1. Overview

1.1. Purpose of this Guide

The purpose of this document is to provide guidance on how to process the *Year End* for 2021/22 and prepare for the 2022/23 tax year. This document covers the following:

- The legislative rate changes as outlined in the *Budget*.
- The software changes introduced as part of the *UK Year End Software Release*.
- The tasks to complete before your *Year End Cleardown* task.
- The tasks to complete after your *Year End Cleardown* task.
- The steps required to configure your *Payroll System* correctly for the 2022/23 tax year.

1.2. What is Year End?

At the end of the tax year, after the final Payrolls have been processed, you are required to:

- Submit a *Final EPS* to HMRC.
- Complete the *Pre Year End Checks*.
- Run the *Year End Cleardown* task.
- Complete your *Post Year End Tasks*.
- Issue *Employees* with a *P60*.

The *Year End Cleardown* task in Payroll completes the following tasks:

- Closes out the old tax year and moves the *Payroll Company* into a new tax year.
- Resets the *Employees'* cumulative figures.
- Moves the *Employees'* cumulative figures from the completed tax year to the '*End of Year*' table.
- Generates the *Payroll Company Calendar* for the next two years.

The *UK Year End Software Release* provides our customers with the following:

- The preloaded rate changes as outlined by *HMRC* for the new tax year.
- The software updates required to process the legislative changes set out by *HMRC*.

2. 2022 / 23 Rates

2.1. Rates – Preloaded

The following rates are preloaded as part of the *UK Year End Software Release*. For a detailed breakdown, see section [6.5. Rate Changes – Preloaded](#).

- [NI Earnings Limit](#)
- [NI Employee Rates](#)
- [NI Employer Rates](#)
- [PAYE Codes/Rates](#)
- [SRIT PAYE Codes/Rates](#)
- [Welsh PAYE Codes/Rates](#)
- [SSP Rates](#)
- [Auto Enrolment Rates](#)

2.2. Rates – Customer Configuration Required

The following rates are not preloaded as part of the *UK Year End Software Release*. See section [6.6. Rates Changes – Customer Configuration Required](#) for steps on how to update.

- [Apprentice Levy Rates](#)
- [Employment Allowance](#)
- [Current Year Statutory Rate, Previous Year Statutory Rate and Emergency Tax Code](#)
- [Student Loan Plan 1](#)
- [Student Loan Plan 2](#)
- [Scottish Student Loan Plan 4](#)
- [Postgraduate Loans](#)
- [Council Tax Rates](#)
- [DEA / DEO Pay Codes](#)
- [Scottish Arrestment Order Rates](#)
- [Max Redundancy Rates](#)
- [Auto Enrolment LEL / UEL Thresholds](#)
- [Employee Global Update of Tax Codes](#)
- [Minimum Wage Increases](#)

3. Software Changes

The following software changes have been loaded as part of the year *UK Year End Software Release*.

3.1. P60

3.1.1. New Template

A new template has been introduced by HMRC for the 2021/22 tax year P60. This new template is automatically preloaded and available within the system. The Paper P60 is covered in section [7.1 – Print P60's](#) and the Portal P60 in section [7.2 – Generate P60's to Portal](#) of this guide.

P60 End of Year Certificate
Tax year to 5 April **2022**

To the employee:
Please keep this certificate in a safe place as you will need it if you have to fill in a tax return. You also need it to make a claim for tax credits and Universal Credit or to renew your claim.
It also helps you check that your employer is using the correct National Insurance number and deducting the right rate of National Insurance contributions.
By law you are required to tell HM Revenue and Customs about any income that is not fully taxed, even if you are not sent a tax return.
HM Revenue and Customs
The figures marked ★ should be used for your tax return, if you get one

3.2. National Insurance - Health & Social Care Levy

3.2.1. Overview

On 7 September 2021 the government announced a new 1.25% Health and Social Care Levy to fund investment in the NHS and social care.

The Levy will be effectively introduced from April 2022 when National Insurance Contributions (NICs) for working age employees, self-employed people and employers will increase by 1.25% and be added to the existing NHS allocation. This increased NIC rate is automatically applied from April 2022 within the payroll system.

From April 2023, the Levy will be formally separated from NICs and also apply to the earnings of individuals working above State Pension age and National Insurance Contribution rates will return to 2021-22 levels. A software update for this will be part of next year's UK Year end update.

To ensure taxpayers understand that their increased contribution is helping fund public services, HMRC are asking employers to put a message on payslip templates explaining what these funds will be used for. The message applies to all payslips for the Tax year 2022/23 and should read "1.25% uplift in NICs funds NHS, health & social care".

3.2.2. Add Payslip Message

To add the payslip message, go to *Settings > Codes > Pay Groups* and populate the payslip message fields.

The requested wording from HMRC to use is:

- “1.25% uplift in NICs funds NHS, health & social care”

Pay Groups

This step should be completed for each UK pay group.

3.3. NI Letters

3.3.1. New Letters

As part of the updates for Veteran & Freeport NIC calculation changes, five new NI Letters have been inserted into the system. These new NI letters are:

- F – Freeport standard category letter
- I – Freeport Married women and widows entitled to pay reduced NICs
- S – Freeport employees above state pension age
- L – Freeport employees who defer paying 12% NIC, only paying 2% because they are paying it in another job
- V – Veterans NIC

Users will now, once in the 2022/23 tax year on the system, be able to assign one of these new NI letters to an employee's record.

3.4. Veteran NIC

3.4.1. Tax Year April 2022+

Veteran NIC relief provides a zero-rate of secondary Class 1 National Insurance contributions (NICs) on the earnings of a qualifying veteran for 12 consecutive months from the first day of their first civilian employment after leaving the regular armed forces.

This zero-rate can be applied up to the (new) Veteran's Upper Secondary Threshold (VUST). From April 22 onwards, employers will be able to apply the relief in real time through RTI.

To give this relief to an Employee they are assigned the NI Letter V in the system. This is done via the Employee Tax Detail Screen.

A new field: "Veteran NIC Date Effective" has also been added to the Employee Tax Details screen:

- This field has been added to allow users to capture the original date of Veteran NIC Claim.
- The system does not automatically move an employee off the veteran NIC letter. However, this new field will allow users to report on the employees to see how long they have been on the Veteran NIC letter.
- The Insight Person Master view has been updated to support reporting on this new Veteran NIC Date Effective field.

The screenshot shows the 'Payroll Dashboard' for 'Ian Vestor'. The 'Tax Details' section is active. The 'NI Letter' field is highlighted with a red box and contains the value 'V'. The 'Veteran NIC Date Effective' field is also highlighted with a red box and contains a calendar icon. The 'Previous Employment Details' section is visible below the main form. The 'VALIDATE P45' and 'SAVE' buttons are at the bottom right.

3.4.2. Tax Year 2021/22

This Veteran NIC relief is available from April 2021.

From April 2022 this relief is claimed via payroll submission. However, for retrospective claims from April 2021 to March 2022, employers will have paid the associated Secondary Class 1 NICs as normal and will now need to claim it back retrospectively from April 2022 onwards.

This reclaim of Veteran NIC relief for the 2021/22 tax year is not being supported through the software. Instead, where an employer wishes to claim Veteran NIC relief for the 2021/22 tax year, they would do so by sending a simple letter to HMRC.

In this letter you will need to include

- the reference (heading) 'Overpaid NI contributions'
- the employee's name, date of birth and National Insurance number
- an explanation that you are reclaiming Veteran's relief
- the period(s) they have overpaid in
- confirmation that they are claiming for a qualifying veteran and retain evidence to show this (HMRC may request to see this evidence at a later date)
- the account number, sort code and account name for the bank account where they want their refund to be paid

3.5. Freeport Workers

3.5.1. Freeport NIC Category Letters

The government intends to create up to 11 Freeports in various locations within the UK. From 6 April 2022, a reduced rate of employer NICs will apply to all Freeport based businesses.

This will mean all employers based within and employing people working within the Freeport geographic area can apply a zero-secondary rate of employer NICs for those employees' earnings above the secondary threshold up to and including a newly established Freeport Upper Secondary Threshold (FUST). Anything above this rate will be charged at 13.8%.

To be eligible, the employee must be a new hire after April 2022 and must not have worked for that employer (or a business connected to that employer) in the previous 24 months. They must also spend a minimum of 60% of their time working within the Freeport tax site.

To support this change, four, new Freeport NIC category letters are to be introduced:

- F – standard category letter
- I – married women and widows entitled to pay reduced NICs
- S – employees above state pension age
- L – employees who defer paying 12% NICs, only paying 2% because they are paying it in another job

The new category letters reflect existing NIC category letters A, B, C and J.

In the extremely rare circumstance that the employer has an employee for whom they would use a different NIC category letter (the example of Mariners is provided), then they would need to contact HMRC at the end of the tax year to establish a manual process by which to calculate and claim the relief.

The new Freeport NI Letters and associated rates have been automatically preloaded within the software.

3.6. Budget Module

3.6.1. Calculation Updates

The budget module has also been updated to support the introduction of Veteran & Freeport NIC letters and the associated calculation changes.

Users will see the updated results as part of a calculation forecast.

A forecast is run via the menu path: *Budget > Tools > Generate Forecast*.

3.7. Real Time Information

3.7.1. FPS Schema

The RTI FPS Schema has been updated to reflect the 2022/23 changes. These schema updates are automatically linked to the tax year the payroll company is in, so no user action is required.

3.7.1.1. FPS – Reporting of Certain Non-Taxable Death Benefits

The Pension (Non-Taxable Payments Following Death) (Real Time Information) Regulations 2021 require pension payers to report certain non-taxable death benefits through RTI from April 2022. Part 2.2.7 of CWG2 *How to report lump sum death benefit payments under PAYE through real time information* provides guidance on how these non-taxable payments should be reported through RTI. (CWG2: <https://www.gov.uk/government/publications/cwg2-further-guide-to-payee-and-national-insurance-contributions/2021-to-2022-employer-further-guide-to-payee-and-national-insurance-contributions>)

On the XD System, where making non-taxable death benefit payments the following configuration must be used:

- Go to the Employee Record *Employee Tax Details > Sundry Profile screen > UK Parameters*
 - The Irregular Paid indicator should be set to Y to reflect this isn't a regular payment
 - Occupational Pension for Bereaved Spouse/Civil Partner should be set to Y

The screenshot shows the 'Payroll Dashboard' for 'Ian Vestor'. The 'UK Parameters' tab is selected. Two settings are highlighted with red boxes: 'Irregular Paid Employee' and 'Occupational Pension Bereaved Spouse/Civil Partner', both of which are currently set to 'Y' (checked). Other visible settings include 'RTI Normal Hours Worked' and 'Unpaid Absence'.

- In addition to the above, the RTI Payment Pay Codes is used to identify what pay codes are used for Lump Sum Death Payments.
 - Settings > General > RTI > Payment Pay Codes*
 - Here the option "Flexible Payment Non Taxable" must be checked on the pay codes used for non-taxable death benefits.

3.8. P11d

3.8.1. Schema

The P11d Schema has been updated to reflect the 2021/22 changes.

