1. Introduction

1.1. Purpose of this Guide

This document provides an overview of the *Employee Tab* and an explanation of each option available.

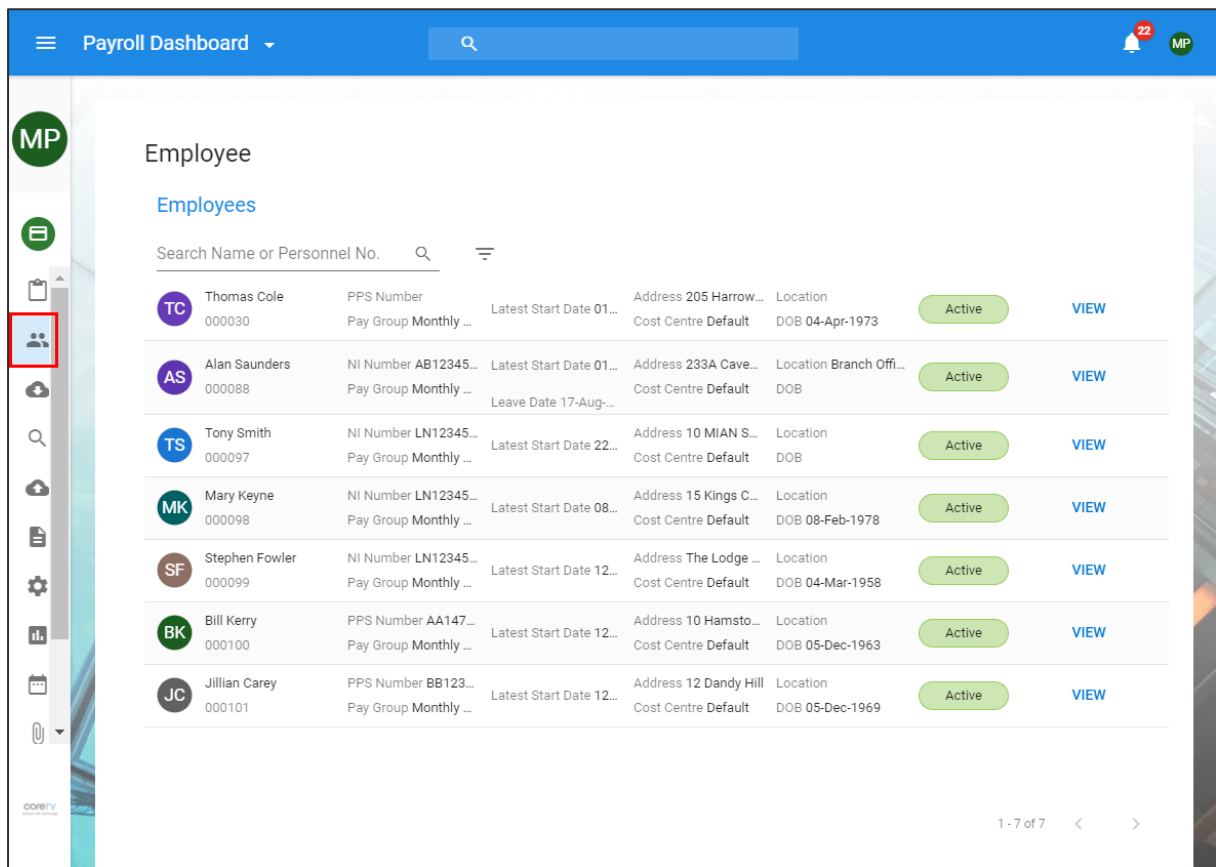

Note:

Additional options have been added to the *Employee Tab* from Sep-2020, see the following user guides:

- [OneView Irish](#) and [OneView UK](#).
- [Absence Pay Enhancement](#).

1.2. Employee Tab

The *Employee* tab consists of the *Employees* widget, which holds all employees to which you have access.

The employees listed here are from all pay groups to which you have been granted access.

Note:

See the **Configuring Pay Group Access** user guide for how to grant access to a pay group.

