1. Overview

1.1. Purpose of the Guide

The purpose of this document is to provide detailed guidance on how to configure the People Management dashboard on CoreHR.

The dashboard is preconfigured on install of CoreHR. This guide identifies the key configurable elements of the dashboard, including:

- Access to the dashboard in CorePortal.
- The standard dashboard tabs.
- The standard dashboard widgets.
- All menu options and other configurable elements required to support the tabs and widgets.

Note: This document covers the configuration of dashboard tabs and widgets only. Some features available to access via the dashboard require their own detailed configuration. Therefore, this guide may direct you to another guide where full instructions are provided to configure a standalone feature.

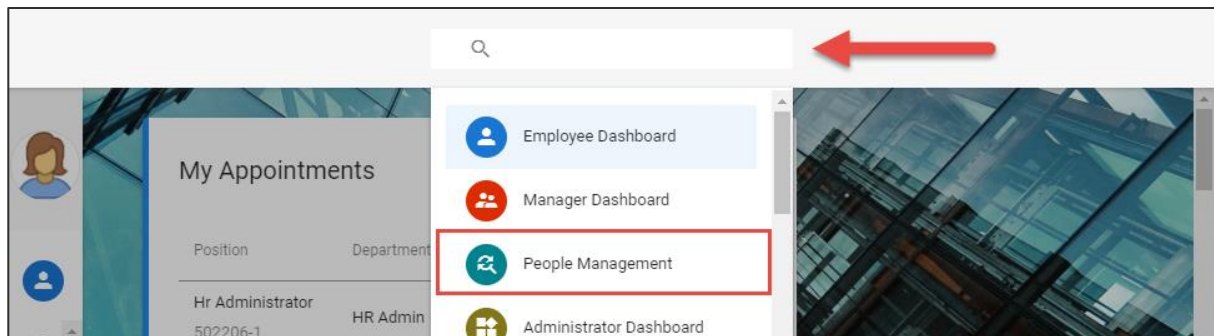

2. Access to the Dashboard

In order to access the People Management dashboard, the user will require the following menu option:

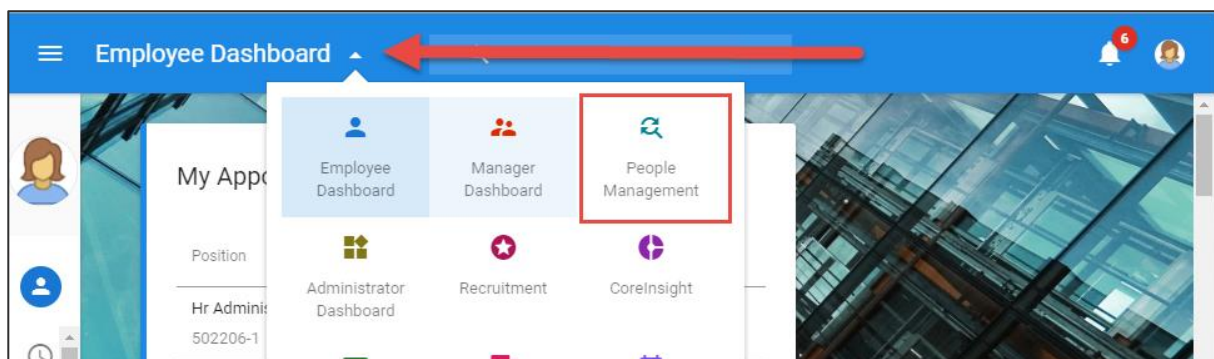

System	Menu Option
People Management	Command Centre

The dashboard can be accessed via the following 2 areas on CoreHR, once this option is enabled on a Menu Profile that the user has access to.

Option 1: Quick Jump Menu

Option 2: Dashboard Menu

If the user doesn't have access to this Menu Option, then they will not see the options listed above on CorePortal.

