1. Introduction

1.1. Purpose of this Guide

This lesson provides guidance on how to process payroll using either the 3 Step or the 5 Step Payroll Process.

1.2. Payroll Processing Options

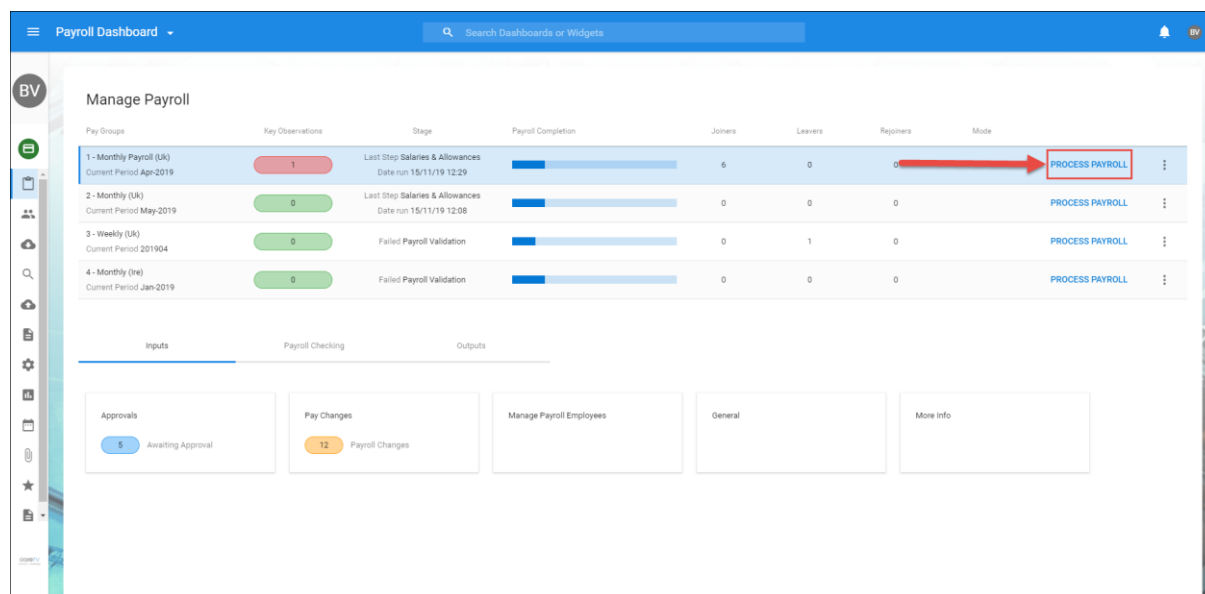

CoreHR provides you with 2 options for processing payroll:

- The 3 Step Payroll Process.
- The 5 Step Payroll Process.

Which option to use should depend on the size of the pay group being processed. There is also an option to incorporate manual tasks into your payroll process.

To begin the payroll process:

1. Go to the *Manage Payroll* Tab.
2. Select a Pay group.
3. Click on **Process Payroll**.

Pay Group	Key Observations	Stage	Payroll Completion	Joiners	Leavers	Rejoiners	Mode
1 - Monthly Payroll (UK) Current Period Apr-2019	1	Last Step Salaries & Allowances Date run 15/11/19 12:29		6	0	0	PROCESS PAYROLL
2 - Monthly (UK) Current Period May-2019	0	Last Step Salaries & Allowances Date run 15/11/19 12:08		0	0	0	PROCESS PAYROLL
3 - Weekly (UK) Current Period 201904	0	Failed Payroll Validation		0	1	0	PROCESS PAYROLL
4 - Monthly (re) Current Period Jan-2019	0	Failed Payroll Validation		0	0	0	PROCESS PAYROLL

2. The 5 Step Payroll Process

Most companies consisting of multiple and large pay groups, use the default 5-step process. The following table outlines the 5 steps used to process payroll.

The *Manage Payroll* tab allows you to access and manage the payroll run for specific pay groups and for specific pay periods.

Payroll: Processing Payroll

Manage Payroll

Pay Groups	Key Observati...	Stage	Payroll Completion	Joiners	Leavers	Rejoiners	Mode

2.1. 1. Salaries and Allowances

The *Salaries & Allowances* task generates timesheet details for employees' salaries, pension, and permanent allowances. Permanent allowance timesheet details are generated for both salary and positive input (timesheet) employees. The task name is PAY290.

