1. Overview

1.1. Purpose of this Guide

The purpose of this document is to provide guidance on how to use the new *Payroll Cutoff Date* feature in *Payroll*. This document also covers how the *Payroll Cutoff Date* affects *HR Administrators* who send information to *Payroll*.

1.2. Introduction to the Payroll Cutoff Date

The *Payroll Cutoff Date* provides transparency by allowing you, the *Payroll User*, to control the flow of *Salary*, *Allowance*, and *Pension* changes transferring from *People Management* to *Payroll*. The *Payroll Cutoff Date* gives you an option to enter a date, at a *Pay Group Level*, after which any *Salary*, *Allowance*, or *Pension* changes entered in *People Management* are automatically staged. You can view these changes in the *Staged Changes* screen and decide which changes to process in the *Current Payroll Period*.

Note:

- The *Payroll Cutoff Date* does not stop *HR Administrators* from entering *Salary*, *Allowance* or *Pension* changes into *People Management*. It allows for continuous input, notifying *HR Administrators* when a change is being *Staged*.
- The change remains *Staged* until it is *Advanced* by a *Payroll User*.
- Changes that are not *Advanced* in the *Current Payroll Period* are sent to the next *Payroll Period* when the *Complete Update* task is complete.

1.2.1. Cost Allocations

Where an employee's cost allocation has changed after the *Salaries Allowance* task is complete, note the following:

- The final run indicator resets for the pay group. The PAY290 (Generate Salaries and Allowances) and the PAY140 (Validation) have to be re-run for the whole pay group.
- The *Salaries and Allowances* task must be rerun for the pay group.
- Generating the *Single Processing Task*.

2. The Payroll Cutoff Date

2.1. Overview

The *Payroll Cutoff Date* provides transparency by allowing you, the *Payroll User*, to control the flow of *Salary*, *Allowance*, and *Pension* changes transferring from *People Management* to *Payroll*. The *Payroll Cutoff Date* gives you an option to enter a date, at a *Pay Group Level*, after which any *Salary*, *Allowance* or *Pension* changes entered in *People Management* are automatically staged.

Note:

- The *Payroll Cutoff Date* applies to the *Input Date* of the change, not the *Effective Date*.
- You can enter, change, or remove a *Payroll Cutoff Date* that falls after the current calendar date.
- Once the *Payroll Cutoff Date* entered falls on or before the current calendar date, it can no longer be changed or removed. If you attempt to change this *Payroll Cutoff Date*, you receive the following notification message:

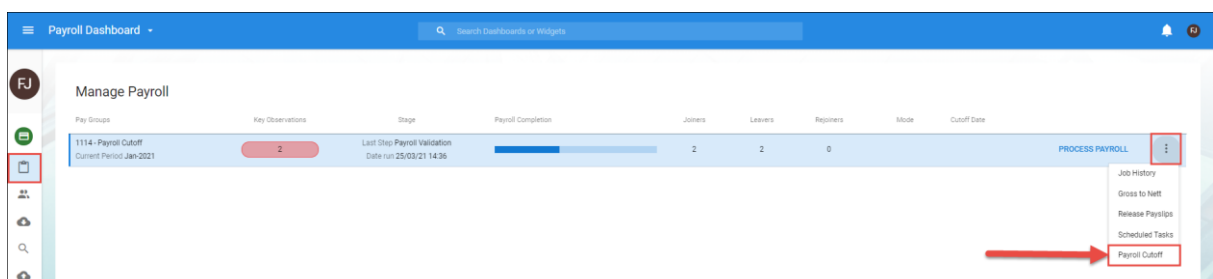

You cannot update the payroll cutoff date.

DISMISS

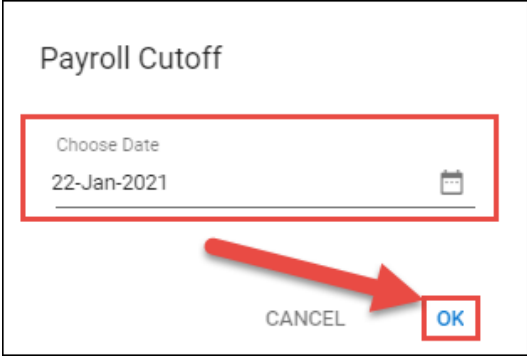

2.2. Setting the Payroll Cutoff Date

To set the *Payroll Cutoff Date*:

1. Go to *Manage Payroll*.
2. Expand the 3 dot menu next to the *Pay Group*.
3. Select *Payroll Cutoff*.

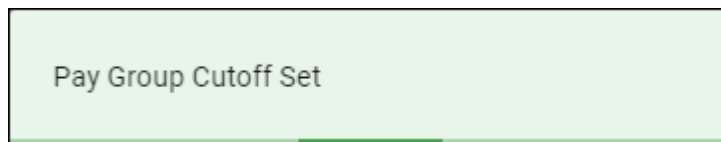

4. Enter a *Payroll Cutoff Date* or click on the calendar button to select a date.

A dialog box titled "Payroll Cutoff" with a red border. Inside, there is a "Choose Date" label above a text field containing "22-Jan-2021". To the right of the text field is a calendar icon. Below the text field are two buttons: "CANCEL" and "OK". A red arrow points from the "OK" button towards the bottom right of the dialog.

5. Click **OK**.

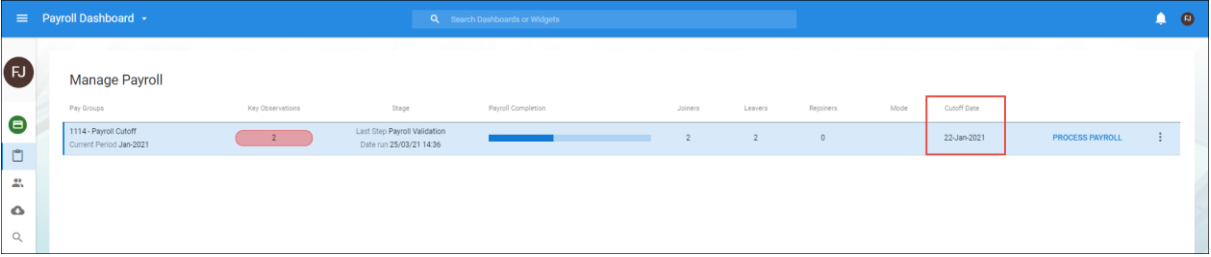

The following message appears.

