1.0	27 th May 2020	Peter Travers	Published to Access LMS
1.1	24 th Nov 2022	Kat Murie	Updated sections 2 and 3.

1. Overview

1.1. Purpose of the Guide

The purpose of this document is to provide guidance on how to use objectives as an employee and a manager.

This guide includes how to navigate and use the dashboards available to Portal users for Talent.

Note: This guide does not include:

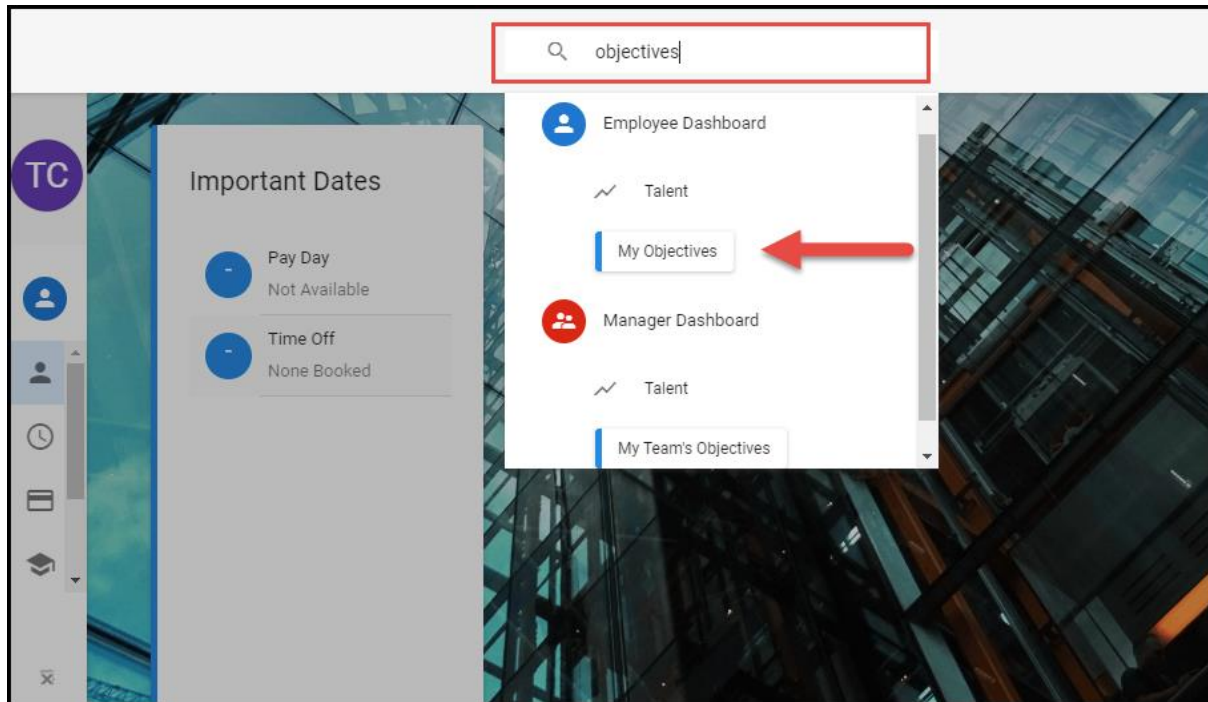

- Steps on how to use appraisals.
- Steps on how to use competencies.
- Configuration of objective cycles.

2. Employee Dashboard

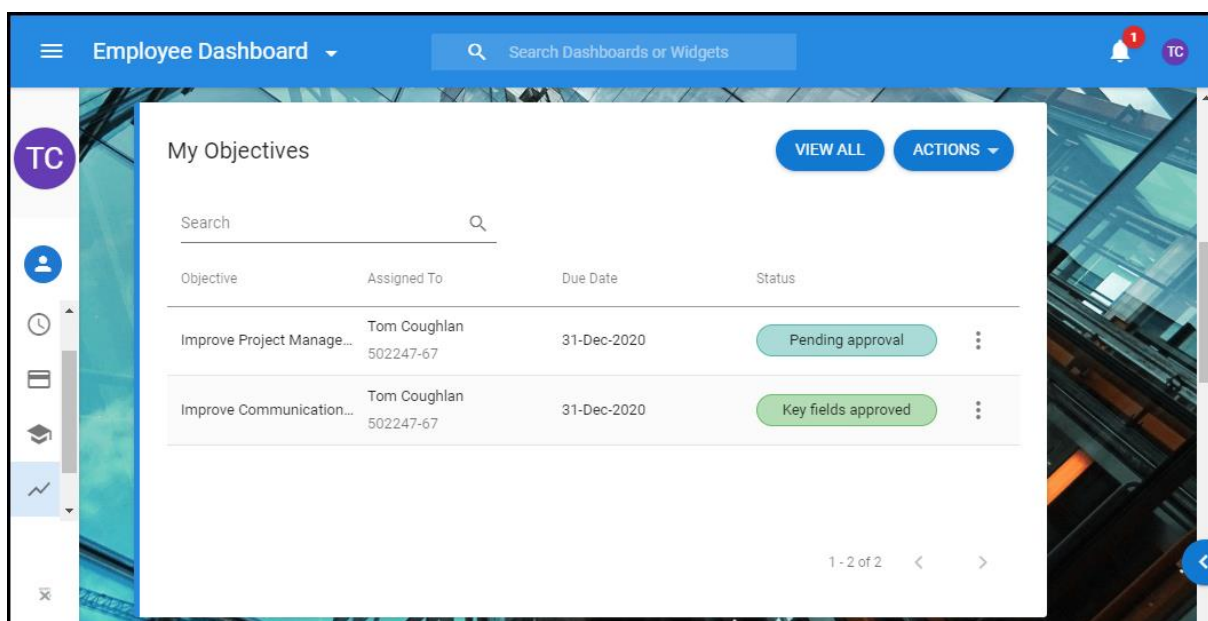

2.1. Employee Objectives Widget

To access the *Objectives Widget* on the Employee dashboard, follow the below steps

