1. Overview

1.1. Purpose of the Guide

The purpose of this document is to provide an overview of the employee records and the *Personal Profile* section on the *People Management* dashboard on CorePortal.

These screens are used by hr administrators to access and amend some of the employees' personal details and contracts on People Management.

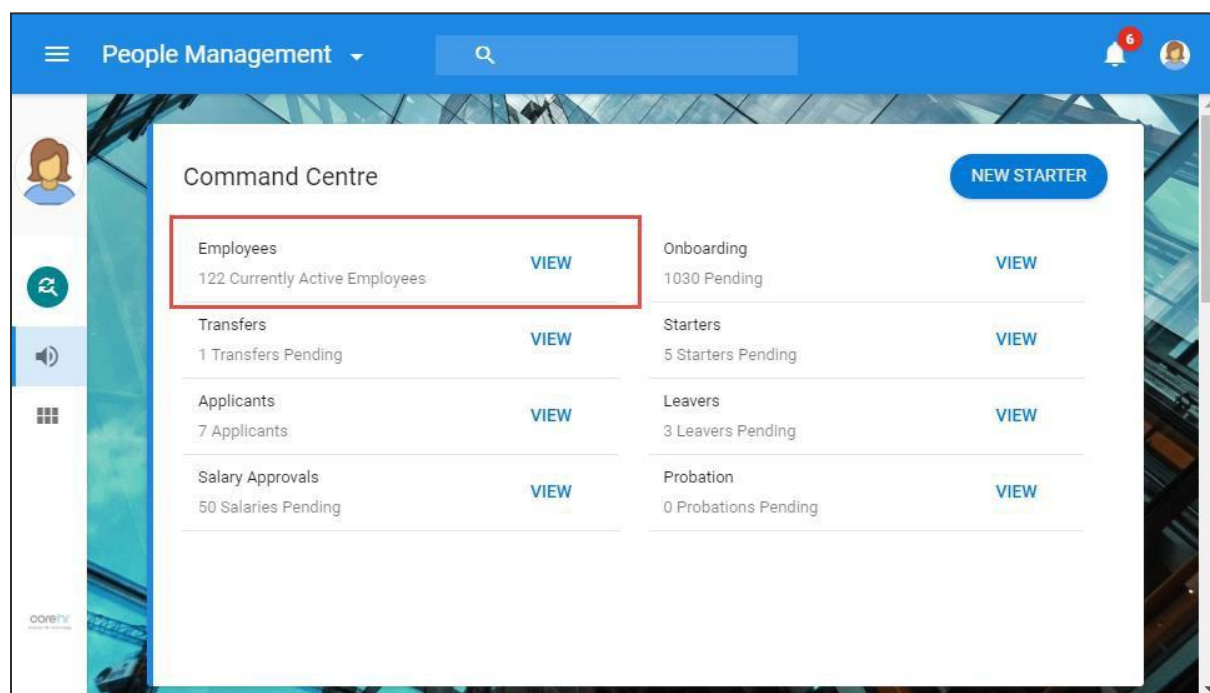

This screen (in full or restricted view) may also be made available to an employee and their line manager, so that they too may view and amend these hr elements.

 **Note:** Guidance provided is reflective only of the hr administrator's use of this screen. This does not reflect the employee's or manager's view and use of the *Employee Profile* screen.

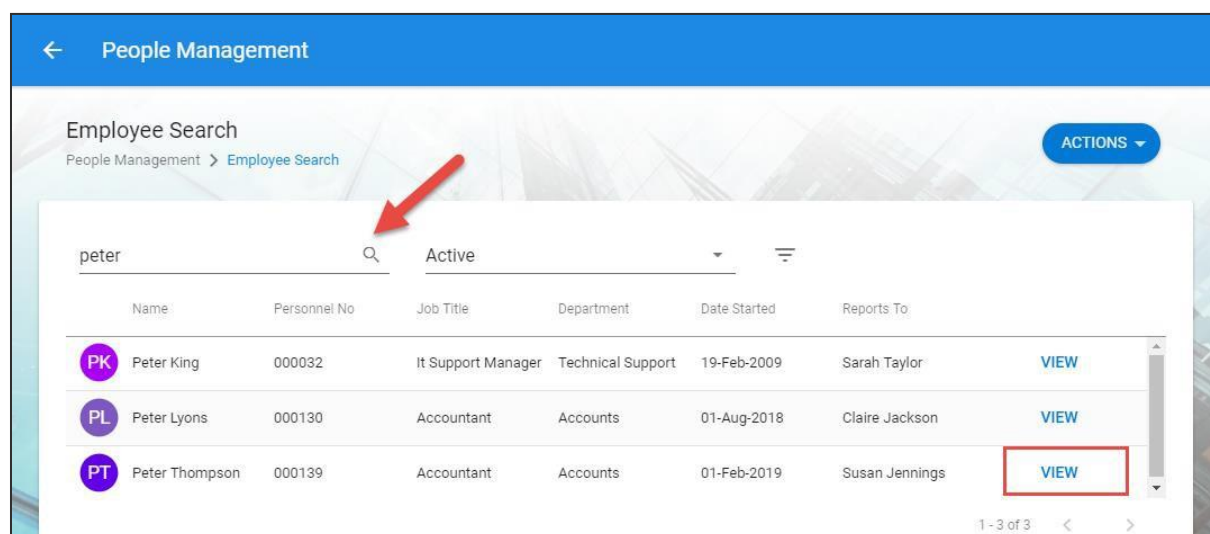

2. How to Access the HR Employee Record

To access the employee record screen:

1. Quick jump to the *Command Centre* widget and view **Employees**.

2. Search for the employee and click **View**.

The employee's record opens.

Note: The screenshots used in this guide include all of the options that maybe made available on the employee's record. These options are highly configurable per organisation and per user. Therefore, these may include items that are not relevant to every implementation of CoreHR. See the CoreHR University **People Management v28 - Configuring HR Admin Field Options - User Guide.pdf** for further details.

3. HR Employee Record Elements

This section of the guide provides a high-level overview of each element on the HR employee record. Detailed user guides are available per section, where applicable.

3.1. Screen Header

3.1.1. Dashboard Header Elements

#	Element	Description
1	Name	The employee's current forename and surname.
2	Employee Number	The employee's personnel number.
3	Picture / Initials	- If a picture has been uploaded to CoreHR for the employee, this will be displayed. - If no picture has been uploaded, then the circle will display the employee's initials.
4	Employee Status	This is the current status for the employee. There are <u>4 possible options</u>: Active Leaving The person has a start date of today or earlier. The person has a leave date of today or greater.

#	Element	Description
		The person has a leave date of less than today. For this status, a rehired person may continue to appear as “Dormant” for certain rehire scenarios e.g. the employee has been rehired in a future payroll period.  The person has a start date greater than today.
5	Contract List	Please see 3.1.2 Contract List for full description.
6	Contract Start Date	This is the start date for the contract selected in the <i>Contract List</i> .
7	Payroll Status	This reflects the current payroll status for the employee’s pay group. Possible statuses are:   Certain tasks may not be possible to complete if the employee’s pay group is in progress e.g. rehire, change contract start date. These are covered in the relevant user guides.
8	Actions	This button provides access to the following tasks: • Process as a Leaver • Personnel Profile (see 3.2.1 Personal Profile) • Add Additional Contract • Grant Portal Access • Change Pay Group • Generate Email • Generate Document These options are covered in detail in the relevant user guides.

3.1.2. Contract List

The drop-down list includes all of the contracts that are linked to the employee on CoreHR. You only have access to the contracts that you have been granted access to see on HR i.e. based on their *HR Data Access*.

Contracts are flagged with one of the following statuses:

Status	Description
Pending	The employee has been “appointed” to the contract but not “commenced”. This corresponds to the appointment status of “Appointed”.
Started	The contract has been commenced and is currently active i.e. the start date is today or earlier. This corresponds to the appointment status of “Commenced”.
Future	The contract has been commenced on a date in the future i.e. the start date is greater than today. This corresponds to the appointment status of “Confirmed Future”.
Ending	The contract has been ended on a date in the future i.e. the end date is today or greater.
Ended	The contract has been ended and is no longer active i.e. the end date is less than today.

A star displays for the contract that is currently substantive. This is particularly of relevance if the employee has multiple active contracts.

The following data is displayed per contract:

- Current Job Title
- Current Department
- Contract ID
- Current Contracted Hours (only displayed if recorded against contract)
- Contract Start Date
- Contract End Date (only displayed if contract is ended)
- Current Contract Status
- Star

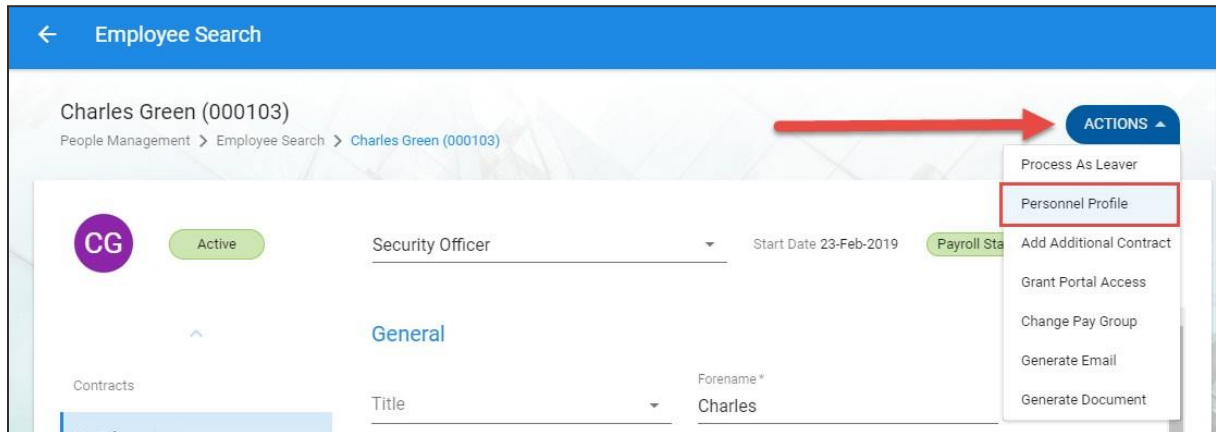

3.2. Dashboard Options

3.2.1. Personal Profile

To access the employee's Personnel Profile:

1. Click **Actions**.
2. Select **Personnel Profile**.

This opens the *Personnel Profile* screen. This is used to manage some of the employee's personal details on CoreHR, including:

- Employee Details
 - Next of Kin
 - Contacts
 - Dependants
 - Bank Details
- Diversity
 - Background Details
 - Disability Details
- Time Management
 - Balance Information
 - Clocking Details
 - Attendance Details
 - Leave Requests
 - Badge Details
- Payroll Legislative Options
- Learning and Development
 - CPD
 - Qualifications
 - Professional Body Membership
 - Teaching Qualifications

- Languages
- Training Details

Next of Kin

The *Next of Kin* screen allows you to record personal information regarding to the employee's next of kin.

