1. Overview

1.1. Purpose of this Guide

The purpose of this document is to provide guidance on how to process the Year End for 2022/23 and prepare for the 2023/24 tax year. This document covers the following:

- The legislative rate changes as outlined in the Budget.
- The software changes introduced as part of the *UK Year End Software Release*.
- The tasks to complete before your Year End Cleardown task.
- The tasks to complete after your Year End Cleardown task.
- The steps required to configure your Payroll System correctly for the 2023/24 tax year.

1.2. What is Year End?

At the end of the tax year, after the final Payrolls have been processed, you are required to:

- Submit a Final EPS to HMRC.
- Complete the Pre Year End Checks.
- Run the Year End Cleardown task.
- Complete your Post Year End Tasks.
- Issue Employees with a P60.

The Year End Cleardown task in Payroll completes the following tasks:

- Closes out the old tax year and moves the Payroll Company into a new tax year.
- Resets the Employees' cumulative figures.
- Moves the Employees' cumulative figures from the completed tax year to the '*End of Year*' table.
- Generates the Payroll Company Calendar for the next two years.

The *UK Year End Software Release* provides our customers with the following:

- The preloaded rate changes as outlined by HMRC for the new tax year.
- The software updates required to process the legislative changes set out by HMRC.

2. 2023 / 2024 Rates

2.1. Rates – Preloaded

The following rates are preloaded as part of the *UK Year End Software Release*. For a detailed breakdown, see section [6.4. Rate Changes – Preloaded](#).

- [NI Employer Rates](#)
- [PAYE Codes/Rates](#)
- [SRIT PAYE Codes/Rates](#)
- [Welsh PAYE Codes/Rates](#)
- [SSP Rates](#)
- [Auto Enrolment Rates](#)

Note:

The updated Scottish Rates of Income Tax are contained in the 28.0.73 minor which goes into Non-Production 22nd February 2023 and Production 1st March 2023.

2.2. Rates – Customer Configuration Required

The following rates are not preloaded as part of the *UK Year End Software Release*. See section [6.5 Rates Changes – Customer Configuration Required](#) for steps on how to update.

- [Apprentice Levy Rates](#)
- [Employment Allowance](#)
- [Current Year Statutory Rate, Previous Year Statutory Rate and Emergency Tax Code](#)
- [Student Loan Plan 1](#)
- [Student Loan Plan 2](#)
- [Scottish Student Loan Plan 4](#)

- [Scottish Arrestment Order Rates](#)
- [Max Redundancy Rates](#)
- [Auto Enrolment LEL / UEL Thresholds](#)
- [Employee Global Update of Tax Codes](#)
- [Minimum Wage Increases](#)

3. Software Changes

The following software updates have been introduced as part of the year UK Year End.

3.1. P60

3.1.1. New Template

A new template has been introduced by HMRC for the 2022/23 tax year P60. This new template is automatically preloaded and available within the system. The *Paper P60* is covered in section [7.1 – Print P60's](#) and the *Portal P60* in section [7.2 – Generate P60's to Portal](#) of this guide.

3.2. National Insurance - Health & Social Care Levy

3.2.1. Overview

The Health & Social Care Levy changes previously announced for April 2023 are no longer coming in to force as a separate tax from 6th April 2023. There are therefore no software changes in relation to this.

3.3. Real Time Information

3.3.1. FPS Schema

The RTI FPS Schema has been updated to reflect the 2023/24 changes. These Schema updates are automatically linked to the tax year the payroll company is in, so no user action is required.

The Class 1a NIC rate has been updated to 14.53%. This rate has been preloaded into the system, so no user action is required.

The Class 1A NIC rate can be viewed in the following locations:

- **Portal:** *Payroll Dashboard > Settings > General > System Configuration > General > P11D Section.*
- **Back Office:** *CorePay > Update > Utilities > System Configuration > General > P11D Section.*

4. Pre Year End Cleardown

4.1. Pre Year End Cleardown Checklist

Note:

The following Checklist can be printed and used when completing the Year End Cleardown tasks.

Task	Action	Completed Y/N
1	Complete your Payroll for all the Pay Groups in your Company.	
2	Ensure all Full Payment Submission (FPS) files are successfully transferred to HMRC.	
3	Generate and submit a Final EPS, ensuring it is successfully transferred to HMRC. See section Final Employer Payment Summary (EPS) .	
4	Run the <i>Pre Year End Data Check Report</i> , reconcile it with the <i>Employee Cumulatives (All) Report</i> and the <i>Payroll Final Control (PAY355CT) Report</i> from your last Payroll Run. See section Pre Year End Data Check .	
5	Run the Year End Cleardown; see section Year End Cleardown .	
6	Generate and check the <i>Year End Control Reports</i> ; see section Year End Control Reports .	