2.3. View the Payroll Cutoff Date

The *Payroll Cutoff Date* displays on the *Manage Payroll Dashboard*:

1. Go to *Payroll Dashboard > Manage Payroll*.

A screenshot of the "Manage Payroll" dashboard. The dashboard has a blue header with "Payroll Dashboard" and a search bar. On the left is a sidebar with icons. The main content area shows a table with columns: Pay Groups, Key Observations, Stage, Payroll Completion, Joiners, Leavers, Rejoiners, Mode, Cutoff Date, and an action column. The first row of data is highlighted in blue and has a red box around the "Cutoff Date" column.

Pay Groups	Key Observations	Stage	Payroll Completion	Joiners	Leavers	Rejoiners	Mode	Cutoff Date	
1114- Payroll Cutoff Current Period Jan-2021	2	Last Step Payroll Validation Date run 25/03/21 14:36		2	2	0		22-Jan-2021	PROCESS PAYROLL

3. Staged Changes

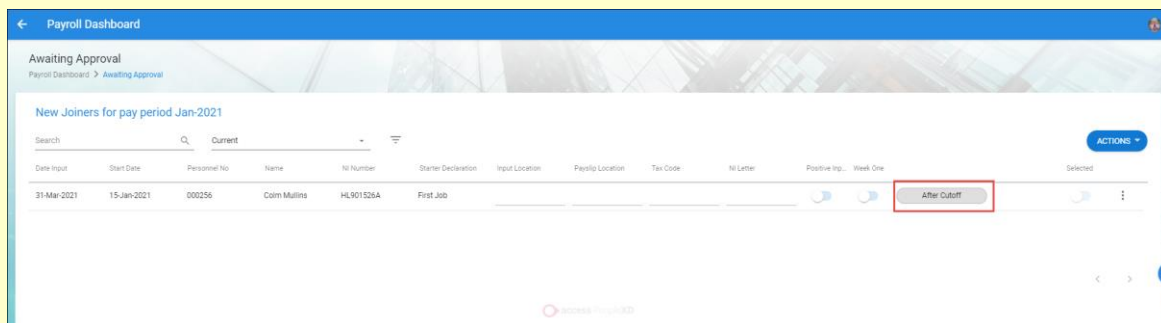

3.1. Overview

The *Payroll Cutoff Date* does not stop *HR Administrators* from entering *Salary*, *Allowance*, or *Pension* changes into *People Management*. It allows for continuous input, notifying *HR Administrators* when a change has been *Staged*.

Note:

- *Salary*, *Allowance*, and *Pension Changes* entered by *HR* after the *Payroll Cutoff Date* are *Staged*.
- The changes remain *Staged* until they are *Advanced* by a *Payroll User*.
- You can view these changes in the *Staged Changes Screen* and decide which changes to process in the *Current Payroll Period*.
- Changes that are not *Advanced* are automatically sent to the next *Payroll Period*.
- You can only view *Staged Changes* for *Employees* in *Pay Groups* and *Input Locations* for which you have access.
- *Cost Allocation* changes made in *People Management* are not *Staged*.
- Changes to *Joiners* and *Rejoiners* are not *Staged* until they are brought into *Payroll*. When an *Employee* is joined to *Payroll* after the *Payroll Cutoff Date*:
 - Their *Salary*, *Allowance* and *Pension* are not *Staged*.
 - An *After Cutoff* chip displays in the *Joiners Screen*.

3.2. View Staged Changes

You can view *Employees' Staged Salary, Allowance or Pension* changes in the *Staged Changes* screen and decide which *Employees* to process in the *Current Payroll Period*.

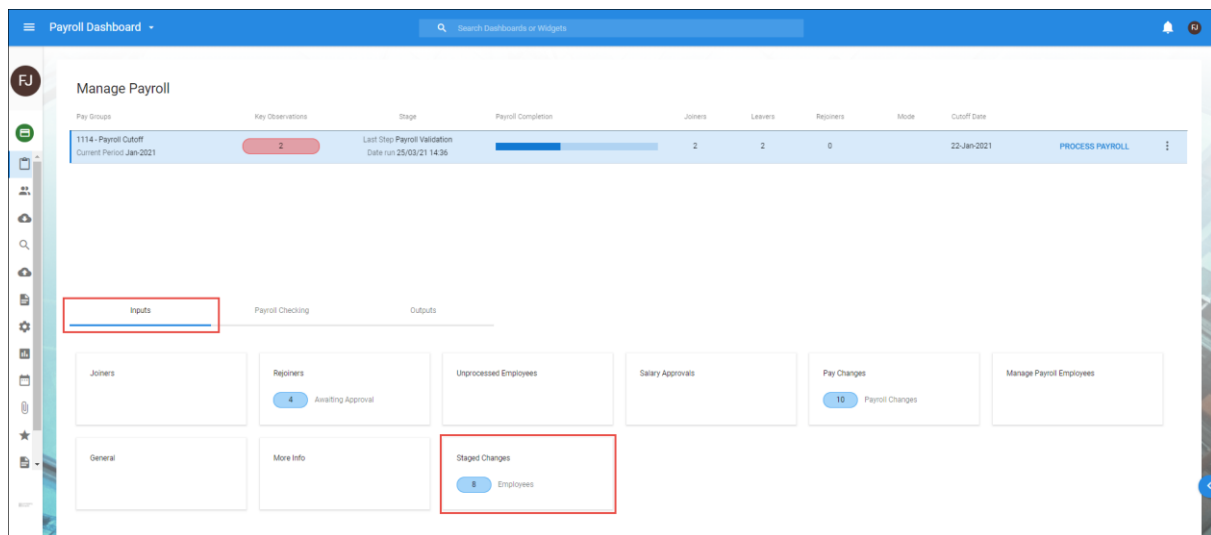

To view the *Staged Changes*:

1. Go to *Payroll Dashboard > Manage Payroll > Select the Pay Group*.
2. Go to the *Inputs* tab.

Note:

The number *Employees* for which there are *Staged Changes* is displayed on the *Staged Changes* window.