The screenshot shows the 'Personnel Information' page for Claire Jackson (000020). The 'Next of Kin Details' section is active, showing the following information:

Field	Value
Forename	Martin
Surname	Jackson
Relationship	Husband
Phone	07700 900590

Below this is a 'Comments' field and an 'Address' section with the message 'You have not yet provided address information'. A 'SAVE' button is at the bottom right.

Note Only 1 next of kin record is maintained per employee.

- To change the next of kin, overwrite the current details and click **Save**.
- The *Address* section of this screen is optional i.e. an address does not have to be provided for the next of kin.

To record an address for the next of kin:

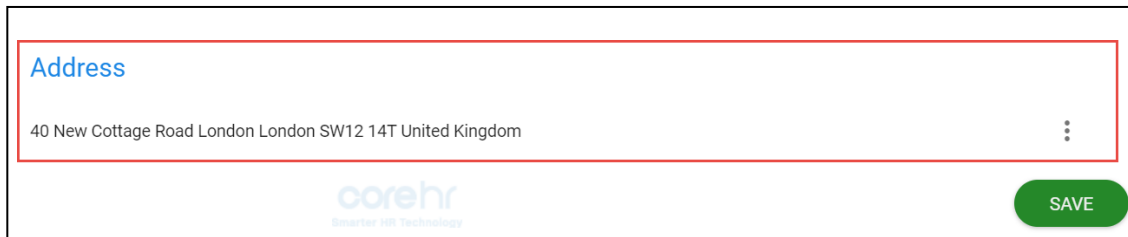

- Click the  button in the address section and select **Click to edit address details**

The screenshot shows the 'Address' section with the message 'You have not yet provided address information'. A 'More options' button (three dots) is visible. A red box highlights the 'Edit Address Details' button, and a 'View Map' button is also visible.

The *Edit Address Details* screen opens.

- Select the *Country* from the predefined list.
 - Once the country has been selected, the screen may update to display a preconfigured address layout, if one exists for the chosen Country.
 - All mandatory fields on this screen will be flagged with the *.
- Click the **Save** button to save.

The address will display on the previous screen.

The screenshot shows a web interface for an HR system. At the top, there is a large text input field labeled "Address" in blue. Inside this field, the text "40 New Cottage Road London London SW12 14T United Kingdom" is displayed. To the right of the text, there is a small grey square button with three vertical dots. Below the address field, the "corehr" logo is visible, with the tagline "Smarter HR Technology" underneath it. In the bottom right corner of the interface, there is a green rounded rectangular button labeled "SAVE".

- Clicking the  button in the address will provide the option to:
 - edit the existing address.
 - view the address on a map.

Contacts

The *Contacts* section provides the ability to view and update key contact and address details for the employee.

The screenshot shows the 'Personnel Information' page for 'Claire Burton (000079)'. The left sidebar has a menu with 'EMPLOYEE DETAIL' expanded, showing 'Next Of Kin', 'Contacts' (highlighted), 'Dependants', and 'Bank Detail'. Below this are sections for 'DIVERSITY', 'TIME MANAGEMENT', 'PAYROLL', and 'LEARNING AND DEVELOPMENT'. The main content area is titled 'Contact Details' and contains a table with the following fields: 'Other Email Address', 'Personal Mobile Number', 'Salary User', 'Work Email Address' (value: claire.burton@abc.com), 'Work Mobile Number' (value: 075076 874541), and 'Work Telephone Number'. Each field has a three-dot menu icon to its right. Below the 'Contact Details' section is a 'My Address Details' section with an 'ADD' button. It contains a table with columns 'Address Type', 'Address', and 'Date Eff...'. One row is visible: 'Default Home Address', 'Apt 53 Wharf Buildings Canary Lane Lon...', and '03-Oct-...'. Each row has a three-dot menu icon to its right.

My Contact Details

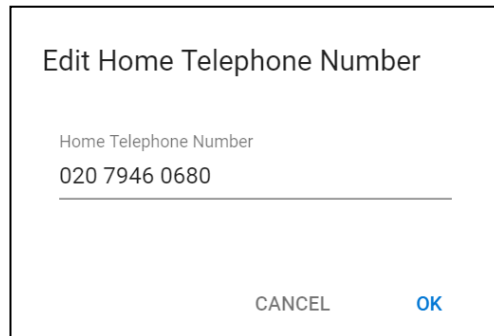

This section of the screen will display a list of all of the contact types that are currently set up on CoreHR. To add new or edit existing contact type *text*:

- Click the  button and select **Edit**.

The screenshot shows the 'My Contact Details' section. It contains a list of contact types: 'Home Telephone Number' (value: 020 7946 0680), 'Ldap User', 'Oracle User Name', 'Other Email Address', and 'Personal Mobile Number'. Each item has a three-dot menu icon to its right. A red arrow points to the 'Edit' button in the dropdown menu for 'Ldap User'. The dropdown menu also contains a 'Clear' button.

- The *Edit Contact Info* screen opens.

The label on the screen will reflect the contact type selected i.e. *Home Telephone Number* in this example.

- Enter the contact text e.g. the phone number or email address
- Click **Save**

The contact details will now appear in the previous screen

 **Note** Only 1 instance of each contact type is maintained per employee. To change any contact type, overwrite the current details and click **Save**.

The table below provides a full list of contact types available as standard on CoreHR.

Field	Description
Home Telephone Number	Max 80 alphanumeric characters.
Other Email Address	Validation to check for valid email address i.e. email must be in the format of text@provider.com Max 80 alphanumeric characters.
Personal Mobile Number	Max 80 alphanumeric characters.
Work Email Address	Validation to check for valid email address i.e. email must be in the format of text@provider.com Max 80 alphanumeric characters.
Work Mobile Number	Max 80 alphanumeric characters.
Work Telephone Number	Max 80 alphanumeric characters.

 **Note** None of the above items are mandatory on CoreHR. LDAP, Oracle User Name and Salary User are advanced features which may be used to support other CoreHR functionality. Their use will be covered in the relevant training material.

My Address Details

This section of the screen will display a list of all of the Addresses that are currently set up on CoreHR for the employee.

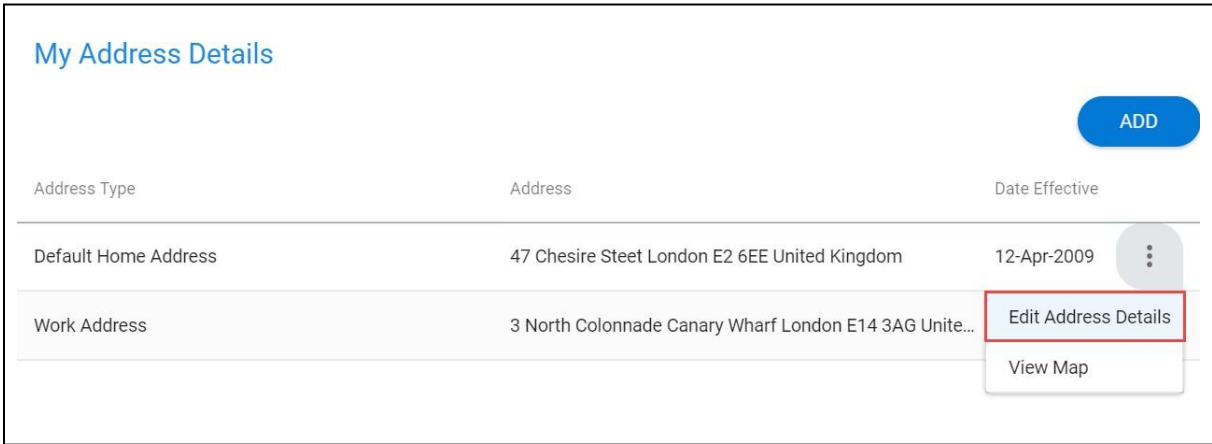

The *Default Home Type* address will always display here. This is initially captured for the employee as part of the New Hire wizard. This may also be updated for the employee as part of the Rehire wizard.

- The *Default Home Type* address is mandatory on CoreHR.
- This is a mandatory element of the New Hire & Rehire wizards.
- There is no option to delete this address.

Edit Address

To edit an existing address for the employee:

1. Click the  button in the address section and select **Edit Address Details**.

My Address Details

ADD

Address Type	Address	Date Effective
Default Home Address	47 Chesire Steet London E2 6EE United Kingdom	12-Apr-2009
Work Address	3 North Colonnade Canary Wharf London E14 3AG Unite...	

Edit Address Details

View Map

The *Edit Address Details* screen opens.

2. Select *Country* from the predefined list.
 - Once the country has been selected, the screen may update to display a preconfigured address layout, if one exists for the chosen Country.
 - All mandatory fields on this screen will be flagged with a *.
3. Click the **Save** button to save.

The edited address will display on the *Contact Details* screen.

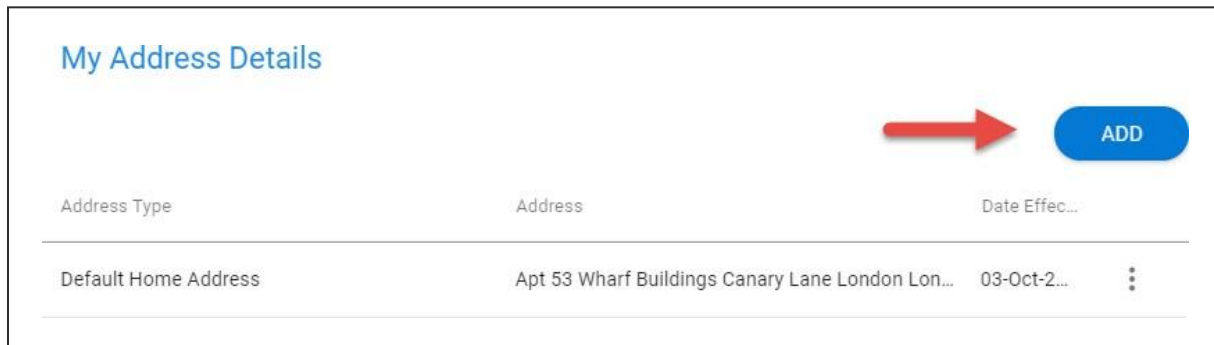

Note This will directly overwrite the existing address details with the new details provided.

