1. Overview

1.1. Purpose of the Guide

The Applicant One View provides a centralised view of the Candidate process to Recruitment administrators allowing them to view and update candidate information. This guide allows you to understand what can be carried out and viewed using the Applicant One View feature.

This feature is only available to customers who using the PeopleXD Applicant Tracking System integration with Volcanic.

2. Applicant Detail

2.1. Overview

Once a vacancy has been created, you can view applicants that have applied for the vacancy or manually add an applicant to the vacancy (bypassing applications from the Careers Website). The applicant record on XD Recruitment holds the following details:

- Applicant's personal detail
- Correspondence
- Events
- Diversity Details
- Vacancy & Application Detail
- References
- Documents
- Other Information (User Defined Fields)

 **Note:** Access to the Applicant Details is controlled by menu options. For full details on how to configure these screens and menu options, see the [XD Recruitment: Configuration](#) guide.

2.2. Accessing Applicant One View

To use Applicant One View, there are 3 locations within XD Recruitment that it is available to access from:

1. Vacancies Widget
2. Any View Applicant screen
3. Interview Panels

2.2.1. Vacancies Widget

To access the Applicant One View feature from a Vacancy:

1. From the *Recruitment Dashboard* select *Vacancies*.
2. On the Vacancies widget for the relevant vacancy.
3. Click **Actions** and select **View Applicants**.
4. The *Applicant Details* screen opens which lists all the applicants who have applied for the vacancy.
5. Expand the 3-dot menu of the relevant applicant and click **Applicant One View**.

3. The Applicant One View Screen

Once the *Applicant One View* screen has opened, the below screen will display.

This can also be viewed using a split screen view, depending on your screen size or screen resolution. For this you will either need a large screen or to zoom out in your browser. The screen will then automatically split as shown below.

The following sections can be temporarily hidden on screen by dragging the split screen feature away:

- Job Specification

- Attachments
- Comments
- DocuSign (available once purchased and integrated with PeopleXD).

3.1.1. Selected Applicant

On the top of each *Applicant One View* screen, it shows the applicant Forename and Surname, along with the applicant's current *Applicant Status* for this Vacancy. It is possible to use the **arrows** to browse all other applicants on this vacancy. Any filters that were enabled prior to searching for an applicant, are enabled during the current session and while you navigate around other Applicant One View sections.

3.1.2. Updating an Applicant's Status

To update an Applicant's Status, click on the *Applicant Status* dropdown menu to change the details. For the following Applicant Statuses, a further on-screen wizard allows you to process additional information and notification details to the applicant:

- Invite to Interview
- Job Offer

The screenshot displays the 'Applicant One View' interface for Kevin Preston. The 'Applicant Status' dropdown menu is open, showing options: Applicant Applied, Applicant Shortlisted, Invited To Interview (highlighted), Appointment Offer Made, Applicant Successfully Hired, Appointment Accepted, Appointment Offered But Declined, and Not Shortlisted. The background shows tabs for General, Application, Diversity De..., Other Infor..., and Other. The 'Contact' section includes fields for Phone Number (00448976578), Mobile Number (00448976578), and Email (kevin.preston@sb21.com). A 'SAVE' button is at the bottom right.

Invited to Interview

To trigger the Invite to Interview process on XD, confirm the New Applicant Status using the Applicant Status dropdown.

XD Recruitment: Applicant OneView - User Guide

The screenshot shows the 'Applicant One View' interface. At the top, the breadcrumb trail is 'Recruitment > Applicant Details: 001735 - HR Business Partner > Applicant One View'. The main header area includes a 'Selected Applicant *' dropdown showing 'Kevin Preston' and a '2 of 14 Applicants' indicator. A modal window titled 'Edit Status: Kevin Preston' is open in the center. It contains the following fields: 'Current Status' (Applicant Applied), 'New Status *' (Invited To Interview), and 'Comments' (Kevin approved for interview). The modal has 'CANCEL' and 'OK' buttons at the bottom. The background page shows tabs for 'General', 'Application ...', 'Diversity De...', 'Other Infor...', and 'Job Specifi...'. There are also buttons for 'Documents', 'Comments', and 'DocuSign'. At the bottom right, there is a 'SAVE' button and a timestamp '13:58'.

The Email Template appears for you to configure and send to the applicant. For further guidance on setting up Email Templates see our [Applicant Management](#) guide.

The screenshot shows the 'Email Template' configuration page. The breadcrumb trail is 'Recruitment > Applicant Details: 001735 - HR Business Partner > Applicant One View > Email Template'. The page has a header with 'Email Template' and an 'UPLOAD ATTACHMENT' button. The main form area includes: 'To' (kevin.preston@sb21.com), 'Notification Subject *' (Interview for HR Business Partner), and 'Notification Body *' (As a result of your application for the position of HR Business Partner I would like to invite you to attend an initial interview. You will have an interview with the department manager, Eddie Watson at our Head Office. Please log on to the ACME recruitment portal and chose an interview slot that best suits your availability.). At the bottom right, there is a 'SEND' button and a timestamp '13:58'.

Appointment Offer Made

To trigger the Appointment Offer Wizard process on XD, confirm the New Applicant Status using the Applicant Status dropdown.

The screenshot shows the 'Applicant One View' page for Kevin Preston. A modal titled 'Edit Status: Kevin Preston' is open, displaying the current status 'Invited To Interview' and allowing a new status to be selected. The new status 'Appointment Offer Made' is chosen. The modal also includes a comments field with the text 'Kevin successful at Interview, Offer made'. The background page shows applicant details, contact information, and a sidebar with tabs for General, Application, Diversity, and Other Information.

