1. Overview

1.1. Purpose of the Guide

This document outlines how to access and manage the Weekly Timesheet Configuration screen. The screen enables Administrators to configure what payroll timesheet information will be displayed to employees, once generate timesheet is processed for that period.

Benefits include:

- Employee can see their payroll timesheet information with WFM, for the period.
- Employee, managers and administrators can view the number of hours worked against which pay code, for that period.
- Option available to display the payslip pay code description. If pay code description is different to that set up in Payroll.
- Available in Portal and Native App.
- Menu Profile Driven.

2. The Weekly Timesheet Configuration Screen

2.1. Access the Weekly Timesheet Configuration Screen

The *Weekly Timesheet Configuration* screen is menu security driven, see section [4. Menu Options](#) for further guidance and once enabled the screen can be found in the WFM Admin Dashboard.

1. Go to the *WFM Admin Dashboard* and select **WFM Configuration**.
2. Search for and select the **Weekly Timesheet Configuration** tile.

Once you have accessed the Weekly Timesheet Configuration screen, it will display three additional information fields and an option to enable payslip pay code description.

The *Weekly Timesheet Configuration* screen contains the following fields:

Option	Details
Additional Information Line 1	Use the dropdown menu to select the additional information to display on the weekly timesheet screen, in Portal and the Native App.
Additional Information Line 2	Use the dropdown menu to select the additional information to display on the weekly timesheet screen, in Portal and the Native App.
Additional Information Line 3 (Portal Only)	Use the dropdown menu to select the additional information to display. This line of information will ONLY be displayed on Portal.
Use Payslip Pay Code Description	Enable, to display the WFM pay code descriptions.

Once you have made your selection, click **Save**.

3. The Weekly Timesheet Screen

When the generate timesheet process is run for the period users, with access, can view the Weekly Timesheet screen. For further guidance on Generate Timesheets process, see our [guide](#).

Admins & Managers can view Weekly Timesheet from:

- Person Maintenance

Employees can view Weekly Timesheets from:

- My Calendar widget
- My Calendar

3.1. Weekly Timesheet – Native App

The Weekly Timesheets are accessed via the Calendar screen. The calendar screen is accessed via the side navigation menu.

For users accessing the *Weekly Timesheet* function via the *Native App*, no further configuration is needed to the existing Portal set up. Functions available on the Timesheets feature via Portal carry over to the Native App.

To allow access to the Weekly Timesheet function on the Native App, you will need to enable the menu options outlined in [Section 4.1.4 Native App](#) on your relevant Menu Profile.

4. Menu Options

Three menu options have been created for the relevant level of access required:

- **Weekly Timesheet Admin**
- **Weekly Timesheet Manager**
- **Weekly Timesheet Employee**

To import the relevant menu option to an existing menu profile, follow the steps below:

1. Navigate to the **Security Dashboard** and select the **Menu Profiles** tab.
2. Search for the existing menu profile e.g.: Coreportal_Admin.
3. Expand the 3-dot menu and select **Manage Menu Options**.
4. Search for the menu option e.g., Weekly Timesheet Admin.
5. Enable the option.

Once enabled the menu option and associated webservices are assigned to the assigned menu profile e.g., Coreportal_Admin.

4.1. Menu Options

The following menu options need to be enabled, on the relevant menu profile, for users to access the Weekly Timesheet screen.

4.1.1. Admin

Menu Option	Menu ID	System
Weekly Timesheet Admin	PERSON_MAINT_ADM_MENU.WEEKLY_TIME_SHEET_ADMIN	CorePortal

By enabling Weekly Timesheet Admin, the following child menu options are enabled.

Menu Option	Menu ID	System
Get openperiod	WS_TIMESHEETS_MENU.GET_OPENPERIOD	Web Services
Get openperiod Proxy (Entire Organization)	WS_TIMESHEETS_MENU.GET_OPENPERIOD_PROXY	Web Services

Menu Option	Menu ID	System
Get settings weekly	WS_TIMESHEETS_MENU.GET_SETTINGS_WEEKLY	Web Services
Update settings weekly	WS_TIMESHEETS_MENU.PATCH_SETTINGS_WEEKLY	Web Services
Get weekly	WS_TIMESHEETS_MENU.GET_WEEKLY	Web Services
Get weekly Proxy (Entire Organization)	WS_TIMESHEETS_MENU.GET_WEEKLY_PROXY	Web Services
Get weekly additional	WS_TIMESHEETS_MENU.GET_WEEKLY_ADDITIONAL	Web Services
Get weekly additional Proxy (Entire Organization)	WS_TIMESHEETS_MENU.GET_WEEKLY_ADDITIONAL_PROXY	Web Services
