2. Overview

2.1. Purpose of the Guide

The purpose of this guide is to provide detailed guidance on how to configure the HR employee record on People Management. This is the main screen in People Management for managing the employee's record.

To access this:

1. Go to *Command Centre > Employees*.
2. Search for an employee and click **View**.

This screen provides access to a range of employee details and HR administration tasks:

The screenshot shows the 'Employee Search' interface for Peter Thompson (000139). The top navigation bar is blue with a back arrow and the text 'Employee Search'. Below this, the employee's name and ID are displayed, along with a breadcrumb trail: 'People Management > Employee Search > Peter Thompson (000139)'. An 'ACTIONS' dropdown menu is visible in the top right. The main content area is divided into a sidebar and a main panel. The sidebar on the left contains a list of navigation options: 'Task List - New Starter', 'Contracts', 'Key Information' (highlighted), 'Manager', 'Current Salary', 'Pension Contributions', 'Deductions', and 'Cost Allocations'. The main panel displays the employee's details under the 'General' tab. It includes a profile card at the top with a circular logo containing 'PT', a status 'Active', a title 'Accountant', and a start date '01-Feb-2019'. Below this, the 'General' section contains fields for 'Title', 'Forename*' (Peter), 'Surname*' (Thompson), 'Middle Name*', 'Known As*' (Peter), 'Initials' (PT), 'Date of Birth' (05-Feb-1989), 'Age' (30 Years, 0 Months, 20 Days), 'NI Number', and 'Retirement Date' (05-Feb-2054). The 'Service Details' section shows 'Date First Joined' (01-Feb-2019) and 'Tune Date'. At the bottom of the main panel, there are three buttons: 'CONTINUOUS SERVICE', 'JOB SEEKERS REGISTER', and 'SAVE'. The 'corehr' logo is visible in the bottom left corner of the main panel.

This document provides guidance on how to configure this screen, including how to control the display of options on screen.

Note:

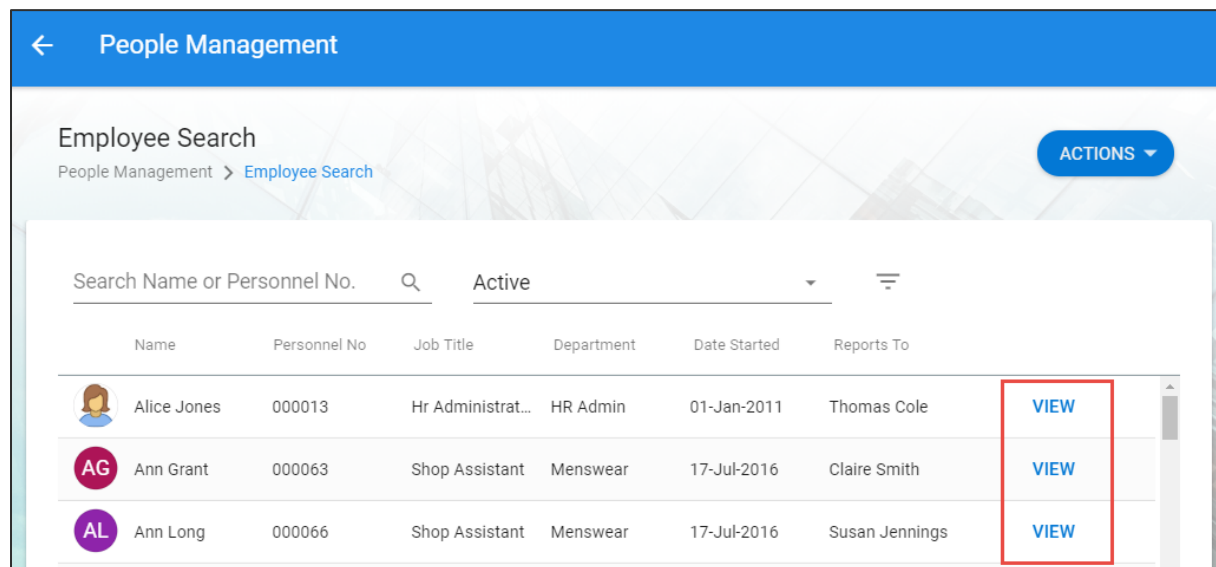

- Some features available require their own detailed configuration. Therefore, this guide may direct you to another guide where full instructions are provided to configure a standalone feature.
- Guidance provided is reflective only of the HR administrator's use of this screen. This does not cover the employee's or manager's use of the *Employee Profile* screen.