The *Applicant Offer* Wizard appears on screen for you to complete and confirm the details of the new contract to give to the applicant. The 3 steps wizard below outlines the information required to fill out before saving.

The screenshot shows the 'Applicant Offer' wizard with three steps: 1. Post, 2. Appointment, and 3. Salary. The 'Post' step is active, showing fields for Post Number (502200 - Programme Manager), Sequence Number (0), and Post Profile Type (Permanent). Below these are date fields for Start Date (22-Mar-2023) and Target End Date. The 'Hierarchy' section includes fields for Company (Regional), Management Unit (Professional Services), Department (Delivery - Public Sector), and Sub Department (UK Services). A 'NEXT' button is visible at the bottom right.

The Post section contains the *Hierarchy* details to be created and updated with the details from the post:

1. Select the **Post Number** to be assigned to the new starter.
2. This will automatically populate based on information in the vacancy and provide the HR administrator set up the person on People Management, as an employee.

- Planned Start Date
 - Company, Division, and all other hierarchy fields defined on the post
 - Cost Centre
 - Location
 - Work Group
2. Click on the **Next** or select Appointment, to move on.
 3. The **Appointment Details** screen allows you to record additional information on the appointment. There are several mandatory items that need to be recorded here:
 - Employee Status
 - Sub Status
 - Category
 - Hours (Employees Contracted Hours)
 - FTE Hours
 - FTE Value
 - Weeks (number of weeks an applicant is to work, i.e. on a reduced working week contract)

 **Note:** All options are consistent with the setup of the new starter wizard in People Management.

4. Click on the **Next** or select Salary, to move on.
 5. On the **Salary Details** screen, ensure that the following fields are filled out as this is filtered through to the New Starter wizard when the successful applicant is being brought into People Management:
 - Pay Rate Type
 - Pay Scale
 - Scale Point
 - Rate (Hourly, Daily, Weekly or Annual)
 - Multiplier*
 - Amount
- *Multiplier - This is to be consistent with the FTE value on the Appointment / Contract screen from People Management.
6. Click **Save** to confirm the job offer details.
 7. The applicant's status has now updated to be *Appointment Offer Made*.

3.1.3. General

XD Recruitment: Applicant OneView - User Guide

The screenshot displays the 'Applicant One View' interface. At the top, there's a breadcrumb trail: 'Recruitment > Applicant Details: 001735 - HR Business Partner > Applicant One View'. A blue 'ACTIONS' button is in the top right. Below the breadcrumb, there's a profile card for 'JG' (Josie Gaines) with a 'Selected Applicant *' dropdown and an 'Applicant Status' dropdown set to 'Applicant Applied'. A pagination indicator shows '1 of 14 Applicants'. A horizontal menu includes tabs: 'General' (active), 'Application ...', 'Diversity De...', 'Other Infor...', 'Other Appli...', 'Assessment' (with a red '3' badge), 'Screening', 'CV Profile', 'Job Specifi...', 'Documents' (with a red '1' badge), 'Comments' (with a red '0' badge), and 'DocuSign'. The 'General' tab contains several fields: 'Title' (Ms), 'Forename*' (Josie), 'Surname*' (Gaines), 'Known As' (EI), 'Applicant Number' (A3203), 'Applicant Type' (External), 'Application Date', and 'Source' (Careers Website). At the bottom, there's a 'SAVE' button and a timestamp '8:13:58'.

Note: The details updated on an applicant's application form take precedence over the details that are entered as part of the applicants initial registration process.

The **General** screen contains the following fields:

Field	Description
Title	The title of the applicant. Use the dropdown to select. This is an optional field.
Forename	The first name of the applicant. This is a mandatory field
Surname	The surname of the applicant. This is a mandatory field.
Known as	This is the name the applicant wishes to be known as. This is an optional field.
Applicant Number	This is a system generated field.
Personnel Number	This is a system generated field.
Applicant Type	The type of applicant e.g. External, Internal or Agency.
Application Date	This is a system generated field.
Original Source	This is a system generated field.
Application Source	This is a system generated field.
Phone Number	The applicant's phone number. This is an optional field.
Mobile Number	The applicant's mobile number. This is an optional field.

Field	Description
Email	The applicant's email address. This is an optional field unless using Email Template communication.
Address	This is captured when an applicant applies for the Vacancy on the Careers Website, but it requires the applicant to have supplied this information when they register initially. This information is captured during the website registration stage that the applicant carried out.

3.1.4. Application Questions

This section shows the *Questions and Answers* that the applicant has filled out as part of their application process. The table below outlines the information found on this screen.

Item	Description
Registration Questions and Answers	This returns the registration questions that were answered on initial sign-up to the Careers Website.
Application Questions and Answers	This returns the specific set of vacancy answers that are part of the application process on the Careers Website. Both questions that are added on the XD Recruitment vacancy configuration and any questions created as part of the application form on the Careers Website are shown here.