4.2. Final Employer Payment Summary (EPS)

4.2.1. Overview

At the end of the tax year, in addition to your final FPS, a Final Employer Payment Summary (EPS) submission is required. This informs HMRC that you have completed all submissions for the tax year.

4.2.2. Generate the Final EPS

To generate a Final EPS:

1. Go to *Update > Real Time Information (RTI)*.
2. Select **Generate RTI** from the *Generate/Transfer* drop-down menu.
3. Select **EPS** from the *File Type* drop-down menu.
4. Select **Final EPS** from the *EPS Type* drop-down menu.

The screenshot shows the 'Generate RTI Files' dialog box. It features a toolbar with icons for file operations and help. The main area contains three dropdown menus: 'Generate/Transfer' set to 'Generate RTI', 'File Type' set to 'EPS', and 'EPS Type' set to 'Final EPS'. To the right is a 'Live/Test Run' section with radio buttons for 'Live' (selected) and 'Test'. Below these are input fields for 'Company' (2113), 'Year' (2021), and 'Tax Month' (March). A yellow tooltip '2113 UK Year End' is visible next to the Company field. There is an 'EPS Parameters' button. At the bottom is a file path input field showing 'C:\Users\isabelle.grey\Desktop\Example_Document.xml' and a 'Browse' button. At the very bottom are 'OK' and 'Cancel' buttons.

5. Enter the **Company** in the *Company* field or click  to select a Company from the LOVs.
6. Enter the **tax year** to which the Final EPS relates.
7. Click **Browse** and select a location to save the Final EPS XML and CSV files.
8. Click **OK**.

4.2.3. Transfer the Final EPS

1. Once generated, select **Transfer RTI Files** from the *Generate/Transfer* drop-down menu.
2. Tick the **Transfer** box.
3. Click **Browse** to select the location of the Final EPS File.

4. Click **Transfer**.

The screenshot shows the 'Generate RTI Files' window. At the top, there are dropdown menus for 'Generate/Transfer' (set to 'Transfer RTI Files'), 'File Type' (set to 'EPS'), and 'EPS Type' (set to 'Final EPS'). Below these is a table with columns: Company, Description, Mode, Transfer, HMRC Rejected, HMRC Accepted, and Confirmed. The first row shows '1240' in the Company column and '1240 University UK' in the Description column. The Mode is 'Live'. The 'Transfer' checkbox is checked and highlighted with a red box. Below the table, there is a 'Transfer' button highlighted with a red box. At the bottom, there is a text field showing the file path 'C:\Users\brian.o'keeffe\OneDrive - CoreHR\Desktop\RTI\'. To the right of the text field is a 'Browse' button.

5. Ensure the Final EPS File has successfully transferred to HMRC.

The screenshot shows the 'Generate RTI Files' window after the transfer. The 'Transfer' checkbox is now unchecked. The 'HMRC Accepted' and 'Confirmed' checkboxes are both checked and highlighted with a red box. The 'Transfer' button is still highlighted with a red box. The file path and 'Browse' button remain the same.

4.3. Pre Year End Data Check

4.3.1. Overview

The purpose of the Pre Year End Data Check is to ensure that your Payroll System is in good order before completing the Year End Cleardown task.

Run the *Pre Year End Data Check Report*, reconcile it with the *Employee Cumulatives (All) Report* and the *Payroll Final Control (PAY355CT) Report* from your last Payroll Run.

4.3.2. Generate the Payroll Final Control Report

To generate the *Payroll Complete Update Report (PAY355CT)* from your last Payroll Run.

1. Go to *Update > Complete Update*.
2. Tick the **Print Control Report** box.

Complete Update

Please ensure that the PAY300 Update report and the PAY086 Pre-Final Update report have been fully checked for any possible errors.

4.3.3. Generate the Employee Cumulatives (All) Report

To generate the *Employee Cumulatives (All) (PAYB084B) Report*:

1. Go to *Reports > Employee Selection Criteria Report*.
2. Select **Employee Cumulatives (All)** from the *Report Name* drop-down menu.

3. Enter a **Pay Group** in the *Pay Group(s)* field or click  to select a Pay Group from the LOVs.

4. Select the **Print** button.

The report opens automatically to your default browser.

4.3.4. Generate the Pre Year End Cleardown Data Check

To generate the *Pre Year End Cleardown Data Check Report*:

1. Go to *Update > Advanced Update Features > UK Year End Update > Pre Year End Data Check*.
2. Select the report type **PAY, PAYE, NIC** from the drop-down *Report* menu.
3. Enter the **Company** in the *Company* field or click  to select a *Company* from the LOVs.
4. Click **Browse** and select a location to save the CSV file.

