1. Overview

1.1. Purpose of the Guide

The purpose of this guide is to show how to create and manage your Return to Work Interview (RTWI) Templates and their various configuration screens.

Return to Work Interview templates give Managers and HR Administrators the capability to consistently record and report on the return to work process. They provide a standard approach for managers and employees across the organisation to have the same return to work interview questionnaire.

1.2. Features

The RTWI feature include:

- Provides consistency by ensuring that all Employees receive the same questionnaire.
- Supports Administrators when creating templates to:
 - allow a RTWI template to be associated to different Absence pay code.
 - support all data types of data Fields for template creation
 - option to make field mandatory
 - option to hide manager comments from employees
 - option to include RTWI guidance link for managers
 - option to select required sign off workflow:
 - Employee & Manager Sign Off
 - Manager Sign Off
- Monitor & Report on outstanding Return to Work Interview
- New RTWI interview widget for employees

1.3. The RTWI Workflow

There are two sign-off workflow options when creating your RTWI templates:

- Employee & Manager Sign Off
- Manager Sign Off

Once Administrators have created the RTWI templates, when managers record an employee's absence the RTWI questionnaire will automatically pull through into the Absence Details wizard, when the leave type is selected.

Note: If an RTWI is unsigned or viewed by a manager who did not initially create or sign off the absence, then a prompt will display.

- If YES is selected, the absence will open and the action will be recorded, see [section 5 Insight Reporting](#).
- If NO is selected nothing will happen.

Please Note

You are about to view the Return to Work Interview details for Employee 7203000064 against Pay Code 3751, Start Date 01-May-25 and End Date 01-May-25. This is sensitive information and the access is recorded. Are you sure you want to continue?

NO

YES

1.3.1. Employee & Manager Sign Off Workflow

1. Managers, records the employee absence and fill in the RTWI questionnaire, turn on the *Send to Employee* toggle and saves the absence.
2. The Employee will receive a 'Return To Work Questionnaire – Action Required' notification.
3. Employee, uses the RTWI widget to review, acknowledge the details are correct and sign-off the RTWI questionnaire. **Note:** the RTWI questionnaire is read-only, the employee can not edit.
4. The Manager will receive a 'Return To Work Questionnaire – Action Required' notification, stating the employee has signed off the RTWI.
5. Manager, accesses the person absence and sign-off the RTWI questionnaire. **Note:** the RTWI questionnaire is read-only, the manager can not edit.
6. The RTWI will display as Complete for both Manager & Employee.

1.3.2. Manager Sign Off Workflow

1. Managers, records the employee absence and fill in the RTWI questionnaire, signs off the RTWI and saves the absence.
2. The Employee will receive a 'Return To Work Questionnaire' notification.
3. Employee, can use the RTWI widget to review the details of the RTWI questionnaire.
Note: the RTWI questionnaire is read-only, the employee can not edit.
4. The RTWI will display as Complete for both Manager & Employee.

1.3.3. Un-Sign Off

Additionally there is the ability for managers to 'un-sign off' an RTWI once complete, if required. This will allow the questionnaire to be updated and resigned off.

This functionality is security driven the below menu option will need to be enabled on the relevant user profile.

Menu Option	Menu ID	System
Coreportal - RTWI Undo Sign Off	MAIN_MENU.RTWI_UNDO_SIGN_OFF	CorePortal

When the manager undoes the completed RTWI sign off, then the status of the RTWI will display on the Person Absence screen, for the manager, and RTWI widget, for the employee, as Pending Manager. The RTWI can then be updated and resigned off.