The changes introduced are:

Data Item 1 change X-path

- From - IRenvelope/IRheader/Keys/Key/@type="TaxOfficeNumber"
- To- IRenvelope/IRheader/Keys/Key/@Type="TaxOfficeNumber"

Data Item 2 change X-path

- From- IRenvelope/IRheader/Keys/Key/@type="TaxOfficeReference"
- To - IRenvelope/IRheader/Keys/Key/@Type="TaxOfficeReference"

Section F

- Data Item 46. Change to date in title from 2020/21 to 2021/22
- Data Item 47. Change to date in title from 2020/21 to 2021/22

Section H

- Data Item 53. Change to date in title from 5 April 2020 to 5 April 2021
- Data Item 54. Change to date in title from 5 April 2021 to 5 April 2022
- Data Item 55. Change to dates in title and business rules from 5 April 2020 and 5 April 2021 to 5 April 2021 and 5 April 2022
- Date item 56. Change to dates in title from 5 April 2020 and 5 April 2021 to 5 April 2021 and 5 April 2022
- Data Item 57. Change to date in title from 2020/21 to 2021/22
- Data Item 58. Change to date in title from 2020/21 to 2021/22

Users should refer to the P11d user guide for more information.

3.8.2. Class 1A NIC Rate Increase

The Class 1A NIC increases to 15.05%

Refer to the P11 user guide for details on how this parameter should be updated for the P11d.

3.9. **NHS Pension**

The following changes have been proposed by NHS for April 2022.

- Change 1: New tiers and contribution rates
 - If using a tiered pension scheme, then new tiers/contribution rates can be updated via *Settings > Pension Scheme > Page 2*.
 - If using normal pension scheme, the contribution rates will be assigned either at a pension scheme or employee level.
- Change 2: Band Assessment to move to be based off actual earnings (from the current process based on whole time equivalent)
 - If using tiered pension schemes there is an option on *Settings > Pension Schemes > Page 2* to configure the pension scheme to be based off actual earnings instead of FTE.
 - If using normal pension scheme set up the allocation of the pension scheme to an employee is already done manually and will remain a user decision.
- Change 3: Aggregation of multiple part-time employments held with a single employer
 - Sites will currently be configured as pension by person or pension by appointment.
 - Current Functionality
 - Where pension by person the aggregated earnings are automatically used to determine tier/contributions depending on the pension scheme set up.
 - Where pension by appointment each appointment earnings are assessed individually.
 - New Functionality
 - Where pension by person there is no change required.
 - Where pension by appointment a software change is being introduced that will allow users to identify which pension schemes are NHS Pension schemes and aggregate the earnings for band assessment purposes.

3.9.1. Identify NHS Pension Scheme

Users can enable this functionality by identifying the pension scheme as an NHS Pension Scheme. The indicator is held on *Settings > Pension Schemes > Page 2 > Maintain Pension Schemes*.

Note:

This indicator is available only on the portal pension screen.

4. Pre Year End Cleardown

4.1. Pre Year End Cleardown Checklist

Note:

The following *Checklist* can be printed and used when completing the *Year End Cleardown* tasks.

Task	Action	Completed Y/N
1	Complete your <i>Payroll</i> for all the <i>Pay Groups</i> in your <i>Company</i> .	
2	Ensure all <i>Full Payment Submission (FPS)</i> files are successfully transferred to HMRC.	
3	Generate and submit a <i>Final EPS</i> , ensuring it is successfully transferred to HMRC. See section Final Employer Payment Summary (EPS) .	
4	Run the <i>Pre Year End Data Check Report</i> , reconcile it with the <i>Employee Cumulatives (All) Report</i> and the <i>Payroll Final Control (PAY355CT) Report</i> from your last <i>Payroll Run</i> . See section Pre Year End Data Check .	
5	Run the <i>Year End Cleardown</i> ; see section Year End Cleardown .	
6	Generate and check the <i>Year End Control Reports</i> ; see section Year End Control Reports .	

4.2. Final Employer Payment Summary (EPS)

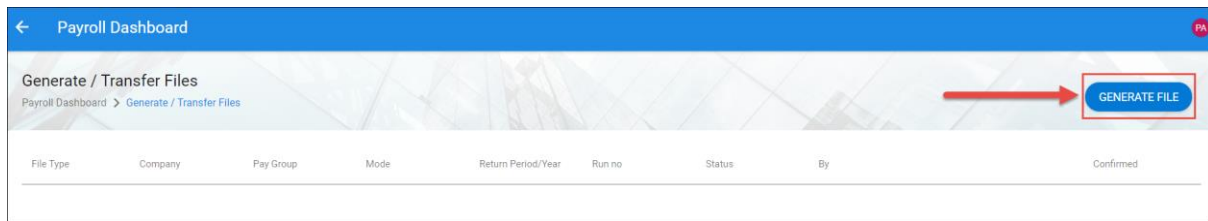

4.2.1. Overview

At the end of the tax year, in addition to your final *FPS*, a *Final Employer Payment Summary (EPS)* submission is required. This informs HMRC that you have completed all submissions for the tax year.

To generate a Final EPS:

1. Go to *Manage Payroll > Outputs*.
2. Select *RTI*.

3. Click the **Generate File** button.

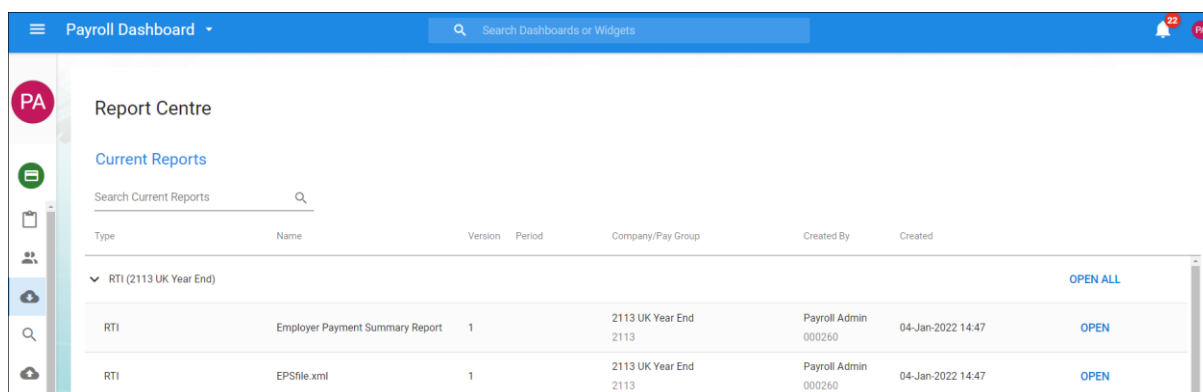

The *Generate/Transfer Files* screen opens.

The screenshot shows the 'Generate / Transfer Files' screen. The sub-header is 'Generate RTI'. Below the header is a table with columns: File Type, Company, Pay Group, Mode, Return Period/Year, Run no, Status, By, and Confirmed. The 'File Type' dropdown is set to 'EPS'. The 'EPS Type' dropdown is set to 'Final'. The 'Company' dropdown is set to '2113 UK Year End'. The 'Year' dropdown is set to '2022'. The 'Tax Month' dropdown is set to 'March'. There are radio buttons for 'Live' (selected) and 'Test'. A blue button labeled 'EPS PARAMETERS' is in the top right corner. A green button labeled 'GENERATE' is in the bottom right corner.

4. Select *EPS* from the *File Type* drop-down menu.
5. Select *Final* from the *EPS Type* drop-down menu.
6. Select the *Company* from the drop-down *Company* menu.
7. Enter the tax year to which the *Previous Year FPS* relates in the *Previous Year* field, i.e., 2020.
8. Click **Generate**.

The *EPS Report* and *XML file* generate to the *Report Centre*.

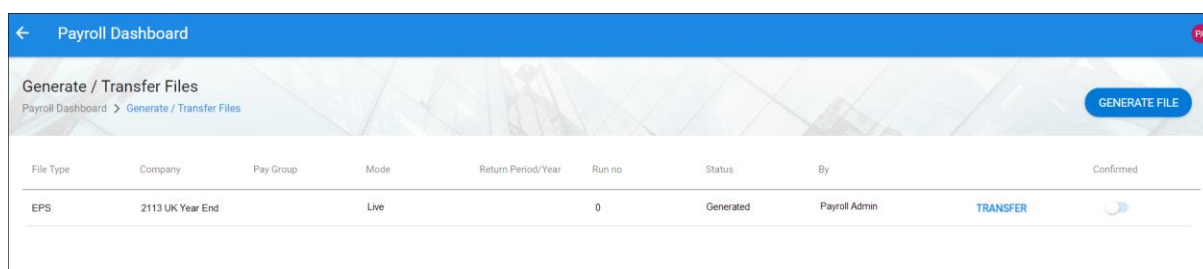

The screenshot shows the 'Report Centre' section of the 'Payroll Dashboard'. It features a search bar for 'Current Reports' and a table listing reports. The table has columns for Type, Name, Version, Period, Company/Pay Group, Created By, and Created. A dropdown menu is open for 'RTI (2113 UK Year End)', showing two reports: 'RTI' (Employer Payment Summary Report) and 'RTI' (EPSfile.xml). Both reports have a version of 1, are for the 2113 UK Year End, and were created by 'Payroll Admin' on 04-Jan-2022 at 14:47. There are 'OPEN' and 'OPEN ALL' buttons.

Type	Name	Version	Period	Company/Pay Group	Created By	Created	
RTI (2113 UK Year End) OPEN ALL							
RTI	Employer Payment Summary Report	1	2113 UK Year End 2113	2113 UK Year End 2113	Payroll Admin 000260	04-Jan-2022 14:47	OPEN
RTI	EPSfile.xml	1	2113 UK Year End 2113	2113 UK Year End 2113	Payroll Admin 000260	04-Jan-2022 14:47	OPEN

4.2.2. Transfer the Final EPS

1. Once generated, return to the *Manage Payroll > Outputs > RTI* screen
2. Select **Transfer**.

The screenshot shows the 'Generate / Transfer Files' screen in the 'Payroll Dashboard'. It includes a 'GENERATE FILE' button and a table with columns for File Type, Company, Pay Group, Mode, Return Period/Year, Run no, Status, By, and Confirmed. The table contains one row for 'EPS' with the following details: Company: 2113 UK Year End, Pay Group: Live, Mode: Live, Return Period/Year: 2113 UK Year End, Run no: 0, Status: Generated, By: Payroll Admin, and Confirmed: TRANSFER.

File Type	Company	Pay Group	Mode	Return Period/Year	Run no	Status	By	Confirmed
EPS	2113 UK Year End	Live	Live	2113 UK Year End	0	Generated	Payroll Admin	TRANSFER

4.3. Pre Year End Data Check

4.3.1. Overview

The purpose of the *Pre Year End Data Check* is to ensure that your *Payroll System* is in good order before completing the *Year End Cleardown* task.

Run the *Pre Year End Data Check Report*, reconcile it with the *Employee Cumulatives (All) Report* and the *Payroll Final Control (PAY355CT) Report* from your last *Payroll Run*.