- Click **OK**.

Note:

These reports only provide details for *Employees* to which you have access.

The table below summarises the three reports generated:

Report Option	Outline	Purpose
PAY, PAYE, NIC Cumulative	This report lists the Employees' Cumulative: • PAY • PAYE • NIC This report splits PAY and PAYE into • Current Employment • Previous This Employer • Previous P45	Use for the usual end of year balancing, i.e., P60. It can be used for RTI FPS returns in terms of Pay, PAYE, and NI (See RTI User Guide).
Other Statutory All Employments	This report lists all <i>Statutory</i> and <i>Student Loan</i> details paid by <i>Employees</i> for the tax year.	It can be used for year to date totals of all statutory employment payments.
Other Statutory Current Employment	This report lists all <i>Statutory</i> and <i>Student Loan</i> details paid by <i>Employees</i> for their latest period of employment, i.e., rejoiners figures will only show the latest period of employment.	It is useful for end of year reconciling in terms of P60. It can be used going forward for RTI NORMAL FPS return.

4.3.5. Reconciling the Pre Year End Reports

Reconcile the *Pre Year End Data Check Report* back to the following reports:

- Employee Cumulatives (All) (PAY084B)
- Final Control Report (PAY355CT)

The *Pre Year End Data Check Report* needs to be reconciled with the *Final Control Report* for each Pay Group in the Company:

1. "Current Taxable" plus "Previous P45 Taxable" on the *Pre Year End Date Check Report* should equal "Taxable Pay" less "Pension" on the *Final Control Report*.

 Note:

The Taxable Pay figures on the *Pre Year End Data Check Report* are net of Pension. This is because year end returns such as P35s and P60s are always net of Pension.

2. "Current PAYE" plus "Previous P45 Taxable" on the *Pre Year End Data Check Report* should equal PAYE on the *Final Control Report*.

 Note:

The *Pre Year End Data Check Report* splits the Taxable Pay and PAYE figures into current and previous employment. In contrast, the *Employee Cumulative (All) Report* and *Final Control Report* combine the two figures.

3. "NIC EE All Employment" on the *Pre Year End Data Check Report* should equal the "NI Employee" on the *Final Control Report*.
4. "NIC ER All Employment" on the *Pre Year End Data Check Report* should equal the "NI Employer" on the *Final Control Report*.

 Note:

The *Pre Year End Data Check Report* can be checked at any point during the year. Some clients do this every few months as a health check.

4.3.7. Troubleshooting: Common Reasons why the Reports Don't Match

#	Reason	Description
1	Employee Moving Company	If during the tax year, one or more Employees transferred to another Company in your Payroll. Issue: If an Employee moves from "Company A" to "Company B" during the year; their cumulatives are not included in the <i>Employee Cumulatives (All) Report</i> or the <i>Final Control Report</i> for the old Pay Group. However, their cumulatives are still be included in the <i>Pre Year End Data Check Report</i> for the original Company, similar to what would happen on the old P35.
2	Manual or Cancel Payments processed.	Processing Cancel or Manual Payments after the Final Payroll Run is processed, and the <i>Final Control Report</i> has been generated, can cause reports not to balance.

#	Reason	Description
		 Issue: The <i>Complete Update Report</i> reflects the Employees' Cumulatives before the Cancel or Manual Payments were processed, where the <i>Pre Year End Data Check Report</i> reflects the Employees' Current Cumulatives.
3	Manually Adjusting Cumulatives	Adjusting the Employees' Cumulatives after the Final Payroll Run, and the <i>Final Control Report</i> has been generated can cause reports not to balance.  Issue: • The <i>Complete Update Report</i> reflects the Employees' cumulatives before the Employees' cumulatives were adjusted. • The <i>Pre Year End Data Check Report</i> reflects the <i>Employees'</i> current cumulatives.
4	Checking the reports in the middle of a payroll run	Checking the reports in the middle of a Payroll Run can cause the reports not to balance.  Issue: This check should be done at the end of a Payroll Run and before you start the next payroll run.

4.3.8. Pre Year End Taxable Pay Vs Post Year End Tax Taxable Pay

The *PAY, PAYE, NIC Report* lists all Employees who have net taxable pay for this tax year, with overall totals for current PAYE, NI, and Taxable Pay.

Note:

'Taxable Pay' on *Post Year End Reports*, including P60s, is always a whole number, i.e., no pence, see the table below.