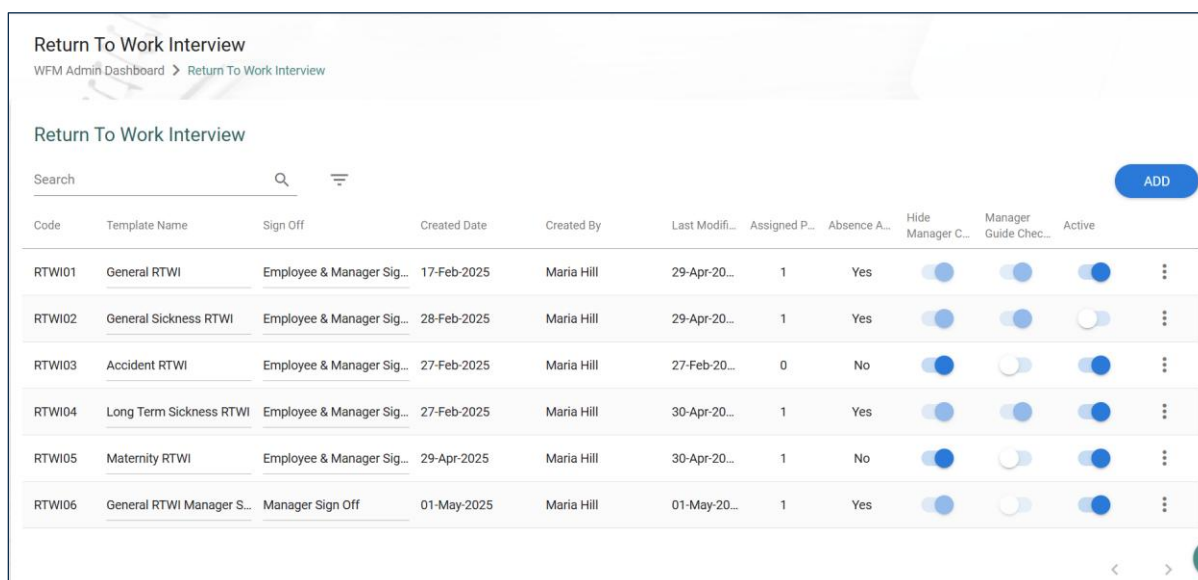

2. The Return to Work Interview Screen

Creation of your organisations RTWI templates is an Administrator task. The Return to Work Interview Screen is menu security driven, see section [5 Menu Options](#) for further guidance, and once enabled the screen can be found in the WFM Admin Dashboard.

2.1. How to access the Return to Work Interview Screen

1. Go to the *WFM Admin Dashboard* and select **WFM Configuration**.
2. Search for and click the **Return to Work Interview** tile.

Once you have accessed the Return to Work Interview screen, it will display all active templates.

The screenshot shows the 'Return To Work Interview' screen in the WFM Admin Dashboard. It features a search bar, a filter icon, and an 'ADD' button. Below is a table listing six templates with columns for Code, Template Name, Sign Off, Created Date, Created By, Last Modified, Assigned Pay Code, Absence Allowed, Hide Manager Check, Manager Guide Check, Active status, and a menu icon.

Code	Template Name	Sign Off	Created Date	Created By	Last Modified	Assigned P...	Absence A...	Hide Manager C...	Manager Guide Chec...	Active	
RTWI01	General RTWI	Employee & Manager Sig...	17-Feb-2025	Maria Hill	29-Apr-20...	1	Yes	☒	☒	☒	⋮
RTWI02	General Sickness RTWI	Employee & Manager Sig...	28-Feb-2025	Maria Hill	29-Apr-20...	1	Yes	☒	☒	☐	⋮
RTWI03	Accident RTWI	Employee & Manager Sig...	27-Feb-2025	Maria Hill	27-Feb-20...	0	No	☒	☐	☒	⋮
RTWI04	Long Term Sickness RTWI	Employee & Manager Sig...	27-Feb-2025	Maria Hill	30-Apr-20...	1	Yes	☒	☒	☒	⋮
RTWI05	Maternity RTWI	Employee & Manager Sig...	29-Apr-2025	Maria Hill	30-Apr-20...	1	No	☒	☐	☒	⋮
RTWI06	General RTWI Manager S...	Manager Sign Off	01-May-2025	Maria Hill	01-May-20...	1	Yes	☒	☐	☒	⋮

The screen can be filtered using the following options:

Field	Description
Search	Use the search feature to find the specific template you wish to configure.
Filter	Use the filter button to refine your search. You can filter by, the following, and click Apply to filter the results. • Status – Active/Inactive • Created By • Pay Code

The **Return to Work Interview** screen contains the following fields:

Field	Description
Code	The template Code.
Template Name	The template Name. This will display, in the Absence Details wizard when recording an employee's absence, once the leave type is selected.
Created Date	The date the template was created.
Created By	The user who originally created the template.
Last Modified	The date the template was last updated.  Note: Once a template is Active and In Use you will no longer be able to delete or edit it.
Assigned Pay Codes	The number of pay codes assigned to the RTWI template.
Absence Assigned	This will display Yes if the template has been assigned to an absence and No if it has not.
Hide Manager Comments	If enabled, the managers comments on the RTWI questionnaire will not be visible to the employee.
Manager Guide Checkbox	If enabled, the manager will be required to acknowledge they have read and understood, the RTWI guide.
Active	This displays the status of the template.