This task will also calculate both positive and negative arrears on salaries and allowances.

- **Positive Arrears:** will generate if the start date of a salary or permanent allowance is backdated to a date before the current period.
- **Negative Arrears:** will generate if the end date of a salary or permanent allowance is backdated to a date before the current period.

To generate Salaries and Allowances:

1. Select **Run** to generate *Salaries & Allowances*.

1 Salaries & Allowances		
Ready for first run	Last Run 27/08/19 10:30	Run by Brian O'Keefe
		Ready to Run RUN
2 Payroll Validation

2. Switch on the Final Generate Indicator.

Switch on the *Final Generate* indicator to prevent HR users from making further amendments which will affect payroll.

Final Generate for Monthly (Uk) ...

Is this your Final Generate?

☒

CANCEL

OK

3. Click **OK**.

Note:

If this indicator is not enabled, then Salaries and Allowances and GTN will be generated. However, the user will not be allowed to confirm timesheets.

2.2. 2. Run Validation

Payroll Validation performs several tasks, including:

- Calculates statutory and non-statutory deductions
- Generates gross to nett output for each employee and populates the view gross to nett screen.
- Allows you to download and view copy payslips.
- Assesses employees for auto enrolment and enrolls eligible employees.

The task name is PAY140.

To run *Payroll Validation*:

1. Select **Run** to generate *Payroll Validation*.

1 Salaries & Allowances	Run successfully	Last Run 18/11/19 11:31	Run by Brian O'Keeffe	Complete	RERUN
2 Payroll Validation	Ready for first run	Last Run Never	Run by Never	 RUN	
3 Confirm Timesheets	Ready for first run	Last Run Never	Run by Never	Pending	RUN
4 Payroll Update		Last Run Never	Run by Never	Pending	RUN
5 Complete Update	Confirm Timesheets and Payroll Update before running payroll	Last Run Never	Run by Never	Pending	RUN

Before running the Payroll Validation step, you can configure the payroll validation parameters.

This is optional. To do this, click the  button and click **Options**.

2.2.1. Payroll Exceptions Report

The *Payroll Exceptions Report* shows the top 10 earners, bottom 10 earners, payroll observation messages, and the control summary. Observation messages detail all errors and warnings for the current payroll period.

- **Key Observations** = Error Messages indicating the employee will not be paid. Identified with ***
- **Observations** = Warning Messages.

2.2.2. Payroll Controls (PAYB141) Report

Payroll: Processing Payroll

This report ensures that the payroll is balanced from the previous payroll period detailing any amendments which have impacted on employee cumulative details. Amendments can be generated due to:

- The input of employee P45 details.
- Employees moving in or out of the pay group.
- Cancellation of previous historical payments in the current tax year (covered in *Corrections* section).

	(A) - Closing Balance Last Period	(B) - Amendments	(C) - (Manual) Opening Balance This Period	(D) - (System) Opening Balance This Period	(E) - Value This Period	(F) - Closing Balance This Period

2.2.5. Nett Pay Curr-Prev Exceptions Report

This report compares employees' nett pay in the current period with the employees' nett pay in the previous period.

Employee Reference	Name	Location	Location Description	Previous Net Pay	Current Net Pay	Difference
000157	Robles Jena	1	Head Office	1160.28	907.09	-253.19
000159	Logan Sonya	1	Head Office	225.66	112.69	-112.97
000180	Hull Philip	2	Branch Office 1	781.44	635.15	-146.29

2.3. 3. Confirm Timesheets

The Confirm Timesheets task closes off the timesheet inputs for the current payroll period, i.e. no more timesheet entries are allowed.

It closes the current input period (not to be confused with the payroll period) and moves it on to the following input period.

To *Confirm Timesheets*:

1. Select **Run** to *Confirm Timesheets*.

Payroll: Processing Payroll

1 Salaries & Allowances	Run successfully	Last Run 18/11/19 11:31	Run by Brian O'Keeffe	Complete	RE RUN
2 Payroll Validation	Run successfully	Last Run 18/11/19 11:48	Run by Brian O'Keeffe	Complete	RE RUN
3 Confirm Timesheets	Ready for first run	Last Run Never	Run by Never	Reverse Confirm Timesheets	RUN
4 Payroll Update		Last Run Never	Run by Never	Pending	RUN
5 Complete Update	Confirm Timesheets and Payroll Update before running payroll	Last Run Never	Run by Never	Pending	RUN

2.4. 4. Reverse Confirm Timesheets

Once the input period is closed, it can be reopened. It can be reopened at any stage before the *Complete Update* task is run. To reopen the input period, you *Reverse Confirm Timesheets*.