3. Access to the HR Employee Record

In order to access the HR Employee Dashboard, the user will require the following menu options:

System	Menu Option
People Management	Employee Dashboard

If the user doesn't have access to this Menu Option, they will still see the **View** option on the *Employee Search* screen i.e.

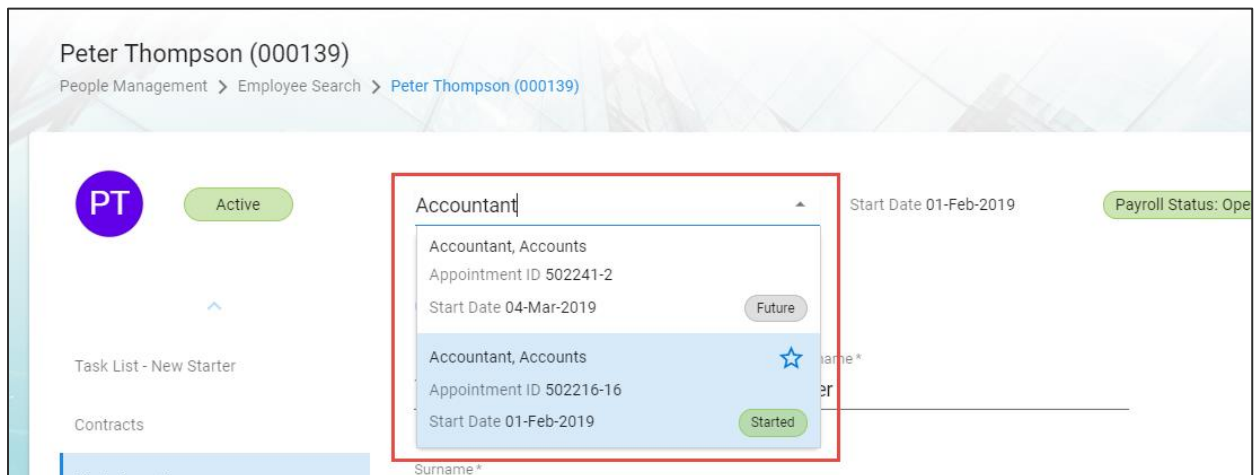

However, they will get an "Access Denied" error. They will also be unable to access the record by double clicking on an employee record from other employee lists on the Command Centre i.e. Starter, Leavers, Probation.

4. Dashboard Header

4.1. Contract List

The contracts displayed on the drop-down list are based on your HR System Users access i.e. you will only see contracts that you have been granted access to see.

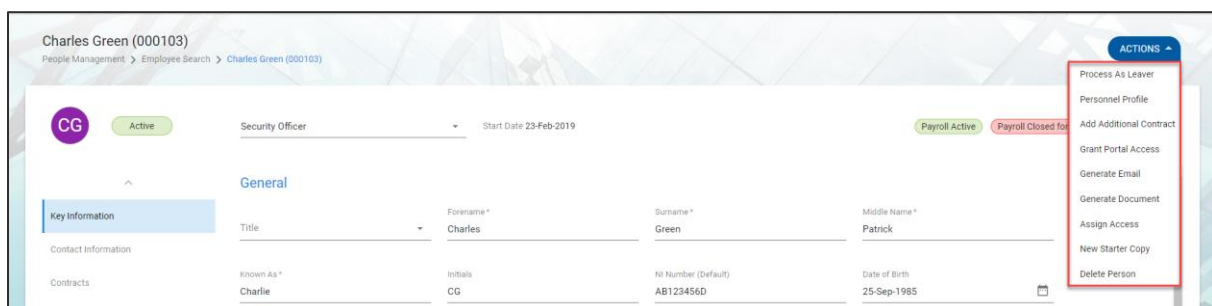

Having access to an employee's record does not mean that you will have access to all of the employee's contracts. If an employee has contracts that are aligned to an area of the organisation that you haven't been granted access to see, then you will not see those contracts.

See the **User Data Access** user guide for further details on how this is managed for a user.

4.2. 'Actions' Button Items

The **Actions** button is available as standard on the employee record and is not controlled by further menu options. However, some of the items available from the **Actions** button do require additional configuration.