3.1.5. Diversity Details

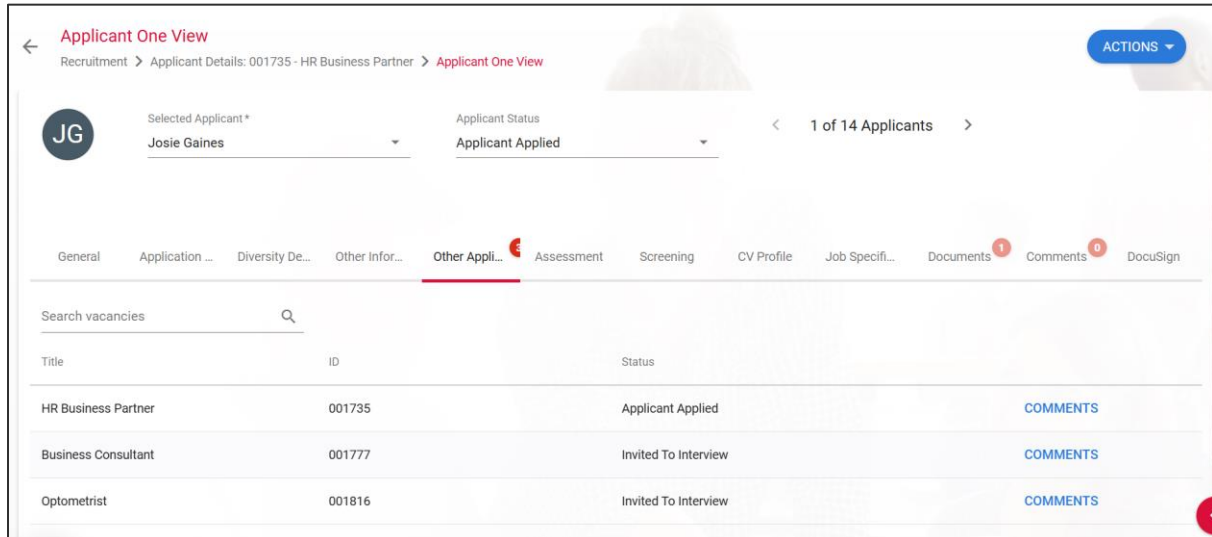

This section returns details relating to an applicant's diversity information. If the *Diversity Question Category* is included in the application form, the background and disability information is populated for this applicant from the details provided on the application form that was submitted by the applicant.

3.1.6. Other Information

This section of the Applicant One View holds information for the applicant as part of the User Defined Fields that were created by a Recruitment Administrator.

3.1.7. Other Applications

This allows you to use the Search Vacancies feature that returns all other Vacancies that this applicant has applied for within the XD environment for your organisation.

Field	Description
Search Vacancies	Free text in the Title of the Vacancy or the ID of the vacancy.
Title	This is the name of the vacancy as shown on the Careers Website.
ID	This is the unique Vacancy ID for the Vacancy.
Status	This shows the current Applicant Status the applicant has for this Vacancy.
Comments	This allows you to view all comments saved as part of the vacancy process i.e. Applicant Status comments or on the Comments tab on the One View screen per applicant.

3.1.8. Assessment

The *Assessment* screen displays the assessment scorecard associated to the vacancy.

Applicant Assessment History: James Smith						
Recruitment > Applicant Details: 001735 - HR Business Partner > Applicant One View > Applicant Assessment History: James Smith						
Current Status						
All						
Schedule	Round	Status	Interviewer	Interviewer Score	Interview Date	Assessment Score
1	1	Invited To Interview		%	09-Aug-2023	0% VIEW

From the 3-dot menu of any assessment you can drill down into the assessment to see comments and scores by clicking **View**.

Note: Further information on managing the applicant Assessment details can be found in our [Interview Management](#) guide.

3.1.9. Screening

The integration built between PeopleXD Recruitment and Access Screening allows a Recruiter (User) within PeopleXD Recruitment to submit a Candidate Background Check from within the PXD Application record. Once successfully submitted the Recruiter will be able to view in real time the status of the check submitted.

When a background check is successfully submitted the mandatory data set relating to the Applicant and PXD User is sent to Access Screening. Without this information the background check cannot be created.

- Applicant Title
- Applicant Surname
- Background Check Brand
- PXD User Email Address
- Applicant First Name
- Applicant Email Address
- Background Check Workflow

Note:

- The PXD user submitted the background check should also be setup as a user within the Screening product so the background checks can start and be assigned to Screening users correctly where they can manage their screening checks inside Access Screening.
- There are no Screening "Tags" sent to Access Screening as part of the integration currently.

Once a background check has been successful created by PXD they will be able to view in real time the status of the check submitted.

- Screening Brand
- Screening Workflow
- Background Check ID
- Background Check Status
- Submitted By (PXD User who submitted the background check)
- Started (Date & Time the background check was started)
- Updated At (Date & Time the background check updated)
- Candidate Completed (Date & Time the candidate completed their step)