Add Address

The default home address is created as part of the new hire setup on CoreHR. However it is possible to record additional addresses for the employee if required.

To **add** a new address:

1. Click the **Add** button.

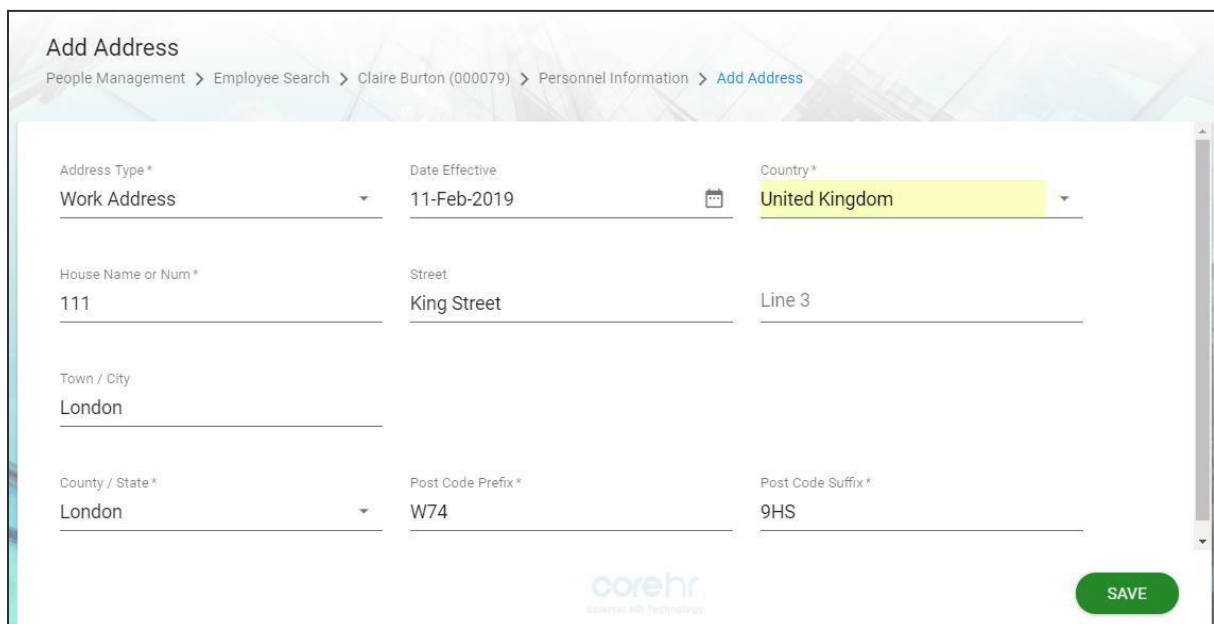

My Address Details

Address Type	Address	Date Effective	
Default Home Address	Apt 53 Wharf Buildings Canary Lane London Lon...	03-Oct-2...	⋮

The *Add Address* screen opens.

2. Select an Address Type from the list.
3. Enter a *Date Effective*.
4. Select a *Country* from the list.
5. Update the address elements required, as per the address layout for that country.
6. Click the **Save** button.

Add Address

People Management > Employee Search > Claire Burton (000079) > Personnel Information > Add Address

Address Type *	Date Effective	Country *
Work Address	11-Feb-2019	United Kingdom
House Name or Num *	Street	Line 3

- Update all details for the dependant. All fields are described in the table below.

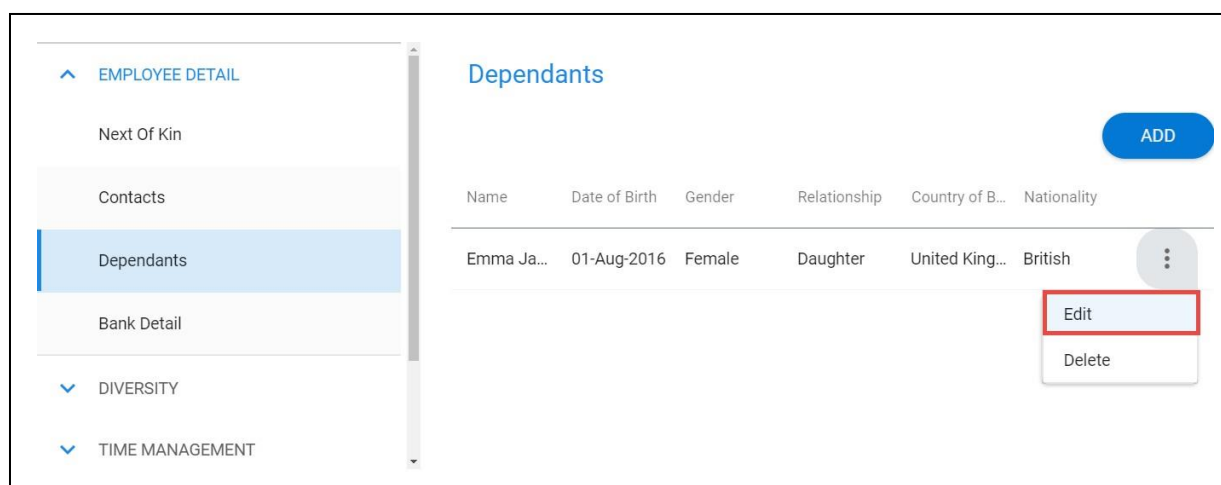

Field	Description	Mandatory
Name	Max 80 alphanumeric characters	Yes
Date of Birth	Select from a calendar or enter in format dd/mm/yyyy	Yes

Field	Description	Mandatory
Country of Birth	Select from a predefined list	Yes
Child No	Up to 2 digits only	No
Gender	Select from a predefined list	Yes
Relationship	Max 20 alphanumeric characters	Yes
Nationality	Select from a predefined list	Yes
Comments	Max 80 alphanumeric characters	No

- Click the **Save** button
- The dependent will now display on the *My Dependents* screen.

To edit the details for an existing dependent:

- Click the  button and select the option **Edit**.

The screenshot shows the 'Dependants' section of an employee's record. On the left, a sidebar lists 'EMPLOYEE DETAIL' with sub-items: Next Of Kin, Contacts, **Dependants** (highlighted), and Bank Detail. Below this are 'DIVERSITY' and 'TIME MANAGEMENT'. The main content area is titled 'Dependants' and features an 'ADD' button. A table lists dependents with columns: Name, Date of Birth, Gender, Relationship, Country of B..., and Nationality. One dependent is listed: Emma Ja..., 01-Aug-2016, Female, Daughter, United King..., British. A three-dot menu icon is to the right of the first row, and a dropdown menu is open showing 'Edit' and 'Delete' options. The 'Edit' option is highlighted with a red box.

The *Dependants* screen opens.

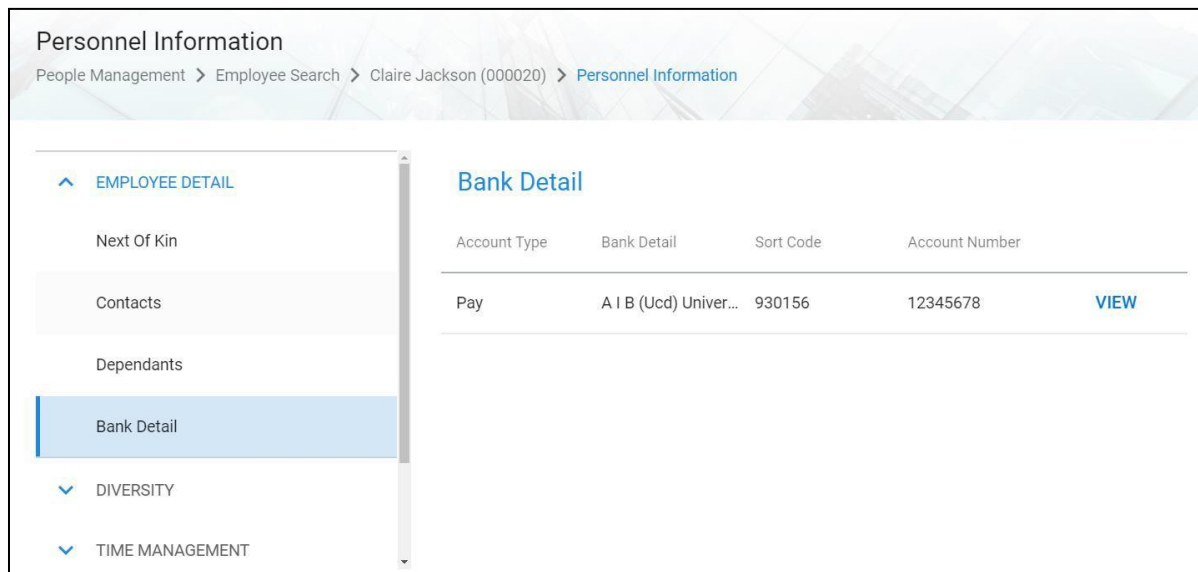

- Apply the required updates.
- Click the **Save** button.

To delete a dependent record from the employee's record:

1. Click the  button and select the option **Delete**.
2. The record will delete immediately without further warning or confirmation required.

Bank Details

This section provides the you with the ability to view and update the employee's bank account details.