3. Click **Staged Changes**.

3.3. The Staged Employees Screen

3.3.1. Overview

The *Staged Employees* screen displays all *Employees* for which *Salaries, Allowances or Pensions* changes were entered by *HR* after the *Payroll Cutoff Date*.

The following columns display on the *Staged Employees* screen

Column	Description
Employee No	This column displays the <i>Employee's Number</i> .
Name	This column displays the <i>Employee's Name</i> .
Total Changes	This column displays the total number of <i>Staged Salary, Allowance and Pension</i> changes.
Salary	This column displays the total number of <i>Staged Salary</i> changes.
Allowance	This column displays the total number of <i>Staged Allowance</i> changes.
Pension	This column displays the total number of <i>Staged Pension</i> changes.
Unprocessed Chip	This column displays the <i>Unprocessed</i> chip. This indicates that <i>Payroll</i> should be <i>Reprocessed</i> for this <i>Employee</i> to capture <i>Unprocessed Items</i> . See section Unprocessed Employees .
Leaver Chip	This column displays the <i>Leaver</i> chip where the <i>Employee</i> is leaving in the <i>Current Payroll Period</i> and has <i>Staged Items</i> . See section Leavers .
VIEW	Select VIEW to open the <i>Employee's OneView</i> screen. See section Staged Changes – View .
DETAIL	Select DETAIL to open the <i>Employee's Staged Details</i> screen. See section Staged Changes – Details .
ADVANCE	Select ADVANCE to advance <i>Staged Changes</i> for this <i>Employee</i> . See section Staged Changes – Advance Employee .
ADVANCE PAY Group	Select ADVANCE PAY GROUP to advance all staged changes for the <i>Pay Group</i> . See section Staged Changes – Advance Pay Group .

3.3.2. Searching the Staged Employees Screen

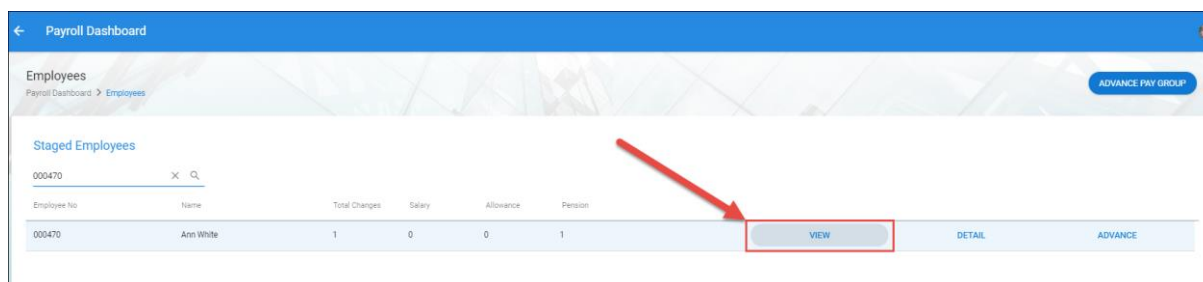

Use the *Search Field* to search for *Employees* on the *Staged Employees* screen. You can search by *Employee Number*.

3.4. Staged Changes – View

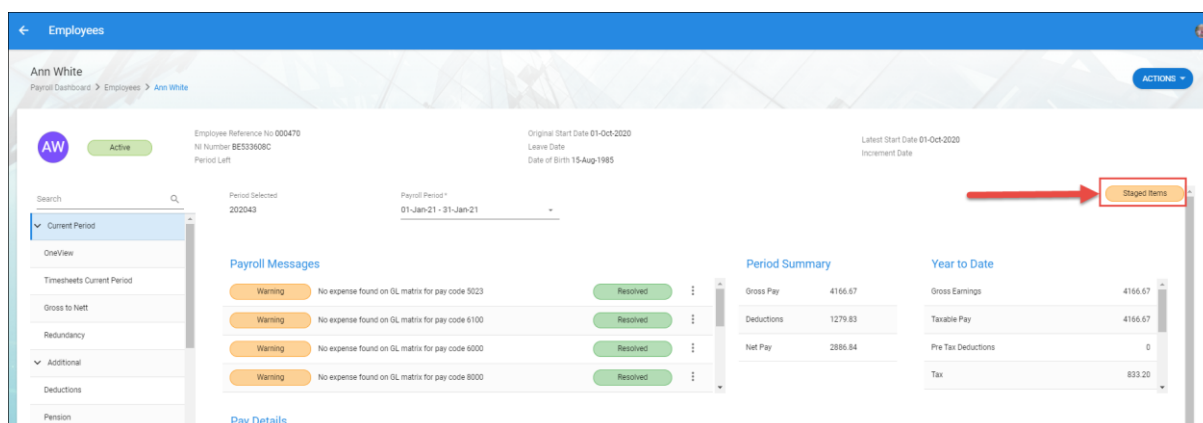

3.4.1. Overview

Select **VIEW** on the *Staged Employees* screen to open the Employee's *OneView* screen:

3.4.2. Advance Staged Changes from the OneView Screen

The Employee's *OneView* screen opens, displaying the *Staged Items* chip.

