1. Introduction

1.1. Purpose of the Guide

The purpose of this guide is to provide guidance on how to award a new contract to an existing employee on People Management.

The New Contract process refers to any scenario where a brand new contract and thus a new Contract ID / Appointment ID is generated for an employee. These fall under 2 categories:

- **Replacement Contract**
 - The employee's current contract is to be ended and directly replaced by a new contract e.g. a promotion
 - Any items attached to the employee's contract including Cost Allocations, Pension Scheme Assignments, Salary, Deductions, Allowances, Annual Leave etc will all be ended as part of this process.
- **Additional Contract**
 - The employee will be awarded a new contract that will be active at the same time as their current contract i.e. their existing contract(s) will not be ended by this new contract.

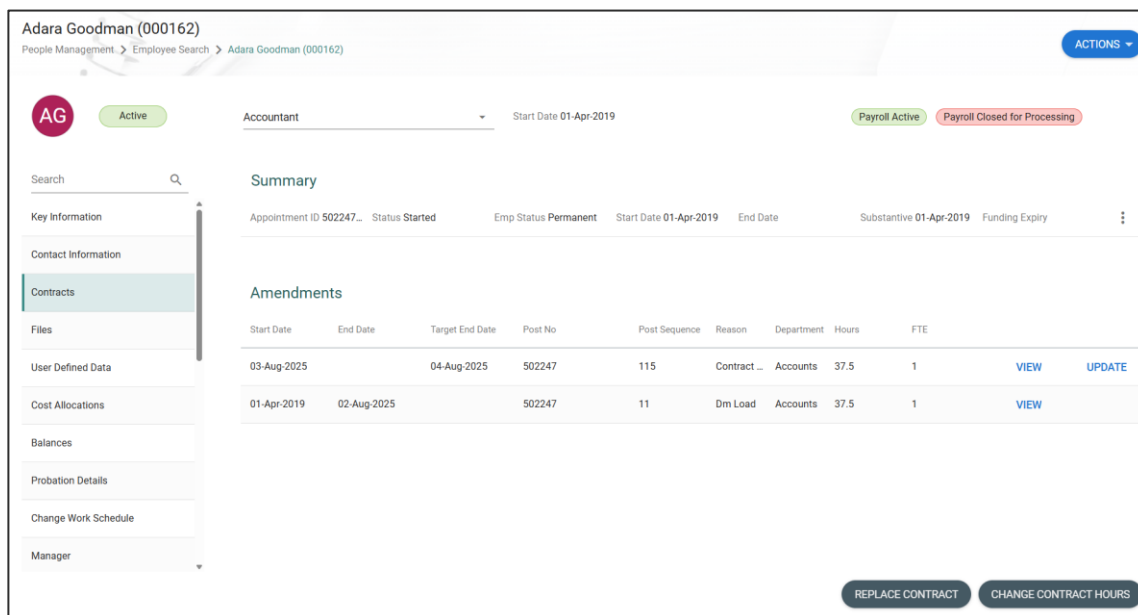

This process does not refer to the New Hire or Rehire processes. Please refer to the relevant user guides for these processes for detailed guidance.

2. New Contract

2.1. Replacement Contract

To replace a contract:

1. Go to *Command Centre > Employees*.
2. Search for the employee and select **View** to open their employee record.
3. Select the **Contracts** tab.

Once a Post / Post & Sequence has been selected, the screen will update to display the Org Structure.

Some fields may be pre-populated based on the Post selection.

- b. Update all other fields as required. Mandatory fields are flagged with a *.
 - c. Click the **Next** button to proceed to step 2.
8. Complete Step 2 *Contract Information*:

The 'Effective Date' provided cannot be earlier than the Start Date of the contract that is being replaced OR the start date of the latest amendment to that contract.

i.e. if the contract started on 1st January 2015 and was amended on 10th May 2016, then 'Effective Date' for the replacement contract must be 11th May 2016 or greater.

- a. Update all fields as required for the employee's contract.
Fields will be automatically populated based on Post selected e.g. Job Title, Post Type, Category, Sub Category. This is dependent on whether those fields have been populated on the Post.
- b. Update all other fields as required. All mandatory fields are identified on the screen using a *.

c. Click the **Next** button to proceed to step 3.

9. Complete Step 3 *Salary Information*:

When a contract is replaced, the employee's salary details will also be amended. The salary details for the original contract will be ended and a new salary record will be created for this contract.

The following details will be pre-populated based on the Salary details in the Post / Post Appointment:

- Scale
- Point on Scale (pre-populated only if using Authorised Post Appointment)
- Multiplier
- This to be paid
- Amount to be paid

a. Update all fields as required:

All mandatory fields are identified on the screen using a *.