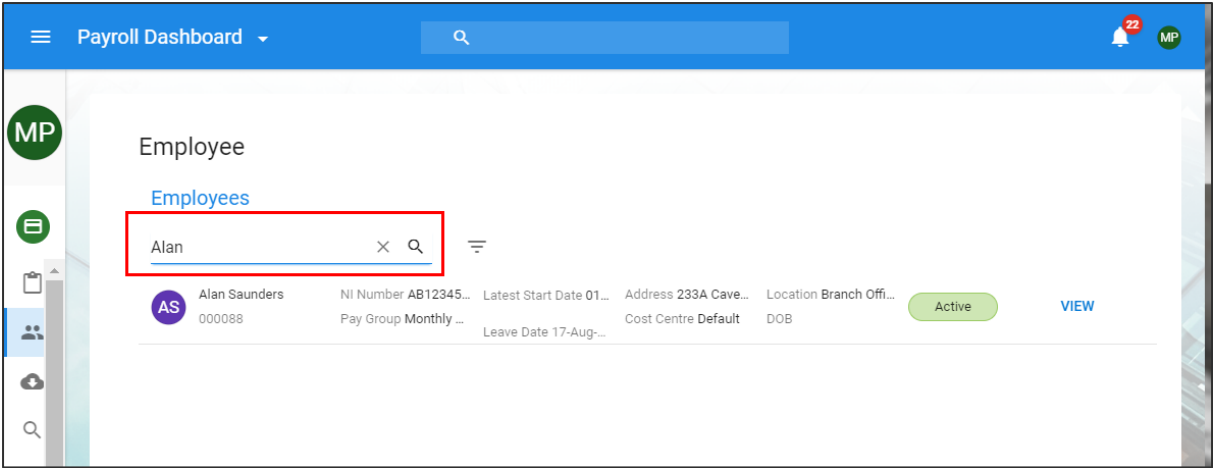

Each record here displays the following data:

- Name
- Employee Number
- Employment Status. The status will display as either Active or Dormant.
- NI/PPSN Number (NI for UK Employees or PPSN for Irish Employees)
- Pay Group
- Latest Start Date. This will display as the original hire date or in the case of a rejoiner, the most recent hire date.
- Leave Date. For Dormant employees, this will display the date the employee left. It may also display a future leave date for an active employee.
- Address
- Cost Centre
- Location
- Date of Birth

1.2.1. Search Employees

You can search for an employee. To do this:

1. Type a name or employee number into the search field.
2. Click the  button. This will return a list of employees based on the entered text.

1.2.2. **Filter the Employee List**

You can filter the list of employees to display a specific set of employees. To do this:

- 1. Click the  button.

Leave Date	Select a leave date to show all employees who left on the selected date.

3. Click **Apply**.

1.3. Accessing the Employee Dashboard

The *Employee Dashboard* is the main payroll record for the employee, and this is the screen from where you can query or make employee level changes. To open the *Employee Dashboard* from the employee list:

1. Click the **View** button next to an employee record.

Payroll V28: The Employee Tab Overview

The screenshot shows the 'Payroll Dashboard' for 'Thomas Benjamin'. The dashboard is divided into several sections. On the left, there is a sidebar with a list of tabs: 'Tax Details' (highlighted with a red box), 'Salary History', 'Timesheets Current Period', 'Allowances', 'Pension', 'Deductions', 'Year To Date Cumulatives', 'Maintain Statutory', 'Cost Allocations', and 'Gross To Nett'. The main content area is titled 'Employee Thomas Benjamin' and includes fields for 'Employee Reference No 000156', 'NI Number KP683779C', 'Period Left', 'Original Start Date 01-Mar-2019', 'Leave Date', 'Date of Birth 09-Oct-1973', and 'Latest Start Date 01-Mar-2019'. Below this, there are sections for 'Pay Profile' (Start Date, Latest Start Date, Leave Date, Period P45 Issued), 'Pay Details' (Pay Group, Input Location, Paid from Timesheet Input, Project), 'Payslip Options' (Payslip Options, Print Payslip, Print P60), and 'Tax Details' (Starter Declaration, NI Number, NI Letter). At the bottom right, there are buttons for 'VALIDATE P45' and 'SAVE'.

The *Employee Dashboard* opens.

The *Employee Dashboard* consists of a tabbed list of options to manage the selected employee. Use the  and  to scroll through the tabs.