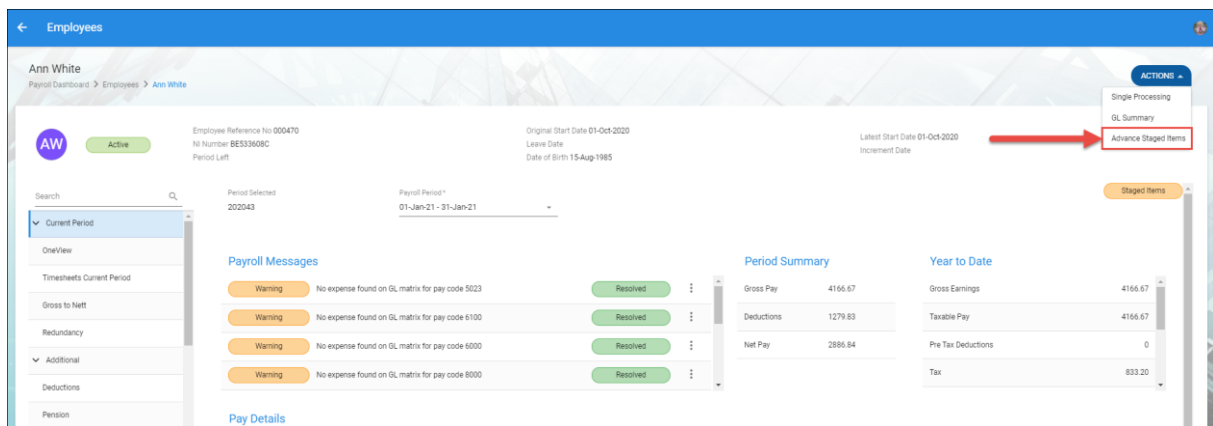

Note:

- An *Employee's Staged Items* must be *Advanced* together, i.e., you cannot *Advance* individual *Staged Salary, Allowance and Pension* changes.
- For further details on the *OneView* screen, see the following user guides:
 - [OneView – UK](#)
 - [OneView – Irish](#)

To *Advance Staged Items* from the *OneView* screen:

1. Click **Actions**.
2. Click *Advance Stage Changes*.

The following notification message appears:

Employee processing scheduled successfully

Note:

- Once an *Employee's Staged Items* are *Advanced*, the *Staged Items* chip is no longer displays.
- An *Unprocessed Items* chip now displays. This indicates that the *Employee* now has *Unprocessed Items* and should be *Reprocessed*. See section [Unprocessed Employees](#).

Salaries

Date Input	Name	Employee No	Appointment Id	Start Date	Pay Scale / Grade	Point	Rate Type	Rate Amount	Multiplier	Actual Pay	COMMENTS
31-Jan-2021	Billy Jordan	000224	502247-80	10-Jan-2021	Grade 3	2	Annual	57000	1	57000	

Note:

The number of *Salaries*, *Allowances*, and *Pensions* waiting to be *Advanced* is highlighted in red on the screen's left-hand side.

3.5.2. The Employee's Staged Details Screen

Salaries Tab

The *Salaries Tab* contains details of all *Salary Changes*, entered by HR after the *Payroll Cutoff Date*, waiting to be *Advanced*.

Date Input	Name	Employee No.	Appointment ID	Start Date	Pay Scale / Grade	Point	Rate Type	Rate Amount	Multiplier	Actual Pay	
31-Jan-2021	Billy Jordan	000224	502247-60	10-Jan-2021	Grade 3	2	Annual	\$7000	1	\$7000	COMMENTS

The following *Salary Change* information displays on the screen:

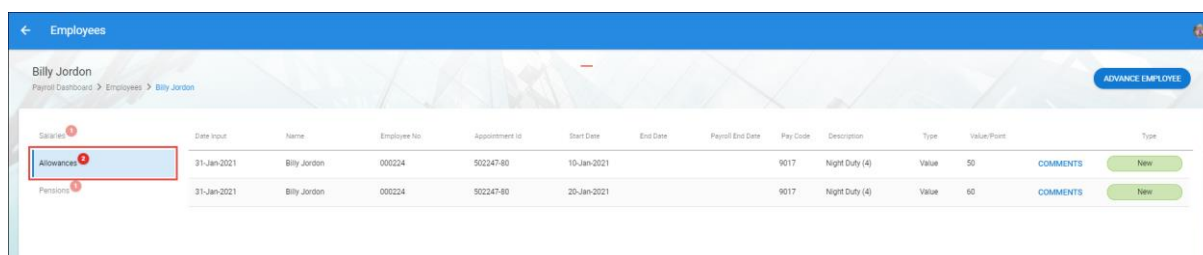

Column	Description
Data Input	The date the <i>Salary Change</i> was entered in HR.
Name	The <i>Employee's Name</i> .
Employee No.	The <i>Employee's Number</i> .
Appointment ID	The <i>Appointment ID</i> of the <i>Salary Change</i> .
Start Date	The <i>Start Date</i> of the <i>Salary Change</i> .
Pay Scale / Grade	The <i>Position/Grade</i> , on the defined <i>Pay Scale</i> , to which the <i>Employee's Contract</i> is aligned, i.e., which level. If using a <i>Personal Rate</i> salary, this uses the default grade of 'Personal Rate.'
Point	The <i>Pay Scale Point</i> that identifies the actual amount or 'Rate of Pay' aligned to the <i>Employee's Contract</i> . If using a <i>Personal Rate</i> salary, this automatically defaults to a value of '9999'.
Rate Type	Whether the amount is: - Hourly - Daily - Weekly - Annual
Rate Amount	The actual value of the <i>Employee's Salary</i> . This will correspond to the ' <i>Rate</i> ' field, e.g., 40000 for ' <i>Annual</i> ' or 12.50 for ' <i>Hourly</i> '.
Multiplier	The percentage of the <i>Rate Amount</i> that the <i>Employee</i> will be paid. This typically corresponds to the <i>Contract Full Time Equivalent (FTE)</i> .
Actual Pay	The <i>Rate Amount</i> X <i>Pay Multiplier</i> , i.e.