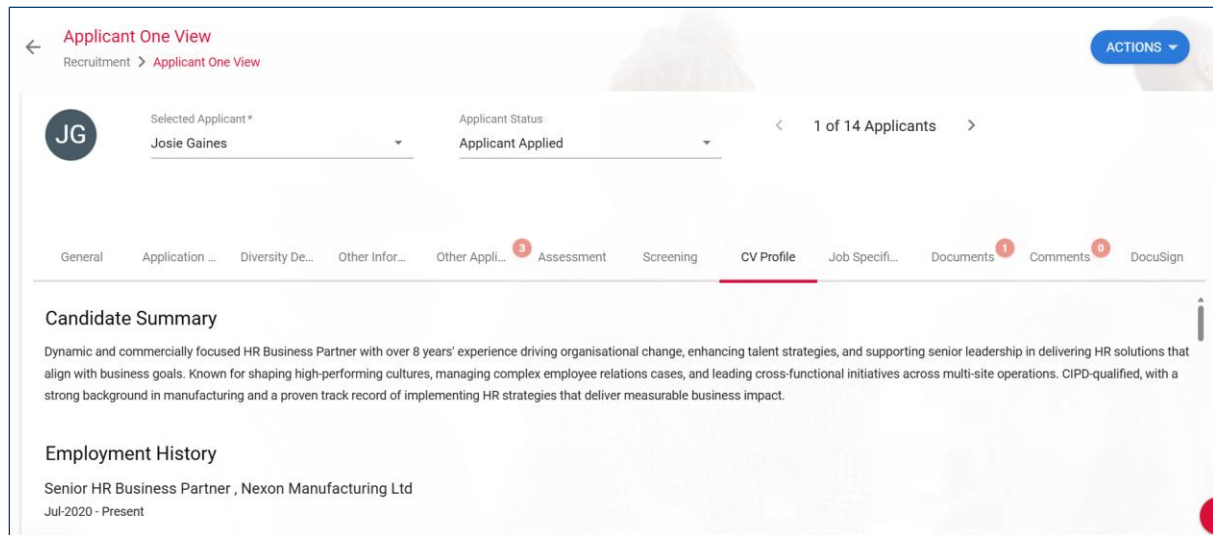

To add a background check:

1. Click **Add**.
2. Select the screening **Brand** and related **Workflow**.
3. Click **OK**, this will validate whether the necessary mandatory data exists, if not the user will get the appropriate error message or if it does exist the user will get a conformation message stating that the Background Check has been successfully.
4. Thereafter users will be able to review the overall status of the background check within the Screening Tab.

3.1.10. CV Profile

The CV Profile tab displays structured information automatically extracted from a candidate's CV through the CV parsing functionality. This tab presents key details in an organised format including the candidate's professional summary, employment history, education background,

and skills - all parsed directly from their uploaded CV. This allows recruiters to quickly review a candidate's qualifications and experience without needing to open and read through the original CV document, streamlining the initial screening process and making it easier to assess candidate suitability, at a glance.

For further guidance see our [Candidate Anonymisation & CV Parsing](#) guide.

3.1.11. Job Specification

This section returns the Vacancy Job Specification that had been entered as part of the vacancy set-up. There is also functionality to download any document attached the vacancy that has been flagged with the *Job Specification indicator* when it was uploaded to the system. View this document by clicking the **View Job Spec** button.

The screenshot displays the 'Applicant One View' interface. At the top, there's a breadcrumb trail: 'Recruitment > Applicant Details: 004202 - Head Coach Role (End ... > Applicant One View'. An 'ACTIONS' button is in the top right. Below the breadcrumb, there's a header section with a red circle containing 'JK' for the 'Selected Applicant' (Jürgen Klopp) and a dropdown for 'Applicant Status' (Applicant Applied). A navigation bar below this contains tabs: 'General', 'Application ...', 'Diversity Det...', 'Other Inform...', 'Other Applic...', 'Assesment', 'Job Specific...' (which is active), 'Attachments', 'Comments', and 'DocuSign'. A 'VIEW JOB SPEC' button is on the right. The main content area under the 'Job Specific' tab shows a 'Description' section with a job description and a 'Head Coach Responsibilities' section with a bulleted list of tasks. A vertical scrollbar is on the right side of the content area.

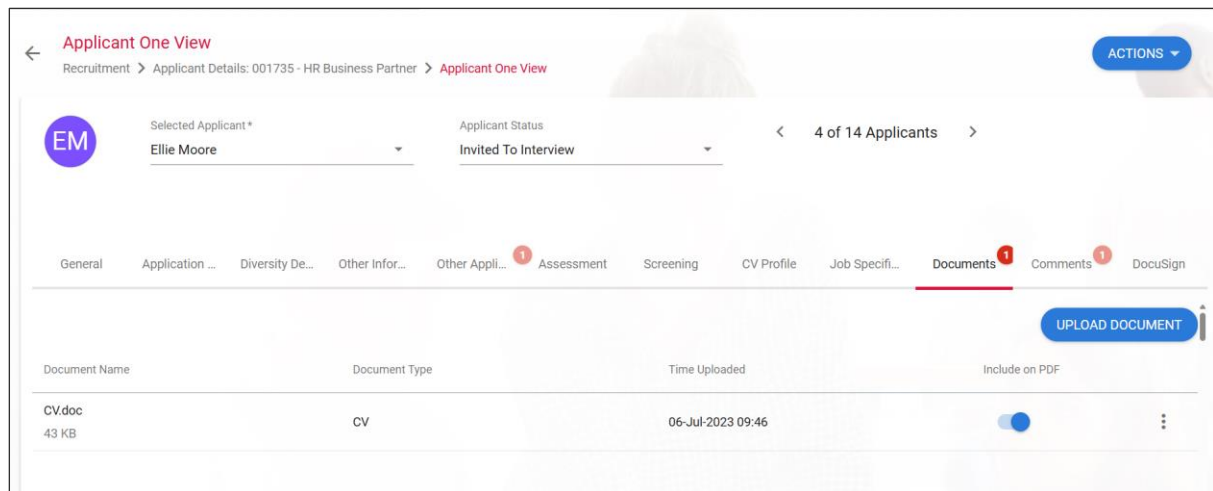

3.1.12. Documents

An update was made in August 2025 to allow users to view documents on screen without having to download them. To facilitate this, any document uploaded after this update will be automatically converted to PDF, which then allows the documents to be viewed on-screen.