1.4. Actions

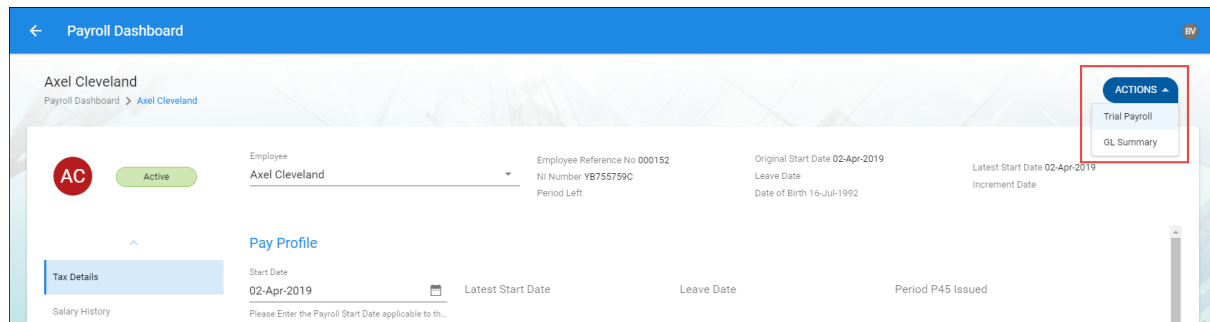

To help you maintain employee payroll records accurately, CoreHR allows you to run the following tasks for individual employees.

- Trial Payroll
- GL Summary

To access these options:

1. Go to *Employee Tab* and select **View** next to an employee record.
2. Select the **Actions** menu.

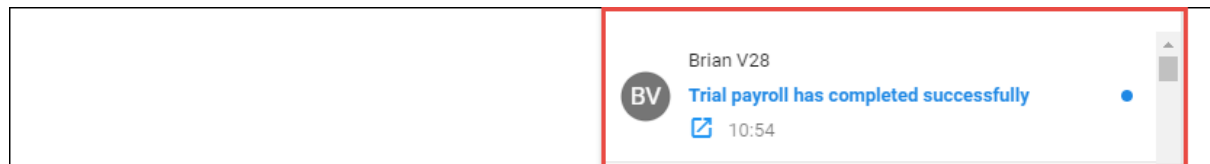

Payroll V28: The Employee Tab Overview

1.4.1. Trial Payroll

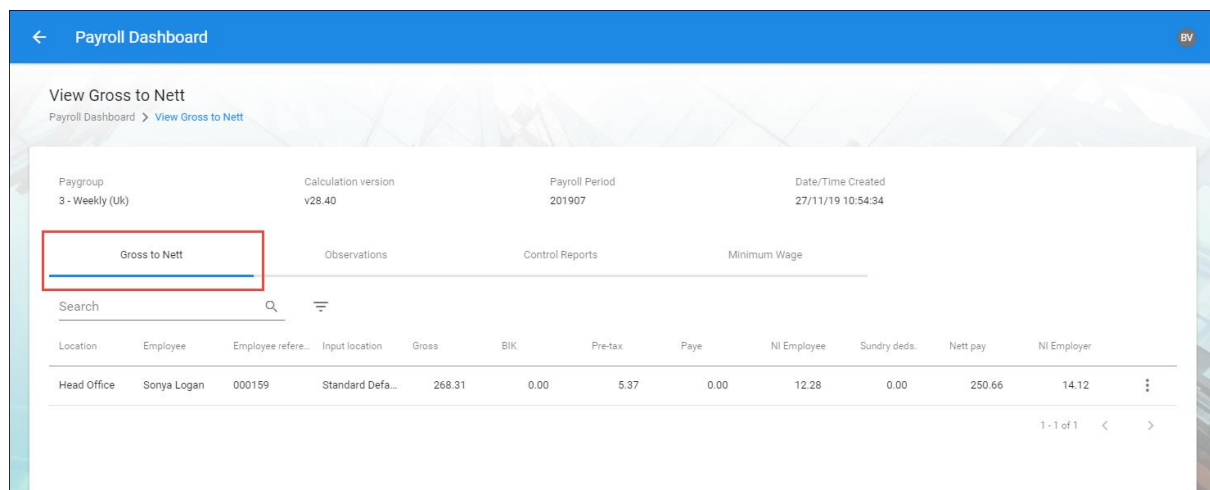

Running a trial payroll generates *Salaries & Allowances* and runs *Payroll Validation* for the individual employee selected.

Once completed, you are notified via a pop-up and the notification centre.

Trial Payroll allows you to quickly see the *Gross to Nett* breakdown for the selected employee and view their copy payslip. This is useful when making updates or corrections to an individual employee's record.

Trial Payroll must be run before timesheets are confirmed for the current period.

