1. Overview

1.1. Purpose of the Guide

The purpose of this document is to provide guidance on how to use and configure the *Roster Details Roll Up* feature in *CoreHR*.

This includes:

- What is *Roster Details Roll Up*?
- *Roster Details Roll Up* examples
- How to configure *Roster Details Roll Up*

1.2. Roster Details Roll Up

1.2.1. Overview

This feature allows you to *Roll Up* an employee's roster rows to a single row per shift, on the *Roster Details - Week* view screen.

By default, when an employee is rostered across different variables in a week, this splits the employee across multiple rows on the *Roster Details* screen. This means there may be multiple rows per employee, each for their:

- Rostered team areas
- Rostered shift types
- Rostered qualifications

The below screenshot details an employee working across two different qualifications within the one week. This means the employee has two rows on the *Roster Details* screen.

Roster V28: Roster Details Roll Up - User Guide

Roster Details					London 29 Apr 19 - 05 May 19						
Group By					Mon 29th	Tue 30th	Wed 1st	Thu 2nd	Fri 3rd	Sat 4th	Sun 5th

1.2.2. Roll Up Mode – Extra Display Item

During this *Roll Up*, the rostered *Qualifications*, *Team Areas*, and *Shift Types* are not displayed in the information/detail columns to the left of the screen. This is because a single *Team Area* or *Qualification* is not applicable to the entire merged row.

Roster Details					London 29 Apr 19 - 05 May 19

Roster V28: Roster Details Roll Up - User Guide

However, when in *Roll Up* mode, you can choose to display one of the following *Extra Display Items* alongside the shift start and end time in the roster box:

- None (default, if you are not using Attributes)
- Qualification
- Team Area
- Attribute (default, if you are Attributes)

In the below example, *Qualification* has been selected to display as the *Extra Display Item*.

Roster Details							
Group By		London				29 Apr 19 - 05 May 19

1.2.3. Roll Up Mode – Group By

Note:

The 'Group By' functionality on the Roster Details screen for Team Area, Qualification and Attribute will be grouped per shift. All other items that are in the 'Group By' dropdown are associated at an employee level rather than day level. For example if the screen is grouped by Location this will group the employees under the Location that is assigned to them at an employee level.

When in *Roster Roll Up* view, it is still possible to *Group By* the following items:

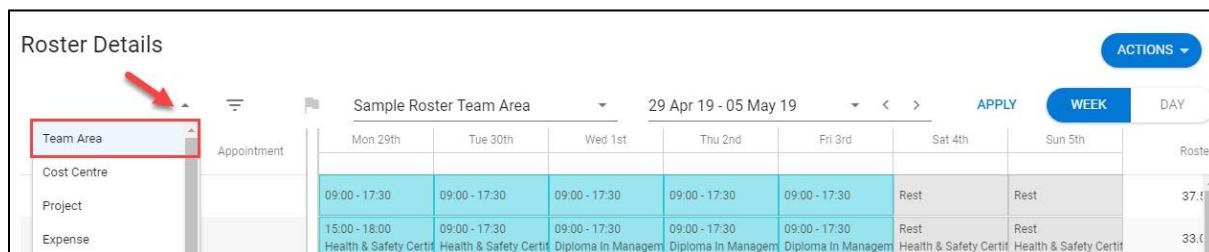

- Team Area
- Cost Centre
- Project
- Expense
- Location
- Work Group
- Department
- Job Title
- Position

Roster V28: Roster Details Roll Up - User Guide

- Category
- Appointment

For example, to group by *Team Area*:

1. Select 'Team Area' from the *Group By* drop-down list.

Roster Details

Sample Roster Team Area 29 Apr 19 - 05 May 19

	Mon 29th	Tue 30th	Wed 1st	Thu 2nd	Fri 3rd	Sat 4th	Sun 5th	Roster
Team Area								
Cost Centre								
Project								
Expense								

The *Roster Details* screen now groups the employees by *Team Area*.

Christine Walker		09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	Rest	Rest	37.5
Claire Atkinson		09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	Rest	Rest	37.5
Claire Burton		09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	Rest	Rest	37.5
Darren Bailey		09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	09:00 - 17:30	Rest	Rest	37.5

Note:

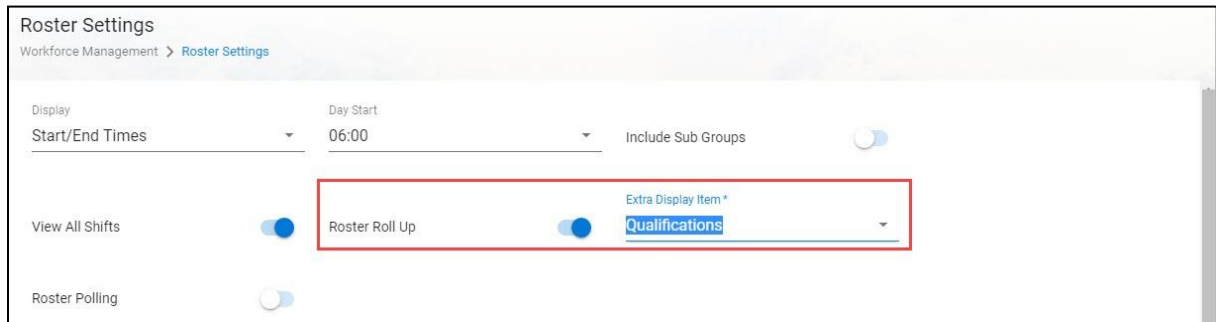

It is not possible to *Group By Qualification* when in *Roll Up* mode. Therefore, *Qualification* is not available from the *Group By* drop-down list when in *Roll Up* mode. To *Group By Qualification*, turn off the *Roster Roll Up* mode, then *Group By Qualification*.

2. Roster Details Roll Up Example

2.1. Roster Roll Up Mode

2.1.1. Roll Up Mode – Filter Options

Once the *Roster Roll Up* feature is enabled globally, it is possible for managers and administrators to *Roll Up* the *Roster Details* screen and define an *Extra Display Item* as needed.

This is detailed in the examples in the following sections of this document.

2.1.2. Roll Up Mode – Off

In this example, you can see that 3 employees are working across different *Qualifications* within the week. Therefore, the system has created a row per *Qualification*, per employee.

The screenshot below details employees working across different *Qualifications* within the week. You can see that there are multiple rows per employee.
