1. Overview

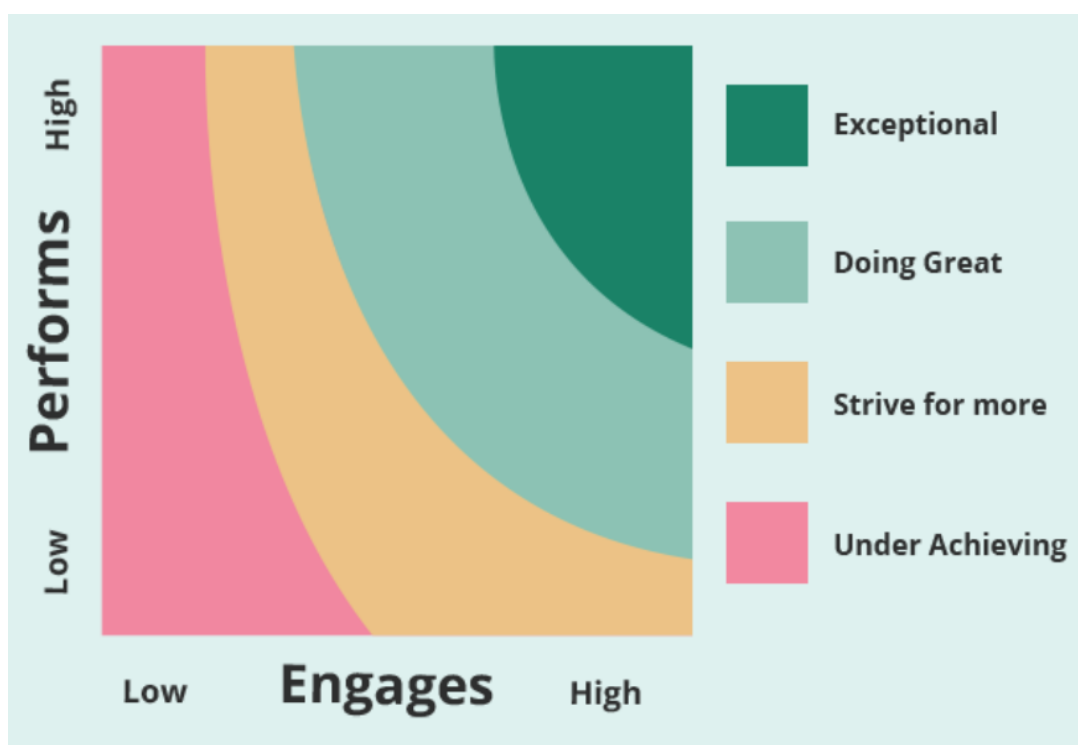

1.1. Purpose of the Guide

The purpose of this document is to provide guidance on the XD Talent feature “Path to Great”. It explains how to setup the feature to be rolled out to managers and employees as a dashboard widget. It also outlines how a manager can update the Path to Great graph for each employee.

1.2. What is Path to Great?

This process promotes a high achieving, positive work place culture and is an indication of what the optimum workplace environment is at any given moment in time. A Path to Great graph focusses on performance and how an employee behaves and engages while performing well.

The following image depicts what the XD Path to Great graph consists of.

2. How to Configure

2.1. Dashboard Access

2.1.1. Menu Options

The following menu options are required to be enabled for an employee and a manager to view the Path to Great widget on their respective dashboards.

System	Menu Option	Description
CorePortal	Path to Great Emp Widget	This provides access to the Path to Great widget on the Employee Dashboard
CorePortal	Path to Great MGR Widget	This provides access to the Path to Great widget on the Manager Dashboard

2.1.2. Web Services

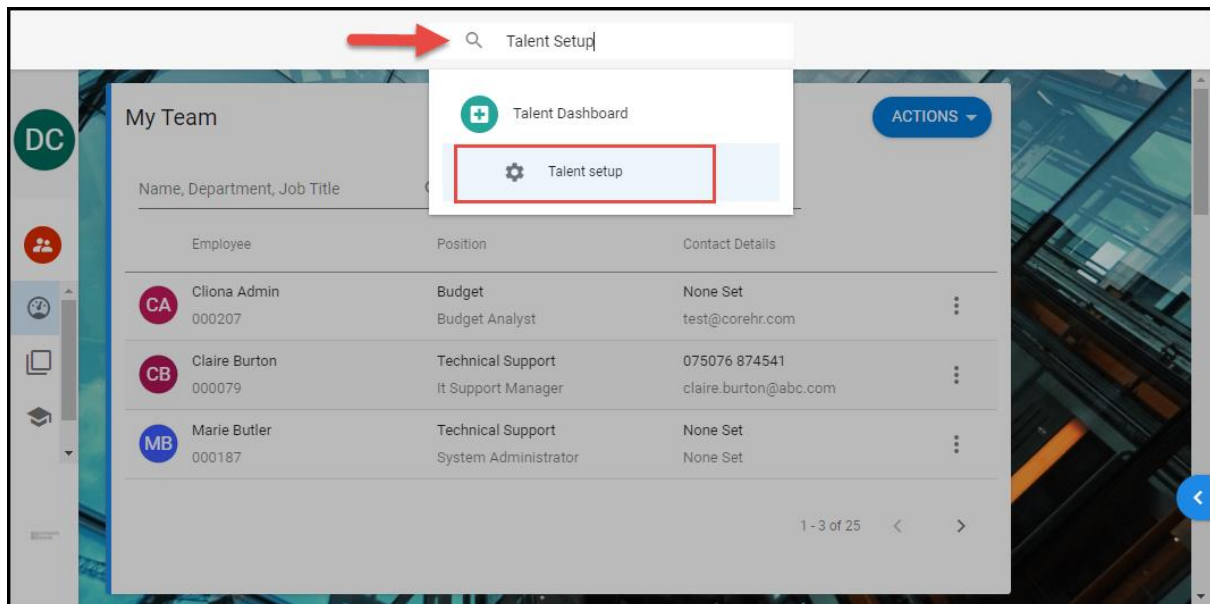

The following web services are required to be enabled for users to be able to retrieve data on the Path to Great widgets.

System	Web Service	Description
Talent	Create pathtogreat	This allows the path to great to be created for an employee
Talent	Get pathtogreat	This allows the data to be shown on the path to great widget
Talent	Get pathtogreat employeesummary	This returns the path to great data on the path to great employee widget for an employee
Talent	Get pathtogreat managersummary	This returns the path to great data on the path to great manager widget for a manager's team.
Talent	Get pathtogreat reference	This returns reference data on the chart and on the path to great settings. This is the x axis, y axis and the labels for each colour.
Talent	Update pathtogreat	This allows a user to publish & update an existing saved path to great score.
Talent	Update pathtogreat reference	This allows a user to update the reference data on the talent admin dashboard.

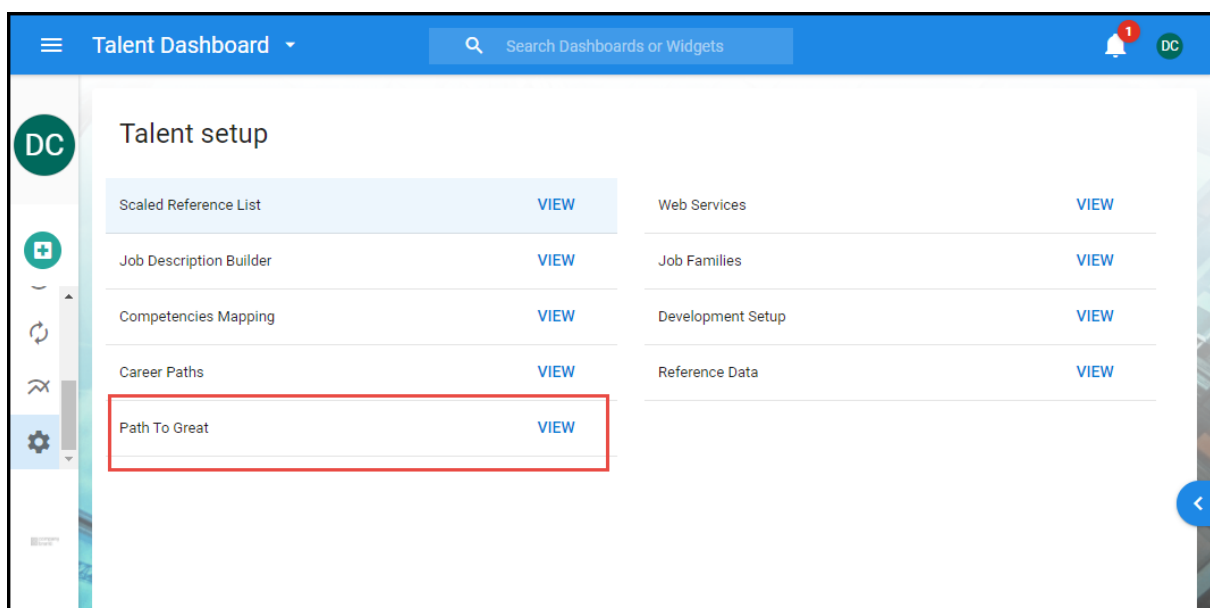

2.2. Talent Setup

To create the correct X and Y axis to be shown on the Path to Great widgets for an employee and a manager, follow the below steps.