Payroll V28: The Employee Tab Overview

1.4.2. GL Summary

The GL Summary brings back the payroll transaction history for an individual employee and allows you to view the employee's copy payslip. The payroll transaction history is the information that will be output to the General Ledger.

GL Summary transactions for the current period will only become available when the *Payroll Update* task is complete.

2. Maintain Employees

From the *Employee Dashboard*, you can perform a series of day to day tasks or enquiries.

Note: Any enquiry or task performed here is at employee level for the selected employee only.

Note:
Additional options have been added to the *Employee Tab* from Sep-2020, see the following user guides:

- [OneView Irish](#) and [OneView UK](#).
- [Absence Pay Enhancement](#).

2.1. Maintain Tax Details

Go to *Payroll Dashboard > Employee > Tax Details*.

The screenshot displays the 'Payroll Dashboard' for 'Axel Cleveland'. The interface includes a sidebar with navigation options: 'Tax Details' (selected), 'Salary History', 'Timesheets Current Period', 'Allowances', 'Pension', 'Deductions', and 'Year To Date Cumulatives'. The main content area is divided into several sections:

- Employee Information:** Includes a profile picture (AC), status 'Active', and fields for Employee Reference No (000152), NI Number (YB755759C), Period Left, Original Start Date (02-Apr-2019), Leave Date, Date of Birth (16-Jul-1992), Latest Start Date (02-Apr-2019), and Increment Date.
- Pay Profile:** Contains fields for Start Date (02-Apr-2019), Latest Start Date (02-Apr-2019), Leave Date, and a dropdown for Input Location* (Standard Default Input Location). It also includes a section for 'Period P45 Issued' with a 'Paid from Timesheet Input' toggle and a 'Project' dropdown.
- Pay Details:** Includes fields for Position (Grade 1), Point (9999), and Rate (35000).

At the bottom right, there are buttons for 'VALIDATE P45' and 'SAVE'.

The *Tax Details* screen consists of five main sections:

- Pay Profile
- Pay Details
- Payslip Options

2.2. Maintain Salary History

Go to *Payroll Dashboard > Employee > Salary History*.

The *Salary History* screen displays a salary history for the selected employee and is split into two grids:

- Salary History
- Allowance History

The screenshot shows the Payroll Dashboard for Alan Saunders. The dashboard includes a sidebar with navigation options: Tax Details, Salary History (selected), Timesheets Current Period, Allowances, Pension, Deductions, and Year To Date Cumulatives. The main content area displays the Salary History table and the Allowance History table.

Salary History Table:

The dashboard also includes a sidebar with a search bar, a user profile for Alan Saunders (Active), and an ACTIONS dropdown menu. The corehr logo is visible at the bottom.

The *Salary History* and *Allowance History* tables allow you to add and remove which filter options display on the screen. For example, you can remove the filter option *Rate Type*, so it no longer appears on the screen.

To remove the filter option *Rate Type*.

1. Hover over any of the filter options displayed on the screen.
2. Click on .
3. Select *Columns*.

Payroll V28: The Employee Tab Overview

4. Select *Rate Type*.

The screenshot shows the Payroll Dashboard for Axel Cleveland. The 'Salary History' table is displayed with columns: Date Effective, Date Input, Reason, Position, Point, Rate Entered, FTE Annual Rate, Rate Effective, Pay Multiplier, and Actual Annual R.. A dropdown menu is open for the 'Point' column, showing options: Sort Ascending, Sort Descending, Columns, and Rate Type. The 'Rate Type' option is highlighted. Below the table, there is an 'Allowance History' section with columns: Pay Code, Date Effective, End Date, Date Input, Reason, and Rate Type. The 'Rate Type' column is also highlighted in the dropdown menu.

1. **Salary History:**

This displays all equivalent historic salary changes in rows, with the most recent salary change being displayed at the top.

Field	Description
Date Effective	The date from which the salary is effective.
Date Input	The date the salary was input.
Reason	This is the reason supplied by the hr administrator when creating the contract amendment.
Position	Employee's position.
Point	Employee's point (9999 if personal rate).
Rate Type	Rate type, e.g. annual or hourly.
Rate Entered	The full rate entered.
FTE Annual Rate	The rate entered * FTE.
Rate Effective	The date from which the rate is effective.
Pay Multiplier	Enter the pay multiplier.
Actual Annual Rate	Annual Rate Entered * Multiplier.