See the table below for a full list of the options on this list that are configurable, and the System and menu option required:

Menu Item	Security System	Security Menu Option
Process As Leaver	People Management	End Appointment
Personnel Profile	People Management	Personal Information
Add Additional Contract	People Management	Amend Appointment
Grant Portal Access	People Management	Grant Portal Access
Generate Email	People Management	Generate Email
Generate Document	People Management	Generate Document
Rehire	People Management	Create Person
Change Pay Group	People Management	Amend Employee Paygroup
Assign Access	People Management	Assign Specific Access
New Starter Copy	People Management	Create Employee
Delete Person	People Management	Delete Person

5.1.3. HR Admin Field Options

HR Admin Field Options can be applied to update the fields displayed on this screen.

5.2. Contracts

5.2.1. Access the *Contracts* screen

The screenshot shows the 'Employee Search' interface for Charles Green (000103). The 'Contracts' menu item is highlighted with a red box. The screen displays the following information:

- Employee Details:** Charles Green (000103), People Management > Employee Search > Charles Green (000103). Status: Active. Role: Security Officer. Start Date: 23-Feb-2019. Payroll Status: Open for Processing.
- Summary Table:**

Appointment I...	Status	Started	Emp Status	Per...	Start Date	23-F...	End Date	Substantive	23-...	Funding Expiry

- Amendments Table:**

Start Date	End Date	Target End Date	Post No	Post Sequence	Re...	De...	Hours	FTE
23-Feb-2019			502211	5	Re...	It S...	37.5	1

- Footer:** corehr logo, REPLACE CONTRACT, CHANGE CONTRACT HOURS.

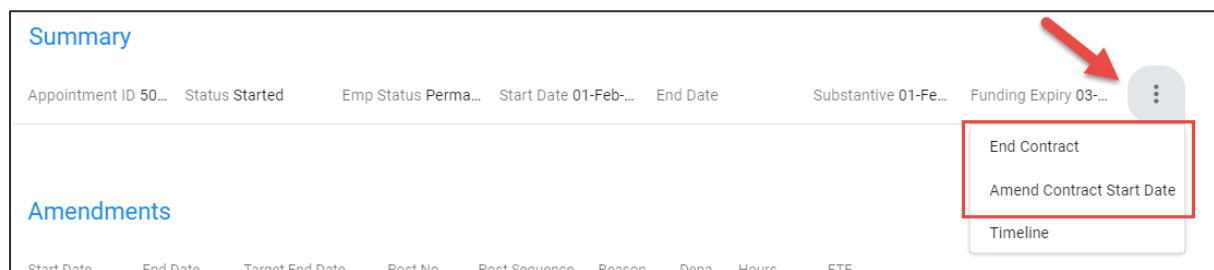

The following menu option is required to see the *Contracts* option and access the corresponding screen:

System	Menu Option
People Management	View Appointment History

This screen provides access to complete a number of tasks for employee contracts.

5.2.2. Summary Contract Options

Clicking the  for a contract in the *Summary* section provides access to a list of options. See the table below for a full list of the options on this list that are configurable, and the System and menu option required:

Menu Item	Security System	Security Menu Option
End Contract	People Management	End Appointment
Amend Contract Start Date	People Management	Amend Contract Start Date
Amend End Date	People Management	CorePortal - HR Admin - Amend End Date

5.2.3. Update Contract

The following menu option is required to see the **Update** button for contract sequences in the *Amendments* section.

System	Menu Option
People Management	Amend Appointment

5.3.1. View Manager

The following menu option is required to see the *Manager* option and access the corresponding screen in read-only mode:

System	Menu Option
People Management	View Manager

5.3.2. Change Manager

This menu option makes the *Manager* screen available in update mode i.e. the **Edit** button is available:

System	Menu Option
People Management	Change Manager

Note: This menu option should only be awarded if the system is configured to allow the reports to manager to be directly assigned to the employee. Please refer to the **Reports to Manager Configuration** user guide for guidance on how and when this screen may be used to update the employee's manager.

5.4. Current Salary

5.4.1. Pay Users Access

Users require access to the employee's Pay Group in order to see the employee's salary & allowance data. See the **User Data Access** user guide for further details on how this is managed for a user.

Note: If you do not have the required Pay user data access, the *Current Salary* option will not display on screen.

5.4.2. View Salary

The following menu option must be enabled for the *Current Salary* option to display on the employee record:

System	Menu Option
People Management	Appointment Salary

Note: Please refer to the **Employee's Salary Data Configuration** user guide for full guidance on how to configure all of the available options on the *Current Salary* screen.