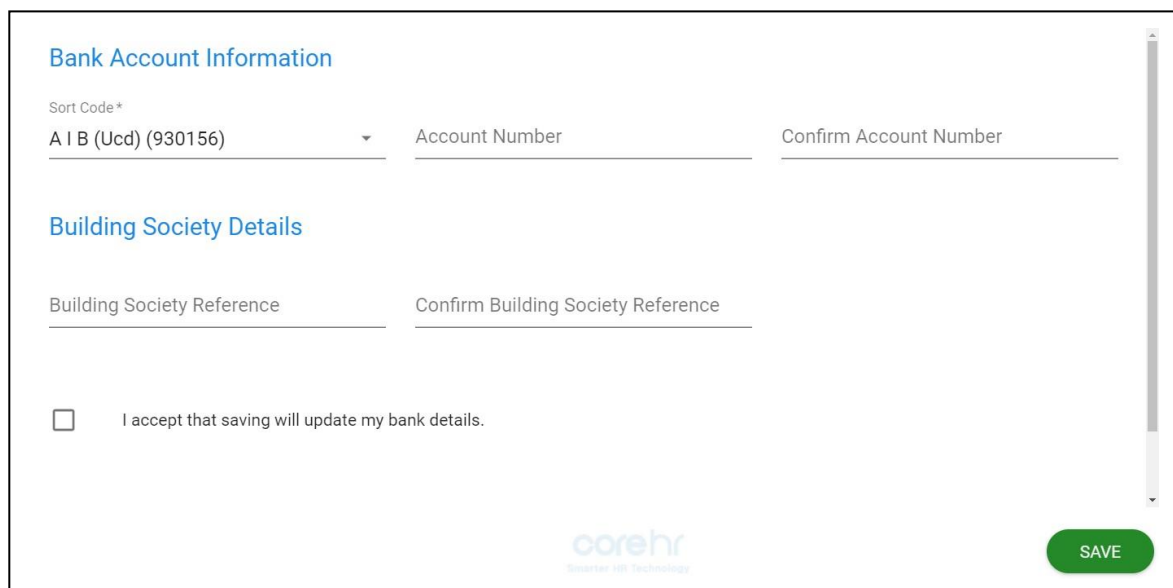

The screenshot shows the 'Personnel Information' page for Claire Jackson (000020). The left sidebar contains a menu with 'EMPLOYEE DETAIL' expanded, showing options like 'Next Of Kin', 'Contacts', 'Dependants', 'Bank Detail' (selected), 'DIVERSITY', and 'TIME MANAGEMENT'. The main content area is titled 'Bank Detail' and displays a table with one row of bank account information.

Account Type	Bank Detail	Sort Code	Account Number	
Pay	A I B (Ucd) Univer...	930156	12345678	VIEW

It is only possible to maintain one single bank account record per employee per account type. There may be 2 accounts on CoreHR: Pay & Expense (the employee must be setup on Expense for the *Expense* account type to appear).

To add new/edit existing bank account details:

- Click the **View** button to open the *Update Bank Details* window

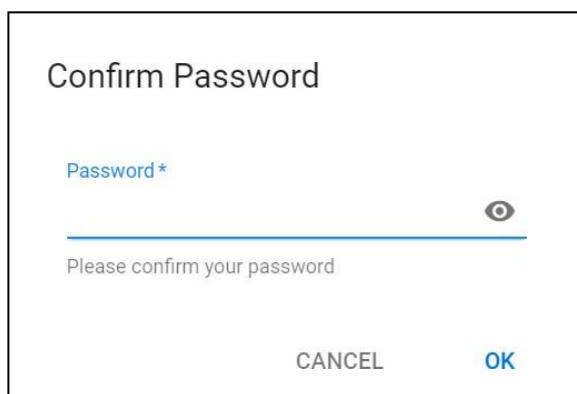

The 'Update Bank Details' window contains two sections: 'Bank Account Information' and 'Building Society Details'. The 'Bank Account Information' section has fields for 'Sort Code*' (A I B (Ucd) (930156)), 'Account Number', and 'Confirm Account Number'. The 'Building Society Details' section has fields for 'Building Society Reference' and 'Confirm Building Society Reference'. At the bottom, there is a checkbox for 'I accept that saving will update my bank details.' and a green 'SAVE' button.

Note The fields displayed on this screen are dependent on the SEPA level configuration on CoreHR. Please refer to the corresponding configuration guides for this.

- Enter the bank details in the required fields. All fields are listed in the table below.

Field	Description	Mandatory
Sort Code/BIC	Select from a pre-defined list.	Yes
Account Number/BAN	8 digits only if regular account. Valid IBAN if IBAN.	Yes
Confirm Account Number	Must match <i>Account Number</i> .	Yes

- Click the **Save** button
- The *Reauthenticate* window will pop up.
- Enter the password for the user's CorePortal account.
- Click the **OK** button.

A dialog box titled "Confirm Password" with a light gray background. It contains a label "Password*" in blue text above a text input field. To the right of the input field is a small eye icon. Below the input field, the text "Please confirm your password" is displayed in a smaller, lighter gray font. At the bottom of the dialog, there are two buttons: "CANCEL" in gray and "OK" in blue.

The bank details are now visible in summary form on the previous screen.
The *Account Number* is masked for security purposes.

Payroll:- Legislative Options

The *Legislative Options* feature on CoreHR is used specifically to capture details that are required for UK-based employees to support:

- RTI
- Auto Enrolment

This is required for employees that are working in the UK only and where their payroll is processed in the UK.

These details are captured in HR by the hr administrator and are made available to Payroll to consider as part of the employee's payroll record.

Occupational Pension Indicator	• This is disabled by default. • Enable or disable the indicator as required
Starter Declaration	Select from a pre-defined list of options. This may also be captured on Step 4 of the new hire / rehire wizard.

Auto Enrolment Details

Field	Description
Exempt from Auto Enrolment	• This is disabled by default. • Enable or disable the indicator as required
Multiple Post Aggregate Earnings	• This is disabled by default. • Enable or disable the indicator as required

When to Update Payroll Options for an Employee

These payroll option details must be recorded for UK-based employees that have been set up as a new hire or rehire.

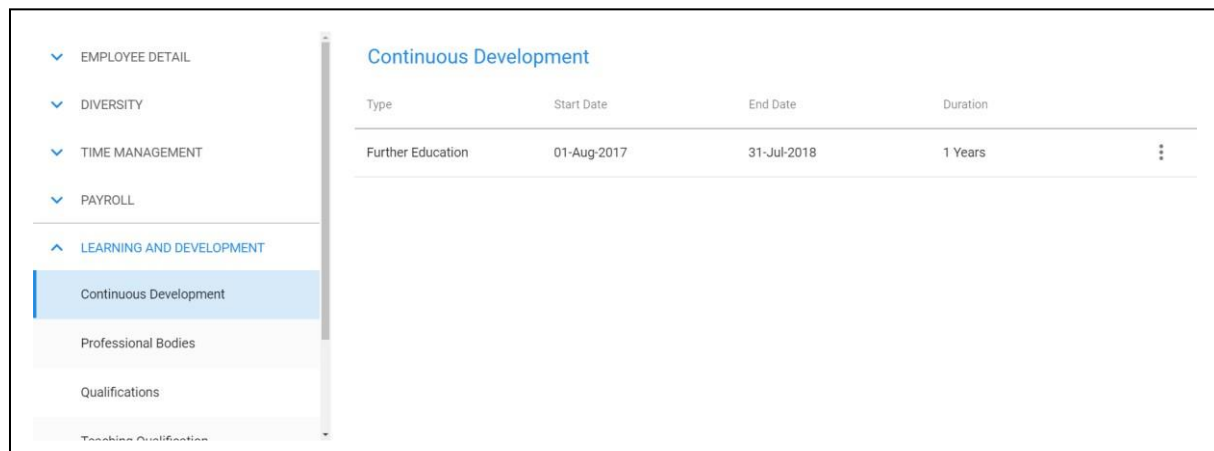

These details will be required by Payroll, before processing payroll for the employee for the first time (as a new hire or rehire).

People Management does not include any standard alerts / warnings to prompt the hr administrator to capture these details.

Learning and Development:- Continuous Development

This section provides the ability to view, add and update records related to an employee's continuous development.

It is possible to record more than 1 record of continuous development for an employee. These will all be listed on this screen and may be viewed/updated as required.

To add a new continuous development record:

- Click the **Add** button.
- The *Add Continuous Development* screen will appear (see next page).
- Update all fields as required. The table below provides details for each field available.

Field	Description	Mandatory
Type	Select from a predefined list.	Yes
Venue	Max 30 alphanumeric characters.	No
Start Date	Select from calendar or enter in format dd/mmm/yyyy.	Yes
End Date	Select from calendar or enter in format dd/mmm/yyyy. This cannot be earlier than the 'Start Date' provided.	Yes
Duration	Select unit measure from predefined list. Record up to 3 digits in the corresponding field e.g. "24 hours"	No
Additional Details	Max 250 alphanumeric characters	No

- Click the **Save** button to create the new record.

- Repeat these steps to add any other required records for continuous development.

To edit an existing record:

- Click the  button for the record and select **Edit**.
 - The *Add Continuous Development* screen will appear.
- Update all fields as required.
- Click the **Save** button.

To delete a record:

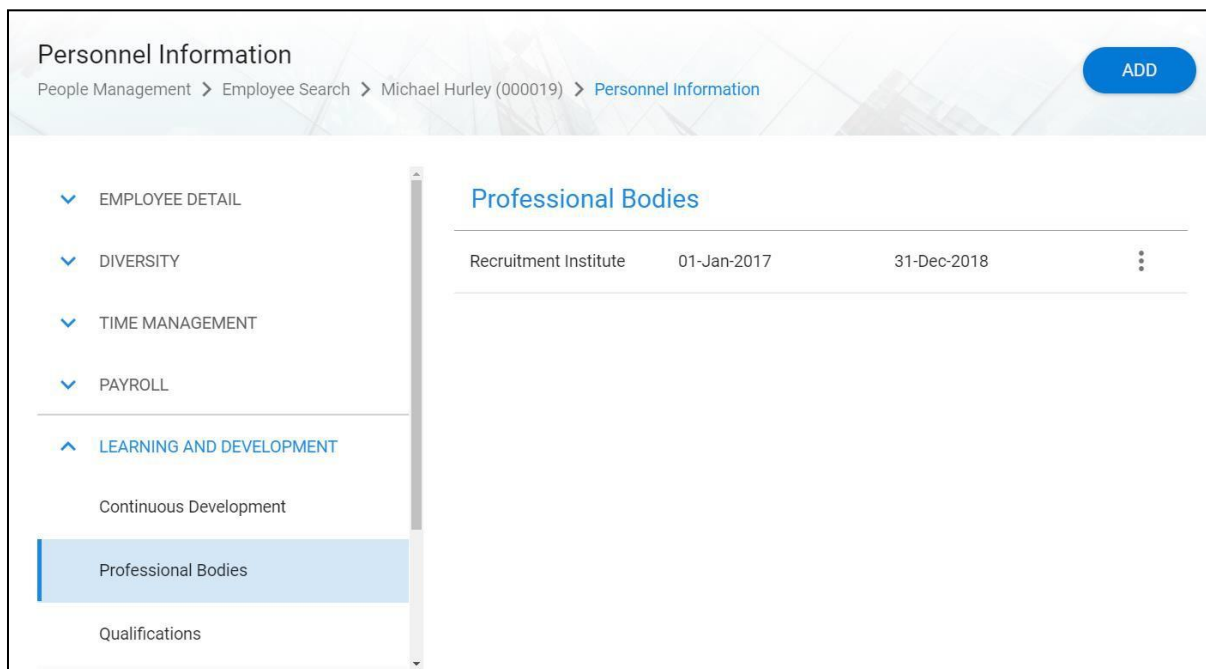

1. Click the  button for the record and select **Delete**.

Note If using Recruitment, it is possible that a *Continuous Development* section may form part of an application form and therefore records may be updated initially by the applicant as part of that process.

