1. Overview

1.1. Purpose of the Guide

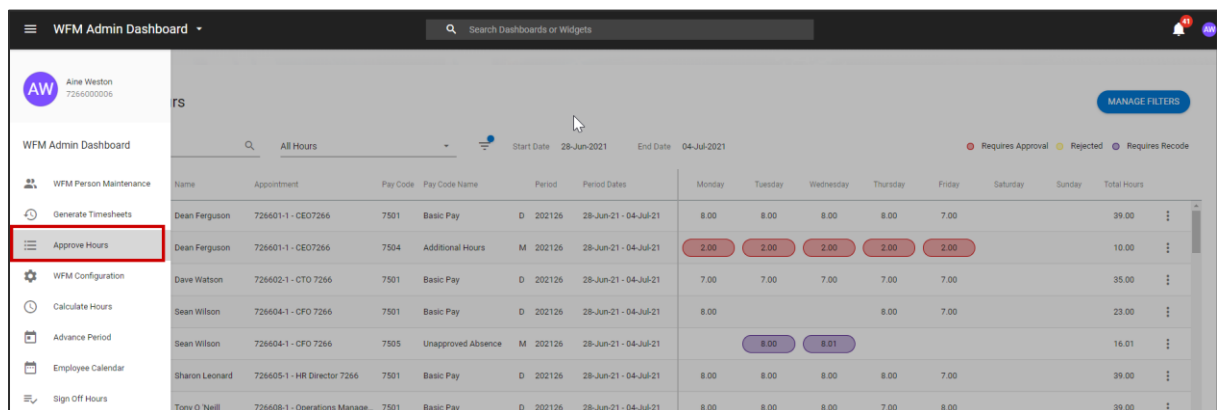

The purpose of this guide is to explain the Approve Hours Screen which has moved from Back Office to Portal. Administrators can now complete tasks in Portal removing the need to use the back office.

2. Approve Hours

The *Approve Hours Screen* allows the viewing, approval and sign-off of hours for employees. You can select which work groups, departments, and people you wish to display on the screen or else display all employees you have access to.

You may also specify to display hours only against time codes, cost centres and projects or categories of attendance. This includes:

- All hours
- Hours that require approval
- Exceptional hours
- Hours that require sign-off
- Signed-off hours

2.1. Accessing the Approve Hours Screen

To access the Approve hours, complete the following:

1. For Administrators, navigate to the *WFM Admin Dashboard*.
2. For Managers, navigate to the *WFM Dashboard*.
3. Select **Approve Hours**.

4. The screen displays.

Note: For more information on access to the screen, see [Section 4: Menu Profiles](#)

2.2. The Approve Hours Screen

The Approve Hours Screen lists employee attendance records by pay code and or period, for the date range selected.

By default, the screen displays the following:

- Person number
- Name
- Appointment
- Pay code
- Pay code name
- Pay code type
- Period
- Period dates
- Day
- Total hours for the period.

Note:

Additional columns such as cost centre and projects can be included. For further information, see [Configuration settings](#).

The *Approve Hours Screen* can be filtered depending on the status you select. The screen can be filtered to focus the attendance hours on a specific type of attendance. The attendance status types are detailed in the table below:

Status* Selections	Details
All Hours	This displays a summary of the hours recorded as well as the total hours for the selected period.
Require Approval	This status displays all hours the system identifies as requiring approval. This should be set up when defining pay codes.
Exceptions	This status displays attendance hours which are considered as exceptional and should be set up when defining pay codes. Generally, this pertains to hours needing manager approval or investigation.
Approved	This status displays approved hours.
Rejected	This status displays rejected hours.
Pending Sign-Off	This status displays attendance hours which are waiting to be signed off.
Signed-Off	This status displays attendance hours which have been signed off
Requires Re-Code	This status displays attendance hours requiring recode. Recodes should be completed in the Timesheet Input screen.