1. Quick Jump to the *My Objectives* widget on the *Employee Dashboard*.

2. This brings you to the *Talent* tab on the Employee dashboard, which includes the *My Objective* widget.

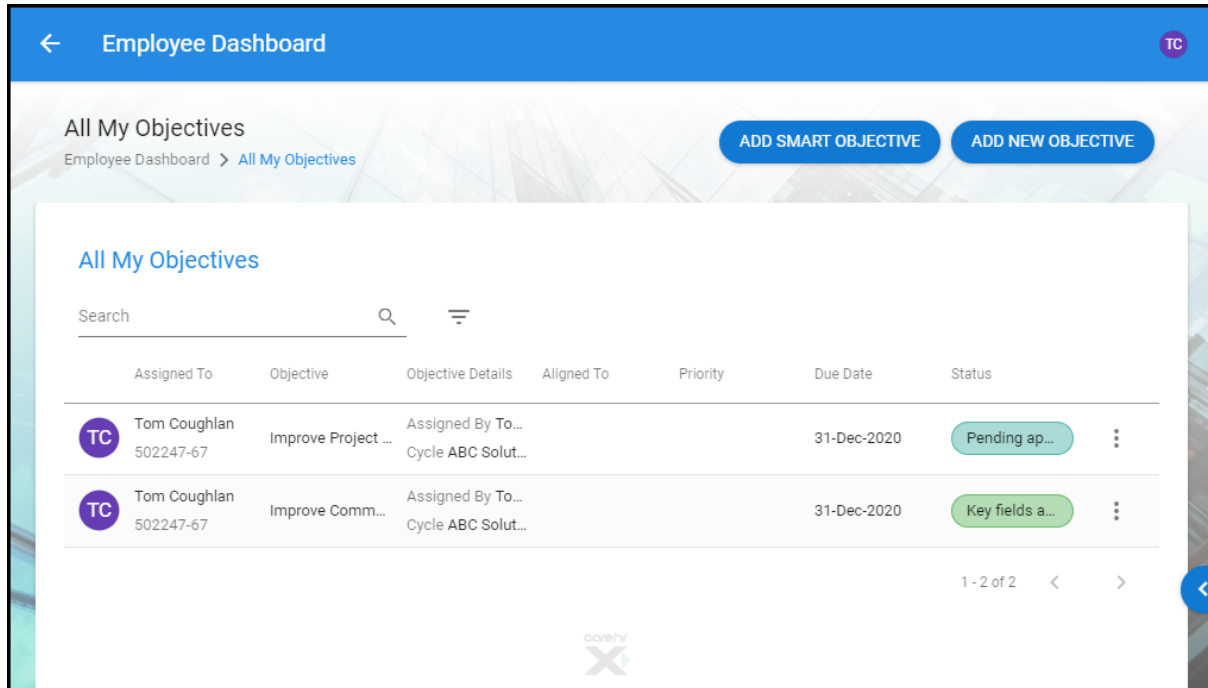

Each item available on the screen is outlined in the table below:

Item	Description
View All	This allows you to view all your objectives. Please see section All My Objectives for further information.
Actions	This allows you to create either: • An Objective • A SMART Objective
Search	This allows you to search based on the name of an objective.
Objective	This is the name / title of an objective.
Assigned to	This shows the name and appointment ID of the assigned employee.
Due Date	This is the date the objective needs to be completed by.
Status	This is the status of the objective.
Edit Objective	This allows you to edit the details and key fields of an objective before it has been completed.
Clone Objective	This allows you to create a copy of the objective.
Delete Objective	This allows you to delete the objective while it is in draft status.

2.1.1. All My Objectives

To view a list of all your objectives, click **View All** on the *My Objectives* widget.

The *All My Objectives* screen appears, and the following items are available to edit and view:

Item	Description
Search	This allows you to search by each objective's name.
Filter	This allows you to filter by: • My Current Objectives • All My Objectives • Draft • Completed • Incomplete and Due within 30 Days • My Manager's Current Objectives • My Teammate's Current Objectives • All Appointments • Specific Appointments
Assigned	This shows the name of the employee and the appointment ID that the objective is for.
Objective	This shows the name / title of the objective.

Item	Description
Objective Details	This shows the person in your organisation who assigned you the objective, and the objective cycle that the objective is part of.
Aligned to	This shows any other objectives that this objective is linked to.
Priority	This shows the priority status of the objective.
Due Date	This shows the date at which the objective must be completed by.
Status	This shows the objective status.
Edit Objective	This allows you to edit the key fields and other items of the objective before it has been completed.
Clone Objective	This allows you to create a copy of the objective.
Delete Objective	This allows you to delete the objective while it is in draft status.

2.1.2. Filter Objectives

- To filter an objective, click the  on the *All My Objectives* screen.

The following pop-up box appears:

Filter Objectives

My current objectives

☒

All my objectives

☐

Draft

☐

Completed

☐

Incomplete and due within 30 d...

☐

My manager's current objectives

☐

My teammates' current objecti...

☐

All Appointments

RESET

APPLY

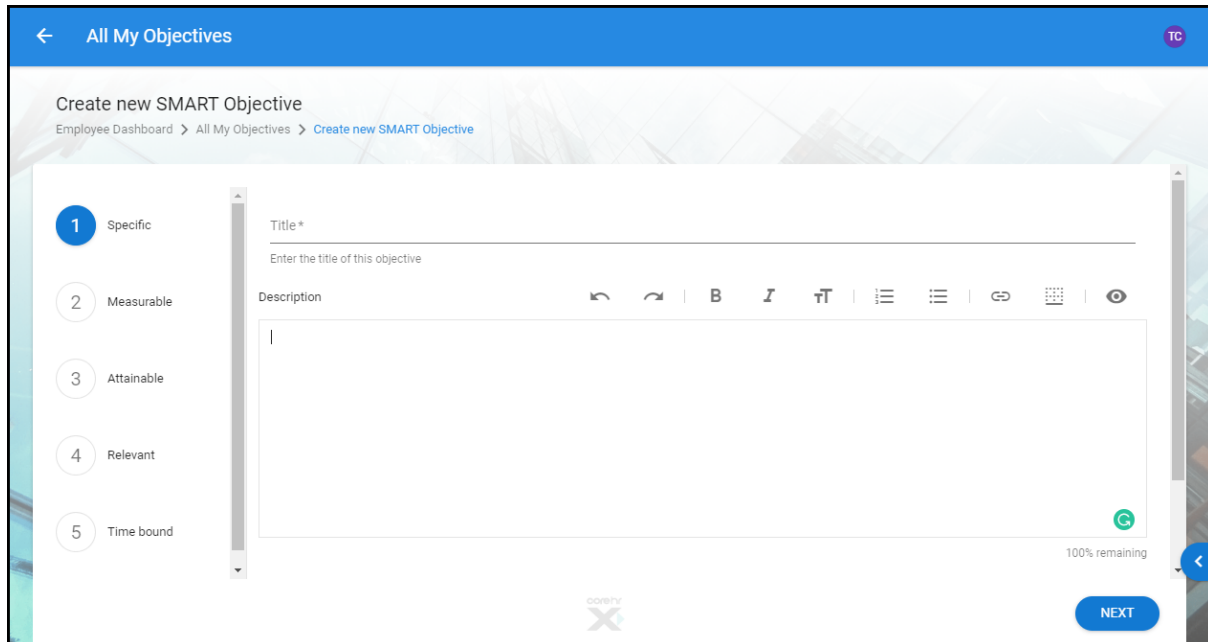

- Enable the relevant toggle to turn a filter on.
- Click **Apply**.
- To reset the filter, return to the *Filter Objectives* screen and click **Reset**, and then **Apply**.