Payroll V28: The Employee Tab Overview

2. Allowance History:

Again, all allowance details and changes are in rows with the most recent change at the top.

Field	Description
Pay Code	Allowance pay code.
Date Effective	The date from which the allowance is effective.
End Date	Allowance end date.
Date Input	The date the allowance was input.
Reason	This is the reason supplied by the hr administrator when creating the allowance.
Rate Type	Rate type, e.g. annual or hourly.
Rate Entered	The full rate entered.
FTE Annual Rate	Rate entered * FTE.
Pay Multiplier	Enter the pay multiplier.
Actual Annual Rate	Annual rate entered * Multiplier.

Contract History

Select **Contract History** to view the contract history of the employee.

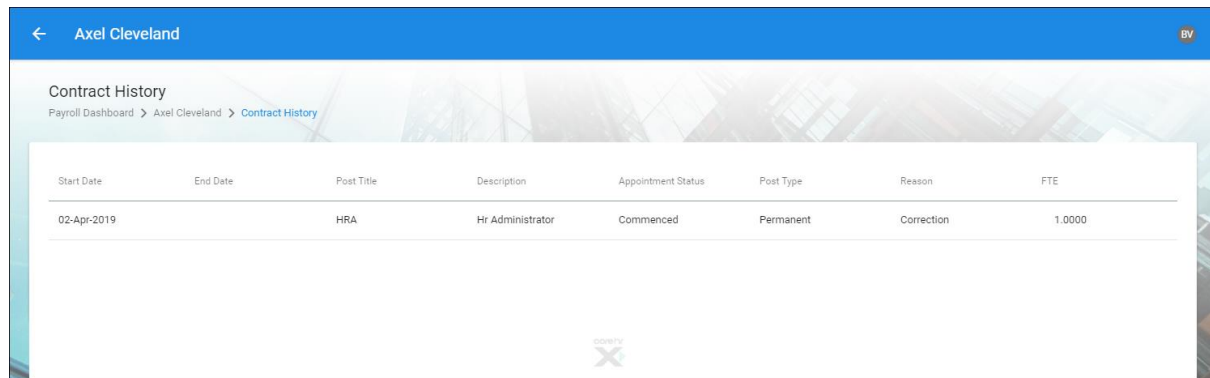

The screenshot displays the 'Salary History' and 'Allowance History' sections. The 'Salary History' table shows a single record for a hire on 02-Apr-2019. The 'Allowance History' table shows a record for 'Night Duty (2)' starting on 01-May-2019. At the bottom right, a red arrow points to a button labeled 'CONTRACT HISTORY'.

The *More Info* screen opens.

Payroll 'Primary' appointment Salary Amendments (Excluding Pay Awards)

This section of the screen shows the employee's payroll salary records for the employee's 'PRIMARY' appointment. A primary appointment and it's associated salary is created only in the following circumstances: 1. For the employee's FIRST appointment when they 'Join' the company. 2. For the employee's FIRST appointment when they 'Rejoin' the company. Any appointments created for the employee AFTER their FIRST appointment (after they join / rejoin) are known as 'SECONDARY' appointments to payroll (see third section of this screen). NOTE: 'Primary' Appointments do the same thing but are structured slightly differently to 'Secondary' Appointments in that primary appointments don't have an 'end date' but instead are automatically ended by the 'date effective' of the next salary line for that appointment. You can tell that the appointment itself has ended when the 'Appt Ended' column is ticked which means that HR have ended this appointment or the employee has left the company.

Appointment Id	Description	Date Effective	Date Input	Position	Point	Pay Multiplier	Appointment Ended

Payroll 'Secondary' appointment Salary Amendments (Excluding Pay Awards)

This section of the screen shows the employee's payroll salary records for the employee's 'SECONDARY' appointment. A 'SECONDARY' appointment and its associated salary is created only in the following circumstances: 1. Any new appointment AFTER the employee's FIRST appointment when they 'Join' the company. 2. Any new appointment AFTER the employee's FIRST appointment when they 'Rejoin' the company. NOTE: Unlike 'PRIMARY' appointments, 'SECONDARY' appointments are structured to show an actual END DATE and the date this end date was input (end dated) which indicates when the salary ends for this appointment and when the end date was entered.

2.3. Maintain Timesheets Current Period

Timesheets hold the data required for payments to an employee in a payroll period, e.g. salary, permanent allowances, basic hours, overtime hours and arrears.