- Start Time
- End Time

WFM: Approve Hours - User Guide

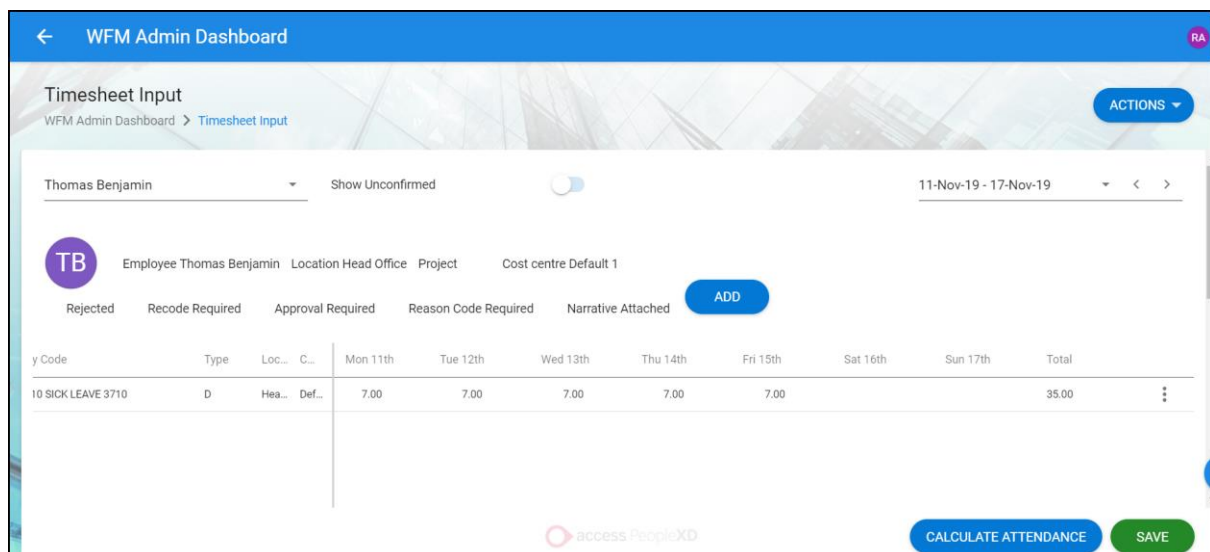

The screenshot shows the 'Work Schedule' page in the WFM Admin Dashboard. It features a header with a back arrow and the title 'WFM Admin Dashboard'. Below the header, there's a breadcrumb trail 'WFM Admin Dashboard > Work Schedule'. The main content area has a filter section with 'Appointment' set to '- Hr Administrator' and date ranges 'From 11-Nov-2019' and 'To 17-Nov-2019'. A table displays the schedule for four days (11-14 Nov), showing shift names, shift types, pattern names, patterns, start times, and end times. The 'access PeopleXD' logo is visible at the bottom.

Day	Shift Name	Shift Type	Pattern Name	Pattern	Start Time	End Time

2.3.5. View Timesheet

You can also view the employee timesheet, should you need to reference it by selecting from the dropdown menu.

The screenshot shows the 'Timesheet Input' page in the WFM Admin Dashboard. It features a header with a back arrow and the title 'WFM Admin Dashboard'. Below the header, there's a breadcrumb trail 'WFM Admin Dashboard > Timesheet Input'. The main content area has a filter section with 'Thomas Benjamin' selected, 'Show Unconfirmed' toggle, and date ranges '11-Nov-19 - 17-Nov-19'. Below this, there's a section for 'Employee Thomas Benjamin' with tabs for 'Rejected', 'Recode Required', 'Approval Required', 'Reason Code Required', and 'Narrative Attached'. An 'ADD' button is present. A table displays the timesheet input for the employee, showing columns for 'y Code', 'Type', 'Loc...', 'C...', and days from 'Mon 11th' to 'Sun 17th', along with a 'Total' column. The 'access PeopleXD' logo is visible at the bottom, along with 'CALCULATE ATTENDANCE' and 'SAVE' buttons.

2.7. Signed-Off

The *Signed-Off* status enables you to view hours that have been signed off by a manager.

2.8. Require-Recode

The *Require-Recode* status lists pay code and hours where an individual pay code been set as requiring a recode. This could be for reasons such as an Unexplained Absence.

To complete the recode select the View Timesheets option.

2.9. Managing Filters

Manage Filters allows you to create and maintain predefined filters, or favourites. The saved filters are available for each user and are available in the pop-up filter or drop-down selection at the top of the screen.

