, as well as the current ASC figures, in the cumulative ASC calculation.
- Where an employee is on a *Week One* ASC basis, the calculation remains on a *Week One* basis, i.e. it only includes items in the current period.

2.5.4. Inter Company Transfers – ASC Cumulatives

The *Amend Employee Pay Group* screen has been amended so that when an employee moves tax registered companies, the cumulatives are stored for the old company.

Follow these steps to view a snapshot of their cumulatives before the move.

- Go to *Payroll Dashboard > Employee > View > Year to Date Cumulatives*.
- See the *Previous ASCable This Employer* and *Previous ASC Deducted This Employer* fields.

Additional Superannuation Contribution					
ASC Earnings	ASC Previous Employment Earnings	ASC to Date	ASC Previous Employment Deductions	ASC to Date Week 53	
ASC Deducted Week 53 0	Supplementary ASC Earnings	Supplementary ASC	Previous ASCable This Employer 400	Previous ASC Deducted This Employer 100	
ASC Previous Employment Earnings ...	ASC Previous Employment Deds. Wk53	ASC Commencement Date			

Note:

- The **Inter-Company Transfer** button only displays where an employee has moved company.
- Remember that when moving an employee between tax registered companies, you must first process them as a leaver in the old company, before setting them up as a rejoiner in the new company.

2.5.5. Supplementary Cancel and Manual Payments

The cancel and manual payment processes have been updated to accommodate ASC. There are no additional screen changes. However, processing a cancel or manual payment now automatically updates the ASC cumulatives as required.

After clicking **OK**, the ASC section of the *Cumulatives* screen automatically updates.

Note:

- The value of any supplementary ASC paid, displays in the *Supplementary ASC Earnings* field.
- It also populates the *ASC Earnings* field to show a total ASC earnings figure.

Example:

The user processes a cancel payment after an employee was paid £2,000 ASC earnings in a period after leaving.

1. Cumulatives before the cancel payment is processed:

2.6. Generating ASC Reports

2.6.1. ASC30

The ASC30 monthly report can be generated from Payroll.

1. Go to *Payroll Dashboard > Predefined Reports > Payroll Data*.
2. Select the *ASC MONTHLY REPORT* from the drop-down *Report Name* menu.
3. Select a *Payroll Period* from the *Payroll Period* drop-down menu.
4. Select a *Company* from the *Company* drop-down menu.

The screenshot shows the 'Payroll Data' form with a red box highlighting the 'Report Name' dropdown menu. The dropdown is set to 'ASC MONTHLY REPORT'. Other fields include 'Pay Period(s)', 'Employment(s)', 'Pay Codes(s)', 'Period(s)', 'Location(s)', 'Analysis Codes(s)', 'Report Number(s)', 'Company(s)', 'Properties', and 'Order By'. Each field has a corresponding 'All' button with a toggle switch.

5. Click **Run Report**.

The report generates to the *Report Centre*.

Employer Reg No	Employer	Address	Contact Name	Phone	ASC Deduction	WTEs Paying ASC
7071417U	1114 - UNIVERSITY IRISH	CUSTOMER COMPANY (IE)			78.9	2.000000
End of Report						

2.6.2. ASC Annual Report – ASC35

The AS35 can be generated as part of the year end process. See section [ASC Annual Report – ASC35](#).

2.6.3. ASC45 and ASC45 Supplementary

The ASC45 can be generated for leavers. The ASC45 produced is either a main or subsidiary ASC45 depending on employment type of the Employee. Follow these steps to generate the relevant form.

1. Go to *Payroll Dashboard > Manage Payroll > Outputs > ROS*.
2. Select a *Pay Group* from the drop-down *Pay Group* menu.
3. Select an *Employee* from the drop-down *Employee* menu.
4. Click the either **ASC45 Cert** or **ASC45 Supplementary Cert**.

The screenshot shows the 'Payroll Dashboard' interface. At the top, there is a blue header with a back arrow and the text 'Payroll Dashboard'. Below this, the page title 'ROS' is displayed, followed by a breadcrumb trail 'Payroll Dashboard > ROS'. A red arrow points from the breadcrumb trail to a red-bordered box containing two buttons: 'ASC45 CERT' and 'ASC45 SUPPLEMENTARY CERT'. Below the buttons, there are several dropdown menus for selection: 'Pay Group*' (set to '2020 - Irish YE'), 'Location', 'Employee', 'Period P45 Issued', 'Tax Year', 'Current Tax Year', and 'P45 Form Version' (set to '5'). At the bottom right, there are two buttons: 'CLEAR' and 'GENERATE P45'. The 'coventry' logo is visible at the bottom center.

The ASC45 and ASC45 Supplementary generate to the *Report Centre*.

ASC45 Additional Superannuation Contribution – Certificate <i>(This is not an end-year Balancing Statement)</i>		
Employee Details

2.6.4. ASC60

The ASC60 can be generated as part of the year end process. More information is available in section [ASC60](#).

2.6.5. ASC60A

The ASC60A can be generated as part of the year end process. More information is available in section [ASC60A](#).

2.7. Frequently Asked Questions

2.7.1. Change of ASC Status Mid-Year

As ASC is a cumulative calculation, a change of status mid-year results in a recalculation. Where this occurs, the recommended guidance from DPER is that the Employee is put on a *Week One* basis. To do this, see [Setting ASC to Week 1](#).