Some timesheet details are automatically generated in payroll as part of the *Salaries & Allowances* payroll task, e.g. salary, pension payment and permanent allowances.

In relation to other timesheets details, such as overtime and bonuses, there are several ways in which data may be entered, such as:

- Manually input
- Loaded from CSV File.
- Transferred from Workforce Management.

Go to *Payroll Dashboard > Employee > Timesheets Current Period*.

After you run the payroll validation step in the payroll process, all timesheets for the selected employee, for the current pay period, displays here. From here you can add or edit a current timesheet entry.

2.4. Maintain Allowances

Payroll Dashboard > Employee > Allowances

Note:

Currently an allowance cannot be added if the customer is Post Management. It can be set up using **People Management**.

For Non-Post Management customers, you can maintain allowances for the employee.

Note:

Detailed guidance on how to add and manage allowances is provided in the *People Management* user guides.

The screenshot shows the 'Payroll Dashboard' for 'Alan Saunders'. The 'Allowances' section is highlighted in the left sidebar. The main content area displays a table of allowances for Alan Saunders. The table has columns for Allowance, Start, End, Value, Percentage, and Reference. One allowance is listed: 'Night Duty (1)' starting on 01-Mar-2016 and ending on 17-Aug-2018, with a value of 20 and a percentage of 0. The reference is 10820182. The employee's status is 'Active' and his NI Number is AB123456D. Other details include Original Start Date 01-Feb-2016, Leave Date 17-Aug-2018, and Date of Birth.

2.7. Year to Date Cumulatives

Payroll Dashboard > Employee > Year to Date Cumulatives.

The screenshot shows the 'Payroll Dashboard' for 'Alan Saunders'. The dashboard includes a sidebar with navigation links: Tax Details, Salary History, Timesheets Current Period, Allowances, Pension, Deductions, and Year To Date Cumulatives (which is highlighted). The main content area displays the following information:

- Employee:** Alan Saunders (with a dropdown arrow), NI Number AB123456D, Original Start Date 01-Feb-2016, Leave Date 17-Aug-2018, and Date of Birth.
- Previous Illness Benefit this ER:** (with a dropdown arrow).

 - Pre-Tax Deductions: 0
 - Pre-Tax No Limit: 0
 - Pension Taxable: 0
 - Previous EE This Employer: (with a dropdown arrow)
- PAYE:**
 - This Employment: 11888.6
 - Previous this Employer: (with a dropdown arrow)
 - Previous Employment as per P45: (with a dropdown arrow)
- Tax Code:** (with a dropdown arrow).

From this screen, you can view and if required, amend the 'Year to Date Cumulatives' for a specified employee.

The screen consists of 5 specific sections displaying cumulative values for the following:

- Pay Details
- Pension
- PAYE
- Niable Pay and NIC Deducted
- Other Statutory Cumulatives This Employment

The details will then be cleared down at year end, and cumulatives will start again for the new year. This is covered in both the *Irish and UK Payroll Year End* user guides.

2.8. Maintain Statutory

Payroll Dashboard > Employee > Maintain Statutory.

From the *Maintain Statutory* screen, you can add or edit statutory payments for the selected employee. This includes:

- SMP (Statutory Maternity Pay)
- SPP (Statutory Paternity Pay)
- ASPP (additional Statutory Paternity Pay)
- ShPP (Shared Parental Pay)

The screenshot shows the 'Payroll Dashboard' for Alan Saunders. The employee is active, with a profile picture 'AS' and a green 'Active' status. The 'Statutory absences' section is highlighted, showing a table of statutory payments. The table has columns for Type, Based on, Baby due, Notice date, EWC date, AWE, Leave start, Payment start, Payment end, and Paid days. A single entry for SPP (Statutory Paternity Pay) is shown, based on Birth, with a notice date of 08-Mar-20... and a payment end date of 11-Mar-20... The 'ADD' button is visible in the top right corner of the table.

Type	Based on	Baby due	Notice date	EWC date	AWE	Leave start	Payment start	Payment end	Paid days
SPP	Birth	08-Mar-20...	08-Mar-20...	08-Mar-20...	500	11-Mar-20...	11-Mar-20...	0	⋮

Note:

Detailed guidance on how to add and manage UK Statutory payments is provided in the *Maintain Statutory Payments (UK)* user guide.