5.5. Pension Contributions

5.5.1. View Pension

The following menu option is required to see the *Pension Contributions* option and access the corresponding screen:

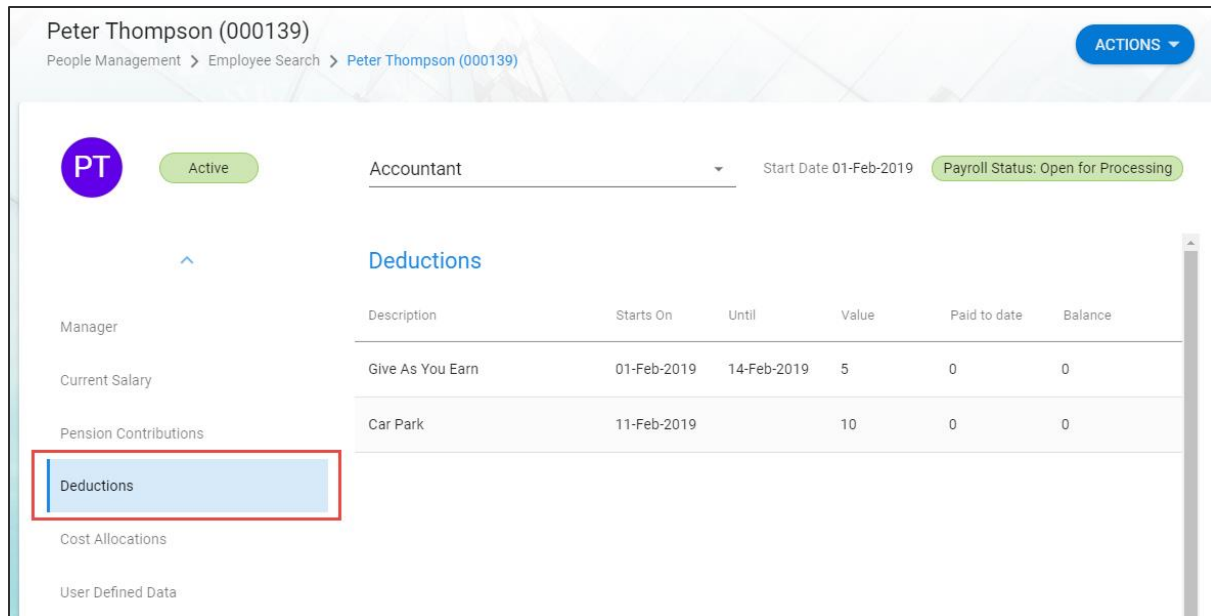

System	Menu Option
People Management	View Pension

5.5.2. Update Pension

The following menu option is required to see the *Pension Contributions* option and access the corresponding screen in update mode i.e. assign pension schemes to the employee's contract:

System	Menu Option
People Management	Edit Pension

5.6. Deductions

The screenshot shows the employee record for Peter Thompson (000139). The page includes a header with the employee's name and ID, a breadcrumb trail (People Management > Employee Search > Peter Thompson (000139)), and an ACTIONS button. Below the header, there's a profile section with a photo (PT), status (Active), role (Accountant), start date (01-Feb-2019), and payroll status (Open for Processing). The main section is titled 'Deductions' and contains a table with columns: Description, Starts On, Until, Value, Paid to date, and Balance. The table lists two deductions: 'Give As You Earn' and 'Car Park'. On the left sidebar, the 'Deductions' menu option is highlighted with a red box.

Description	Starts On	Until	Value	Paid to date	Balance
Give As You Earn	01-Feb-2019	14-Feb-2019	5	0	0
Car Park	11-Feb-2019		10	0	0

The following menu option is required to see the *Deductions* option and access the corresponding pop up screen in read-only mode:

System	Menu Option
People Management	View Deductions

Note: This is a read-only screen. Deductions cannot be added / edited in People Management.

5.6.1. Pay Users Access

Users require access to the employee's Pay Group in order to see the employee's payroll related data.

See the **User Data Access** user guide for further details on how this is managed for a user.

Note: If you do not have the required Pay user data access, the *Deductions* option will not display on screen.