2.7.2. Part-Time PRSI & Irregular Claims

Part-Time PRSI and Irregular Claims software cater to ASC. The key change is that, as ASC is on a when paid basis, the ASC calculation is always for the current period.

2.7.3. Grossing Up

When a grossing up payment is processed, *Payroll* calculates the correct amount to gross up.

3. ASC Updates to the Year End Process

The ASC Year End Process requires actions in the following areas:

- [Pre-Year End Data Check.](#)
- Year End Cumulatives.
 - Subsidiary Details
 - Recalculate ASC
- [Generate ASC60s](#) and [Generate ASC60As.](#)
- [ASC Annual Report – ASC35.](#)

3.1. ASC – Pre Year End Data Check Report

Note:

The *ASC – Pre Year End Data Check Report* allows you to check the employee's *ASCable Pay* and *ASC Paid* for their current and previous employments.

Run the *Pre Year End ASC Listing Report* from the *Pre Year End Data Check Listing* Screen.

1. Go to *Payroll Dashboard > Year End.*
2. **Select Manage** next to the company for which you want to generate the report.
3. Enter a *Company Reference* or select a company from the drop-down *Company* menu.
4. Click **ASC**.

Pre Yearend Cleardown Data Check

NOTE: This report will only contain data relating to pay groups you have access to

NOTE: The Pension/Medical BIK Reporting may take some time to run

Company:

Period:

The *ASC – Pre Year End Data Check PDF Report* generates to the *Report Centre*.

Pay Group: 1235

End of Report						

Note:

The *ASC – Pre Year End Data Check Report* only provides details for employees in pay groups to which you have access.

3.2. ASC Annual Report – ASC35

Use these steps to generate/print the ASC Annual Report:

1. Go to *Payroll Dashboard > Year End > Manage > ASC Annual Report*.
2. Select **Manage** next to the *Company* for which you want to run the ASC Annual Report.
3. Enter a *Company Reference* or select a company from the drop-down *Company* menu.
4. Enter a pay group code (leave it blank to generate for all pay groups).
5. Enter a location (work location, NOT input location). Leave this field blank for all locations.

The tax year automatically populates.

3.3. Generate ASC60s

For the tax year 2020, you can produce the following certs:

- ASC60 Cert
- ASC60 Amended Cert

To generate ASC60s:

1. Go to *Payroll Dashboard > Year End*.
2. Select **Manage** next to the *Company* for which you want to run the ASC60s.
3. Select *Print P60s*.
4. Enter a *Company Reference* or select a company from the drop-down *Company* menu.
5. Select a Pay Group from the drop-down Pay Group menu (leave it blank to generate for all pay groups).
6. Select a *Location* from the drop-down *Location* menu (work location, NOT input location). Leave this field blank for all locations.
7. Select an *Employee Reference* from the drop-down *Employee Reference* menu. Leave the field blank to retrieve ASC60s for all employees.

Print P60s

Note: The P60s will only contain data relating to pay groups you have access to.

3.4. Amend an Employee's ASC Cumulatives

If there is a subsequent change to the figures provided to an employee on an ASC60, then provide an ASC60A.

Firstly, update the cumulative figures for the year to which the change relates.

1. Go to *Payroll Dashboard > Year End*.
2. Select **Manage** next to the relevant *Company*.
3. Select Maintain Cumulatives.
4. Enter an employee reference or select an employee from the *Employee Reference* drop-down menu.
5. Click **Query**.
6. Populate the *ASC Form Type* field to "A" for *Amended*.

ASC60 Cert.

Amended ASC60 Cert.

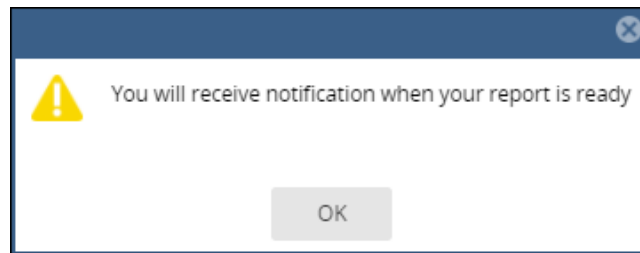

Print Order

Release Portal P60s

OK

Cancel

The following message appears:

The ASC60As generate, as a PDF report, to the *Report Centre*.

Note:

- The ASC60As are released to the [Employee Self Service Portal](#) and made available to view and download in the PRD60 Certs widget.
- The ASC60A replaces the ASC60 for the year to which it relates in the PRD60 Certs widget.
- The PRD60 Cert widget contains, as well as the newly issued ASC60A, all the employees' PRD60s produced on CoreHR.

Below is an example of an ASC60A cert opened from the PRD60 Certs widget.

Note:

There is an option for the employee to view the ASC60A cert in Irish.

ASC60 amended R Revised 2020
Additional Superannuation Contribution Certificate
Amended End-of-Year Balancing Statement

Employee Details

Surname of Employee	Commencement Date for Additional Superannuation Contribution
O'Keeffe	N/A
First Name	Payroll/Works Number
Maddison	2517477
Address	PPS Number
120 Slew Bay Skerries	5255865H

Additional Superannuation Contribution Details

Below are the details of the Additional Superannuation Contribution made in previous employments and in this employment during the year as amended

Gross Pensionable Income for Additional Superannuation Contribution for Previous Employments in this year	Gross Pensionable Income for Additional Superannuation Contribution for this Employment in this year
€ 0.00	€ 49,314.86
Amount of Additional Superannuation Contribution made for previous employments in this year	Amount of Additional Superannuation Contribution made for this employment
€ 0.00	€ 2,156.51

Please insert total of all gross pensionable incomes and Additional Superannuation Contribution made in all previous employments in this year in the first column. Where an employee had more than one period of employment with the same employer in the year, please insert the **gross pensionable income** and Additional Superannuation Contribution figures for the latest period of employment **only** in the second column.