To Manage Filters, complete the following steps:

1. Select **Manage Filters**. Any existing filters are displayed.

The screenshot shows the 'Manage Filters' interface. At the top, there's a breadcrumb trail: 'WFM Admin Dashboard > Manage Filters'. Below this is a search bar with a magnifying glass icon. The main area is divided into two columns. The left column contains a table of existing filters:

Code	Name	
MY001	My Team	DELETE
FL003	Recode Filter	DELETE
FL002	Absences	DELETE

The right column contains a form for creating or editing a filter. It has two sections: 'Selection Code *' and 'Selection Name *'. The 'Selection Code *' section has a text input field with 'FL003' and a 'Select Calendar' dropdown menu. The 'Selection Name *' section has a text input field with 'Recode Filter'. Below these are several dropdown menus: 'Department', 'Work Group', 'Person', 'Cost Centre', 'Pay Code', 'Unauthorised Absence', 'Location', 'Start Date', 'End Date', and 'Status *'. The 'Status *' dropdown is currently set to 'Require Recode'.

2. The screen lists the existing filters. If you wish to create a new filter, select **Add**.

The screenshot shows a dialog box titled 'Add Selection'. It has two text input fields. The first field is labeled 'Code *' and contains the text 'FIL001'. The second field is labeled 'Name *' and contains the text 'My Work Groups'. At the bottom of the dialog box, there are two buttons: 'CANCEL' and 'OK'.

3. Enter the desired selection and **Save**.

3. Configuration Settings

The *Approve Hours Configuration* screen is located in the *WFM Dashboard*. This is essentially a set up screen and allows you to assign colours to various tasks as well as allowing you to switch on specific filters and fields by enabling toggles.

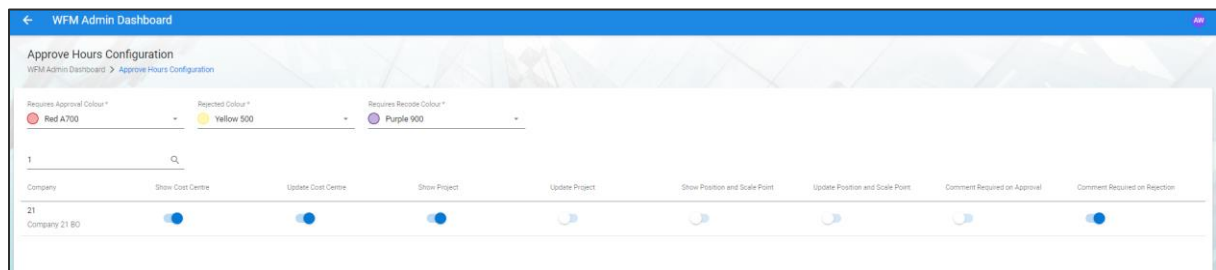

1. Navigate to the *WFM Admin Dashboard*.

2. Once you are on WFM Configuration, select **Approve Hours Configuration**.

3. The screen displays.

On the *Approvals Configuration Screen*, you can colour code the buttons as follows:

- Requires Approval Colour
- Rejected Colour
- Requires Recode Colour

The colours chosen are then reflected on the Approve Hours Screen.

An additional data entry column can be configured to display on the approve hours summary screen.

For the relevant company set the toggle switched as required. If an updated toggle is enabled, you can update the column details displayed from the Approve hours Summary screen.

Note: If update is on, this applies to all user types that have been granted access to the Approve Hours screen e.g., Managers and Administrators Area.

3.4. Comments Required on Approval/Rejection

The following rules apply to the comments on Approval/Rejection.

- Pay Code Level: Requires Narrative is set, In Approve hours comments are mandatory on approvals or rejections and overrides all setting below.
- Approve Hours Configuration: Comments Required on Approval and Rejection indicators, In the Approve Hours screen comments are required on either Approval, Rejection or both (i.e., approval and rejection have separate own setting

- Timesheet Template: Comments Required on Approval and Rejection indicators, In the Timesheet Input screen comments are required on either Approval, Rejection or both (i.e. approval and rejection have separate own setting