4.3.2. Generate the Payroll Final Control Report

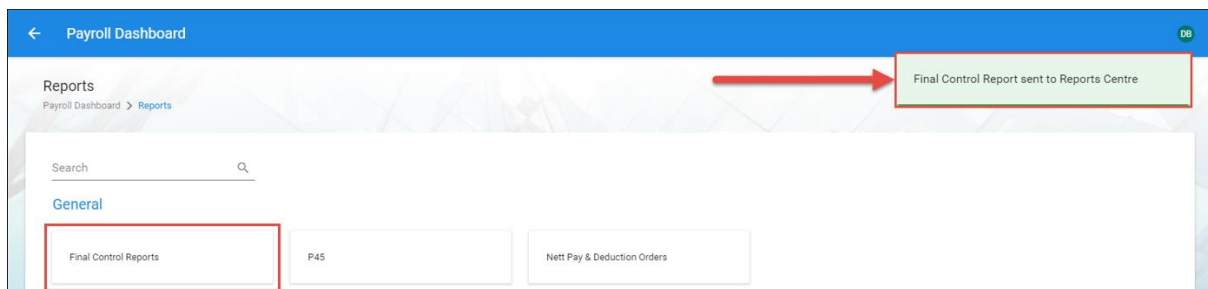

To generate the *Payroll Complete Update Report (PAY355CT)* from your last *Payroll Run*.

1. Go to *Manage Payroll > Outputs > Reports*.

2. Select *Final Control Report*.

An information message appears "Final Control Report sent to Reports Centre".

4.3.3. Generate the Employee Cumulatives (All) Report

To generate the *Employee Cumulatives (All) (PAYB084B) Report*:

1. Go to *Predefined Reports*.
2. Select **Employee Data**.

3. Select the *Employee Cumulative (ALL)* Report from the *Report Name* drop-down menu.
4. Select the *Pay Group* from the *Pay Group(s)* drop-down menu.

The screenshot shows the 'Employee Data' form in the 'Payroll Dashboard'. The form has several fields and toggle switches. The 'Report Name' field is set to 'EMPLOYEE CUMULATIVES (ALL)' and the 'Pay Group(s)' field is set to '2113 - Uk Year End Monthly'. Both fields are highlighted with a red rectangle. To the right of these fields are toggle switches for 'All', 'Employees', 'Pay Codes', and 'Parameter date(s)', all of which are currently turned off.

5. Select **Run Report**.

The report generates to the *Report Centre*, where it can be downloaded in a PDF format.

4.3.4. Generate the Pre Year End Cleardown Data Check

To generate the *Pre Year End Cleardown Data Check*:

1. Go to *Payroll Dashboard > Year End*.
2. Select the **Manage** button next to the company.

The screenshot shows the 'Year End' section of the 'Payroll Dashboard'. It features a table with columns: 'Company', 'Tax year', 'Pay groups ready to clear down', 'Total completion %', and 'Last cleared'. The first row shows '2113 UK Year End' for the year '2021', with '0' in the 'Pay groups ready to clear down' and 'Total completion %' columns. To the right of the table, there is a 'Ready To Run' button and a 'MANAGE' button. A red arrow points from the 'MANAGE' button to the 'SYSTEM LEGISLATIVE RATES' button above it.

Company	Tax year	Pay groups ready to clear down	Total completion %	Last cleared
2113 UK Year End	2021	0	0	

3. Select **Pre Year End Data Check**.

The screenshot shows the 'Pre-Yearend Cleardown Checking' section in the 'Payroll Dashboard'. It features a search bar and a list of items. The first item is 'Pre Yearend Cleardown Data Check', which is highlighted with a red rectangle. A red arrow points from the right side of the page towards this item.

4. Select the *Company* from the drop-down *Company* menu.

Pre Yearend Cleardown Data Check

Payroll Dashboard > Year End > Pre Yearend Cleardown Data Check

NOTE: This report will only contain data relating to pay groups you have access to

Report: PAY, PAYE, NIC

Company: 2113
2113 UK Year End
2113

Period:

OK Cancel

5. Select the report type *PAY, PAYE, NIC* from the drop-down *Report* menu.

Pre Yearend Cleardown Data Check

Payroll Dashboard > Year End > Pre Yearend Cleardown Data Check

NOTE: This report will only contain data relating to pay groups you have access to

Report: PAY, PAYE, NIC

Company: 2113 UK Year End

Period: 202152

OK Cancel

6. Click **OK**.

The PDF and CSV Report generates to the *Report Centre*.

- Repeat the above steps, selecting the *Other Statutory All Employment* and *Other Statutory Current Employment* reports.

Pre Yearend Cleardown Data Check

NOTE: This report will only contain data relating to pay groups you have access to

Report

PAY, PAYE, NIC

Company

Other Statutory All Employment

Period

202152

Cancel

Note:

These reports only provide details for *Employees* to which you have access.

The table below summarises the three reports generated:

Report Option	Outline	Purpose
PAY, PAYE, NIC Cumulative	This report lists the Employees' Cumulative: - PAY - PAYE - NIC This report splits PAY and PAYE into - Current Employment - Previous This Employer - Previous P45	Use for the usual end of year balancing, i.e., P60. It can be used for RTI FPS returns in terms of Pay, PAYE, and NI (See RTI User Guide).
Other Statutory All Employments	This report lists all <i>Statutory</i> and <i>Student Loan</i> details paid by <i>Employees</i> for the tax year.	It can be used for year to date totals of all statutory employment payments.

Report Option	Outline	Purpose
Other Statutory Current Employment	This report lists all <i>Statutory</i> and <i>Student Loan</i> details paid by <i>Employees</i> for their latest period of employment, i.e., rejoiners figures will only show the latest period of employment.	It is useful for end of year reconciling in terms of P60. It can be used going forward for RTI NORMAL FPS return.

4.3.5. Reconciling the Pre Year End Reports

Reconcile the *Pre Year End Data Check Report* back to the following reports:

- Employee Cumulatives (All) (PAY084B)
- Final Control Report (PAY355CT)

The *Pre Year End Data Check Report* needs to be reconciled with the *Final Control Report* for each *Pay Group* in the *Company*:

1. "Current Taxable" plus "Previous P45 Taxable" on the *Pre Year End Data Check Report* should equal "Taxable Pay" less "Pension" on the *Final Control Report*.

Note:

The *Taxable Pay* figures on the *Pre Year End Data Check Report* are net of *Pension*. This is because year end returns such as P35s and P60s are always net of *Pension*.

2. "Current PAYE" plus "Previous P45 Taxable" on the *Pre Year End Data Check Report* should equal *PAYE* on the *Final Control Report*.

Note:

The *Pre-Year End Data Check Report* splits the *Taxable Pay* and *PAYE* figures into current and previous employment. In contrast, the *Employee Cumulative (All) Report* and *Final Control Report* combine the two figures.

- "NIC EE All Employment" on the *Pre Year End Data Check Report* should equal the "NI Employee" on the *Final Control Report*.
- "NIC ER All Employment" on the *Pre Year End Data Check Report* should equal the "NI Employer" on the *Final Control Report*.

Note:

The *Pre Year End Data Check Report* can be checked at any point during the year. Some clients do this every few months as a health check.

4.3.7. Troubleshooting: Common Reasons why the Reports Don't Match

#	Reason	Description
1	Employee Moving Company	If during the tax year, one or more <i>Employees</i> transferred to another <i>Company</i> in your Payroll. ! Issue: If an <i>Employee</i> moves from “Company A” to “Company B” during the year; their cumulatives are not included in the <i>Employee Cumulatives (All) Report</i> or the <i>Final Control Report</i> for the old <i>Pay Group</i>. However, their cumulatives are still be included in the <i>Pre Year End Data Check Report</i> for the original <i>Company</i>, similar to what would happen on the old P35.
2	Manual or Cancel Payments processed.	Processing <i>Cancel or Manual Payments</i> after the <i>Final Payroll Run</i> is processed, and the <i>Final Control Report</i> has been generated, can cause reports not to balance. ! Issue: The <i>Complete Update Report</i> reflects the <i>Employees’ Cumulatives</i> before the <i>Cancel or Manual Payments</i> were processed, where the <i>Pre Year End Data Check Report</i> reflects the <i>Employees’ Current Cumulatives</i>.
3	Manually Adjusting Cumulatives	Adjusting the <i>Employees’ Cumulatives</i> after the <i>Final Payroll Run</i>, and the <i>Final Control Report</i> has been generated can cause reports not to balance. ! Issue: - The <i>Complete Update Report</i> reflects the <i>Employees’</i> cumulatives before the <i>Employees’</i> cumulatives were adjusted. - The <i>Pre Year End Data Check Report</i> reflects the <i>Employees’</i> current cumulatives.

#	Reason	Description
4	Checking the reports in the middle of a payroll run	Checking the reports in the middle of a <i>Payroll Run</i> can cause the reports not to balance. ! Issue: This check should be done at the end of a <i>Payroll Run</i> and before you start the next payroll run.

4.3.8. Pre Year End Taxable Pay Vs Post Year End Tax Taxable Pay

The *PAY, PAYE, NIC Report* lists all *Employees* who have net taxable pay for this tax year, with overall totals for current PAYE, NI, and Taxable Pay.

! Note:

'Taxable Pay' on *Post Year End Reports*, including P60s, is always a whole number, i.e., no pence, see the table below.

Employee Reference	Pre-Year End Taxable Pay	Post Year End Taxable Pay	P60
001 – Joe Bloggs	10,000.78	10,000.00	10,000.00
002 – John Smith	10,000.25	10,000.00	10,000.00
003 – John Doe	10,000.40	10,000.00	10,000.00

! Note:

Allowances must be made for this when reconciling total pay figures on *Pre Year End* and *Post Year End Reports*.

5. Year End Cleardown

5.1. What is the Year End Cleardown?

The *Year End Cleardown* task in Payroll completes the following tasks:

- Closes out the old tax year and moves the *Payroll Company* into a new tax year.
- Resets the *Employees'* cumulative figures.
- Moves the *Employees'* cumulative figures from the completed tax year to the 'End of Year' table.
- Generates the *Payroll Company Calendar* for the next two years.

5.2. Running the Year End Cleardown

Do not run your *Year End Cleardown* until:

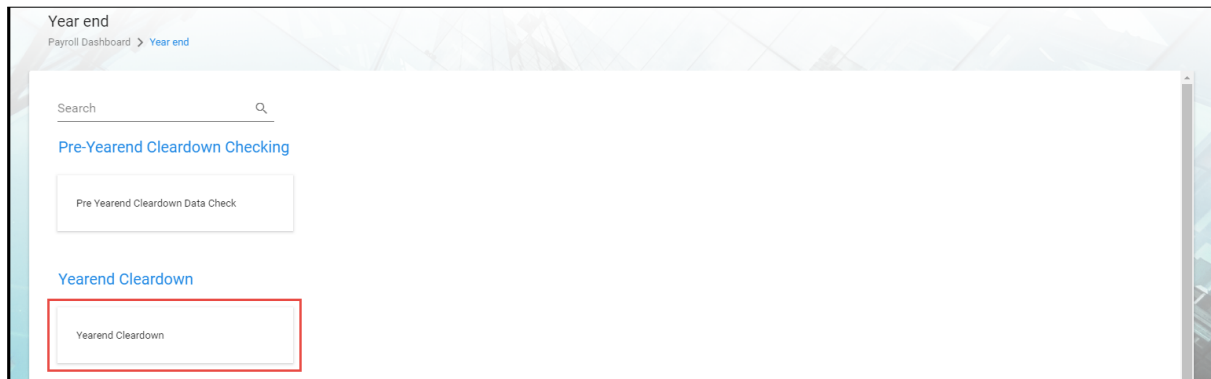

- All your *Company's Pay Groups* are completed for the current tax year.
- The *RTI Files* for the current tax year are successfully transferred to HMRC, including the *Final EPS*.
- The totals from the *Pre Year End Data Check Report* are balanced.
- All *Statutory Payments Pay Codes* are assigned as such.