Employer Details

I certify that the particulars entered above are correct.

Employer	Employer Registered Number
1235 IRISH YEAR END 2020 UNIVERSITY	A546
Address	Phone Number
59 Tilly Mews	N/A
Carlow	E-mail
Carlow	N/A
Signature	Date
	3rd November 2020

Employer

This certificate is to be given to the employee.

Employee

This is a certificate of the Additional Superannuation Contribution made in previous employments and in this employment and in this current year to the end of the year. Please retain carefully.

PLEASE PRINT THIS CERTIFICATE OR COMPLETE IN BLOCK CAPITALS

Print

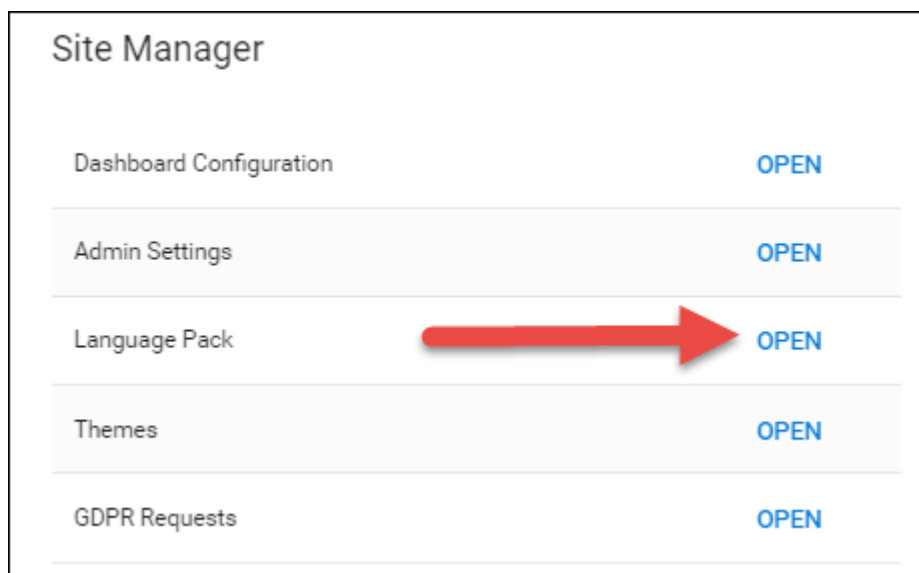

3.6. Employee Self Service ASC60 & ASC60As

The ASC60 & ASC60A forms are available via the Employee Self Service using the existing PRD60 widget. If you have the PRD60 widget already configured, there is no requirement to reconfigure the *Employee Dashboard* in CorePortal.

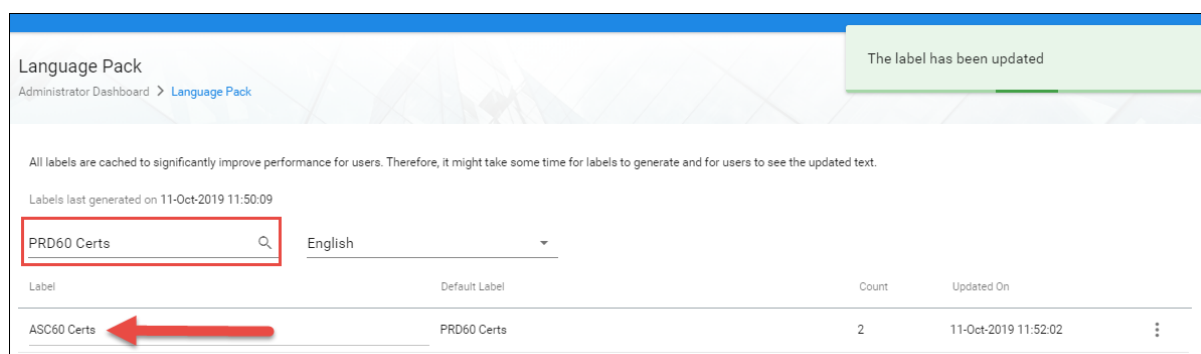

Use the Language pack if you wish to update the name of the PRD60 Certs widget, e.g. update the name to ASC60 Certs.

To access the CoreHR language pack:

1. Quick Jump to the *Site Manager Widget*.
2. Click **Open** on the *Language Pack* option.

3. Search for PRD60 Certs.
4. Update the Label to ASC60 Certs.

The PRD60 Certs widget now updates to ASC60 Certs:

ASC60 Certs		VIEW ALL
2020		VIEW
2019		VIEW

 Note:

For details on how to add the PRD60 Cert Widget to the Employee Dashboard, see the [CorePortal Payroll Employee Self Service Widgets](#) user guide.