From the 3-dot menu of your template you can:

- **Add/Edit Section** – allows you to add, or edit, sections and questions within your RTWI template.
- **Copy Template** – allows you to copy an existing template, maintaining the existing setting and questionnaire format. By default copied templates are not active.

Copy RTWI Template

OK

- **Delete** – allows you to delete the template.
- **Preview** – allows you to preview your questionnaire to see how it will display for users.
- **View Assigned Pay Codes** – allows you to view and manage the pay codes the template is assigned to.

Pay Code	Name	Abbreviation	Label	Sick Leave	Maternity Code	Absence	Assigned
3710	Sick Leave	SK		☐	☐	☒	☒
3803	Uncertified Sick Leave	US		☒	☐	☒	☒
1005	Basic Hours	BA		☐	☐	☐	☐
1010	Holiday Pay Hours Arrears	BA		☐	☐	☐	☐
1180	Company Closure	CC		☐	☐	☒	☐

The screen can be filtered using the following options:

Field	Description
Search	Use the search feature to find a specific pay code.
Filter	Use the filter button to refine your search. You can filter by, the following, and click Apply to filter the results. • Assigned • Sick Leave • Maternity Code • Absence

Although associated pay codes are added when creating a RTWI template they can be managed using the View Assigned Pay Codes screen. Here you can view and amend the associated pay codes, using the toggles.

Note:

- Once a template is Active and In Use you will no longer be able to delete or edit it.
- A pay code cannot be assigned to multiple templates.

2.2. Create a RTWI Questionnaire

There are 4 steps to creating a RTWI Questionnaire, create the template, add the required sections, enter the required questions within the sections and then configure the question type options. Each step is outlined below:

Step 1 : Create a Template

1. Click **Add**.
2. Enter a **Code** and **Template Name** for your questionnaire.
3. Search for and select the **Pay Code** the questionnaire is to be assigned to.
 - Multiple pay codes can be assigned to a template.
4. Select the **Sign Off** workflow.
5. Turn on the below options, if required:
 - Hide Manager Comments from Employee
 - Require Manager to Acknowledge RTWI Guide
6. Click **OK**.

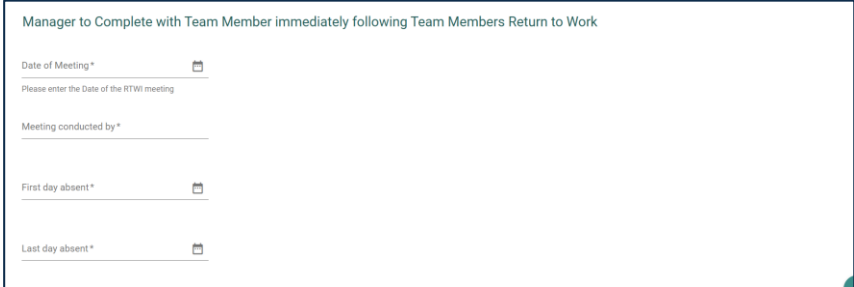

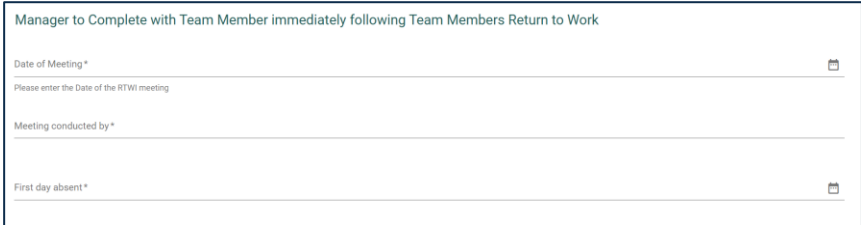

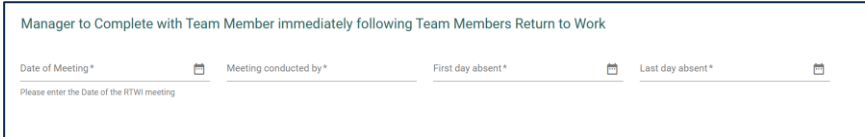

Note: Pay Codes available to select, when creating a RTWI template, are displayed by description only. However, you can use the pay code to select or search for the codes to be assigned to your template.

The screenshot shows a dialog box titled "Add RTWI Template". It contains the following fields and controls:

- RTWI Code***: A text input field.
- Template Name***: A text input field.
- Pay Code**: A dropdown menu with the following options: "3710", "Sick Leave", and "Employee".
- Sign Off***: A dropdown menu with a downward arrow.
- Require Manager to Acknowledge RTWI Guide**: A toggle switch.
- Active**: A toggle switch.
- CANCEL** and **OK**: Buttons at the bottom right.