This improves the user experience by making it quicker to access documents and supports GDPR compliance by reducing the need to store personal data on local devices.

Documents can be uploaded, viewed or delete and linked to the applicant on XD. So recruiters and hiring managers can view candidate documents, such as CVs, directly within the applicant One View screen.

Note: This feature is only available for new applications submitted after the feature has been enabled in your system. Documents from existing applications submitted before the feature activation will continue to require downloading.

To view a document:

Expand the 3-dot menu of the relevant document and select **View**.

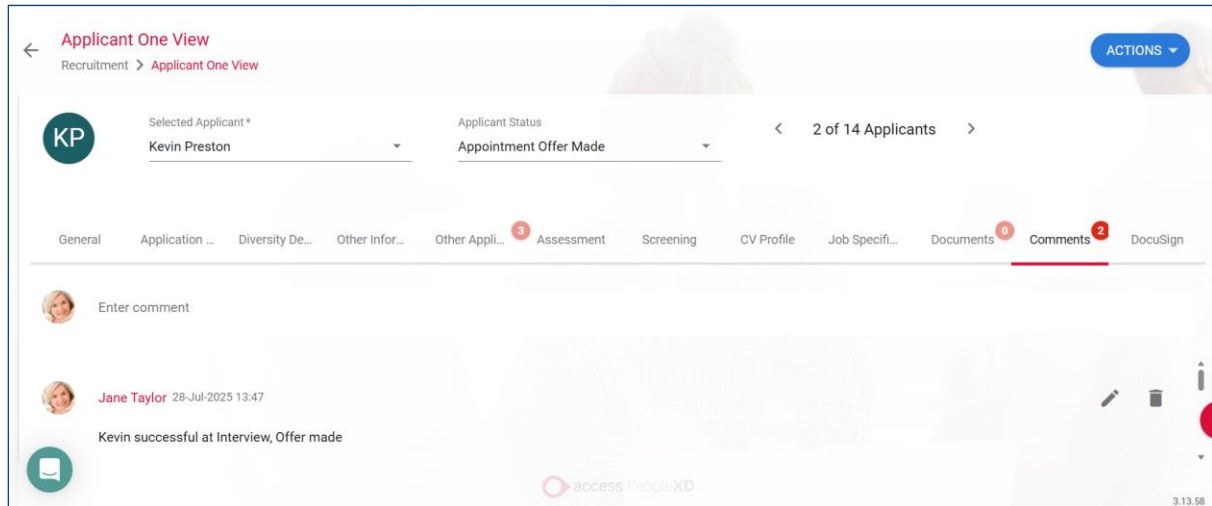

Within this screen the following Documents can be viewed or downloaded:

1. **Application Form Documents** - any documents that were uploaded by the applicant as part of the initial application for the Vacancy.
2. **Merged Process Documents** - any documents that an administrator has combined and merged as part of an interview pack or contract offer.
3. **Manually Uploaded Documents** on this screen.

The Download option is still available if you need to save a copy of the document.

3.1.13. Comments

The Comments tab provides a central location to view and add notes related to the applicant's recruitment journey. This tab displays all comments that have been added throughout the application process, including notes made when updating applicant status, interview feedback, and any other observations recorded by recruitment team members. Users can add new comments to track important information, decisions, or follow-up actions needed for the candidate, creating a comprehensive audit trail of interactions and assessments throughout the recruitment process.

3.1.14. DocuSign

The DocuSign tab enables you to send documents for electronic signature and track the progress of document signing throughout the recruitment process. This tab provides options to send documents directly to candidates via DocuSign integration, either by uploading a new document or using pre-configured templates such as contracts or offer letters. The Envelope History section displays real-time status updates of all DocuSign documents sent to the applicant, showing whether documents have been sent, delivered, completed, or declined. Once signed, completed documents are automatically saved back to the applicant's record, streamlining the digital signing process for recruitment-related paperwork.

For further guidance see our [DocuSign Integration](#) guide.

3.2. **Actions**

The following section outlines the actions you can take from the Actions button on the Applicant One View screen.