4. How to Configure

4.1. Suggested Pre-Payroll Processes

Before configuring the software for ASC, there are three processes to review:

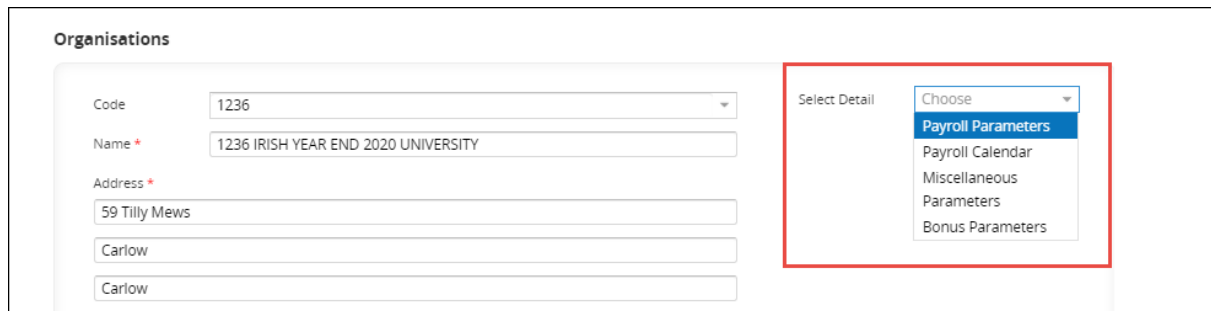

- [Set Public Sector Company Status.](#)
- [Identify ASC Pay Codes.](#)
- [Verify ASC Rates.](#)

4.1.1. Set Public Sector Company Status

For the ASC fields to become available, enable the *Company* as a *Public Sector Company*.

To check the Public Sector Company status, go to:

1. Go to *Payroll Dashboard > Settings > Organisations*.
2. Select a *Company* from the drop-down *Company* menu.
3. Select *Payroll Parameters* from the drop-down *Select Detail* menu.

The screenshot displays the 'Organisations' settings page. On the left, there is a form with the following fields: 'Code' (dropdown menu showing '1236'), 'Name' (text field with '1236 IRISH YEAR END 2020 UNIVERSITY'), 'Address' (text field with '59 Tilly Mews'), and two 'Carlow' text fields. On the right, a 'Select Detail' dropdown menu is open, showing a list of options: 'Choose', 'Payroll Parameters' (which is highlighted in blue), 'Payroll Calendar', 'Miscellaneous Parameters', and 'Bonus Parameters'. The entire 'Select Detail' menu is enclosed in a red rectangular box.

4. Click **Next Page** to move to page 4.

- The *Public Sector Company* indicator is an existing indicator which controls the visibility of the ASC fields.

The screenshot shows the 'General Settings' and 'Pension Related Deductions' sections. In the 'Pension Related Deductions' section, the 'Public Sector Company' toggle switch is turned on (green) and is highlighted with a red box. A red arrow points to this toggle switch.

4.1.2. Identify ASC Pay Codes

Review all pay codes to identify which payments ASC calculates.

Note:

Salary Sacrifice is not subject to ASC. Enable the ASCable indicator on salary sacrifice pay codes to ensure ASC calculates on the reduced payment value.

Follow these steps to review and update all required Pay Codes.

- Go to *Payroll Dashboard > Settings > Pay Codes*.
- Ensure that the salary sacrifice pay codes have the *Salary Sacrifice* indicator enabled.

The screenshot shows the 'Pay Code Wizard' interface. The 'Rules' step is selected, and a table of rules is displayed. The 'Salary Sacrifice' rule is highlighted with a red box.

Rule	Description	Value
Salary Sacrifice	Toggle if salary foregone	On

Note:

Repeat the above step for all *Pay Codes* that are subject to ASC.

4.1.3. Verify ASC Rates

ASC rates for each ASC type are preloaded as part of the year end software delivery.

Note:

It is the customer's responsibility to ensure and validate that all rates and associated data are correct and compliant.

These rates apply to all public servants from 2021 onwards. To check the ASC rates loaded as part of the year end software delivery:

1. Go to *Payroll Dashboard > Settings > PRSI Rates*.
2. Click the **ASC** button.
3. Enter 2021 in the *Year Number* field and hit Enter/Tab.
4. Check the rates displayed.

A. Fast Accrual Pension.

ASC Related Deduction			
ASC Category Covered Fast Accrual Pension		Year Number 2021	
Weekly Threshold	Monthly Threshold	Percent	
552.88	2395.83	0.00	...

1153.84	5000.00	3.33	...
9999999.99	9999999.99	3.50	...

C. Standard Accrual Pension

ASC Category

Covered Standard Accrual Pension

Year Number

2021

Weekly Threshold	Monthly Threshold	Percent	
663.46	2875.00	0.00	...
1153.84	5000.00	10.00	...
9999999.99	9999999.99	10.50	...

4.2. Bulk Update ASC Status for Existing Employees

Payroll provides a load facility to allow you to set the default ASC status in bulk for existing employees.

