1. Overview

Broadbean is an advert distribution tool which enables adverts to be submitted to multiple job boards via a single posting form.

PeopleXD integrates with Broadbean to allow recruitment administrators to share adverts for vacancies, which then improves efficiency and reduces time wasted in your recruitment process.

1.1. Advantages of using Broadbean

- Multi-posting tool - Allows your vacancy advert to appear on thousands of job boards, aggregators, and social networks in a single click.
- Maximum exposure of roles - Your advertisements can be posted to your website and free social channels to increase reach.
- Measures performance - Within Broadbean, there's a fully traceable application process which enables you to measure your company, teams, and the individual performance of recruitment administrators.
- Savings – Direct your advertisements to those channels that deliver highest calibre candidates.
- Manage Applications - Candidate management system allows you to review, rank, and contact your applicants in one easy process.

Please Note: In order to use this interface, you must have a Broadbean account. If you do not have an account and would like to use this feature as part of PeopleXD, you can request a new account through Broadbean directly.

In order to access the Broadbean interface on PeopleXD, the recruitment administrator will firstly need to receive the following details from Broadbean:

- Username
- Password
- API Key
- Default Currency

Once this information is gathered, the user can configure Recruitment to post vacancies to multiple job boards via Broadbean.

2. How to Use

2.1 Accessing Broadbean

To access Broadbean from the Recruitment Dashboard, follow the below steps:

1. Quick Jump to the *Vacancies* widget on the **Recruitment Dashboard**.
2. Click **Actions** on the relevant vacancy.
3. Click **Edit Vacancy**.

Vacancy Details: 001644 - Budget Manager

Recruitment > Vacancy Details: 001644 - Budget Manager

- VACANCY DETAILS
- VACANCY PROFILE
- INTERVIEW PANEL
- EVENTS
- COSTS AND ADVERTISING
- SCHEDULES
- BROADBEAN**
 - Export To Broadbean
 - Export Summary
- POST TO AGENCY
- LINKED APPOINTMENTS

RESEND DELETE EXPORT

Under the *Broadbean* menu, there are two sub-menu items:

- The *Export to Broadbean* option is where the recruitment administrator enters key information relating to the role, which is then exported to your Broadbean advertisement.
- The *Export Summary* option is Broadbean's summary of your vacancy posting status. It includes details of where your role is advertised, the advertising timeframe, number of applications etc.

2.2 Posting a Vacancy to Broadbean

2.2.1 Vacancy details & Broadbean

Before sharing a vacancy with Broadbean, it is important to provide full details of the role during the Create Vacancy process. Broadbean uses the information inputted in PeopleXD to prepopulate your online advertisement. Information that needs to be entered includes:

- Vacancy ID (Automatically generated by PeopleXD)
- Job Description (i.e. the job title)
- Grade & Salary
- Org Unit & Location
- Contact Person
- Contact Email
- Contact Phone

2.2.2 Posting to Broadbean

To post a vacancy to Broadbean, from the *Edit Vacancy* screen, navigate to *Export to Broadbean*.

- The details found on this page have been pre-populated with the information entered by the recruitment administrator during the vacancy creation.
- The *Industry* and *Currency* dropdown lists are pre-populated automatically, based on your Broadbean account details.
- The only information not populated on the *Export to Broadbean* page is the *Skills* field. Here, you can enter desired skills as key words that will then appear on your job advertisement.

Note: This option is only available to the recruitment administrator, if they have configured their Broadbean Job Board to include skills. It is not a mandatory requirement.

Once these details have been entered, click **Export**. This will automatically direct you to the Broadbean homepage.

2.2.3 Broadbean Set Up

Complete the set up of your vacancy via Broadbean. This includes:

- Selecting the online job boards and social media channels to post the vacancy to.
- Completing the Advert Details
- Previewing your vacancy
- Configuring the posting time

2.3 Export Summary

The *Export Summary* screen displays details relating to the vacancy that was posted to Broadbean.

The following table outlines what is shown on screen:

Item	Description
Board	Full list of the job boards that have been selected to advertise your role.
Status	The delivery status of the role to these job boards.
Posted	The date the role was advertised.
Expires	The date that the advert is due to expire, or was deleted by the user.
Responses	The number of applications received.

 **Note:** The *Export Summary* table will continuously update as the recruitment administrator sends, resends and deletes a role from Broadbean, so that you can conveniently keep track of the vacancy's Broadbean status.

2.4 Extending your advertisement on Broadbean

To extend a vacancy's online advertising period:

1. From the Edit Vacancy screen, navigate to Export to Broadbean.
2. Click **Resend**.

 **Note:** The advertising period will extend to the same time duration that was originally set in your vacancy. i.e. if you choose 7 days, your advertisement will extend by a further 7 days.

2.4 Deleting a Posting

If your vacancy is filled, or you want to remove it from the Broadbean portal, follow the below steps to delete the posting:

1. From the Edit Vacancy screen, navigate to Export to Broadbean.
2. Click **Delete**.

3. How to Configure

3.1 Menu Options

The following menu options are required to use the Broadbean functionality in the PeopleXD Recruitment Dashboard. Broadbean functionality is an addition to the existing *Vacancies* widget:

System	Menu Option
CorePortal	Broadbean

3.2 Admin Setting Parameters

To successfully configure Broadbean, a number of parameters must be set for the organisation's specific Broadbean account.

These parameters will be set by Broadbean directly to the organisation, see the table for details:

Parameter Name	Parameter Code	Example Value
Username	cp_bb_username	Username1
Password	cp_bb_password	Password1
API Key	cp_bb_apikey	122030609
Default Currency	cp_broadbean_currency	EUR

To update these parameters:

1. Quick Jump to the *Site Manager* widget.
2. Click **Open** on the *Admin Settings* option.
3. Enter Broadbean into the search field.
4. For each parameter, click **Edit** and enter the correct value.
5. Click **OK**.
6. Repeat this process until all parameters have been successfully updated.