3. Dashboard Tab Configuration

The People Management dashboard consists of 2 tabs as standard:

1. Dashboard
2. Data Centre

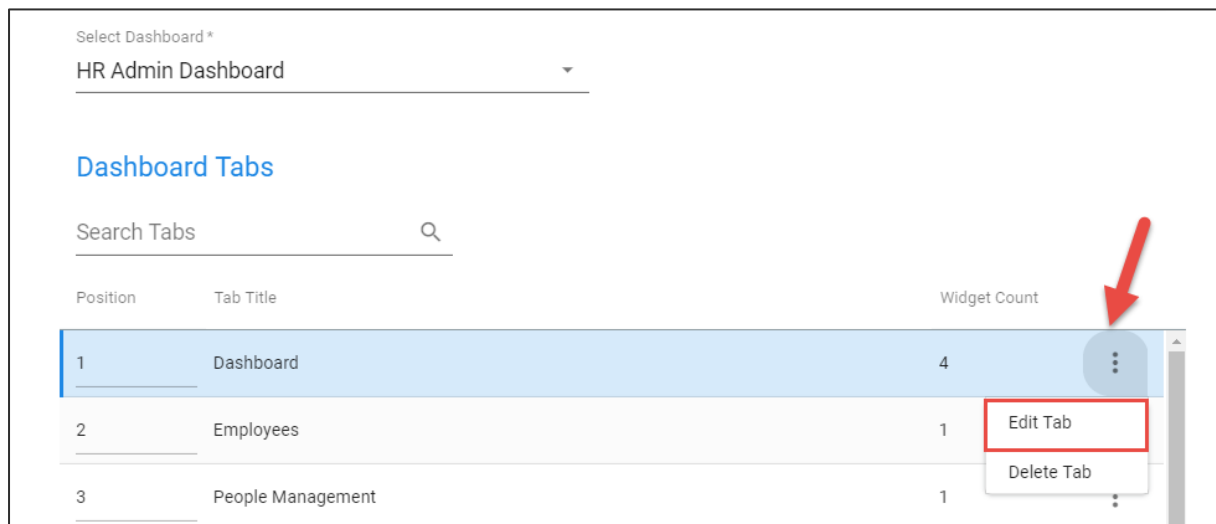

These are enabled as standard on CoreHR on install. However, please see each tab below for further details on the configurable options that are recommended for these tabs.

Note: This document is not intended to provide full training on the *Dashboard Configuration* screen.

3.1. Dashboard Tab

To update the *Dashboard* tab configuration:

1. Quick jump to *Dashboard Configuration*.
2. Select Dashboard = “HR Admin Dashboard”.
3. Click the  button and select **Edit Tab**.

The *Edit Tab* screen opens.

The default options for the *Dashboard* tab configuration are listed in the table below:

Item	Value	Description
Title	Dashboard	This is the actual text that will appear on the Dashboard tab.
Name	Dashboard	This will not appear on the Dashboard tab.
Phrase Code	101	The phrase code for the 'Title' in the Language Pack.
Icon	Megaphone	This is the icon that will appear on the Dashboard tab.
Height	n/a	n/a
Position	1	The order in which the tab will display on the Dashboard.

Note: These configuration options may be updated per organisations' requirements. The values identified above are for reference purposes.