4.2.1. Create the ASC Status Load File

To create the file, the file format is *Employee, ASC Code*:

1. Open a new workbook in Excel.
2. Add a column for "Employee Reference".
3. Add a column for "ASC Code".

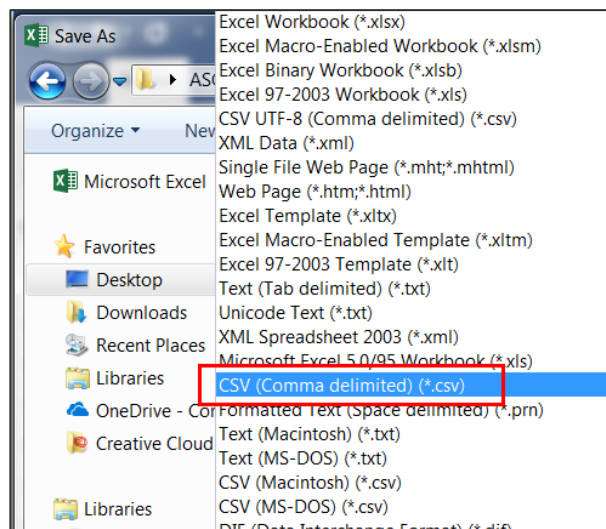

- The following are the ASC codes to be used for each type:

ASC Code	Description
COVER_STD	Covered Standard Accrual Pension
COVER_FAST	Covered Fast Accrual Pension
COVER_SING	Covered Single Scheme
EXEMPT	Exempt

	A	B	C	D	E	F
1	11236451	COVER_STD				
2	11235641	COVER_FAST				
3	11235987	COVER_SING				
4	11235741	NONCOVER_STD				
5	11235521	NONCOVER_FAST				
6	11235567	NONCOVER_SING				
7	11235492	EXEMPT				
8						
9						

- Click *File > Save As*.

Select file type of CSV (Comma Delimited) (*.csv).

4.3. Set up ASC Pay Codes

There are two new pay codes required for ASC:

- ASC Deduction
- ASC Deduction Override

Pay Code	Description	Type	Subject Type	Summary	Last Edited
5511	Asc Deduction	Deduction	Standard Value	The Deduction, 5511 - Asc Deduction is Income Continuation Pay Code, PRStable, Non-Pensionable EE, Non-Pensionable ER, Non-USCable.	27-Oct-2020 By: BCKEFPFE
5512	Asc Deduction Override	Deduction	Standard Value	The Deduction, 5512 - Asc Deduction Override is Income Continuation Pay Code, PRStable, Non-Pensionable EE, Non-Pensionable ER, Non-USCable.	15-Nov-2018 By: COREHR

Note:

- Users can also set up a new pay code for “Previous Year ASC Refund” to use where ASC refunds are required for the previous tax year, i.e. no impact on the calculation in 2021.
- Refunds are processed via a manual timesheet; this pay code is not held in a parameter.

Follow these steps to configure these new pay codes.

1. Go to *Payroll Dashboard > Settings > Pay Codes*.
2. Select **Add New Pay Code**.

Rule	Description	Value	EDIT
Taxable	Enter Taxable, Non-Taxable, Pre-Tax or Income Continuation	Income Continuation Pay Code	EDIT
PRStable	Select PRStable type as appropriate for this Pay Code	No EE PRSI Relief / Full ER PRSI Relief	EDIT
Pensionable for Employee	Select if this Pay Code Pensionable or Non-Pensionable for the Employees Pension Contributions	Non-Pensionable EE	EDIT
Pensionable for Employer	Select if this Pay Code is Pensionable or Non-Pensionable for the Employers Pension Contributions	Non-Pensionable ER	EDIT
USCable	Select USCable or Non-USCable	Non-USCable	EDIT
Max Value	Enter the Maximum Value allowed on any one Timesheet entry for this Pay Code	999999.99	EDIT
Min Value	Enter the Minimum Value allowed on any one Timesheet entry for this Pay Code	-999999.99	EDIT
Enable/Disable for Allowances Screen	Select if this Pay Code is NOT to be used to enter Allowances on i.e. on the Employee Allowances screen	Enable for Allowances Screen	EDIT
Enable/Disable for Timesheets	Select if the Pay Code is to be Disabled or Enabled for Timesheets	Enable for Timesheets	EDIT
Calculation Priority	Enter the calculation Priority in order of importance e.g. 1,2,3 for each allowance	1	EDIT
Accumulate Unpaid	Indicate if this deduction should accumulate all contributions not taken (i.e. due to insufficient net pay) as an unpaid value for the subsequent payroll period or if unpaid arrears are just to be held for informational purposes	No	EDIT
Annual Maximum	Enter the value if this deduction is subject to an annual contribution limit.	0	EDIT
No. of Deduction Weeks	For fixed period deductions enter the number of weeks that the annual value (on the employees deduction record) is to be divided by to establish the employees periodic contribution. This is relevant for weekly, fortnightly and four weekly Pay Groups	0	EDIT
No. of Deduction Months	For fixed period deductions enter the number of months that the annual value (on the employees deduction record) is to be divided by to establish the employees periodic contribution. This is relevant for monthly and bi-monthly Pay Groups	0	EDIT