Professional Bodies

This section provides the ability to view, add and update records related to an employee's membership of professional bodies.

It is possible to record more than 1 record of membership of professional bodies for an employee. These will all be listed on this screen and may be viewed/updated as required.

The screenshot shows the 'Personnel Information' page for Michael Hurley (000019). The left sidebar contains a menu with options: EMPLOYEE DETAIL, DIVERSITY, TIME MANAGEMENT, PAYROLL, LEARNING AND DEVELOPMENT (expanded), Continuous Development, Professional Bodies (selected), and Qualifications. The main content area is titled 'Professional Bodies' and displays a table with one record:

Recruitment Institute	01-Jan-2017	31-Dec-2018	

To add a new membership of professional bodies record

1. Click the **Add** button.
2. The *Add New Professional Body* screen will appear (see next page).
3. Update all fields as required. The table below provides details for each field available.

Field	Description	Mandatory

To delete a record:

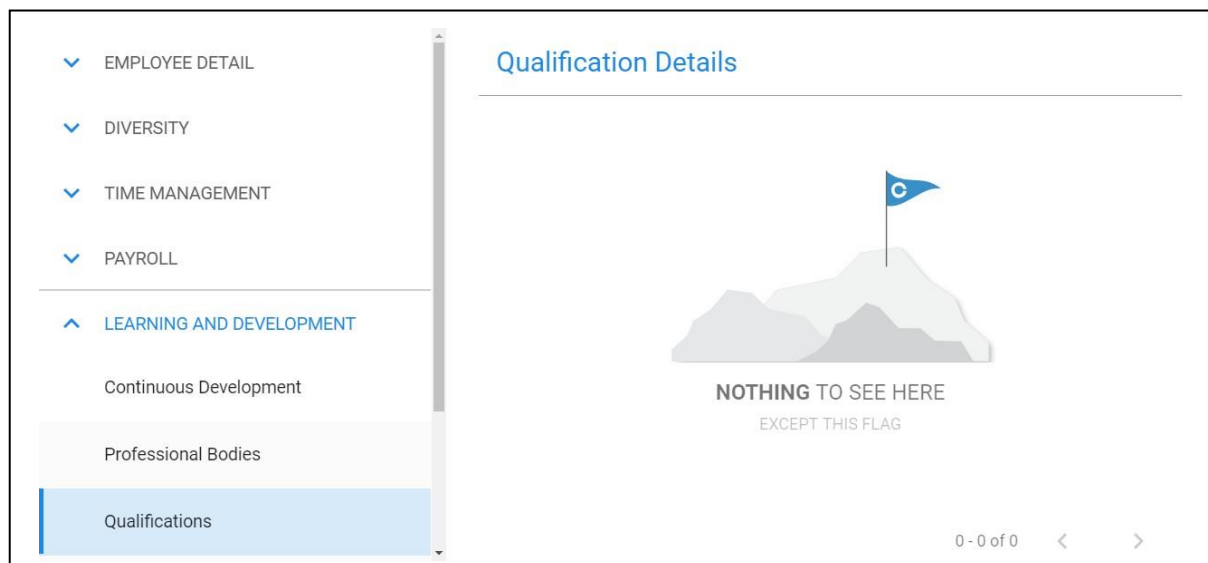

1. Click the  button for the record and select **Delete**.

Other Qualification Sources

If using Recruitment, it is possible that a *Qualifications* section may form part of an application form and therefore records may be updated initially by the applicant as part of that process.

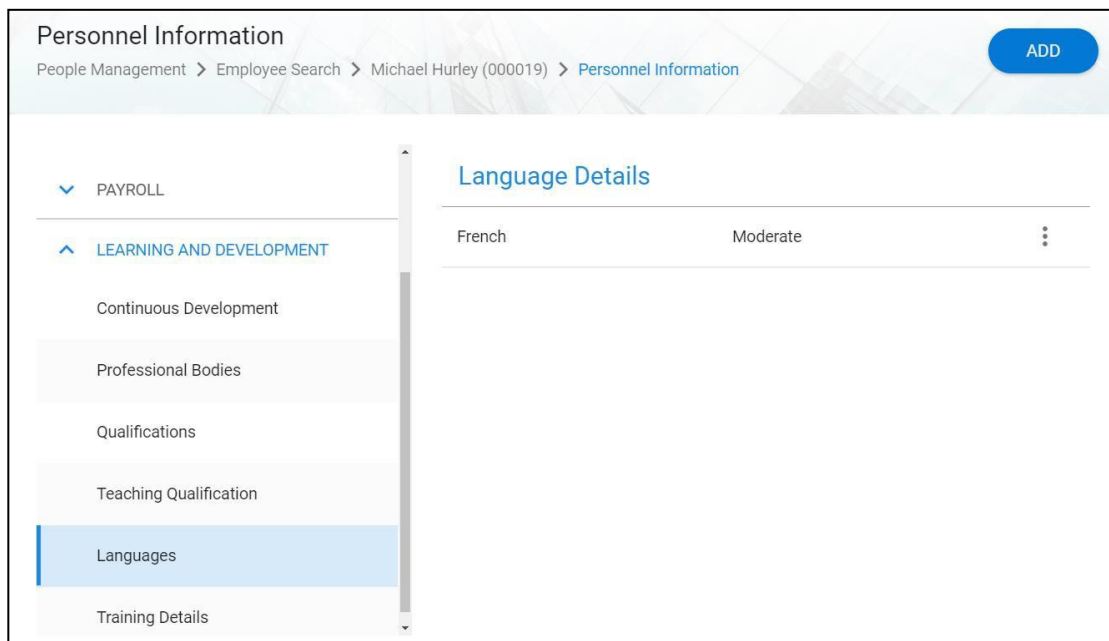

If using Training, it is possible that on completion of a scheduled training course, an employee may receive a qualification which is automatically reflected on this screen.

Records that appear here but are sourced from Recruitment or Training can be viewed, amended or deleted, as per the standard qualification records that may have been directly input on this screen.

Languages

This section provides you with the ability to record the details of an employee's proficiency in other languages.

It is possible to record more than 1 language for an employee. These will all be listed on this screen and may be viewed/updated as required.

Page 43 of 69

Please see the table below for a description of the fields available:

Field	Description
Title	Select from a predefined list. May be prepopulated if captured on the New Hire / Rehire wizard.
Forename	Up to 40 alphanumeric characters. Will be prepopulated as it is captured on the New Hire / Rehire wizard.
Surname	Up to 40 alphanumeric characters. Will be prepopulated as it is captured on the New Hire / Rehire wizard.
Middle Name	Up to 40 alphanumeric characters. May be prepopulated if captured on the New Hire / Rehire wizard.
Known As	Up to 40 alphanumeric characters. May be prepopulated if captured on the New Hire / Rehire wizard.
Initials	Up to 4 alphanumeric characters. Will be prepopulated if captured on the New Hire / Rehire wizard.
PPS / NI / Social Security Number	May be prepopulated if captured on the New Hire / Rehire wizard. Value input will be dependent on the social security settings on People Management e.g. will differ for PPS Number, NI Number or other.
Retirement Date	Enter in date format DD/MMM/YYYY. May be prepopulated if captured on the New Hire / Rehire wizard.

To update any of these fields:

1. Enter / update the data in the required field.
2. Click the **Save** button at the end of the screen.

Note The fields on this screen are controlled by *HR Admin Field Options*. This means that some fields can be hidden or made mandatory. This may be updated per organisation's use of People Management.

Service Details

The *Service Details* section is used to display details of the employee's service with the company to date. This may also be used to override the system calculated continuous service dates and duration for the employee, if required.

Service Details		
Recent Start Date 02-Jan-2018	Date First Joined 01-Dec-2017	Tupe Date 
Override Start Date 	Override End Date 	
Continuous Service Duration 0 Years, 0 Months, 5 Days	Continuous Service Started 23/Feb/2019 - 28/Feb/2019	Total Length of Service 0 Years, 0 Months, 23 Days
Length of Service 1 Years, 1 Months, 30 Days		

Please see the table below for a description of the fields available:

Field	Description
Recent Start Date	This is the latest date that the employee started with the organisation. This cannot be updated and is available for display purposes only. - If the employee has left and rejoined the company (one or many times) this will display the latest date that they were rehired i.e. their current / most recent period of service. - If the employee has only one period of service on the system, this field will not appear.
Date First Joined	This is the date that the employee joined the organisation. This cannot be updated and is available for display purposes only.
TUPE Date	Enter in format DD/MON/YYYY. This date can be used to capture a TUPE date for the employee and if populated, will override the system calculated <i>Continuous Start Date</i>.
Override Start Date	Enter in format DD/MON/YYYY. If populated, will override the system calculated <i>Continuous Start Date</i> and update the <i>Continuous Service Calculation</i>.
Override End Date	Enter in format DD/MON/YYYY. If populated, will override the system calculated <i>Continuous End Date</i> and update the <i>Continuous Service Calculation</i>.