To *Reverse Confirm Timesheets*:

1. Select the further options menu.
2. Click on **Reverse Timesheet Confirm**.

1 Salaries & Allowances	Run successfully	Last Run 18/11/19 11:31	Run by Brian O'Keeffe	Complete	RUN
2 Payroll Validation	Run successfully	Last Run 18/11/19 11:48	Run by Brian O'Keeffe	Complete	RUN
3 Confirm Timesheets	Run successfully	Last Run 18/11/19 11:50	Run by Brian O'Keeffe	Complete	RUN
4 Payroll Update	Ready for first run	Last Run Never	Run by Never	Ready to Run	RUN
5 Complete Update	Confirm Timesheets and Payroll Update before running payroll	Last Run Never	Run by Never	Pending	RUN

2.5. 5. Payroll Update

This task regenerates the gross to nett output and generates the payroll history details for the current payroll period. Once this job is complete, you can:

- View the payroll transaction history for the current period.
- Generate the General Ledger.
- Generate various new reports.

The task name is PAY300.

Payroll: Processing Payroll

1 Salaries & Allowances	Run successfully	Last Run 18/11/19 11:31	Run by Brian O'Keefe	Complete	RUN
2 Payroll Validation	Run successfully	Last Run 18/11/19 11:48	Run by Brian O'Keefe	Complete	RUN
3 Confirm Timesheets	Run successfully	Last Run 18/11/19 11:50	Run by Brian O'Keefe	Complete	RUN
4 Payroll Update	Ready for first run	Last Run Never	Run by Never	Ready for first run	RUN
5 Complete Update	Confirm Timesheets and Payroll Update before running payroll	Last Run Never	Run by Never	Pending	RUN

A number of additional control reports can be produced at this stage. Go to *Payroll Dashboard > Payroll Checking > Control Reports* and generate the control reports to the *Control Centre* as per the Run Validation step.

2.5.1. Final Gross to Nett Report

Gross to Nett details as per *Payroll Validation*.

2.5.2. PAYE Analysis Report

Payroll: Processing Payroll

This report will display the amount deducted where the employee had been set to E (Emergency status) or A (Non Emergency status).

Paye Code	Paye Deduction
A	-1040.74
Total:	-1040.74

2.5.3. Pension Scheme Analysis Report

This details the pension schemes used for pay groups as part of this payroll period.

Scheme Code	Description	AVC	Normal	Total	Employer
100	Standard Defined Contribution Scheme	0.00	192.26	192.26	191.86
Total:		0.00	192.26	192.26	191.86

2.5.4. Detailed Payroll Observation Report

This report details a breakdown of pay codes that have been used as part of the current payroll. The report is broken down into sections to include:

- Deductions
- PRSI/NI
- and shows the 'Hours' and 'Values' at 'Year to Date' stage and at the current period stage.

GROSS PAY		Current Period		Year to Date	
Code	Description	Hours	Values	Hours	Values
1000	Salary	0.00	67961.12	0.00	67961.12
1002	Salary Arrears	0.00	11518.82	0.00	11518.82
1005	Basic Hours	10.00	178.87	10.00	178.87
Total Basic Pay:		10.00	79658.81	10.00	79658.81
Total:		10.00	79658.81	10.00	79658.81
(ALL) PAY		10.00	79658.81	10.00	79658.81
DEDUCTIONS		Current Period		Year to Date	
Code	Description	Hours	Values	Hours	Values
5023	Saul Employee Pension	0.00	-1593.17	0.00	-1593.17
Total Pensions:		0.00	-1593.17	0.00	-1593.17
Total:		0.00	-1593.17	0.00	-1593.17
DEDUCTIONS		Current Period		Year to Date	
Code	Description	Hours	Values	Hours	Values
6000	PAYE	0.00	-20926.80	0.00	-20926.80

2.6. 6. Complete Update

The *Complete Update* task closes the payroll period and moves the pay group into the following payroll period. It is effectively the point of no return. The *Complete Update* task does the following:

- Updates all employees' year to date details to include the current period.
- Generates the details required for payslip and/or cheque printing.
- Generates the details required for BACS processing.
- Completes the payroll and opens a new pay period.