5.7. Cost Allocations

Peter Thompson (000139)
People Management > Employee Search > Peter Thompson (000139)

6. Employee Dashboard Setup

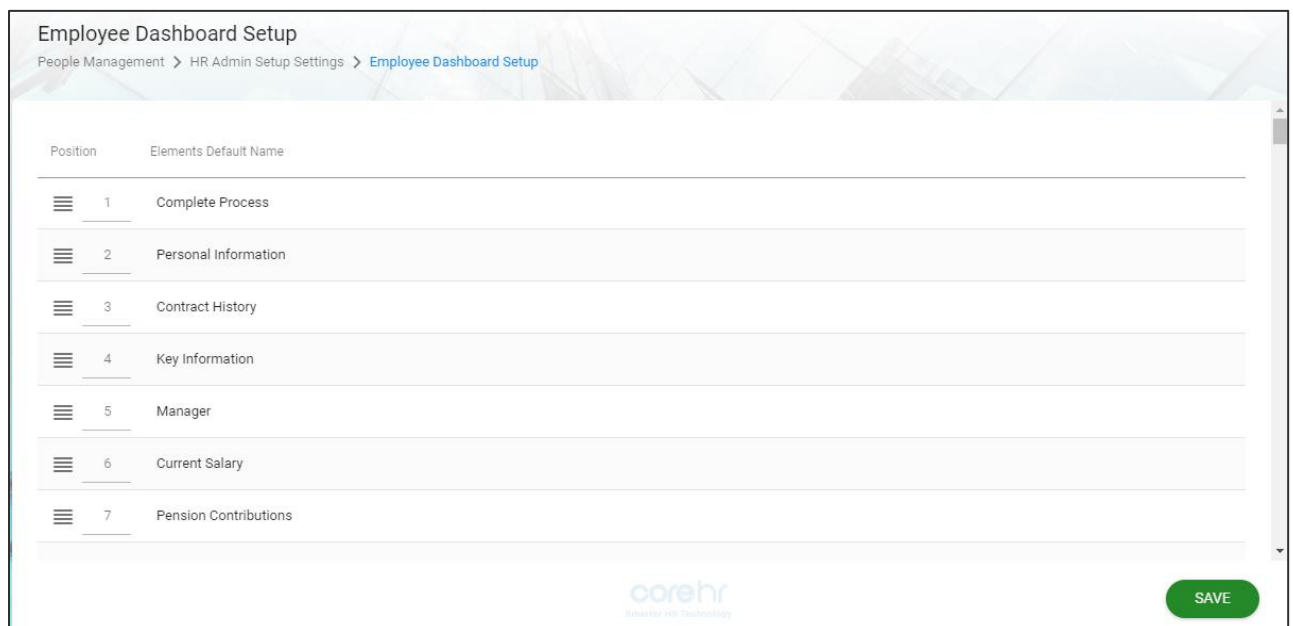

6.1. How to access the Employee Dashboard Setup screen.

This feature allows the user to update the display order of the items on the dashboard. To access this screen:

1. Quick jump to the *Data Centre* and open *HR Admin Setup Settings*.
2. Search for “Employee Dashboard Setup” and select the corresponding option on screen.