To run the *Year End Cleardown*:

1. Go to the *Year End*.
2. Select **Manage** for the *Company* you want to *Cleardown*.

Year End				
Companies				
Enter search text... 				
Company	Tax year	Pay groups ready to clear down	Total completion %	Last cleared
2113 UK Year End	2021	0	0	
		Ready To Run MANAGE		

3. Select **Year End Cleardown**.

4. Select the Company from the *Company Reference* field drop-down menu.

Yearend Cleardown

Company Reference: 2113 UK Year End Payroll Period: 202152

ENSURE THAT PAYROLLS HAVE BEEN COMPLETED FOR ALL LISTED PAY GROUPS AND THAT YOUR DATABASE HAS BEEN EXPORTED BEFORE SELECTING THIS OPTION AS ALL YEAR TO DATE VALUES WILL BE CLEARED DOWN

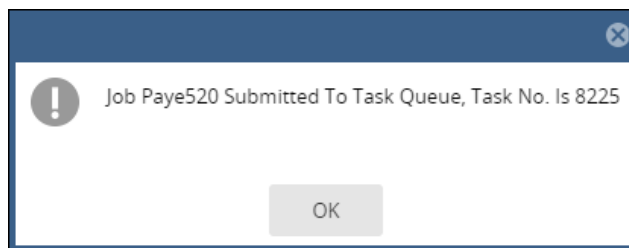

Pay Group	Status	Frequency	Period
2113 - UK Year End Monthly		M	202152

OK Cancel

All the *Company's Pay Groups* are displayed, along with their *Pay Frequency* and last completed *Payroll Period*.

5. Ensure all *Pay Groups* are completed for the current tax year.
6. Click **OK**.

The following message displays:

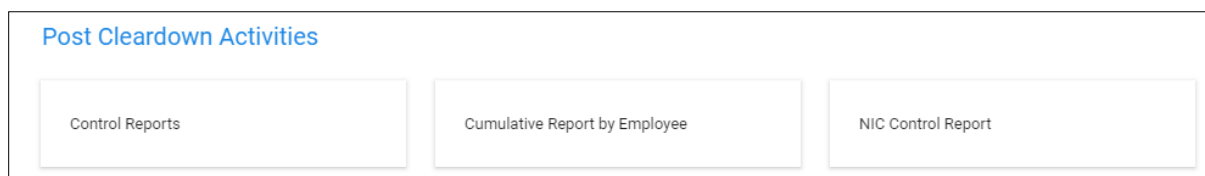

Note:

All *Pay Groups* in the selected *Company* are processed regardless of whether the user has access to the *Pay Group*.

5.3. Year End Control Reports

The following three reports are available on your *Post Cleardown Activities Year End* menu.

1. Go to the *Year End* tab.
2. Select **Manage** for the Company you wish to action.
 - Control Reports
 - Cumulative Report by Employee
 - NIC Control Report

To run these reports, click the option and select the report type.

5.3.1. Generate the Employee Year End Pay Listing Report

The *Print Year End Control Report* can only be run after your *Year End Cleardown* completes. It provides an end of year pay listing for each *Employee*.

Note:

- If you have made amendments to an *Employee's* cumulative pay details, then the *Employee's* new cumulative pay figures will be reflected in this report.
- The information on this report is the basis for each *Employee's* P60.
- Only *Employees* to which you have access are included in the report.

To generate the *Cumulatives Report by Employee*:

1. Select a *Company* from the drop-down *Company* menu.
2. Enter the required tax year.
3. Click **OK**.

4. Click **OK**.

The *Cumulatives Report by Employee Report* generates to the *Report Centre*.

5.3.2. Amend Employee's Cumulative Pay Details after the Year End Cleardown

To amend an *Employee's Cumulative Pay Details* after the *Year End Cleardown*:

1. Go to the *Year End > Manage > Maintain Cumulative* screen.

The screenshot shows the 'Maintain Cumulatives' screen. At the top, there is a blue header with a back arrow and 'Year end'. Below the header, the title 'Maintain Cumulatives' is displayed with a breadcrumb trail: 'Payroll Dashboard > Year end > Maintain Cumulatives'. The main form is titled 'Maintain Year End Cumulative Details' and contains several input fields: 'Employee Reference', 'Address', 'Pay Group', 'Company', 'Year', and 'NI Number'. Below these fields are 'Previous', 'of', and 'Next' buttons. The next section is 'Cumulative Employment Details', which is a table with three columns: 'Previous This Employer', 'Current', and 'Previous (P45)'. The rows in this table are 'Taxable To Date', 'PAYE', 'Pension To Date', and 'Pre-Tax Deductions'. Below the table is a section titled 'All Employments' which contains a grid of input fields for various types of payments and deductions, including 'Non-Taxable', 'NIC EE', 'Students Loans', 'Postgraduate Loans', 'Sundry Deductions', 'NIC ER', and 'Class 1A-NI To Date'. At the bottom of the form, there is a section for 'Other Details'.

2. Make the required amendments.
3. Click **Save**.

Note:

- Amendments made here after the *Year End Cleardown* are reflected in the Employee's P60.
- Use the *Cancel or Manual Payment* option, to include amendments on the *EYU* or *Previous Year FPS*.

5.3.3. Generate the Year End Control Reports

To generate the *Year End Control Report*:

1. Go to *Year End > Manage > Control Reports*.
2. Select the *Company* from the drop-down *Company* menu.
3. Enter the tax year.

4. Click **OK**.

The *Control Reports* generate to the *Report Centre*.

The *Year End Control Report* consists of the following sections:

Section	Description
Year End Control Report	This section shows the total cumulative pay details <i>for</i> all <i>Employees</i> in the <i>Company</i> .
Controls for Checking P60s	This section shows the total P60 cumulatives for all <i>Employees</i> in the <i>Company</i> . The totals on this report should agree with the control totals at the end of your P60 run.
Controls for Checking P35's	This section shows the total P35 cumulative for all <i>Employees</i> in the <i>Company</i> .
List of Employees with Negative or Zero Earnings	This section lists all <i>Employees</i> who have zero or negative taxable earnings. This is for informational purposes only. Employees' earnings are not shown for confidential reasons but can be viewed by going to: • <i>Update > Advanced Update Features > UK Year End Update > Maintain Year End Cumulative Details</i> screen. • <i>Update > Advanced Update Features > UK Year End Update > Print Employee Year End Pay Listing</i>.
List of Employees who Left During the Tax Year	This section gives a list of <i>Employees</i> who left during the tax year. It does not show the Employees' earnings, but they can be viewed by going to: • <i>Update > Advanced Update Features > UK Year End Update > Maintain Year End Cumulative Details</i> screen.

5.3.4. Generate the Year End NI Control Report

The *Year End NI Control Report* shows all necessary NI details.

To generate the *Year End NI Control Report*:

1. Go to the *Year End > Manage > NIC Control Report* screen.
2. Select the Company from the drop-down *Company* menu.
3. (Optional) Select a Pay Group from the drop-down *Pay Group* menu.
4. (Optional) Enter an *Employee Reference*.
5. Enter the tax year.

6. Post Year End Cleardown Tasks

6.1. Overview

This section outlines the following:

- The *Post Year End Cleardown* tasks to complete.
- The preloaded rate changes for the new tax year 2022/23.
- The rate changes that require configuration for the new tax year 2022/23.
- How to generate/print *Employee P60s*.

6.2. Post Year End Cleardown Checklist

Complete the following tasks after your *Year End Cleardown*, and before running the first *Payroll* of the new tax year:

Task	Action	Completed Y/N
1	Review the <i>Payroll Company Calendar</i> .	
2	Review the <i>RTI Changes</i> for the new tax year	
3	Review the <i>NI Earnings Limits</i> for 2022/23.	
4	Review the <i>NI Rates EE</i> for 2022/23.	
5	Review the <i>NI Rates ER</i> for 2022/23	
6	Review <i>UK / SRIT / Welsh PAYE Codes</i> for the new tax year.	
7	Review the <i>UK /SRIT / Welsh PAYE Code Overrides</i> .	
8	Review the <i>UK / SRIT / Welsh PAYE Rates</i> for 2022/23.	
9	Review the new weekly rate for <i>SSP</i> .	
10	Review the <i>Auto Enrolment Rates</i> .	
11	Review the <i>Pension Scheme Auto Enrolment</i> rates for 2022/23.	
12	Review the <i>Apprentice Levy Rates</i> and configuration.	
13	Review your <i>Company's</i> eligibility for the <i>Employment Allowance</i> (£5000). If required, update the <i>Company's Employment Allowance</i> parameters.	
14	Enter the <i>Current and Previous Year Statutory Rate / Emergency tax code</i> .	
15	Review the <i>Student Loan Plan Type 1,2 and 4</i> thresholds.	

Task	Action	Completed Y/N
16	Review the <i>Post Graduate Loan</i> thresholds.	
17	Update the <i>Council Tax Pay Code</i> thresholds.	
18	Update the <i>DEA / DEO Pay Code</i> thresholds.	
19	Update the <i>Scottish Arrestment Order Pay Code</i> thresholds.	
20	Review the <i>Max Redundancy Rate</i> .	
21	Load / Update Employee Tax Codes (Including Global EE Update).	
22	Review the Minimum / Living Wage increases.	
23	If applicable, review the <i>Payrolling of Car Benefits</i> .	
24	Review the <i>RTI payment Pay Codes</i> .	
25	Review Payslip Message for Health & Social Care Levy	
26	Print P60s.	
27	Run your Payroll for the new tax year.	

6.3. Review the Company Calendar

Once the *Year End Cleardown* has completed, check the *Company Payroll Calendar* and the *Offset Days* on the *Pay Groups* linked to that *Company*. If a 53rd week is required, then the *Company Calendar* may need to be realigned.

To check the *Payroll Calendar*:

1. Go to *Settings > Calendars*.
2. Select a *Company* from the drop-down *Company* menu.

3. Review the week end date on the calendar and the other key fields, such as the tax period and monthly indicator.
 - a. It is critical for RTI that any tax year return relates to a payment made in that tax year. Review the week end date on the calendar (considering offset days if applicable) to ensure the calendar is correct.
 - b. Monthly payrolls always pay the calendar month regardless of the week end date.

4. Add a 53rd, 54th, or 56th week if required – See section [6.3.2. How do I Insert Week 53 into the Payroll Calendar?](#) Do this at any stage during the year.

6.3.1. Check Offset Pay Days

Once the *Year End Cleardown* is complete, review your *Pay Group* offset days. Use *Offset Days* to adjust a *Pay Group's* week end date if it differs from the week end date on the *Company Payroll Calendar*. The *Offset Days* may need to change if you add a week 53, 54, or 56 to the *Company Payroll Calendar*.

To check *Offset Days*:

1. Go to *Settings > Pay Groups*.
2. Select a *Pay Group* from the *Pay Group* drop-down menu to view the details.
3. Select **Next Page**.
4. If required, update the *Offset Days* field.

The screenshot displays the 'PAYPATH PROCESSING DATE: (one of the following)' settings page. The 'Day in Week' is set to 4 (THURSDAY). The 'Day in Month' and 'Day from E.O.M.' fields are empty. The 'Sort Code' and 'Bank Name' fields are also empty. The 'Account No' and 'User Id' fields are empty. The 'Output File Location' field is empty. The 'Payment Calendar Link' field is empty. The 'Extract Code' field is empty. The 'Offset Days' field is highlighted with a red box. The 'Offset Month Ind' and 'Print Pay Method' toggle switches are both turned off. The 'Advance Pay F/L' field is empty. On the right side, there are sections for 'Gross High' and 'Gross Low' (both set to 0.01), 'Nett High' and 'Nett Low' (both set to 0.01), 'Order By' (set to Reference), 'Civil Service Overtime Parameters' (Max Claims Allowed, Weekend Day, Night Duty Days), and 'Payslip' (Group Payslips / Letters and Cheques, Payslip Address Sort).