Step 2: Add Sections to your Questionnaire

To build structure to your questionnaire you can create headings using Sections. There are 3 section types you can select from:

Section Type	Description
Column	This will display the questions within the section in a Column format.  The preview shows a form titled 'Manager to Complete with Team Member immediately following Team Members Return to Work'. It contains four input fields stacked vertically: 'Date of Meeting*' with a calendar icon, 'Please enter the Date of the RTWI meeting', 'Meeting conducted by*', and 'First day absent*' with a calendar icon. The last field is 'Last day absent*' with a calendar icon.
Full	This will display the questions within the section using the full width of the screen, per question.  The preview shows the same form as the Column format, but each input field spans the full width of the container.
Row	This will display the questions within the section in a Row format.  The preview shows the same form as the other two, but the input fields are arranged horizontally in a single row.

To add a Section to your template:

1. Expand the templates 3-dot menu and select **Add/Edit Section**.
2. Click **Add**.
3. Enter a **Section Heading**, a title for your section.
4. Select the relevant **Section Type**, how the question will be displayed.
5. Give the section a description, if required.
6. Click **Save**.
7. Repeat to create as many sections as required.

You can preview how your section will display to users, at any time and if required re-order your sections within the template.

Step 3: Add Questions to your Sections

Once the structure of your questionnaire has been created, you can build out the sections with the required questions. There are a number of question format types available to select from:

Question Type	Description
Numeric Field	Allows users to use the arrows to enter a value or manually enter a value.
Text Field	Allows users to enter a line of Text. Recommended for shorter text responses e.g., a sentence.
Date Field	Allows users to use the calendar to select the relevant date or manually add a date using, format DD-MM-YYYY
Text Area Field	Allows users to enter a block of Text. Recommended for longer text responses e.g., a paragraph.
Dropdown	Allows users to select an option from a list of predetermined values. Only 1 option can be selected.
Dropdown (Ref Data)	Allows users to select an option from a list of predetermined Ref Data values. Only 1 option can be selected.
Toggle	Allows users to turn on a Toggle.
Slider	Allows users to select a value from a sliding scale or manually enter a value.

To add a Question to a Section:

1. Expand the sections 3-dot menu and select **Add/Edit Questions**.
2. Click **Add**.

3. Enter your **Question** and, give it a description if required.
 - The max character length for a question is 1,000 characters.
4. Select the question option **Type**.
5. Click **Save**.
6. Repeat to create as many questions as required for each section.

You re-order your questions within a section, if required.

1	Date of Meeting		Date Field
2	Meeting conducted by		Text Field
3	First day absent		Date Field
4	Last day absent		Date Field

access PeopleXD SAVE

Step 4: Configure your Question Option Types

Once you have created your questions the option types can be formatted to your organisational requirements. The configuration requirements for each option type are listed below:

Note: All option types can be configured to set the field as mandatory, using the **Required** toggle.

Question Type	Configuration
Numeric Field	Allows you to set the Max Value and Min Value for the field. If the min/max values are exceeded, a warning is displayed.
Text Field	Allows you to set the Max Character Length of the field e.g., 50. This will display for users.

Question Type	Configuration
Date Field	Except for setting if this field is mandatory, no further configuration is required.
Text Area Field	Allows you to set the Max Character Length of the field. This will display for users.
Dropdown	Allows you to create a predefined dropdown list of Values. Using List Values, enter the value and click Enter. Repeat for all values required in the dropdown list. To remove a value, click the minus symbol in the pill.
Dropdown (Ref Data)	Allows you to select the reference data to be used in the dropdown option. Only 1 option can be selected.
Toggle	Except for setting if this field as mandatory, no further configuration is required.
Slider	Allows you to set the Max value for the slider e.g., using a sliding scale of 1 to 10, you would enter 10.

To configure your question option types:

1. Expand the questions 3-dot menu and click **Configure**.
2. Depending on the option type selected the configuration options will vary (See the table above for guidance).
3. Enter your configuration requirements.
4. Click **OK**.
5. Repeat for all questions.

2.3. RTWI Guide link

The RTWI guide link is controlled by Admin Settings. For the RTWI guide link to display if you have turned on the *Manager Guide Checkbox* toggle within your template, you will need to update the parameter with your organisations' RTWI guidance URL. To do this:

1. From the *Administrator Dashboard* select **Site Manager**.
2. Open **Admin Settings**.
3. Search for **ct_rtwi_guide_link** and click **Edit**.