1. Quick Jump to Talent Setup on the Talent Dashboard

2. Click on the View button that corresponds with the Path to Great label.

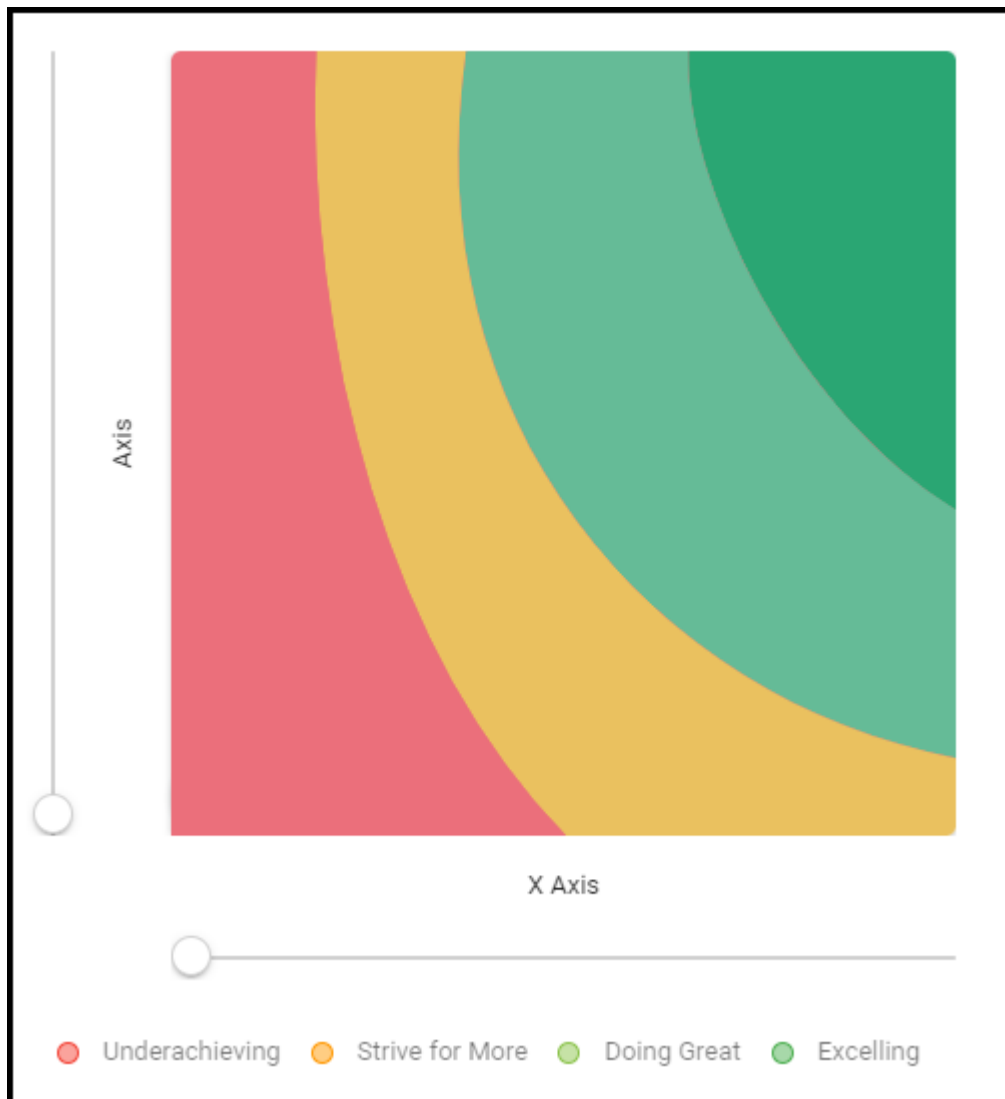

3. The Path to Great Setup screen opens.

The screenshot shows the 'Path To Great' setup screen within the 'Talent Dashboard'. The header bar is blue with a back arrow and the text 'Talent Dashboard'. A user icon 'DC' is in the top right. Below the header, the title 'Path To Great' is followed by a breadcrumb 'Talent Dashboard > Path To Great'. The main content area is divided into two sections: 'Setup' and 'Level Labels'. The 'Setup' section has two input fields: 'X Axis Label' with the placeholder 'X Axis' and 'Y Axis Label' with the placeholder 'Axis'. The 'Level Labels' section has four input fields: 'LEVEL 1 LABEL' with 'Underachieving', 'LEVEL 2 LABEL' with 'Strive for More', 'LEVEL 3 LABEL' with 'Doing Great', and 'LEVEL 4 LABEL' with 'Excelling'. At the bottom right, there is a green 'SAVE' button. The 'access PeopleXD' logo is at the bottom center.

4. Update the labels of the X Axis and Y Axis to match your organisations data
5. Update the Level 1 - Level 4 labels to match your organisations data.
6. Click the Save button.
7. A pop-up message appears to confirm the changes have been saved successfully.

This screenshot is identical to the previous one, but with a green success message box overlaid on the right side. The message box contains the text 'Your changes were successfully saved.' and is highlighted with a red border and a red arrow pointing to it from the left. The 'SAVE' button at the bottom right is still visible.

3. Manager Process

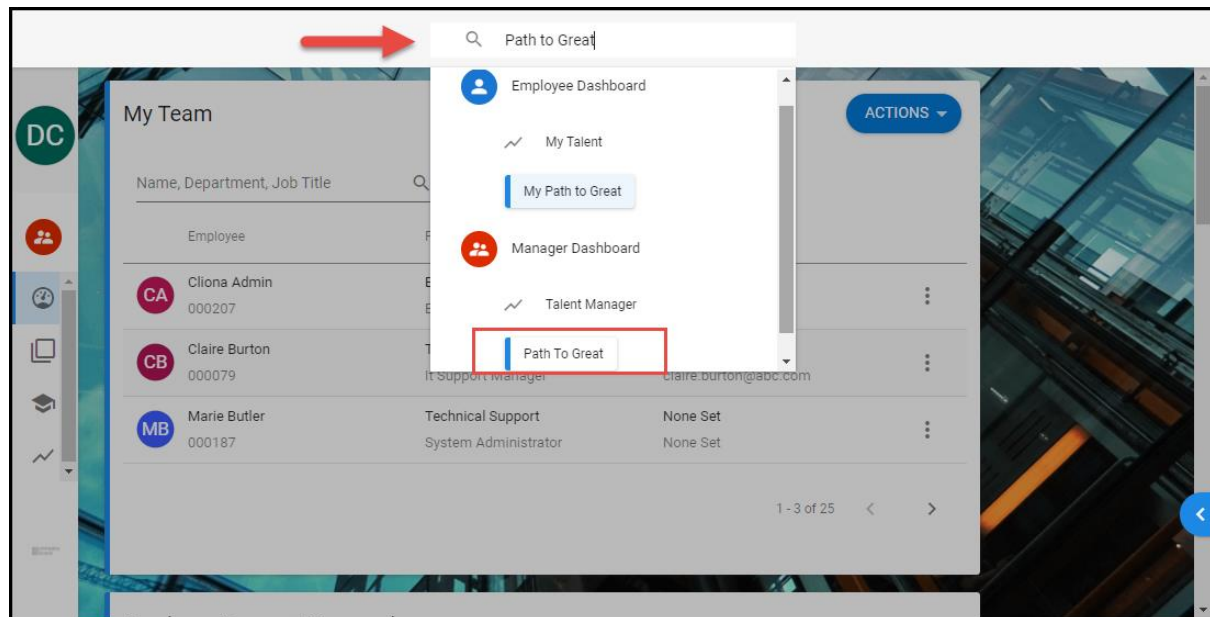

3.1. Overview

The Path to Great widget is accessible on the Manager Dashboard for a Line Manager which includes a list of all the managers' direct reportees to action on. The widget includes the following items:

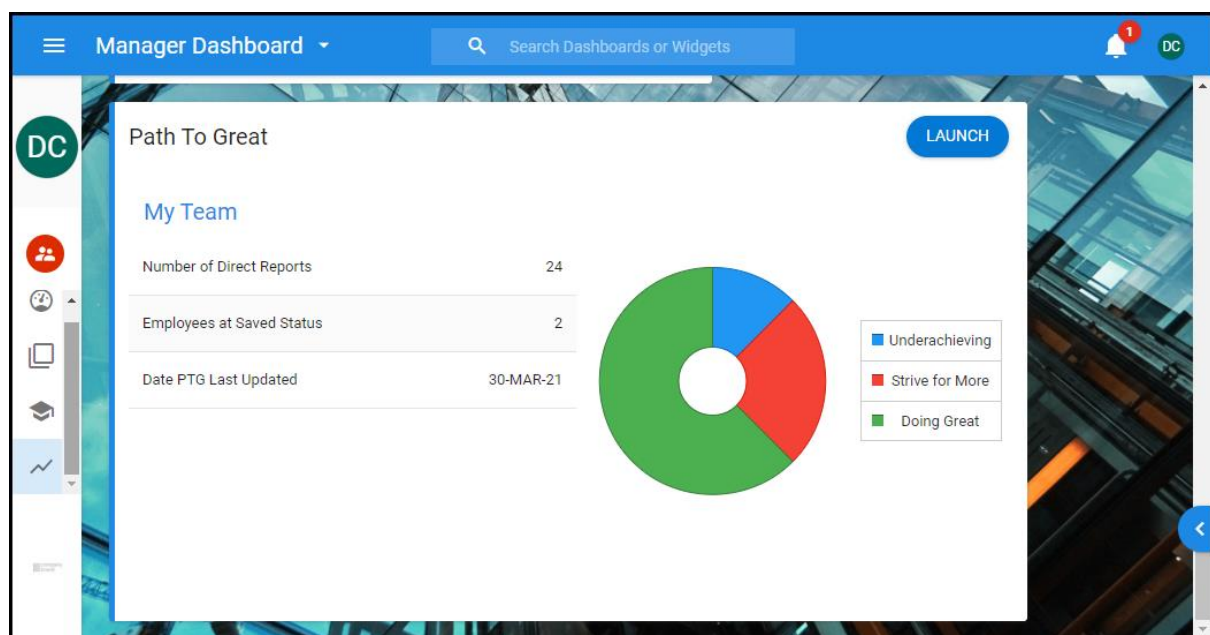

Item	Description
Launch	This button allows you to enter into the Path to Great screen to amend employee's positions.
Number of Direct Reports	This shows the number of employees reporting to the manager
Employees at Saved Status	This shows the number of employees that have yet to have a published PTG position but have a saved position.
Date PTG Last Updated	This shows the date the PTG was last updated
Pie Chart	This is a visual breakdown of the employees that are on the 4 positions on the PTG chart, in percentage format.

To access the Path to Great widget on the manager dashboard, follow the below steps.

1. Quick Jump to the Path to Great widget.
2. Ensure you select the option from the Manager Dashboard.

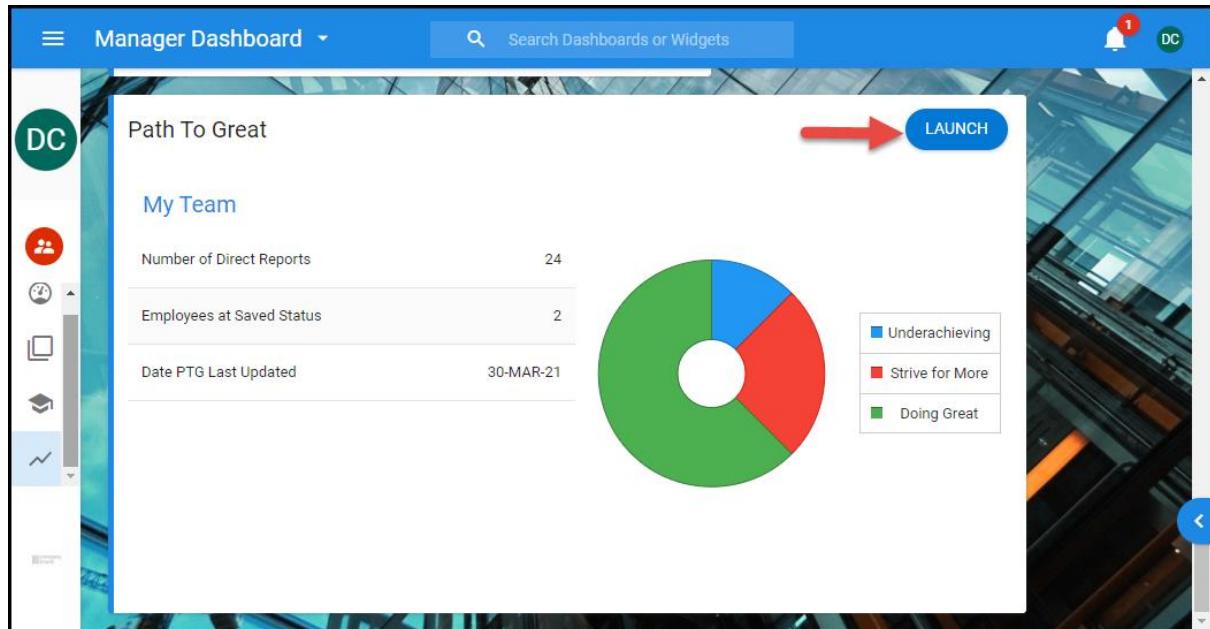

3. The Path to Great widget appears on screen.

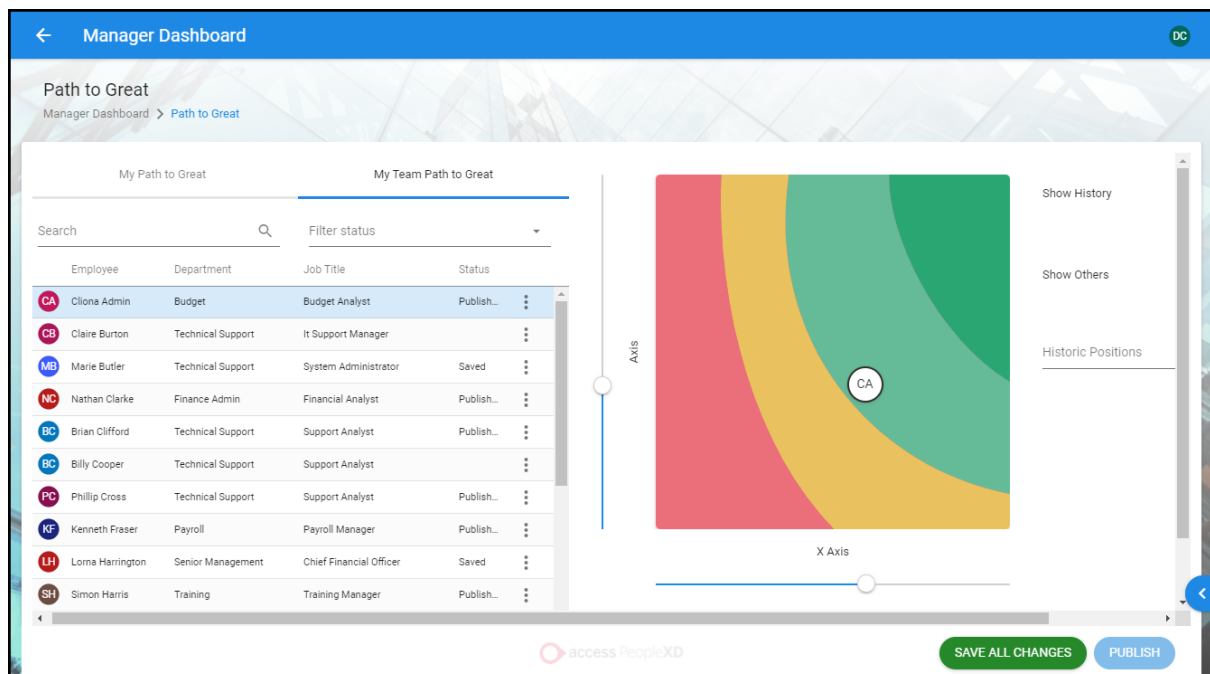

3.2. Updating & Viewing an Employee's Position

1. To view the details within the Path to Great widget and carry out any changes, click on the Launch button on the Path to Great widget on the Manager Dashboard.

2. The Path to Great screen appears, defaulting to the "My Team Path to Great" section.

The table below details the items found on this screen.