Field	Description
Continuous Service Duration	This is the employee's continuous length of service. This is system calculated duration based on the service rules defined on CoreHR and may be updated by using the override dates referred to above.
Continuous Service Started	This corresponds to the <i>Continuous Service Duration</i> . These are the dates that the system has identified as the employee's period of eligible continuous service. The second date will be either the end date of the continuous service OR today's date.
Total Length of Service	This is the employee's total length of service from their original start date (i.e. Date First Joined) and includes all periods of service if the employee has left and rejoined one or many times. This is based on actual employment dates on CoreHR and is not reflective of the employee's continuous service.
Length of Service	This is the employee's length of service for their current or most recent period of service.

To update any of these dates:

1. Enter/update the data in the required field.
2. Click the **Save** button at the end of the screen.

The **Continuous Service** user guide provides further detailed guidance on how CoreHR is configured to calculate the employee's continuous service and how to override this if required.

 **Note** The fields on this screen are controlled by HR Admin Field Options. This means that some fields can be hidden or made mandatory. This may be updated per organisations use of People Management.

Work Permit

The *Work Permit* section provides a set of standard system fields that may be used to capture details of an employee's right to work.

 **Note** Some organisations prefer to use a User Defined Field to capture right to work information.

Work Permit

Work Permit Number

Work Permit Detail

Work Permit Issue Date

Work Permit Expiry Date

Please see the table below for a description of the fields available:

Field	Description
Work Permit Detail	Enter up to 30 alphanumeric characters.
Work Permit Issue Date	Enter in format DD/MMM/YYYY.
Work Permit Expiry Date	Enter in format DD/MMM/YYYY.
Work Permit Number	Enter up to 20 alphanumeric characters.

To update any of these fields:

1. Enter/update the data in the required field.
2. Click the **Save** button at the end of the screen.

Note The fields on this screen are controlled by HR Admin Field Options. This means that some fields can be hidden or made mandatory. This may be updated per organisation's use of People Management.

Contract Info

The *Contract Info* section provides an additional set of options that may be updated for the employee's record. This information is specific to the contract selected at the top of the screen i.e. if that that contract is updated, different data can be viewed/entered.

Contract Info

Assembly Point

Internal Extension Number

Exclude from Occupational Ab...

Please see the table below for a description of the fields available:

Field	Description
Assembly Point	Select from a pre-defined list.
Internal Extension Number	Enter up to 5 digits.
Exclude from Occupation Absence	Switch on or off.

To update any of these fields:

1. Enter/update the data in the required field.
2. Click the **Save** button at the end of the screen.

Note The fields on this screen are controlled by HR Admin Field Options. This means that some fields can be hidden or made mandatory. This may be updated per organisations use of People Management.

3.2.3. Contracts

The screenshot shows the 'Employee Search' interface for Charles Green (000103). The page is divided into a header, a main content area, and a footer. The header includes a back arrow and the title 'Employee Search'. The main content area displays the employee's details, including their name, ID, and status. A red box highlights the 'Contracts' tab in the left sidebar. The main content area displays a table of contracts with columns for Appointment, Status, Start Date, End Date, and Substantive. Below the table, there are sections for Amendments and Key Information. The bottom of the page features the CoreHR logo and two buttons: 'REPLACE CONTRACT' and 'CHANGE CONTRACT HOURS'.

This option opens the *Contracts* screen, for the for the contract selected on the contract list.

This provides access to the full history of amendments for the chosen contract.

Select another contract from the drop-down list to update the screen to view the associated contract information.

The screenshot shows the 'Employee Search' interface for Charles Green (000103). The interface includes a sidebar with navigation options like 'Contracts', 'Key Information', 'Manager', 'Current Salary', 'Pension Contributions', 'Deductions', 'Cost Allocations', and 'User Defined Data'. The main content area displays contract details for 'Support Analyst'. A red arrow points to the contract dropdown menu. The 'Summary' section shows a table with columns: Appointment ID, Status Ended, Emp Status Per..., Start Date 01-Dec-2017, End Date 15-Dec-2017, Substantive 25..., and Funding Expiry. The 'Amendments' section shows a table with columns: Start Date, End Date, Target End Date, Post No, Post Sequence, Re..., De..., Hours, and FTE. The bottom of the interface features the 'corehr' logo and buttons for 'REPLACE CONTRACT' and 'CHANGE CONTRACT HOURS'.

Appointment ID	Status Ended	Emp Status Per...	Start Date 01-Dec-2017	End Date 15-Dec-2017	Substantive 25...	Funding Expiry

Start Date	End Date	Target End Date	Post No	Post Sequence	Re...	De...	Hours	FTE
01-Dec-2017	15-Dec-2017		502232	9	Hire	It S...	37.5	1

Summary:

This provides the high-level details for the selected contract including:

- *Appointment ID*
- *Appointment Status* i.e. Pending, Started, Future, Ending or Ended.
- *Employee Status*
- *Start Date*: The overall start date for the contract.
- *End Date*: Only populated if this is an ended / ended contract.
- *Substantive Date*: Only populated for substantive contracts.
- *Funding Expiry Date*: Linked to the end date supplied for any cost allocations attached to the contract.

The  button gives access to tasks such:

Option	Description
Timeline	View a timeline of amendments to this contract.
End Contract	End the contract. Available for contracts that are Pending, Started or Future. Typically, this is only used to end a contract where an employee has multiple active contracts (as the Leave Person process ends all employee's contracts). See the CoreHR University Ending a Contract user guide for further details.
Amend Contract Start Date	Amend contract start date. See the CoreHR University Contract Start Date Corrections user guide for full details.
Leaving Summary	Only applicable to ended contracts. Provides a view of the ended contract details including any contract elements that were ended with the contract e.g. cost allocations, allowances etc. See the CoreHR University Leavers user guide for further details.
Amend End Date	Remove or change an end date for an ended contract. See the CoreHR University Leavers user guide for further details.

Amendments:

This provides a list of each of the individual amendments for the contract. If there is only one row, this means that the contract has not changed since it was originally assigned to the employee.

- Click **View** to view the full contract details.
- Click **Update** to amend the employee's contract e.g. to change their hours, location etc. See the **Contract Amendments** user guide for more details.

Buttons:

The following buttons may appear at the end of the *Contracts* screen, depending on your access and the contract status:

Button	Explanation
Commence	Only available for Pending contracts. Click to commence.
Replace Contract	Click to replace the contract with a new one e.g. to record an employee promotion. See the CoreHR University New Contract user guide for further details.
Change Contract Hours	A quick way to amend an employee's contract specifically to update their contracted hours, weeks and FTE. See the CoreHR University Contract Amendments user guide for further details

3.2.4. Manager

This option displays the employee's reports to manager for the selected contract.

Employee Search

Charles Green (000103)
People Management > Employee Search > Charles Green (000103)

ACTIONS

CG Active Security Officer Start Date 23-Feb-2019 Payroll Status: Open for Processing

Manager

Manager

Manager + 1

Current Salary

This screen displays the manager and the manager +1 (i.e. their manager). Depending on the reports to configuration for the organisation, it may be possible to update the line manager on this screen.

Please refer to the CoreHR University **Configuring the Reports To Manager** user guide for further details.

3.2.5. Current Salary

Current Salary

Current Salary

Salary History

Start Date	Rate Effective	Pay	Point	Rate Type	Rate Amount	Multiplier	Actual Pay	Status	Reason
23-Feb-2019	01-Jan-1990	Gr...	1	Annual	£52,000.00	1	£52,000.00	Approved	Rehire
02-Jan-2018	01-Jan-1990	Gr...	1	Annual	£52,000.00	1	£52,000.00	Rejected	Rehire

This option provides access to the salary details for the contract selected on the contract list ([3.1.2 Contract List](#)).

You require an additional level of Payroll security (aligned to the employee's pay group) in order to see this option on screen.

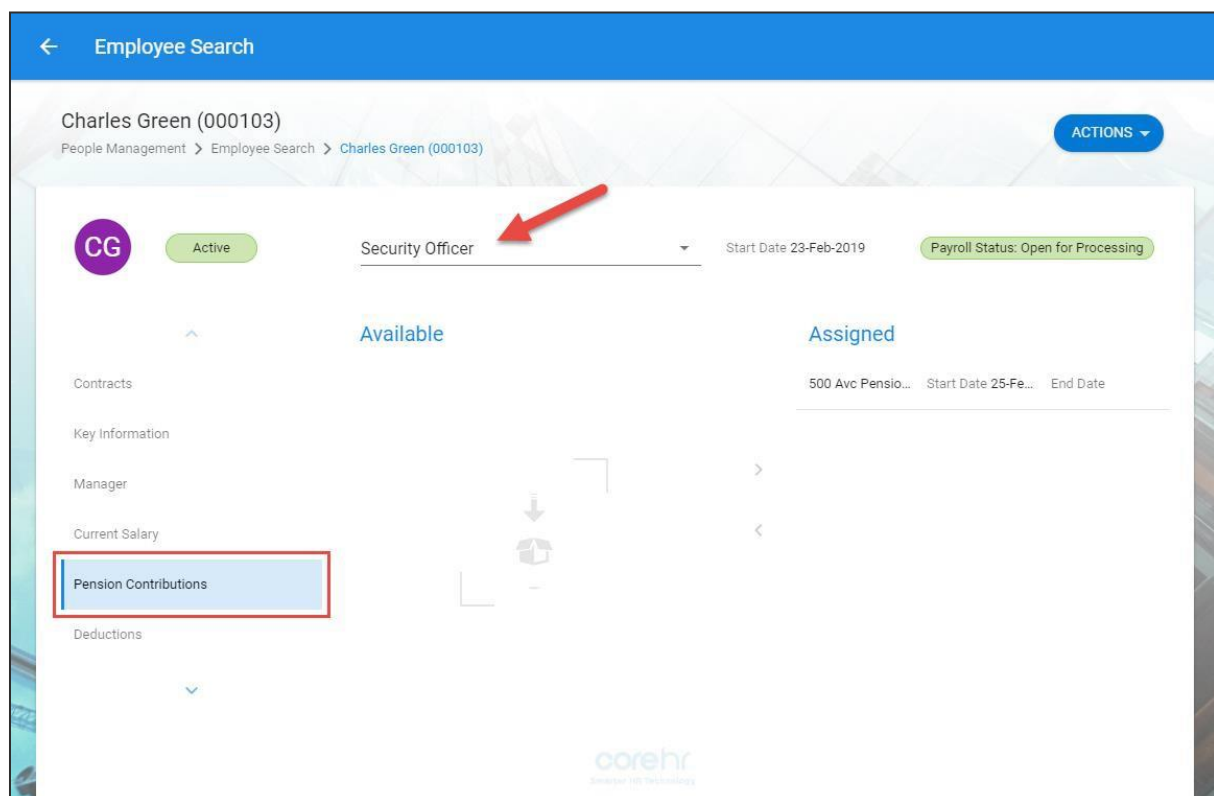

Clicking on the **Current Salary** option opens the *Current Salary* screen. This is used to view the details of and manage the salary and allowances for the selected contract.