Payroll: The Payroll Cutoff Date - User Guide

Column	Description
	- Multiplier = 1: The <i>Employee</i> receives the full amount of the <i>Salary</i> or <i>Rate of Pay</i>. - Multiplier < 1: The <i>Employee's Actual Salary</i> or <i>Rate of Pay</i> is prorated.
Comments	Any comments added during the creation or amendment of the <i>Salary</i> .

Allowance Tab

The *Allowances Tab* contains details of all *Allowance Changes*, entered by HR after the *Payroll Cutoff Date*, waiting to be *Advanced*.

The following *Allowance Change* information displays on the screen:

Column	Description
Data Input	The date the <i>Allowance Change</i> was entered in HR.
Name	The <i>Employee's Name</i> .
Employee No.	The <i>Employee's Number</i> .
Appointment ID	The <i>Appointment ID</i> for which the <i>Allowance Change</i> was entered in HR.
Start Date	The date from which the <i>Allowance</i> payments start. This date must be equal to or greater than the <i>Contract Start Date</i> .
End Date	This optional column contains the date on which the allowance payments end. If recorded, this is the last date for which the allowance payments calculate. If blank, the <i>Allowance</i> continues to calculate if the <i>Contract</i> is active. Ending a <i>Contract</i> applies an end date to its associated <i>Allowances</i> .
Payroll End Date	Optional: The <i>Payroll End Date</i> can be enabled for <i>Allowances</i> at a <i>System Level</i> . This affects how the system calculates <i>Allowances</i> that are retrospectively ended.
Pay Code	The <i>Allowance Pay Code</i> .
Description	The <i>Allowance Pay Code Description</i> .

Column	Description
Type	The type of <i>Allowance</i> , e.g., this could be: - Value - Percentage - Scaled
Value / Point	This column contains the following: Value: This is the monetary value or percentage value of the <i>Allowance</i>. Point: This scale point of the <i>Allowance</i>.
Comment	Any comments added during the creation or amendment stage of an <i>Allowance</i> .
Type	The change type, i.e., New or Updated .

Pensions Tab

The *Pensions Tab* contains details of all *Pension Changes*, entered by HR after the *Payroll Cutoff Date*, waiting to be *Advanced*.

Date Input	Name	Employee No.	Appointment ID	Start Date	End Date	Pension Scheme Number	Pension Scheme	Type
31-Jan-2021	Billy Jordan	000224	502247-80	01-Jan-2021	500	Avic Pension Scheme		New

The following *Pension Change* information displays on the screen:

Column	Description
Data Input	The date the <i>Pension Change</i> was entered in HR.
Name	The <i>Employee's Name</i> .
Employee No.	The <i>Employee's Number</i> .
Appointment ID	The <i>Appointment ID</i> for which the <i>Pension Change</i> was entered in HR.
Start Date	The date from which the <i>Pension</i> payments start. This date must be equal to or greater than the <i>Contract Start Date</i> .
End Date	Optional: the date on which the pension payments end. If recorded, this is the last date to which the pension payments calculate. If blank, the <i>Pension</i> continues to calculate while the <i>Contract</i> is active. Ending a <i>Contract</i> applies an end date to its associated <i>Pensions</i> .

Column	Description
Pension Scheme Number	The <i>Pension Scheme Code</i> .
Pension Scheme	The <i>Pension Scheme Description</i> .
Type	The change type, i.e., New or Updated .

**Note:**

- Pensions set up HR, after the *Payroll Cutoff Date*, are sent to the *Staged Changes* screen, i.e., *Pension by Appointment*. Pension changes are *Staged* when a *Pension Start Date* entered is before the *Current Payroll Period's End Date*.
- *Pensions* set up in *Payroll* are not sent to the *Staged Changes* screen, i.e., *Pension by Person*.
- The *Payroll Cutoff Date* does not affect *Auto Enrolment*.
- As pension payments are not calculated retrospectively, a *Payroll Message* displays to inform you of the *Staged Pension Changes*. See section [Pensions](#).

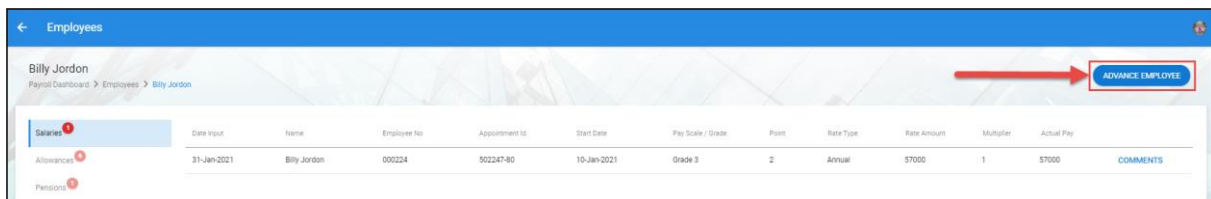

3.5.3. Advance Staged Changes from the Employee's Staged Details Screen

**Note:**

An *Employee's Staged Items* must be *Advanced* together, i.e., you cannot *Advance* individual *Staged Salary, Allowance and Pension* changes.

To *Advance* an *Employee's Staged Changes* from the *Employee's Staged Details* screen:

1. Click **Advance Employee**.

Employees											
Billy Jordan

Allowances	31-Jan-2021	Billy Jordan	000224	902247-80	10-Jan-2021	Grade 3	2	Annual	\$7000	1	\$7000
Pensions											
COMMENTS											

2. Click **Yes**.

Advance Employee
Are you sure you want to advance all staged items for this employee?

NO YES

The following notification message appears:

Employee advancing scheduled successfully

Note:

- Once *Advanced*, the *Employee* no longer displays on the *Employee's Staged Details* screen.
- The *Employee* now displays on the *Unprocessed Employee Screen* until their Payroll is *Reprocessed*. See section [Unprocessed Employees](#).