Employee Reference	Pre-Year End Taxable Pay	Post Year End Taxable Pay	P60
001 – Joe Bloggs	10,000.78	10,000.00	10,000.00
002 – John Smith	10,000.25	10,000.00	10,000.00
003 – John Doe	10,000.40	10,000.00	10,000.00

Note:

Allowances must be made for this when reconciling total pay figures on *Pre Year End* and *Post Year End Reports*.

5. Year End Cleardown

5.1. What is the Year End Cleardown?

The Year End Cleardown task in Payroll completes the following tasks:

- Closes out the old tax year and moves the Payroll Company into a new tax year.
- Resets the Employees' cumulative figures.
- Moves the Employees' cumulative figures from the completed tax year to the '*End of Year*' table.
- Generates the Payroll Company Calendar for the next two years.

5.2. Running the Year End Cleardown

Do not run your Year End Cleardown until:

- All your Company's Pay Groups are completed for the current tax year.
- The RTI Files for the current tax year are successfully transferred to HMRC, including the Final EPS.
- The totals from the *Pre Year End Data Check Report* are balanced.
- All Statutory Payments Pay Codes are assigned as such.

To run the Year End Cleardown:

1. Go to *Update > Advanced Update Features > UK Year End Update > Year End Cleardown*.
2. Enter a **Company** in the *Company Ref.* field or click  to select a Company from the LOVs. All the Company's Pay Groups are displayed, along with their Pay Frequency and last completed Payroll Period.

3. Ensure all Pay Groups are completed for the current tax year.

Pay Group	Description	Status	Frequency	Period
1230	1230 University UK		M	202252
1239	1239 University UK		M	202252

4. Click **OK**.

The following message displays.

Note:

All Pay Groups in the selected Company are processed regardless of whether the user has access to the Pay Group.

5.3. Year End Control Reports

Go to *Update > Advanced Update Features > UK Year End Update*. The following three reports are available after the Year End Cleardown task completes:

- Employee Year End Pay Listing
- Print Year End Control Reports
- Year End NI Control Report

5.3.1. Generate the Employee Year End Pay Listing Report

The *Print Year End Control Report* can only be run after your Year End Cleardown completes. It provides an end of year pay listing for each Employee.

Note:

- If you have made amendments to an Employee's cumulative pay details, then the Employee's new cumulative pay figures will be reflected in this report.
- The information on this report is the basis for each Employee's P60.
- Only Employees to which you have access are included in the report.

To generate the *Print Year End Control Report*:

1. Go to *Update > Advanced Update Features > UK Year End Update > Print Employee Year End Pay Listing*.
2. Enter a **Company** in the *Company* field or click  to select a Company from the LOVs.

3. Enter the required **Tax Year**.
4. Click **Browse** and select a location to save the CSV file.
5. Click **OK**.

The PDF report opens in your default browser. The CSV report saves to the selected location.

5.3.2. Amend Employee's Cumulative Pay Details after the Year End Cleardown

To amend an Employee's Cumulative Pay Details after the Year End Cleardown:

1. Go to the *Update > Advanced Update Features > UK Year End Update > Maintain Year End Cumulative Details*.
2. Enter the **Employee Number** in the *Employee Reference* field or click  to select an Employee from the LOVs.
3. Click  to execute the query.

4. Make the required amendments.
5. Click **Save**.

Note:

- Amendments made here after the Year End Cleardown are reflected in the Employee's P60.
- Use the Cancel or Manual Payment option, to include amendments on the EYU or Previous Year FPS.

5.3.3. Generate the Year End Control Reports

To generate the *Year End Control Report*:

1. Go to *Update > Advanced Update Features > UK Year End Update > Print Year End Control Reports*.
2. Enter a **Company** or click  to select a Company from the LOVs.

3. Enter the required **tax year**.
4. Click **OK**.

The *Year End Control Report* generates in a PDF format to your default browser.

6. Post Year End Cleardown Tasks

6.1. Overview

This section outlines the following:

- The Post Year End Cleardown tasks to complete.
- The preloaded rate changes for the new tax year 2023/2024.
- The rate changes that require configuration for the new tax year 2023/2024.
- How to generate/print Employee P60s.

6.2. Post Year End Cleardown Checklist

Complete the following tasks after your Year End Cleardown, and before running the first Payroll of the new tax year:

Task	Action	Completed Y/N
1	Review the Payroll Company Calendar.	
2	Review the RTI Changes for the new tax year	
3	Review the NI Earnings Limits for 2023/24.	
4	Review the NI Rates EE for 2023/24.	
5	Review the NI Rates ER for 2023/24.	
6	Review UK / SRIT / Welsh PAYE Codes for the new tax year.	
7	Review the UK /SRIT / Welsh PAYE Code Overrides.	
8	Review the UK / SRIT / Welsh PAYE Rates for 2023/24.	
9	Review the new weekly rate for SSP.	
10	Review the Auto Enrolment Rates.	
11	Review the Pension Scheme Auto Enrolment rates for 2023/24.	
12	Review the Apprentice Levy Rates and configuration.	
13	Review your Company's eligibility for the Employment Allowance. If required, update the Company's Employment Allowance parameters.	
14	Enter the Current and Previous Year Statutory Rate / Emergency tax code.	
15	Review the Student Loan Plan Type 1, 2 and 4 thresholds.	