2.2. Add SMART Objective

To add a SMART objective, follow the below steps:

1. On the *All My Objectives* screen, click **Add SMART Objective**.

The following wizard appears:

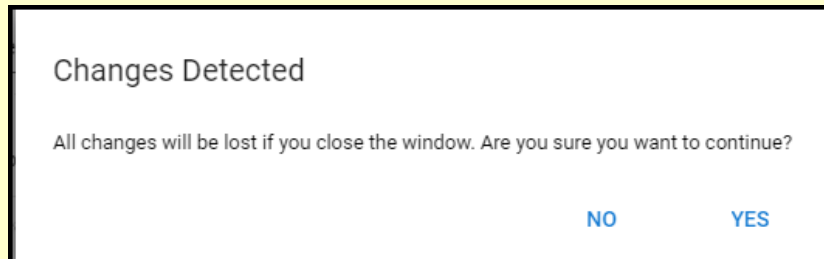

2. Fill in the following 5 steps:

Step	Item	Description
1	Specific	This allows you to create the title of your objective and link it to an objective cycle.
2	Measurable	This allows you to explain how this objective is going to be measured.
3	Attainable	This allows you to explain if the objective is reachable, and how it is going to be completed.
4	Relevant	This allows you to explain if this goal is relevant to your role.
5	Time Bound	This allows you to describe when the objective can be achieved within a certain time frame.

Note:

- Each step of the SMART Objective wizard needs to be completed before moving onto the next step.
- If you try to leave the wizard before completing all steps, the following warning appears:

- Each step allows you to format information using a full HTML text editor.

2.3. Add Objective

This option allows you to create an objective that does not follow the SMART objective methodology. It falls within an objective cycle but requires minimal information to create. To add an objective, follow the below steps:

1. On the *All My Objectives* screen, click **Actions**.
2. Select **Add New Objective**.

The *Create New Objective* screen appears:

The screenshot shows the "Create new Objective" screen within the "Employee Dashboard". The header bar is blue with a back arrow and the text "Employee Dashboard". A purple circle with "TC" is in the top right corner. Below the header, the title "Create new Objective" is displayed, followed by a breadcrumb "Employee Dashboard > Create new Objective". The form contains three columns of input fields:

Objective title *	Objective cycle *	Objective type *
Update Technical Review Process	ABC Solutions Objective Cycle 2022-2...	Transferrable Knowledge Goal FY22
Enter the title of this objective	What cycle should this be in	What type of objective is this
Appointment *	Start Date *	End Date *
Budget Analyst (502247-67)	01-Aug-2022	31-Dec-2023
What appointment should this be under	When will this objective start	When will this objective end

At the bottom right, there is a green "SAVE" button. A blue arrow points to the right on the right edge of the form.

The table below explains the fields that need to be completed before saving the objective:

Item	Description
Objective Title	This is the name of the new objective.
Objective Cycle	This is the cycle the new objective is to be aligned to.
Objective Type	This is the type of objective as part of the objective cycle.
Appointment	This is the appointment ID that the objective is linked to.
Start Date	This is the start date the objective can begin to be worked on.
End Date	This is the due date for the objective.

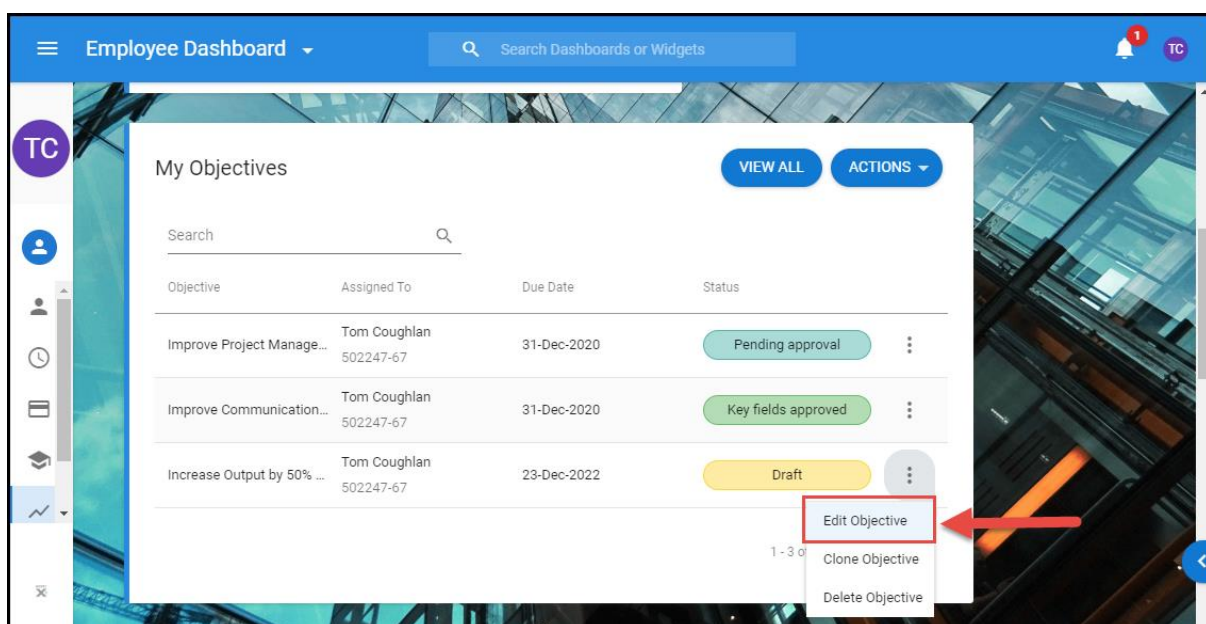

3. Click **Save**.

2.4. Edit Objective

Note: Based on your organisation's configuration, the fields within an objective may be shown differently on screen compared to the following steps and screenshots. Please refer to your own organisation's user guide for more specific information.