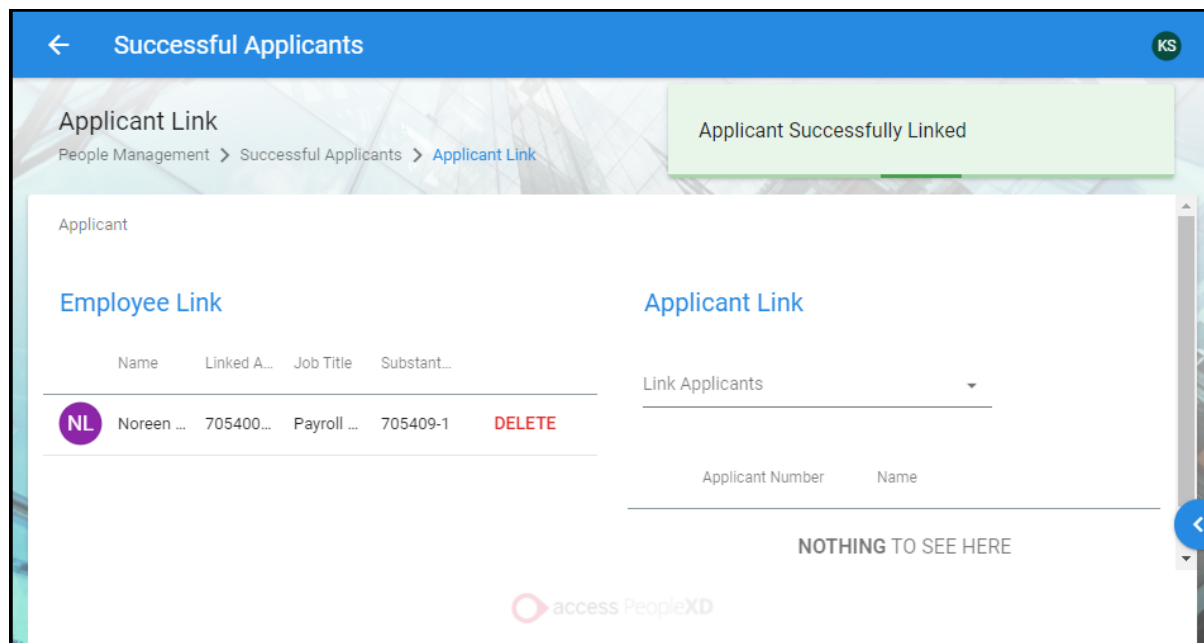

3.2.1. Link Applicant

This allows you to view and update any employee record that may already be set-up on the system, for this applicant's record. To link an employee or an applicant:

1. From Actions on the Applicant One View screen, click **Link Applicant**.
2. Click on the **Link Employee / Link Applicant** dropdown lists.

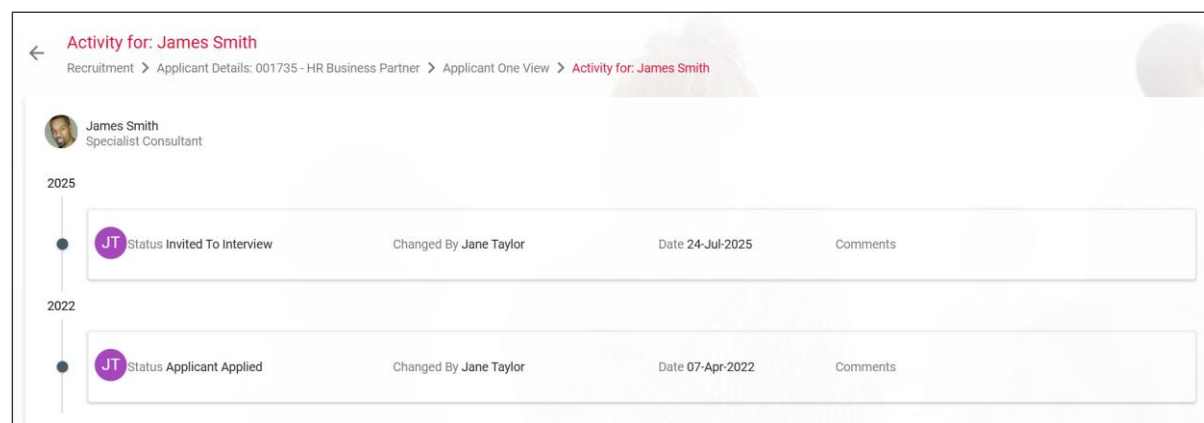

3. Find the record in question that may be linked or duplicated by this applicant.
4. The Employee Link & Applicant Link sections is populated by your choice

If there is now an employee linked to this applicant, the applicant is no longer flagged as a new starter.

3.2.2. Activity

The Activity screen displays a timeline of the applicant's activity through the HR vacancy process.

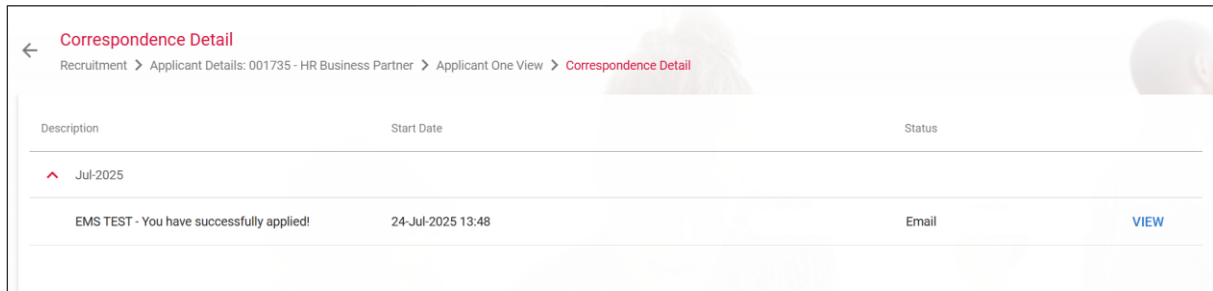

3.2.3. Correspondence Detail

At all stages throughout the recruitment process, it is possible to automatically generate correspondence to the applicant from the system. For example:

- An automatic notified to confirm the application has been received.

- An email to confirm that they have been shortlisted.
- An email to invite them to attend an interview.
- A hard copy of a printed offer letter.

This list displays specific email correspondence types with the applicant, per vacancy. If an applicant has applied for more than one vacancy, use the *Vacancy* drop-down list to select each vacancy and view the corresponding mails

Correspondence Detail		
Recruitment > Applicant Details: 001735 - HR Business Partner > Applicant One View > Correspondence Detail		
Description	Start Date	Status
Jul-2025		
EMS TEST - You have successfully applied!	24-Jul-2025 13:48	Email VIEW

Emails that have been sent from XD to the applicant via the following processes, are available on the *Correspondence* screen:

- EMS alerts
- Generate Emails button

The following applicant correspondence types are not captured / displayed on the *Applicant Details > Correspondence* screen.