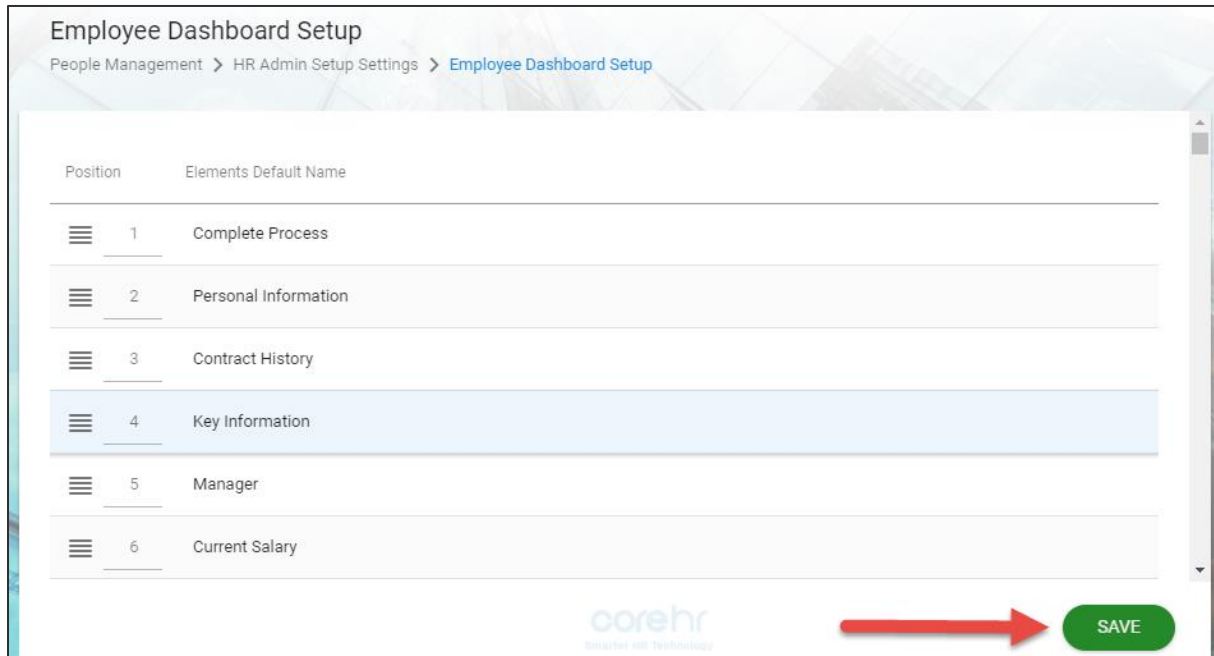

The *Employee Dashboard Setup* screen opens. This provides a full list of all tabs that can be made available on the HR employee record and the order they are displayed in:

6.2. How to Reorder Dashboard Items

To reorder dashboard items:

1. On the *Employee Dashboard Setup* screen, drag and drop the items into the required order:

2. Click **Save**.

6.3. Menu Options

The following menu option is required to see the *Employee Dashboard Setup* option on the *Data Centre > HR Admin Setup Settings* screen:

System	Menu Option
People Management	Employee Dashboard Setup

This gives full access to the functionality on the corresponding screen.

7. Hide User's Own HR Record

It is possible to prevent a HR Administrator from accessing their own HR record on People Management.

To do this:

1. Quick jump to *Site Manager* and open *Admin Settings*.
2. Search for parameter = "cp_admin_access_own_rec".
3. Click **Edit** to update the parameter.
 - a. **Y** = User can view and update their own HR record.
 - b. **N** = User cannot view and update their own HR record.
4. Click **Save**.

This ensures that your own HR record does not appear to you on the *Command Centre* widget screens:

- *Employees*
- *Starters*
- *Leavers*
- *Probation*

8. Access to 'Personal Information'

The following menu option is required to see the *Personnel Profile* option on the HR Employee Dashboard and access the corresponding pop up screen:

System	Menu Option
People Management	Personal Information View

Barry Smith (000120)
People Management > Employee Search > Barry Smith (000120)

You have not yet provided address information.

9.1.1. Menu Options

The following menu options are required to view & update the next of kin details:

System	Menu Option	Description
People Management	Next of Kin View	Enables the <i>Next of Kin</i> option on the <i>Employee Detail</i> menu. User can view the data already captured for Next of Kin but cannot update this.
People Management	Next of Kin Update	User can view and update employee Next of Kin data. Makes the Save button available.

9.1.2. Allow Update of Next of Kin Address

There is an additional level of configuration required to control the update of the next of kin address. This is a global setting, and controls the update of this feature for all users with update access to this screen.

This is managed in the CoreHR back office application:

1. Go to *CorePersonnel > Reference > Reference A-C > Address Type Codes*
2. Select button **New Address Type**
3. Tick on **Online Update** for the *Default Home Address*
4. Click the  button to save the changes.

9.1.3. Language Pack

All phrases are prefixed by “**cp_nok**”.

To update these:

1. Quick Jump to *Administrator Dashboard*
2. Click **Open** at *Language Pack* on *Site Manager*.
3. Search for *cp_nok*
 - All language pack elements will return on screen.
 - Ensure you select the relevant language e.g. English.
 - Click on the relevant Phrase Text
 - Update text

Changes are saved automatically.

9.2.1. Menu Options

The following menu options are required to view & update the contact & address details:

System	Menu Option	Description
People Management	Contact Information View	Enables the <i>Contacts</i> option on the <i>Employee Detail</i> menu. User can view the data already captured for Contact & Address data but cannot update this.
People Management	Contact Information Update	User can update employee Contact & Address data.  button will be available for all Contact Types. - The Add button is available. - The Edit Address Details option will be available for the Address.

9.2.2. Reference Data

Each contact type displayed on screen here is a reference data item.

Please refer to the **Employee Reference Data** user guide for details on how this reference data is managed.

9.2.3. Enable Map for Address Location

To enable the **View Map** for option on the address record:

1. Quick Jump to *Administrator Dashboard*
2. Click **Open** at *Language Pack* on *Site Manager*.
3. Search for parameter = *cp_myprofile_viewmap*
4. Update the parameter:
 - a. Y = **View Map** for option will display
 - b. N = **View Map** for option will not display
5. Save changes

The screenshot shows the 'EMPLOYEE DETAIL' sidebar on the left with 'Contacts' selected. The main content area has two sections: 'Contact Details' with fields for 'Other Email Address', 'Personal Mobile Number', and 'Salary User'; and 'My Address Details' with a table of address records. The table has columns for 'Address Type', 'Address', and 'Date Effective'. One record is shown: 'Default Home Address' with the address 'willow grove 34 blackpool Co. Cork Ireland' and date '17-Jul-2...'. To the right of the table is an 'ADD' button. Below the table, there are two buttons: 'Edit Address Details' and 'View Map'. The 'View Map' button is highlighted with a red rectangular box.