4. Enter the guide URL and click **OK**.

Admin Settings
Administrator Dashboard > Admin Settings

Coreportal Parameters

ct_rtwi_guide_link Search Whole Phrase

Parameter Description	Parameter Code	Product Name	Current Value
Link to the Return To Work Interview Guide	ct_rtwi_guide_link	CoreTime	https://examplertwiguide.com/m EDIT

Once the parameter is updated, the Guide Link will display to be reviewed:

[Guide Link](#)

3. Using RTWI Questionnaires – Manager

The *Person Absences* screen allows managers to review or manage existing absences and enter new absences, for employees within your remit.

3.1. The Person Absence Screen

The *Person Absences* screen allows you to view a list of all absences associated to the employee.

Absence Type	Start Date	End Date	Days	AM/PM	Hours	Weeks	Num Docs	Recurrence Id	RTW Interview	Status
Company Closure	04-Aug-2025	08-Aug-2025	0		.00	0.71	0			Approved
Jury Service Leave	06-May-2025	08-May-2025	3		15.00	0.43	0			Approved
Annual Leave	12-Mar-2025	13-Mar-2025	2		10.00	0.29	0			Approved
Sick Leave	17-Feb-2025	19-Feb-2025	3		15.00	0.43	0		Complete	Approved
Annual Leave	11-Feb-2025	13-Feb-2025	3		15.00	0.57	0			Approved

The screen can be filtered using the following options:

Option	Details
Search	Use the search feature to find a specific absence you wish to edit.
Filter	Use the filter button to refine your search. You can filter by, the following, and click Apply to filter the results. • Pay Code • Recurrence Id • RTW Interview • Status • From/To

The *Person Absences* screen contains the following fields:

Field	Details
Absence Type	the absence type.
Start Date	the start date of the absence.

Field	Details
End Date	the end date of the absence.
Days	the duration of the absence, in days.
From/To	the start and end time of the absence, if the <i>Start & End Times on Leave & Absence Screens</i> has been configured.
AM/PM	if the employee has taken a morning or afternoon part day absence.
Hours	the duration of the absence, in hours.
Weeks	the duration of the absence, in weeks
Num Docs	the number of documents attached to the absence.
Recurrence Id	relates to Recurring Absences only. It will display a number which links all related recurring absences to the original.
RTW Interview	the status of the RTW Interview e.g., Outstanding, Manager Pending or Complete.
Status	the status of the absence e.g., Approved, Rejected, Cancelled or Submitted.

From the 3-dot menu of any Absence, you can:

- **View/Edit Absence Details** – gives you access to the Absence Details screen where you can review or edit.
- **Delete Absence** – allows you to delete an absence.
- **View Co-Workers Leave Absence** – opens the Team Calendar for you to be able to review conflicting absences in the team.
- **Weekly Work Schedule** – opens the employees work schedule, for the week.

3.2. Recording an Absence

When you record an absence, it will open the *Absence Details* wizard. This is a 6-step process for adding an absence for an employee. It's accessed when you click **Add Absence** from the Person Absences screen. For further guidance see our [Leave Requests & Absences](#) guide.

When you record an absence for an employee the Absence Details wizard will automatically update to display the relevant RTWI template name, when the leave type is selected.

Continue to record the absence as normal. On reaching the questionnaire, Step 3, the manager can populate the relevant fields and add comments to the questionnaire.

Depending on the template workflow there are two options here:

1. **Employee & Manager Sign Off** - Under the **Manager Sign Off** section a RTWI Date must be added for the RTWI, and if enabled on the template, the checkbox ticked to acknowledge you have read the RTWI guide. To send the RTWI questionnaire to the employee to be reviewed and Signed Off, the **Send to Employee** toggle must be turned on and the Absence Saved.

Note: There is no employee sign off required with the *Manager Sign Off workflow*. The employee will be able to view the RTWI once complete via the RTWI widget. RTWI questionnaire is read-only, the employee can not edit.