The task name is PAY355.

1 Salaries & Allowances	Run successfully	Last Run 18/11/19 11:31	Run by Brian O'Keefe	Complete	RUN	
2 Payroll Validation	Run successfully	Last Run 18/11/19 11:48	Run by Brian O'Keefe	Complete	RUN	
3 Confirm Timesheets	Run successfully	Last Run 18/11/19 11:50	Run by Brian O'Keefe	Complete	RUN	
4 Payroll Update	Run successfully	Last Run 18/11/19 11:54	Run by Brian O'Keefe	Complete	RERUN	
5 Complete Update	Ready for first run	Last Run Never	Run by Never	Complete	RUN	

2.7. 7. Final Control Report

Once the *Complete Update* task is run and the payroll period is closed, the *Final Control Report* should be printed. This is a final check to ensure the balance of the payments.

Payroll Dashboard > Outputs > Reports > Control Report.

Compare the closing balances from the *Update* column to the closing balances on the *Complete Update* column. If everything is as expected, the message 'ALL PAYROLL TOTALS HAVE BALANCED' will appear at the bottom of the report.

CONTROL TOTALS		
	UPDATE CLOSING BALANCE	COMPLETE UPDATE CLOSING BALANCE

PRSI/NI (ER)	25223.07	25223.07
BIK	0.00	0.00
ALL PAYROLL TOTALS HAVE BALANCED		

2.8. Payroll Control Report Check

The closing balance of the **Final Control Report (PAY355CT)** from the last period should always balance against the current periods **Payroll Controls Report (PAYB141)**.

To balance the reports

1. Fill in the totals in Column (A) from the last periods Pay355 Controls (Column F).
2. Add Column (A) to (B) and write the result in Column (C).
3. Compare Column (C) with Column (D). IF THERE IS A DISCREPANCY AT THIS POINT DO NOT PROCEED.
4. Sign the end of the report.

Note:

If there is any discrepancy at this point do not proceed with your payroll.

3. The 3 Step Payroll Process

The 3 Step payroll process is a condensed processing option which may be used by companies with smaller pay groups.

3.1. 1. Calculate Payroll

The Calculate Payroll task effectively generates the *Salaries & Allowances* and *Payroll Validation* tasks together. Once the *Calculate Payroll* task is complete, you can:

- View the gross to nett break down.
- View copy payslips.
- View the payroll overviews.
- Access Control Reports (the same control reports generated after the *Payroll Validation* task in the 5 step process)

To rerun Calculate Payroll

- Select the Menu Option.
- Click **Recalculate Payroll**.

Payroll: Processing Payroll

The screenshot shows the 'Manage Payroll' interface. At the top, there's a table with columns: Pay Groups, Observations, Stage, Payroll Completion, Joiners, Leavers, Rejoiners, and Supplementary. The table lists four payroll groups: 'Monthly (UK)' (Current Period Dec-2019), 'Monthly Payroll (UK)' (Current Period May-2019), 'Weekly (UK)' (Current Period 201910), and 'Weekly (UK) 33' (Current Period 201901). The 'Weekly (UK)' group is highlighted in blue. A red arrow points to the dropdown menu for this group, which includes options: 'Recalculate Payroll', 'Sign Off', 'Job History', 'Gross to Nett', and 'Release Payslips'. Below the table, there are sections for 'Inputs', 'Payroll Checking', and 'Outputs'. The 'Payroll Checking' section has a button labeled 'All Observations' with a red circle containing the number '9'. The 'Outputs' section has buttons for 'View Gross to Nett', 'Key Observations', 'Compare', and 'Control Reports'.

3.2. 2. Sign Off

Once the payroll checks are complete, you can now sign off payroll:

- Like the *Confirm Timesheets* task, this closes the input period.
- Like the Payroll Update task, this generates the payroll transaction history.

The Sign Off task can also be rolled back if necessary by selecting **Reverse Sign Off**.

This screenshot is similar to the previous one, showing the 'Manage Payroll' interface. The 'Weekly (UK)' group is still highlighted. A red arrow points to the 'Sign Off' option in the dropdown menu. Below the table, the 'Inputs' section now shows a button labeled 'Approvals' with a blue circle containing the number '3' and the text 'Awaiting Approval'. The 'Payroll Checking' and 'Outputs' sections are also visible.