To edit an objective, follow the below steps:

1. Go to the *My Objective* widget on the *Employee Dashboard*.
2. Against the objective you are viewing or editing, click the  button.
3. Select **Edit Objective**.

The *Objective Details* screen opens on the *Key Fields* section:

The screenshot shows the 'Employee Dashboard' with a back arrow and a 'TC' icon. The main heading is 'Increase Output by 50% - Copy'. Below it is a breadcrumb: 'Employee Dashboard > Increase Output by 50% - Copy'. On the right is an 'ACTIONS' dropdown. The main content area has a sidebar on the left with 'Key Fields' selected, and 'Text Fields', 'Comments', and 'Milestones' below it. The main area contains: 'Objective type Personal' with a 'Draft' button; 'Objective FY22'; 'Objective title *' with the text 'Increase Output by 50%'; and a 'Description' field with an 'ACTIONS' dropdown. At the bottom are three buttons: 'CANCEL OBJECTIVE' (red), 'SAVE DRAFT' (blue), and 'SUBMIT FOR APPROVAL' (green). A 'coreity' logo is also visible.

Within this screen, the following items appear either before, during, or after completion of the objective.

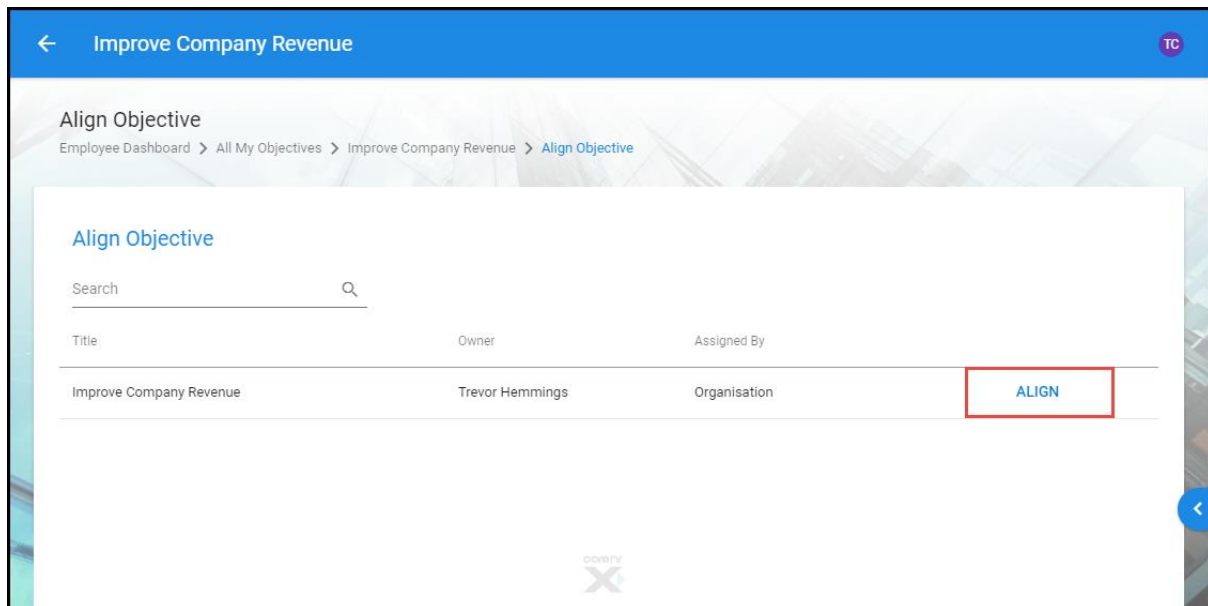

Item	Description
Actions	This allows you to carry out the following tasks on an objective: - Align - Link Training - View Activity Log
Key Fields	This includes the name, date ranges, and metric setup.
Text Fields	This includes the SMART details of the objective.
Metrics	This allows you to adjust and view the metrics needed to complete the objective.
Comments	This allows you and your manager to leave comments while the objective is in progress.
Milestones	This allows you to create milestones or checkpoints along the way to completing the objective.

2.4.1. Actions

Align

To align the objective to a separate company objective or another personal objective:

1. Click **Actions** within the objective screen.
2. Select **Align**. The *Align Objective* screen appears.
3. Search for the objective that best matches the new objective and click **Align**.

Note: To have an objective available to be aligned, the following needs to be setup:

- the employee's manager must make it available by creating a team objective and assigning it to their team in advance.
- The employee must have created an objective within the same objective cycle and objective type.

Link Training

To link the objective to a training course:

1. Click **Actions** within the objective screen.
2. Select the **Link Training** button.
3. Search for the correct course and click **Add to Objective**.

View Activity Log

The activity log for an objective shows all updates and changes to the objective made by employees and managers. The following table outlines what is shown on screen:

Item	Description
Action by	This shows the person who has carried out the action on the objective.
Action	This shows the type of action that has been carried out on the objective.
Activity	This shows the details of the change or update to the objective.
Update at	This shows the time and date that the update was carried out.

The below image shows an example of an activity log for an objective that has been updated by both a manager and an employee:

Action By	Action	Activity	Update at
Trevor Hemmings	updated the Status from	Pending approval to Key fields approved	28-Apr-2020 10:52
Trevor Hemmings	commented	OK PT	28-Apr-2020 10:52
Tom Coughlan	created a new Milestone named	1st Monthly Account Balanced	14-Apr-2020 11:58
Tom Coughlan	updated the Status from	Draft to Pending approval	14-Apr-2020 11:54
Tom Coughlan	updated the Description from	Improve Project Management Skills to Improve Project Management Skills Use this Objective to formally take the steps to improve the management across all projects in ABC Solutions: - Communication - Deadlines - Processes	14-Apr-2020 11:52

2.4.2. Key Fields

The following screenshot and table below show the items available on this screen to update:

The screenshot displays the 'Employee Dashboard' interface for editing an objective. The title is 'Reduce Development Time by 30%'. The breadcrumb trail shows 'Employee Dashboard > Reduce Development Time by 30%'. The form is in 'Draft' status. The 'Objective type' is 'Personal' and 'Objective FY22' is set. The 'Objective title' is 'Reduce Development Time by 30%'. The 'Description' field contains the text: 'This objective is created to reduce Development time by 30% within our Department'. The left sidebar lists 'Key Fields', 'Text Fields', 'Comments', and 'Milestones'. The bottom of the form has three buttons: 'CANCEL OBJECTIVE' (red), 'SAVE DRAFT' (blue), and 'SUBMIT FOR APPROVAL' (green).

