Document Control

Version	Date	Author	Details
1.0	22/01/2020	Rory Coakley	Published to Access LMS
1.1	30/04/2025	Georga Edwards	QOL update and LMS/PXD integration

1. Overview

1.1. Purpose of Document

This document is intended for use by administrators. Its purpose is to provide guidance on the event diary functionality. Items covered include:

- Accessing the Event Diary
- Event administration
- Viewing events
- Configuration
- Reporting via Insight

1.2. Functionality Overview

Administrators can add and manage events on People XD. Example events may include a company day, a fire drill, Christmas events or training, etc.

Managers can view planned events that may affect their staffing requirements, for example, any events that may affect their team area, from a rostering or time and attendance perspective.

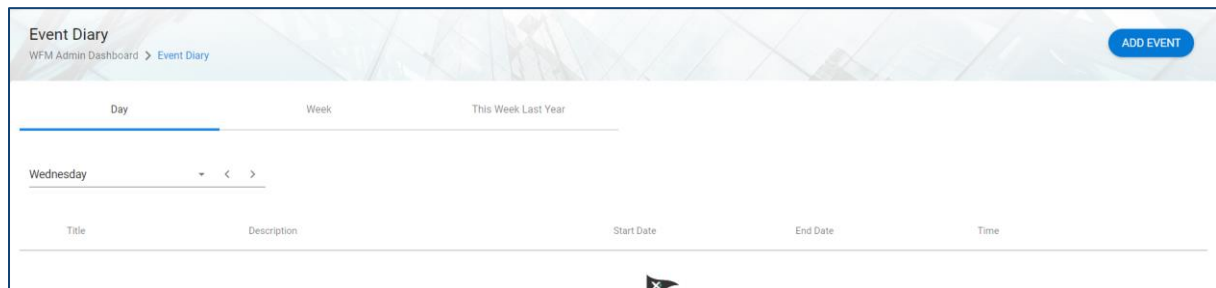

Events are visible from the following screens:

- Roster Details
- Team Calendar
- Employee Calendar
- Team Scheduler
- Leave Request

2. The Event Diary

From the Event Diary screen Administrators can add, edit and delete events to be viewed within the organisation. To access the Event Diary screen:

1. Navigate to the *WFM Admin Dashboard* and select **WFM Configuration**.
2. Search for and select the **Event Diary** tile.
3. The Event Diary screen displays.
 - This will display all existing events created.

2.1. Add an Event

To add an event, from the Event Diary screen:

1. Select **Add Event**
 - This will open the Event Diary wizard.
2. In *Step 1 - Details*:
 - Enter the **Event Title** and **Description**.
 - Select the **Start & End** Dates.
 - Enable the All-Day Event toggle **OR** specify the Start and End times from the drop-down list.
 - Select **Upload**, to upload an image for the event.
 - Then click **Next** to move to Step 2 or click **Access**.

The screenshot shows the 'Edit Event' form in the 'Details' step. The breadcrumb trail is 'WFM Admin Dashboard > Event Diary > Edit Event'. The form fields are: 'Title*' with the value 'Manual Handling Course'; 'Event Description*' with the value 'This is a 2 day Manual Handling awareness course, to be held on site - room 121'; 'Start Date*' with the value '12-Jun-2024'; 'End Date*' with the value '13-Jun-2024'; and 'All Day Event' which is a toggle switch currently turned on. There is an 'UPLOAD' button in the top right and a 'NEXT' button in the bottom right. The 'access PeopleXO' logo is at the bottom center.

3. In Step 2 - Access.

- Here you can grant multiple access level viewing, for example Team Area, Org Roles and Companies.
- Select who should see the event using the relevant **Access** toggle(s).

The screenshot shows the 'Edit Event' form in the 'Access' step. The breadcrumb trail is 'WFM Admin Dashboard > Event Diary > Edit Event'. The form has three tabs: 'Company', 'Team', and 'Org Role'. The 'Company' tab is active, showing a search bar with the value '7203' and a magnifying glass icon. Below the search bar is a table with one row: 'Unit Test Company 7203'. To the right of the table is an 'Access' toggle switch, which is currently turned on. There are 'PREVIOUS' and 'SAVE' buttons at the bottom right. The 'access PeopleXO' logo is at the bottom center.

4. Click **Save**.

5. The Event displays on the *Event Diary* Screen.

- From the 3-dot menu of an Event you can **Edit** or **Delete**.

2.1.1. Edit Events

To edit an event existing event.

1. From the Event Diary screen.
2. Navigate to the week in which the event is being held.
3. Expand the 3-dot menu of the relevant Event and select **Edit**.
4. The event wizard opens, where you can make the required changes.
5. Click **Save** to capture changes.

2.1.2. Delete an Events:

To delete an existing event.