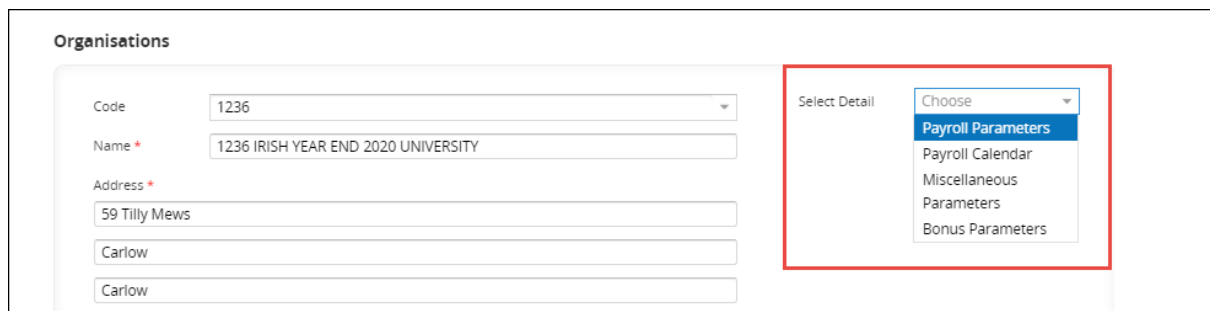

Configure each of the new pay codes so that the following applies:

- There is Employer PRSI relief in respect to ASC. However, it does not qualify for employee PRSI relief. To do this select *No EE PRSI Relief, Full ER PRSI Relief* from the PRSlable drop-down menu
- ASC does not qualify for USC relief.
- ASC does qualify for tax relief.
- ASC is not included in calculating age-related tax relief thresholds.
- ASC contributions have no impact on the calculation of referable amounts under the *Single Scheme*.
- Salary sacrifices, such as travel pass or bike to work, can be deducted from pensionable pay before calculating ASC. Enable the ASCable indicator on salary sacrifice pay codes to ensure ASC calculates on the reduced payment value.

4.3.1. Assign New ASC Pay Codes to Company

Assign the two new ASC pay codes to all Public Sector Companies. Follow these steps to assign the codes.

1. Go to *Payroll Dashboard > Settings > Organisations*.
2. Select a *Company* from the drop-down *Company* menu.
3. Select *Payroll Parameters* from the drop-down *Select Detail* menu.

The screenshot shows the 'Organisations' form. On the left, there are input fields for 'Code' (1236), 'Name' (1236 IRISH YEAR END 2020 UNIVERSITY), 'Address' (59 Tilly Mews), and 'Location' (Carlow). On the right, there is a 'Select Detail' dropdown menu. The menu is open, showing a list of options: 'Choose', 'Payroll Parameters' (highlighted in blue), 'Payroll Calendar', 'Miscellaneous Parameters', and 'Bonus Parameters'. The entire form is enclosed in a red border.

- Click **Next Page** to move to page 4.

Override ASC Pay Code
Asc Deduction Override

**Note:**

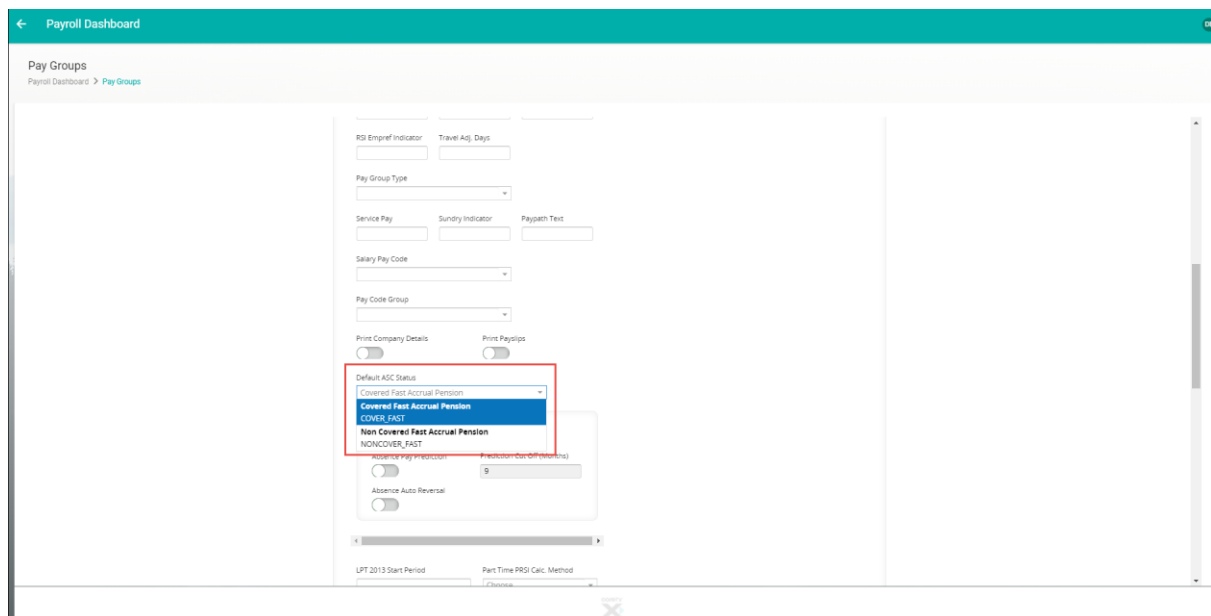

The ASC pay codes must be assigned to all relevant companies. Customers can decide to set up separate ASC pay codes for each company if they wish.

4.4. Set Default ASC Status at Pay Group Level

Set a default value for ASC status at the *Pay Group* level. The default value selected is used where no ASC status is found on an employee's record when running payroll.

Follow these steps to set a default ASC status at pay group level.

1. Go to *Payroll Dashboard > Settings > Pay Groups*.
2. Select a *Pay Group* from the drop-down *Pay Group Code* menu.
3. Click **Next Page** to move to page 3.
4. Select a *Default ASC Status* from the drop-down *Default ASC Status* menu.