3.3. To Sign Off a RTWI

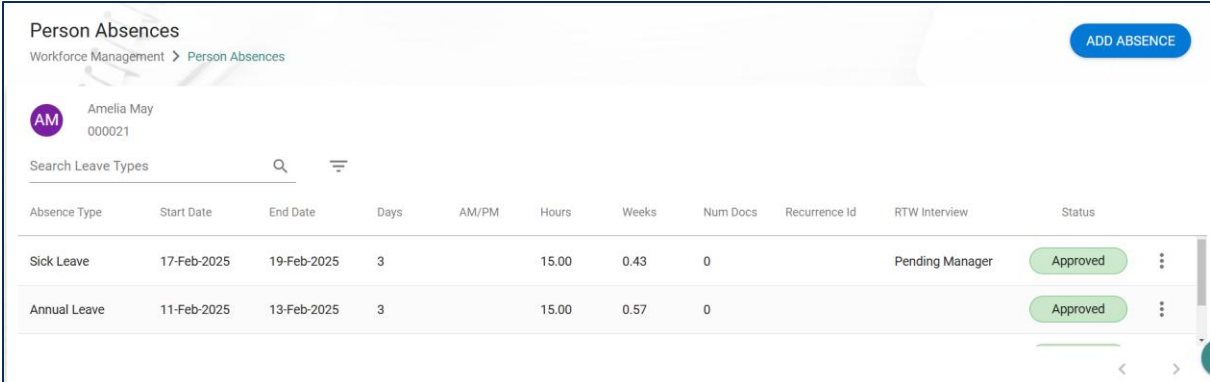

If the template has been created using the *Employee & Manager Sign Off workflow* option then once the employee has signed-off the RTWI, the manager will receive a **Return To Work Questionnaire – Action Required** notification.

Return to Work Questionnaire - Action Required

Employee Amelia May, 000021 Has Signed Off The Return To Work Interview Form For Sick Leave - 17-Feb-2025 To 19-Feb-2025.

OK

To action the RTWI access the **Person Absences** screen for the employee. The absence will display as Approved and Pending Manager.

Person Absences
Workforce Management > Person Absences

ADD ABSENCE

AM Amelia May
000021

Search Leave Types

Absence Type	Start Date	End Date	Days	AM/PM	Hours	Weeks	Num Docs	Recurrence Id	RTW Interview	Status
Sick Leave	17-Feb-2025	19-Feb-2025	3		15.00	0.43	0		Pending Manager	Approved
Annual Leave	11-Feb-2025	13-Feb-2025	3		15.00	0.57	0			Approved

To sign-off a RTWI Interview questionnaire:

1. Expand the absence 3-dot menu and click **View/Edit Absence Details**.
 - The RTWI questionnaire will display, this is read-only and cannot be edited.
2. Navigate to the questionnaire, Step 3, and scroll to the **Manager Sign Off** section.
3. **Turn on** the *Sign Off – Manager* toggle.
4. Click **Save**.

The absence will now display on the Person Absence screen, for the manager, and RTWI widget, for the employee, as Complete.

4. Using RTWI Questionnaires – Employee

The Return to Work Interviews widget, once enabled, will allow employees to be able to track, review and sign off their return to work questionnaires.

4.1. Grant User Access

To enable the Return to Work Interviews widget and functionality the below menu options will need to be enabled on the relevant Employee profile e.g.: Coreportal_Employee

Menu Option	Menu ID	System
Coreportal - RTWI employee widget	MAIN_MENU.RTWI_EMP_WIDGET	Core Portal
Get settings returntowork	WS_ROSTER_MENU.GET_SETTINGS_RETURNTOWORK	Web Services
Get settings returntowork employee	WS_ROSTER_MENU.GET_SETTINGS_RETURNTOWORK_EMPLOYEE	Web Services
Get settings returntowork form	WS_ROSTER_MENU.GET_SETTINGS_RETURNTOWORK_FORM	Web Services
Get settings returntowork question	WS_ROSTER_MENU.GET_SETTINGS_RETURNTOWORK_QUESTION	Web Services
Get settings returntowork section	WS_ROSTER_MENU.GET_SETTINGS_RETURNTOWORK_SECTION	Web Services

