1. Overview

1.1. Purpose of the Guide

The purpose of this document is to provide guidance on how to configure an organisation.

Items covered include:

- How to add an Organisation.
- How to edit an Organisation.
- How to duplicate an Organisation.
- How to delete an Organisation.

1.2. What is an Organisation Code?

An organisation may be made of one or more individual companies which operate independently of each other. To distinguish between the different companies and how they operate for payroll, each organisation can configure multiple companies, with unique company codes.

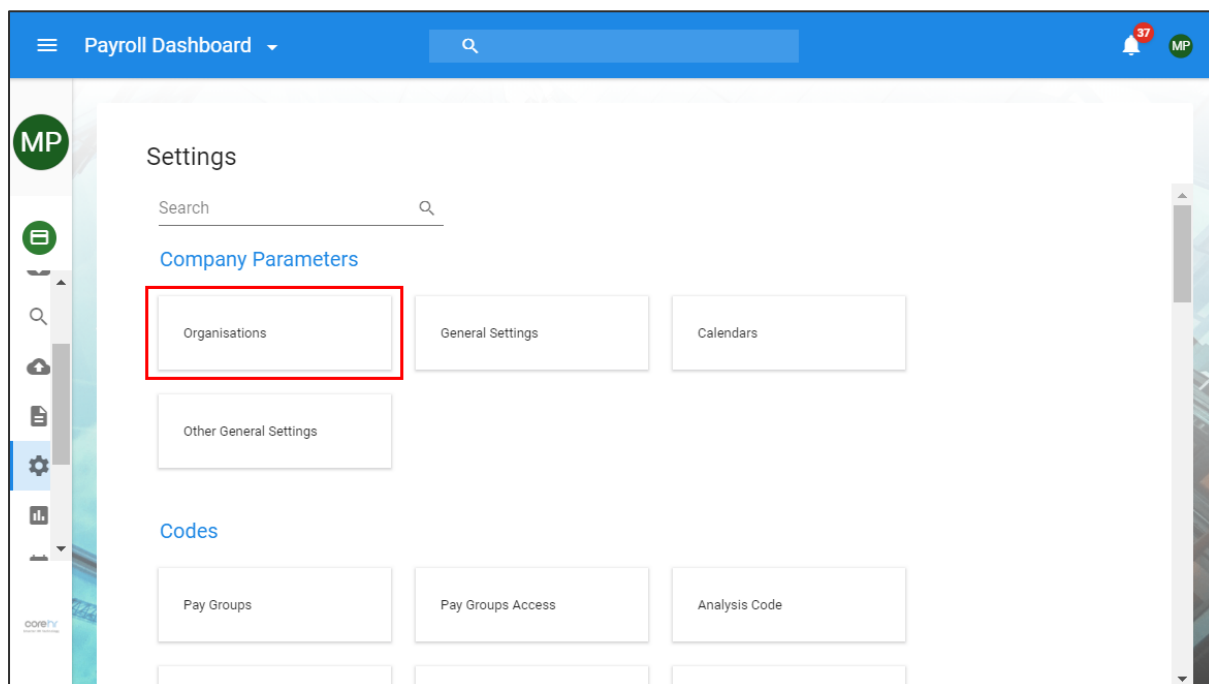

Organisations and their individual companies are also linked directly to pay groups. Each company may have multiple pay groups configured. To have access to a pay group, you must also have access to the company.

2. Provide Access to Organisation Configuration

2.1. Access to Organisations on the Settings Tab

The following menu option is required for an employee to access the *Organisations* screen from the Settings tab.