The screenshot shows the 'Pay Groups' configuration page in the Payroll Dashboard. The 'Default ASC Status' dropdown menu is highlighted with a red box, displaying the following options:

- Covered Fast Accrual Pension
- COVER_FAST
- Non Covered Fast Accrual Pension
- NONCOVER_FAST

Below the dropdown, there are toggle switches for 'Non-covered Fast Accrual Pension' and 'Absence Auto Reversal'. The 'Non-covered Fast Accrual Pension' toggle is currently turned on, and the 'Absence Auto Reversal' toggle is currently turned off.

5. Click **Save**.

4.5. Review the ASC Pay Codes impact on the General Ledger Matrix

A review of your *General Ledger Matrix* is recommended to assess the impact of the new ASC pay codes. Follow these steps to review the General Ledger Matrix:

1. Go to *Payroll Dashboard > Settings > General Rules & Settings*

Maintain GL Parameters

Matrix Type

☒ Profit and Loss ☐ Balance Sheet

Select Detail

Profit and Loss Matrix Maintenance

Pay Code	Sub Category	Expense	
Basic Hours	Retail Deputy Management	Additional Hours-Flat	...

Basic Hours Arrears	Retail Deputy Management	Additional Hours-Flat	...

Cancel

AddSave

Note:

If using a custom GL matrix, ensure that this is updated as required.

2. Review and update as required.

5. ASC Updates for CorePension

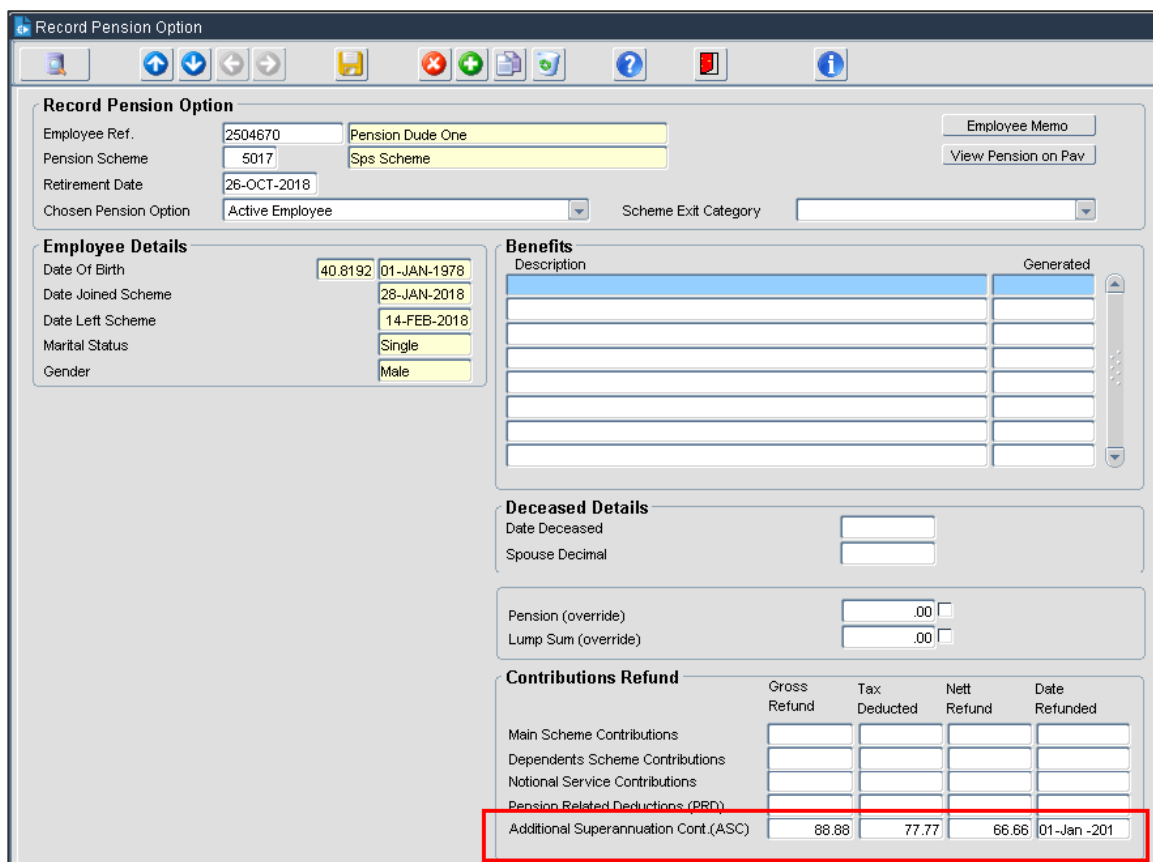

This section guides the changes made to *CorePension* to accommodate the introduction of ASC.

5.1. Add ASC Refund

The *Record Pension Option* screen allows the user to add values for an ASC refund.

Follow these steps to add values for an ASC refund:

1. Go to *CorePension > Maintenance > Record Pension Options*.
2. Enter an *Employee Reference* or click the  button to select an *Employee* from the LOVs.
3. Enter a *Pension Scheme* or click the  button to select a *Pension Scheme* from the LOVs.
4. The following refund values can be added manually for ASC:
 - a. Gross Refund
 - b. Tax Deducted
 - c. Nett Refund
 - d. Date Refunded

5. Click **Save** .

5.1.1. Refund History

The *Refund History* screen holds an audit record of historic refunds, where multiple amendments on the *Record Pension Option* screen may have occurred.