1. From the Event Diary screen.
2. Navigate to the week in which the event is being held.
3. Expand the 3-dot menu and select **Delete**.
4. A confirmation message displays.
 - By clicking **Yes**, the event is permanently deleted.

2.2. Viewing Events

Events are visible from multiple screens within PeopleXD.

2.2.1. Team Calendars

You can access the Team Calendar Screen using either the Employee Dashboard, Workforce Management Dashboard or the WFM Admin Dashboard. See our [Team Calendars](#) guide for further details.

Hover over the relevant cell to view details of the event. Team Calendars Configuration controls the data presented to employees and managers when viewing Team Calendars.

2.2.2. Employee Calendars

You can access the Employee Calendars Screen using either the Employee Dashboard, Manager Dashboard, Workforce Management Dashboard or the WFM Admin Dashboard. See our [Employee Calendars](#) guide for further details.

Hover over the relevant cell to view details of the event. Employee Calendars Configuration controls the data presented to employees when viewing the Employee Calendars

APPLY WEEK DAY

Name	Appointment	Tue 9th	Wed 10th	Thu 11th	Fri 12th	Sat 13th	Sun 14th
			1 Event				

To view an event from the *Roster Details* screen:

1. Navigate to the *Workforce Management Dashboard* and select **Roster Details**.
2. Click the Event Icon.
3. The *Event Diary* screen opens for review.
4. If the required access level is granted, you can also complete the following, from this screen: Add, Edit or Delete an event.

2.2.4. Interface Values

The event diary can be accessed from the *Interface Values* screen. To view an event from the *Interface Values* screen.

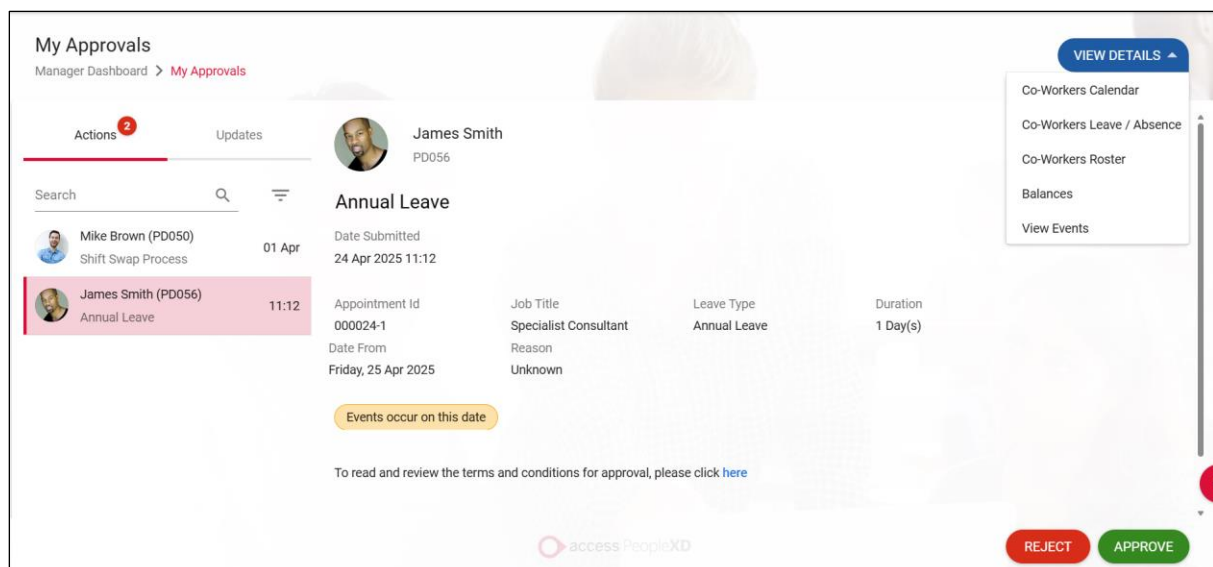

1. Quick jump to *Interface Values*.
2. From the *Actions* menu select **View Events**.

3. The event is displayed on the *Event Diary* screen for review.
4. If the required access level is granted, you can also complete the following, from this screen: Add, Edit or Delete an event.

2.2.5. Leave Requests

From the View Details menu within My Approvals notifications you can select **View Events**, if an event that is attached to the employee's *Team Area* or its parent *Team Area* falls on a day within the requested leave period.

- *My Approvals* displays any events that occur within the dates of the leave request.
- If the leave request spans multiple days, all events display for the date range.