Item	Description
Objective Title	This is the name of the objective.
Description	This allows you to give details about the objective.
Start Date	This is when work on the objective is to begin.
End Date	This is when the objective is due to be completed by.
Priority	This is the importance of the objective.
Visibility	This controls who can view the objective: 1. Confidential (Default - This only allows the employee to view the objective) 2. Private (This allows an employee's line manager to view the objective) 3. Public (This allows an employee's team to view the objective)
Balance Scorecard	This allows you to update the Balance Scorecard status.
Metric Title & Metric Name	This is the name of the metric to track progress of this objective.
Target Value	This allows you to enter in a value to work towards when completing this objective.

2.4.3. Text Fields

The following screenshot and table below show the items available on this screen to update:

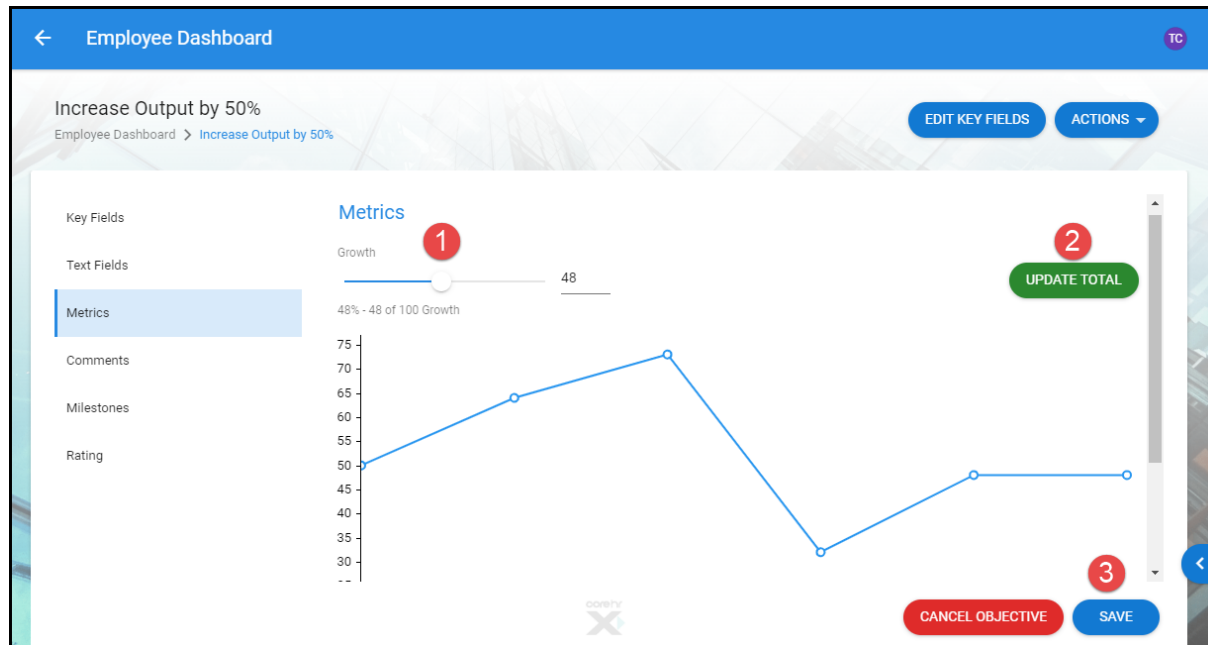

The screenshot displays the 'Employee Dashboard' for the objective 'Reduce Development Time by 30%'. The interface is divided into several sections:

- Header:** 'Employee Dashboard' with a back arrow and a 'TC' icon.
- Objective Title:** 'Reduce Development Time by 30%' with a breadcrumb 'Employee Dashboard > Reduce Development Time by 30%' and an 'ACTIONS' dropdown.
- Key Fields:** A sidebar with 'Text Fields' (selected), 'Comments', and 'Milestones'.
- Objective attainability:** A section with the question '-Is it reachable / do-able?' and an 'ACTIONS' dropdown.
- Objective relevancy:** A section with a progress bar showing '98% remaining' and an 'ACTIONS' dropdown.
- Footer:** Three buttons: 'CANCEL OBJECTIVE' (red), 'SAVE DRAFT' (blue), and 'SUBMIT FOR APPROVAL' (green).

Item	Description
Add Details	This allows you to enter in an updated description and reasoning behind this objective.
Objective Attainability	This is the information entered during the creation of the objective and can be updated here before submission to your manager.
Objective Relevancy	This is the information entered during the creation of the objective and can be updated here before submission to your manager.
Objective Measurability	This is the information entered during the creation of the objective and can be updated here before submission to your manager.

2.4.4. Metrics

Metrics can be updated throughout the lifetime of an objective to see the progress on a visual line graph. To carry out changes to this a metric, follow the below steps:

1. Update the *metrics slider* to reflect the level of change on this objective.
2. Click **Update Total** once ready to update the graph.
3. Click **Save**.

2.4.5. Comments

This allows you to add in comments at any stage during the objective timeline between yourself and your manager. To view or add a comment click on the **Comments** section.

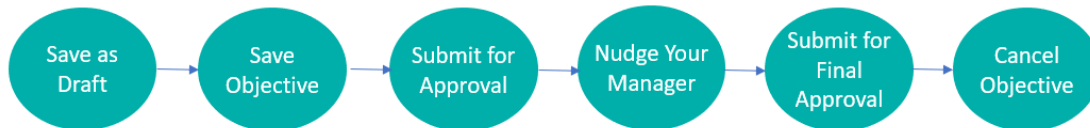

2.4.6. Milestones

This allows you to create milestones or checkpoints throughout your objective to work towards. To create a new milestone:

1. Click **Add** from the *Milestone* section.
2. Create a *Title*, a *Due Date*, a *Completed Date* and the *Milestone* status and click **OK**.

2.4.7. Workflow Process & Completion Status

Note: Based on your organisations configuration and data, the workflow process and method of completing an objective may differ from the below examples.