- Any emails from an applicant, in response to an email that has been sent from XD Recruitment. Those emails are not captured on XD Recruitment. They are directly emailed to the mailbox of the 'From' email address.
- Applicant notifications via the Careers Website are not included in the correspondence section. These are the job alert notifications that the applicants can sign up for and job offer information.
- Any correspondence not sent to the applicant e.g. sent to the interview panel, references etc.
- Any other email / correspondence type not listed in above.

Applicant Status Emails

Email templates can be configured to automatically send an email to the applicant, when their *Applicant Status* has been updated to a specific value. For this to occur, an email template must be set up for the *Applicant Status* value.

To manage applicant status templates:

1. Navigate to the **My Recruitment Toolbox** widget on the *Recruitment Dashboard*.
2. **Open** Applicant Status.
3. For each *Applicant Status*, expand it's 3-dot menu and select **Email Template** to define the email template.
4. Use the **Email Notification** dropdown options to insert merge field, where required.
5. Once updated click **Save**.

The screenshot displays the 'Email Template - Invited To Interview' configuration interface. At the top, the breadcrumb navigation reads 'Recruitment > Applicant Status > Email Template - Invited To Interview'. Below this, there are two dropdown menus: 'Data Source' set to 'Applicant Schedule Detail' and 'Email Notification'. The 'Notification Subject*' field contains the text 'Invitation to Interview (<<RECRUITMENT_ID>>)'. The 'Notification Body*' field contains a template: 'Dear <<APPLICANT_NAME>>,' followed by 'Further to your recent application, we would like to invite you to interview for the position of POSITION.' Below this, there are two more fields: 'Time: <<SCHEDULE_TIME_24H>>' and 'Date: <<SCHEDULE_DATE1>>'. At the bottom right, there are 'CLEAR' and 'SAVE' buttons. The 'access PeopleXD' logo is visible at the bottom center.

Using the example template above. If the status of an applicant has been updated to *Invited to Interview*, an email pop-up would appear with the option to send an email to the applicant.

The screenshot shows the 'Email Template' configuration interface. At the top, there's a breadcrumb trail: 'Recruitment > Applicant Details: 002762 - Finance Director > Email Template'. A blue 'UPLOAD ATTACHMENT' button is in the top right. The form fields are as follows:

- To:** denisvacancy@abcsolution.ie
- Notification Subject*:** Invitation to Interview (Finance Director)
- Notification Body*:**

Dear Denis Cotter,

Further to your recent application, we would like to invite you to interview for the position of Finance Director.
- Time:** 12:00
- Date:** 02-APR-2021

At the bottom, there's a 'SEND' button and a 'access PeopleXD' logo.

When an email is sent to the applicant using this feature, it appears in the *Applicant Details > Correspondence* screen. This includes:

- Applicant name and applicant number
- Applicant email address
- Vacancy description and vacancy ID
- Applicant status
- Email subject
- Email body
- Attachments

EMS Triggered Emails

Emails can be set up to automatically send to an applicant, using the *Event Category* of **Recruitment Applicant Events**.

The screenshot shows the 'Hr Event Configuration' screen. The breadcrumb trail is 'People Management > View All > Hr Event Configuration'. Under 'CoreHR Events', there's a dropdown menu for 'Event Category' with 'Recruitment Applicant Events' selected. Below this is a table of events.

Event Type	Last Run Date	Active Ind.	DB Trigger	Ignore Event Days	
Applicant Date Input	01-Mar-2007 00:00	☐	☒	60	...
Applicant Interview Date	01-Mar-2007 00:00	☐	☒	60	...
Applicant Nationality	01-Mar-2007 00:00	☐	☒	60	...
Applicant No.	01-Mar-2007 00:00	☐	☒	60	...
Applicant Start Date	01-Mar-2007 00:00	☐	☒	60	...
Applicant Status	25-Jul-2025 14:48	☒	☒	60	...
Applicant Status Date	01-Mar-2007 00:00	☐	☒	60	...
Application Committed Status	01-Mar-2007 00:00	☐	☒	60	...

At the bottom, there's a 'access PeopleXD' logo and a timestamp '3.13.58'.

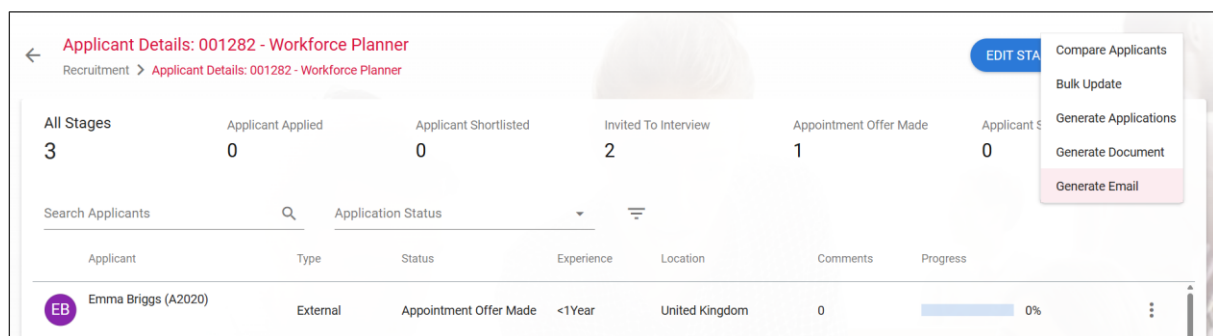

Any emails sent to the client using EMS alerts that have been configured for this *Event Category* only, appear in the *Applicant Detail > Correspondence* screen.