Follow these steps to review ASC refund history:

1. Go to *CorePension > Maintenance > Refund History*.
2. Drill down to each record and view the *Contribution Refund* values for ASC.

The screenshot shows the 'Refund History' screen with a table of refund records. A pop-up dialog titled 'Contributions Refund' is displayed over the table, showing detailed refund information for a specific record.

5.2. Calculate ASC Values

As part of the pension benefit details, it may be useful to view or calculate ASC contributions (YTD and Total). Follow these steps to calculate and view ASC values.

1. Go to *CorePension > Maintenance > Generate Employee Pension Benefits*.
2. Enter an *Employee Reference* or click the button to select an *Employee* from the LOVs.
3. Enter a *Pension Scheme* or click the button to select a *Pension Scheme* from the LOVs.

4. Click **OK**.

+ Cost Neutral Early Retirement Pension	207.02

Note:

The *Total/ASC* field calculates the total ASC contributions for all years, i.e. from when ASC started in 2019.

5.3. Updating the Pension Benefit Statement for ASC

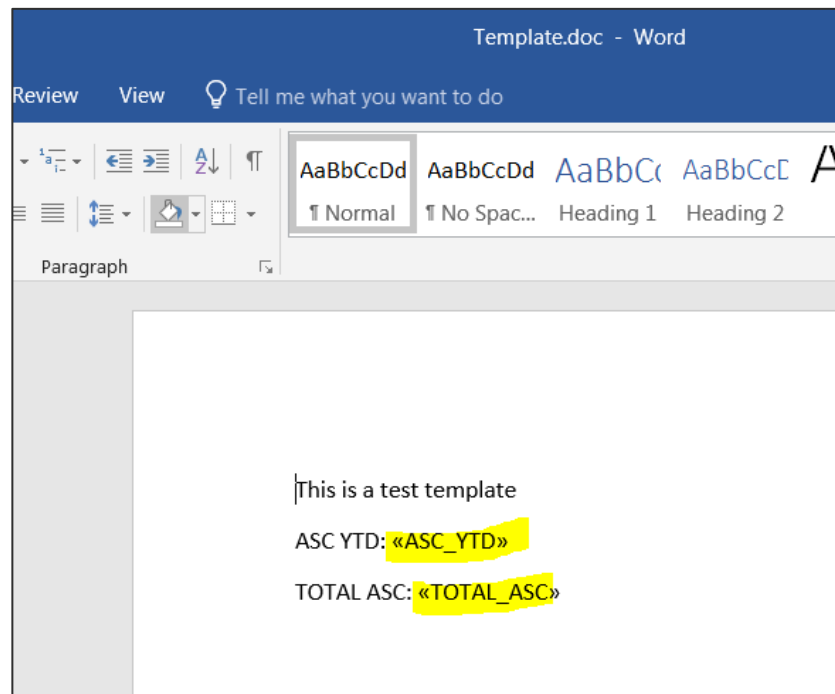

5.3.1. Updating the Pension Benefit Statement Template

The data source PEN_PENSION_PERSON_MERGE which used to *Generate Pension Benefits Statements* via the CoreLetters module includes two new merge fields:

- ASC_YTD
- TOTAL_ASC

Update the mail merge templates used for this process, to include these fields from the data source, see the [Pension Benefit Statement Letters – Mail Merge](#) user guide.

Example:

7. Summary of the ASC Process

The following changes were introduced as part of the 2020/21 year end delivery.

1. ASC End of Year Process

The *Year End Cleardown* on Payroll was amended to ensure all ASC values reset to zero on the *Maintain Employee Cumulative Detail* screen, apart from the *ASC Status* and *ASC Commencement Date*. The ASC Cumulatives, as with all other cumulatives, move to the *Maintain Year End Cumulative Details* screen.

2. Generate ASC60s

On the P60 Screen, the button ASC60 calls the ASC Template for the relevant tax year. For detailed steps on how to generate and print ASC60s or ASC60As, see section [3.3. Generate ASC60.](#)

3. ASC60A

For full details on how to generate ASC60As, see section [3.5. Generate ASC60As](#)

4. ASC60s and ASC60As on the Portal Employee Self Service

Portal ASC60 Documents are available to view and download from the PRD widget. For detailed steps on how employees access ASC60s and ASC60As, see section [3.6. Employee Self Service ASC60 and ASC60As.](#)

5. ASC60 and ASC60A forms are available in English and As Gaeilge

ASC60 and ASC60A are controlled via the *Print Options* on the P60 screen where you can select to print "As Gaeilge". For detailed steps on how to print ASC60s "As Gaeilge" see section [3.3. Generate ASC60.](#)

6. The *ASC Week One* indicator resets before the start of the tax year

The *ASC Week One* indicator now clears down as part of the year end clear down task.

7. Pay Codes Listing Report - amended to add ASC indicators

An ASC indicator has been added to the Pay Code Listing Report to identify ASCable Pay Codes.

To access to the *Pay Code Listing Report*:

1. Go to *Payroll Dashboard > Predefined Reports > Reference Data*.
2. Select *Pay Code Listing* from the *Report Name* drop-down menu.
3. Select **Run Report**.
4. The *Pay Code Listing Report* generates to the *Report Centre*.