3.3. 3. Close Payroll

Close Payroll runs the following tasks:

- Updates all employees' year to date details to include the current period.
- Generates the details required for payslip and cheque printing
- Generates the details required for BACS processing

Payroll: Processing Payroll

- Completes the payroll and opens a new pay period.
- Allows you to generate the *Final Control Report*.

The screenshot displays the 'Manage Payroll' interface. On the left is a sidebar with icons for home, list, users, search, and settings. The main area features a table with columns: Pay Groups, Observations, Stage, Payroll Completion, Joiners, Leavers, Rejoiners, and Supplementary. The table lists four payroll runs: Monthly (UK) Jan-2020, Monthly Payroll (UK) Jul-2019, Weekly (UK) 201916, and Weekly (UK) 33 201901. The last row is highlighted in teal. A red arrow points to a dropdown menu for the selected row, which includes options: Reverse Sign Off, Close Payroll (highlighted with a red box), Job History, Gross to Nett, and Release Payslips. Below the table are tabs for Inputs, Payroll Checking, and Outputs. At the bottom are five buttons: Approvals, Pay Changes, Manage Payroll Employees, General, and More Info.

Pay Groups	Observations	Stage	Payroll Completion	Joiners	Leavers	Rejoiners	Supplementary
Monthly (UK) Current Period Jan-2020	0	Ready to run Calculate Payroll		1	0	0	⋮
Monthly Payroll (UK) Current Period Jul-2019	1	Ready to run Calculate Payroll		5	0	0	⋮
Weekly (UK) Current Period 201916	0	Last Step Calculate Payroll Date run 16/09/19 14:25		1	0	0	⋮
Weekly (UK) 33 Current Period 201901	0	Last Step Sign Off Date run 16/09/19 14:26		0	0	0	⋮

corehr
Smarter HR Technology

SAVE

2. Select the relevant option from the drop-down menu.
3. Click **Save**.

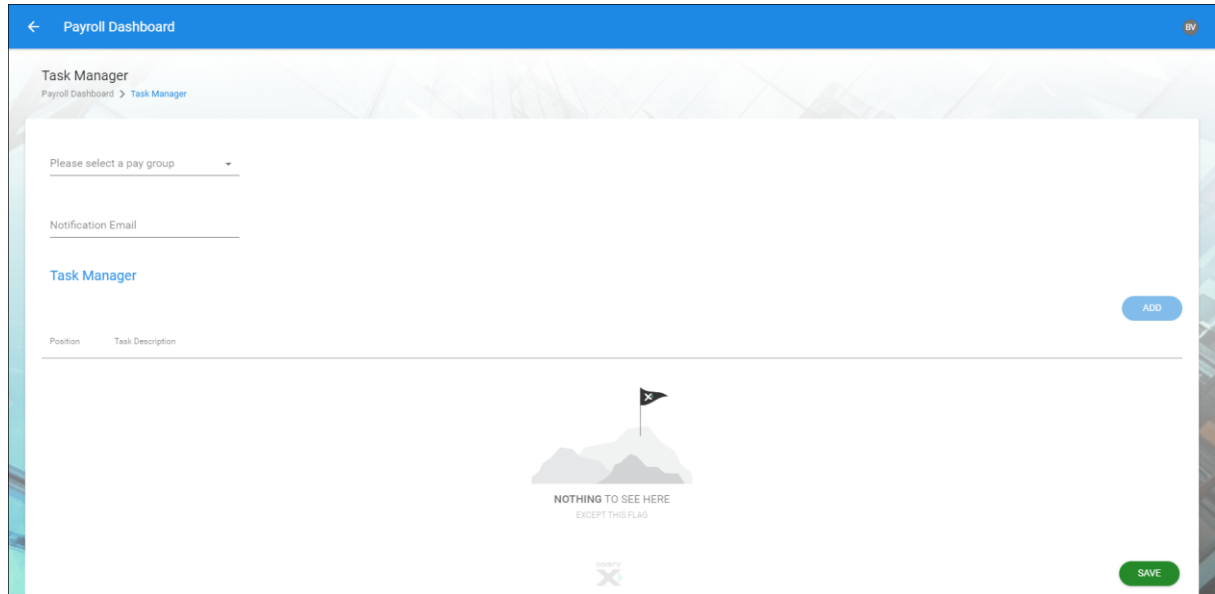

Note:

You should not switch payroll processes during a payroll run.