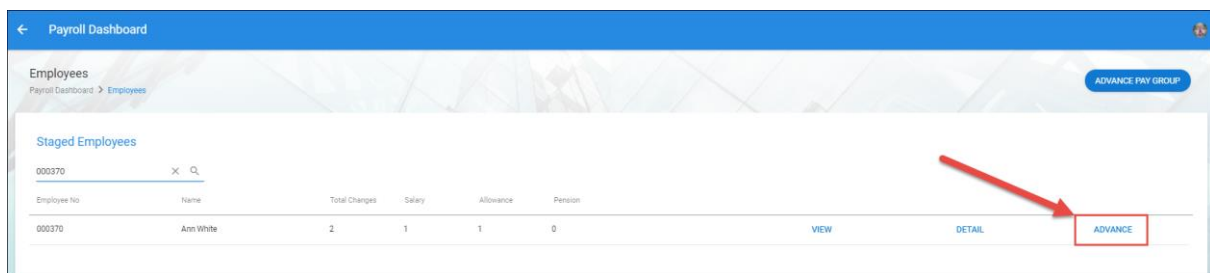

3.6. Staged Changes – Advance Employee

Note:

- You can *Advance* an *Employee's Staged Changes* from the *Staged Employees* screen.
- An *Employee's Staged Items* must be *Advanced* together, i.e., you cannot *Advance* individual *Staged Salary, Allowance and Pension* changes.

Click **Advance** on the *Staged Employees* screen to advance the *Employee's Staged Changes*.

The following notification message appears:

Employee advancing scheduled successfully

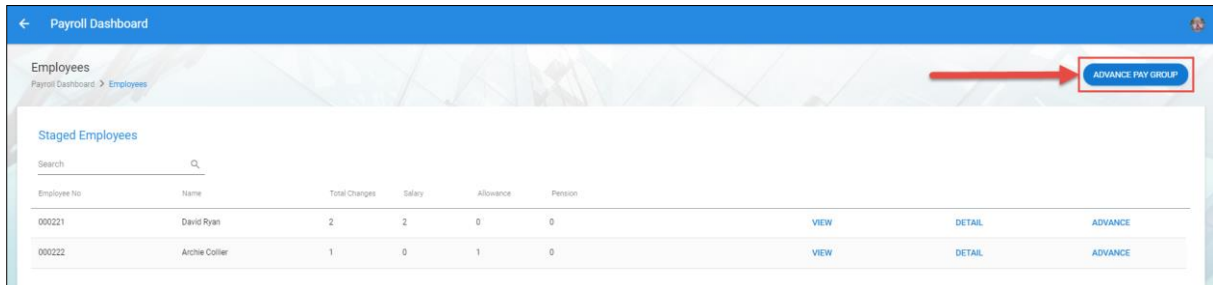

Note:

- Once *Advanced*, the *Employee* no longer displays on the *Staged Employees* screen.
- The *Employee* now displays on the *Unprocessed Employees* screen until their Payroll is *Reprocessed*. See section [Unprocessed Employees](#).

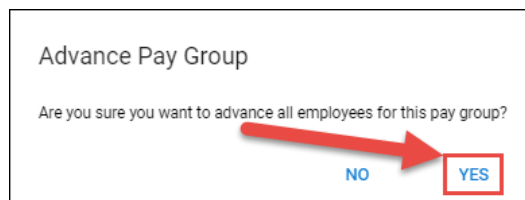

3.7. Staged Changes – Advance Pay Group

To advance the *Staged Changes* for all *Employees* in the *Pay Group* from the *Staged Employees* screen:

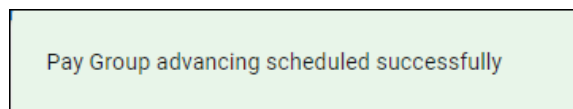

1. Click **Advance Pay Group**.

2. Click **Yes**.

The following notification message appears.

Note:

- Once *Advanced*, the *Employees* no longer displays on the *Staged Employees* screen.
- The *Employees* now display on the *Unprocessed Employee* screen until their Payroll is *Reprocessed*. See section [Unprocessed Employees](#).

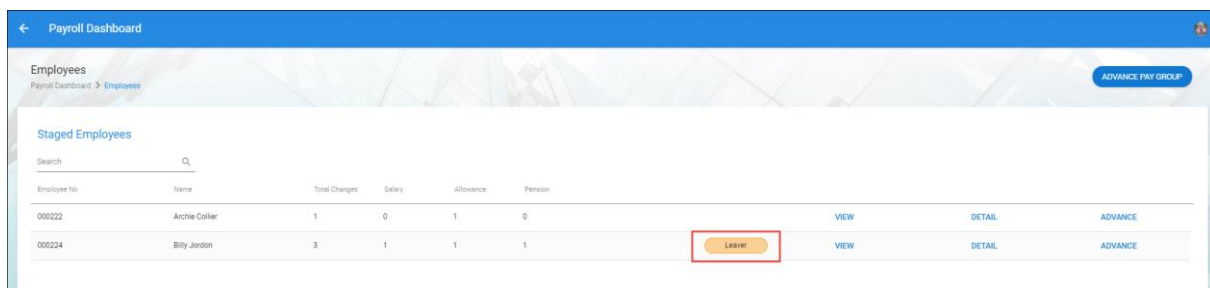

4. Leavers

4.1. Overview

Where an *Employee's Contract* is ended, the associated *Allowances* and *Pensions* are automatically ended. *Leavers* are not automatically sent to the *Staged Changes* screen. This is to avoid the common scenario where Leavers are incorrectly paid their full *Salary*. Instead, *Leavers' Salary*, *Allowance* and *Pension* end dates are sent directly to the *Unprocessed Employees* screen. See section [Unprocessed Employees](#).

4.2. Staged Changes – Leaver

In *HR*, after the *Payroll Cutoff Date*, any subsequent changes of *Salary*, *Allowance*, or *Pension* entered for a *Leaver* are *Staged*. A **Leaver** chip displays in the *Staged Employees Screen* to inform you that the *Employee* is leaving in the *Current Payroll Period*, and these changes should be *Advanced*.