Item	Description
Search	This allows you to search on an employees forename and surname within your team.
Filter Status	This allow you to filter the employee list based on Published, Saved or Pending positions.
Employee	This shows the forename and surname of the employee.
Department	This shows the Department the employee is currently sitting in.
Job Title	This shows the Job Title the employee currently has.
Status	This shows the current status of the employee's Path to Great position on the graph. - Published: The employee can see their update position on the graph - Saved: The manager has updated the employee's position but has not published it to the employee yet. - Pending: Employees who do not have an updated status saved or published.
Talent Profile	This allows a manager to view the employee's full Talent Profile i.e. Performance Reviews, Career Preferences, Development Plans and Qualifications
Timeline	This allows a manager to view the employee's Timeline i.e. Salary changes and contract changes.
Path to Great Graph	This shows the Path to Great graph and allows you to move an employees position to different plots on the graph using the slider options on the X-axis and the Y-axis.
Show History	This allows you to view historical positions on the graph that an employee may have held.
Show Others	This allows you to view all other teams members on the graph and compare positions.
Historic Positions	This allows you to include up to 5 historic positions for an employee.
Save All Changes	This saves all the changes currently on screen before publishing them to an employee.
Publish	This publishes all saved changes to employees

3.2.1. Setting Position on PTG graph

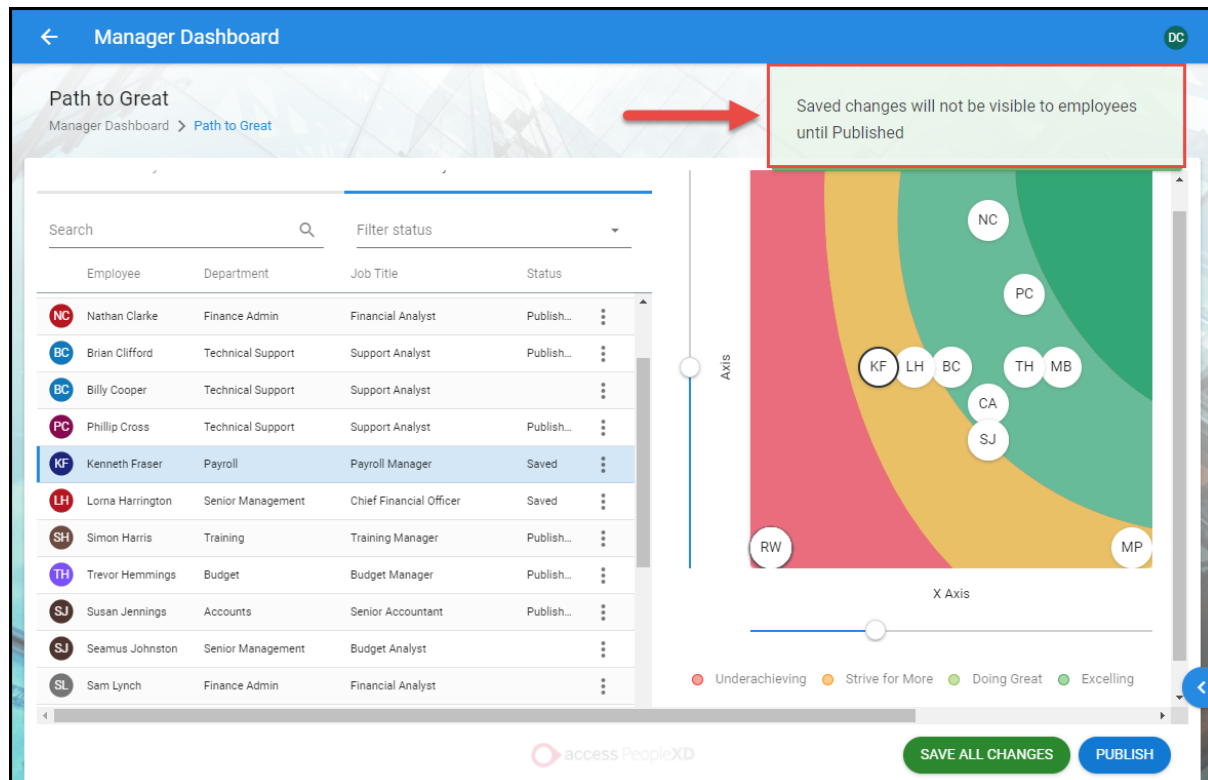

To update an employee's position on the PTG graph, follow the below steps.

1. Click on the employee record you want to view / update
2. Their name and last saved date appears on the graph.
3. Adjust the sliders on the X-axis and Y-axis to position the employee on the areas that match their performance.

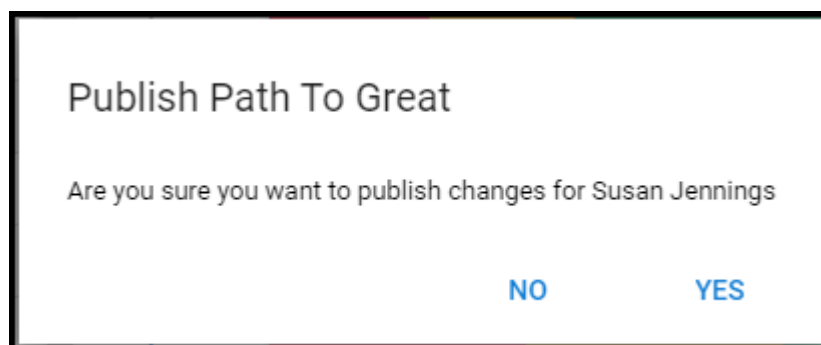

The screenshot displays the 'Manager Dashboard' interface for 'Path to Great'. On the left, a table lists employees with columns for Employee, Department, Job Title, and Status. Lorna Harrington is highlighted. On the right, the PTG graph for Lorna Harrington is shown, with a tooltip indicating her name and the last saved date (30-Mar-2021). The graph features a Y-axis slider and an X-axis slider, both with red arrows indicating movement. The graph is divided into four colored regions: Underachieving (red), Strive for More (orange), Doing Great (green), and Excelling (blue). At the bottom, there are buttons for 'SAVE ALL CHANGES' and 'PUBLISH'.

Employee	Department	Job Title	Status	
PC	Phillip Cross	Technical Support	Support Analyst	Publish...
KF	Kenneth Fraser	Payroll	Payroll Manager	Publish...
LH	Lorna Harrington	Senior Management	Chief Financial Officer	Saved
SH	Simon Harris	Training	Training Manager	Publish...
TH	Trevor Hemmings	Budget	Budget Manager	Publish...
SJ	Susan Jennings	Accounts	Senior Accountant	Publish...
SJ	Seamus Johnston	Senior Management	Budget Analyst	Publish...
SL	Sam Lynch	Finance Admin	Financial Analyst	Publish...
PM	Philomena McAda...	Recruitment	Budget Analyst	Publish...
RM	Ray Mooney	Technical Support	Support Analyst	Publish...
MP	Micheael PS	Budget	Budget Analyst	Publish...

4. Click the **Save All Changes** button to save the employee's position. An information message appears confirming that saves changes are not visible to employees until they have been published.