6.3.2. How do I Insert Week 53 into the Payroll Calendar?

1. Select *Setting > Calendar*.
2. Select a Company from the *Company* drop-down menu.
3. Select **Add**.

4. On the new line enter in the week number, in the format of 202253.
5. On the same line enter '445' and 'Financial Period', in the format of YYYY12.
6. Enter the week end date of the payroll period.
7. *Production Week* should be the same as *Week Number*.
8. Set the monthly indicator against week 52, not against week 53.
9. To correct the dates for 2023, click on **Build/Rebuild year**. The base year should be 2022.

Calendars

Company: 2113 2113 UK Year End

Amend Dates

Build / Rebuild Year

10. Review the calendar again, making sure the week end dates are correct for the next year.

6.4. Review the RTI Changes – User Review Required

6.4.1. Full Payment Submission (FPS)

Users should assess if they are impacted by the new requirement for mandated reporting of Certain Non-Taxable Death Benefits. (See 3.7.1.1)

6.4.2. The Employer Payment Summary (EPS) Changes

Users who are likely to claim Construction Industry Scheme (CIS) should ensure that the Corporate Tax Reference Number is recorded against all UK payroll companies. (See 3.7.2.1)

6.5. Rate Changes – Preloaded

6.5.1. NI Earning Limits

Note:

The earnings threshold at which people start to pay National Insurance will rise.

- At present, most workers start paying National Insurance contributions when their income hits £9,568. They pay 12% of earnings between £9,568 and £50,270, then 2% on any earnings above £50,270.
- Now, from 6th July 2022, National Insurance will be paid on income over £12,570 a year

To support this requirement, a change is required to the software to allow the NI Thresholds to be held by date effective.

- We are currently awaiting more detail from HMRC in relation to this, including test data, to allow us to progress this change.
- We aim to release an update for this within the software no later than minor 28.0.55 which goes into non-Production 18th May 2022 and Production 25th May 2022

Employer Action:

- Employers should carefully review minor release notes for confirmation of this release and any associated actions users may be required to take as a result.

To view the new NI Earning Limits:

1. Go to *Year End > System Legislation Rates*.
2. Select **NI Earning Limits**.
3. Enter 2022 in the *Tax Year* field.
4. Hit Tab/Enter.

6.5.8. Auto Enrolment Rates

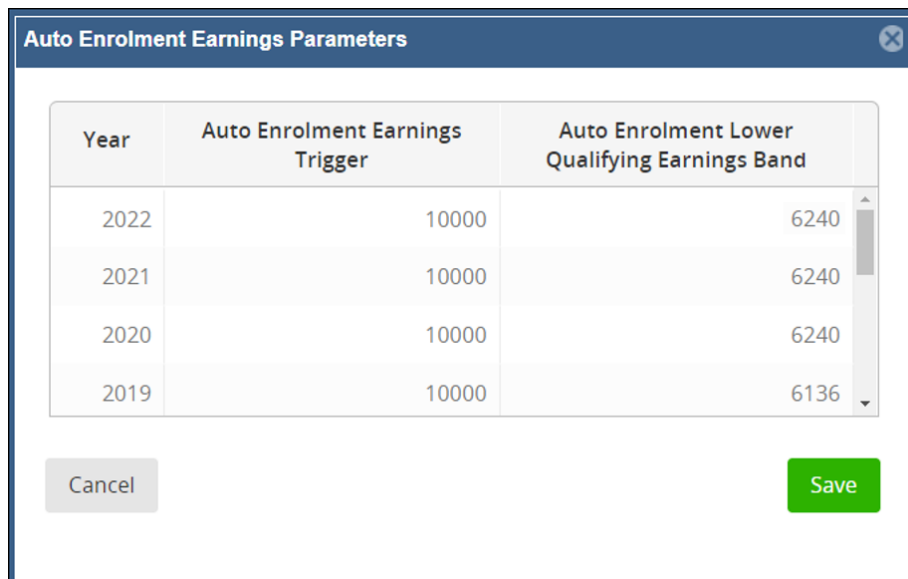

To view the new Auto Enrolment Rates:

1. Go to *Settings > UK Tax Rates > General*.
2. Select **Auto Enrolment**.

The screenshot shows a 'Redundancy' settings panel. At the top, there are three input fields: 'Max Redundancy Rate' (538), 'Max Redundancy Weeks' (20), and 'Max Redundancy Years' (20). Below these fields is a row of seven buttons: 'Average Pay/Pay Days', 'Redundancy', 'Statutory Recovery', 'Auto Enrolment' (highlighted with a red box), 'RTI', and 'Other'.

3. Select *05 – Earnings Parameters* from the *Options* drop-down menu.
4. Review the rates for 2022.

The screenshot shows a dialog box titled 'Auto Enrolment Earnings Parameters'. It contains a table with three columns: 'Year', 'Auto Enrolment Earnings Trigger', and 'Auto Enrolment Lower Qualifying Earnings Band'. The table has four rows of data for the years 2019, 2020, 2021, and 2022. Below the table are 'Cancel' and 'Save' buttons.

Year	Auto Enrolment Earnings Trigger	Auto Enrolment Lower Qualifying Earnings Band
2022	10000	6240
2021	10000	6240
2020	10000	6240
2019	10000	6136

6.6. Rate Changes – Customer Configuration Required

The following rates are not preloaded as part of the *Year End Software Delivery*. These rates should be updated manually.

Note:

Do not change these rates until you have finished processing all *Payrolls* for the current tax year. The following rates must be configured **BEFORE** processing the first *Payroll* of the new tax year.

6.6.1. Apprentice Levy Rates

Note:

For details on how to configure your *Payroll System* to cater for the *Apprentice Levy*, at either *System Level* or *Employee Level*, see section [8.2. Apprentice Levy – Review](#).

To update the new Apprentice Levy Rates:

1. Go to *Settings > UK Tax Rates > General*.
2. Select **Other**.

Redundancy

Max Redundancy Rate

- Click **Save**.

6.6.2. Employment Allowance

The *Employment Allowance (EA)* allows businesses and charities to reduce their *Employer's Class 1 NIC* liability by up to £5,000 per tax year.

The EA is only available to businesses and charities with an *Employer's Class 1 NIC* liability of below £100,000 in the preceding tax year.

The EA is considered a form of *de minimis* state aid. There is a ceiling on how much state aid any *Organisation* can receive under the *de minimis* rules. For most businesses, this ceiling will be €200,000 over a three-year rolling period (different levels apply to agriculture, fisheries, road transport, and industrial sectors).

Note:

If claiming the EA, it is your responsibility to check:

- Your *Secondary Class 1 NICs* liability for the previous tax year was less than £100,000.
- You have space to accommodate the full £5,000 within your relevant three-year ceiling, regardless of how much EA you claim each year, if you receive any other form of *de minimis* state aid.

You are restricted from claiming the EA if:

1. You are the *Director* and the only *Employee* paid above the 'Secondary Threshold'.
2. You employ someone for personal, household, or domestic work – unless they are a care or support worker.
3. You are a public body or business doing more than half your work in the public sector – unless you are a charity.
4. You are a *Service Company* working under 'IR35 rules' and your only income is the *Intermediary's* earnings (such as your *Personal Service Company, Limited Company, or Partnership*).

User Action 1:

Review your *Organisation's* eligibility for claiming the EA and update the *System Parameter*.

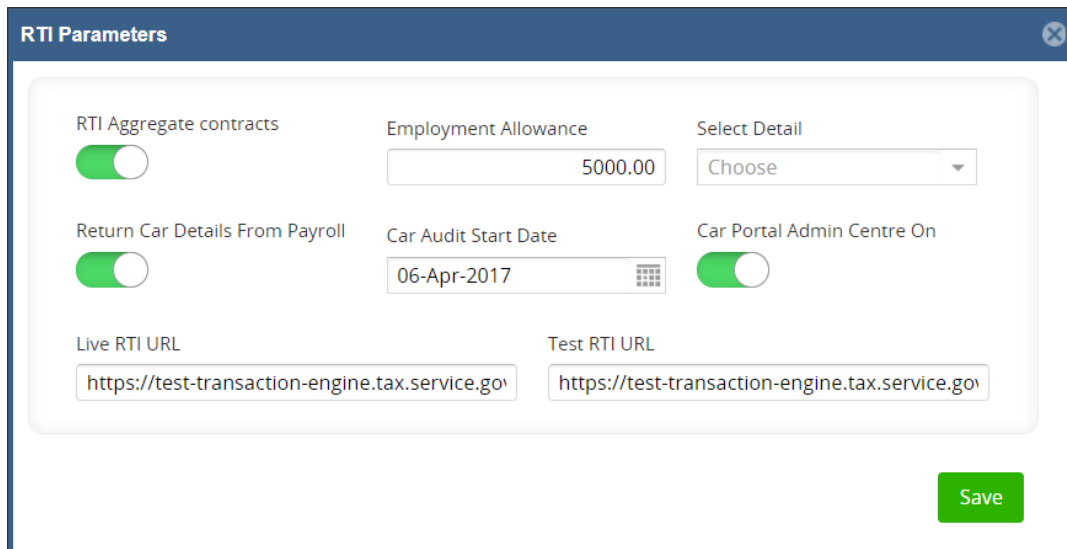

Review and update the EA entitlement indicator in *Payroll*, to ensure HMRC are accurately informed regarding the claim:

1. Go to *Settings > UK Tax Rates > General*.
2. Click **RTI**.

Max Redundancy Rate	Max Redundancy Weeks	Max Redundancy Years
538	20	20

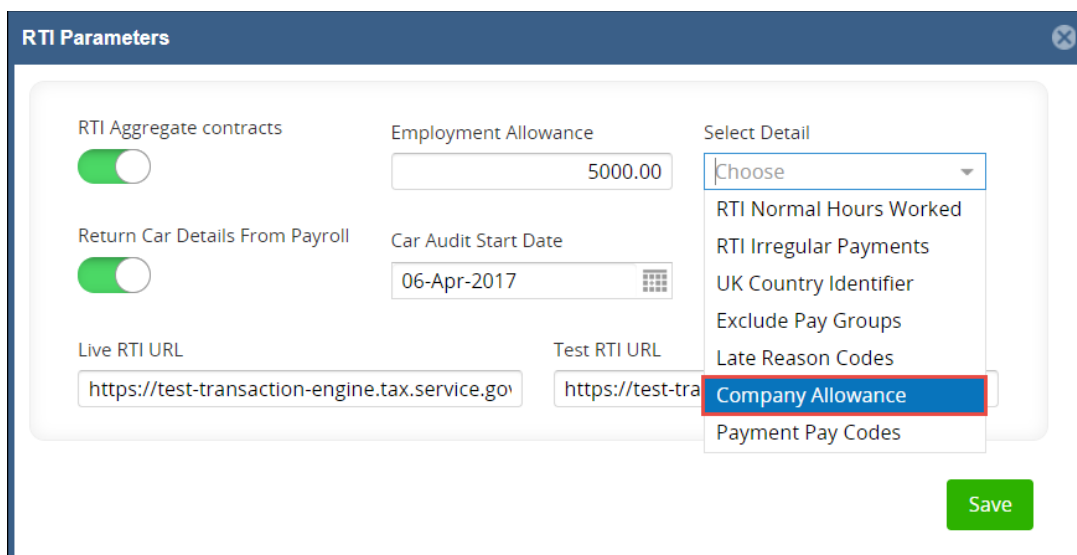

Average Pay/Pay Days	Redundancy	Statutory Recovery	Auto Enrolment	RTI	Other
----------------------	------------	--------------------	----------------	-----	-------

3. Ensure the Employment Allowance is set to '5000' if applicable.

The screenshot shows the 'RTI Parameters' form. The 'Employment Allowance' field is set to '5000.00'. Other fields include 'RTI Aggregate contracts' (toggle on), 'Return Car Details From Payroll' (toggle on), 'Car Audit Start Date' (06-Apr-2017), 'Car Portal Admin Centre On' (toggle on), 'Live RTI URL' (https://test-transaction-engine.tax.service.gov), and 'Test RTI URL' (https://test-transaction-engine.tax.service.gov). A green 'Save' button is at the bottom right.