The following table outlines the actions available to the employee during the approval process of an objective:

Action	Description
Save as Draft	This allows you to save the objective and return at a later stage to work on before submitting it for approval.
Save Objective	This allows you to save the objective at any time during the objective timelines.
Submit for Approval	This allows you to send the objective to your manager to approve.
Nudge your Manager	This allows you to send a reminder notification to your manager to approve the objective.
Submit for Final Approval	This allows you to submit to your manager once all information and data has been provided during the objective period.
Cancel Objective	This allows you to cancel the objective and stop its progress.

2.5. Clone Objective

To clone an objective, follow the below steps:

1. Go to the *My Objective* widget on the *Employee Dashboard*.
2. Against the objective you are viewing or editing, click the  button.
3. Select **Clone Objective**. This opens the *Clone Objective* screen.
4. Select an objective cycle and an objective type from the drop-down lists.
5. Click **OK**.

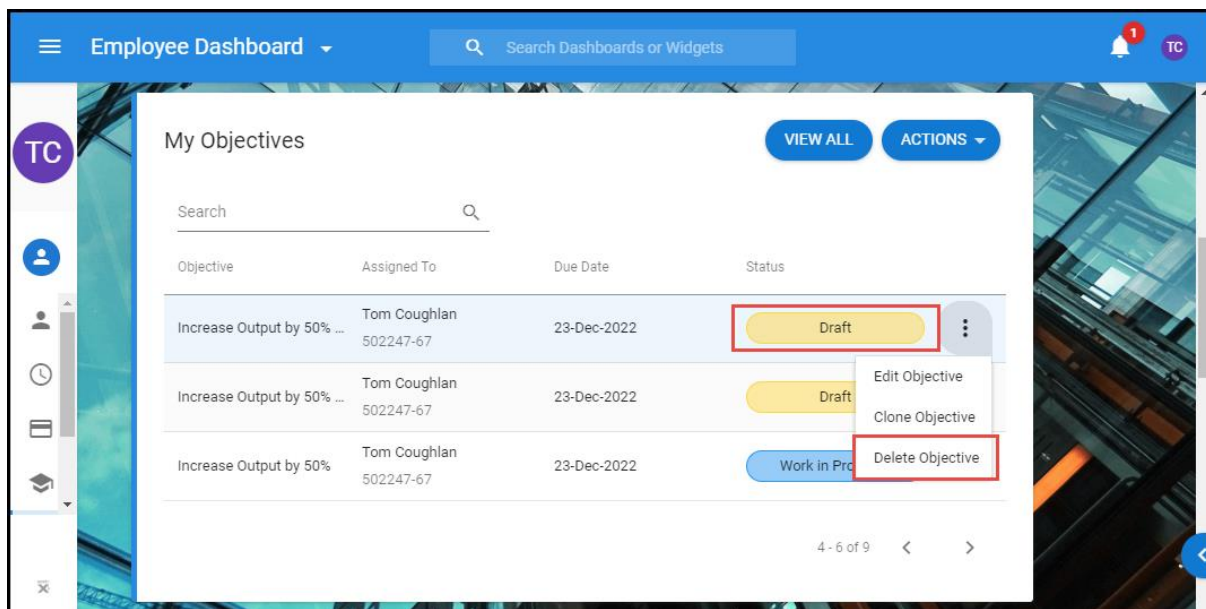

This creates the draft objective with the same title including the word 'Copy'. It is now available to edit. The following table outlines the data that has been copied:

Item	Cloned?
Objective Title	Yes
Description	No
Start Date	Yes
End Date	Yes
Text Fields	No
Comments	No
Activity Log	No
Metrics	No
Milestones	No

2.6. Delete Objective

Only draft objectives can be deleted. To do this:

1. Go to the *My Objective* widget on the *Employee Dashboard*.
2. Click the  button on the relevant objective.
3. Select **Delete Objective**.