4.2. Add the RTWI Widget to a Dashboard

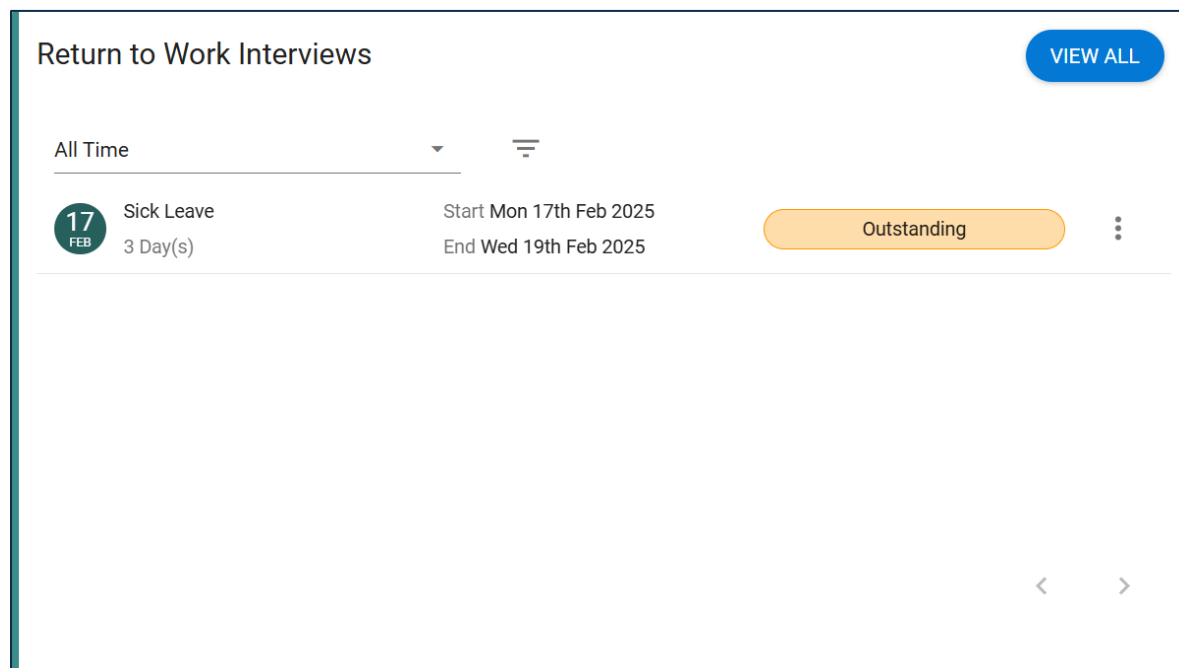

Once enabled the Return to Work Interviews widget can be added to the Employee Dashboard.

To do this:

- Select **Dashboard Configuration** from the quick jump menu.
- Under *Select Dashboard* select **Employee Dashboard**.
- Under *Dashboard Tabs* select **Time**.
- Now under the *Tab Widgets* search for **Return to Work Interviews** and **Activate** the toggle.
- The return to work interviews widget is now enabled for all employees.

4.3. The RTWI Widget

The RTWI widget allows employees to view and manage their RTWI questionnaires.

The widget can be filtered using the following options:

Field	Description
Dropdown	Use the dropdown menu to filter the RTWI's displayed by: • Last Month • Last 3 Months • Last 6 Months • Last 12 Months • All Time
Filter	Use the filter button to refine your search. You can filter by, the following, and click Apply to filter the results. • Status – there are 3 status options available to select: ○ Complete – RTWI completed and signed off by both Employee & Manager ○ Outstanding – RTWI requires employee action, sign off. ○ Pending Manager – RTWI has been signed off by employee, awaiting manager sign off.

Field	Description
	• Pay Code – all pay codes associated to RTWI assigned will be available to select.

The **View All** button will display all RTWI's their type, dates, RTWI date, Manager and Status. RTWI's can be viewed and actioned from this screen.

4.3.1. To Sign Off a RTWI

To sign-off a RTWI questionnaire from the RTWI widget:

1. Expand the 3-dot menu of an *Outstanding* RTWI and click **View**.
 - The RTWI questionnaire will display, this is read-only and cannot be edited.
2. Review the details.
3. Under the *Employee Sign Off* **tick the checkbox** to acknowledge the details are correct.
4. **Turn on** the *Sign Off - Employee* toggle.
5. Click **Save**.
6. The status of the RTWI will display as Pending Manager.

Once the Manager has signed off the RTWI the status of the RTWI will update to Complete.

5. Insight Reporting

5.1. Rtwi Access (Time)

The view **Rtwi Access (Time)** will display a log of who has viewed RTWI forms. This will return the follow data for you to use when designing your reports:

- Absence Number
- Access Date and Time
- Manager Name
- Pay Code
- Person Reference
- Access Date
- Appointment ID
- Manager Reference
- Person Name
- RWTI Code

Additionally, a parameter to drive this functionality must be enabled in General Settings.

To do this:

1. From the *WFM Admin Dashboard* select **WFM Configuration**.
2. Search for and select the **General Settings** tile.
3. Turn on the **Record Return To Work Interview Viewing** toggle.
4. Click **Save**.