4. Select *Company Allowance* from the *Select Detail* drop-down menu.

The screenshot shows the 'RTI Parameters' form with the 'Select Detail' dropdown menu open. The menu options are: 'Choose', 'RTI Normal Hours Worked', 'RTI Irregular Payments', 'UK Country Identifier', 'Exclude Pay Groups', 'Late Reason Codes', 'Company Allowance' (highlighted with a red box), and 'Payment Pay Codes'. The 'Save' button is at the bottom right.

5. Select Yes for each company you want to claim the EA. Select if State Aid Rules apply.

Company	Description	Employee Allowance	Employer Sector for State Aid Rule
1238	UK YE 2020 University		
1239	1239 University UK	Yes	State Aid Rules Do Not A...
1240	1240 University UK	Yes	State Aid Rules Do Not A...
1242	1242 Irish		
1326	Unit Test Company 7274		
1406	LARGE COMPANY & CO	Yes	State Aid Rules Do Not A...
1407	RR1662 UK		
1417	UK YE 2020 1417 DS	Yes	State Aid Rules Do Not A...
1418	UK YE 2020 1418 DS	Yes	Road Transport
1444	1444 Irish		
1555	1555 IR Company		
1600	1600 UK	Yes	State Aid Rules Do Not A...
1601	1601 Irish		

Cancel Save

! User Action 2:

- If claiming the EA, you must confirm if your organisation is competing in one of the outlined 'Employer Sectors for State Aid Rules'.
- HMRC require this as de minimis State aid rules apply if you are involved in economic activity, which means you are putting goods or services on the market. The EA is classed as de minimis state aid, and therefore, you must provide the employer sector, if these rules apply to you.

6. Select one of the following employment sectors, if applicable, from *the Employment Sector for State Aid Rule* drop-down menu.
- The employer is in the Agriculture Sector.
 - The employer is in the Fisheries and Aquaculture Sector.
 - The employer is in the Road Transport Sector.
 - The employer is in the Industrial/Other Sector.
 - State Aid Rules Do Not Apply.

6.6.3. Current Year Statutory Rate, Previous Year Statutory Rate and Emergency Tax Code

**Note:**

The weekly rate for all parental payments increases from £151.97 to £156.66.

To update the new Current and Previous Year Statutory Rates:

1. Go to *Settings > UK Tax Rates > General*.
2. Go to the *General* section.
3. Update the *Current Year Statutory Rate*.
4. Update the *Previous Year Statutory Rate*.
5. Update the *Emergency Tax Code*.
6. Update the *NIC Compensation Percentage* if applicable.
7. Update the *default Tax Codes* if applicable.

General

Current Year Statutory Rate *	Previous Year Statutory Rate *	Emergency Tax Code	Basic Rate Tax Code

6.6.11. Maximum Redundancy Rate

Customers are required to review the *Maximum Redundancy Rates* for the new tax year.

Note:

It is the customer's responsibility to confirm and configure the correct rates for the new tax year.

To do this:

1. Go to *Settings > UK Tax Rates > General*
2. Go to the *Redundancy* section.

Note:

The screenshot below is for illustrative purposes only.

Redundancy

Max Redundancy Rate	Max Redundancy Weeks	Max Redundancy Years
544	20	20

3. Update the rates as required for the new tax year.
4. Click **Save**.

6.6.12. Auto Enrolment LEL / UEL Thresholds

Note:

The below Auto Enrolment LEL / UEL thresholds apply for the 2022/23 tax year.

Annual Threshold	2022/23
QEB Lower Limit	£6,240 (LEL)
QEB Upper Limit	£50,270 (UEL)
Earnings Trigger	£10,000

The user is required to review and update any *Pension Scheme Rates* for the new tax year. This includes:

- LEL / UEL thresholds.
- Banded Scheme Type Tiered Rates.

To do this:

1. Go to *Settings > Pension Schemes*.
2. Select a *Pension Scheme* from the drop-down *Pension Code* menu.
3. Click Next Page to move to page 2.

4. Click the **LEL / UEL** button to update if required.

5. Update the *Annual LEL* and *Annual UEL* as required.

6.6.13. Employee Global Update of Tax Codes

Use a global update of tax codes to increment tax codes across the system.

Note:

- Perform this update before loading tax certs from HMRC. Doing this after loading tax certs would result in increasing the tax certs received by HMRC.
- Ensure you complete this step, as it's possible not all *Employees* will be included on P9 files.

Before doing this:

1. Go to *Settings > System Configuration > General*.
2. Review the *Dormant Employee on Tax Certs* indicator.

Indicator Status	Description
Enabled	Dormant employees will have their tax details updated.
Disabled	Dormant employees will not have their tax details updated.

Once you have reviewed the *Update Dormant* indicator, you can now update the tax certificates globally for *Employees* on the *Payroll System*. A global update applies to all *Employees*.

Review and update based on the following for 2022/23 tax code changes.

Tax Codes	Adjustment
Emergency Tax Code	1257L
L Suffix Uplift	N/A due to no change in the Personal Allowance
M Suffix Uplift	N/A due to no change in the Personal Allowance
N Suffix Uplift	N/A due to no change in the Personal Allowance

To perform a global update of tax codes:

1. Go to *Year End > Manage*.
2. Select **Tax Code Employee Uplift**.

Post Cleardown Activities

Control Reports
Cumulative Report by Employee
NIC Control Report
Maintain Cumulatives
Maintain NI Letter Details

Print P60s
Tax Codes Employee Uplift

3. Add a company.
4. Add the Tax Code Letter for which you want to uplift, i.e., Add 'L' in the Letter field for 'L' suffix updates.
5. Add 'S' to uplift a suffix or Add 'P' to uplift a prefix. As *Tax Code Letter* 'L' is a suffix, add 'S'.
6. The *Update Employee Tax Codes* field defaults to 'A' for all employees.

Note:

To update *Employee Tax Codes* based on region:

Select an option from the drop-down *Update Employee Tax Codes* menu. i.e.

- a. 'S' = *Scottish only*
- b. 'C' = *Welsh only*
- c. 'E' = *English only*

As the 2022/23 tax year Tax Code Uplift has no change for any region, there is no need to update by region.

Tax Codes Employee Uplift

Company Code * 1249 University UK Letter * L Prefix/Suffix * S

Update Employee Tax Codes * All A Scotland S Wales/Cymru C Adjustment * 7 Date Effective * 06-Apr-2021

OK Cancel

7. Add the adjustment value for the 'L' suffix adjustment.
8. Add a date effective.
9. Click **OK**.

The *Employees Updated with New Tax Codes* pdf report generates to the Report Centre.

PAY3445				
Pay Group	Employee Reference	Name	Old Tax Code	New Tax Code
1249	2517908	Daisy Barber	1250L	1257L
No. of Employees:		1		

10. Repeat for both 'M' and 'N' suffixes.

6.6.14. Minimum Wage Increases

From April 2022, National Minimum and Living Wage is increasing.

Note:

It is the customer's responsibility to review and update the affected *Pay Scales/Personal Rates*.

The NLW and NMW rates from 1 April 2022 are:

	Rate from April 2022	Current rate (April 2021 to March 2022)	Increase
National Living Wage	£9.50	£8.91	6.6%
21-22 Year Old Rate	£9.18	£8.36	9.8%
18-20 Year Old Rate	£6.83	£6.56	4.1%
16-17 Year Old Rate	£4.81	£4.62	4.1%
Apprentice Rate	£4.81	£4.30	11.9%
Accommodation Offset	£8.70	£8.36	4.1%

6.6.15. HR Admin Wage Warning

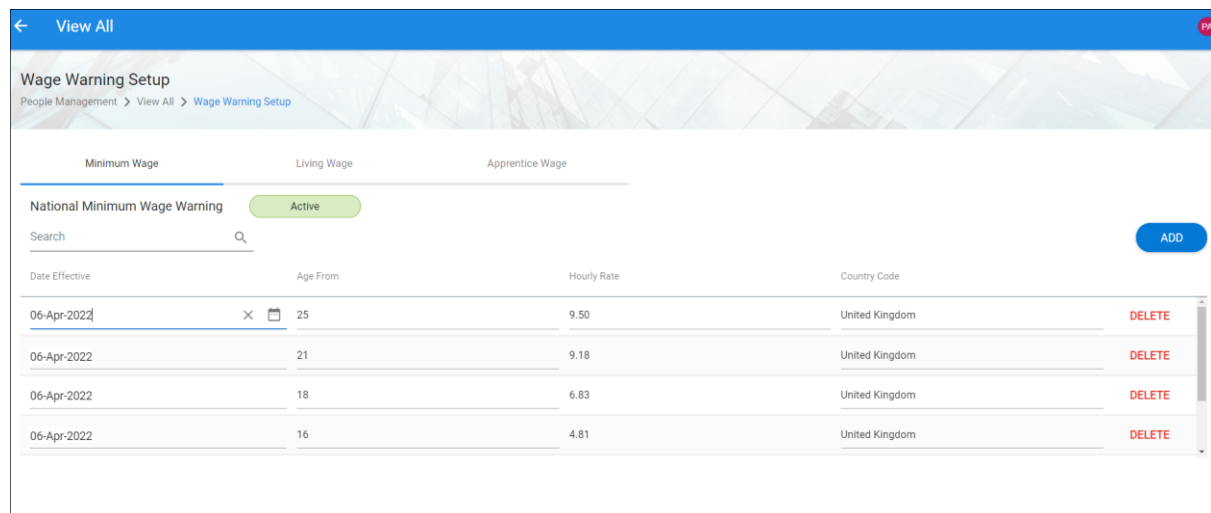

For customers using the *HR Admin Wage Warning* or the *Payroll Minimum Wage Validation* report, you should update the *Wage Warning Setup* to include the new rates.