10. Click on the **Save** button to complete the wizard.

- If an 'Auto Commenced' Post was used to create the contract, no further steps are required.
- If an 'Auto Authorised' Post or an 'Authorised Post Appointment' was used to create the contract, then this will need to be commenced.

2.1.1. Copying Allowances

Allowances can be copied from a replaced appointment to a new appointment when replacing contracts. This ensures continuity of Allowances for employees transitioning between appointments. When replacing an Allowance, the system can copy an Allowance with no end date or an end date after the new contract start date.

The Allowance copying functionality is integrated into the Contract Wizard during appointment replacement operations. To Copy an Allowance when replacing as contract follow from step 5 in [2.1 Replacement Contract](#):

1. Click **Allowances**.

2. Select **Allowances** from the **Available Allowances**.

- Click the **Right Facing Arrow** to add selected Allowances to the list of **Allowances Copying to New Contract**.

**Note:**

Checked Allowances **will not copy** to the new Contract unless **moved to the Allowances Copying to New Contract** area using the **right facing arrow**.

- Click **Apply** to begin the Replace Appointment Wizard and continue from step 6 in [2.1 Replacement Contract](#).

2.1.2. Copying a Pension

Pension schemes can be copied from a replaced appointment to a new appointment when replacing contracts. This ensures continuity of pension benefits for employees transitioning between appointments. When replacing an appointment, the system can copy pension schemes with no end date or an end date after the new contract start date.

The pension copying functionality is integrated into the Contract Wizard during appointment replacement operations. To Copy a pension when replacing as contract follow from step 5 in [2.1 Replacement Contract](#):

- Click **Pensions**.

8. Click **Apply** to begin the Replace Appointment Wizard and continue from step 6 in [2.1 Replacement Contract](#).

2.1.3. Commencing the Replacement Contract

If the replacement contract is not commenced immediately, as part of the *Replace Appointment* wizard, then the contract creation is incomplete on the system.

Note:

In all instances, the 'Date Commenced' cannot be earlier than 'Effective Date' that was entered when creating the contract. This must be either equal to or later than that date. This date will be the date that the employee will be paid from for this contract.

1. Go to the *Contracts* screen.
2. Select the "Pending" contract.
3. Click **Commence**.

Post No	Post Sequence	Re...	De...	Hours	FTE	
502218	3	Pr...	Bu...		1	VIEW
502218	2	Pr...	Bu...		1	VIEW

4. Provide a *Commencement Date*.
5. Click **Ok**.

2.1.4. Replacement Contract Dates – Past, Present & Future

In this section, further guidance is provided on how the *Contract* screen and the employee record will appear, depending on whether the replacement contract Effective Date is:

- In the past
- Today
- In the future

Option 1: Past Effective Date

The *Effective Date* used for the replacement contract is in the past i.e. earlier than today's date.

If the contract has not been commenced:

- The replacement contract status is “Pending”.
- The replaced contract status is “Ended”.
 - No end date has been applied.
 - This is still flagged as the substantive contract.

Once the contract has been commenced:

People Management: New Contract – User Guide

- The new contract status is “Future” and the start date will reflect the *Commenced Date*. This will be “Started” once the commenced date has elapsed.
- The current contract remains as “Started” until the commenced date for the new contract, when it will become “Ended” and an End Date will be applied to it.

The screenshot displays the employee record for Peter Thompson (000139). The breadcrumb trail is: People Management > Employee Search > Peter Thompson (000139). The employee's profile includes a purple circle with 'PT', an 'Active' status, and a 'Task List - New Starter' section with a 'Contracts' link. A dropdown menu for 'Accountant' is open, showing two entries: 'Accountant, Accounts' with Appointment ID 502241-2 and Start Date 04-Mar-2019 (status: Future), and 'Accountant, Accounts' with Appointment ID 502216-16 and Start Date 01-Feb-2019 (status: Started). Red arrows point to the 'Future' and 'Started' status buttons. The 'Start Date 01-Feb-2019' is also visible at the top right. A 'Payroll Status' is partially visible on the far right. Below the dropdown is an 'Amendments' section.

2.2. Additional Contract

Note:

Consider the employee's FTE when assigning an additional Contract / Post Appointment. An employee may only have a total FTE of 1 for their combined active contracts. When assigning an additional contract, it may be required to confirm that the employee's existing contract has an FTE of <1 and possibly make any required amendments.

To award an additional contract:

1. Go to *Command Centre* > *Employees*.
2. Search for the employee and select **View** to open their employee record.
3. Click **Actions** and select **Add Additional Contract**.