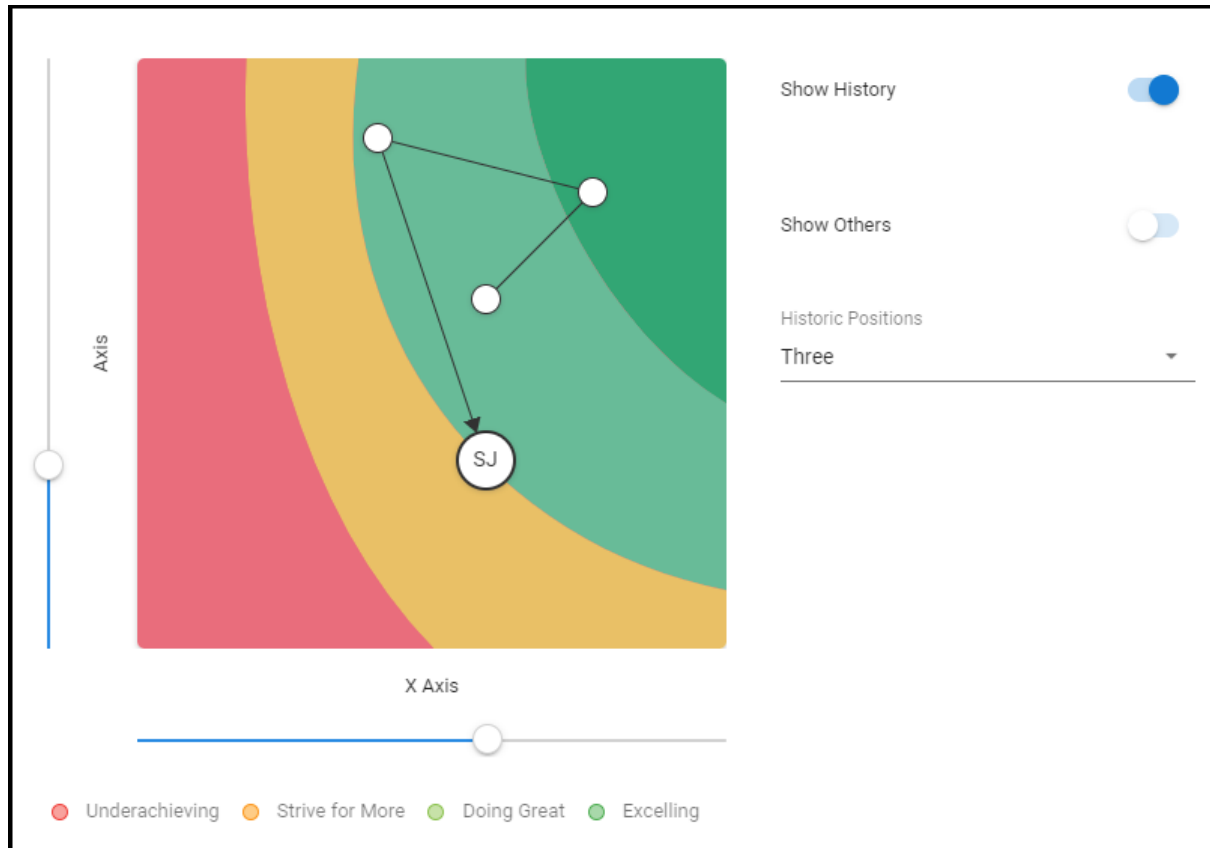

5. To Publish the update to the Employee in question, click the **Publish** button.
 - a. The **Publish** button is only available once the **Save All Changes** button has been used.
6. Confirm the changes are to be published to the employee.

7. The updated information is now available for the employee to view on their Path to Great widget on the Employee Dashboard. Once this update is completed the graph represents only the current location immediately.

3.2.2. Show Employee History

To view an employee's historical positions on the graph, toggle the **Show History** button which can be configured to show up to 5 historical positions for each employee.

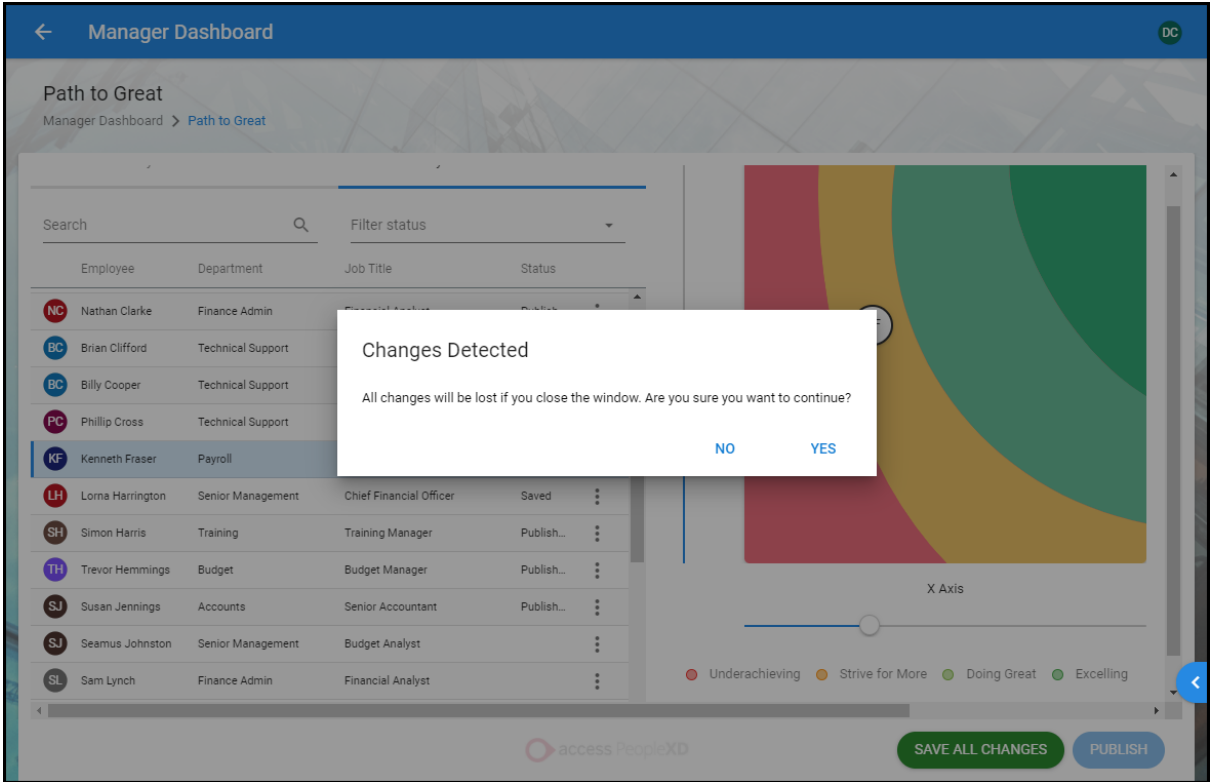

3.2.3. Show All Reportees

To show all other reportees on the Path to Great graph, toggle on the **Show Others** button. This puts all other employees on the graph on their current positions.

3.2.4. Discard Changes

If any changes are not saved and in turn not published to an employee, changes can be discarded by leaving the screen without clicking the save button. The following prompt appears on screen: "All changes will be lost if you close the window. Are you sure you want to continue?"