To do this:

1. Go to *People Management Dashboard > Data Centre*.
2. Click **View All**.
3. Search for *Wage Warning Setup*.

4. Click **Wage Warning Setup**.

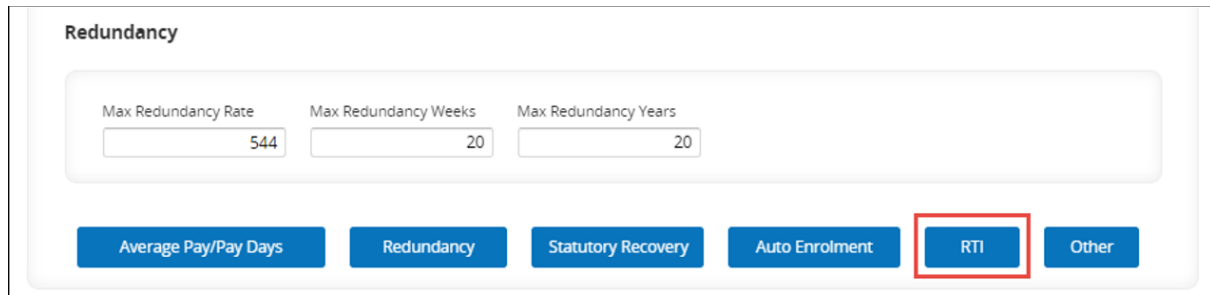

5. Add new rates to the relevant tabs:
 - a. Minimum Wage
 - b. Living Wage
 - c. Apprentice Wage

6.7. RTI Payment Pay Codes

There is a requirement within RTI to be able to report on certain types of payments.

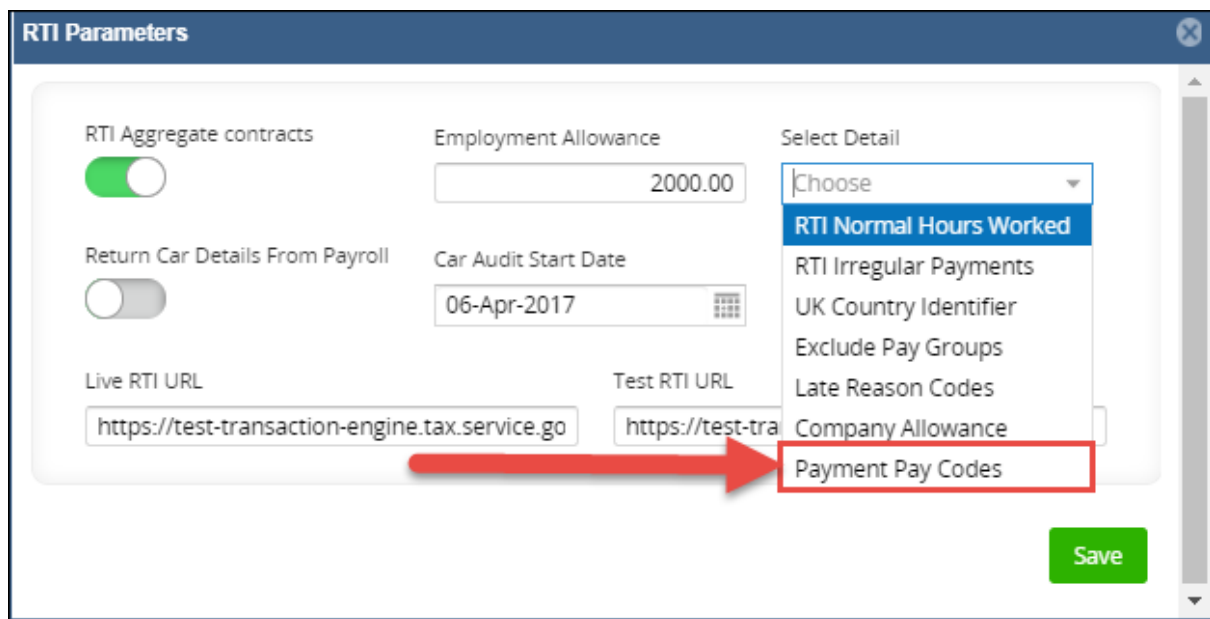

To ensure the correct reporting requirements:

1. Go to Settings > General > RTI.

The screenshot shows the 'Redundancy' settings page. At the top, there are three input fields: 'Max Redundancy Rate' with the value '544', 'Max Redundancy Weeks' with the value '20', and 'Max Redundancy Years' with the value '20'. Below these fields is a row of seven buttons: 'Average Pay/Pay Days', 'Redundancy', 'Statutory Recovery', 'Auto Enrolment', 'RTI', and 'Other'. The 'RTI' button is highlighted with a red rectangular box.

2. Select *Payment Pay Codes* from the drop-down *Select Detail* menu.

The screenshot shows the 'RTI Parameters' settings page. It contains several sections: 'RTI Aggregate contracts' with a toggle switch, 'Employment Allowance' with a text input field showing '2000.00', 'Return Car Details From Payroll' with a toggle switch, 'Car Audit Start Date' with a date input field showing '06-Apr-2017', 'Live RTI URL' with a text input field showing 'https://test-transaction-engine.tax.service.go', and 'Test RTI URL' with a text input field showing 'https://test-tra'. On the right side, there is a 'Select Detail' dropdown menu. The dropdown is open, showing a list of options: 'Choose', 'RTI Normal Hours Worked', 'RTI Irregular Payments', 'UK Country Identifier', 'Exclude Pay Groups', 'Late Reason Codes', 'Company Allowance', and 'Payment Pay Codes'. The 'Payment Pay Codes' option is highlighted with a red rectangular box, and a red arrow points to it from the 'Live RTI URL' field. At the bottom right, there is a green 'Save' button.

- Using the indicators, identify which *Pay Code(s)* you use for each type of payments, if applicable.

7. P60s

7.1. Print P60s

This section explains how you print paper P60s. For sites using the Portal P60s, see section [7.2 Generate P60s to Portal](#).

Note:

You must have Time New Roman installed on your computer to print P60s with the correct alignment.

1. Go to *Year End > Manage*.

Print P60s

Tax Codes Employee Uplift

The *Print P60s* screen opens.

Print P60s

Payroll Dashboard > Year End > [Print P60s](#)

NOTE: The P60s will only contain data relating to pay groups you have access to

Company: 2113 UK Year End

Pay Group:

Location:

Employee Reference:

Year: 2021

Extra Pay Days: ☐

Generate Labels: ☐

[Release to Employees](#)

[P60 Print Options](#)

[OK](#) [Cancel](#)

Field / Indicator	Description
Company	Select a <i>Company</i> from the drop-down <i>Company</i> menu.
Pay Group (Optional)	Select a Pay Group from the drop-down <i>Company</i> menu.
Employee Reference (Optional)	Select an <i>Employee</i> from the drop-down <i>Employee Reference</i> menu.
Location (Optional)	To print P60s by location, select a <i>Location</i> from the drop-down <i>Location</i> menu.
Year	Enter the year. The tax year defaults to the previous tax year.
Extra Pay Days (Optional)	Enable the Extra Pay Days indicator, if there was an extra pay period in the previous tax year, i.e., 53 weeks rather than 52. If selected an 'X' will print in the 'Extra Pay Days' box on the P60.
Generate Labels (Optional)	Enable the Generate Labels indicator to print labels for the P60s.
Release Online Payslips	Select to release the online P60s to the Employee Dashboard on Portal – For customers using the ESS portal P60s.

3. Select **P60 Print Options**.

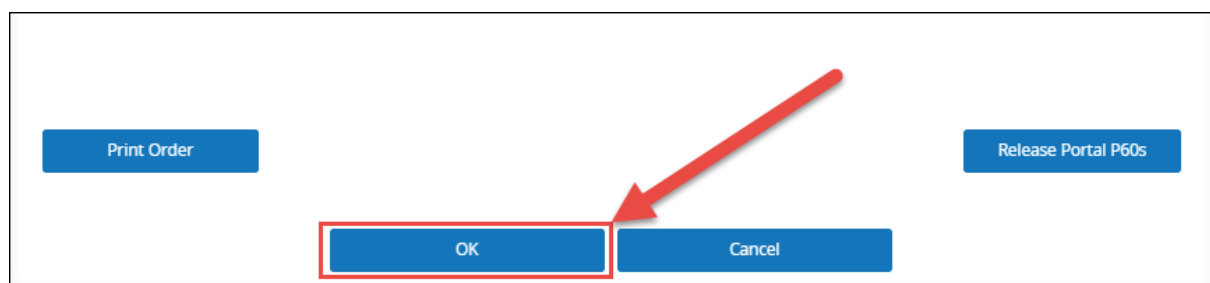

The *P60 Print Order* screen opens.

To define the print order of the P60s:

Field / Indicator	Description
Order	This option allows you to control the print order. There are five levels of printing available with each level consisting of 11 options as follows: Order - Choose - CATEGORY - COST CENTRE - DEPARTMENT - EMPLOYEE REFERENCE - FORENAME - INPUT LOCATION - LOCATION - PAY GROUP - PAY METHOD - PAYSLIP LOCATION - SURNAME

Field / Indicator	Description
Paper Type	Select from: - A4 - Duplex
Additional Address Information	Select an option from this drop-down menu to print one or two extra lines of print detail. These extra lines are printed underneath the <i>Employee's</i> home address on the P60. Additional Address Information Choose COST CENTRE EMPLOYEE REFERENCE INPUT LOCATION LOCATION PAY GROUP PAYSHEET LOCATION
Print Descriptions	If you select an option from the <i>Additional Address Information</i> drop-down menu: Enable the <i>Print Descriptions</i> option to display both the code and the additional print detail line description. Disable the <i>Print Descriptions</i> option to only display the code for the additional print detail line.
Print Home Address	Enable indicator to print the <i>Home Address</i> on the P60.
Print Zero Paid Employees	Enable indicator to print P60s for all employees, including those who have not been paid during the tax year.

- Click **Save**.
- Click **OK**.

The P60s generate to the *Report Centre*.

Note:

The printed P60 is only available in portrait, which is the HMRC standard. The P60 produced is "V fold" to cater for duplex printing, and to allow the name and address to print in the relevant box on the back.

7.1.1. Print Zero Paid Employees

You can print P60s for active employees who have not been paid during the tax year.

To do this ensure the following parameter is enabled:

1. Go to *Year End > Manage > Print P60s*.
2. Click **P60 Print Options**.
3. Tick the **Print Zero Paid Employees** indicator.

The screenshot shows a form with three toggle switches. The first two are 'Print Descriptions' and 'Print Home Address'. The third, 'Print Zero Paid Employees', is highlighted with a red rectangle, indicating it should be enabled.

Indicator Status	Description
Enabled	P60s generate for all employees, including those who have not been paid during the tax year.
Disabled	P60s will only generate for those employees who have been paid during the tax year.

7.2. Generate P60s to Portal

1. Go to *Year End > Manage > Print P60s*
2. Select **Release to Employees**.
3. Select a *Company* from the drop-down *Company* menu.
4. Enter the Tax Year, i.e., 2020.
5. Click **OK**.

The screenshot displays the 'Print P60s' interface. At the top, a note states: 'NOTE: The P60s will only contain data relating to pay groups you have access to'. Below this, a modal window titled 'Release Portal P60s' is open. Inside the modal, the 'Release P60' section contains three input fields: 'Company' (a dropdown menu showing '1239 University UK'), 'Employee' (an empty dropdown), and 'Year' (a text box containing '2021'). Below these fields are two buttons: 'OK' and 'Cancel'. In the background, the 'Release to Employees' button is highlighted with a red rectangle. At the bottom right of the main interface, there are 'OK' and 'Cancel' buttons.

8. Key Reminders

8.1. Payrolling Car Benefits

Note:

If intending to *Payroll Benefits* (including Car BIK), then you must register your intention to do so with HMRC **prior** to the start of the new tax year.