Address Type	Address	Date Effective
Default Home Address	willow grove 34 blackpool Co. Cork Ireland	17-Jul-2...

Note: Guidance provided is reflective only of the HR administrator's use of this screen. This does not cover the employee's or manager's use of the *Employee Profile* screen.

9.2.4. Language Pack

All phrases are prefixed by “**cp_contact**”.

To update these:

1. Quick Jump to *Administrator Dashboard*
2. Click **Open** at *Language Pack* on *Site Manager*.
3. Search for *cp_contact*
 - All language pack elements will return on screen
 - Click on the relevant Phrase Text and update
4. Changes are saved automatically.

9.3.1. Menu Options

The following menu options are required to view & update the dependent details:

System	Menu Option	Description
People Management	Dependants View	Enables the <i>Dependants</i> option on the <i>Employee Detail</i> menu. User can view the data already captured for dependents but cannot update this.
People Management	Dependants Update	User can view and update employee dependent data. Add button will be available on screen Save button will be available on the Dependants pop up screen Delete option will be available on the  list

9.3.2. Reference Data

The following items available on this screen are reference data items:

- Country
- Nationality

Please refer to the ***Employee Reference Data*** user guide for details on how this reference data is managed.

9.3.3. Make Fields Optional

The following fields are mandatory by default:

- Date of Birth
- Country of Birth
- Relationship
- Nationality

To make these optional:

1. Quick Jump to *Administrator Dashboard*
2. Click **Open** at *Language Pack* on *Site Manager*.
3. Search for parameter = ***cp_dependents_not_req***
4. **Update parameter:**
 - a. **Y = Optional**
 - b. **N = Mandatory**
5. **Save changes**

Name & Gender will always be mandatory.

 **Note:** This is a global setting and will affect all users with access to this screen, including Managers and Employees.

9.3.4. Language Pack

All phrase codes include the text *dependant*. To update these:

1. Quick Jump to *Administrator Dashboard*
2. Click **Open** at *Language Pack* on *Site Manager*.
3. Search for *dependant*
 - All language pack elements will return on screen
 - Click on the relevant Phrase Text and update text

Changes are saved automatically.