Generate Emails (to Applicant)

Emails can be configured to send to applicants using the **Generate Email** option. These emails are displayed on the *Correspondence* screen.

This option is available on the following screens by expanding **Actions** and selecting **Generate Email**:

- Vacancy > Applicant Detail
- Vacancy > Vacancy Details > Schedule > Assign Applicant
- Vacancy > Vacancy Overview
- Interview Panel > Vacancy > View Applicants

Note: Only emails that are sent to the applicant via this process appear on the *Correspondence* screen. If emails are sent to others e.g. references, interview panel members etc, these are not tracked and displayed on the *Correspondence* screen.

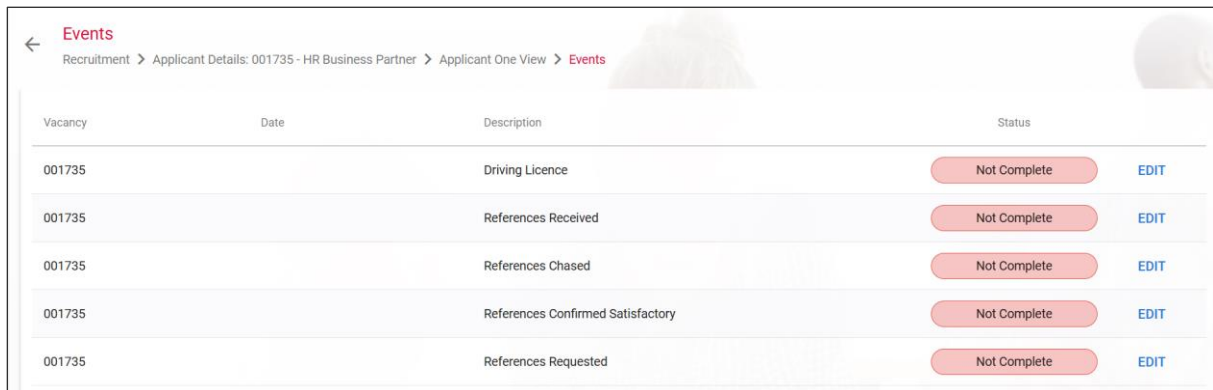

3.2.4. Events

Events are like a checklist that can be used to track tasks that are typically done during the recruitment process. These will display on the applicants record and are usually items that are not within the features of Recruitment, and occur outside the system, for example:

- Book a room.
- Notify reception of interviews.
- Check applicant's driver licence.

To view and edit an applicant's events:

1. From Actions on the Applicant One View screen, click **Events**.
2. Expand the 3-dot menu of the relevant Event and click **Edit**.
3. Turn on the *Complete* toggle and set a date.
4. Click the **OK**.

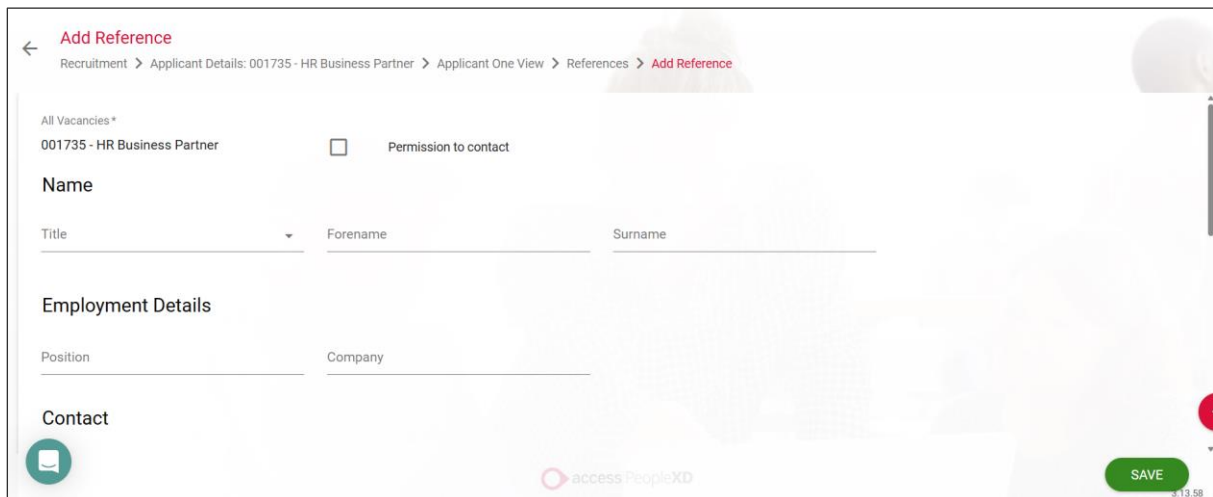

Vacancy	Date	Description	Status
001735		Driving Licence	Not Complete EDIT
001735		References Received	Not Complete EDIT
001735		References Chased	Not Complete EDIT
001735		References Confirmed Satisfactory	Not Complete EDIT
001735		References Requested	Not Complete EDIT

3.2.5. References

This will display all references received. To add a reference for an Applicant that has applied on the Reference screen:

1. From Actions on the Applicant One View screen, click **References**.
2. Click the **Add**.

Add Reference