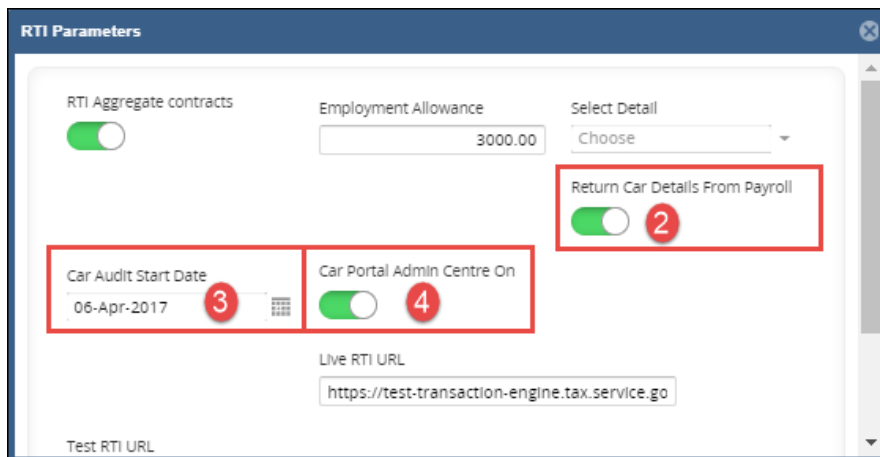

The following configuration steps are required if you intend to *Payroll Car Benefits* for the first time.

8.1.1. Configure RTI Parameters

By default, car details are **NOT** returned via *Payroll*. If you do intend to *Payroll Car Benefits*, you must enable the *Return Car Details From Payroll* indicator.

To do this:

1. Go to *Settings > General > RTI*.

2. Enable the *Return Car Details from Payroll* indicator if you want to return the Car BIK details via payroll.
3. Add a *Car Audit Start Date*. This defaults to the start of the tax year but may be overwritten. Any changes to the Car BIK on or after this date is reported to HMRC via the RTI FPS.
4. Enable the *Car Portal Admin Centre* if you use the *Car Portal Admin Centre* for Payrolling car benefits.

5. Confirm the BIK pay codes used for *Payroll Benefits*. To do this:
 - a. Go to *Settings > General > RTI > Payment Pay Codes*.
 - b. Identify the *BIK Car Pay Code* under *Payment Pay Codes* to identify the *BIK Car Pay Code*.

8.2. Apprentice Levy – Review

The following Levy Rates are installed as part of the 2022/23 software year end release:

- Apprentice Rate of 0.5%
- Company Salary Threshold of £3,000,000.

8.2.1. Review Company Parameters

1. Go to *Settings > UK Tax Rates > General > Other > Apprentice Levy*.
2. Select **Company Parameters**.

3. Here you can set the *Apprentice Levy Threshold* and *Apprentice Levy Pay Code* of each *Company* in your *Organisation*.

Company		Override Apprentice Levy Rate	Apprentice Levy Threshold	Apprentice Levy Pay Code	
1602	1600 UK			9905	Apprentice Levy
1604	1600 UK			9905	Apprentice Levy
1606	1600 UK			9905	Apprentice Levy
1611	1611 UK			9905	Apprentice Levy
1612	5050 UK		15000	9905	Apprentice Levy
1613	1613 UK			9905	Apprentice Levy

Cancel Save

Parameter	Description
Override Apprentice Levy Rates	- This field is a rate different from the system level rate (currently 0.5%) to be used at a <i>Company Level</i>. - For the 2022/23 tax year, this can be left null.
Apprentice Levy Thresholds (e.g. £15,000)	- This field is the threshold that you wish to allocate to that individual <i>Company</i>. - This is a manual process. In the case of connected companies, you may have to split the threshold - Once you decide how you wish to allocate the threshold, update these fields.
Apprentice Levy Pay code	- This is an <i>Apprentice Levy Output Pay Code</i> – null by default. - If populated with a <i>Pay Code</i>, the system will cost the <i>Apprentice Levy</i> during the <i>Payroll Validation</i> task and output against this <i>Pay Code</i>.  Note: If populated with a <i>Pay Code</i>, then the system applies the <i>Apprentice Levy</i> at an <i>Employee Level</i> during each pay run and outputs against this <i>Pay Code</i>. - There is no statutory basis on which to calculate the <i>Apprentice Levy</i> at an <i>Employee Level</i>. If you decide to enable this option, you need to review the sections below.

8.2.2. Review GL Matrix

Review and update your GL Matrix if you intend to payroll the apprentice levy at employee level. The set up required differs depending on the classification that you use in your matrix.

Note:

For further information on how to configure your GL Matrix, see user guide [Integration with the Financial Management System](#).

To review your GL Matrix:

1. Go to Settings > General Rules & Settings.

Maintain GL Parameters

8.2.3. Set Up a New Analysis Code/Type for Apprentice Levy

To set up a new *Analysis Type*. To do this:

1. Go to *Settings > Analysis Codes*.
2. Add a new *Analysis Code*. Any free analysis code can be used, e.g., 6200.

- The *Analysis Type* on this new Apprentice Levy Analysis Code must be recorded as AL.

8.2.4. Set Up a New Pay Code for Apprentice Levy

To set up a new pay code:

- Go to *Setting > Pay Codes*.
- Use the Employer NI Pay Code.
- Clone it and create a new Pay Code (use a pay code number that is free).
- Change the *Analysis Code* to the *Apprentice Levy* code set up in the previous step.

Note:

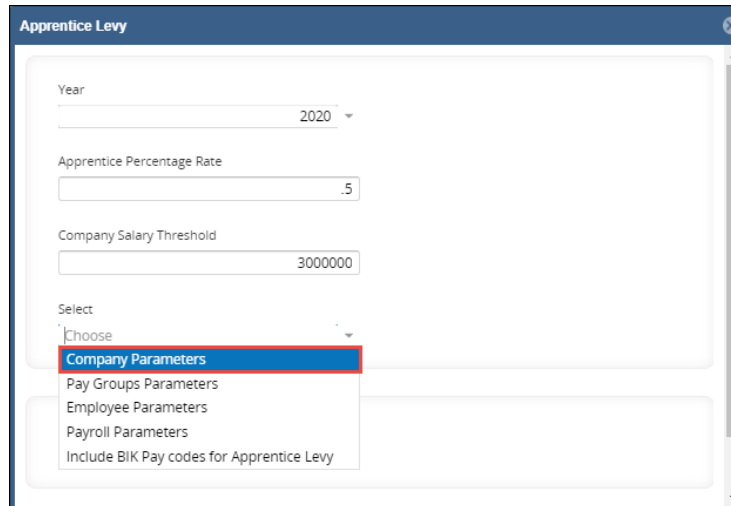

Ensure to check the following indicators on the new Apprentice Levy Pay Code.

- The Inland Revenue pay path indicator should **NOT** be checked for this Apprentice NI Pay Code.
 - (Settings > Pay Code > Rules)
- This Apprentice levy pay code should **NOT** be marked as an RTI statutory payment
 - (Settings > Pay Code > Rules).

8.2.5. Record the New Pay Code for Apprentice Levy Against the Relevant Company

To assign a *Pay Code* against the *Company*:

1. Go to *Settings > General > Other > Apprentice Levy*.
2. Select year from the drop-down *Year* menu.
3. Select *Company Parameters* from the drop-down menu.

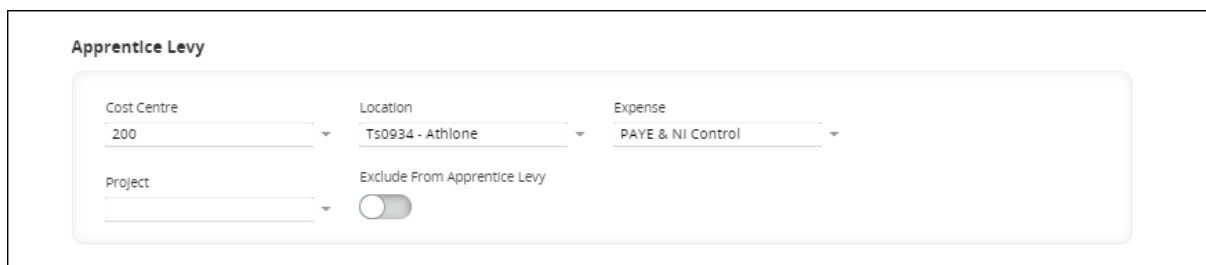

Note:

This is optional and only required if you want the *Apprentice Levy* to cost per *Employee* in the *Payroll Run*.

8.2.6. Update the Company Costing Elements for Apprentice Levy

To do this:

1. Go to *Settings > Company Parameters > General Settings*.
2. Click **Payroll Parameters**.

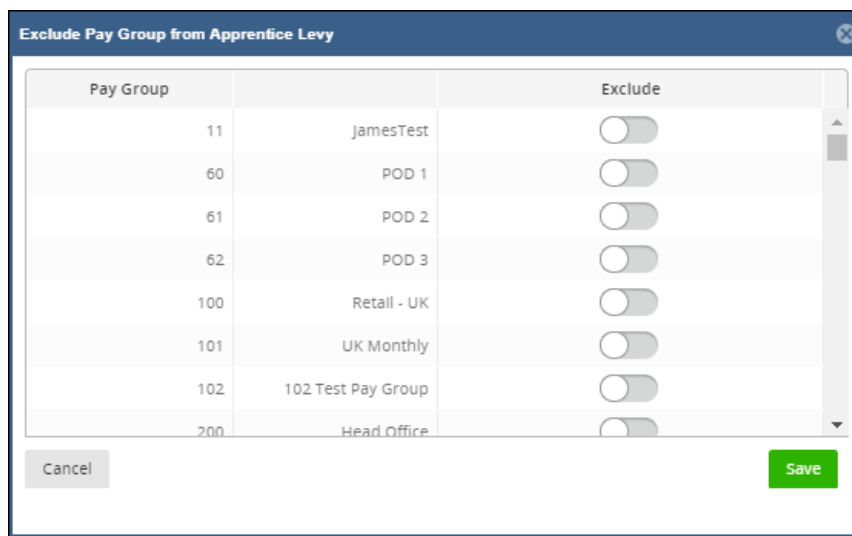

3. Add the following as required:
 - a. Cost Centre
 - b. Location
 - c. Expense
 - d. Project
4. Enable the *Exclude From Apprentice Levy* indicator. If enabled, this means no apprentice levy calculation is performed for this company.
5. Click **Save**.

8.2.7. Exclude Pay Groups from Apprentice Levy

To exclude Pay Groups from Apprentice Levy calculations:

1. Go to *Settings > General > Other*.
2. Select *Apprentice Levy* from the *Select Detail* drop-down menu.
3. Select *Pay Group Parameters* from the *Select* drop-down menu.

Pay Group		Exclude
11	jamesTest	☐
60	POD 1	☐

4. Enable the indicator for each *Employee* to be excluded.
5. Click **Save**.

8.2.9. Include BIK Pay Codes for Apprenticeship Levy

To include *BIK Pay Codes* for *Apprenticeship Levy* calculations:

1. Go to *Settings > General > Other*.
2. Select *Apprenticeship Levy* from the *Select Detail* drop-down menu.
3. Select *Include BIK Pay Codes for Apprenticeship Levy* from the *Select* drop-down menu.

Pay Code	Name	Include App Levy