9.4. Bank Detail

9.4.1. Menu Options

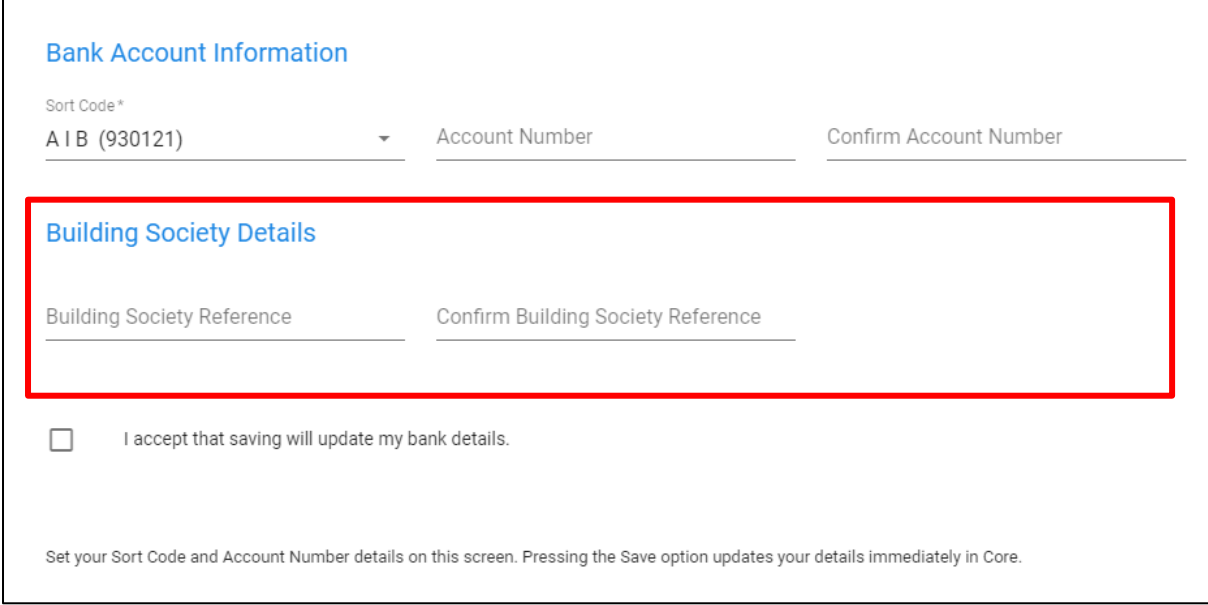

The following menu options are required to view and update the employee's bank account details:

System	Menu Option	Description
People Management	Bank Details View	Makes the Account Type of <i>Pay</i> available to view on the Bank Detail screen.
People Management	Bank Details Update	Makes the View button available for the Account Type of <i>Pay</i> , to add / edit the main payroll bank account for the employee.
People Management	Bank Details Expense View	Makes the Account Type of <i>Expense</i> available to view on the Bank Detail screen. The employee must also be setup on Expense for this appear.
People Management	Bank Details Expense Update	Makes the View button available for the Account Type of <i>Expense</i> , to add / edit the expense bank account for the employee.

	Account Type	Bank Detail	Sort Code	Account Number
	Pay	A I B College Road Co...	930121	11111111 VIEW

9.4.2. Display Building Society Reference Fields for 'Pay' Bank Account

There is a parameter that controls the display of the *Building Society* fields on the *Bank Account Information* screen i.e.

The screenshot shows the 'Bank Account Information' screen. At the top, there's a title 'Bank Account Information'. Below it, there are three input fields: 'Sort Code*' with the value 'A I B (930121)', 'Account Number', and 'Confirm Account Number'. Below these, there's a section titled 'Building Society Details' which is highlighted with a red rectangular box. This section contains two input fields: 'Building Society Reference' and 'Confirm Building Society Reference'. Below the red box, there is a checkbox with the text 'I accept that saving will update my bank details.' At the bottom of the screen, there is a small note: 'Set your Sort Code and Account Number details on this screen. Pressing the Save option updates your details immediately in Core.'

To display/hide these fields:

1. Quick jump to *Administrator Dashboard*.
2. Click **Open** at the *Admin Settings* on the *Site Manager* widget.
3. Search for parameter = *cp_ext_bank_buildsoc_ind*
4. Click **Edit** button.
5. Update the value:
 - a. Y = Display the fields
 - b. N = Hide the fields
6. Click **Ok**

9.4.3. Display Building Society Reference Fields for 'Expense' Bank Account

There is a parameter that controls the display of the *Building Society* fields on the *Add Bank Details* screen for the Expense bank account.

To display/hide these fields:

1. Quick jump to *Administrator Dashboard*.
2. Click **Open** at the *Admin Settings* on the *Site Manager* widget.
3. Search for parameter = *ex_bank_bldg_ref*

4. Update the value:
 - a. Y = Display the fields
 - b. N = Hide the fields
5. Click **OK**.

9.4.4. Language Pack

Phrases are prefixed by "*cp_per_bank*" or "*cp_bank*" or include the text "*bank*"

To update these:

1. Quick jump to *Administrator Dashboard*.
2. At *Site Manager*, Click **Open** at *Language Pack*.
3. Search for *cp_per_bank* or *cp_bank* or *bank*
 - All language pack elements will return on screen
 - Click on the relevant Phrase Text and update

Changes are saved automatically.

9.4.5. SEPA v Non-SEPA

The bank details screen can be configured to support sites that require bank details to be provided SEPA / non-SEPA format or both e.g.

- Non-SEPA only e.g. for UK sites
- SEPA only e.g. for ROI sites
- SEPA & non-SEPA sites

This configuration is managed by PeopleXD during the implementation project. This is not configured by the client.

Each company that is set up for an organisation will be flagged as SEPA or non-SEPA to ensure that the bank account details screen request the required details and apply the appropriate validation.

This configuration is required for both Pay and Expense bank accounts.

10. Diversity

10.1. Background

10.1.1. Menu Options

The following menu options are required to view & update the *Diversity > Background* screen:

System	Menu Option	Description
People Management	Diversity View	Makes the <i>Background</i> option available on the <i>Diversity</i> Menu. Access to the corresponding screen is read only.
People Management	Diversity Update	Provides access to update/edit the fields on the <i>Background</i> screen. Save button is available at the end of the screen.
