1. Overview

1.1. Purpose of the Guide

The purpose of this document is to provide guidance on how to use the HR Changes tab to review leaver and manager changes made in People Management. This allows admins to approve or reject changes to update appraisals and objectives associated with affected employees as well as the Admin and Manager views.

The HR changes captured in the screen are called HR events this includes:

- **Leavers** – for example, where an employee has been processed as a leaver and their end date is in the past.
- **New HR Managers** – for example, where an employee has moved role and has a new manager. Or where a work groups reports to manager has changed.

1.2. Leaver

A leaver is identified as any employee with an end date in the past with an eligible appraisal and/or objective cycle.

1.2.1. Eligible Change

An eligible appraisal and/or objective is classed as the below:

Type	Eligibility
Appraisal	Appraisals are eligible if the employee's end date is: • Within the appraisal start and end date, irrespective of status. or • After the appraisal end date but status us not Completed. This may include historical/old appraisals not completed.
Objective	Objective cycles are eligible if the employee's end date is within the objective start and end date, irrespective of statuses. Additionally: • If an employee's end date is the last day of the month, they will not appear in the HR changes screen until the 1st of next month.

Type	Eligibility
	If an employee is given a historical end date e.g. a date in the past, the employee will show in the HR changes screen the next day.

1.2.2. Changes Made

When a leaver change is approved the following changes are made:

Area	Change
Talent	The Talent items that were detailed in the HR changes screen as being impacted update to have the status Cancelled.
Manager Dashboard	Previous manager and indirect manager cannot see the employee in the Talent area.
Appraisals	Within the Appraisals tab cancelled employees: - Are not included in the assigned employees count. - Do not show in the Admin Options sub menus where they display active employees e.g. Manager Overview. - Can be viewed using the Manage Review tab in Admin Options. Admins can also use this to undo cancel if needed.
Objectives	Within the Objectives tab cancelled employees: - Are not included in the assigned employees count. - Do not show in the Admin Tools sub menus where they display active employees e.g. Manager Overview. - Can be viewed using the Manage Objectives tab in Admin Options. Admins can also use this to undo cancel if needed.

1.3. New HR Manager

A new HR manager is identified as any employee with an end date in the past with an eligible appraisal and/or objective cycle.

1.3.1. Eligible Change

An eligible appraisal and/or objective is classed as the below:

Type	Eligibility
Appraisal	Appraisals are eligible where there are any that do not have the status Completed, and the manager change occurs: • Within the appraisal start and end date. or • After the appraisal end date but the status is not Completed. This may include historical/old appraisals not completed.
Objective	Objective cycles are eligible if the employee's end date is within the objective start and end date, irrespective of statuses.

1.3.2. Changes Made

When a new HR manager change is approved the following changes are made:

Area	Change
Talent	The Talent items that were detailed in the HR changes screen as being impacted update with the new manager.
Manager Dashboard	Previous manager and indirect manager cannot see the employee in the Talent area.

2. HR Changes

2.1. The HR Changes Screen