Please refer to the CoreHR University **Salary Administration** user guide for full guidance on this feature.

3.2.6. Pension Contributions

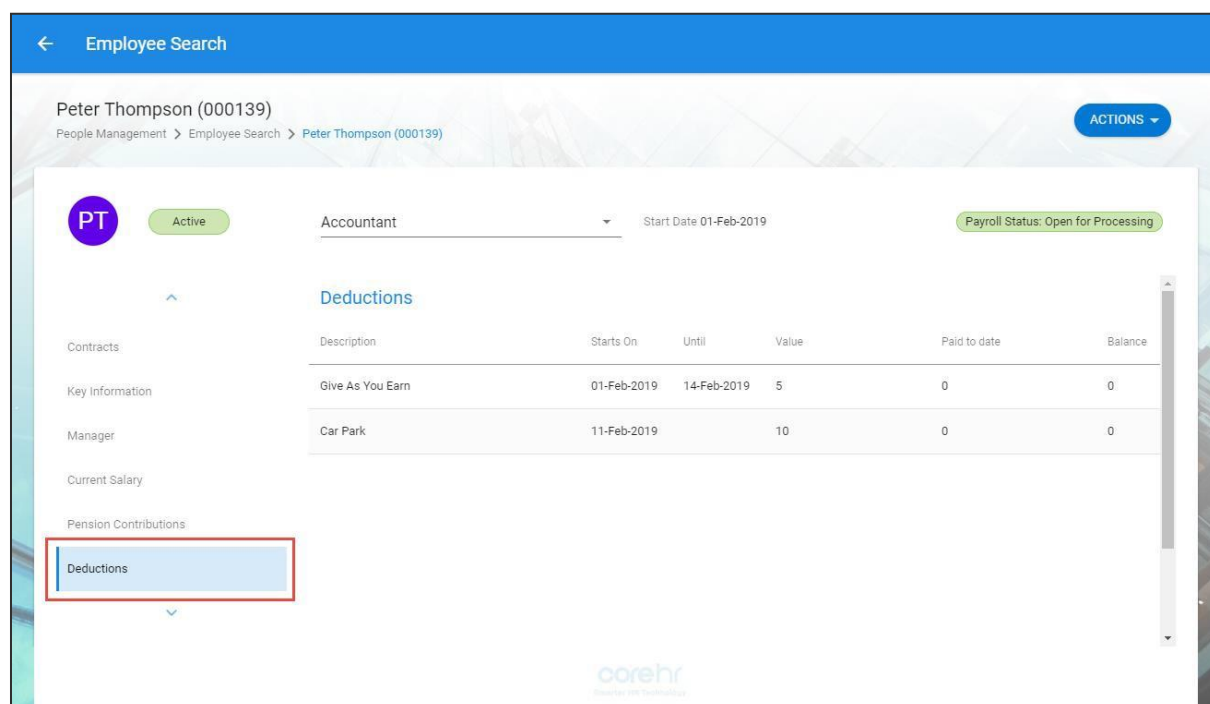

This option provides access to manage the Pension Schemes assigned to the employee's contract, for the contract selected on the contract list ([3.1.2 Contract List](#)).

This is only relevant if using the 'Pension by Appointment' feature on CoreHR.

Please refer to the CoreHR University **Pension by Appointment** user guide for full guidance on this feature.

3.2.7. Deductions

Employee Search

Peter Thompson (000139)
People Management > Employee Search > Peter Thompson (000139)

PT Active Accountant Start Date 01-Feb-2019 Payroll Status: Open for Processing

01-Mar-2019	Default 1	Training 2		40%
	Default 1	Project Delivery 7		60%

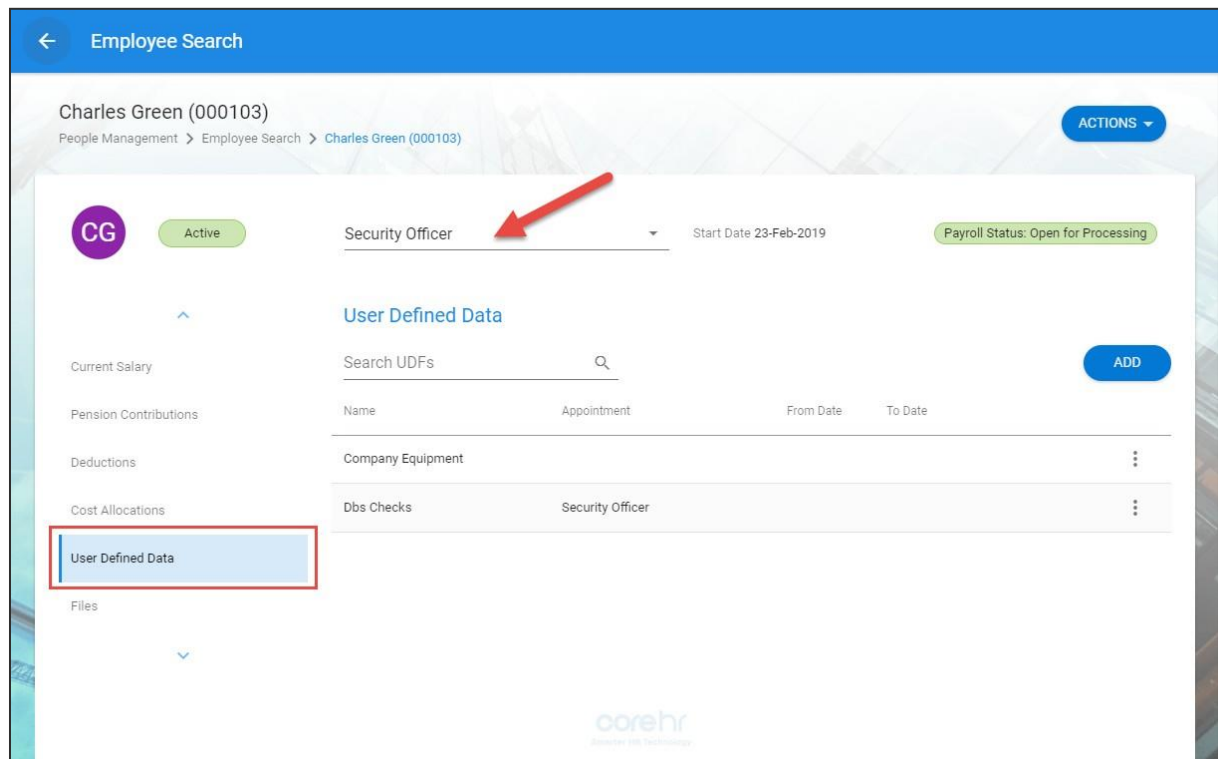

ADD

corehr

This option provides access to manage the Cost Allocations assigned to the employee's contract, for the contract selected on the contract list ([3.1.2 Contract List](#)).

Please refer to the CoreHR University **HR Cost Allocations** user guide for full guidance on this feature.

3.2.9. User Defined Data

This option provides access to manage the UDFs that are assigned to the employee and their contract records. If any UDFs are contract specific, the ones displayed are based on the contract selected in the contract list.

How to Access the User Defined Data Screen

To access the *User Defined Data* screen:

1. On the *Command Centre > Employees* screen, search for the employee and click **View** to open their HR record,
2. Select the option **User Defined Data** at the left of the screen.

Move to Portal - People Management HR Employee Record User Guide

Any UDFs currently recorded for the employee are displayed on screen.

This screenshot shows the employee record for Charles Green (000103). The interface includes a header with the employee's name and ID, a breadcrumb trail (People Management > Employee Search > Charles Green (000103)), and an ACTIONS button. The main content area displays the employee's profile (CG, Active, Security Officer, Start Date 23-Feb-2019, Payroll Status: Open for Processing) and a section for User Defined Data. The User Defined Data section has a search bar and an ADD button. Below the search bar is a table with columns: Name, Appointment, From Date, and To Date. The table contains two entries: 'Company Equipment' and 'Dbs Checks' (Appointment: Security Officer). The 'User Defined Data' menu item in the left sidebar is highlighted with a red box.

If no UDF records have been created for the employee / the selected contract or you don't have access to UDFs that have been created, the screen will appear as below:

This screenshot shows the employee record for Richard Green (000041). The interface is similar to the previous one, with the employee's name and ID, breadcrumb trail (People Management > Employee Search > Richard Green (000041)), and ACTIONS button. The main content area displays the employee's profile (RG, Active, Accountant, Start Date 18-Dec-2017, Payroll Status: Open for Processing) and a section for User Defined Data. The User Defined Data section has a search bar and an ADD button. Below the search bar is a large graphic with a flag on top of a mountain and the text 'NOTHING TO SEE HERE EXCEPT THIS FLAG'. The 'User Defined Data' menu item in the left sidebar is highlighted with a red box.

Note:

- It is possible that additional configuration has been applied to UDFs to control access via UDF Assignment Groups. If so, you must be in the required group to see / add specific UDF Types here.
- If the UDF Type has been flagged as *Security Required*, you will need to be granted access to it.

Searching for UDFs

To search for a UDF:

1. Use the search box to complete a keyword search based on the UDF name.
2. Select another contract from the drop-down list at the top of the screen, to view UDFs related to another contract.

The *Add UDF* screen opens.

2. Select a *UDF Type* from the drop-down list.

Add UDF

People Management > Employee Search > Charles Green (000103) > Add UDF

UDF Type *

Certificate Of Sponsorship
Person

Company Equipment
Person

DBS Checks
Contract

Mandatory Checks
Contract

Maternity And Paternity Form (Smp, Os...
Person

The list of UDF Types includes:

- All 'employee' and 'contract' level UDFs that have been configured on CoreHR.