Employee No	Name	Total Changes	Salary	Allowance	Pension			
000222	Archie Collier	1	0	1	0	VIEW	DETAIL	ADVANCE
000224	Billy Jordan	3	1	1	1	Leaver VIEW	DETAIL	ADVANCE

4.3. Payroll Messages

After the *Payroll Cutoff Date*, when an *Employee's Contract* is replaced, the end dates for the original contract, along with its associated *Allowances* and *Pensions*, are sent to *Payroll*. The replacement contract, and its associated *Allowances* and *Pensions*, are *staged*. The following *Payroll Message* generates to alert *Payroll Users*.

Payroll Message

Appointment {val1} has been ended. There are {val2} staged items that need to be processed.

5. Pensions

5.1. Overview

After the *Payroll Cutoff Date*, Pension changes are *Staged* when a *Pension Start Date* entered is before the *Current Payroll Period's End Date*.

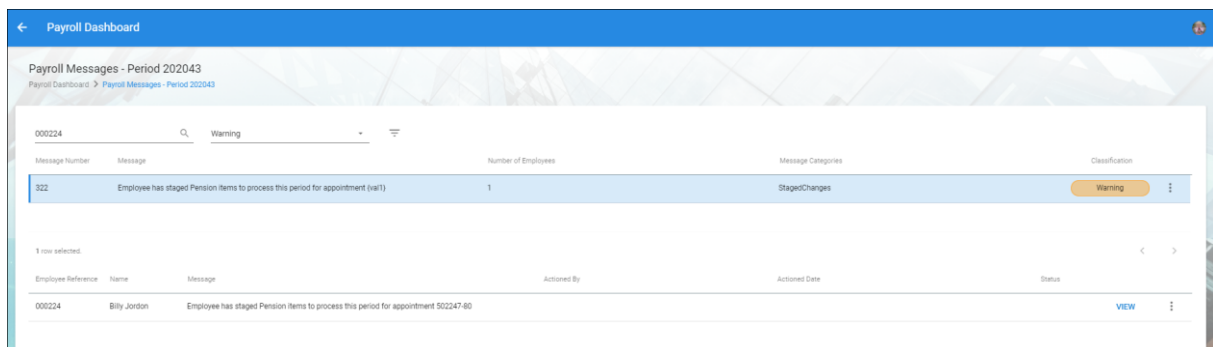

- *Pensions* set up in *HR* are sent to the *Staged Changes* screen, i.e., Pension by Appointment.
- *Pensions* set up in *Payroll* are not sent to the *Staged Changes* screen, i.e., Pension by Person.
- The *Payroll Cutoff Date* does not affect *Auto Enrolment*.
- As pension payments are not calculated retrospectively, a *Payroll Message* displays to inform you of the *Staged Pension Changes*.

5.2. Payroll Message

As pension payments are not calculated retrospectively, a *Payroll Message* displays to inform you of the *Staged Pension Changes*.

Payroll Message

Employee has staged Pension items to process this period for appointment {val1}

Message Number	Message	Number of Employees	Message Categories	Classification

000224	Billy Jordan	Employee has staged Pension items to process this period for appointment 502247-80			VIEW

6. Unprocessed Employees

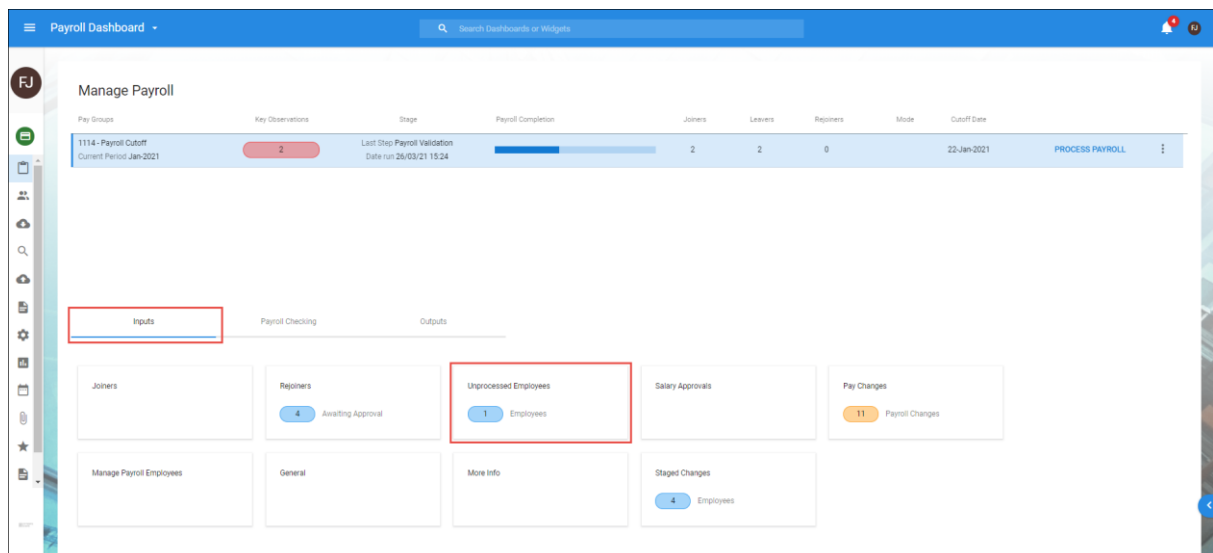

6.1. Overview

Once an *Employee's Staged Salary, Allowance or Pension* changes are *Advanced*, they appear on the *Unprocessed Employee* screen.

6.2. Access Unprocessed Employees

To access the *Unprocessed Employee* screen.