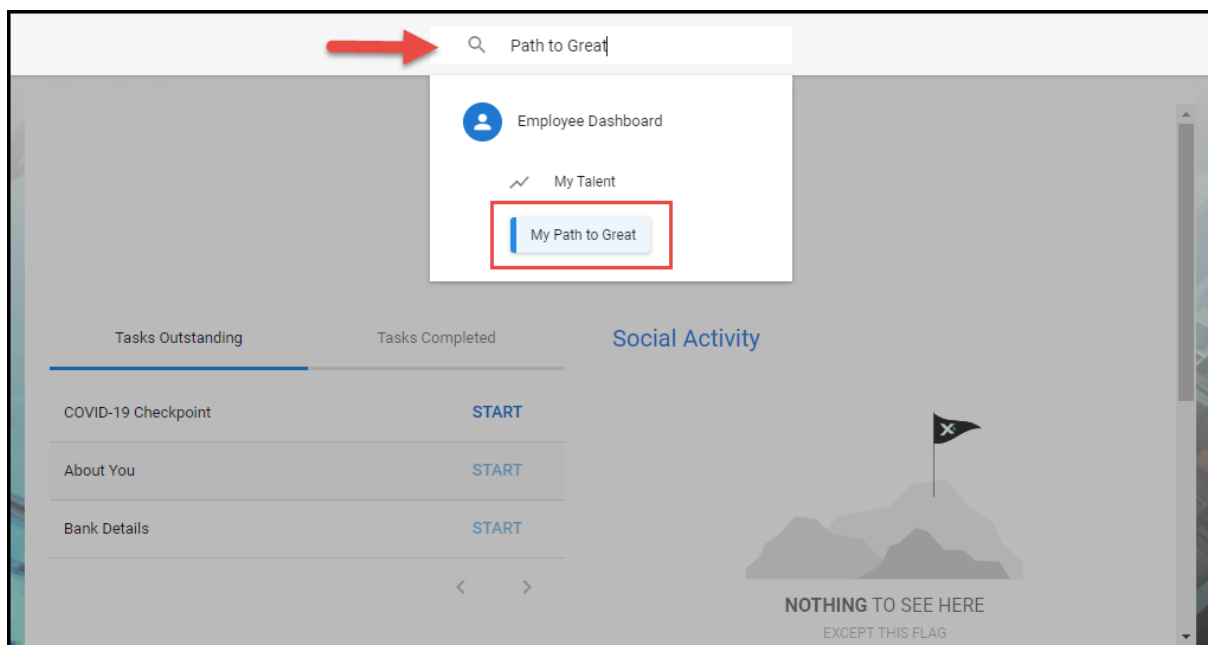

4. Employee Process

4.1. Overview

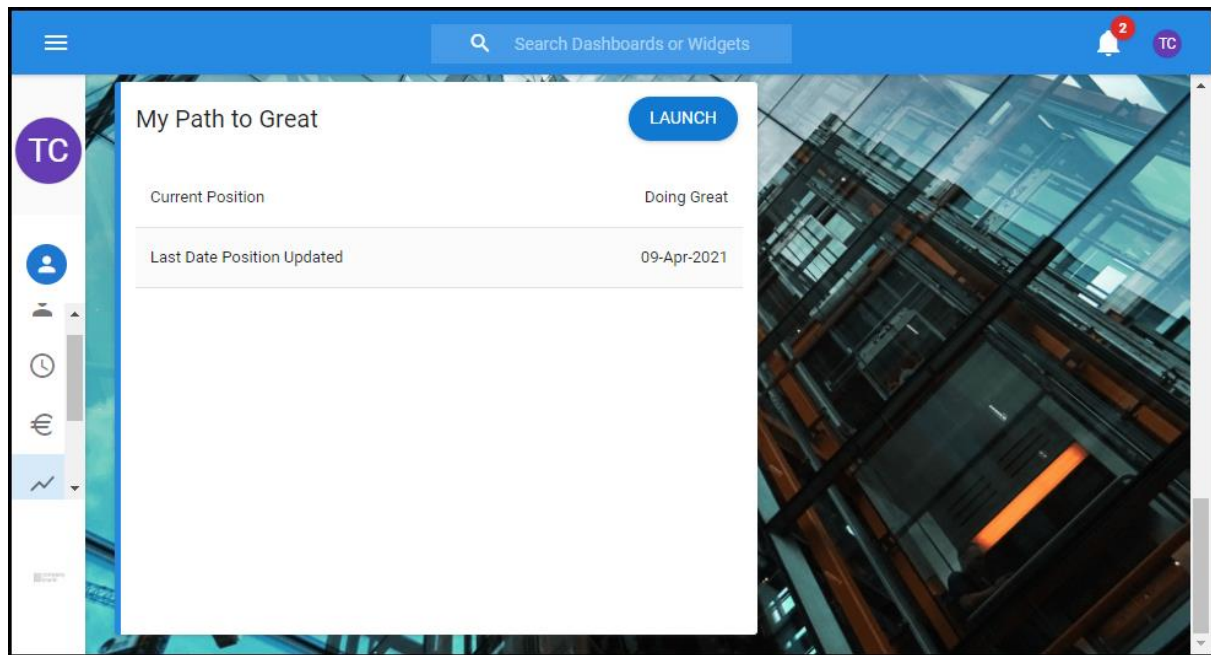

The Path to Great widget is accessible on the Employee Dashboard for an employee to view their position on the Path to Great chart as assigned by their direct manager.

To access the Path to Great widget on the employee dashboard, follow the below steps.

1. Quick Jump to the My Path to Great widget.
2. Select the option from the Employee Dashboard.

3. The Path to Great widget appears on screen, which includes the following items:
 - a. Launch button: This brings you to the Path to Great graph.
 - b. Current Position: This shows you your current position on the Path to Great graph.
 - c. Last Date Position: This shows the latest date that your position has been updated by your manager.

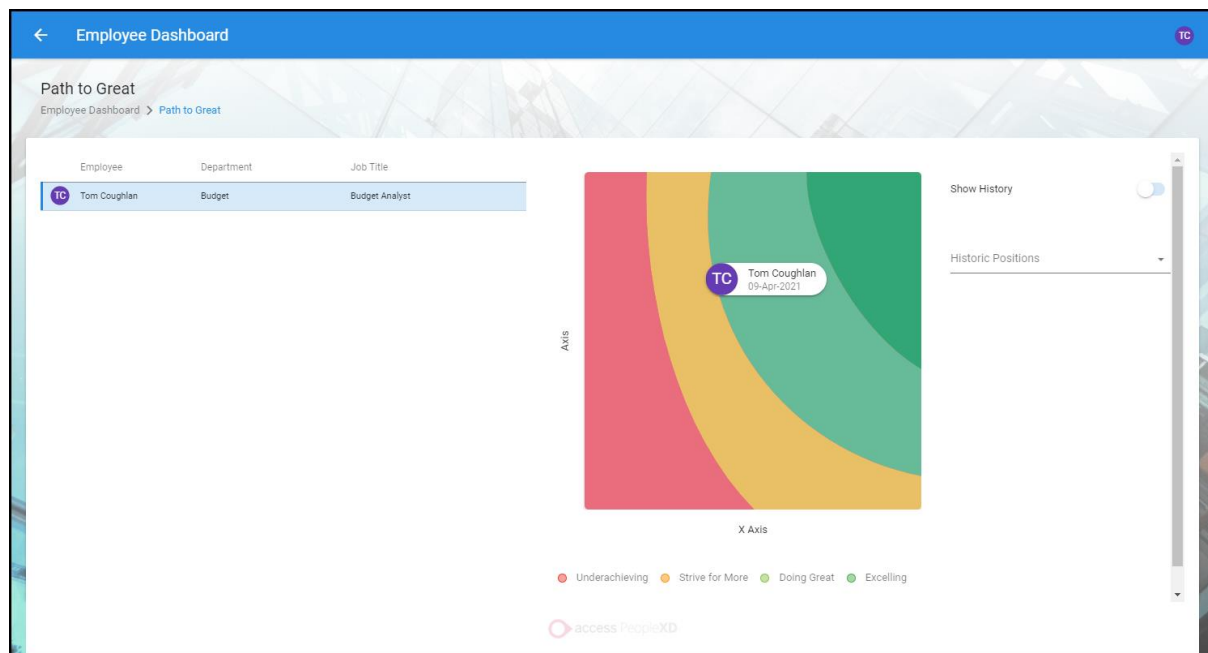

4. Click the **Launch** button to open the Path to Great chart.

4.2. Viewing an Employee's Position

The Path to Great screen is set to read-only mode for an employee, as the manager updates each employee's position on the chart via the Manager Dashboard.

The following table and image highlights what is visible to an employee on the My Path to Great screen.