System	Menu Option
CorePortal Pay	Settings – Organisations

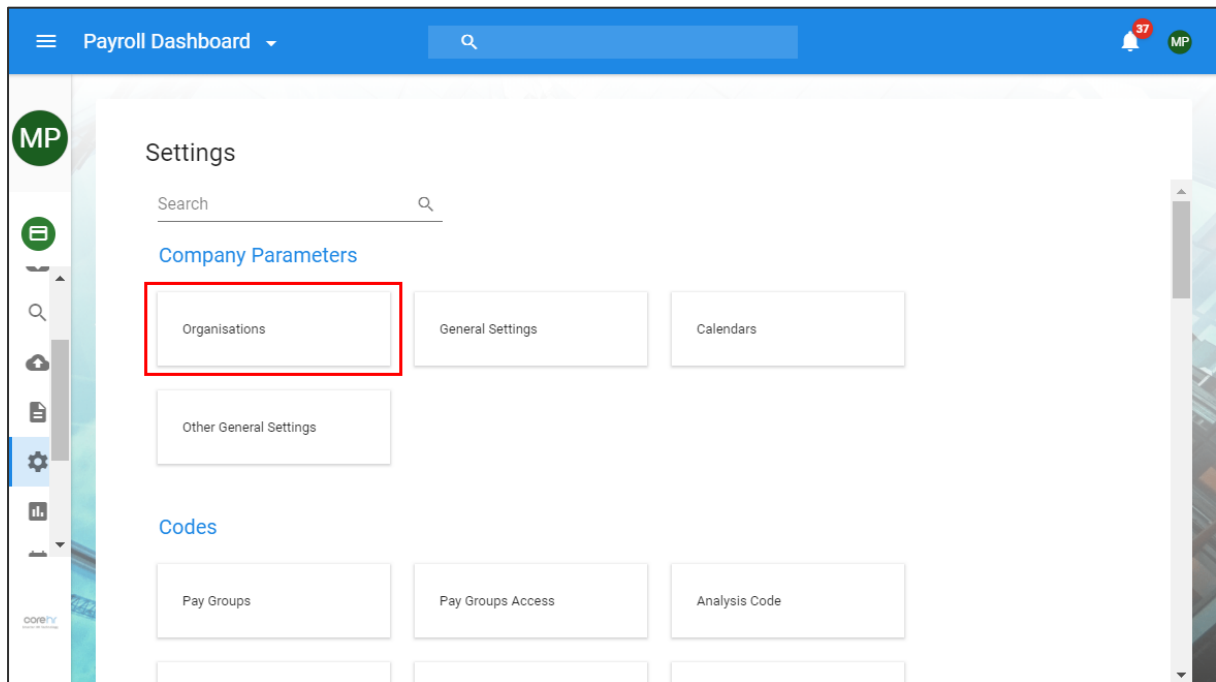

Status	Impact
Enabled	The user will have full view and edit access to the <i>Organisations</i> screen.
Disabled	The user can still access the screen, but a 'You do not have access to this screen' message will be displayed.

3. Maintain Organisations

To add, edit, copy or delete an Organisation: Go to:

Settings > Company Parameters > Organisations

The following organisation details can be configured or maintained:

- Name
- Address/Contact Details
- Company Registered Number
- Revenue Details
- Pay Periods
- Associated Pay Codes
- Bank Details
- Payroll Calendar

3.1. Add a Company

To add a new Company:

1. Go to: *Settings > Company Parameters > Organisations*.
2. Click the blue **Add** button.
3. Complete all relevant fields. Mandatory fields are marked with a red asterisk.
4. Type a company code in the Code field (Max. 40 Characters).
5. Add a company address.

- Click the green **Save** button.
- Further optional information can be configured for the company using the *Select Detail* drop-down menu

The screenshot shows the 'Organisations' configuration page. On the left, there are input fields for 'Code' (set to 1115), 'Name' (Anvils LTD), and 'Address' (10 Main Street, Chesington Hills, Bretherington). On the right, a 'Select Detail' dropdown menu is open, displaying a list of options: 'Choose', 'Payroll Parameters' (which is highlighted in blue), 'Payroll Calendar', 'Miscellaneous', 'Parameters', and 'Bonus Parameters'.

3.2. Edit a Company

Note:

Company details should not be edited mid during a payroll run.

To edit a Company:

1. Go to *Settings > Company Parameters > Organisations*.
2. Select a company from the code drop-down menu and press enter / tab.
3. Click on the field to be amended.
4. Overwrite the current data with the new required data or add additional data, i.e. Change Address in the event of a company moving premises.
5. Click the green **Save** button.

3.3. Copy a Company

This is often used when creating a new company and most of the company's details are similar, to an existing record on CoreHR. This cuts down on the processing time as you may only need to amend a few fields, i.e. Company Code, Contact Details etc.

To copy a Company:

1. Go to: *Settings > Company Parameters > Organisations*.
2. Select a company from the *Company* drop-down menu and press enter / tab.
3. Click the **Copy Company** button at the bottom of the screen.
4. Type a new *Company Code* for the duplicated company.