The screenshot shows the 'General Settings' page in the WFM Admin Dashboard. The 'Record Return To Work Interview Viewing' toggle is highlighted with a red box and is turned on. Other settings include Appointment Days (365), Year End Limit (220), Claim Process Code, Timesheet Input, Planned End Date, Confirm Historical Hours, Output Additional Contract Information, Work Group, Update Claims History On Release To Payroll, Populate Work Schedule View, Advanced Period Transfer Historical Hours, Bonus Calculation at Appointment Level, Enable Overlapping Leave and Absence, Overlapping Absence Restriction (10), Start & End Times on Leave & Absence Screens, Display Start & End Times, Updates Allowed, Updates Allowed - Validate to Schedule, and Use Start/End Times to Calc Duration* (Yes (Deduct Unpaid Breaks)). A green SAVE button is at the bottom right.

To report on RTWI Viewing, from the Insight Dashboard:

1. Select **Home**, then expand the Actions button and click **Create Report**.
2. Select the **Format** of your report and give it a **Name**, then click **OK**.

3. From *Select a Setting*, select **Columns**.
4. From *ADD*, select **Column**.
5. From *Filter Columns By View*, select **Rtwi Access (Time)**.
6. Select the required items to include in your report.
7. Once happy, click **OK**.
8. To display the report, click **Refresh Data** or enable the **Auto refresh on all changes** toggle.

5.2. Rtwi Answers (Time)

The view **Rtwi Answers (Time)** holds questions and answers for each Return to Interview template. This will return the follow data for you to use when designing your reports:

- Absence Number
- Rtwi Code
- Question 1 to 100
- Person Reference
- Answer 1 to 100

To access this view the following menu option must be enabled on the relevant user profile. This is included in the menu profile **WFM_ RTWI_ADMIN**.

Menu Option	Menu ID	System
CorePortal - Workforce Management Admin	MAIN_MENU.WRKMGMTADMIN	CorePortal

5.3. General RTWI Reporting

For general RTWI reporting, several data fields have been added to the Insight view **Person Absence Details (Time)**:

- Rtw Interview Narrative
- Rtwi Manager
- Rtwi Sent by Manager
- Rtwi Status
- Rtwi Code
- Rtwi Manager Sign Off Date
- Rtwi Sent by Manager Date

For further guidance on how to use Insight, check [PeopleXD Insight User Guide Library](#).

6. Menu Options

The Menu profiles **WFM_RTWI_ADMIN**, **WFM_RTWI_MGR** and **WFM_RTWI_EMP** have been created to provide users full access to Return to Work Interview Templates. You can [assign this menu profile to users](#) or import the menu options to an existing menu profile.

6.1. Importing Menu Options

1. Navigate to the **Security Dashboard** and select the **Menu Profiles** tab.
2. Search for the existing menu profile e.g.: Coreportal_Admin.
3. Expand the 3-dot menu and select **Import Menu Options**.
4. Select **From existing Menu Profile** and click **OK**.
5. Search for the menu profile **WFM_RTWI_ADMIN**.
6. Review the confirmation message.

Once imported, the menu options and webservices are assigned to the existing menu profile.

6.2. Access for Administrators

Get settings returntowork form	WS_ROSTER_MENU.GET_SETTINGS_RETURNTO WORK_FORM	Web Services
Update settings returntowork employee	WS_ROSTER_MENU.PATCH_SETTINGS_RETU RNTOWORK_EMPLOYEE	Web Services

7. FAQs

To support you with the return to work interview feature, we have collated the most common questions you've asked us:

Question	Answer
Can I tracked who last made changes to a RTWI template?	Yes, the <i>Return To Work Interview</i> screen displays the user who Last Modified the template.  Note: Once a template is Active and In Use you will no longer be able to delete or edit it.
When can I delete a template?	Delete is only available on an Inactive template.
Can I assign multiple pay codes to a template?	Yes, a template can have multiple pay codes assigned.  Note: A pay code can only be assigned to one template. Once a pay code is linked to a template it will not be available for selection again.
Can an employee edit a RTWI template?	No. When the employee receives the template it is in read only mode and require them to sign off. Once a RTWI is completed it is all read only.
Can an employee delete an RTWI template?	No
What happens when a manager creates an absence and selects a pay code that isn't linked to a template?	The existing RTWI functionality will be displayed.
Can I change the label on the Manager comment box	Yes, there are two possible labels, they are both now language packed: • Manager Comments (This will not be visible to the employee) • Manager Comments (This will be visible to the employee)
How many questions can be added to a template?	The maximum number of questions that an administrator can add to a single RTWI template is 100.