Task	Action	Completed Y/N
16	Review the Post Graduate Loan thresholds.	
17	Update the Council Tax Pay Code thresholds.	
18	Update the DEA / DEO Pay Code thresholds.	
19	Update the Scottish Arrestment Order Pay Code thresholds.	
20	Review the Max Redundancy Rate.

24	Review the RTI payment Pay Codes.	
25	Print P60s.	
26	Run your Payroll for the new tax year.	

6.3. Review the Company Calendar

Once the Year End Cleardown has completed, check the Company Payroll Calendar and the Offset Days on the Pay Groups linked to that Company. If a 53rd week is required, then the Company Calendar may need to be realigned.

To check the Payroll Calendar:

1. Go to *Reference > Payroll Calendar*.
2. Enter the **Company Number** in the *Company* field or click  to select a Company from the LOVs.
3. Press **Tab/Enter**.
4. Review the week end date on the calendar and the other key fields, such as the tax period and monthly indicator.
 - a. It is critical for RTI that any tax year return relates to a payment made in that tax year. Review the week end date on the calendar (considering offset days if applicable) to ensure the calendar is correct.
 - b. Monthly payrolls always pay the calendar month regardless of the week end date.

5. Add a 53rd, 54th, or 56th week if required – See section [6.3.2. How do I Insert Week 53 into the Payroll Calendar?](#) You can do this at any stage during the year.

6.3.1. Check Offset Pay Days

Once the Year End Cleardown is complete, review your Pay Group offset days. Use Offset Days to adjust a Pay Group's week end date if it differs from the week end date on the Company Payroll Calendar. The Offset Days may need to change if you add a week 53, 54, or 56 to the Company Payroll Calendar.

To check Offset Days:

1. Go to *Reference > Pay Groups*.
2. Enter a **Pay Group** in the *Pay Group Code* field or click  to select a Pay Group from the LOVs.
3. Click the  to execute the query.
4. Click the  to go to page 2.
5. If required, update the *Offset Days* field.

6. Click **Save**.

6.3.2. How do I Insert Week 53 into the Payroll Calendar?

1. Go to *Reference > Payroll Calendar*.
2. Enter a **Company Reference** and press **Tab/Enter**.
3. Review the week end dates for 202352 and first period in 2024.
4. To add an extra week, click .
5. On the same line enter in the week number, in the format YYYY53.
6. On the same line enter **Tax Period** and **Calendar Period**, in the format of YYYY12.
7. Enter the week end date of the payroll period.
8. *Production Week* should be the same as *Week Number*.
9. Set the monthly indicator against week 52, not against week 53.
10. To correct the dates for 2024, click **Build/Rebuild year**. The base year should be 2023.

The screenshot shows the 'Maintain Payroll Calendar' window. At the top is a toolbar with icons for navigation (up, down, left, right), saving, deleting, adding, printing, and help. Below the toolbar, the window title is 'Maintain Payroll Calendar'. There is a 'Company' field with the value '2' and a text field 'Customer Company (le)'. To the right of these fields are two buttons: 'Amend Dates' and 'Build/Rebuild Year'. The 'Build/Rebuild Year' button is highlighted with a red rectangle.

11. Review the calendar again, making sure the week end dates are correct for the next year.

6.4. Rate Changes – Preloaded

Note:

The back office reference screens in payroll have NOT been changed for the introduction of Veteran and Freeport NIC. This is as the rates are preloaded as part of the minor release and are held in the system however the reference screens are not required to be updated for employers to operate the new NIC Letters. If users wish to view the NI reference screens inclusive of the Veteran & Freeport NIC changes, they should refer to the portal user guide.

4. Click **Save**.

6.5.2. Employment Allowance

The Employment Allowance (EA) allows businesses and charities to reduce their Employer's Class 1 NIC liability by up to £5,000 per tax year.

The EA is only available to businesses and charities with an Employer's Class 1 NIC liability of below £100,000 in the preceding tax year.

The EA is considered a form of de minimis state aid. There is a ceiling on how much state aid any Organisation can receive under the de minimis rules. For most businesses, this ceiling will be €200,000 over a three-year rolling period (different levels apply to agriculture, fisheries, road transport, and industrial sectors).