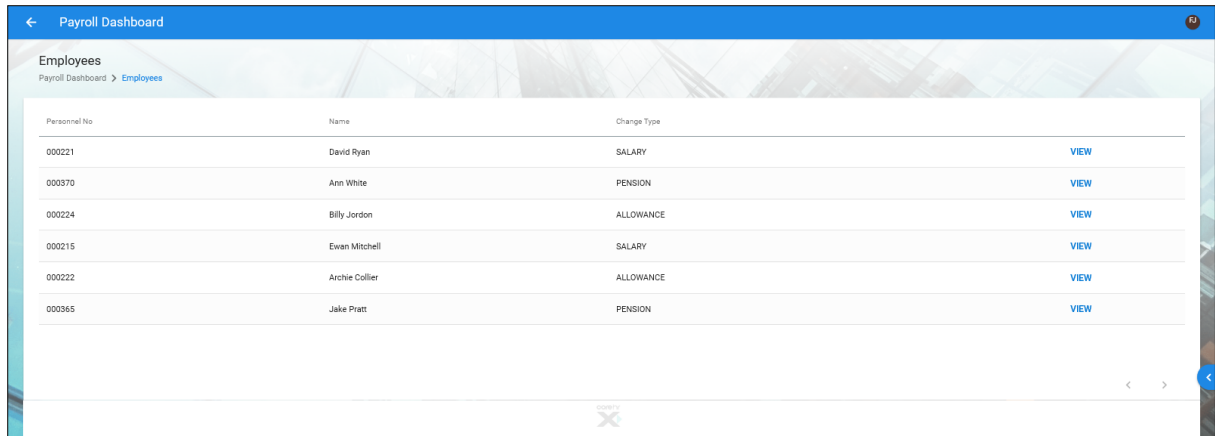

1. Go to *Payroll Dashboard > Manage Payroll > Select the Pay Group*.
2. Click the *Inputs Tab*.
3. Click **Unprocessed Employees**.

Note:

- To process *Unprocessed Items* for a single employee, see the [Single Employee Processing](#) user guide.
- To process the *Staged Salary or Allowance* changes for a *Pay Group* – rerun the *Salaries & Allowance* task.
- To process the *Staged Pension* changes for a *Pay Group* – rerun the *Payroll Validation* task.
- For further details on the *Unprocessed Employees* screen, see the [Enhanced Payroll Messages and Unprocessed Employees](#) user guide.

Payroll: The Payroll Cutoff Date - User Guide

Personnel No	Name	Change Type	
000221	David Ryan	SALARY	VIEW
000370	Ann White	PENSION	VIEW
000224	Billy Jordan	ALLOWANCE	VIEW
000215	Ewan Mitchell	SALARY	VIEW

000365	Jake Pratt	PENSION	VIEW

Reminder:

Once the *Complete Update* task is complete:

- *Staged Items* not processed in the *Current Payroll Period* are automatically sent to the next Payroll Period.
- The *Payroll Cutoff Date* is cleared out.

7. Payroll Cutoff Notifications in People Management

7.1. Overview

When making *Salary*, *Allowance* or *Pension* changes after the *Payroll Cutoff Date*, the *HR Administrator* receives a notification that the change is being *Staged* and will not be processed until the next *Payroll Period*.

Note:

Depending on configuration, an additional step may be required to approve the *Salary* or *Allowance* amendment.

7.2. Adding or Amending a Salary

When adding or amending a *Salary* after the *Payroll Cutoff Date*:

- A message appears: 'Salary amended successfully. This input has been staged as the current period is being processed. It will automatically be processed in the next pay period.'
- The Salary Amendment Status displays as '*Staged*.'

Employee Search

01-Jun-2020	01-Jan-1990	Grade 1	1	Annual	£28,000.00	1	£28,000.00	Approved	Hire

7.3. Adding or Amending an Allowance

Note the following when adding or amending an *Allowance* after the *Payroll Cutoff Date*:

- A message appears: 'Allowance saved successfully, the current payroll period is closed this will not be processed until after the next payroll period'.
- The *Allowance Status* displays as 'Staged.'

Employee Search

Payroll Status: On Payroll

Allowances

Approval Status *

Allowance	Start Date	End Date	Value	Status
Night Duty (1)	01-Dec-2020		Value 100.00	Staged

Allowance saved successfully. This input has been staged as the current pay period is being processed. It will automatically be processed in the next pay period.

Note:

- At this point, the *HR Administrator* may decide to contact the *Payroll Administrator* to discuss the possibility of this *Allowance* being processed in the *Current Payroll Period*.
- Once processed by the *Payroll Administrator*, the status in *People Management* updates to 'Approved.'

EDIT

Pension saved successfully. This input has been staged as the current pay period is being processed. It will automatically be processed in the next pay period.

Note:

- Pension payments are not calculated retrospectively.
- After the *Payroll Cutoff Date*, Pension changes are *Staged* when a *Pension Start Date* entered is before the *Current Payroll Period's End Date*.
- The *HR Administrator* may decide to contact the *Payroll Administrator* to discuss the possibility of this *Pension* being processed in the *Current Payroll Period*.
- Once processed by *Payroll*, the *Staged* status no longer appears in *People Management*.

Payroll: The Payroll Cutoff Date - User Guide

The screenshot displays the 'Employee Search' interface for 'Jake Pratt (000365)'. The interface is divided into a sidebar on the left and a main content area. The sidebar contains links for 'Probation Details', 'Talent Pool', 'Payroll Instructional Forms', 'Tax Details', 'Pension Contributions' (highlighted), 'Deductions', and 'Absences'. The main content area has a top section with 'Active' status, 'Accountant' role, and 'Start Date 01-Oct-2020'. Below this, there are two tabs: 'Available' and 'Assigned'. The 'Assigned' tab is active, showing a table with columns for 'Name', 'Start Date', and 'End Date'. A red box highlights the 'End Date' column. The table contains one row with the name '5 Nest', 'Start Date 01-Dec-2020', and an empty 'End Date' field. An 'EDIT' button is located to the right of the table.

Name	Start Date	End Date
5 Nest	01-Dec-2020	

8. Grant Access to the Screens

8.1. Menu Profile

A preconfigured *Menu Profile* provides access to all the *Menu Options* required:

Menu Profile	System