**Note: Comments Required on Approval/Rejection**

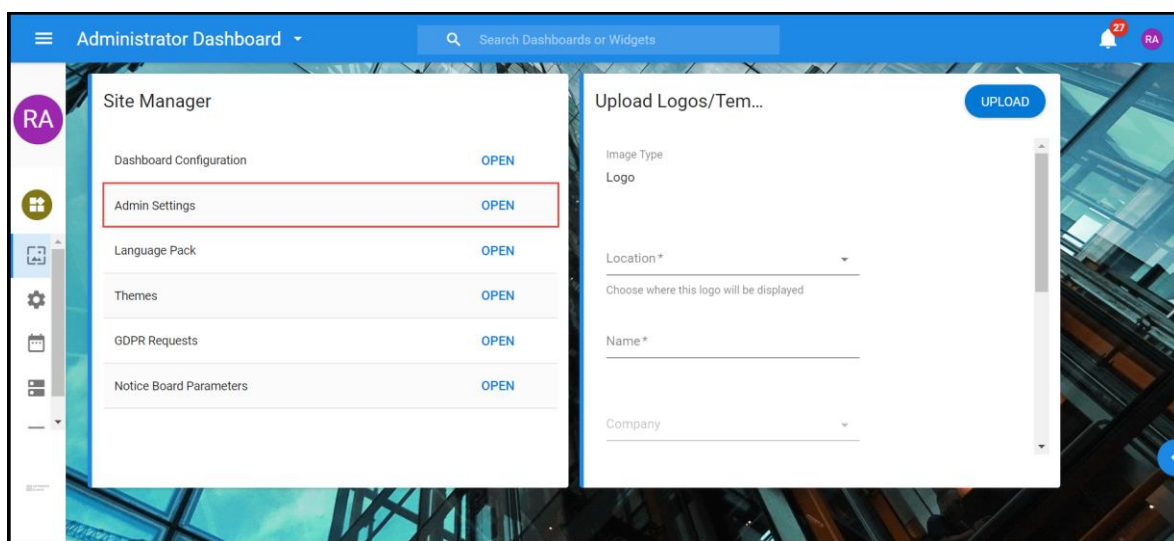

Comment required on Approval & Rejection was moved to the Approve hours configuration screen to avoid performance issues in having to retrieve each Employees Timesheet Template, so if the Employee's Timesheet Template has comment required on approval/rejection set, it's recommended to enable the same feature in Approve hours Configuration.

3.5. Setting Organisational Role and Group

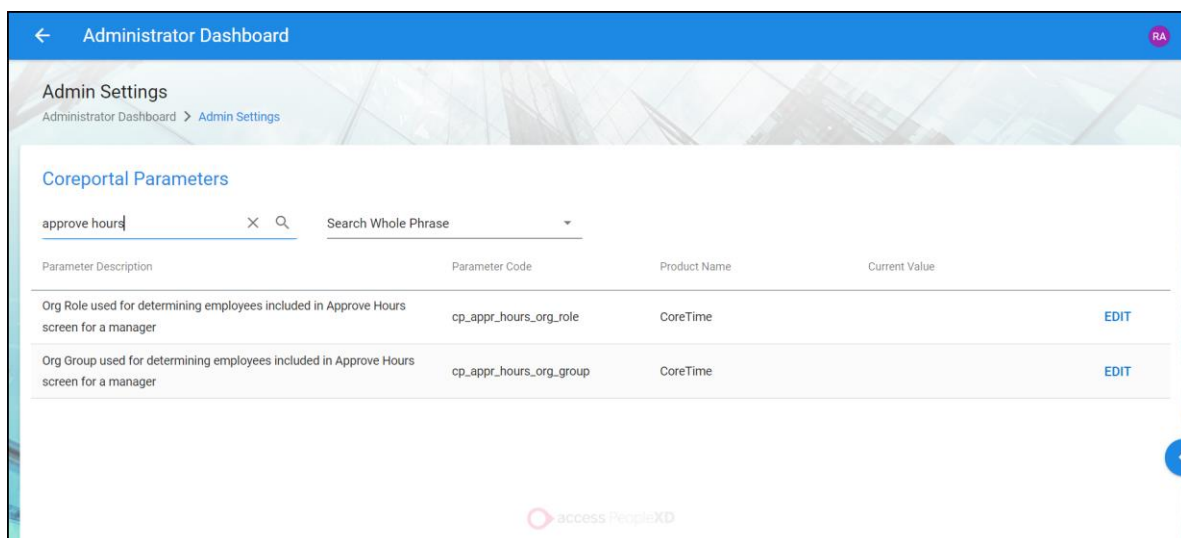

In order to configure the organisational role and group and allow you to see specific hours which can be approved.