Note:

If claiming the EA, it is your responsibility to check:

- Your Secondary Class 1 NICs liability for the previous tax year was less than £100,000.
- You have space to accommodate the full £5,000 within your relevant three-year ceiling, regardless of how much EA you claim each year, if you receive any other form of *de minimis* state aid.

You are restricted from claiming the EA if:

1. You are the Director and the only Employee paid above the 'Secondary Threshold'.
2. You employ someone for personal, household, or domestic work – unless they are a care or support worker.
3. You are a public body or business doing more than half your work in the public sector – unless you are a charity.
4. You are a Service Company working under 'IR35 rules' and your only income is the Intermediary's earnings (such as your Personal Service Company, Limited Company, or Partnership).

User Action 1:

Review your Organisation's eligibility for claiming the EA and update the System Parameter.

Review and update the EA entitlement indicator in Payroll, to ensure HMRC are accurately informed regarding the claim:

1. Go to *Reference > Maintain Statutory Pay Parameters*.
2. Click **RTI**.

3. Review the EA figure currently being claimed.

4. Select **Company Allowance** from the *Select Detail* menu.
5. Select **Yes** for each company you want to claim the EA.

Company	Description	Employee Allowance	Employer Sector for State Aid Rule
1237	Irish Year End 2019 University		
1238	UK YE 2020 University		
1239	1239 University UK	Yes	State Aid Rules Do Not Apply
1240	1240 University UK	Yes	State Aid Rules Do Not Apply
1242	1242 Irish		
1326	Unit Test Company 7274		
1406	LARGE COMPANY & CO	Yes	State Aid Rules Do Not Apply

1417	UK YE 2020 1417 DS	Yes	State Aid Rules Do Not Apply
1418	UK YE 2020 1418 DS	Yes	Road Transport

! User Action 2:

- If claiming the EA, you must confirm if your organisation is competing in one of the outlined 'Employer Sectors for State Aid Rules'.
- HMRC require this as de minimis State aid rules apply if you are involved in economic activity, which means you are putting goods or services on the market. The EA is classed as de minimis state aid, and therefore, you must provide the employer sector, if these rules apply to you.

6. Select one of the following employment sectors, if applicable, from the *Employer Sector for State Aid Rule* drop-down menu.
 - The employer is in the Agriculture Sector.
 - The employer is in the Fisheries and Aquaculture Sector.
 - The employer is in the Road Transport Sector.
 - The employer is in the Industrial/Other Sector.
 - State Aid Rules Do Not Apply.
7. Click **Save**.

8. **Edit** the Pay Code and click the **Deductions** tab.

9. Untick the **Net Earnings** indicator.

10. **Save** the Pay Code.

6.5.10. Scottish Arrestment Order Rates

The Scottish Minister for Public Finance, Planning and Community Wealth has written to the Economy and Fair Work Committee to outline his plans to bring forward proposals to update the earnings arrestment tables from 6th April 2023.

These tables were last updated in April 2022 and are normally updated every three years.

However, given the current rate of inflation and current cost crisis, the Scottish Government is keen to conduct a further updating of the tables now to provide some additional financial resilience to those subject to an earnings arrestment.

TABLE A: DEDUCTIONS FROM WEEKLY EARNINGS

Net earnings	Deduction*
Not exceeding £150.94	Nil
Exceeding £150.94 but not exceeding £545.57	£4 or 19% of earnings exceeding £150.94, whichever is the greater
Exceeding £545.57 but not exceeding £820.21	£74.98 plus 23% of earnings exceeding £545.57
Exceeding £820.21	£138.15 plus 50% of earnings exceeding £820.21

TABLE B: DEDUCTIONS FROM MONTHLY EARNINGS

Net Earnings	Deduction*
Not exceeding £655.83	Nil
Exceeding £655.83 but not exceeding £2,370.49	£15.00 or 19% of earnings exceeding £655.83, whichever is the greater
Exceeding £2,370.49 but not exceeding £3,563.83	£325.79 plus 23% of earnings exceeding £2,370.49
Exceeding £3,563.83	£600.25 plus 50% of earnings exceeding £3,563.83

Customers are required to review any Scottish Arrestment Order pay codes on the system and set up the required Rates for 2023/24 against them.

**Note:**

It is the customer's responsibility to confirm and configure the correct rates for the new tax year for each Scottish Arrestment Order Pay Code used.

To do this:

1. Go to *Reference > Pay Codes*.
2. Enter the Scottish Arrestment Order **Pay Code** or click  to select the Pay Code from the LOVs.
3. Click the **Deductions** tab.
4. Tick the **Nett Earnings** indicator.
5. Click the **Scales** button.