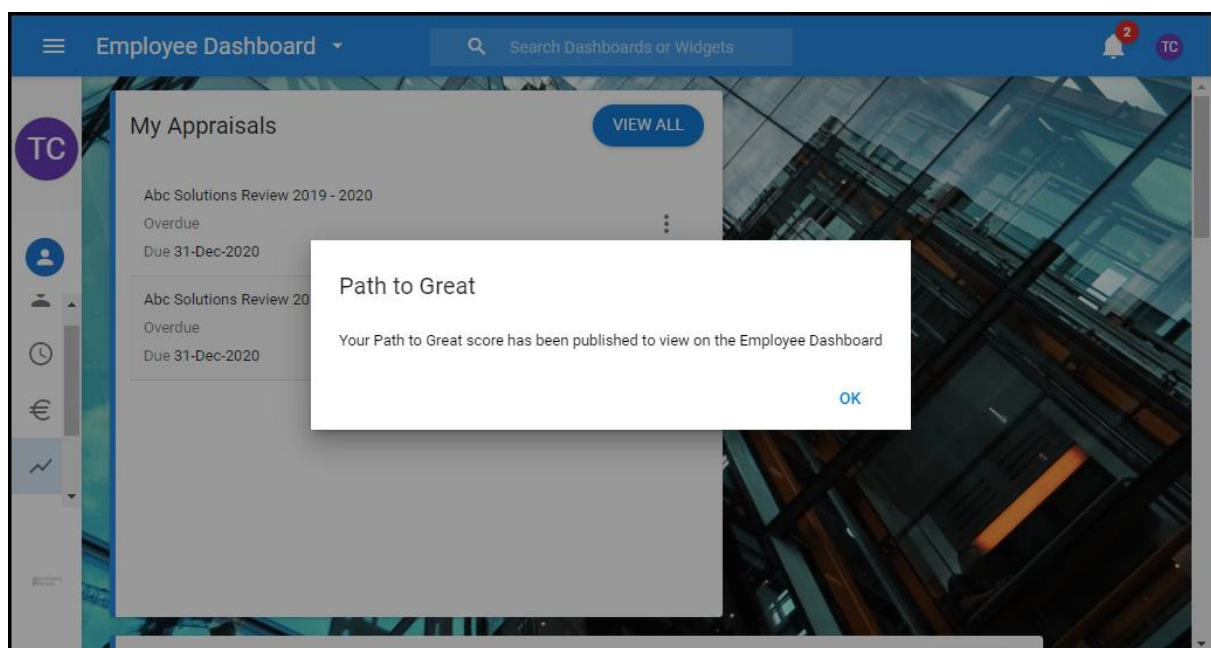

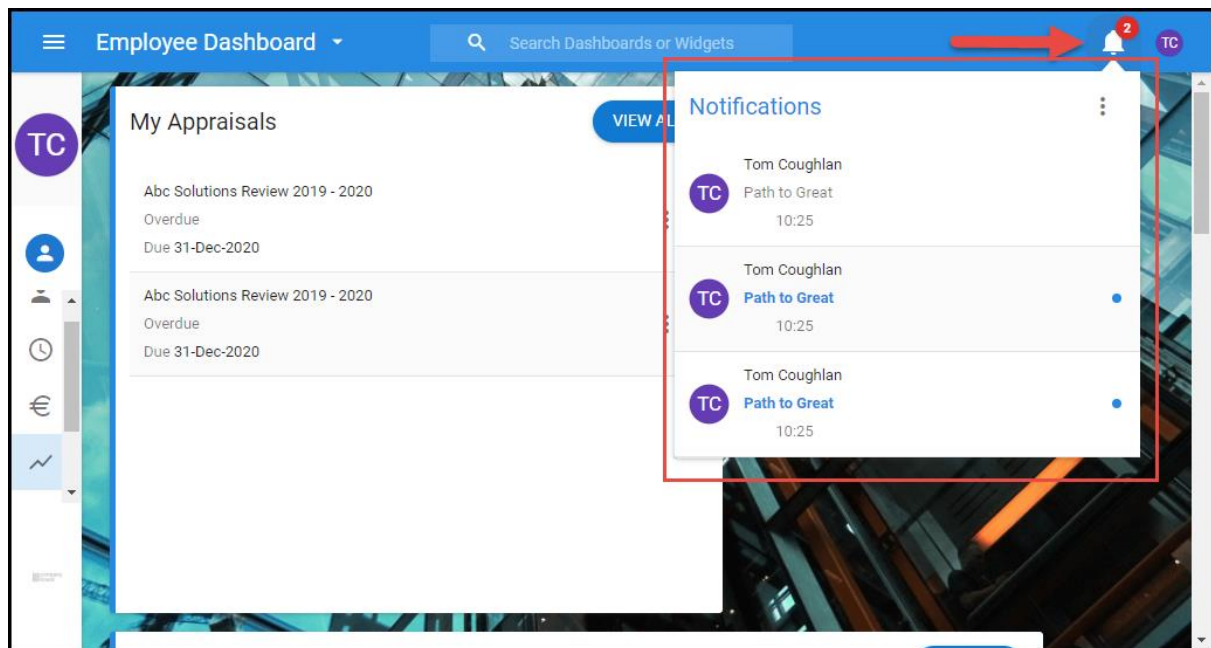

Item	Description
Employee	This shows the forename and surname of the employee.
Department	This shows the Department the employee is currently sitting in.
Job Title	This shows the Job Title the employee currently has.
Path to Great Graph	This shows the Path to Great graph and allows you to move an employee's position to different plots on the graph using the slider options on the X-axis and the Y-axis.
Show History	This allows you to view historical positions on the graph that an employee may have held.
Historic Positions	This allows you to include up to 5 historic positions for an employee.

5. Notifications

5.1. Employee Notifications

When an update has been carried out by a manager on an employee's Path to Great position, and is published to the employee, a Notification is sent to the employee in question on the XD Portal. The images below detail how these appear.

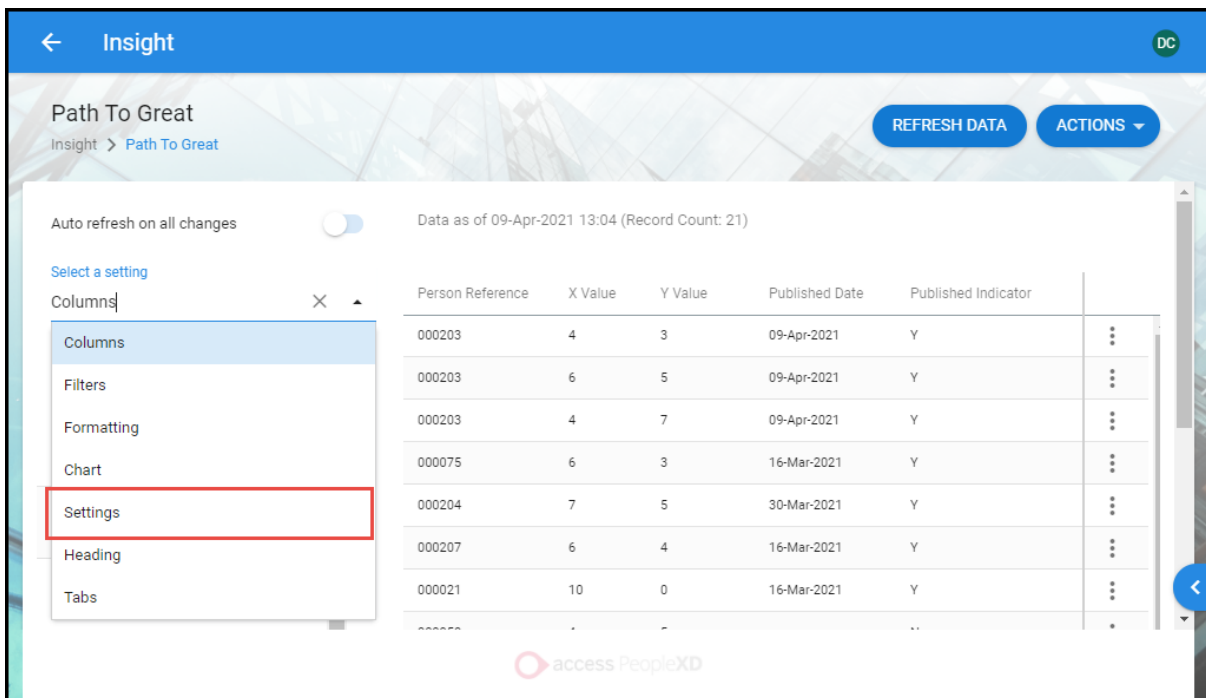

6. Reporting

6.1. Adding a Path to Great Report as a Widget

When a Path to Great report has been created, it can be added to a dashboard as a widget to display information as a report. To carry this out, follow the below steps.

1. Within XD Insight, go to the report in question
2. Select *Edit Mode*
3. Go to *Settings*

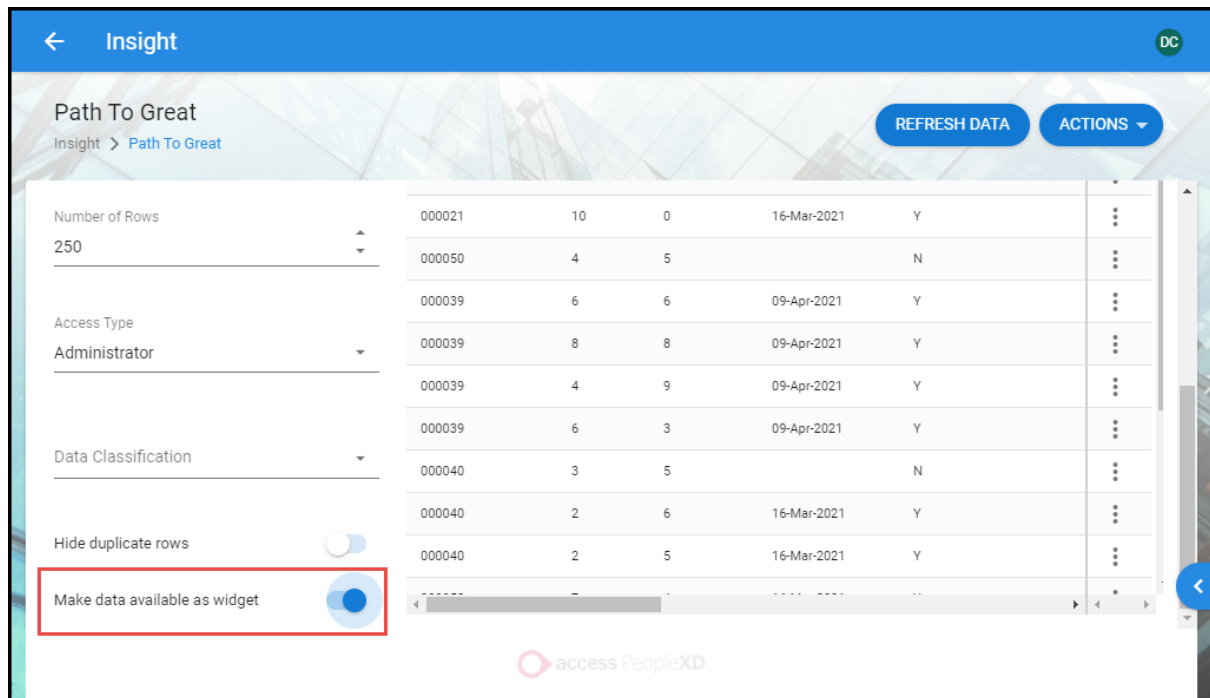

The screenshot shows the 'Path To Great' report interface in XD Insight. The interface includes a header with a back arrow, the title 'Insight', and a 'DC' indicator. Below the header, there's a section for 'Path To Great' with a breadcrumb 'Insight > Path To Great' and buttons for 'REFRESH DATA' and 'ACTIONS'. A toggle for 'Auto refresh on all changes' is present. The main content area displays a table with the following data:

Person Reference	X Value	Y Value	Published Date	Published Indicator
000203	4	3	09-Apr-2021	Y
000203	6	5	09-Apr-2021	Y
000203	4	7	09-Apr-2021	Y
000075	6	3	16-Mar-2021	Y
000204	7	5	30-Mar-2021	Y
000207	6	4	16-Mar-2021	Y
000021	10	0	16-Mar-2021	Y

The 'Settings' menu is open on the left, showing options for Columns, Filters, Formatting, Chart, Settings (highlighted), Heading, and Tabs. The 'Settings' option is highlighted with a red box. The table data is as of 09-Apr-2021 13:04 (Record Count: 21).

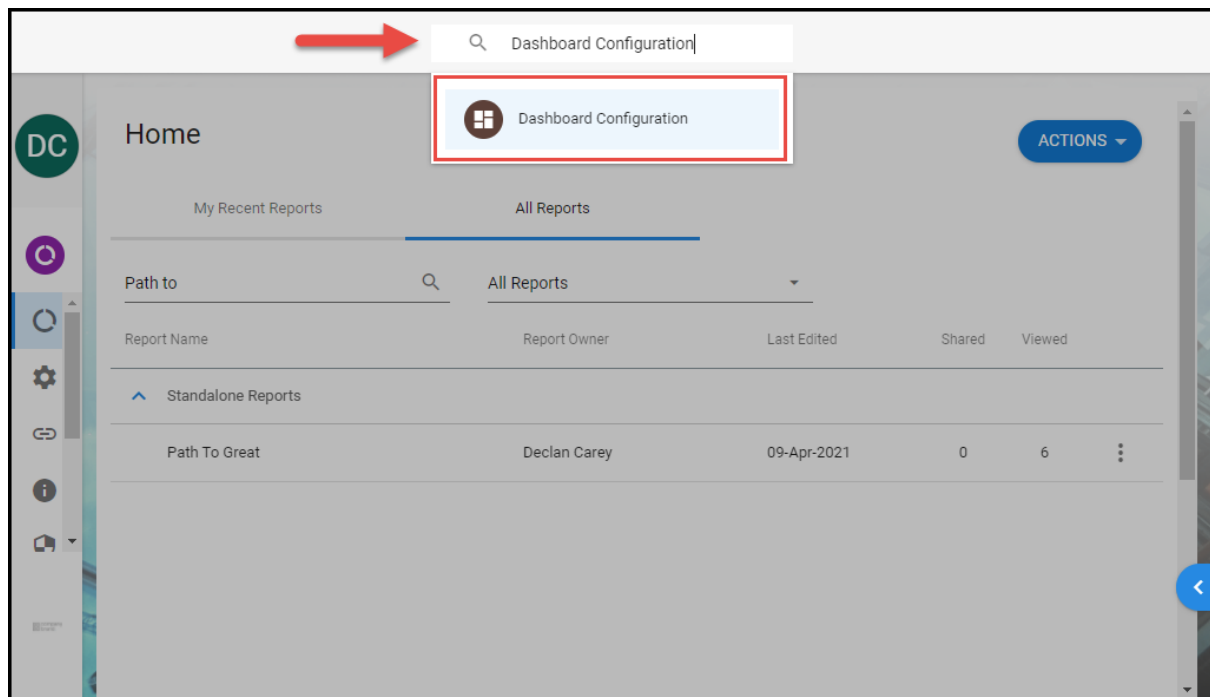

4. Enable the "Make Data Available as Widget" setting.

The screenshot shows the 'Path To Great' widget configuration interface. On the left, there are filters for 'Number of Rows' (set to 250), 'Access Type' (set to Administrator), and 'Data Classification'. At the bottom left, there are two toggle switches: 'Hide duplicate rows' and 'Make data available as widget', which is highlighted with a red rectangular box. The main area displays a table of data with columns for ID, counts, dates, and status. Buttons for 'REFRESH DATA' and 'ACTIONS' are in the top right.

ID	Count 1	Count 2	Date	Status
000021	10	0	16-Mar-2021	Y
000050	4	5		N
000039	6	6	09-Apr-2021	Y
000039	8	8	09-Apr-2021	Y
000039	4	9	09-Apr-2021	Y
000039	6	3	09-Apr-2021	Y
000040	3	5		N
000040	2	6	16-Mar-2021	Y
000040	2	5	16-Mar-2021	Y

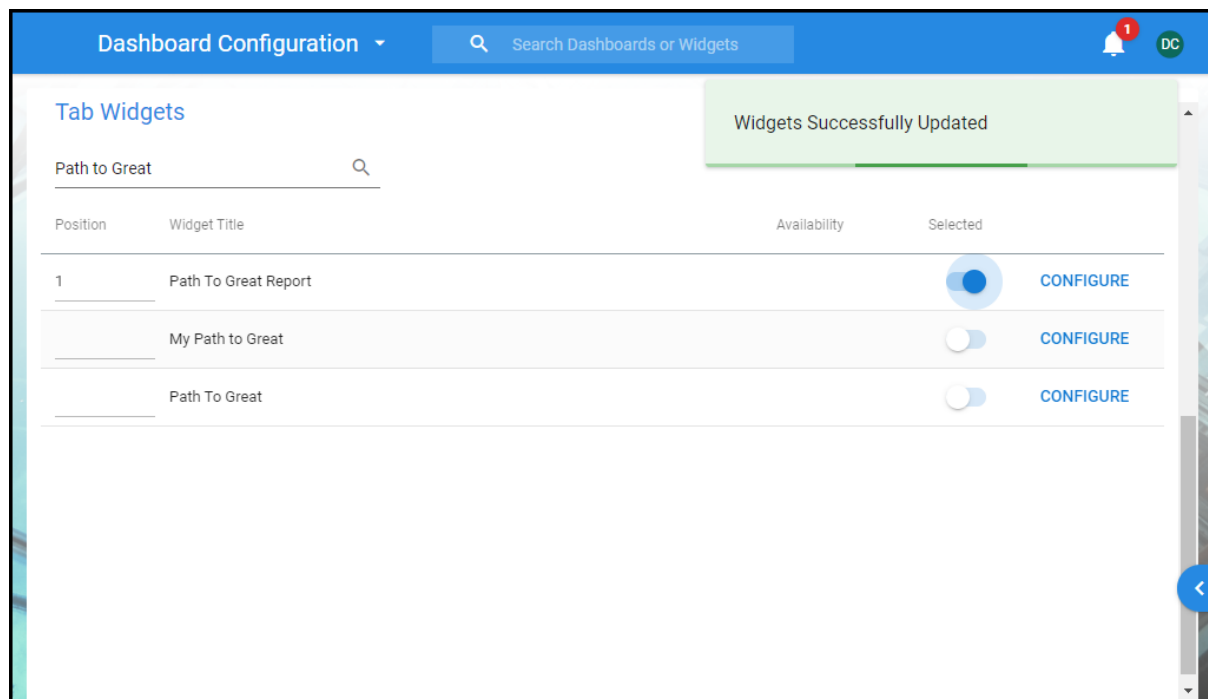

5. Quick Jump to Dashboard Configuration

The screenshot shows the 'Home' dashboard. At the top, there is a search bar with the text 'Dashboard Configuration|'. A red arrow points to this search bar. Below the search bar, a result 'Dashboard Configuration' with a grid icon is highlighted by a red rectangular box. The dashboard also shows sections for 'My Recent Reports' and 'All Reports', with a table of reports below.

Report Name	Report Owner	Last Edited	Shared	Viewed
Standalone Reports				
Path To Great	Declan Carey	09-Apr-2021	0	6

6. Select the Dashboard to add this widget to and search for it on the Tab Widget section of the screen.

- The report is now available as a widget on the dashboard you have assigned it to.