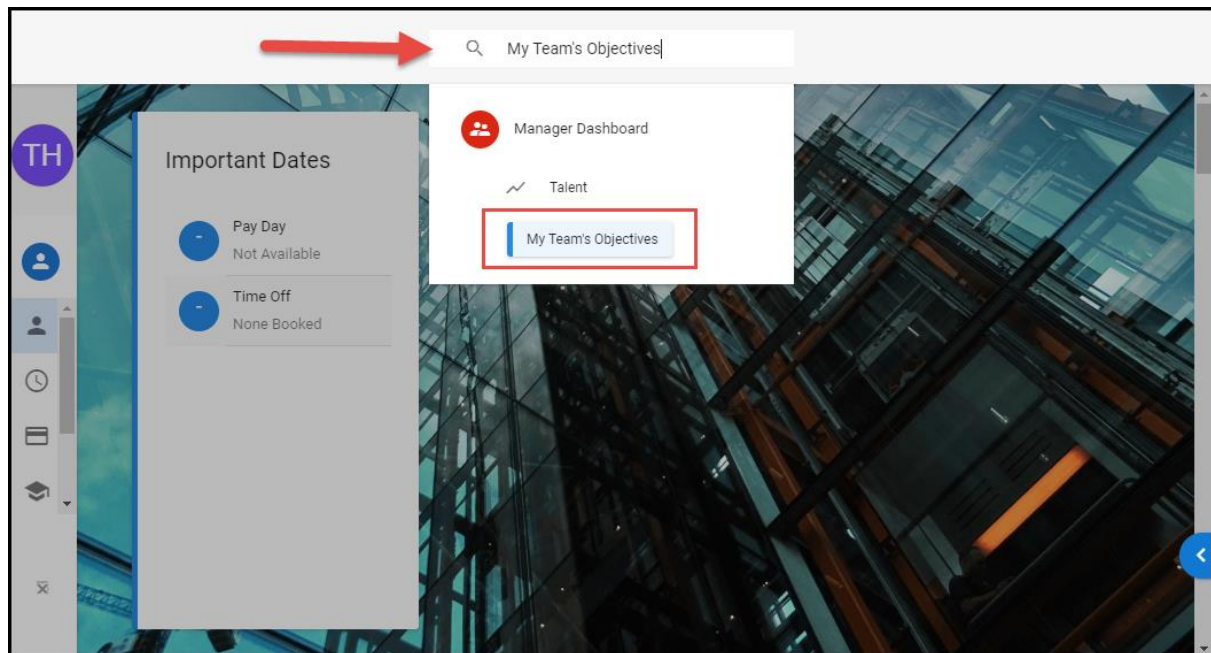

4. Confirm your changes.

3. Manager Dashboard

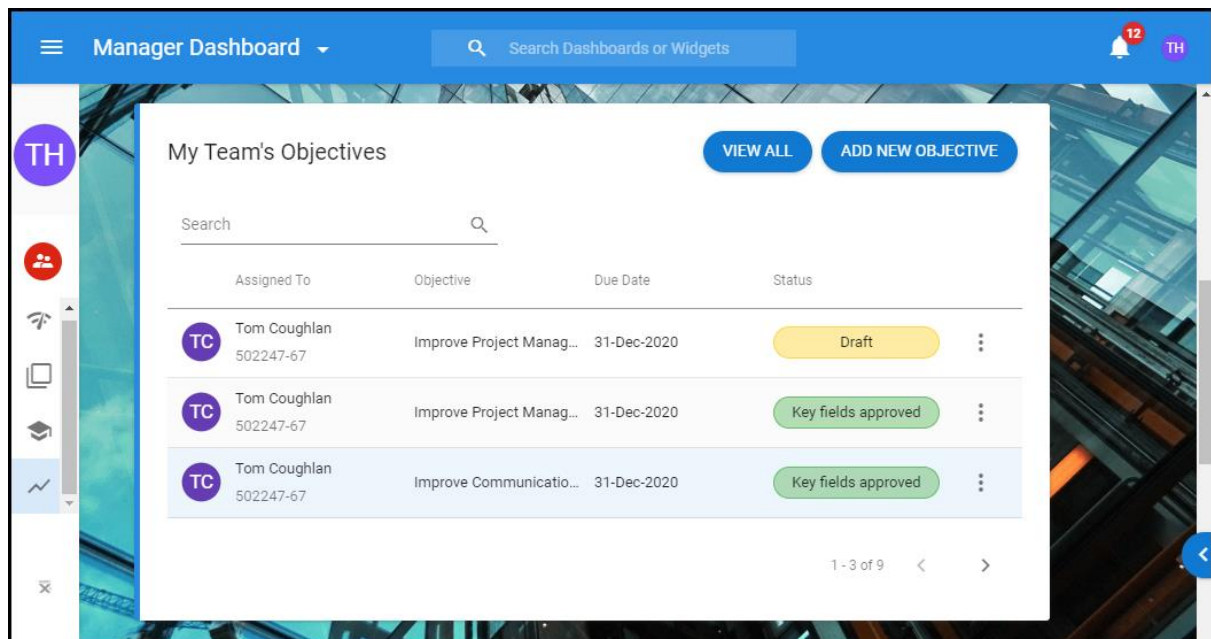

3.1. Manager Objective Widget

To view Objectives on the Manager Dashboard:

1. Quick Jump to My Team's Objectives

2. The *My Team's Objective* widget opens.

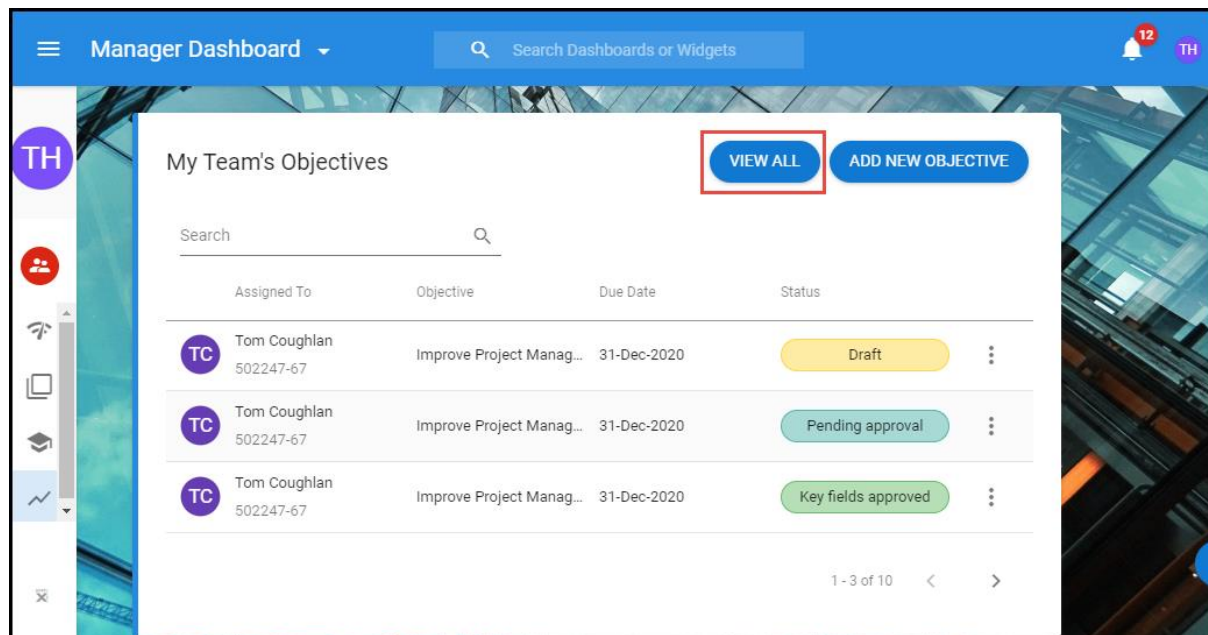

The manager has a dedicated area where they can access their team's details to view and carry out approvals of objectives. Within this screen, there are a number of items available which are outlined in the table below:

Item	Description
View All	This allows you to view all objectives from your team. Please see section View All Team Objectives for further information.
Add New Objective	This allows you to create an objective.
Search	This allows you to search by objective name.
Objective	This is the name / title of an objective.
Assigned to	This shows the name and appointment ID of the employee the objective is for.
Due Date	This is the date the objective needs to be completed by.
Status	This is the status of the objective.
View Objective	This allows you to view and edit the details and approve key fields of an objective.

3.1.1. View All Team Objectives

To view a list of all your team's objectives, click **View All** on the *My Team's Objectives* widget.