6. Update the rates as required for the new tax year.
7. **Save** the Pay Code.

6.5.11. Maximum Redundancy Rate

Customers are required to review the Maximum Redundancy Rates for the new tax year.

Note:

It is the customer's responsibility to confirm and configure the correct rates for the new tax year.

To do this:

1. Go to *Reference > Maintain Statutory Pay Parameters*.
2. Go to the *Redundancy* section.

Note:

The screenshot below is for illustrative purposes only.

6.5.12. Auto Enrolment LEL / UEL Thresholds

Note:

The below Auto Enrolment LEL / UEL thresholds apply for the 2023/24 tax year.

Annual Threshold	2023/24
QEB Lower Limit	£6,240 (LEL)
QEB Upper Limit	£50,270 (UEL)
Earnings Trigger	£10,000

Customers are required to review and update any Pension Scheme Rates for the new tax year. This includes:

- LEL / UEL thresholds.
- Banded Scheme Type Tiered Rates.

To do this:

- Go to *Reference > Pension Schemes*.
- Enter the **Pension Scheme Code** in the *Pension Code* field or click  to select from the LOVs.
- Click  to move to page 2.
- Click the **LEL / UEL** button to update if required.

5. Update the *Annual LEL* and *Annual UEL* as required.
6. Click **Save**.

6.5.13. Employee Global Update of Tax Codes

Use a global update of Tax Codes to increment Tax Codes across the system.

Note:

- Perform this update before loading tax certs from HMRC. Doing this after loading tax certs would result in increasing the tax certs received by HMRC.
- Ensure you complete this step, as it's possible not all Employees will be included on P9 files.

Before doing this:

1. Go to *Update > Utilities > System Configuration > General*.
2. Review the **Dormant Employee on Tax Certs** indicator.

Indicator Status	Description
Enabled	Dormant employees will have their tax details updated.
Disabled	Dormant employees will not have their tax details updated.

Once you have reviewed the *Dormant Employee on Tax Certs* indicator, you can now update the tax certificates globally for Employees on the Payroll System. A global update applies to all Employees.

Review and update based on the following for 2023/24 tax code changes.

<u>Tax Codes</u>	<u>Adjustment</u>
Emergency Tax Code	1257L
L Suffix Uplift	N/A due to no change in the Personal Allowance
M Suffix Uplift	N/A due to no change in the Personal Allowance
N Suffix Uplift	N/A due to no change in the Personal Allowance

To perform a global update of Tax Codes:

1. Go to *Update > Advance Update Features > UK Year End Update > Update Employee Tax Codes*.
2. Enter the **Company Code** in the *Company* field or click  to select from the LOVs.
3. Enter the **Tax Code Letter** for which you want to uplift, i.e., Add 'L' in the Letter field for 'L' suffix updates.
4. Enter 'S' to uplift a suffix or enter 'P' to uplift a prefix.
 - As Tax Code Letter 'L' is a suffix, enter 'S'.
5. The *Update Employee Tax Codes* field defaults to 'A' for all employees.

 Note:

To update Employee Tax Codes based on region:

Select on option from the drop-down *Update Employee Tax Codes* menu. i.e.

- a. 'S' = Scottish only
- b. 'C' = Welsh only
- c. 'E' = English only

As the 2023/24 tax year Tax Code Uplift has no change for any region, there is no need to update by region.

6. Enter the **Adjustment** value for the 'L' suffix adjustment.
7. Enter a **Date Effective**.
8. Click **OK**.

The *Employees Updated with New Tax Codes* pdf report generates to your default browser.

6.5.14. Minimum Wage Increases

From April 2023, National Minimum and Living Wage is increasing.

Note:

It is the customer's responsibility to review and update the affected Pay Scales/Personal Rates.

Current rates

These rates are for the National Living Wage (for those aged 23 and over) and the National Minimum Wage (for those of at least school leaving age). The rates change on 1 April every year.

	23 and over	21 to 22	18 to 20	Under 18	Apprentice
April 2022 (current rate)	£9.50	£9.18	£6.83	£4.81	£4.81
April 2023	£10.42	£10.18	£7.49	£5.28	£5.28

Note:

The London Living Wage will be £11.95 from 2023. Only one living wage can be set on the system so where the London Living Wage is to be applied in checks this is the rate that should be added by users.

6.5.15. HR Admin Wage Warning

For customers using the *HR Admin Wage Warning* or the *Payroll Minimum Wage Validation* report, you should update the Wage Warning Setup to include the new rates.

To do this:

1. Go to *People Management Dashboard > Data Centre*.
2. Click **View All**.
3. Search for and click on the **Wage Warning Setup** tile.