2.9. Cost Allocations

Payroll Dashboard > Employee > Cost Allocations

Note:

For Post Management customers, Cost Allocations should be set up in *People Management*.

Every employee's contract has the option to capture a Cost Centre code. This allows a company to allocate 100% of the employee's pay against the selected Cost Centre.

This *Cost Allocations* screen allows you to create additional Cost Centre details. This allows you to allocate the employee's pay to cost centres other than the default. You can add a start and end date, after which the cost centre will revert to the default setting.

The screen consists of 2 sections.

- Appointment/Contracts. Cost Centres can be allocated by appointment, where multiple appointments are allowed.
- Cost Allocations

The screenshot shows the 'Payroll Dashboard' for 'Alan Saunders'. The left sidebar contains a list of actions: 'Year To Date Cumulatives', 'Maintain Statutory', 'Cost Allocations' (highlighted), 'Gross To Nett', 'Payslip History', 'Temporary Reinstate', 'View P60', and 'NI Letter History'. The main content area is divided into two sections: 'Home Cost Centre' and 'Home Project'. The 'Home Cost Centre' section shows a 'Default' appointment for '502232-5' from '01-Mar-2016' to '17-Aug-2018' with a status of 'Ended', FTE of 37.5, and Hours of 37.5. The 'Home Project' section shows a table of 'Cost Allocations' with columns for 'Start Date', 'End Date', 'Percentage', 'Cost Centre', 'Project', and 'Expense'. The table contains two rows, both for '01-Feb-2016' to '17-Aug-2018' with a 'Percentage' of 50, 'Cost Centre' of 'System Cost Centre', and 'Project' of 1 and 2 respectively. An 'ADD' button is located to the right of the table. A 'SAVE' button is at the bottom right. The 'corehr' logo is at the bottom center.

Start Date	End Date	Percentage	Cost Centre	Project	Expense
01-Feb-2016	17-Aug-2018	50	System Cost Centre	1	
01-Feb-2016	17-Aug-2018	50	System Cost Centre	2

- PAYE Code
- Document Type

2.23. Statutory Payment Profile

Payroll Dashboard > Employee > Statutory Payment Profile

The *Statutory Payment Profile* screen is a read-only screen which displays a history of statutory payments which were made to the employee.

Note:

This is based on the Statutory details set up in the Maintain Statutory screen.

This provides details, including:

- Baby Due Date (For SMP, SAP, ShPP, SPP)
- Notice Date
- Average Weekly Earnings
- Leave Start
- Payment Start
- Payroll End Date

The screenshot shows the 'Statutory payment profile' for Sonya Logan. The top section displays employee details: Sonya Logan (Active), Employee Reference No 000159, NI Number ZT382186B, Period Left, Original Start Date 08-Apr-2019, Leave Date, Date of Birth 03-Aug-1987, Latest Start Date 08-Apr-2019, and Increment Date. Below this is a table for the 'Statutory payment profile' with columns: Baby due date, Notice date, 15th Week, Average weekly earn..., Payment start, Payroll end date, Higher rate, Leave start, Paid days, Weeks, and Days. The table contains one row of data for the period 01/DEC/2019 to 27/NOV/2019. Below the table is a section for 'Statutory payment history' with columns: Period, Day, Start date, End date, Value, Amounts, Total, Period cancelled, and Type. This section is currently empty, displaying a message 'NOTHING TO SEE HERE EXCEPT THIS FLAG' and a total value of 0.00.

2.24. Appointment History

Payroll Dashboard > Employee > Appointment History

The *Appointment History* screen is a read-only screen which displays a list of appointments held by the employee. Employees with multiple appointments will have a substantive appointment (the employee's primary appointment, which will be used to populate other screens that use Appointment ID) and non-substantive appointments. Each one will be assigned its unique Appointment ID.

The screenshot displays the 'Payroll Dashboard' for Erica Valenzuela. The dashboard includes a sidebar with navigation links: Benefit In Kind, Sundry Profile, Banking Details, Tax Codes History, View Tax Certs, Statutory Payment Profile, Appointment History (selected), SSP History, and Additional Contracts. The main content area shows employee details for Erica Valenzuela, including her Employee Reference No (000173), NI Number (SP93582A), and dates. Below this, there are three sections: Appointments, Salary, and Allowances. The Appointments section shows a table with one row selected, representing a dummy appointment. The Salary and Allowances sections show tables for rate and pay details.