- If a UDF type has the *Security Required* indicator enabled, the UDF will only appear here if you have been granted access to it. If assignment groups are applied, you will need to be in the required group.

Once a *UDF Type* is selected, the screen updates to display all of the fields that have been defined for it:

- The input type of the fields will depend on the configuration for the UDF Type.
- Certain fields may be mandatory, if that has been configured for the UDF Type.

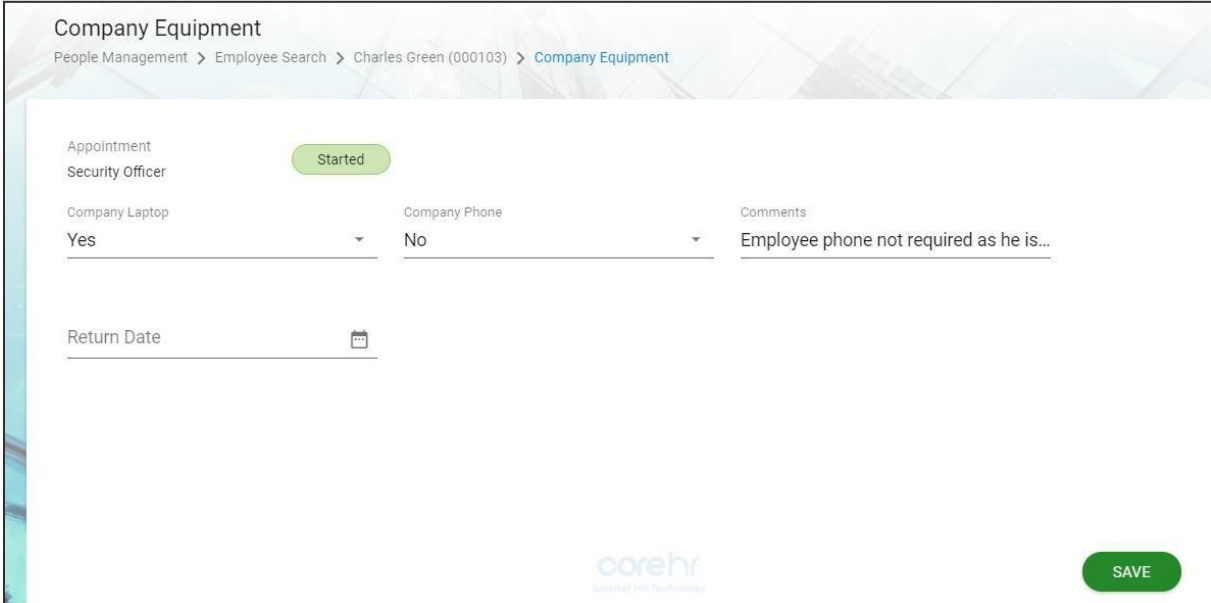

The screenshot shows the 'Add UDF' form. At the top, the breadcrumb trail is 'People Management > Employee Search > Charles Green (000103) > Add UDF'. The form has a title 'Add UDF' and a subtitle 'This UDF is not related to any specific appointment.'. The 'UDF Type *' dropdown is set to 'Company Equipment'. Below this, there are three input fields: 'Company Laptop' (dropdown), 'Company Phone' (dropdown), and 'Comments' (text area). There is also a 'Return Date' field with a calendar icon. At the bottom right, there is a green 'SAVE' button. The CoreHR logo is visible at the bottom center.

3. Input the required data and click the **Save** to add to the employee record.

The record will now be listed on the previous screen:

The screenshot shows the 'User Defined Data' section. At the top, there is a 'Security Officer' dropdown, a 'Start Date 23-Feb-2019' field, and a green 'Payroll Status: Open for Processing' button. Below this, the section is titled 'User Defined Data'. There is a 'Search UDFs' input field with a magnifying glass icon and a blue 'ADD' button. Below the search field, there is a table with columns: 'Name', 'Appointment', 'From Date', and 'To Date'. The table contains one row: 'Company Equipment'. This row is highlighted with a red border. To the right of the row, there is a vertical ellipsis icon.

4. Click on the  button and select **View / Edit** to view all the details recorded:

Person UDFs

UDFs that are created at 'person' level will be labelled as such when selecting the UDF Type i.e.

Add UDF

People Management > Employee Search > Charles Green (000103) > Add UDF

UDF Type *

- Certificate Of Sponsorship
Person
- Company Equipment
Person
- DBS Checks
- Contract

This information is not linked to any contract record for the employee. It is associated directly with their employee record. That will also be made clear, once the UDF Type has been selected:

Add UDF
People Management > Employee Search > Charles Green (000103) > Add UDF

UDF Type *
Company Equipment

This UDF is not related to any specific appointment.

Company Laptop Company Phone Comments

Contract UDFs

When adding a 'contract' UDF, the first step is to ensure that the required contract is selected on the employee record, before adding the UDF i.e.:

Security Officer

Start Date 23-Feb-2019

Payroll Status: Open for Processing

User Defined Data

Search UDFs

ADD

Name	Appointment	From Date	To Date
Company Equipment			

UDFs that are created at 'Contract' level will be labelled as such when selecting the UDF Type i.e.

Add UDF
People Management > Employee Search > Charles Green (000103) > Add UDF

UDF Type *

- Certificate Of Sponsorship Person
- Company Equipment Person
- DBS Checks
- Contract
- Mandatory Checks

Once selected, the contract and contract status will appear on screen, beneath the UDF Type:

Add UDF

People Management > Employee Search > Charles Green (000103) > Add UDF

3. Update the data as required.
4. Click **Save** to save the changes.

Delete a User Defined Object

To delete an existing User Defined Object:

1. On the *User Defined Data* screen, search for the required record.
2. Click on the  button and select **Delete**.

The screenshot shows the 'User Defined Data' interface. At the top, there's a header with 'Security Officer' and a dropdown arrow, 'Start Date 23-Feb-2019', and a green status badge 'Payroll Status: Open for Processing'. Below this is a search bar labeled 'Search UDFs' with a magnifying glass icon and a blue 'ADD' button. A table lists the data with columns: Name, Appointment, From Date, and To Date. The first row is 'Company Equipment'. To the right of this row is a grey circular button with three vertical dots. A red arrow points to this button, and another red arrow points to the 'Delete' option in the dropdown menu that appears. The dropdown menu also contains 'View / Edit'. A red box highlights the 'Delete' option.

3. Click **Delete** to delete the record.
4. Click **Yes** on the confirmation message. The record is deleted.

3.2.10. Files

This option provides access to view, manage and upload documents for the employee and their contracts, including documents that have been:

- Generated by the 'Document and Email Generation' functionality.
- Uploaded by employees.
- Uploaded by managers.

If the document has been uploaded for a specific contract, you will need to select the contract from the contract list to see this on screen.

The screenshot shows the 'Employee Search' page for Charles Green (000103). The page has a blue header with a back arrow and the title 'Employee Search'. Below the header, the employee's name and ID are displayed, along with a breadcrumb trail: 'People Management > Employee Search > Charles Green (000103)'. On the right, there is an 'ACTIONS' button. The main content area is divided into two sections. The left section contains a sidebar with various tabs: 'Current Salary', 'Pension Contributions', 'Deductions', 'Cost Allocations', 'User Defined Data', and 'Files'. The 'Files' tab is selected and highlighted with a red box. The right section displays the 'Files' table. At the top of this section, there is a 'Security Officer' dropdown menu with a red arrow pointing to it, and a 'Start Date' field set to '23-Feb-2019'. A 'Payroll Status' indicator shows 'Open for Processing'. Below this, there is a 'Files' table with columns: 'File Name', 'Document Type', 'Uploaded', 'Uploaded By', and 'File Size'. The table contains three rows of data: 'Ucc Transcript Charles Green.Pdf', 'Offer Letter - Security Officer - Charles ...', and 'Annual Salary Review.Docx'. A red box highlights the 'Files' tab in the sidebar.

File Name	Document Type	Uploaded	Uploaded By	File Size
Ucc Transcript Charles Green.Pdf	General Documents	08-Jan-2018	Alice Jones	85 KB
Offer Letter - Security Officer - Charles ...	General Documents	08-Jan-2018	Alice Jones	17 KB
Annual Salary Review.Docx	Contract Details	08-Jan-2018	Alice Jones	17 KB

Please refer to the CoreHR University **Employee Files** user guide for full guidance on this feature.

3.2.11. Probation Details

The screenshot shows the 'Employee Search' page for Charles Green (000103). The page has a blue header with a back arrow and the title 'Employee Search'. Below the header, the employee's name and ID are displayed, along with a breadcrumb trail: 'People Management > Employee Search > Charles Green (000103)'. On the right, there is an 'ACTIONS' button. The main content area is divided into two sections. The left section contains a sidebar with various tabs: 'Current Salary', 'Pension Contributions', 'Deductions', 'Cost Allocations', 'User Defined Data', and 'Files'. The 'Files' tab is selected and highlighted with a red box. The right section displays the 'Probation Details' form. At the top of this section, there is a 'Security Officer' dropdown menu with a red arrow pointing to it, and a 'Start Date' field set to '23-Feb-2019'. A 'Payroll Status' indicator shows 'Open for Processing'. Below this, there is a 'Probation' table with columns: 'Probation Expiry Date', 'Review Date 1', 'Review Date 2', 'Probation Extension Date', 'Extension Reason', and 'Extension Completion Date'. The table contains three rows of data: '22-Aug-2019', 'Review Date 1', 'Review Date 2', 'Probation Extension Date', 'Extension Reason', and 'Extension Completion Date'. A red box highlights the 'Probation Details' tab in the sidebar.

Probation Expiry Date	Review Date 1	Review Date 2	Probation Extension Date	Extension Reason	Extension Completion Date
22-Aug-2019	Review Date 1	Review Date 2	Probation Extension Date	Extension Reason	Extension Completion Date

This option provides access to manage the probation expiry details, for the contract selected on the contract list ([3.1.2 Contract List](#)).

Please refer to the CoreHR University **Probation Dates** user guide for full guidance on this feature.

3.2.12. Balances

This option provides access to view the employee's balance assignments and make a balance adjustment.