The screenshot shows the 'Wage Warning Setup' page. At the top, there's a breadcrumb trail: 'People Management > View All > Wage Warning Setup'. Below this, there are three tabs: 'Minimum Wage' (selected), 'Living Wage', and 'Apprentice Wage'. Under the 'Minimum Wage' tab, there's a section for 'National Minimum Wage Warning' with a green 'Active' toggle switch. To the right of this is a blue 'ADD' button. Below the toggle, there's a search bar with a magnifying glass icon. Further down, there are four columns: 'Date Effective', 'Age From', 'Hourly Rate', and 'Country Code'. The main content area is empty, displaying a message: 'NOTHING TO SEE HERE EXCEPT THIS FLAG' with a small flag icon. At the bottom, there's a logo for 'access PeopleXD'.

4. Add new rates to the relevant tabs:
 - a. Minimum Wage
 - b. Living Wage
 - c. Apprentice Wage
5. Click **Save**.

6.6. RTI Payment Pay Codes

There is a requirement within RTI to be able to report on certain types of payments.

To ensure the correct reporting requirements:

1. Go to *Reference > Maintain Statutory Pay Parameters > RTI*
2. Select **Drawdown Payment Pay Codes** from the *Select Detail* menu.

2. Click **Release Portal P60**.
3. Enter a **Company** or click  to select the from the LOVs.

The image shows a Windows-style dialog box titled "Release Portal P60s". Inside the dialog, there is a section titled "Release Options". This section contains three input fields: "Company", "Employee", and "Year". The "Company" field has the text "1239" entered, and a dropdown menu is open showing "1239 University UK". The "Employee" field is empty, and the "Year" field is also empty. To the right of each input field is a small blue square icon with a white question mark. At the bottom of the dialog, there are two buttons: "OK" and "Cancel".

4. Enter the Tax Year, i.e., 2022.
5. Click **OK**.

8. Key Reminders

8.1. Payrolling Car Benefits

Note:

If intending to Payroll Benefits (including Car BIK), then you must register your intention to do so with HMRC **prior** to the start of the new tax year.

The following configuration steps are required if you intend to Payroll Car Benefits for the first time.

8.1.1. Configure RTI Parameters

By default, car details are **NOT** returned via Payroll. If you intend to Payroll Car Benefits, you must enable the *Return Car Details From Payroll* indicator.

To do this:

1. Go to *Reference > Maintain Statutory Pay Parameters > RTI*.

2. Enable the **Return Car Details from Payroll** indicator if you want to return the Car BIK details via Payroll.

3. Enter a **Car Audit Start Date**. This defaults to the start of the tax year but may be overwritten. Any changes to the Car BIK on or after this date is reported to HMRC via the RTI FPS.
4. Enable the **Car Portal Admin Centre** if you use the *Car Portal Admin Centre* for Payrolling Car Benefits.
5. Confirm the BIK pay codes used for Payrolling Benefits. To do this:
 - a. Go to *Reference > Maintain Statutory Pay Parameters > RTI > Drawdown Payment Pay Codes*.
 - b. Tick the **BIK Vehicle Pay Code** indicator to identify the BIK Car Pay Codes.

- Here you can set the *Apprentice Levy Threshold* and *Apprentice Levy Pay Code* for each Company in your Organisation.

Company	Override Apprentice Levy Rate	Apprentice Levy Threshold	Apprentice Levy Pay Code
UK University		15000.00	9905
2113 UK Year End		15000.00	9905

Parameter	Description
Override Apprentice Levy Rates	This field is a rate different from the system level rate (currently 0.5%) to be used at a Company Level. For the 2023/24 tax year, this can be left null.
Apprentice Levy Thresholds (e.g. £15,000)	This field is the threshold that you wish to allocate to that individual Company. - This is a manual process. In the case of connected companies, you may have to split the threshold. - Once you decide how you wish to allocate the threshold, update these fields.
Apprentice Levy Pay code	This is an Apprentice Levy Output Pay Code – null by default. - If populated with a Pay Code, the system will cost the Apprentice Levy during the Payroll Validation task and output against this Pay Code. Note: If populated with a Pay Code, then the system applies the Apprentice Levy at an Employee Level during each pay run and outputs against this Pay Code. - There is no statutory basis on which to calculate the Apprentice Levy at an Employee Level. If you decide to enable this option, you need to review the sections below.

8.2.2. Review GL Matrix

Review and update your GL Matrix if you intend to payroll the Apprentice Levy at the Employee Level. The set up required differs depending on the classification that you use in your matrix.

Note:

For further information on how to configure your GL Matrix, see user guide [Integration with the Financial Management System](#).

To review your GL Matrix:

1. Go to *Reference > Advanced Reference Features > Reference D-J > GL Parameters*.