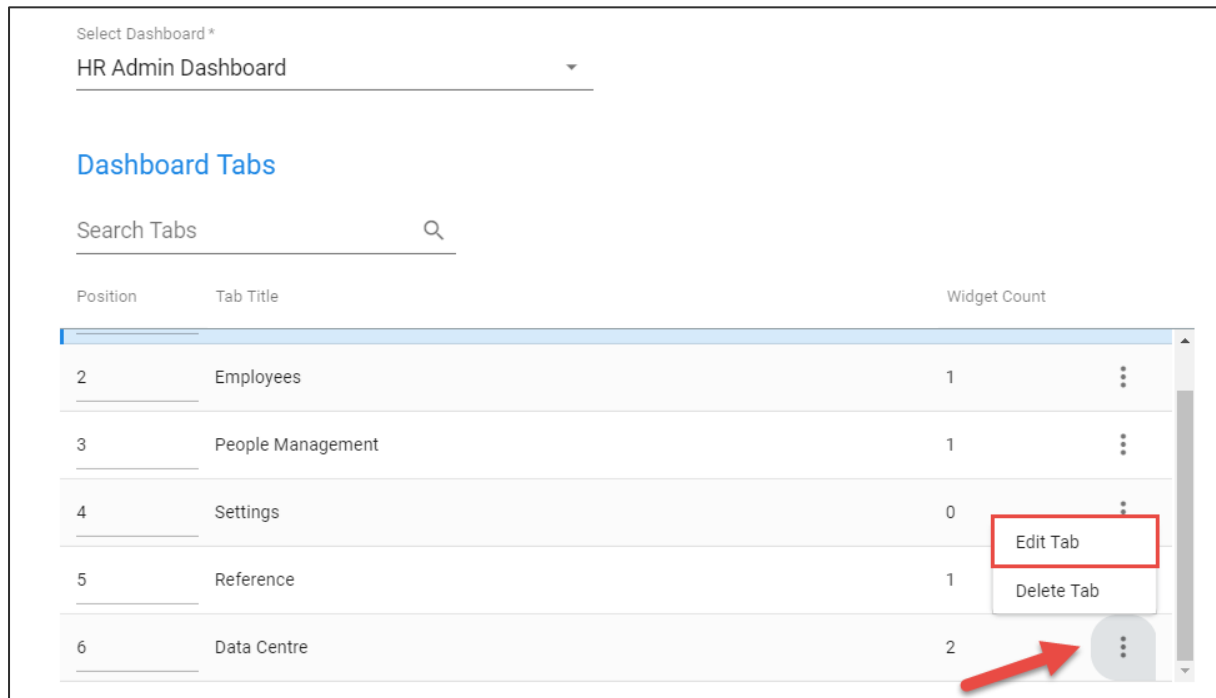

The following widgets are generally configured on the *Dashboard* tab:

- Command Centre
- Employee Request Approvals

3.2. Data Centre

To update the *Data Centre* tab configuration:

1. Quick jump to *Dashboard Configuration*.
2. Select Dashboard = “HR Admin Dashboard”.
3. Click the  button and select **Edit Tab**.

The *Edit Tab* screen opens.

The default options for the 'Data Centre' tab configuration are listed in the table below:

Item	Value	Description
Title	Data Centre	This is the actual text that will appear on the Dashboard tab.
Name	DataCentre	This will not appear on the Dashboard tab.
Phrase Code	103	The phrase code for the 'Title' in the Language Pack.
Icon	th-large	This is the icon that will appear on the Dashboard tab.
Height	n/a	n/a
Position	6	The order in which the tab will display Dashboard.

The following widgets are typically shared on this tab:

- Data Centre
- Social Hub Configuration

Note: These configuration options may be updated per organisations' requirements. The values identified above are for reference purposes.

4. *Command Centre Widget Configuration*

Command Centre		NEW STARTER	
Employees	VIEW	Onboarding	VIEW
127 Currently Active Employees		1054 Pending	
Transfers	VIEW	Starters	VIEW

7 Applicants		3 Leavers Pending	
Salary Approvals	VIEW	Probation	VIEW
2 Salaries Pending		0 Probations Pending	

4.1. Menu Options

This option must be enabled for the widget to appear on the dashboard.

System	Menu Option
People Management	Command Centre

Note: This option is also required to give the user access to the [People Management Dashboard](#)

The table below provides a list of all menu options that provide access to each of the options on the *Command Centre* widget.

#	System	Menu Option
1	People Management	Create Employee
2	People Management	Employee Search
3	People Management	Onboarding Progress
4	People Management	Employee Transfer
5	People Management	Successful Applicants
6	People Management	Salary Approval

Command Centre

1NEW STARTER

2Employees
118 Currently Active EmployeesVIEW

3Onboarding
114 PendingVIEW

4Transfers
1 Transfers PendingVIEW

5Applicants
7 ApplicantsVIEW

6Salary Approvals
50 Salaries PendingVIEW

Starters
0 Starters PendingVIEW

Leavers
0 Leavers PendingVIEW

Probation
0 Probations PendingVIEW

The following options are displayed by default on the screen and do not require any menu options:

- Starters
- Leavers
- Probation

4.2. Access to the Employee Records

Access to employee records via any of the options on the *Command Centre* widget is controlled via HR System Users access. This applies to the options listed below and all further screens accessed via those options.

- Employees
- Starters / Leavers / Probation
- Applicants
- Transfers
- Onboarding
- New Starter

See the **HR User Data Access** user guide for further details on how this is managed for a user.
