Pay Planner

Use PeopleXD Pay Planner.

By Onyema and 1 other • 14 articles

Pay Planner overview

Learn how to get started with Pay Planner.

Review compensation decisions

Run an impact analysis, review and adjust managers' compensation decisions, and finalise the admin review stage to move your cycle to communication.

Bonus plans in Pay Planner

Configure the bonus calculation formula for your compensation cycles.

Create a compensation cycle

Set up a new compensation cycle for your organisation.

Close a compensation cycle

Configure pay letters before wrapping up your compensation cycle and exporting compensation data for upload to your PeopleXD system.

Complete compensation allocation tasks

Review compensation allocation decisions for each employee, then accept or adjust the recommendations before submitting them for manager review.

Assign access to Pay Planner

Assign access to Pay Planner functionality.

Set up data access

Customise the data that a user can access in Pay Planner.

Menu options for access to Pay Planner screens

Menu options required for users to access pay planner functionality and data.

Add exchange rates to support conversions

Add exchange rates in PeopleXD to support conversion from your default currency to another currency in Pay Planner.

Set up budget segmentation

Control budget allocation across your organisation with segmentation, and choose the best budgeting method for your compensation cycle.

Configure your pay philosophy

Set up how your organisation approaches employee compensation.

Monitor and review compensation decisions

Monitor all compensation allocation tasks in the cycle, move the cycle to the Review stage, and evaluate proposed decisions.

Integrate performance data with Pay Planner

Integrate your performance information into your Pay Planner solution from PeopleXD.