To configure, complete the following steps:

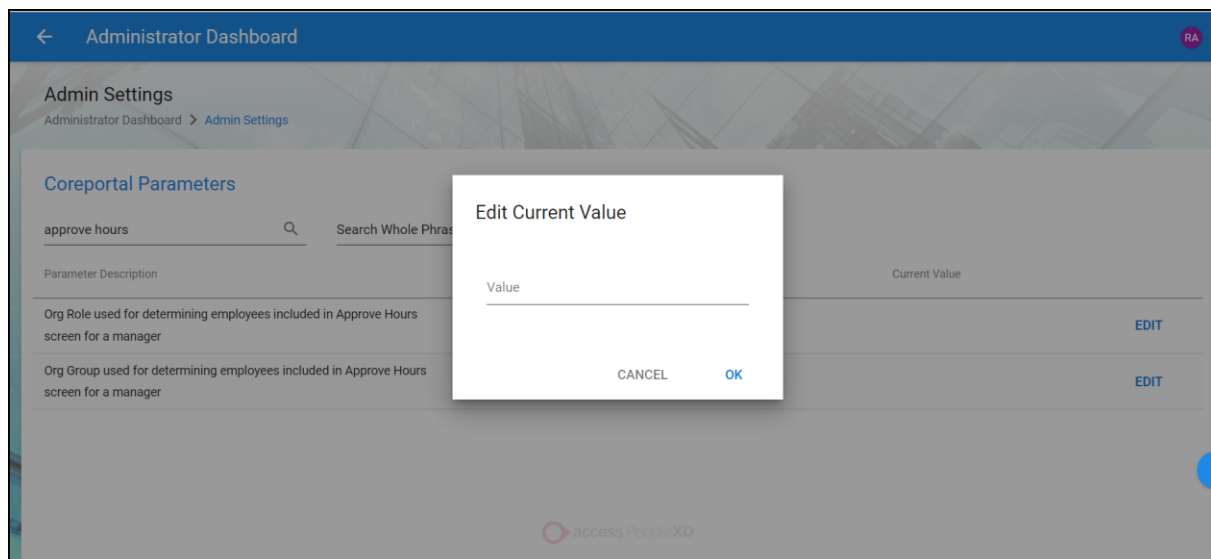

1. Go to *Administrator Dashboard*.
2. Open **Admin Settings**.

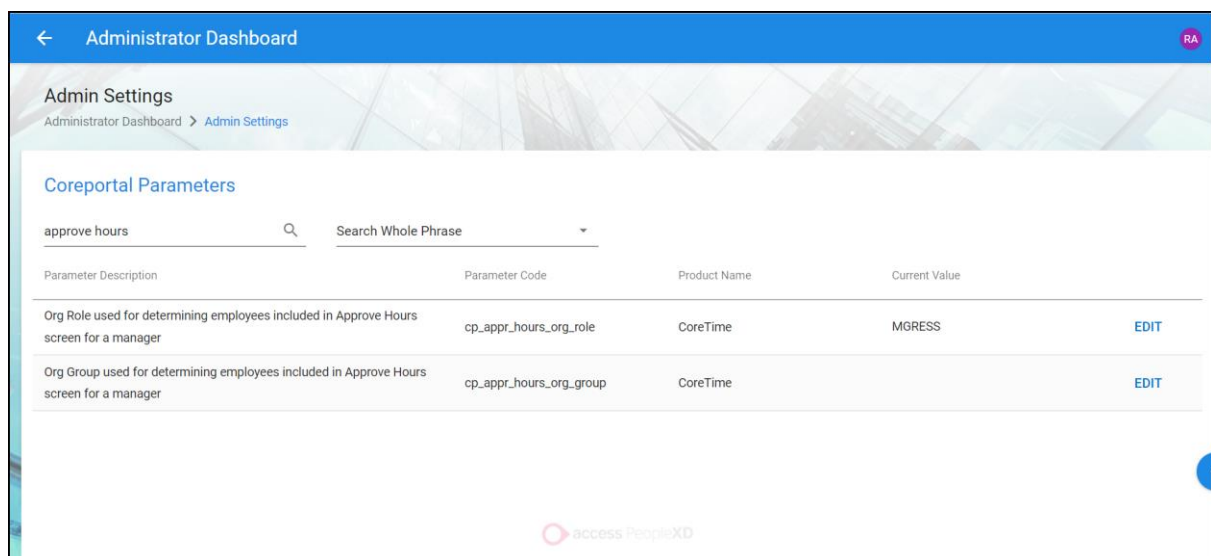

3. Search for approve hours in the search bar.

- Click **Edit** to change the current value.

- Click **OK** and the value you added saves.

4. Menu Options