The *My Team's Objectives* screen appears, and the following items are available to edit and view:

Item	Description
Search	This allow you to search by each objective's name.
Filter	This allows you to filter objectives: • By Employee • By Status • Include Historical Data
Assigned to	This shows the employee name and appointment ID that the objective is for.
Objective	This shows the name / title of the objective.
Objective Details	This shows the person in your organisation who assigned the objective and the objective cycle that it is part of.
Aligned to	This shows any other objectives that this objective is linked to.
Priority	This shows the priority status of the objective.
Due Date	This shows the date that the objective must be completed by.
Status	This shows the objective status.
View Objective	This allows you to view and edit the details, and approve key fields of an objective.

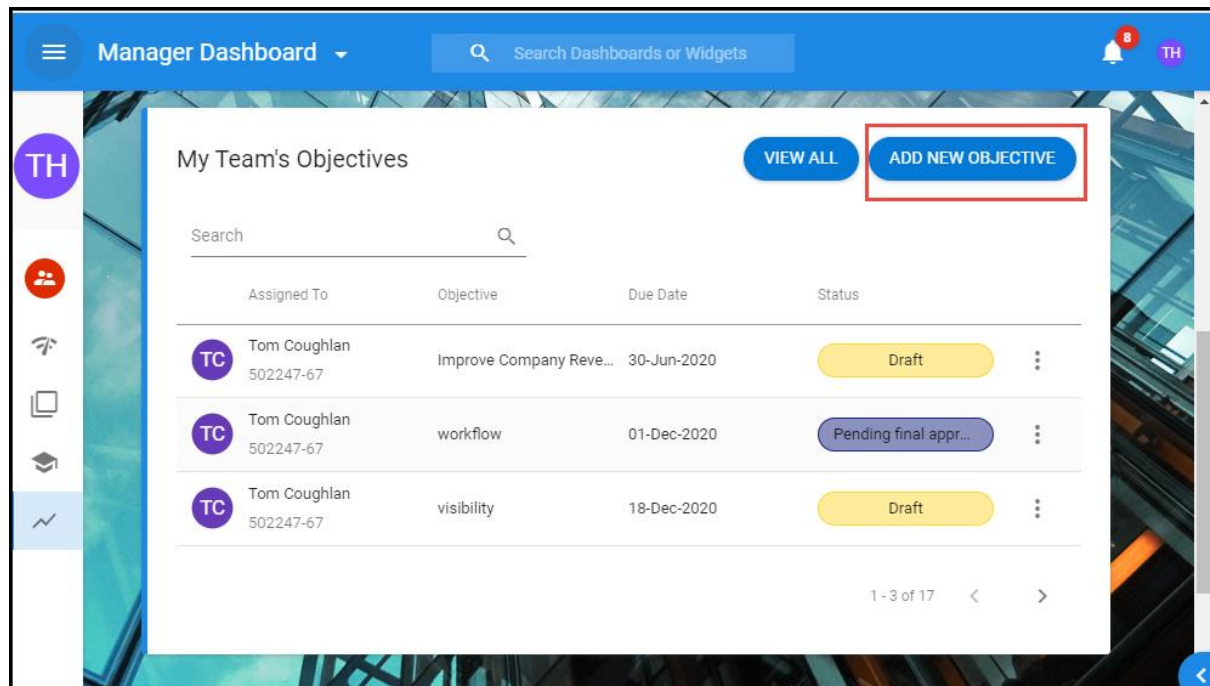

3.1.2. Filter Objectives

1. To filter an objective, click the  on the *My Team's Objectives* screen.
2. Select an option to filter the list of objectives on.
3. Click **Apply**.
4. To reset the filter, return to the filter screen and click **Reset**, then **Apply**.

3.2. Add New Objective

To add a new objective, follow the below steps:

1. On the *My Teams Objective* widget click **Add New Objective**.

- Fill in each field. The table below explains the fields that need to be completed before saving the objective:

Item	Description
Objective Title	This is the name of the new objective.
Objective Cycle	This is the cycle the new objective is to be aligned to.
Objective Type	This is the type of objective.
Appointment	This is the employee's appointment ID that the objective is linked to.
Start Date	This is the start date the objective can begin to be worked on.
End Date	This is the date by which the objective is to be completed by.
Available	This is an optional setting for the manager to assign this objective to all or some of their sub-ordinates.
Assigned	This shows the employees that are currently working on this objective after being assigned it by their manager.

- To add or remove an objective for an employee, click the   buttons to toggle between the available and the assigned list.
- Click **Save**.

3.3. View Objective

 **Note:** Many of the sections and options available for a manager on the My Team's Objectives feature are the same as the employee objectives. Please refer to the section linked for further information.

3.3.1. Actions

Please refer to [section 2.4.1 Actions](#) for further information.

3.3.2. Key Fields

Please refer to [section 2.4.2 Key Fields](#) for further information.

3.3.3. Text Fields

Please refer to [section 2.4.3 Text Fields](#) for further information.

3.3.4. Metrics

Please refer to [section 2.4.4 Metrics](#) for further information.

3.3.5. Comments

Please refer to [section 2.4.5 Comments](#) for further information.

3.3.6. Milestones

Please refer to [section 2.4.6 Milestones](#) for further information.

3.3.7. Workflow Process & Completion Status

 **Note:** Based on your organisations configuration and data, the workflow process and method of completing an objective may differ from the below examples.

The following table outlines the actions available to the manager during the approval process of an objective:

Action	Description
Approve Key Fields	This allows the manager to approve the details of the objective so the employee can continue to work on them.
Reject and Send Back	This allows the manager to reject key fields and send back to the employee to edit and re-submit for approval.
Mark as Complete	This completes the objective and closes it off to further updates.
Send Back to Employee	This allows the manager to send back the objective to the employee to continue working on its development.

4. Reporting

4.1. Insight

The following Insight Business Area is available for you to create, view and run reports based on the data collected from the talent dashboard widgets:

- CoreTalent

4.1.1. Insight Views

The following table outlines the folders (views) available within the Talent Business Area that can be used to report on objectives.

Folder Name	Description
Objective Actions	This allows you to run a report on the milestones that employees have entered on their objectives.
Objective Activity	This allows you to report on any changes or updates to the objectives that an employee has made. It acts as an audit trail of all objective data.
Objective Comments	This allows you to report on any comments that have been left on an objective by an employee or a manager.
Objective Master	This allows you to report on all information on an objective.
Objective Metrics	This allows you to report on metrics that have been created on an objective.
Org Set Objectives	This allows you to report on objectives that have been assigned out to the company by org role or criteria group.

5. Notifications

The *Notification Centre* allows the system to flag new notification and action requests. This notifies employees and managers of actions and reminders for objectives.