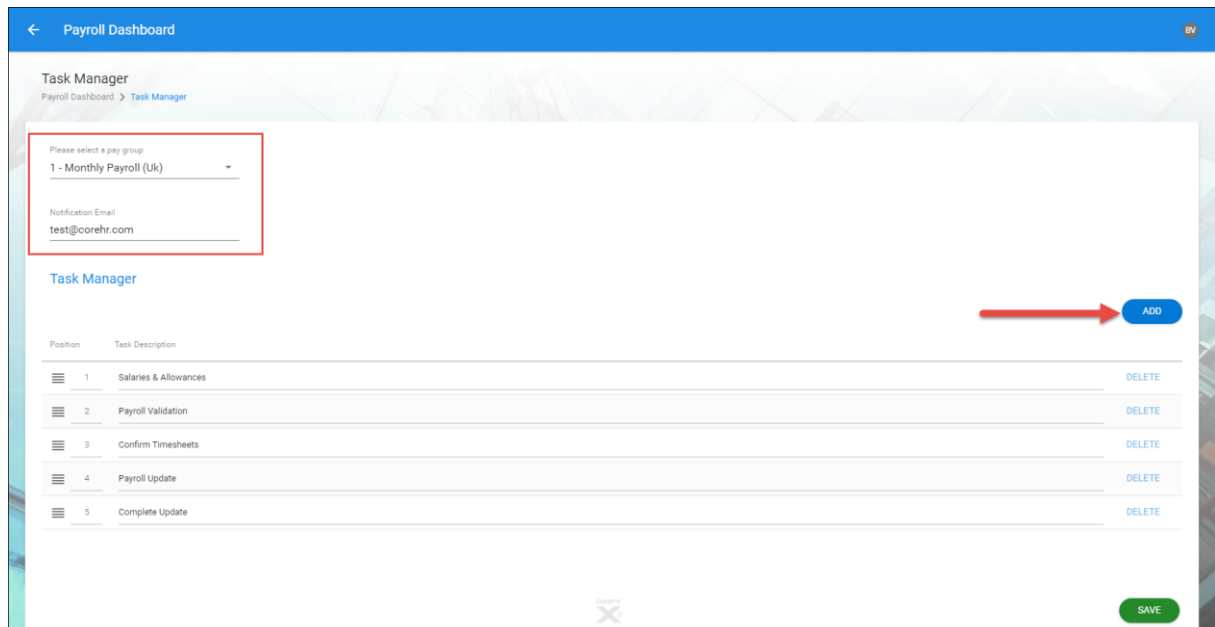

5. Adding Tasks to the Payroll Process

CoreHR allows you to add and reorder tasks in the payroll process. To add a task:

1. Go to *Payroll Dashboard > Settings > Task Manager*.

2. Select a Pay Group from the drop-down menu.
3. (Optional) Add a notification email address.
4. Select the **Add** button.

5. Enter a Position.

Payroll: Processing Payroll

6. Enter a Task Description.

The Task Manager interface displays a table with the following tasks:

Position	Task Description	
1	Salaries & Allowances	DELETE
2	Payroll Validation	DELETE
3	View Gross to Nett	DELETE
4	Confirm Timesheets	DELETE
5	Payroll Update	DELETE
6	Complete Update	DELETE

A red box highlights the third task, "View Gross to Nett". A red arrow points from the bottom right of the table to a green "SAVE" button.

7. Click **Save**.

The Task button will appear on the Manage Payroll where tasks have been configured.

The Manage Payroll interface displays a table with the following payroll groups:

Pay Groups	Key Observations	Stage	Payroll Completion	Joiners	Leavers	Rejoiners	Mode
1 - Monthly Payroll (UK) Current Period Apr-2019	5	Last Step Payroll Validation Date run 18/11/19 14:49		6	0	0	PROCESS PAYR... ...
2 - Monthly (UK) Current Period May-2019	0	Last Step Payroll Validation Date run 18/11/19 14:49		0	0	0	PROCESS PAYR... ...
3 - Weekly (UK) Current Period 201904	2	Last Step Payroll Validation Date run 18/11/19 14:47		0	1	0	PROCESS PAYR... ...
4 - Monthly (Ire) Current Period Jan-2019	0	Last Step Payroll Validation Date run 18/11/19 14:49		0	0	0	PROCESS PAYR... ...

A red box highlights the "TASKS" button in the top right corner of the interface.

Any system-generated tasks will update as the tasks complete.

Use the *Complete* indicator to sign off any manually added tasks.