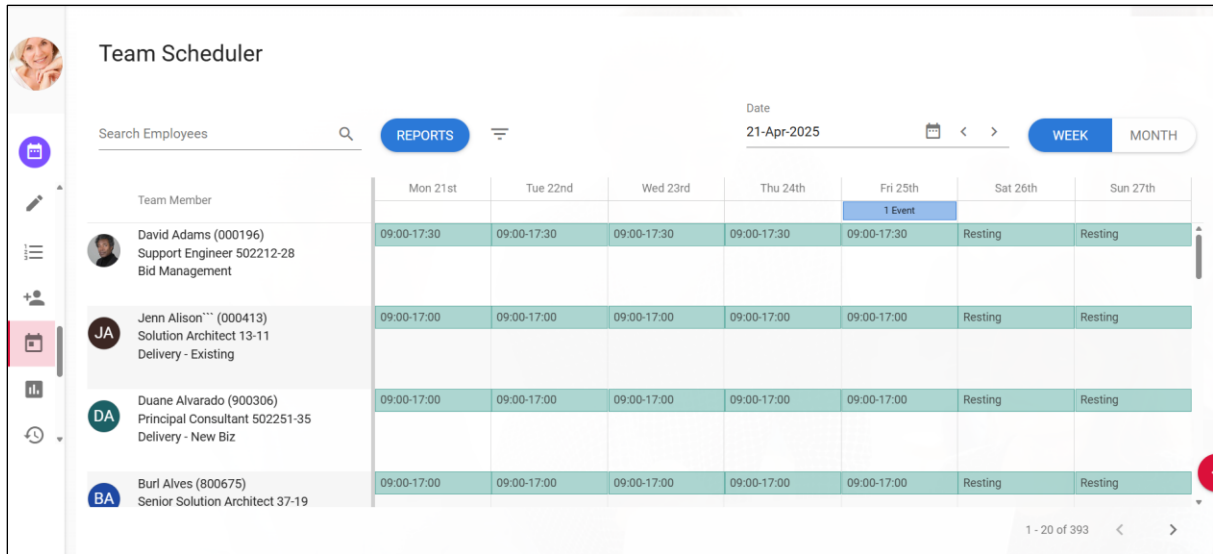

To view an event from the *Leave Requests Approval* screen.

1. Access the leave request via Notifications or My Approvals Notifications widget.
2. Select the relevant Leave Request.
3. Here you can see that, an *Event* occurs on the day of the annual leave request.
4. Expand the *View Details* menu and select **View Events**.
5. The Event Diary opens where the event can be reviewed.
6. If the required access level is granted, you can also complete the following, from this screen: Add, Edit or Delete an event.

2.2.6. Team Scheduler

Events will display in Team Scheduler, if the relevant access has been assigned e.g., Company level. The day is flagged with an *Event* icon.

To view an event from the *Team Scheduler* screen.

1. Click the **Event** button.
2. The Event Diary opens where the event can be reviewed.
3. If the required access level is granted, you can also complete the following, from this screen: Add, Edit or Delete an event.

3. Insight Reporting

3.1. View Name

The view **Cp Event Diary** will return the follow data for you to use when designing your reports:

- Created By
- All Day
- Description
- End Date
- End Time
- Event ID
- Org Role
- Org Group
- Photo ID
- Start Date
- Start Time
- Title
- Access Value
- Access Value Name
- Created By Name
- Org Group Name

To report on events, from the Insight Dashboard:

1. Select **Home**, then expand the Actions button and click **Create Report**.
2. Select the **Format** of your report and give it a **Name**, then click **OK**.
3. From *Select a Setting*, select **Columns**.
4. From *ADD*, select **Column**.
5. From *Filter Columns By View*, select **Cp Event Diary**.
6. Select the required items to include in your report.
7. Once happy, click **OK**.
8. To display the report, click **Refresh Data** or enable the **Auto refresh on all changes** toggle.

For further guidance on how to use Insight, check [PeopleXD Insight User Guide Library](#).

4. Menu Options

The following menu options need to be enabled, on the relevant user profile, to access the Event Diary functionality.

4.1. Access for Administrators

The table below details the menu option required for Administrator access to the **Event Diary** functionality.

Menu Option	Menu ID	System
CORE PORTAL	MAIN_MENU.CORE_PORTAL_ADMIN_EVENTS	CorePortal
ADMINISTRATION - EVENTS ADMINISTRATION	Makes the Event Diary tile appear on the <i>WFM Admin Dashboard</i> under <i>Roster Configuration Settings</i> , allowing the configuration of events.	
Events - Event Diary	COMPANY_MENU.EVENT_DIARY	CorePortal
	Makes the event diary function appear on the following screens: - Roster Details - Interface Details - Leave Request - Team Scheduler - Employee Calendar - Team Calendar This will be in view only mode unless the user has access to the menu option to add an event outlined below.	
Events - Access - Add Event	MAIN_MENU.EVENT_ADD	CorePortal
	Switches on the ability for administrators to complete the following event diary actions: Add, Edit & Delete.	
Events - Access - Company	MAIN_MENU.EVENT_COMPANY	CorePortal
	Switches on the ability to add an event at a company level.
